

Schoolgirl 1221

Chapter 1221: Three of Them Came. An Hun's Head

If Berserk Dragon who was ranked third on the secret agent chart was a terrifying presence, any one among the four An Hun Group commanders could take the top three spots of the secret agent chart.

This meant that Lin Wei's ability was enough for him to be treated equally or even better than Berserk Dragon in the world!

There was another obvious point. Berserk Dragon was also trained by Lin Wei seeing that the latter had trained Yun Jian.

Berserk Dragon was more or less surprised when he saw Lin Wei here but did not say much after recovering from the astonishment. As for Lin Wei, he only nodded lightly at Berserk Dragon without saying a word.

In comparison among the four An Hun Group commanders, Lin Wei was the colder one with fewest words, not uttering a word if he could keep quiet.

If they were ranked according to their austere character, the second one would be Mo Sen who was reliable and mature in dealing with things.

"Hey, man, met a student of yours huh!" Snow Eagle slung an arm around Lin Wei's shoulder as he came closer to him to tease jokingly.

"Let go," Lin Wei spoke with an icy expression.

It caused Snow Eagle to quickly slide his arm off Lin Wei's shoulder.

Among the four commanders, Lin Wei was the best in ability while Snow Eagle was the best in looks. Too bad the latter had a long scar around his neck that took some points away from his good looks, so women usually stayed away in fear when they saw him, not having it in them to see if he was handsome.

When Ning Xia and others saw Si Yi and the commanders who came up later, they grew even more doubtful. Why did these people look like they were some big shots?

"Zhou Island, tomorrow. I have things to talk to you about," Yun Jian suddenly told Berserk Dragon just when the atmosphere dipped to a low point.

Berserk Dragon looked decent, so Si Yi tightened his hold on Yun Jian's hand when she spoke.

Berserk Dragon did not even hesitate to answer, "No problem."

If he did not agree to this young woman's invitation, he was sure that this girl would ransack his lair and bomb it into ruins.

"Let's go," Yun Jian said as she turned around with her hand still being held by Si Yi.

Qing You and Yun Yi had already untied Ning Xia and her friends in an unspoken agreement.

The weaponry dealing would still go on but the boss doing the business with Berserk Dragon dared not stop Yun Jian and her group from leaving. He watched them walk away until Si Yi, holding Yun Jian's hand, disappeared from his field of vision.

Lin Wei and the commanders followed while Yun Yi and Qing You, as well as Ning Xia and friends, left the beach together. No one cared about the group of thugs.

It was until Yun Jian and group left that Berserk Dragon breathed a soft sigh of relief.

"They're allowed to leave just like this?" the boss asked suddenly and quickly covered his mouth once he realized his mistake.

Nonetheless, Berserk Dragon managed to hear what the man said. He glanced at the latter like he was looking at a fool and snorted at him, "Fool, haven't you recognized them? The three men next to that man are three of the four An Hun Group commanders. They're all here except Ya Dang!"

"Three out of four commanders are here! And all three of them are guarding that man. What does it mean? You fool can mull over it properly!"

Realization struck the boss after what Berserk Dragon said. By the time the cogs in the boss' brain were done turning, the remaining group of people choked while the boss himself gasped, "That guy i-is..."

He automatically lowered his volume in fear and exclaimed almost inaudibly, "The head of An Hun Group?!"

Chapter 1222: Gege, Carry Me. Have a Baby

"Better shut your mouth tight. That man's business is not what you can talk about or you wouldn't even know how you died!" Berserk Dragon snapped at the boss with a frown when he saw how curious the latter was.

No one was aware that Berserk Dragon's heart clenched when he spoke, he even looked a little grim. Even when he was Berserk Dragon, he was incredibly fearful.

That man was absolutely the most terrifying person in the world!

If he or the boss dared leak even a word about him today, they would never see the next sunrise!

Taking in Berserk Dragon's grim expression, the boss was shocked and quickly clamped his mouth shut.

...

On the other end, Si Yi held Yun Jian's hand as they walked in front followed by Lin Wei, Snow Eagle and Mo Sen. Yun Yi and Qing You walked shoulder to shoulder while Ning Xia and the two other guys trailed behind them still looking quite frightened.

It was until they left the beach that Xu Liao looked at Yun Jian who walked in front, his gaze dropping to Si Yi holding her hand. He stayed quiet for two seconds before asking Yun Jian, "W-who are those people just now? How could they f-fire... a g-gun so openly..."

Xu Liao was friends with Ning Xia and Hu Qirui. They were all university students and had never ever seen anything like that just now, so they were evidently terrified. Ning Xia and Hu Qirui had encountered something similar in Hasa Village but when they saw the shocking scene just now, fear had still bubbled from the bottom of their heart.

Yun Jian took two steps forward before suddenly stopping and turning around slightly; her hand was still held onto by Si Yi as she asked with a smile, "You want to know? You can go back and check it out."

She then ignored Xu Liao's trembling self as she held Si Yi's hand and continued going forward.

When they came to a junction, Yun Yi let Yun Jian know before taking Qing You away to shop. Yun Jian nodded at that and Yun Yi went off with Qing You.

"Heh, young madam, that's your sister-in-law?" Snow Eagle wrapped an arm around Mo Sen's shoulder as he asked Yun Jian. The sister-in-law he referred to was none other than Qing You.

Qing You was quite well known internationally, so it was not surprising that Snow Eagle knew her.

"Mn, she is," Yun Jian replied.

The few of them then headed to a shopping paradise nearby.

They had planned to spend some time here but instead, had ran into what happened just now because Ning Xia was eager to take Yun Jian and group to the beach.

Ning City was huge but the biggest shopping paradise that was the closest to Ning Xia's place was here. That was also why they bumped into Qin Yirou, Mrs. Yang and Ning Xia's mother who were shopping before they even made a round in the mall.

Qin Yirou had Duan Li and Duan Ya's hands in hers while little Yun Zhu walked alone; in his classmate, Xiao Hui's words, he was a man and a man ought to walk himself.

The moment Yun Zhu saw Yun Jian, though, the manliness he had kept up vanished thoroughly.

"Jiejie! Jiejie! Si Yi-gege!" Yun Zhu ran toward Yun Jian.

When Yun Jian saw Yun Zhu, she let go of Si Yi's hand and crouched down with her arms spread, thinking that the boy would throw himself into her embrace. Unexpectedly, Yun Zhu went around her and clung to Si Yi's leg.

"Si Yi-gege! Carry me!"

Yun Jian who was ready to hug Yun Zhu felt the corner of her lips twitch as she stood up discreetly.

"..."

Si Yi who stood next to Yun Jian and saw her awkward state wore a smile on his perfect face, his gaze brimming with fondness. He crouched down in the next second and picked Yun Zhu up coolly.

Ning Xia's mother who stood farther away and watched Si Yi, who carried Yun Zhu, and Yun Jian could not help telling Qin Yirou, "These two kids make such a good match! Yirou, you should encourage them to have a baby earlier so you can help take care of it.. You wouldn't be bored at home this way."

Chapter 1223: Have Some Fun at a Club Nearby

Ning Xia's parents came from a village. They excelled in their studies when they were young and became government workers when they grew up, thus having the standard of living they had now.

Even when their living condition was not on the same level as it used to be in the past, Ning Xia's mother still had more of a village person's mindset.

People from villages got married in their teens. Even if they did not get their marriage certificates, they would host a feast in the village and get married first then apply for the marriage certificate when they were legal to do it.

Usually, village girls who were 16 or 17 years old were already mothers of one-year-olds.

That was why Ning Xia's mother could not help herself from saying those things when she saw how well Yun Jian and Si Yi matched each other.

Yun Jian blushed pinker when she heard what Ning Xia's mother said but it was like Si Yi was afraid of others not knowing his relationship with Yun Jian as he smirked slightly and naturally said something that would easily make others misunderstand in the next second, "I'll work hard toward it."

With that said, even if Ning Xia's mother did not mean what she said, everyone there thought that something had already happened between Si Yi and Yun Jian.

"Cough—cough!" Snow Eagle could not help coughing before he turned around to save himself from laughing out loud. He did not see it wrongly this time. His young master did say something as shameless as that just now! Was the guy still his young master?

Lin Wei and Mo Sen felt the corners of their lips twitch as well.

Qin Yirou hoped the same inwardly, so she was pleased after hearing what was said. Moreover, she scanned around to see that Yun Yi was not with them; otherwise, she felt that it was necessary for her to remind her son that he ought to let her get a grandson or granddaughter sooner.

Flushed, Yun Jian who stood beside Si Yi pinched his waist softly to punish him for the nonsense.

Si Yi was not even pained and his smile only grew wider. His Xiao Jian could only be his!

As for the rings from the wedding pact on Yun Jian and Si Yi's fingers, everyone noticed them. When Qin Yirou asked about it, Yun Jian said that Si Yi had bought it for her. The woman chuckled behind her palm at that and praised Si Yi, "You're putting more effort into it now!"

...

Shortly after shopping in the afternoon, they went back to Ning Xia's house. Ning Xia bid goodbye to Hu Qirui and Xu Liao at the same time.

After dinner, Snow Eagle asked Ning Xia if they had a club in Ning City.

The reason Snow Eagle and Lin Wei were here today was because Si Yi had given them time off to travel. To the both of them, they considered Country Z a paradise for vacation.

Snow Eagle thought that he should hang around a club since he had finally gotten to relax himself.

Ning Xia took two seconds to think about it before clapping her hands. "We do! Royal Club that's nearby—its business is super good every night!"

Snow Eagle hurried to Yun Jian and told her, "Young madam, we finally get to come on a vacation. Why don't we have some fun at the nearby club tonight?"

Snow Eagle was usually quite prim and proper when he dealt with international big shots but he was rather playful privately. The reason he did not go to Si Yi but ran over to Yun Jian was because he knew that as long as he managed to convince Yun Jian, his young master would definitely follow along like a puppy.

If Si Yi were to find out that Snow Eagle had called him a puppy in his mind, Si Yi would probably shipped him off to the Amazon Rainforest tonight.

"Club?" Yun Jian arched a brow before smiling and agreeing, "Sure."

Chapter 1224: Going to the Club. The Eve Before a Storm

Snow Eagle knew that their young master would definitely follow along after he heard what Yun Jian said. He laughed easily looking at ease while Yun Jian slightly and unnoticeably squinted.

There were big and small clubs and the few clubs that Yun Jian had been to since her rebirth were not large in scale.

Ning Xia had said that this Royal Club was a franchised club in Country Z and was quite famous nationally. Yun Jian had unintentionally overheard some guys talking about it in school previously too but she had always been less than interested.

Now that Snow Eagle brought it up, she thought she would join in the fun.

When Qin Yirou heard that the kids wanted to go to the club at night, she could not help reminding them, "That kind of places aren't quite safe. It's fine that you guys are going but don't simply accept drinks offered by strangers!"

"There were news previously about a club being investigated by the police as the girls in there were all doing sex work. After questioning and investigation by the police, however, the girls were found to be captured and drugged when they went to the club for some fun and were forced to do it!"

"Keep your guard up when you go to places like that and don't be deceived!"

Qin Yirou was worried about Yun Jian and others going to the club, somewhere that sounded dodgy just by hearing the name of it. As a mother, her worry was normal. No matter how skilled her daughter Yun Jian was, she would still fret over her. It was simply how parents were.

“Mn, mom, I know,” Yun Jian replied with a smile in order not to keep Qin Yirou anxious.

“Si Yi-gege! Me and Chessie and Xiao Ya want to go too!” Little Yun Zhu shook his head. He did not know what a club was but he wanted to go along when he heard that Yun Jian and his Si Yi-gege were going.

“Kids aren’t allowed to go to places like that. There are police officers there. If you guys follow along, you’ll be captured and thrown into jail!”

Qin Yirou lied to Yun Zhu and carried the boy back from Si Yi.

“Mama Qin, w-will there be police officers to catch us?” Duan Li was actually frightened as she asked with a gulp.

Before she received Qin Yirou’s answer, she ran to grab Yun Zhu who was already placed on the floor by the woman and told him, “Let’s not go anymore. I’m scared...”

“Okay! I won’t go if Chessie says not to go!” Yun Zhu declared righteously with a pat on his chest.

“Alright, go ahead now. Come back earlier and remember to keep in touch all the time,” Qin Yirou said and added the last reminder as she was still worried about Yun Jian.

It was just that she had never been a mother who liked intervening with her daughter’s business. She would always stand behind Yun Jian and Yun Yi in silence and show concern for them without interrupting them.

“Mn, mom!” Yun Jian nodded.

They then headed out to Royal Club.

Yun Yi and Qing You did not go, so it was only Yun Jian, Si Yi, Snow Eagle, Mo Sen and Lin Wei, as well as Ning Xia. The latter was going to lead the way but she had never been to a club before either.

At Royal Club’s entrance, Yun Jian and her company entered respectively. Once they were inside, they were distracted by the noise on the club’s dancefloor.

There was a hot woman who was dancing suggestively against a pole on the dancefloor while a bunch of men were cheering and shouting in a frenzy.

“Let’s get a booth. It’s too noisy here,” Snow Eagle suggested languidly, completely unfazed by the woman who was dancing her heart out in the dancefloor.

Si Yi had kept his eyes on Yun Jian since he went through the door, so he had not even glanced at the dancing woman on the dancefloor..

Chapter 1225: Madam Hong’s Ploy. A Booth

There was a scowling old woman who was plump and wrinkly sitting by a decorated low table beside the dancefloor. A meek middle-aged man was seated across her and they looked like they were discussing something.

It was obvious that the old woman was obviously higher in status than the fidgeting middle-aged man.

Since the pretty girl with a hot figure was twisting and swaying her body passionately on the dancefloor, presenting her exposed body to the men before her, it caused them to scream and cheer.

The noise on the dancefloor and the cheering from the men allowed the old woman and the meek middle-aged man who were hidden at the corner to fearlessly and loudly talk about a less than appropriate topic.

The middle-aged man glanced at the old woman timidly and wanted to break the silence first, speaking up, "Madam Hong, you—"

This old woman who was in her forties, probably nearing fifties, and addressed as Madam Hong stood up with a slap on the table before the man could finish. She pointed at the girl, who was dancing and attracting the men's attention on the dancefloor, and sneered at the middle-aged man, "This is all you've got? How long ago was this? There needs to be a change! It's no wonder our business has gone to the newly opened Heaven On Earth recently!"

Madam Hong looked furious while the middle-aged man opposite of her startled before lowering his voice to tell her, "There are a few new girls in our shop recently, all virgins. See if you want to send them to the bosses, Madam Hong?"

"Those? Can you f*cking get me something different?" Madam Hong talked about the girls like she was not looking at them as human beings but goods.

Just as she said that, though, her attention was caught by a slender figure who just came in from the entrance. The newcomer might not look as sensual and alluring as the dancing girl on the dancefloor but she could captivate one in just one glance—even Madam Hong who was also a woman was mesmerized when she looked at her.

For a moment, she forgot all about berating the middle-aged man as she walked toward the unbelievably fresh and delicate face like she had lost her soul.

Yun Jian, Si Yi, Snow Eagle and others had just come in through the entrance. Yun Jian agreed promptly when she heard that Snow Eagle suggested to get a booth.

The man was actually here today for a purpose. He had asked an international big shot who had just arrived in Ning City here impromptu with the plan to collaborate.

Snow Eagle was An Hun Group's commander to meet and talk to its partners. It was true that he finally had some time off for a vacation now but he still had to take care of what he had to do during his vacation.

Snow Eagle's plan was to get a booth so his young madam and Ning Xia could settle there while he

Chapter 1226: Tea Served, Tea Drank Together

As Madam Hong spoke, it was as if she was afraid that Yun Jian would misunderstand that she had an ulterior motive, so she pursed her garishly bright red lips and continued to add with a smile, "Haha, so I'm the person-in-charge of Royal Club. You can call me Madam Hong. It seems to me that it's your first time here?"

"I think this dancefloor in front is too noisy and doesn't suit you guys since you're all so young. Do you want a booth? I can take you there."

Madam Hong asked and flashed a smile she assumed to be very cordial but she was actually thinking, Follow me to the booth. We'll get things done there easier!

Yun Jian squinted. She was skeptical about Madam Hong's uninvited approach but on the outside, it did not look like she suspected the latter at all.

This made Madam Hong think that the girl had taken the bait.

*Thank you, Madam Hong! It's my first time here. We'll follow you to the booth then? Ning Xia was naive; she had never been to places like this and thought that Madam Hong was really here to help them out of kindness.

"Sure, sure. I'll have the server at the counter lead you!" In order not to rouse suspicion from Yun Jian and her company, Madam Hong would not personally lead the way for them.

She gestured to the server at counter after what she said. When she did, she had her back against Yun Jian and group, so they did not see her winking at the server since they were standing behind her.

Shortly, the server brought Yun Jian and group to the booth As Madam Hong watched them disappear taking the turn to go behind the dancefloor, she instantly dropped her smile as well as her kind and friendly expression she had been wearing since just now.

"Madam Hong!" the middle-aged man who was talking to the woman just now called her as he came over. "I've asked them to be brought over. Send a few more people there. That girl's an absolute gem! Train her for a few years and she'll definitely be the most popular girl in Royal Club!" Madam Hong wore an unnerving smile.

"Got it!" the middle-aged man replied and paused before he asked Madam Hong the doubt he had, "Madam Hong, the girl went in holding the guy's hand just now. They're obviously a couple. Would the girl no longer be a virgin? Will she still be worth anything when she's not a virgin anymore?"

"Look at her. She'd be sold at a good price even when she's not a virgin. Hurry up and go get ready. I want to make it big this time!" Madam Hong yelled in a hushed voice as she kicked the middle-aged man.

The man quickly answered with a series of "yes" and ran off.

After Yun Jian and others entered the booth, Snow Eagle pleaded Si Yi to go meet the international big shot with him. Mo Sen and Lin Wei who watched from the side cracked a grin occasionally.

Initially, Si Yi was adamant not to go, refusing to budge even when Snow Eagle had begged him for over ten minutes.

Then Yun Jian said, "Go and check it out with them. I'll wait for you here." Yun Jian's words felt like a balm in Si Yi's ears and made him feel inexplicably pleased.

"Okay," he agreed right away and walked out with a hand in his pants pocket.

Snow Eagle had mixed feelings about it. He had been with his young master for so long but it did not even come close to a sentence from his young madam! Who had he offended? He would go to his young madam if he had any favor to ask for next time!

As Snow Eagle thought about it, he got up to follow Si Yi and went out with Lin Wei and Mo Sen. After the three of them and Si Yi left, a server came in with a pot of free tea. When he left, he did not shut the door fully, leaving a tiny gap. Yun Jian could clearly feel someone watching her and Ning Xia from the outside through the thin gap. She pretended like she did not notice it, pouring and drinking the tea together with Ning Xia.

Chapter 1227: We're Doomed. Shut Up

Once they drank it, Ning Xia felt dizzy. When she looked at Yun Jian, she realized that Yun Jian had gone from being one person to having two silhouettes and then three..

“Yun Jian, why are there so many you?” Ning Xia shook her head but felt it swimming. She felt herself getting weak too.

“Me too. Yun Jian felt the gaze from outside the door grow more piercing. She swayed a little before collapsing on the couch first.

Ning Xia was suddenly afraid when she saw Yun Jian passing out. She quickly ran to her and shook her. “Yun Jian, Yun Jian, what’s wrong? Don’t scare me. What’s happening? Why do I feel dizzier.

Ning Xia fell silent after the last word. Her head lolled and she dropped to the floor limply.

Madam Hong who had been crouching by the door and watching for some time pushed the door and entered directly. Afraid that Yun Jian and Ning Xia had yet to fully pass out, Madam Hong dashed to them and shook them, asking in feigned anxiousness, “Wake up! Wake up! Girls, what happened to you?”

To make sure that Yun Jian and Ning Xia had completely fainted, Madam Hong had even tickled their stomach and underarm. Regular people were usually sensitive at these two spots.

Once Madam Hong tickled them and did not receive any reaction, she dropped the nervous pretense and yelled at the door, “Come in.”

Two women came in at once and transferred Yun Jian and Ning Xia elsewhere. Madam Hong usually got the women to do things, like moving the unconscious Yun Jian and Ning Xia to somewhere else, mostly to not attract attention from

others.

Drip-drop... Drip-drop.. Drip-drop..

It was the sound of water dripping in a dark underground room where the sun could not be seen. There was a leakage somewhere in this basement that a large patch of its floor was wet from the dripping droplets.

Yun Jian had woken up a long time ago. Perhaps, it should be rephrased. She had never been unconscious since she “passed out”. She was currently tied tightly by a hemp rope.

She had looked around just now and could precisely tell that this was not in Royal Club. It was a basement but it was not under Royal Club.

There were many teenage girls who were tied around Yun Jian as well. At first glance, there were at least 20 of them.

With her back against Yun Jian’s was Ning Xia who had yet to wake up for now. “Wu-wu-wu.” Not too far away, a girl around Yun Jian’s age was crying shakily.

There was another girl who was horrified by the scene greeting her and kept asking, “Where is this? Are we.. abducted? Will we die? Sob..”

There were more than 20 teenage girls here. Some of them were still unconscious but those who had woken up were all sobbing currently.

A girl who had been abducted here for a long time did not cry but told them glumly, “We’re doomed. A few prettier girls who were abducted were sold. They’ll sell us too!”

The girls in the basement cried harder at the news.

Yun Jian frowned hearing the sniffs and sobs. She was not nervous but she was annoyed by the girls crying, so she snapped icily the next second, “shut up!”

Once the words left her lips, all the girls in the basement clamped their mouth shut..

Chapter 1228: Crying Girls in the Basement

The girls there were only around teenage. They were all very young, right in the flower of their youth. It was pretty obvious that these girls were like Yun Jian and Ning Xia, drugged and abducted here by people like Madam Hong using similar tactics.

Among the girls who were abducted, there was only one who could be as calm as Yun Jian, remaining unaffected when everyone around was sobbing and crying, and could even snap a “shut up”.

What was apparent was that many of them had no idea what was going on.

They were simply terrified by the eerie basement they were in, especially when they were tied up with ropes. It looked exactly like what a kidnapping was said to be like.

Furthermore, the girls grew even more afraid when the girl who had been here for some time said that a few pretty girls who were previously abducted were sold.

Yun Jian’s curt holler at this time basically shocked everyone around her. Even the girl who was sobbing forced her sob back down her throat in fear.

As the surrounding quieted down, Yun Jian closed her eyes. She was well aware of her situation.

The girls who were abducted were attractive. The one who looked the worst would still be recognized instantly if she were to walk in a crowd.

Since these people dared abduct her, they would have to pay the price.

Yun Jian wore a cold smirk in the dark. Since she ran into an illegal exploitation like this, then...

Who knew how long it had been but the cries and sobs had stopped now while the girls who were awake began to talk to each other. From their conversations, Yun Jian could still discern the deep fear within them.

“I’ve been here for half a month,” a girl spoke in despair.

She paused for two seconds as her voice turned slightly shaky and her throat went hoarse, sounding like she would break down in tears anytime. “I got

drugged and I'm here when I woke up."

The few girls who were with me-they were sold. This isn't a place for humans. They feed us like we're animals and-and sold them.. let men ruin them. -we... we'd be sold off like that too.."

The girl could not help sobbing again toward the end. The girls were frightened by what this girl said; in addition to the dingy basement they were in, they began crying again. A few of them were trembling and could hardly move or turn around.

Yun Jian furrowed her brows slightly before her closed eyes flew open in the next second. If the basement had been brightly lit, the girls would have been intimidated by her piercing gaze.

After Yun Jian opened her eyes, the door to the basement opened suddenly. She had already sensed that someone was coming.

As a ray of dim yellow light spilled in, an old fat woman wearing a red qipao walked in cocking her hips. Then came a few middle-aged men who were dressed smartly like they were successful businessmen. Right after them were a few strong, muscly men.

As the light in the basement was suddenly turned on, the group of girls who had not been seeing anything bright for a long time struggled to keep their eyes opened.

Madam Hong sashayed her way to Yun Jían, scaring the girls who were restrained around the latter to shrink into themselves. Despite that, Madam Hong came right to Yun Jian with the entourage.

She suddenly gave way and reverently told the well-dressed middle-aged man who stood in front with a finger at Yun Jian, "Have a look. This girl is trulya rare treat!

"It's not just her complexion.. Lookat her beauty... and her figure... Tsk, Im sure this girl is more mesmerizing than any woman you've slept with before! Most importantly, she's probably still a virgin!"

Chapter 1229: In Madam Hong's Hands. Not Afraid of Dying

Madam Hong and the middle-aged man before this were just suspecting if Yun Jian was a virgin but she claimed that the latter was one when she introduced her to this man who looked like a successful businessman.

There was only one reason for her to do that. She hoped to sell Yun Jian at a good price.

To Madam Hong, she called these girls who were drugged and abducted "goods". She and her people did not treat these girls as human beings at all.

Honestly, the girls who were abducted here had people watching them even if they wanted to commit suicide. They did not even have the right to choose death as they were thoroughly controlled; they could only become puppets for Madam Hong and others to make money as well as for the men to keep under their lap and have fun with.

This was the dark side of Royal Club. It was also the main method the club made profit to maintain its livelihood.

When a woman like Madam Hong could not help being captivated by Yun Jian, what was more, the middle-aged man? This middle-aged man's last name was Jia and people called him Boss Jia.

Boss Jia was a typical millionaire. He had investment in Ning City's nautical businesses and was connected to foreign tycoons. His family assets amounted to more than tens of millions!

Those who had over tens of millions in assets in 1999 were honorably called millionaires.

One would already possess certain amount of influence in a place like Ning City when they were one of such millionaires. What was more, this was Boss Jia. One could consider Boss Jia a notable big shot in Ning City with his achievements.

It was someone like this that the outsiders would never have imagined to be a regular customer of Royal Club's underground sex trafficking.

Strictly speaking, Boss Jia was a pedophile because he was already in his fifties—nearing his sixties. He colored his hair shiny and oily but he was bald in the center. Excessive flesh hung off him and he looked extremely ugly.

Looking at Yun Jian who had a flawlessly delicate and fresh face, Boss Jia almost drooled.

"pretty! Beautiful! Gorgeous!" Boss Jia wiped the drool dripping out the corner of his mouth with his greasy hand and praised aloud, keeping his eyes on Yun Jian and rubbing his hands together.

"What do you think? Are you happy with her, Boss Jia?" Madam Hong winked at Boss Jia and asked with a chuckle.

"Yes! Yes, of course. I'm very happy!" Boss Jia's eyes never left Yun Jian.

Yun Jian did not move while the girls who were tied around her dared not make a sound as long as they were not involved.

“Madam Hong, name your price.” Boss Jia rubbed his hands together fervently as he stared at Yun Jian, wanting nothing more than to pounce at her.

Madam Hong smirked. “500 thousand yuan!”

“What?! 500 thousand yuan? A woman and you priced her 500 thousand?” Boss Jia exclaimed after being startled.

“Heh, you saw her too. She’s supple and delicate. You know well in your mind if she’s worth 500 thousand yuan! If you don’t want her, I can turn her to Boss Yang...”

Boss Yang who Madam Hong mentioned was Boss Jia’s nemesis. Once she mentioned it, Boss Jia got competitive. “Deal, deal! 500 thousand yuan it is!”

“Hah!” A snort sounded when Madam Hong and Boss Jia were bargaining the price seriously.

Everyone turned to the source seeing that someone could actually laugh during such perilous moment only to see the goods, “Yun Jian”, looking fearless. She was the one who snorted just now.

“W-what... are you laughing at?” Madam Hong questioned, alarmed by Yun Jian’s unnerving laughter.

Yun Jian replied with an unaffected chuckle, “Instead of bargaining my value here, why don’t you tell me how you’d like to die?”

Everyone was stunned at her words. Yun Jian was the one at a disadvantage now. Why was she unafraid and was threatening Madam Hong and Boss Jia instead?

It was not just Madam Hong and Boss Jia who froze in shock, the timid girls in the basement were bewildered as well.

Yun Jian had snapped at them in the beginning and they had thought that she was just annoyed with them but she dared fight back at Madam Hong.. Did she not know that she was in Madam Hong’s hands? Was she not scared of dying?

Chapter 1230: The Military Special Forces

The girls in the basement broke out in cold sweat for Yun Jian. What the latter said was suicidal!

‘As expected, Madam Hong and Boss Jia were astonished after Yun Jian spoke. After that, Boss Jia looked at Yun Jian a little dazedly with another dribble of drool.

“The beauty is still so beautiful when she’s angry. Heh, captivating!”

Boss Jia ogled at Yun Jian even more brazenly as he spoke and simply ignored what Yun Jian said to talk to Madam Hong, “Madam Hong, since I’m spending so much to buy this beauty and she’ll be mine sooner or later, I should be able to test my goods now, yeah?”

Madam Hong nodded in approval right away. “Of course, Boss Jia. She’s going to be yours soon. Do whatever you want. Even if you want to f*ck her right in front of everyone, we hold no objection!”

Madam Hong was truly shameless as she let any crude word roll off her tongue.

Boss Jia felt his blood rush south right after what the woman said and cackled loudly. "Haha, you're still as easygoing, Madam Hong. Then I'll..."

'As Boss Jia spoke, he went toward Yun Jian with his greasy hands outstretched.

Yun Jian who was tied looked like she could not budge while the rope had coincidentally dug into her breasts when it tied her up. It put Yun Jian's voluptuous body fully on display.

Even Madam Hong herself was enchanted by Yun Jian's figure and looks.

Boss Jia had gotten in front of Yun Jian now with his filthy hands less than a meter away from her. He felt an itch as he stared at her ample bosoms and wanted to hold them in his hands.

'When he was half a meter away from Yun Jian, though, he saw the girl who had been tied securely stand up.

The rope that had tied her up taut was loosened like the broken string of a kite.

Boss Jia's hands that were still outstretched paused at the same time. Everyone's gaze gradually tensed up from its relaxed state earlier.

"You! How did you free yourself!" The first person to scream was Madam Hong.

She glared at Yun Jian in terror after she screeched, like she had seen a ghost. She had personally tied Yun Jian and Ning Xia up when the two of them were sent here.

Forget a girl, even a burly man could only dream about freeing himself from the bondage of the rope!

However, Yun Jian's abrupt release from the rope sent chills down Madam Hong. She was not the only one frightened, Boss Jia and the other girls shuddered from Yun Jian's action.

How did she free herself from the rope? When did she untie it?

"Madam Hong... This..." Boss Jia had just wanted to ask Madam Hong what was going on as he took two steps back warily when Yun Jian charged for him.

"W-what do you want?" Boss Jia retreated frantically.

He had just taken two steps back when Yun Jian had already sprang up using one foot on the floor. The next second, she launched a kick furiously on Boss Jia's stomach that made the man fly and crash against the basement wall before he fell to the floor with a spasm.

Yun Jian smirked as she stabilized herself. Coldly watching the group who panicked instantly and was baffled by her kick, she spoke casually crossing her arms, "Oh, right. I forgot to tell you guys. I'm an Advanced Special Forces soldier."

It was not just the girls, even Madam Hong straightened up as she gaped at Yun Jian. The others reacted similarly by staring at her blankly.

"W-what? You're an A-Advanced Special Forces soldier from the military?!" Madam Hong asked in shock; she would not have believed it prior to this but Yun Jian's skill convinced her..
