

## Schoolgirl 1471

### Chapter 1471: A Brother's Rage—The Domineering Yun Yi

People were surprised since no one expected Yun Jian to hit Lu Lanhua. After all, it was unfilial for a granddaughter to hit her grandmother. In the villager's saying, an aggressive young girl like this would not be able to marry herself off!

An older woman who saw Yun Jian slapping Lu Lanhua to the ground ran over to help the latter up while she admonished Yun Jian, "Oh dear! What kind of a granddaughter is this? It's fine that you've chased your grandmother out of the house in public, you slapped her?! Look, oh dear, her denture fell off!"

The older woman said as she helped Lu Lanhua up. The woman honestly thought that Lu Lanhua was speaking the truth, so she stood up for her and rebuked Yun Jian.

In addition to what Lu Lanhua had said, everyone found Yun Jian to be on the wrong no matter how they saw it.

"Grandma, this is the last time I'm calling you grandma seeing that you've been decent to me in the past. Yes, you've been nice to me! But ask yourself for real, have you treated my mom and my sister as well?!"

Just when Lu Lanhua was twisting the truth and accusing Qin Yirou and Yun Jian, Yun Yi spoke up, unable to hold it in any longer.

The other gossiping women who were speaking up for Lu Lanhua halted abruptly and looked at Yun Yi only for him to continue saying, "Dad's legs were fine when my mom divorced him, right? Those two houses back home are built through my mum's saving from working hard for over a decade. My mom didn't even ask for a penny and left with my sister and I when they divorced."

"Dad's been gambling for over ten years and every time he came back, he stole mom's hard-earned savings to return to the casino. When has he ever cared for us? When has he ever cared for mom?"

"When school just started last year, dad gambled, lost and borrowed from the loan shark. Those men came all the way home and even thought of assaulting my sister. Where were you then? Where was dad?"

"My mom's been putting up with all that she can but what did dad do with the money he won from gambling? He had an affair and gave his mistress all the money at home!"

"My mom's never done dad any wrong! He's the one who did this to himself! He's a gambling addict and it serves him right getting his legs broken!"

Yun Yi yelled his last sentence with a complicated expression and his fists clenched. He did not want to badmouth Yun Gang since that was his father after all, but he genuinely could not hold back anymore under such circumstances.

It was Qin Yirou's birthday today yet Lu Lanhua chose this day to kick up a fuss. What was it if not intentional?

The gossiping women went silent hearing what Yun Yi said. It was only then Yun Yi looked at Lu Lanhua and shouted at her furiously, "That slap from my sister... If it'd been me, I wanted nothing more than to stab you to death! It wouldn't be just a slap! My mom's toiled her life for the Yun Family but what did she get in return?!"

"How did you used to treat my mom and sister back then? Now that sh\*t happens and we're doing better, you're trying to take advantage of us, is that so? I'll have you know that my mom and my sister are under my wings! You can forget about picking a fight!"

Yun Yi's fists were cracking ominously when he spoke. It was rage that only those who went through it could show.

The crowd was baffled, especially the gossipers who criticized Yun Jian just now. Even Lu Lanhua was speechless.

No one expected Yun Yi who had been docile and polite with excellent grades to say that in his attempt to protect Qin Yirou and Yun Jian. Yun Jian herself was surprised that her brother actually had this side to him.

#### **Chapter 1472: I'll Spend Every Birthday With You**

Yun Yi sounded a little extreme but the crowd understood the truth now. Lu Lanhua was a horrible mother-in-law. She mistreated her daughter-in-law, Qin Yirou, in the past and now that she saw the latter remarry herself with a better life and successful children, she was shameless enough to come and ask for money.

She was one shameless old hag!

The gossiping women there were women who had fought their mothers-in-law before. For the average women, the mother and daughter-in-law relationship was a challenge unless the mother-in-law was a graceful and benevolent woman. That was why they hated unreasonable mothers-in-law.

The moment Lu Lanhua's image as a horrible mother-in-law materialized, the crowd pointed fingers and threw criticisms at her. The gossiping women rushed back to their homes to retrieve an assortment of vegetables and eggs to throw them at Lu Lanhua.

The older woman who helped Lu Lanhua up just now let go of her hold on the latter directly upon hearing what Yun Yi said. That was not all. She shoved Lu Lanhua to the ground again and scolded her, "Oh, great! The b\*tch is actually you! I was just wondering why'd Qin Yirou become who you described out of the blue when she's been nothing but nice! Old hag, piss off! Get out of here! You're extraordinarily shameless, you know that? How dare you come here and ask Qin Yirou for money?!"

"Get out of here, old hag! Get out of our residential area! You don't deserve to be in here!"

...

Insults and scolding like this went on but the real horror was that these gossipers ran home to bring their vegetables and eggs out to throw them at Lu Lanhua.

“Fine! Just you wait! You’re all trash! Scums of the society! You’re attacking an old woman here! I’ll sue you and see you in the police station!”

Lu Lanhua scrambled up from the ground, wiping away the vegetables and eggs on her face while aggressively shouting back at Yun Jian, Yun Yi and the women who were throwing things at her.

She had never been the kind of old woman who bowed down in admitting that she had been wrong, and she was infamous for being a fiery, stubborn woman in Xinjiang Town.

Of course Lu Lanhua would not press charges against them in the police station. She was only saying that as an excuse to flee.

She fled as she cursed them, incorrigible and absolutely abhorring.

When Lu Lanhua was far enough, the others including the women who criticized Qin Yirou earlier came over to apologize to Yun Jian before they left.

Not too long after the crowd dissipated, Qin Yirou came back through the gate.

Yun Jian and Yun Yi went to her when they saw her.

“Xiao Jian, Xiao Yi, what... happened here?” Qin Yirou asked curiously seeing the vegetables and cracked eggs on the ground.

“A mouse wanted to steal things but it got thrashed. Mom, let’s go home.” Yun Jian came up with an excuse for the “battleground” just now as she tugged Qin Yirou’s hand and walked toward their house.

Qin Yirou who had long forgotten that it was her birthday today nodded and followed Yun Jian home. The moment she stepped inside, she saw the spread of dishes on the dining table. It was so lavish that a banquet could be hosted.

She was stunned when she saw it and turned to ask Yun Jian, “Xiao Jian, what day is it today?”

“It’s your birthday, mom,” Yun Jian smiled and said, “Happy birthday, mom!”

That took Qin Yirou aback.

It was then Ge Junjian carried the cake out from the kitchen and told Qin Yirou, “Darling, happy birthday! This is the first birthday I’m celebrating with you and I’ll spend every birthday after this with you too!”

Realization struck Qin Yirou. Her daughter and husband had given her the cold shoulder in the morning because they were preparing this huge surprise for her! Her eyes were rimmed red immediately.

### **Chapter 1473: Pinned Against the Bed, Three Days and Nights**

“Mama Qin, happy birthday!” While Qin Yirou’s eyes were teary, Yun Zhu, Duan Li and Duan Ya dashed down from upstairs respectively, each holding a balloon with happy birthday stuck on it.

With Yun Zhu leading the group, the three of them thrust the balloons with scrawny scribbles on them into Qin Yirou's hand. The handwriting stuck on the balloon said "Happy Birthday".

"Mama Qin, the presents are in the balloons, hehe! I'm the one who thought of this gifting method!" Yun Zhu shook his head as he, Duan Li and Duan Ya passed their presents that were in the balloons to Qin Yirou.

The three of them had been cooped up in their room since morning, refusing to come downstairs for lunch even. Qin Yirou found it strange as the trio had usually been very good kids. Why were they acting up today and refusing to have lunch no matter how she called for them?

The reality was that the three of them had been preparing her presents since the morning for the surprise now.

"Thank you, my babies." Qin Yirou nearly teared up from how moved she was as she bent down to kiss each of the children's forehead and gripped the presents tightly.

"Mom, this is from me." Yun Jian passed her securely wrapped present to Qin Yirou as well. She had never picked out a present herself and wrapped it so nicely to gift it to someone before. Of course, that excluded the few clothing items that she had bought Si Yi before.

Yun Jian glanced at Si Yi who was coming downstairs. He wore a top that was so faded from washes and was close to wearing out. She had bought him the top. Since he had worn it, he rotated it with another top that she had bought him too and had never changed into other articles of clothing except for these two.

Yun Jian was looking at the clothes Si Yi wore and not at the young man, but Si Yi who turned to look over wore a conspiring smirk when he saw Yun Jian leaning over to where he was and went to her.

Even when he was wearing cheap clothes that was almost faded, it did nothing to mute his handsomeness.

Si Yi came over and held Yun Jian's hand, leading her to the dining table.

When everyone got seated, dinner began. The meal was extremely delicious with Ge Junjian cooking. He was a military man but he had things he was good in—cooking being one of those, so the dishes he made were scrumptious.

There were fish, shrimps and crabs for dinner; it was a lavish spread.

When all the dishes were cleaned up, the family spent time watching the television in the living room together.

Yun Jian had just come home from buying some snacks with Qin Yirou. Just as she sat on the empty spot on the couch, she saw Si Yi sitting across her. In the past, Si Yi would have moved himself to Yun Jian when he saw that she was sitting opposite of him, but that was not the case today.

While she mulled over it, Yun Zhu ran over and stuffed a small piece of paper in Yun Jian's hand, telling her mysteriously, "Jiejie, Si Yi-gege gave this to you!"

He ran over to Si Yi in exchange for three lollipops and enjoyed the candies with Duan Li and Duan Ya.

Yun Jian felt like her younger brother had just sold her out. Pressing her lips together, she did not give it much thought as she opened the piece of note Si Yi had asked Yun Zhu to pass to her.

“Xiao Jian, what note are you all passing around? Let me have a look,” Qin Yirou asked with a smile when she spotted the note in Yun Jian’s hand.

“It’s nothing, mom,” Yun Jian answered as she unfolded the paper.

When she saw Si Yi’s handwriting on the paper, though, she flushed scarlet. There was only one line written on it—“Xiao Jian, one day, I’ll pin you against the bed and make sure you can’t get down for three days and three nights.”

#### **Chapter 1474: Yun Zhu Wants to Expose the Affair**

Yun Jian was impossibly red reading the words, especially when she thought of Qin Yirou asking her to show the note Si Yi had passed.

“Mom, I’m going to use the washroom.” Yun Jian fled.

“Hey, the note...” Qin Yirou actually wanted to see what Si Yi had written to her daughter but Yun Jian did not give her the chance to as she hurried up to the washroom on the second floor.

She went back to her room for the bathroom. Ge Junjian’s house was a mansion, so each bedroom was attached with its own bathroom. The fact that Yun Jian had gone back to her bedroom to use the bathroom was obvious to others that something must be going on. After all, there were washrooms on the first floor too.

As soon as Yun Jian said that, Si Yi stood up from the couch and went after Yun Jian, giving himself a blatant excuse—“I’m going to get changed.”

If Snow Eagle who was on the couch was not scared of Si Yi throwing him to the Amazon rainforest, he would have gotten up to point out the obvious. “Young master, you’ve just changed into the clothes young madam bought you and you’re changing again now?”

Bullsh\*t! Getting changed was a big fat lie! Liar!

It was just an excuse. He must be going to young madam!

Everyone in the living room could see it and they knew that Si Yi was just lying through his teeth but no one exposed him.

...

Just as Yun Jian ran upstairs holding the note Si Yi wrote that made her burn red, she was going to close the door to her room when a large, muscular hand held the door. She looked up to see Si Yi’s unreal gorgeous face.

“Don’t come in. I’m using the toilet.” Yun Jian did not want to see Si Yi now, so she tried to brush him off with an excuse. She did not even need to use the toilet. She just did not want to see him at such an awkward timing.

“I’ll wait for you in the room then.” Si Yi slipped into the room and closed the door without waiting for Yun Jian to answer.

Despite what he said, he knew that Yun Jian did not need to use the bathroom at all. That was why he hugged her from the back once she turned around and came in, pinning her against the bed with her chest down and buttocks toward him.

Yun Jian was caught unaware. By the time she was able to react, a certain part of Si Yi was already pressing against her buttocks.

“Get up! I want to use the bathroom!” Yun Jian struggled but Si Yi kept his hold around her waist.

His groping hand hugged Yun Jian from her back and shifted upward until he cupped two soft mounds.

“Xiao Jian, don’t move. I just want to hug you...” Si Yi dipped his head and breathed the words out between his thin lips next to Yun Jian’s ear.

Well then, Yun Jian let him do it. It was not the first time either. It was just that Yun Jian could feel the groping hand push her bra up before it hold her mound and give it a light squeeze.

“Mmh... Let go. If you don’t, I’ll...”

Yun Jian turned to nudge Si Yi.

It was then three whispering voices came from the hallway.

“Si Yi-gege must’ve gone to have an affair with jiejie. We need to catch them. Teacher says that those who have an affair will be handed to the police if they’re caught!” Yun Zhu spoke confidently.

“We mustn’t let them get away then!” Duan Li said next.

Yun Jian did not dare let out a louder breath hearing the children’s footsteps but she tried pushing Si Yi away and making him stand up. As she did, her hand went low since she could not lift it up.

The shoving caused her hand to suddenly glide past somewhere erected of Si Yi. That spot actually grew a size larger as it prodded her bottom.

When Yun Jian felt it, she went red like a tomato as her cheeks burned.

### **Chapter 1475: Come Over, Something Happened to Cancan**

What was worse was that with something so awkward happening, Yun Zhu, Duan Li and Duan Ya were already standing at the door outside of Yun Jian’s bedroom.

Yun Jian could not even make a sound. If she said anything now, the three kids would definitely hear her.

Si Yi’s breaths grew heavy. A young man like him had no sexual experience yet; he had never even touched a woman’s hand in the past. Now that the woman he loved was lying right before him, he might as well turn into a woman too if he could hold himself back. He stretched his arm and hugged Yun Jian from the side.

It was then Yun Zhu who stood outside of the bedroom spoke again, "I'm sure Si Yi-gege is in jiejie's room. Are we barging in to catch them now or wait for them to come out themselves?"

"I always see police rushing in when they catch someone. Should we charge in too?" Duan Li suggested.

"This is rude. Teacher says that we can't be so rude!" Duan Ya spoke up seriously and loudly like she was reading off a book.

Yun Zhu and Duan Li at least had spoken very softly. They knew that they needed to be soft or Yun Jian and Si Yi would hear them. However, Duan Ya was still young and spoke aloud without a care.

The moment Duan Ya said that, Duan Li covered her mouth in haste and warned her softly, "Shh! Shh! Don't be so loud! Jiejie and Si Yi-gege can hear you in the room!"

Actually, Yun Jian and Si Yi had long heard them. Even when the children were being very soft, both of them could still hear the noises.

Yun Jian was a little speechless hearing how the three kids outside of the room talk as if she and Si Yi were really having an affair behind everyone's back.

...

Yun Zhu, Duan Li and Duan Ya stayed outside of the room for over ten minutes—exactly how long Si Yi and Yun Jian maintained the position from just now as well.

Si Yi who was aroused by Yun Jian earlier had completely calmed down then.

If the three kids had not been guarding outside the door, he was not going to care if Qin Yirou, Ge Junjian and others who were downstairs had yet to sleep—he would take Yun Jian right there and then, unable to hold back, when she accidentally stroked his member just now.

The note that he had given Yun Jian just now was the best proof of his desire!

Qin Yirou was heard calling out at the bedroom door then, "Xiao Zhu, why are the three of you standing here? We bought the snacks for you. Hurry downstairs and have them!"

"Hehehe, got it, Mama Qin!" Yun Zhu, Duan Li and Duan Ya acted like they were exposed for doing something naughty as they fought each other to rush downstairs trying to be as stealthy as possible.

Children were innocent and naïve like this.

Over ten minutes later, Yun Jian and Si Yi tidied their clothes to look presentable. Yun Jian checked herself repeatedly, afraid that her appearance would give something away when she went downstairs.

While she went downstairs, Snow Eagle forcefully grabbed Si Luo's hand where the latter kept her hands to herself a little timidly but he caught them and stopped her from moving about.

Who knew how badly Snow Eagle had treated Si Luo these days as the latter dared not fight back at all now. She sat still with a pout and tugged her hands but they were ultimately grabbed by Snow Eagle.

Snow Eagle who saw Yun Jian and Si Yi come downstairs asked subconsciously, "Eh? Why did you both take half an hour to use the bathroom and change clothes?"

The moment the words left his lips, he regretted it—he seemed to have asked the wrong thing!

When Snow Eagle looked up, he was right as he saw Si Yi scowling while he held Yun Jian's hand.

Before Si Yi said anything, Snow Eagle tried to say something else to alleviate the awkwardness, "Uh... the weather is great, haha."

It was already dark outside. Snow Eagle had only realized that after he said it. He could only chuckle dryly and add, "The day, I mean the weather was great in the day today, cough."

As soon as he said that, Yun Jian's phone rang. She pulled it out of her pants pocket for a glance. It was a landline. Yun Jian did not know a lot of people; there was only one person who could call her without a cellphone thus showing the fixed line—Lu Feiyan.

Yun Jian frowned slightly and pressed the answer button right away, hearing Lu Feiyan's voice on the line.

There was a sob in Lu Feiyan's voice as she told Yun Jian in a panicky tone, "Xiao Jian, can you come over? I'm in school now. Something happened to Cancan, I don't know what to do..."

#### **Chapter 1476: Give It to Me. Si Yi's Dirty Thoughts**

Something had happened to Wang Cancan. This was Lu Feiyan's friend and it supposedly had nothing to do with Yun Jian, so Lu Feiyan had not wanted to trouble the latter but she had no other solution. She usually stayed in the school for the weekends now and had no friend or family there.

It was late in the night and there were six to seven of her classmates who boarded in school in the weekends instead of going home too but none was willing to help when Lu Feiyan pleaded them one by one. Helpless, she could only call Yun Jian with the school's landline.

It was important. If Wang Cancan was not saved, her whole life would be ruined.

Lu Feiyan knew that Yun Jian was capable and that she could protect herself, so she called her for help.

When Yun Jian heard that it was Wang Cancan who got into trouble, the girl's friendly manner to her immediately flashed in her mind.

For one, when she hung out with Lu Feiyan and Wang Cancan, Wang Cancan did not ignore Yun Jian simply because she knew Lu Feiyan; Yun Jian would usually feel the most awkward and be the easiest to be overlooked in a trio setting like this. Yet Wang Cancan did not do that to her.

Most importantly, Qin Yirou liked the present that Wang Cancan had helped Yun Jian pick for her a lot. She had tried the apron on just now and said that she would definitely wear it to work the next day.

Yun Jian had never picked a gift for others like this, so the credit was Wang Cancan's that Qin Yirou liked Yun Jian's present.

Wang Cancan had been attentive when she chose the gift. In order to find something that would delight Qin Yirou, she had even asked about the woman's hobby, occupation and whatnot. It was after a lot of

mulling and analyzing that she made the conclusion and opted to buy an apron because it was practical as Qin Yirou could use it for work.

Yun Jian had told Wang Cancan that she owed her a favor and that she would help her as long as it was within her ability. It was now time to do Wang Cancan that favor. Yun Jian was going over.

“Wait for me in school, I’ll be there right away.”

“Mn!” Lu Feiyan nodded with a sob, seemingly terrified judging by her voice.

Hanging up, Yun Jian turned to glance at Si Yi then at Qin Yirou, telling them, “I’m going out for a while.”

She got up to leave with that.

“I’ll go with you,” Si Yi said and wanted to follow her.

Yun Jian had already made her way to the door by now while Si Yi went after her, both of them standing at the door where Qin Yirou and others could not see.

“I’m meeting up with my friend. It’s an emergency. Wait for me at home,” Yun Jian told Si Yi.

“I’ll go with you,” Si Yi repeated like a child.

Suddenly, Yun Jian got closer to Si Yi and stood on her tiptoes to kiss him on the lips. It was an incredibly short one but that seemed to appease Si Yi from insisting to go.

“Give me the key. I’ll be back soon.” Yun Jian’s Ferrari was already repaired from the crash last time but she had yet to bring it back from the workshop, so she could only ask to borrow Si Yi’s car.

“I’ll give it to you if you let me feel you again when you come back.” Si Yi held the car key and made the shameless request.

Yun Jian winced but since it was an emergency, she agreed to the shameless request shyly. “Mn, give it to me now...”

What she said left a lot to Si Yi’s imagination.

Yun Jian got the key to Si Yi’s Lamborghini then and jogged over to hop into the sports car, driving off to Lu Feiyan’s school.

### **Chapter 1477: No One Leaves, All of You Die**

When Yun Jian drove to Lu Feiyan’s school, she saw the latter already waiting for her nearby. Lu Feiyan’s delicate little face was all scrunched up.

The girl was still like how she had been—there was no way she would sit and watch if something happened to her friend.

Back when Yun Jian was reborn, the first person who helped her in the washroom in Xinjiang Town was Lu Feiyan. The one bullying Yun Jian then was Lin Mengyu, the daughter of Xinjiang Town Junior High School’s principal. Despite that, Lu Feiyan was not scared of offending Lin Mengyu, helping Yun Jian even when it would implicate her.

Lu Feiyan's character was what Yun Jian liked about her as a friend.

"Get in," Yun Jian said bringing the window down.

Lu Feiyan did not think twice about Yun Jian being able to drive since she was worried sick about Wang Cancan, telling Yun Jian once she got into the car, "Xiao Jian, something happened to Cancan. She called me with the excuse of using the toilet half an hour ago and said that Senior Duan Ming wanted to take her to the hotel. She didn't want to but Senior Duan Ming said that they won't do anything after getting the room, so she went along with it."

"I didn't think much about it because Senior Duan Ming has been quite decent in school but I called Cancan after that and realized that I couldn't get through to her! And just now, one of the girls boarding in school said that Duan Ming comes from a poor family and he's frequently abducted girls deceiving them with his good looks."

"He'd abduct the girls in school to hotels and contact delinquents to sell the girls' first time..."

"It's said that those girls were assaulted by over ten men a night and the reason they didn't dare expose this later on is because those men force fed the girls drugs and made them addicts."

"Some of the girls were goody two shoes who were proper and chaste but because they got addicted to drugs, they even went to wh\*re themselves in nightclubs."

"My classmate told me that there's a girl in our school who takes up to five customers a night because of this..."

...

Lu Feiyan was already growing scared when she spoke. She also resented drug dealers. They were one of the worst people in the world as all they cared about was making profit while destroying families in every way they could.

"Scums of the society like them deserve nothing but death," Yun Jian said before she stepped on the accelerator and sped to the hotel that Lu Feiyan mentioned.

It was fortunate that Wang Cancan had told Lu Feiyan about the hotel she and Senior Duan Ming were getting a room in. It was Nex Sun Hotel.

As soon as Yun Jian and Lu Feiyan arrived, they asked the reception for Wang Cancan's room and went straight ahead for Room 319.

At the corner of the far east on the third floor...

There were about a dozen people who looked like they were together standing by the staircase and elevator at the east end on the third floor. Outside of the room, Duan Ming was crouching on the floor hugging his head, obviously having done something bad.

"We won't forget what you should get after the deal is done." A man on the side patted Duan Ming's head as he showered some cash from the top of Duan Ming's head like he was barely a person.

“Brother Xiong, how long has Mao Dou’er been in? When will he be done? The rest of us can’t wait any longer!” one of the guy asked the man who threw money at Duan Ming as he tugged on his pants.

“What are you in a hurry for? He’s just got in!”

Two silhouettes flashed by the end of the staircase just as the man spoke.

Yun Jian and Lu Feiyan heard what the man said and were certain that Wang Cancan was in the room.

“Wang Cancan’s inside?” Yun Jian asked in passing as she walked toward the room.

“Who are you?!” The man raised his voice to ask when he realized that Yun Jian knew Wang Cancan.

“You have one second to consider it. Hand Wang Cancan over or none of you leaves today. All of you have to die!” The gaze that Yun Jian side-eyed them in was so cutting that it stunned the dozen of men there.

Who was this girl? How dare she act so brazenly in front of them?!

#### **Chapter 1478: Actually Picking It Open. Specifically Trained**

The man who was called Brother Xiong looked up at Yun Jian halfheartedly before he arched a brow and whistled, looking at Yun Jian in slight provocation and talked to her in a thuggish tone, “Oh, ho, look! Where does this little girl come from? She’s asking us to die too—Where? How? Heh!”

Brother Xiong then rubbed his hands together with a cackle as he took one large step toward Yun Jian.

“Sending yourself here... Girl, you’re together with that one in the room huh? Why don’t you have some fun with the few of us? Heh heh, we’re all pretty skilled! Do you want to have a try...”

Brother Xiong rubbed his palms and the back of his hands as he cackled lecherously.

Halfway through his sentence and while he was still rubbing his hands together, Yun Jian had gone over and kicked him away to head to Room 319.

Yun Jian’s kick seemed light but it was actually powerful as it threw Brother Xiong to the side of the hallway. He landed with a thud and nearly coughed blood from it, feeling like his internal organs were crushed. It took him some time to recover as he held a hand over his heart.

By the time he got back to reality, he realized that Yun Jian had already made her way to Room 319 and his dozen of men were still watching her do that dumbly. No one had yet to be aware of what was happening.

“F\*ck! The girl’s a fierce one! Why are you guys frozen? Waiting to be served your meal? Get moving! Catch her!” Brother Xiong cursed and roared.

The other men who heard him finally broke out of their daze and dashed for Yun Jian.

The door to Room 319 was closed and locked. Needless to say, Mao Dou’er whom Brother Xiong and his men had mentioned earlier must be assaulting Wang Cancan in there.

Yun Jian could see Duan Ming who sat forlornly beside Room 319's door with a duck of her head. This was undoubtedly his doing.

Duan Ming came from a poor family, so impoverished that feeding themselves was a problem. It was because of this that he began deceiving girls and abducting them, attracting their attention with his handsome looks.

Girls would usually go with him when he asked to get a room in the hotel. It was then a matter of course that he drugged them and asked the delinquents to assault them.

Wang Cancan liked him and had even picked up her courage to confess to him just now, claiming that she had liked him since junior high school.

Duan Ming thought that Wang Cancan would agree right away when he asked to get a room in that case, but not only had Wang Cancan not agree to it, she refused vehemently. It was only after he said that they would only get a room without doing anything that she went with him after using the washroom.

What happened after that was quite expected. Wang Cancan got a room with Duan Ming and the latter drugged her like how he had drugged the other girls before calling the thugs.

Coming back to reality, Brother Xiong's men surrounded Yun Jian just as she reached Room 319's door. The door was already locked and Yun Jian standing here was basically her having her back against a wall as she was surrounded.

Brother Xiong swiped at his mouth and grinned. "Hah, let's see where you're running to now!"

No one was able to enter Room 319 without its key. At least, this was what Brother Xiong and the rest of the men thought.

"Xiao Jian..." Lu Feiyan who had witnessed Yun Jian's abilities had still called out in worry from the outside when she saw her being surrounded by so many people.

"Of course I'm opening the door to run to the room," Yun Jian said with a smirk.

"Pft! What did you say? You want to open this door? Hahaha! Have you lost your mind or have you gone dumb? This door is already locked from the inside and you want to open it? Unless you can pick a lock, it'd be a joke for a girl like you to enter the room!"

"Hah! The door behind you is basically a wall to you! I think you'd better just do what we want or else..."

Brother Xiong's mockery and threat were clear while his dozen of men guffawed as well.

It was then a click sounded abruptly.

Yun Jian's hand was seen flicking and a small blade appeared in it. She pushed the blade into the door lock and made a light twist, opening the door to Room 319 like the blade was its key.

This baffled Brother Xiong and his men.

"You... y-you..." Brother Xiong had been cackling but he was thoroughly stunned now as his words died in his throat.

She... She actually picked the hotel's door lock open! Did it mean that she could really pick a lock?! She had just unlocked it with a blade in two seconds—something only the specifically trained could do!

### **Chapter 1479: Grown up Having Dynamites**

A young lady like her was a professional lock picker?

Brother Xiong and his men were simply stunned, unable to snap back to reality. They stood frozen as they watched Yun Jian open the door and enter. By the time they were able to get a reaction out of themselves, Yun Jian was already inside the room.

“Stand there! Stand right there!” It was only after Yun Jian entered that Brother Xiong and his men broke out of their trance as he hollered and hurried after Yun Jian.

...

Five minutes ago in Room 319...

Wang Cancan had just woken up and realized that she was laid on the hotel bed.

“Senior Duan Ming? Senior Duan Ming...” Wang Cancan felt parched after calling out and put a hand over her forehead only to feel that the action felt leaden to her.

“Oh, pretty girl, you're awake?” The sound of a shower running in the bathroom stopped as a fat figure walked out from there.

He was most probably 80 kilograms in weight and was repulsively heavy and stubby. This was Mao Dou'er whom Brother Xiong and his men had mentioned earlier.

Mao Dou'er stared at Wang Cancan like he was looking at some delicacy and could not wait to pounce and devour her. It was just that Wang Cancan would not be able to escape now, so he had no plan of pouncing right away.

A delicacy ought to be savored to relish the taste.

Fat Mao Dou'er rubbed his hairy hands as he went over to Wang Cancan.

“W-who are you? Where's Senior Duan Ming?” Wang Cancan flipped herself forcefully but felt weak like jelly, unable to stand up no matter how she tried.

“Heh, pretty girl, you won't be able to run away. The senior you're speaking of—that kid Duan Ming? Haha, he's right at the door. He sold your first night to the dozen of us bros! I'm the first to be enjoying you!”

“Be a good girl and stay right there, don't move. I'll shower you with love now!” Mao Dou'er rubbed his hands and was about to throw himself to Wang Cancan.

“What? It's Senior Duan Ming... Impossible!” Wang Cancan was shocked and pale, growling lowly and certainly at Mao Dou'er.

Her Senior Duan Ming would not betray her. He would not... He would never take her to somewhere like this only to sell her... However, she remembered the drink he had passed her before she lost consciousness... and she was weak and heavy after she woke up...

Wang Cancan shook her head in disbelief but she already had the realization about who had done it. She just did not want to admit it.

“Pft, little girl, all men are the worst. You can only blame yourself for being silly that you’re deceived! Haha, now, come over and let me love you!”

Mao Dou’er laughed and pounced at Wang Cancan who had fallen to the floor beside the bed.

“Ah! Get away! Get away from me!” It had never crossed Wang Cancan’s mind that she would encounter something like this as she shrieked and flailed her arms, wanting to slap away Mao Dou’er’s disgusting and hairy hands.

If a girl and a man were to compare their strength, there was no doubt that the man would be stronger. Moreover, Wang Cancan was currently drugged. Her arms were like lead as she could barely lift them up.

Mao Dou’er had already grabbed Wang Cancan’s clothes with his filthy hands. Just when he was about to rip her clothes apart... he was suddenly kicked and was flung to the clothes rack on the left.

Wang Cancan was already considering suicide from how much despair she was in. She had even gotten hold of a glass at the side of the bed and was ready to smash it and kill herself swallowing the shard.

When Mao Dou’er was suddenly kicked away, it made her widen her eyes before Yun Jian’s gorgeous face greeted her next.

The sight that Yun Jian had kicked Mao Dou’er who was 80 kilograms into flying once she entered stupefied Brother Xiong and his men who came after her. Brother Xiong who was the strongest among them could not even lift Mao Dou’er given his weight but this girl here kicked him off right as she came in.

She had kicked Mao Dou’er into the air!

F\*ck! Did girls nowadays grow up having dynamites? She was impressive!

#### **Chapter 1480: Intimidating Them in One Move. Get In**

Mao Dou’er who was kicked rebounded before he crashed on the floor.

The scene shocked Brother Xiong and his men once more, including Duan Ming and Lu Feiyan who popped their heads in from the outside as they were astonished beyond words.

“Blergh! Urgh!” Mao Dou’er dry heaved, nearly retching his insides out, when he was thrown against the clothes rack before falling heavily to the floor.

The hotel room could only be that big. As Yun Jian went over, Mao Dou'er who hit the clothes rack and fell to the floor actually rolled to where Yun Jian was passing. She stepped on his stomach to throw him off once more and headed straight for Wang Cancan who had fallen to the floor.

Wang Cancan was close to tears when she saw that it was Yun Jian who saved her but she held it back.

"Yun—Yun Jian..." There were unshed tears in Wang Cancan's eyes from the fear that crept back after escaping the disaster.

"It's the favor I owe you," Yun Jian said as she flicked her right hand, brandishing a dagger.

Without looking, Yun Jian threw the dagger toward the hotel room door behind her where Brother Xiong and his men stood.

Brother Xiong and men who saw the dagger flying before them were terrified as they watched it zoom past them and penetrate the wooden table on the side. It went right into the wood!

Seeing Yun Jian hold a dagger in her hand out of the blue then stab it into the wooden table without even a glance had thoroughly shocked the men who stood afar.

She had sent the dagger flying into the wooden table without looking! It went in several inches deep! If the table were to be their heads instead... The men dared not imagine how they would end up if the same thing happened to them!

The young girl was not human! She was a devil! One that petrified and terrorized them!

"Get in right now!" Yun Jian growled at Brother Xiong and his men with her back against them.

The shout caused the group of men who were piled at the door to scurry into the room. They were truly frightened as they thronged into the room together from the door. Somehow, they turned obedient.

The scene baffled Duan Ming who slumped by the door. Each time Brother Xiong and his men appeared, they were audacious and arrogant, so much so that they barely treated him like a person.

Each time Duan Ming abducted a girl and slumped by the door like his soul was sucked clean, Brother Xiong threw him over ten pieces of 100 yuan bill from the top of his head like he was worthless.

Duan Ming thought that Brother Xiong and his men would act as brazen no matter who it was but he was wrong. Yun Jian was only a teenage girl but she was capable of ordering the men around. She had the ability to command Brother Xiong and his men's obedience!

"Hah, uh, sister, you—uh... how can we help you?" Brother Xiong who had been arrogant just minutes earlier stood before Yun Jian like a pandering bootlicker as he forced a smile as if he was scared of making Yun Jian angry.

In fact, Yun Jian had only done a few things but that few actions had stirred fear deep within Brother Xiong and his men.

"Apologize," Yun Jian said lightly.

"Huh?" Brother Xiong's mind was late to catch up.

“I said, apologize!” Yun Jian kicked the back of Brother Xiong’s knee and made him kneel down where Wang Cancan was.

“You f\*cking kid, you really think you’re invincible now...” An ugly man beside Brother Xiong was unable to take it longer. Was it a joke that they were being bullied by a little girl like this?

The man was speaking when two gleaming blades flew across the top of his head and went into the wooden wall behind him in unison. The man who saw it gulped, his admonishment about Yun Jian halting in his throat, as he paled visibly.
