

Schoolgirl 1531

Chapter 1531: Let's play together

"Yes! Yes! Yes! We're going to play! We're going to the amusement park!" Little Yunzhu three clapped excitedly and jumped up in joy.

Su Li was older than Little Yunzhu and Duan Li and Duan Ya, so she didn't make the Childish Act of cheering and clapping when she heard something that made her happy enough.

When Su Li saw that Xiao Yunzhu and the other two were so excited, she was actually quite excited.

They could go to the amusement park again!

However, in order to make herself look more mature, Su Li stood by the side and said to Xiao Yunzhu with a smile,

"You guys are so childish! You have to learn to be more mature like me!"

In the end, the group of people arrived at the amusement park while Xiao Yunzhu and the other two were bouncing forward.

Richard might have gotten his mother's approval, but he didn't want to see Si Yi and Yun Jian being intimate, so he didn't go to the amusement park with them.

It was quite surprising that Richard didn't go with them, but no one noticed this.

Yao Lili and Lin Wan went with them, but before the two of them went, they secretly agreed to stay far away from Yun Jian and Si Yi when necessary. They couldn't ruin their family's beautiful trip.

The only people who went were Yun Jian, Si Yi, Xiao Yunzhu, Su Li, Yao Lili, and Lin Wan.

Su Li was, after all, the princess of Country H, so when the group went out, Su Li called her nanny van to send Yun Jian and the group, including herself, to a nearby amusement park.

The amusement park, which was located near the palace of Country H, was translated into the Chinese of country Z and was called Happy Island amusement park.

Of course, Joy Island amusement park was only translated into the Chinese language of Country Z. Its name was naturally different in the language of Country H.

At this moment, Su Li's private nanny van had already brought Su Li and Yun Jian to the entrance of the amusement park.

Joy Island amusement park was a theme park with a fairytale world as its theme. Therefore, most of the people who came to Joy Island amusement park were children from wealthy families from all over the world.

Usually, parents brought their children here to play.

Of course, this was country H. In Joy Island amusement park, the majority of the people were from country H.

Joy Island amusement park also had a great influence on the world. Therefore, there were many people from different countries who came here to travel and play.

When they bought tickets and walked into Joy Island amusement park, Yun Jian and the others saw many tourists who were also from country Z playing.

“Sister! Let’s go on the pirate ship! Merry-go-round! and...” Little Yun Zhu said a bunch of games in one breath.

Looking at Little Yun Zhu’s expectant look, Yun Jian also pursed his lips slightly.

“You guys go and play. I’ll wait for you outside.” Si Yi was not interested in this kind of amusement park games.

However, as long as he looked at Yun Jian, even if it was a game that he was not interested in, he could still enjoy it.

“No! Brother Si Yi, come too! Brother Si Yi, come too!” Little Yun Zhu held Si Yi’s hand and shook it.

“Big sister, brother Si Yi doesn’t want to Go!” Seeing that Si Yi did not compromise, Little Yun Zhu turned her big round eyes to Yun Jian and said pitifully.

“Let’s play together.” Yun Jian’s red lips curved slightly. She turned her head to look at Si Yi and said.

“Okay.” Si Yi agreed almost as soon as Yun Jian said those words.

This reply was no faster.

Little Yun Zhu was satisfied. She and Duan Li and Duan Ya jumped happily again.

Su Li added on from the side. She said to little Yun Zhu San, “Your Brothers and sisters are so loving. They treat you well! They can even accompany you to the amusement park to play.”

As she said this, Su Li’s eyes flashed with a hint of envy and an undetectable sense of depression and loneliness.

“That’s right! Brother Si Yi and sister Si Yi treat US so well!” Little Yun Zhu replied at this time.

As they spoke, everyone walked towards the amusement park.

The first game to go was the merry-go-round.

Chapter 1532: be dirty or have bacteria

Many dangerous games in the amusement park are not allowed to be played by children.

The game equipment in the amusement park does not look at the age of the child, but the height of the child.

Generally, thrilling games like roller coasters are not allowed to be played under 1.4 meters in height.

This is a life-threatening event, so it can not be careless. In front of every amusement park, there will be a scale to measure the height, just to stop those children who are not tall enough to avoid accidents.

For example, there were not many games that little Yunzhu and Duan Li and Duan ya could play in the amusement park at their age, let alone thrilling games.

Therefore, Yun Jian brought Little Yunzhu and the other two to the merry-go-round at the first stop.

There were many people lining up to play the merry-go-round, especially at Happy Island amusement park, which was a very popular large-scale amusement park.

Children of all ages could play the merry-go-round at amusement facilities like the merry-go-round.

In the amusement park, most of the people who came to play were adults who accompanied the children. Therefore, there were naturally many people waiting in line for rides like the merry-go-round, which could be played by children of all ages.

There was a long line here.

“Sister, there are so many people.” Little Yun Zhu pouted and tugged at the clothes on the Yun Jian.

“Okay.” Yun Jian nodded lightly.

The waiting area was filled with people.

It was not difficult to see that the merry-go-round at the amusement park was quite popular.

Yun Jian and the others were not particularly lucky. The first game they played at the amusement park was to wait in line for about half an hour before it was their turn.

Seeing that it was their turn to play in the next round, Little Yun Zhu waited a little too long. She stretched out her hand, wanting to stretch out her limbs.

There were too many people standing in line. There were people standing in front and back. Little Yun Zhu stretched out her hand, wanting to stretch out her limbs. Just as she stretched out her hand., she accidentally hit a boy who was about the same age as little Yun Zhu herself who was standing in front of her.

It was more like he accidentally touched the boy’s cheek with his hand.

“What are you doing! ?”

The boy standing in front of him was from z nation. He seemed to be impatient from waiting. At this moment, Yun Zhu accidentally touched his cheek. He was furious on the spot and turned his head to look at Yun Zhu fiercely.

There was a man and a woman beside the boy. It was not difficult to see that the man and woman standing next to the boy were his parents.

The boy’s father was an average-looking man with a belly bigger than a beer belly. One could clearly see his fat belly trembling with every breath.

The boy’s father should be around forty years old.

The boy’s mother was very young, only around twenty-five or twenty-six years old.

If one did not look closely at the boy and the woman's appearance, it would be difficult to tell that the woman was only twenty-five or twenty-six years old and was already the mother of an eight-year-old boy.

It was even harder to tell that this woman and this forty-year-old man were husband and wife.

Little Yunzhu was shocked by the boy's violent roar. Little Yunzhu had already realized that she had accidentally touched the boy's cheek just now. It was his fault.

The teacher said that he would apologize if he accidentally touched the boy.

"I'm sorry, I accidentally touched you." Little Yunzhu quickly apologized to the boy.

"What's the use of apologizing? Whose Child Are You? How dare you hurt my Fu'er! Didn't your mother teach you how to behave? Seriously, I don't even know if such a wild child has any bacteria on his hands. It's so dirty!"

Before the boy could speak, the boy's mother, who was in her mid-twenties, pushed Little Yun Zhu away. She squatted down and scolded while wiping the boy's face.

As she wiped the boy's face, the woman scolded, "Children nowadays only know how to apologize. Do they think they are very polite?"

As she spoke, the woman wiped the boy's face a few times and said to the boy, "Fu'er, hurry up and wipe. What if he is dirty or has some bacteria in his hands..."

Chapter 1533: beating his mother to death

The woman cursed while calling her son, which was the boy's nickname.

The boy's nickname was Fu Er, and his name was Zhang Laifu.

It was a very vulgar name, but the woman called him smoothly.

The woman's name was Fan Xin, she was twenty-five years old.

Fan Xin was Zhang Laifu's biological mother. She was quite good-looking, and her appearance was not bad either. When she was in high school, she was the school Belle.

Because she was not good at her studies, and Fan Xin was a hoodlum, after she had a few boyfriends, she was taken care of by Zhang Laifu's father, who was already in his forties, the middle-aged man whose belly was so big that it was about to fall off was taken care of.

At that time, Zhang Laifu's father, who was called Zhang Shan, already had a wife.

Fan Xin became Zhang Shan's mistress at the age of 16.

Zhang Shan was a mature man who belonged to the type of rural people who went to the big city and made his way into a career. He had already had a career when fan xin was 16 years old.

After fan Xin seduced Zhang Shan, she got pregnant less than a year later and secretly gave birth to a child.

When Zhang San got rich, he divorced his original wife and married Fan Xin.

Fan Xin succeeded in becoming a mistress.

In addition, when Fan Xin went out, she did not feel that she was a mistress at all, so she felt inferior.

On the contrary, she felt that she was very good, very good, better than her peers.

Classmates her age, after marrying their husbands, were still starting their own businesses.

But what about her?

She married her husband. Although she was a little old, already in her forties, she not only had a car, a house, and a career!

In her free time, she could even bring her and her child out to play!

Fan Xin was proud of this. She had even persuaded her best friend more than once that as a woman, she should find someone who was more than ten years older than her, who had a car, a house, and a career.

Regardless of whether he had a wife or not, they would talk about it first.

Because in the eyes of her circle of friends, Fan Xin felt that her life was the most abundant. After being a rich wife for so many years, Fan Xin had a habit of looking down on others.

Therefore, when little Yun Zhu accidentally touched Zhang Laifu's face with her hand, Fan Xin felt that her son Zhang Laifu's face had been dirtied by something and began to shout.

Fan Xin was still half-squatting on the ground, cursing and wiping her son Zhang Laifu's face. Just as she was halfway through wiping, a beautiful hand grabbed fan xin's wrist and forcefully pulled fan xin up from the ground.

Fan Xin was suddenly grabbed and didn't react for a moment.

By the time fan Xin reacted, she was already facing Yun Jian's expressionless and extremely cold face.

"My younger brother accidentally bumped into your son. It's my younger brother's fault. My younger brother has already apologized. You pushed my younger brother just now. You must also apologize."

Yun Jian grabbed fan Xin's wrist and said coldly.

Little Yun Zhu had accidentally hit his face just now. If she apologized, Yun Jian naturally wouldn't say anything.

After all, Little Yun Zhu had really bumped into his face.

But just now, Fan Xin pushed Little Yun Zhu away. If Yun Jian hadn't stood behind Little Yun Zhu and held her up, Little Yun Zhu's little head would have smashed into the railing at the side.

"Oh! Why are you asking us to apologize? What's wrong with me pushing him? You Can't push him away, can you? Hehe!"

Yun Jian grabbed fan Xin's wrist. She struggled twice but to no avail. She glanced at Yun Jian coldly and did not show any remorse for what she had done.

“Apologize.” Yun Jian did not say anything else. She only repeated these two words, and then the strength in her hand deepened slightly.

“Ah! It hurts! Let Go of me!” Fan Xin’s wrist was scratched by Yun Jian until the bones creaked. She was frightened this time, so she quickly shouted.

“Let go of my wife’s hand!” Seeing this, Zhang Shan stood behind fan Xin and shouted at Yun Jian. Seeing that Yun Jian was like a martial artist and was quite powerful, Zhang Shan did not dare to rush up.

“Apologize.” Yun Jian repeated these two words.

At the same time, Fan Xin’s wrist followed with a “Kacha Kacha” sound.

“Ah Ah Ah, I was wrong, I was wrong! I’m sorry, I’m sorry, I was wrong!” Fan Xin was frightened by the intense pain and quickly begged for mercy.

This was not a big deal. Yun Jian did not want to make a big deal out of it, so Yun Jian’s eyes darkened and he immediately let go.

“Mom!” Zhang Laifu grabbed fan Xin and raised his eyes to glare at Yun Zhu and Yun Jian.

How dare he hit his mother? He wanted them to die!

Chapter 1534: play the pirate ship. Don’t cry out of fear

At this moment, the entrance door of the merry-go-round was opened. After waiting for about half an hour, it was finally Yun Jian’s turn.

Yao Lili and Lin Wan had gone to play other exciting games, so only Yun Jian and Si Yi were left with the four children.

Little Yun Zhu, Duan Li, Duan Ya, and Su Li.

As soon as the entrance door of the merry-go-round was opened, the unhappiness from before was thrown to the back of her mind.

Fan Xin shook her wrist, which had been grabbed by Yun Jian, and was surprised. Why was her hand not injured? And she didn’t feel any pain at all?

There wasn’t even a trace of being pinched?

Because the entrance door of the merry-go-round was already open, Fan Xin didn’t feel any pain in her wrist, so she quickly grabbed her son Zhang Laifu, she called her husband, Zhang Shan, and ran to the carousel’s entrance.

No one saw Zhang Laifu glare fiercely at Little Yunzhu. His gaze was filled with anger, as if he wanted to kill her.

The carousel was quite fun. At least Little Yunzhu, Duan Li, Duan Ya, and Su Li were having a good time.

After the game ended, Su Li even stretched. She happily said to Little Yunzhu and the other two,

“This is great. This is the first time someone has accompanied me to the amusement park. Father has to deal with a lot of government affairs every day. Mother doesn’t want to accompany me to the amusement park. In the past, only servants accompanied me to the amusement park. Thank you!”

Su Li’s eyes were filled with gratitude.

At the same time, what was hidden in Su Li’s eyes was an undetectable loneliness and loneliness.

“We’ll play with you in the future!” Little Yunzhu and the other two blinked their eyes and looked at Su Li with their innocent eyes. They smiled and said to Su Li.

“Really... Really?” Su Li looked up at Little Yunzhu and asked with a trembling voice.

“Of course it’s true. Let’s go play other games!” Little Yunzhu and the other two were ready to move. Then, they quickly pulled Su Li to another game venue.

“Let’s go play pirate ship! Big sister will accompany us to play pirate ship! Yay, yay, yay!” At this time, Xiao Yunzhu and Duan Li seemed to have found a new target. They pulled the cloud paper and shouted excitedly.

Pirate ship was a relatively exciting game. Although the range of the swing of the pirate ship was not particularly large, if one sat on the pirate ship, one could feel that one’s heart was about to be blown away by the swing.

Especially when it swayed more and more from left to right, it felt like if you sat on a pirate ship and didn’t wear your seatbelt and enhanced safety equipment, you would be blown away.

In the amusement park, you could find that the more dangerous the game, the more complicated the safety measures were.

Because the pirate ship was a very exciting game, there was a height limit.

In the Pleasure Island amusement park, the minimum height limit of the pirate ship was 1.2 meters.

Duan Ya’s height was less than 1.2 meters, so she could not participate in the game of the pirate ship.

Xiao Yunzhu, Duan Li, and Su Li wanted to experience the excitement of the pirate ship, so Yun Jian had to let Duan ya stand in place and let Si Yi Look at Duan Ya.

Yun Jian himself accompanied Xiao Yunzhu, Duan Li, and Su Li up.

Because of the thrill of the pirate ship, there was a limit to the height of the child, so there were not many people waiting in line to play the pirate ship.

But there were also quite a number of people. Yun Jian and the others waited for five minutes before they could go up.

“It’s you guys?” Just as Yun Jian brought Little Yunzhu, Duan Li, and Su Li onto the pirate ship, a muffled grunt came from behind.

Yun Jian turned his head to look and saw fan xin, who had just caused a little conflict, holding her son Zhang Laifu’s hand and standing behind Yun Jian.

“Hehe, you guys actually dare to play pirate ship? Don’t be scared to tears later. You’re in a hurry to go home and look for your mother!” Fan Xin’s husband Zhang Shan was afraid that he wouldn’t be able to board the pirate ship, thus, Fan Xin brought her son Zhang Laifu onto the pirate ship herself.

The moment she saw Yun Jian, Fan Xin thought of the scene from before. She snorted coldly at Yun Jian.

Chapter 1535: was about to have an accident

Fan Xin was obviously talking to the cloud tablet on purpose. Her original intention was to anger the cloud tablet.

The cloud tablet’s move just now had hurt Fan Xin. Although after the cloud tablet let go, Fan Xin didn’t feel any pain at all, but Fan Xin was a person who bore grudges.

“Get out of the way! Cowards, I’ll wait for You to cry later! Hehe! Get out of the way!” As Fan Xin said, she grabbed Zhang Laifu’s hand and swaggered from the side of the cloud tablet to the pirate ship.

Yun Jian ignored fan Xin and Fan Xin’s son.

A pirate ship of average size could seat four to five people in a row, but the pirate ships in this amusement park were larger. A row of neatly arranged pirate ships could seat six people.

Yun Jian and the others had a total of four people.

Yun Jian was afraid that little Yun Zhu, Duan Li, and Su Li would accidentally fall off the pirate ship, so he didn’t let the three of them sit at the side.

Yun Jian let Little Yunzhu and the other two sit in the middle, and then he sat at one side of the row.

There were six people in the row. Yun Jian sat on the left side of the row, then Duan Li, then Su Li, and finally Little Yunzhu.

Little Yunzhu was braver, so she was the furthest away from Yun Jian.

Yun Jian and the others could sit two people in this row.

“Mom, I want to sit with them! Humph! I want to see them cry!”

Zhang Laifu took the seat on the right side of Little Yunzhu and sat down. He looked at Little Yunzhu with a different gaze, as if he wanted to kill her.

Fan Xin doted on her son, so she naturally agreed to Zhang Laifu’s words.

Thus, Zhang Laifu sat on the right side of Little Yunzhu, and Fan Xin sat on the far right side of Yun Jian’s Row.

From left to right, Yun Jian, Duan Li, Su Li, Little Yunzhu, Zhang Laifu, and Fan Xin sat on the right side of Yun Jian’s Row.

After the staff fastened everyone’s seatbelts and reinforced the safety measures outside, they returned to the control room and the game officially began.

“It’s starting! It’s starting!” Xiao Yun Zhu shouted.

“TSK, what a coward!” Fan Xin, who was sitting next to them, sneered and said.

At this time, the pirate ship game officially began!

The pirate ship began to slowly sway.

Little Yunzhu, Duan Li, and Su Li were not afraid at all.

Zhang Laifu, who was sitting next to them, was sweating. However, for the sake of his face, he forced himself to hold on at such a young age.

Fan Xin was already screaming from the swaying. Yun Jian only placed her hand on the armrest, letting the wind blow her hair and clothes. She did not know what fear was at all.

Just as the pirate ship was swaying the most vigorously, and the force was strong enough to throw people out, the foolish Zhang Laifu suddenly shouted at Little Yunzhu:

“Go to hell! You bullied my mother just now! Go To Hell!”

As he said this, Zhang Laifu grabbed the seatbelt on Little Yunzhu’s seat, which he had found the moment he got on the pirate ship, and immediately untied the seatbelt on Little Yunzhu’s body.

Zhang Laifu had already planned this!

Once the seatbelt was untied, the other safety measure was not enough to bind little yunzhu, because Little Yunzhu was really too thin.

Especially this time, the pirate ship was flying to the highest point and was about to throw it to the other side.

Suddenly hearing Zhang Laifu’s voice, the surrounding people looked over.

However, at this moment, the pirate ship swung downwards!

As Little Yunzhu did not have a seatbelt, she flew out from the pirate ship!

“Oh my God! Something happened! Oh My God!”

Someone in the distance saw the scene and cried out in shock.

She fell from a height of more than ten meters! This boy was doomed!

At this moment, whether it was the people sitting on the pirate ship, the people standing on the ground waiting for the next batch of people to play the pirate ship, or the people passing by the pirate ship’s game, they all cried out in shock.

Their instincts told everyone present that Yun Zhu, this child who was thrown out, was doomed!

She was dead for sure!

She was dead for sure!

However, at this moment, whether it was fan xin, Zhang Laifu, and the others who were sitting on the pirate ship, or everyone who was standing on the flat ground, they all saw a terrified scene.

The moment Little Yun Zhu was thrown out, Yun Jian immediately unfastened his seatbelt with one hand and actually chased after the trajectory where little Yun Zhu was thrown out.

What is she doing? Is she courting death!

Everyone in the surroundings was boiling with fear. For a moment, everyone was terrified.

Just when everyone thought that Yun Jian and Yun Zhu were doomed to die, an even more frightening scene suddenly happened in front of them without any warning. It landed in everyone's eyes

Chapter 1536: safe and sound, landed steadily

The pirate ship swayed from side to side, borrowing the power of the game ship's sway to rock the ship to the highest point.

Therefore, when the pirate ship shook to the highest point and Zhang Laifu untied Xiao Yunzhu's seatbelt, Xiao Yunzhu was like a wild goose that had its wings suddenly broken. Her entire body fell from a height of more than ten meters.

This scene shocked the surrounding people. It was understandable.

After all, Xiao Yunzhu was thrown from a height of more than ten meters. If her head fell to the ground first and was smashed into the ground, her head would be smashed into two halves. It was not impossible for blood to spew out of her brain.

If her brain was smashed into two halves, would a fragile child still be able to survive?

Yun Jian sat at the seat furthest away from Little Yun Zhu. She did not expect Zhang Laifu to be so ruthless to Little Yun Zhu.

A child could actually be so vicious!

Because Su Li and Duan Li were separated in the middle, Yun Jian, who was sitting next to her, did not notice what Zhang Laifu had done to Little Yun Zhu.

However, Yun Jian reacted at the first moment. She did not even have the time to think. She unbuckled the seatbelt of her seat and pounced toward the place where Little Yun Zhu was thrown.

Everyone at the scene was scared out of their minds by Yun Jian's actions.

The staff members were so scared that they quickly turned off the operating switch of the pirate ship. "Quick, quick, turn off the switch of the pirate ship!"

At this moment, everyone on the pirate ship, including those standing on the ground, raised their heads and looked up into the sky.

In the next breath, that terrifying scene suddenly happened

Yun Jian didn't even think about it before he unbuckled his seatbelt. Then, using his slim body, he jumped out of another strengthened seatbelt and pounced on Little Yun Zhu.

In the sky in front of him, Yun Jian first quickly stood on the pirate ship. Then, with a fierce kick, he leaped toward little Yun Zhu.

Little Yun Zhu was thrown out. With this kick, Yun Jian's speed caught up with little Yun Zhu.

She first grabbed little Yun Zhu with one hand, and then the two of them fell to the ground together with that fierce force.

There were many people standing around, men, women, Young and old, people from every country.

At this moment, everyone's hearts were tightly clenched together.

They had fallen!

Just as Yun Jian grabbed little Yun Zhu and the two of them were about to fall to the ground from a height of more than ten meters, Yun Jian and Little Yun Zhu suddenly landed next to a large railing machine that had lifted the pirate ship into the air.

The opportunity was here!

Yun Jian's eyes flashed. The next moment, she stretched out her hand and grabbed the large railing that had lifted the pirate ship into the air at a speed that was invisible to the naked eye.

Yun Jian held Xiao Yun Zhu with one hand. She grabbed the large railing and with the help of the large railing, she brought Xiao Yun Zhu and spun around the large railing 360 degrees.

Then, with the help of the buffer force of the large railing, her body landed easily like a feather within the last few meters.

Yun Jian used only three seconds to complete this extremely complicated action.

Three seconds later, Yun Zhi had safely landed with little Yun Zhu.

A series of things happened in these three seconds. In the eyes of the surrounding people, it was just a scene of Yun Zhi grabbing little Yun Zhu and then using the large railings to cushion the impact before landing steadily.

He fell from the pirate ship and landed more than ten meters in the air! Yun Zhi saved little Yun Zhu and landed steadily without any injuries. This scene shocked the surrounding people beyond words.

In the next moment, the people around continued to scream and shout.

"Oh my God! This little girl is too powerful! Is this a Superman saving the world?!"

"Oh my God, am I seeing things? This can't be real!"

...

Compared to the people from different countries who saw Yun Jian's shocking performance, Fan Xin and Zhang Laifu, who were on the pirate ship that had been forcefully docked, were completely shocked.

Their faces were pale and bloodless!

She was actually so powerful!

This... ! ... How was this possible! ! One person was thrown off the pirate ship so violently, how could the other person catch up to the person who had been thrown off? Not only that, she even saved the other person and landed safely on the ground!

Fan Xin and Zhang Laifu were completely shocked silly.

Chapter 1537: was thrown down. It was a comfortable feeling

“Wow!”

“Superman!”

“Little girl, you’re the Best!”

“Awesome! Could it be that the scene just now was deliberately arranged by the amusement park? ! This is simply too wonderful! Awesome!”

...

The people standing around used the language of their own countries to say words of extreme amazement.

At this moment, everyone was clapping, cheering, exclaiming, and cheering for Yun Jian’s actions just now.

Obviously, Yun Jian’s actions just now had already exceeded everyone’s understanding of a little girl.

She was only a little girl in her teens!

If she hadn’t deliberately practiced this kind of performance martial arts, how could she have done such a terrifying action just now!

If Yun Jian’s performance had been a little off, she and Yun Zhu would have been dead for sure!

Therefore, when they saw this scene, the surrounding people cheered and clapped. Everyone’s eyes fell on Yun Jian without exception.

They fell on this legendary girl!

The pirate ship had completely docked, and Yun Jian was standing in front of the pirate ship.

The surrounding railings were to prevent tourists from being accidentally injured while the pirate ship was running.

Just as everyone’s eyes were looking at Yun Jian, they saw si yi using his height advantage to step on the railings and easily jump in from outside the railings.

Si Yi was still holding Duan Ya’s collar.

The Poor Duan Ya was grabbed by Si Yi’s collar and swayed as he approached Yun Jian.

Si Yi climbed over the railing and entered the pirate ship’s gaming facility. He ignored the staff’s shouts that told him to stop and not climb over the railing and walked straight towards the cloud tablet.

Although the poor Duan Ya was grabbed by Si Yi, her eyes blinked. Everyone who looked at her felt that Duan Ya was pitiful.

Although Little Yun Zhu was brave, he was still shocked by the thrilling incident just now.

Seeing Si Yi walking over, Yun Jian pulled little Yun Zhu towards Si Yi.

“Watch my brother.” A sharp killing intent flashed across Yun Jian’s eyes. She said this very calmly.

It was as natural as eating and drinking.

Si Yi understood Yun Jian and pulled little Yun Zhu over.

The people around looked at Yun Jian as if they were looking at their idols. Seeing Yun Jian turn around and walk towards the pirate ship, the people around were shocked.

Fan Xin, who was sitting on the pirate ship, had already unfastened her and her son’s seatbelts. When she saw the cloud note walk over, Fan Xin panicked.

Fan Xin didn’t know what her son had done just now.

She originally thought that the cloud note had come over to unfasten Duan Li and Su Li’s seatbelts.

When she saw the cloud note’s calm appearance as if nothing had happened just now, Fan Xin panicked.

“You... you...” Yun Jian suddenly cast a sidelong glance at her, making Fan Xin speechless.

Yun Jian raised his hand and unfastened Duan Li and Su Li’s seatbelts in two moves. Then, he let Duan Li and Su Li disembark from the pirate ship.

Just when Fan Xin heaved a sigh of relief, thinking that Yun Jian was about to follow Duan Li and Su Li off the pirate ship.

Yun Jian suddenly grabbed Zhang Laifu. Without thinking, she directly threw Zhang Laifu off the two-meter-tall pirate ship.

The surrounding people who suddenly saw this scene widened their eyes. Fan Xin screamed even more exaggeratedly, “Ah! fu-er!”

Before Fan Xin could finish shouting, Zhang Laifu was thrown off the pirate ship by Yun Jian. He fell straight to the ground and cried out in pain.

Before Fan Xin could react, Yun Jian had already followed. In the next second, she stepped on Zhang Laifu’s abdomen, which was rolling and screaming in pain. She said coldly,

“Scheming against my brother. How does it feel to be thrown off? Is it comfortable?”

Chapter 1538: control your son well and go to Hell

She, why did she attack an eight-year-old child for no reason? !

Seeing Yun Jian throw Zhang Laifu off the pirate ship, everyone around was dumbfounded.

Zhang Laifu was a fat boy. It was not difficult to see that his family background must be quite excellent. Otherwise, he would not be so fat.

After being grabbed by Yun Jian from the pirate ship, Zhang Laifu fell down. Even if he was fat, he would definitely be in pain from the fall.

The truth was the same. Zhang Laifu had landed on his feet. Now that he was smashed, the child's body was already thin and weak. After Zhang Laifu's legs were smashed onto the ground., there was a clear "Kacha" sound.

Zhang Laifu's legs were broken!

At this moment, Yun Jian's feet had also stepped on Zhang Laifu's abdomen.

The surrounding people who did not know the situation felt that Yun Jian had gone too far.

What was wrong with her? How could she be so ruthless to an innocent little boy?

There were many people around who were foreigners, so they naturally could not understand Yun Jian's words. As a foreigner, they could only guess Yun Jian's actions based on Yun Jian's actions.

Therefore, when Yun Jian stepped on Zhang Laifu, the people around them immediately became excited again.

"Oh my God! This little girl is too much!"

"Why did she randomly hit the child!"

"Hurry up and stop it! Stop It!"

...

The group of foreigners around them were stunned. When they realized that Yun Jian was still hitting the child, all of them instantly became disgusted with Yun Jian.

Some of the more righteous foreigners even wanted to stop the cloud note.

Just as the more righteous foreigners were about to walk over to the cloud note, trying to stop the cloud note from stepping on Zhang Laifu's abdomen.

Si Yi suddenly took out a silver pistol from his pocket and fired two shots into the air. His handsome and handsome face was extremely cold.

The words he said made the few righteous foreigners who did not know the truth look away.

Si Yi's thin lips moved slightly. His cold look made everyone scream and retreat:

"Whoever dares to take a step forward will die."

Si Yi was obviously protecting the cloud memo.

Seeing Si Yi take out the pistol, the surrounding people were so scared that they retreated, screamed, and fled.

On the other side, Fan Xin only reacted after a long time. She saw her son, Zhang Laifu, being thrown off the pirate ship by Yun Zhi. He then stepped on the ground and struggled in pain. She screamed and rushed down:

“Ah! Ah! Ah! Fu’er! Ah! Go to hell! You actually dare to treat my fu’er like this... Go to hell!”

As Zhang Laifu’s father, Zhang Shan saw his little darling Zhang Laifu being stepped on by Yun Zhi. He originally screamed and wanted to rush over, but when he saw Si Yi take out his pistol, he stopped in his tracks.

Gun! He had a gun!

Zhang Shan was terrified.

“Did my Fu’er Offend You? How dare you treat my fu’er like this! Ah! Ah!”

Fan Xin rushed towards Yun Jian. When she ran in front of Yun Jian, she grabbed Yun Jian’s foot, trying to lift the foot that Yun Jian stepped on Zhang Laifu’s abdomen.

When fan Xin grabbed Yun Jian’s foot, she realized that Yun Jian’s foot was as hard as iron. She tried her best but was unable to move Yun Jian’s foot.

At this moment, Yun Jian lowered her head. With a cold expression, she pulled fan xin up with one hand and threw her to the side.

Fan Xin was smashed to the ground. Before she could stand up, she felt herself being pulled up.

When she reacted, Fan Xin saw Yun Jian’s face. Just as Fan Xin was about to say something, Yun Jian suddenly slapped fan xin.

One slap after another left fan Xin with no chance to speak.

Only when Fan Xin was on the verge of death did Yun Zhi stop. He looked at her coldly and said,

“Take care of your son. Fortunately, my brother is fine. If My Brother is frightened by what happened just now, you and your son can go to Hell!”

Chapter 1539: was about to leave her

Yun Jian’s words, coupled with her actions, made fan Xin feel the fear of death.

“Ah! Ah! Ah!” At this moment, Fan Xin had been slapped by Yun Jian until she looked like a crazy woman. Her hair was messy and she was lying on the ground in a sorry state.

“Stop fighting! Stop fighting! I am an employee of the monitoring room of the amusement park on Happy Island. I am sorry for the accident that happened just now. I have already found the reason why the little boy was thrown out on the pirate ship!

“This is not a mistake in our technology. It’s because when the pirate ship was at its highest point, the boy who was lying on the ground untied the safety belt of the little boy just now. That’s why the little boy was thrown off and almost caused the accident!

“There won’t be any technical mistakes in the equipment of our amusement park, so all the responsibility must be borne by him and his parents. We’ve already contacted the police. Please make a trip later!”

Just as the scene became chaotic to a certain extent, a staff member in uniform walked over from the side.

In order to emphasize that the accident just now was not caused by a technical error in the amusement park’s equipment, the staff member emphasized on the incident of Zhang Laifu deliberately persecuting Xiao Yunzhu just now.

The staff member spoke in English.

Most of the people standing around could understand English. Now that they suddenly heard what the staff member said, they were completely shocked.

The video surveillance in the monitoring room was...

The reason why Little Yunzhu could be thrown out just now was not because the pirate ship’s safety facilities were not in place, but...

Zhang Laifu did it on purpose?

“Oh my God! This can’t be true! The accident that happened to the little boy just now was done by this boy who looked innocent!”

“Oh my God! If this was really done by this boy, then his heart is too evil!”

“This kind of person is the scum of society! They should die! They don’t learn well at such a young age, they only learn how to hurt people!”

“That little girl fought well! She fought well! She should have kicked them to death!”

...

After the people around heard the staff’s words, they immediately defected to cloud paper’s side.

In the end of this matter, first of all, the amusement park staff would definitely be involved.

Although Zhang Laifu was young, he planned to murder someone. This was not a small matter!

Moreover, if the matter was not handled properly, and word spread that there was a problem with the amusement park’s game equipment and that a person almost fell to his death, the amusement park would not take the blame!

After such a thing happened, the police arrived very quickly.

Yun Jian did not follow them to the police station. Su Li was the princess of H Nation. As long as Yun Jian did not commit murder and arson, as long as Su Li said so, the police did not take Yun Jian to the police station of H Nation.

Zhang Laifu, Fan Xin, and Zhang Shan were not so simple.

Before Zhang Shan, Zhang Laifu, and Fan Xin were taken away, Yun Jian had already knocked Zhang Laifu and fan Xin unconscious.

Only then did Zhang Shan dare to walk up. He held his son and shouted as if it was his mission.

At this moment, the cell phone in Zhang Shan's pocket suddenly vibrated. He quickly put down his son, Zhang Laifu, picked up the cell phone, and opened the text message.

He saw that his bank card had a balance of over ten million, but at this moment, the text message was sent over. The remaining amount was instantly: 0.

Seeing this text message, Zhang Shan almost fainted.

This text message was followed by a message: your wife and son have offended someone they shouldn't have offended, so I'll let you live, and I'll take everything.

Seeing this text message, Zhang Shan immediately fainted.

Before he fainted, there was only one thought in Zhang Shan's mind: the family assets are gone! Everything is gone! Fan Xin is a jinx! He must leave her! This bitch! He must leave her!

Chapter 1540: so you are such a person

After Zhang Shan fainted, Zhang Shan, Zhang Lai Fu, and Fan Xin were taken to the police station of the H Nation.

Joy Island amusement park had completely blacklisted Zhang Shan and his family.

With Joy Island amusement park located all over the world, all the chain of Joy Island amusement parks had completely blacklisted Zhang Shan and his family. It meant that Zhang Shan and his family would never be able to visit Joy Island amusement park again.

Seeing that Zhang Shan's family of three was taken away, Si Yi's slender fingers pressed the last button on his phone and he put down the phone.

Under his handsome face, his thin lips curled up slightly.

Yun Jian had already pacified little Yun Zhu.

Little Yun Zhu was also frightened at the beginning. After she reacted, Little Yun Zhu patted her own chest and said to Yun Jian solemnly,

"Sister, I am not afraid! I was not afraid just now! I Am a man!"

Seeing that Yun Zhu was not frightened, Yun Jian finally relaxed.

Just as he stood up, he saw Si Yi put down his phone.

Yun Jian was suspicious. She raised her hand and used her soft hand to take the phone from Si Yi's big palm.

Yun Jian reached out his soft hand to take his phone. Si Yi was not afraid that his privacy or secrets would be seen by Yun Jian. He directly gave the phone to him, but he pinched Yun Jian's soft hand.

To Si Yi, she could look at a phone as she pleased. HMM... ... but he needed a substantial reward.

For example...

Yun Jian flipped through Si Yi's phone twice and found that Si Yi had actually used his phone to hack Zhang Shan's bank card in that short period of time.

HMM... he even sent a message to Zhang Shan.

Yun Jian flipped through Si Yi's phone. She suddenly raised her head and asked Si Yi softly. There was a hint of surprise in her tone:

"You are also a Hacker?"

"Yes." Si Yi replied Yun Jian while sticking to Yun Jian's side.

The two of them held the hands of Little Yun Zhu and the other two children respectively. Si Yi was not afraid at all as he stuck to Yun Jian's ear.

"Why didn't I know that you were a hacker before?" Yun Jian looked at Si Yi's phone content very seriously. Then, she turned her head slightly to look at him.

When she tilted her head, Yun Jian's cheek almost touched Si Yi's cheek. She quickly turned her head and asked.

When she asked this question, even Yun Jian almost couldn't help but want to cover his mouth.

When did her voice become like that of a spoiled child?

Talking to Si Yi was getting more and more improper!

"I didn't know before, but now I know. I still have a lot of parts that need to be understood by little jian. Do you want to understand Little Jian..."

Si Yi suddenly pressed his handsome lips against Yun Jian's ear. He opened his mouth gently and blew on the edge of Yun Jian's ear with a soft and numb voice.

Yun Jian was almost blown by Si Yi's soft and numb voice until his entire body trembled. She quickly pushed away Si Yi who was not serious. She brought along Little Yun Zhu San and Su Li before walking out of the pirate ship's playgrounds.

Si Yi pulled out an arc of his lips. An indifferent smile appeared on his handsome face.

This smile would only be revealed in front of his favorite little piece of paper.

As he watched Yun Jian pull little Yun Zhu's four children out, an evil image suddenly appeared in Si Yi's mind.

He wanted to press his little paper onto the bed and let her give birth to a large number of children for him.

HMM...

Just like how Yun Jian was holding Little Yun Zhu's four children now, in the future, the positions of Little Yun Zhu's four children would become his and Xiao Jian's children...

Four was not enough.

Ten?

Twenty?

Well...

It was better to have a big nest.
