

Schoolgirl 1551

Chapter 1551: He also wanted to go to scare the vice principal

In the end, under the expectant gazes of the dozen or so male students, teacher Chu forced out a smile. Then, he waved his hand, indicating that the students could return to the classroom first:

“You guys go back to the classroom first. After lunch, gather at the large playground. In the afternoon, there will be a special car to send you to the Cheetah Bodyguard Company to meet with the students from other military schools.”

After teacher Chu said this, the dozen or so male students turned around and left the office in groups of two or three.

“Yun Jian, wait a moment.” Seeing the dozen or so male students turn around and leave the office, teacher Chu called out to Yun Jian alone.

“En?” Yun Jian turned her head sideways and looked up at teacher Chu.

“Although it’s a friendly match, the school knows your strength. En... The school wants you to try your best to win first place in this friendly match. It might be a little difficult. I wonder how confident you are?”

At this moment, teacher Chu asked Yun Jian.

Yun Jian narrowed his eyes.

Teacher Chu had an unknown feeling that she had a moment of nervousness.

The next second, Yun Jian suddenly smiled and said confidently, “I will win.”

...

Seeing Yun Jian return to the classroom from the office, Lin Wan had been worried that Yun Jian would be called to the office by the class teacher to scold him.

Seeing Yun Jian’s relaxed expression, Lin Wan couldn’t help but heave a sigh of relief.

“Hehe, she must have been scolded by the teacher. How long can she pretend to be calm! What King of Assassins? I think that’s all there is to it.”

Lin Shuya, who had always been at odds with Yun Jian, sat with the other girls in the class and used exaggerated words to provoke Yun Jian.

Ever since the last time Yun Jian stole the limelight, Lin Shuya had become more and more unhappy with Yun Jian.

Yun Jian continued to ignore her.

...

During the last period of the morning, after the teacher announced the end of class, Yun Jian had just stood up when he heard the girls in the classroom holding their faces and screaming. Their screams made his entire body tremble violently:

“Ah! ! ! Who’s that man? He’s so handsome! ! !”

“Oh my God! He’s so handsome! Is He from our school? Why haven’t I seen him in school before?”

...

The girls in the class all started screaming. Yun Jian didn’t even need to think to know that the person who had come was definitely Si Yi.

If it was an ordinary high school boy, when he heard so many girls around him screaming at him, he would have already floated up by now.

However, Si Yi was different. No matter how good-looking and enchanting the girls around him were, he only had Yun Jian in his eyes.

The people around him were nothing but air to him.

Si Yi walked straight into Yun Jian’s classroom in front of everyone. Then, he reached out his slender hand and grabbed Yun Jian’s small hand before walking out.

This scene made Lin Shuya so envious that she almost cried out.

Si Yi pulled Yun Jian and went straight to the vice principal’s Office of Min City Military Academy.

At this moment, the vice principal was combing his bald head.

The vice principal was facing the mirror as he used a comb to comb through his few remaining strands of hair in the center.

He was carefully combing his hair, but in the end, another strand of hair fell out by accident.

“Aiyo, aiyo, my hair! If this continues, I’ll become bald!”

The vice principal held up the strand of hair that he had carelessly combed. He used his fingertips to pinch the strand of hair, trying to place it back on his head.

“Bang!” Before the vice principal could place the strand of hair on his head, the door was suddenly kicked open, making a loud noise.

The vice principal’s hand slipped, and he accidentally stuffed the strand of hair into his mouth.

“Oh, OH, OH, OH, OH, OH, oh! Oh! Oh!” He almost swallowed the strand of hair! The vice principal spat out several mouthfuls of saliva before spitting out the strand of hair.

Just as he snapped back to his senses, he saw a handsome man holding the hand of a young girl standing in front of him.

“I’ll participate in the friendly match too.” The handsome man had just walked in front of him when he spat out these words.

The vice principal raised his head and suddenly saw the door of his office not far away. The door had actually been kicked open by the handsome man just now, and the door flew directly into his office.

Seeing this, the vice principal was so scared that his butt slipped and he almost fell off his seat.

This man was so so-and-so! This kick was too strong!

Chapter 1552: entered the competition together

The vice-principal had already half-slid to the ground. He clutched his desk tightly to prevent himself from falling to the ground.

The vice-principal was a funny person. He usually played with his classmates and had a lot of fun.

The only drawback was that he had little hair and was bald.

The principal of Min City Military Academy was usually not in the school, so many things were decided by the vice-principal.

At this moment, the vice-principal was so scared by Si Yi's actions that his face turned red and purple.

"You, you, you, which class are you from? ! This, this, this, they're even holding hands, you two... .. you two ... Oh My God, you two came to my office to show Off Your Love? Don't you two know that I've been hunting couples in school for the past few weeks?"

The vice principal didn't pay attention to what Si Yi had just said. His attention was drawn to Si Yi and Yun Jian's tightly clasped hands.

It was a clear rule in the school that dating was not allowed.

During this time, the vice principal had been patrolling around the school in order to catch couples who didn't abide by the school rules and were dating.

In the end, Si Yi and Yun Jian were fine. What did the two of them do?

Did the two of them hold hands and come to his office to show off their affection?

What the hell!

The vice principal stood up with his hand on his chest. He had grown up, no, he had lived for so many years and had been the vice principal for so many years.

This was the first time he had seen a couple from the school come to his office and show off their affection openly!

"Old Man, I'll say it again. I'll be participating in the friendly match this afternoon," Si Yi directly ignored what the vice principal had just said and directly said.

"What? You want to participate in the friendly match this afternoon? Which class are you two classmates from? What are your names? I'll immediately deduct your class's points later! "Aiyo Aiyo, you actually called me old man. Although I'm really an old man, you guys are too much of a bully!"

The vice principal rubbed his chest, looking as if he had been hit hard. He said as he spoke.

“Si Yi.” He only said his name.

“Good! Si Yi, right? ! I remember! And you called me an old man! I’ll remember you and deduct your points... What! Si Yi! Your Name Is Si Yi!”

When the vice principal said the first half of his sentence, he was still looking for a book on his desk that would deduct points from the weekly registration. In the end, he suddenly realized that he had shouted out the second half of his sentence while exclaiming in surprise.

“You said your name is Si Yi! ?” The vice principal was so scared that he almost bit his own tongue. He looked at Si Yi in shock and asked.

Si Yi didn’t say a word. He directly threw the student id in his pocket to the vice principal.

The vice principal opened it and took a look. He was so scared that he almost fainted.

The principal of Min City Military Academy had repeatedly told him that it was at Min City Military Academy. No one should offend a classmate named Si Yi!

He would give him whatever he wanted!

Otherwise, Min City Military Academy would be finished!

...

In the afternoon, after lunch, Si Yi helped Yun Jian carry her school bag, which contained some of her clothes. The two of them walked towards the large sports field.

The dozen or so male students that Yun Jian had met in the office earlier were already standing there waiting.

When they saw Yun Jian, the dozen or so male students’ faces instinctively darkened. They glanced at her with eyes that were certain that Yun Jian would drag them down.

When they saw Si Yi, one of the male students who had mentioned Yun Yi shouted,

“You’re a transfer student. Why are you here?”

This male student was from Si Yi’s class. His name was Wang Kun.

Wang Kun was the strongest male student in the third year of high school, so he was very confident and felt that he was very good.

When he saw Si Yi, Wang Kun could not believe his eyes.

How could a transfer student like Si Yi, who only had looks, participate in this friendly competition?

Si Yi did not care.

“Cough cough! We have a new student. Everyone can prepare to leave. The car is already here.” Teacher Chu was in charge of the teacher, so he coughed lightly and urged everyone.

“HMPH! A female freshman is enough, and now a transfer student is here. This is dragging us down to death!” Wang Kun glanced at Si Yi and could not help but shout.

Chapter 1553: brought a girl to participate in the competition

Wang Kun's words immediately received the approval of the other male students.

"That's right! What's wrong with the school this year? Calling a female freshman to participate in the friendly competition? Forget it, even a transfer student can participate!"!

"Now, we don't even know if this transfer student is strong or weak. The school is really enough!"

Another male student said.

"Wang Kun, aren't you the strongest in our school? When we get to the Cheetah Bodyguard Company, they will definitely know what fear is!"!

"This year, you have to do the same as last year. You have to bring glory to our school and then bring us all back with third place results!"

A male student standing next to Wang Kun patted Wang Kun's shoulder and said confidently to Wang Kun.

"Of course. Last year, I led everyone to get third place in all the military academies. This year, I will definitely bring everyone back to get second place in all the military academies!" Wang Kun gestured confidently.

Min City Military Academy only got third place in all the military academies last year.

Last year, it was also Wang Kun who led the team because Wang Kun's strength was indeed formidable.

After all, there were a total of more than a dozen military academies that participated. To be able to get third place was already impressive enough.

Today, when they heard Wang Kun say that he was confident of getting second place in all the military academies, the blood of these more than a dozen male students was already boiling.

One had to know that there were more than a dozen military academies that participated in the friendly competition. To be able to get second place was definitely considered outstanding strength.

As for getting first place in all the military academies, this was something that one didn't even need to think about. It was absolutely impossible.

Why did he say that? The answer was very simple,

among the dozen or so military academies, there was a student called Taiji military academy who was quite powerful.

How powerful was he?

In the friendly competition every year, Taiji military academy had no suspense. They could get first place every time!

Therefore, Wang Kun had even given up on the idea of fighting for first place.

To be able to get second place was already very, very impressive for Wang Kun and his group!

Wang Kun and his group of male students were communicating with each other with full confidence. They were working hard to get second place in all the military academies this time.

However, this group of people did not know that just now in the office, Yun Jian had already promised teacher Chu that she would definitely win if she got first place in all the military academies this time!

...

While they were talking, Yun Jian, Si Yi, and the others had already boarded a long-distance bus and headed to the airport. They then changed planes from the airport. After traveling for about two hours by plane, they finally arrived at Pu City in Hei Province.

Hei province was very far from Zhejiang province, but it only took two hours by plane.

Pu City in Hei Province was the location of the Cheetah Bodyguard Company.

They had just gotten off the plane and changed cars before they arrived at the Cheetah Bodyguard Company.

The headquarters of the Cheetah Bodyguard Company was in a high-rise building. Yun Jian, Si Yi, and the others had just entered when Wang Kun and the others could not help but exclaim in surprise.

“As expected of the Cheetah Bodyguard Company! This place is too luxurious!”

“Oh my God! We spent two days training here! Just thinking about it makes me excited!”

...

While Wang Kun and the others were shouting in surprise, they had already been brought to the hall of the Cheetah Bodyguard Company.

There was a group of people standing in the hall. It was not difficult to see that these people were one of the strongest students from different military academies.

Among the people standing in the hall, at a glance, all of them were men.

There were one or two girls.

More than a dozen military academies had chosen the strongest dozen or so people to participate in this competition. In total, there were more than a hundred people.

Of more than a hundred people, there were only one or two girls. It could be seen that this was a battlefield for men!

Girls appearing here could only be looked down upon.

“Yo! If I’m not wrong, you guys are Min City Military Academy’s students, right? TSK TSK, why, you couldn’t beat our Super God Military Academy last year and got the third place that was inferior to our Super God Military Academy.

“This year is even more amazing. You even brought girls to participate in the competition? You guys still want to win against our Super Divine Military Academy? TSK Tsk, Dream On!”

Yun Jian and his group had just walked here when a male student with malicious intentions walked over not far away. This male student sized up Yun Jian and his group from left to right and then said in a very ruffian manner.

Chapter 1554: was just one move, and the person was you

“Lin Ziguo! Just you wait! We will definitely surpass you this year!”Hearing the words of the boy who came up to speak with ill intentions, Wang Kun and the others clenched their fists in anger.

The boy who came up to speak with ill intentions was called Lin Ziguo.

Lin Ziguo was a student of the Super God Military Academy.

In last year’s friendly match, the Military Academy that won first place was the Taiji Military Academy.

Second place was the Super God Military Academy.

Third place was Min City Military Academy.

Last year, Wang Kun led the team and was almost able to get second place, but at the last moment, he was overtaken by Lin Ziguo’s group.

Later, every time they met Lin Ziguo, Wang Kun’s group was ridiculed and ridiculed. After this back and forth, grudges were formed.

“TSK, TSK, TSK, how can you surpass us? This little sister? Are you trying to surpass our Super God Military Academy with this little sister? Ah? Hahaha, don’t be too funny!

“I think there’s no one else in your school! I’m dying of laughter! hahaha! I’m dying of laughter! You guys are teasing me!”

Lin Ziguo suddenly pointed at the cloud paper. He looked at the cloud paper and laughed loudly at Wang Kun and the others.

A girl dared to participate in such a large-scale friendly competition?

What kind of international joke was this?

This girl looked thin and weak. She didn’t have any strength. This year’s Min City Military Academy might not even be able to maintain third place! PFFT!

Wang Kun and the others were so angry that they gritted their teeth.

At this moment, Si Yi suddenly slapped away Lin Ziguo’s hand that was pointing at the cloud paper. A sharp killing intent flashed through his cold eyes:

“Point your finger at her again and I’ll make your head fall to the ground!”

How could a normal person emit such a terrifying aura? Lin Ziguo was suddenly shocked by Si Yi’s gaze and immediately shut his mouth.

“You, you just wait and See!”Lin Ziguo said as he ran away.

Si Yi's aura caused Wang Kun and the others to be slightly surprised. However, after they reacted, Wang Kun and the others did not say anything.

"Gather, everyone gather!" At this moment, the instructor clapped his hands to signal for everyone to quiet down.

"This is the chief bodyguard of our Cheetah Bodyguard Company, Lin Kui. He was one of the strongest special forces in international before he retired and became the chief bodyguard of our Cheetah Bodyguard Company.

"He has completed nine extremely dangerous SSS level missions with excellence. He has captured the top international assassins and captured the 9th ranked Agent Alive!

"He has participated in 21 international criminal gangs' capture missions. His strength is one of the best in the world, not to mention in our country!

"For the next two days of training, our Cheetah Bodyguard Company's chief bodyguard, Lin Kui, will lead you!"

After the instructor finished his words, more than 100 students from different military academies turned their eyes to the chief bodyguard named Lin Kui.

Lin Kui was 1.9 meters tall. His strong body and strong chest made people feel a sense of awe just by looking at him from afar.

Lin Kui heard the instructor pass the words to him, so he stood up.

"Hello, everyone. I Am Lin Kui. I will be leading you for the next two days. In order to not let everyone doubt my strength, the instructor will draw a student's name from the lottery box over there to fight with me.

"The paper in this lottery box has the names of all the students present. If the student who is drawn can withstand one move from me, I swear that I will no longer call myself the chief bodyguard!"

Lin Kui finished his words with confidence.

The instructor next to him immediately drew a piece of paper from the lottery box under everyone's gaze. Then, under everyone's expectant gaze, he announced the name on the paper, "Yun Jian."

Why did this name look like a woman?

The surrounding people were stunned for a moment. It was only when Yun Jian walked towards Lin Kui that the surrounding students widened their eyes in shock.

Why did he draw a girl?

This woman was thin and weak. Fighting with Lin Kui? What kind of joke was this?

Even Lin Kui was stunned for a moment. After Lin Kui reacted, he coughed lightly twice, then, he said to Yun Jian who was walking forward, "Cough, this... since the one who was chosen is a little sister, then if you can touch the corner of my clothes, then you win."

Lin Kui was obviously going to give in to Yun Jian.

“No need,” Yun Jian shouted from the other side.

After saying this, Yun Jian’s words rang out again in the next second. However, it made Wang Kun, who was standing in the distance, and everyone around him suddenly widen their eyes:

“I don’t need you to let me, because the person who can’t survive one move from me is you!”

Chapter 1555: don’t underestimate any woman

When Yun Jian said such arrogant words, Lin Kui, who was standing not far away from her, was stunned.

The surrounding students from military schools all over the country were all stunned on the spot.

After hearing Lin Kui’s battle results, all the male students present were already excited.

Lin Kui was a special forces soldier who had dealt with international criminals! Moreover, he had once captured the 9th ranked Special Agent Alive!

This kind of capital and strength was enough to make any student present tremble in fear.

Therefore, everyone present was brimming with 100% confidence in Lin Kui’s strength.

But at this time, the person who was chosen to represent everyone to receive Lin Kui’s hand was actually a girl!

When they found out about this matter, all the surrounding male students had already decided that Yun Jian would not be able to last more than one move under Lin Kui’s hands.

Because Lin Kui’s battle record was there for all to see!

Therefore, when Lin Kui said that letting Yun Jian Touch the corner of his shirt would count as her victory, these words immediately made the surrounding male students’ blood boil.

Lin Kui was indeed the chief bodyguard of the Cheetah Bodyguard Company! His words were so domineering! So handsome!

However, before the surrounding people could react, Yun Jian had already finished his words.

She actually turned around and said to Lin Kui that the person who couldn’t even last one move under her was him?

There was a dead silence in the surroundings for a moment, and then there was a burst of laughter:

“Hahaha! hahaha! I’m dying of laughter! hahaha! What did she say? She actually said that the person who couldn’t even last one move under her was Lin Kui?”

“Did she not listen to Lin Kui’s battle results properly just now? Lin Kui’s strength is enough to instantly kill her! Aiyo, what’s more, she’s a girl! hahaha! I’m dying of laughter! I’m really dying of F * cking laughter!”

The person who burst into laughter like this was Lin Ziguo of the Super God Military Academy.

As a student of the Super God Military Academy, Lin Ziguo had always been in a hostile state with Min City Military Academy.

With the release of the cloud memo today, Lin Ziguo simply found a laughing stock to mock min city military academy. He took the lead in jeering.

Immediately, there were people jeering as well. For a moment, only the crowd burst into laughter.

Si Yi stood not far away with a calm expression.

Although he was as calm as a mountain, he had already memorized every face of the cloud memo. He planned to throw it all out after the friendly match ended.

“Cough! Little sister, it’s not that I, Lin Kui, look down on you. You’re a girl. I’m really afraid of hurting you.” Lin Kui finally spoke. He coughed lightly and then spoke.

He paused halfway before continuing:

“How about this? You Go Down and get someone else to come up. Perhaps if you can touch the corner of my clothes within three moves, I’ll consider it my loss...”

Lin Kui had barely finished his sentence when Yun Zhi, who was in the distance, suddenly flashed and ran in front of him.

Lin Kui’s pupils suddenly constricted. Before he could finish his sentence, Yun Zhi had already launched an attack.

Yun Zhi’s speed was too fast and fierce. In a flash, she had already arrived beside him.

When Lin Kui saw this, his pupils constricted. He immediately realized that Yun Zhi, the little girl in front of him, was extraordinary!

However, just as Lin Kui reacted extremely quickly and made a defensive gesture, Yun Zhi, who had already arrived beside him, wrapped her hands around his arms like a snake.

Yun Zhi pulled Lin Kui’s hands forward. At the same time, she raised her foot and kicked Lin Kui’s abdomen.

In the next second, in front of everyone, Yun Zhi’s 1.6-meter-tall thin body directly kicked the 1.9-meter-tall big guy away.

This process only lasted for three seconds.

The students in the distance suddenly saw this scene and straightened their bodies. The next second, their pupils constricted and their eyeballs almost fell out of their sockets in shock.

Lin Kui was a shocking existence who had once captured the 9th ranked agent alive.

And Yun Jian, she was just an ordinary female student!

She actually defeated Lin Kui! ?

One move?

How was this possible?

At this moment, Yun Zhi's melodious voice sounded once again. There was a hint of carelessness in her words:

"Don't look down on women. The person who can't even withstand one move from a woman is you."

Chapter 1556: and the god of shapeshifting actually retreated together

The words of Yun Jian reached the ears of Wang Kun, Lin Zigu, Lin Kui, and everyone else who had underestimated the fact that Yun Jian was a girl from the very beginning.

In the battle just now, not to mention anything else, just a few points were mentioned.

Whether it was Wang Kun, who came from the min military academy like Yun Jian, or Lin Zigu, who was enemies with the min military academy, or Lin Kui, the chief bodyguard of the Cheetah Bodyguard Company.

The most similar thing between them was that they looked down on Yun Jian and looked down on the fact that Yun Jian was a woman.

Yun Jian's slap just now could be considered as a fiery slap to them!

Lin Kui, who got up from the ground, was in a state of shock.

How confident he was just now was how pathetic he was now. In front of so many people, he was sent flying by Yun Jian's kick without leaving any leeway!

"Little sister... you... Where did you learn your skills just now?" The people around were completely petrified. Only Lin Kui got up from the ground in a sorry state and looked at Yun Jian in a daze.

Yun Jian's skills just now gave him a sense of déjà vu.

"Self-taught." Yun Jian stood in the same place coldly. She pursed her red lips and said these two words very calmly.

"This skill... I seem to have met somewhere before! Where exactly is it!" When Lin Kui heard this, he stretched out his hand and scratched his head, completely immersed in his recollection.

The people around him did not say a word. They were all so frightened by Yun Jian's actions that their eyeballs almost popped out.

Among them, the one who was most terrified was still Wang Kun.

Wang Kun was the strongest person in Min City Military Academy. This was publicly recognized by Min City Military Academy.

Therefore, when he first saw Yun Jian, Wang Kun had a feeling that he was high and mighty.

In addition, Wang Kun looked down on girls. In Wang Kun's mind, what use could a girl be?

Other than being a hindrance, girls were useless.

Other than usually showing off his prowess in front of the girls, and then receiving a few screams from the girls, "Wow, so powerful", it greatly satisfied his soul.

What was the use of girls?

Especially when they knew that Yun Jian was still a freshman, Wang Kun and the others looked at Yun Jian with nothing but contempt.

A female freshman wanted to represent min city military academy in such a large-scale friendly match?

Was she here to hold them back?

Therefore, at the beginning, Wang Kun and the others despised Yun Jian as much as they despised him.

But just now, the strength of the cloud paper had completely overturned everyone's understanding.

Wang Kun even thought that just now, even ten of him would not be enough to compare with the cloud paper's move!

Just as he was thinking this, Si Yi had already walked to the side of the cloud paper in front of everyone. He pulled the cloud paper into his arms in front of everyone, as if he was declaring his sovereignty.

After Si Yi pulled Yun Zhi into his arms, he even stroked her slightly flowing hair.

He was silent for two seconds before he softly said to Yun Zhi in front of everyone,

"I won't allow anyone to look down on you. Otherwise, I'll kill you without Mercy!"

In the Hall of the Cheetah Bodyguard Company, a strong ray of sunlight shone through the huge French window. The sunlight shone on Yun Zhi and Si Yi, as if they were the only two people left in this world.

That matching figure, even the four ordinary words 'handsome man' and 'Beautiful Woman' were not enough to describe Si Yi and Yun Jian.

Just as the surrounding people were staring at Yun Jian and Si Yi in a daze, Lin Kui's suddenly enlightened voice was heard. His words in the next second stunned everyone present:

"I remember now! I remember now! This skill, this skill, I will never forget it for the rest of my life! Three years ago, I once participated in an operation to capture the number one spy on the international spy rankings, Sha Shen!

"During that operation, I once fought with Sha Shen, who was ranked number one on the international spy rankings. Her strength was too astonishing. I didn't even have a 0.0000001 chance of winning!

"And this little sister's skill, her skill was actually like a retreat from the number one international spy rankings, Sha Shen! ?"

Chapter 1557: If you're willing, I'll take you as my master

Lin Kui felt that he had seen the cloud paper before, but he couldn't recall it even if he racked his brains.

Just now, Lin Kui saw Si Yi reach out to hold the cloud paper. The way the two of them matched each other made it seem as if everyone around them were ants, while the two of them were the kings and gods that saved everyone.

Seeing that scene, Lin Kui couldn't help but think of two words.

King?

The strength of the cloud paper... King! ?

To be able to have the strength of a king, Lin Kui had only fought against one person in his entire life.

That person was the number one spy on the international spy rankings, Sha Shen!

That was an existence that caused people to be terrified and tremble until their fingertips went numb!

Lin Kui could not help but think of what he had just said. He thought about it and said it out loud.

The strength that Yun Jian had just displayed had already exceeded the capabilities that a military academy high school student should have. On the contrary, it was extremely similar to the terrifying existence in his memories!

Therefore, Lin Kui was also shocked. His entire being was in a dazed state.

Lin Kui was shocked. However, at this moment, after hearing Lin Kui's words, the students standing around him were shocked beyond words.

The top-ranked international spy, Sha Shen?

What kind of existence was that?

It was a terrifying existence. Just the mention of this name was enough to make people tremble in fear!

Most of the students present were from military academies all over the country, and they were only the most ordinary students in the military academies.

And the Sha Shen that Lin Kui mentioned as the number one on the international spy rankings was an existence that no one present dared to even think about!

That was an existence that caused people to be shocked and terrified!

Therefore, when Lin Kui said that he had once faced the number one on the international spy rankings, Sha Shen, and said that his skills were as good as Yun Jian's, everyone's faces changed greatly.

All the surrounding students, including the instructor standing next to them, were so frightened that their faces changed greatly.

"The number one spy on the international spy rankings, Sha Shen? Sha Shen's skills and her skills are as good as her skills? This... is this for real..."

Lin Zigu was so frightened that he could not describe it with words of shock. He widened his eyes and stared at the scene in front of him. He was the first to ask this question in astonishment.

As soon as he said this, everyone reacted. Their sharp eyes stared at Yun Zhi, as if they were waiting for Yun Zhi's reply.

Seeing that everyone was looking at him, Yun Zhi's eyes flashed.

"If I were the top-ranked international spy, Sha Shen, do you think you could still stand in front of me and talk to me?"

Yun Jian's indifferent voice was heard as she spoke softly.

Yun Jian's indifferent voice seemed to have a magical power. Her words made everyone at the scene suddenly feel relieved.

It had to be said that Yun Jian's ability to lie was personally taught by Si Yi.

She did not even blink her eyes when she spoke.

When the surrounding people heard Yun Jian's words, they were at a loss for a moment.

"That's right. Sha Shen doesn't look like you. I'm probably being sensitive... cough!" Lin Kui suddenly reacted. He scratched his head and thought for a moment. In the end, he felt that Yun Jian was right.

"But even if you're not Sha Shen, you beat me just now. This is an indisputable fact. I, Lin Kui, dare to admit it! From today onwards, I will remove my title as chief bodyguard!"

Lin Kui was a righteous person. He patted his own arm and said these words calmly.

After saying this, the people standing not far away still had not recovered from the shock from just now.

Lin Kui had just finished saying these words. Then, in front of everyone, he turned his head to look at Yun Jian and said something that shocked everyone:

"I, Lin Kui, have met countless opponents in my life. There are less than ten people who can defeat me, and you are one of them! If you are willing, I want to be your master!"

Chapter 1558: eat as you please, Don't talk as you please

Although Lin Kui looked down on women at first, he was a person who dared to take responsibility, and his strength and talent stood shoulder to shoulder.

When he said that he wanted to acknowledge Yun Jian as his teacher, Lin Kui's words were full of humility and modesty.

When he said that he wanted to acknowledge Yun Jian as his teacher, Lin Kui did not feel ashamed in front of everyone.

Although Yun Zhi was young, Lin Kui did not feel that it was a shameful thing for him to acknowledge Yun Zhi as his master.

Being shameless to ask was an important reason why Lin Kui could have such strength.

Lin Kui did not care about the reactions of the people around him. At this moment, Lin Kui was looking straight at Yun Zhi.

From the looks of it, he seemed to be waiting for Yun Zhi's reply.

Lin Kui really wanted to get a positive answer from the cloud note.

However, before Lin Kui could get the expected reply from the cloud note, he heard a mellow voice. The magnetic male voice replied for the cloud note first:

"She won't accept you."

"Why! ?" Lin Kui exclaimed immediately.

Why wouldn't the cloud note accept him?

"Because I won't allow it." Si Yi's flat voice sounded, causing Lin Kui to be in a daze for a moment.

Si Yi's handsome face attracted everyone's attention wherever he went.

Lin Kui had already noticed Si Yi earlier, starting from the moment Si Yi reached out to grab the cloud paper.

"Who are you to her? Whether she accepts a disciple or not is her choice. What right do you have to make a decision for her!" Lin Kui did not have a good impression of Si Yi's bossiness.

In Lin Kui's mind, everyone had their own choice.

Si Yi was handsome, but who knew if he was a gigolo?

A gigolo who only had looks but no strength?

Lin Kui was already in his forties. He was not good-looking, but when he was young, he was especially sought after by girls.

That was because Lin Kui was strong. He thought that as a man, he could not be ugly, but he definitely could not be like Si Yi, who only relied on looks to attract girls' attention.

Therefore, when Si Yi stood up and rejected him on behalf of Yun Jian, Lin Kui was displeased.

Because the more Lin Kui looked at Si Yi, the more he felt that he was a gigolo.

As soon as Lin Kui finished speaking, Si Yi's sharp eyes swept over.

His sharp eyes, which were like a Hawk's, looked straight at Lin Kui. At this moment, Lin Kui had the illusion that he was being targeted by the god of death.

Si Yi held Yun Jian's small hand in his palm. He turned his head to look at Lin Kui, and a murderous intent seemed to flash across his deep eyes.

This glance made Lin Kui Tremble.

"If you dare to pester my woman again, Cheetah Bodyguard Company will be destroyed because of you!" Si Yi's sharp gaze made Lin Kui break out in cold sweat.

For some reason, this man in front of him clearly looked like a gigolo. How could he reflect such sharp eyes?

The people standing in the distance were all dumbfounded.

Especially Wang Kun and the others.

Wang Kun and the others were all students of Min City Military Academy. This time, the school didn't send them here to let Si Yi and Lin Kui argue.

In any case, Lin Kui was the chief bodyguard of Cheetah Bodyguard Company. Cheetah Bodyguard Company's strength wasn't weak. Even Min City Military Academy had to give him a lot of face.

But what about Si Yi? He was representing the Min City Military Academy! Yet, he said such words to Lin Kui in front of everyone.

Wasn't he just looking for trouble! !

Just as Wang Kun was about to growl at Si Yi and tell him not to cause trouble, a loud and clear voice was one step ahead of Wang Kun. It growled in Si Yi's direction:

"Let's see who dares to touch my Cheetah Bodyguard Company!"

When everyone heard this loud and clear voice, they could not help but turn their heads around.

They saw a middle-aged man in a decent suit leading a group of men dressed like bodyguards behind him entering the entrance of the Cheetah Bodyguard Company.

When this well-dressed middle-aged man entered the hall, everyone turned their eyes to him.

The middle-aged man walked into the arena in a dignified manner.

When he saw this middle-aged man, even Lin Kui was filled with awe. He lowered his head towards the middle-aged man and said,

"Chairman!"

That's right, the middle-aged man who was shouting at Si Yi was the chairman of the Cheetah Bodyguard Company, Wen Zhentian!

At this moment, Wen Zhentian ignored Lin Kui who was shouting at him. He walked straight to Si Yi. He was shorter than Si Yi, but he pretended to be domineering and shouted at Si Yi,

"Young man, you can eat whatever you want, but you can't say whatever you want! My Cheetah Bodyguard Company is not something you can destroy just like that!"

Chapter 1559: how dare you treat me like this, young master said

Wen Zhentian had just walked in from the main entrance when he heard Si Yi's voice.

He actually said that he was going to destroy his cheetah bodyguard company?

Young people nowadays, they were so young, yet they were so arrogant!

Wen Zhentian was immediately enraged, so he directly walked in from the main entrance. He did not even have the time to greet Lin Kui, and directly shouted at Si Yi.

When the surrounding people heard Lin Kui Address Wen Zhentian as chairman, they all reacted.

This was probably the chairman of the Cheetah Bodyguard Company!

Everyone had witnessed Yun Jian's ability. However, in the eyes of everyone, Si Yi was just a pretty boy who did not have any strength at all.

Moreover, Wang Kun and the others also knew that Si Yi was a transfer student. They did not even know if he had the ability or not.

How dare he be so arrogant?

And he even said that he wanted to destroy the cheetah bodyguard company?

He was dreaming! How could he destroy the Cheetah Bodyguard Company!

Did he think that he was some powerful legend?

And more importantly, when Si Yi said that he wanted to destroy the Cheetah Bodyguard Company, coincidentally, it was heard by the Cheetah Bodyguard Company's chairman!

When the Cheetah Bodyguard Company's chairman heard his words, was Si Yi looking for death? !

The surrounding people were horrified just by looking at it, not to mention Si Yi himself.

Moreover, after the Cheetah Bodyguard Company's chairman, Wen Zhentian, entered, he was obviously angered by Si Yi. He did not even have the time to respond to Lin Kui's greeting before he looked straight at Si Yi, he shouted and said what he had just said.

The surroundings were completely silent. It had to be said that Wen Zhentian's aura was very strong. After he spoke, all the students present did not dare to say another word.

Wen Zhentian had always been full of confidence in his aura. He turned his head to look at Si Yi. Seeing that Si Yi was indifferent to his words just now, he could not hold it in any longer and spoke again with a slightly heavy tone:

"Which Military Academy are you a student from? Go back now! Our Cheetah Bodyguard Company doesn't accept gigolos like you!"!

"Young people nowadays act pretentiously based on their appearance. I don't care about this, but in the territory of my Cheetah Bodyguard Company, I Won't allow you to act pretentiously on my head!"

Wen Zhentian wanted to chase him away without saying a word. Even if Si Yi apologized on the spot, he would never forgive him for his tough tone.

"Chairman! Chairman! It was his fault just now. Let's see if we can forgive him! He definitely won't dare to do it again next time!"The leading teacher of Min City Military Academy quickly ran to Wen Zhentian to ask for forgiveness.

The position of the Cheetah Bodyguard Company was one of the best in the world.

And as the chairman of the Cheetah Bodyguard Company, all the People Wen Zhentian interacted with were all at the level of international bigwigs.

Therefore, no matter who he offended, he would never offend him!

Everyone present was well aware of this.

However, everyone thought that Si Yi was stupid. He actually said those words in front of Wen Zhentian!

Based on Wen Zhentian's character, he naturally would not forgive Si Yi.

Furthermore, Wen Zhentian was short and ugly. Looking at Si Yi's young and handsome face, Wen Zhentian was also very envious of him. However, he would not say it out loud.

"Young people should pay the price for their words and actions! He must leave!" Wen Zhentian glared at Si Yi with his round eyes.

"Old Man, are you sure?" Si Yi, who was standing opposite him, curved his lips and said coldly.

"Old Man? What? You Called Me Old Man? Which Military Academy are you a student from? Let me tell you, you have been expelled from your military academy! You actually called me old man, I..."

When Wen Zhentian heard Si Yi's words, he almost spat out a mouthful of blood. Not only did he immediately plan to make Si Yi leave his cheetah bodyguard company, he also wanted to use his own power to force Min City Military Academy to expel Si Yi!

In the eyes of everyone, Si Yi's actions were completely suicidal. Was he stupid?

He even dared to challenge Wen Zhentian?

Wen Zhentian was a relatively tough person. If someone said something wrong in front of him, Wen Zhentian was the kind of person who would not forgive the other party even if he was beaten to death.

Just when everyone thought that Si Yi had provoked Wen Zhentian this time and was definitely doomed, another loud male voice suddenly came from the main entrance. Following that, Xue Ying's figure appeared in everyone's eyes:

"Wen Zhentian, you actually dare to use such a tone to speak to my young master. Do You Want My Dark Soul Organization to destroy your Cheetah Bodyguard Company?"

Chapter 1560: the Imperial Dragon Incident, the legend of sorcerer God

Xue Ying strolled in from the entrance of the Cheetah Bodyguard Company. The shoes under his feet rustled as they brushed against the smooth ground.

His words entered the ears of every student present, Cheetah Bodyguard Company's chairman Wen Zhentian, and all the bodyguards present, causing everyone to tremble.

The students present might not know what kind of existence the dark soul organization was.

To the students, organizations like the Dark Soul Organization and the ancient kill mercenary group did not have much of a concept.

Perhaps someone had heard of it.

However, to Wen Zhentian, the chairman of the Cheetah Bodyguard Company who had been fawning over the dark soul organization and trying to obtain some benefits from the dark soul organization, that was simply fatal news.

Wen Zhentian clearly knew Xue Ying. After hearing Xue Ying's words, he and Lin Kui both looked at Si Yi with terrified eyes.

"Young master? Then you are! ..."Wen Zhentian's mouth could not contain his shock. His pupils constricted as he stared at Si Yi.

"Watch your mouth! If you say one more word, the cheetah bodyguard company will be listed on our dark soul organization's ultimate kill list!"Xue Ying shouted at Wen Zhentian.

This shout made Wen Zhentian so scared that he successfully shut his mouth.

The Dark Soul Organization's kill list!

What was a kill list? Anyone who was listed on the Dark Soul Organization's kill list or organization would be hunted down by the dark soul organization.

The dark soul organization had so many top agents or assassins in the world. Those who were listed on the Dark Soul Organization's kill list would be hunted down by the dark soul organization's insiders until the death of the other party was confirmed.

In the history of the dark soul organization, no one had ever escaped the pursuit of the dark soul organization's kill list. Without exception, all of them had to die!

Therefore, the dark soul organization's kill list had always been a taboo for international bigwigs.

Xue Ying's shout just now could be considered to have succeeded in making Wen Zhentian Tremble in fear.

Seeing that Wen Zhentian had retreated, Xue Ying did not have the time to chat with Wen Zhentian. He walked towards Si Yi with his long legs and then whispered something into Si Yi's ear.

Si Yi's eyes instantly sharpened. In the next second, he pulled Yun Jian's hand and walked out.

"Hey Hey, you guys... What are you guys going to do?"Min City Military Academy's teacher saw Si Yi and Yun Jian walking out and immediately exclaimed.

"We're taking two days off. We'll be back on time for the friendly match."Si Yi grabbed Yun Jian's small hand and did not turn his head. He calmly said these words.

The teacher who was in charge of the students of Min City Military Academy didn't know what had happened at all. He opened his mouth, but in the end, he still let Si Yi and Yun Jian go.

The students from military academies from all over the country were arranged to train at the Cheetah Bodyguard Company. Their goal was to stand out in the friendly match on the third day.

Yun Jian's strength was already there. Si Yi's influence was so great that even the chairman of the Cheetah Bodyguard Company was afraid.

The teacher in charge of Min City Military Academy did not dare to stop them. He could only hope that Yun Jian and Si Yi could return earlier.

And at this moment, Si Yi had already grabbed Yun Jian's small hand and accompanied Xue Ying out of the main entrance.

Xue Ying had only said seven words to Si Yi earlier: Imperial Dragon Great Land. There was an incident.

Hence, Si Yi and Yun Jian brought Xue Ying and Mo Sen to the Imperial Dragon Great Land.

...

At this moment.

Imperial Dragon Great Land.

As the number one aristocratic family in the imperial dragon great land, the Hu Yan family was currently having a celebratory feast.

And the head of the Hu Yan family, Hu Yan Ba, was currently standing right in front of all the members of the Hu Yan family. He was looking down on everyone.

"Father, the Shaman Clan has already been defeated by My Hu Yan family. Tomorrow, the shaman clan will be completely enslaved by my Hu Yan family! HMPH, from what I see, the legend of the sorcerer God's return is just empty words!"

Beside Huyan Ba stood a man who was only 1.55 meters tall. He looked old, had a plump body, and had an overindulgent look on his face.

This man was Huyan Ba's son. His name was Huyan Liu.

"The legend of the god of Shamans' return is just a bluff! HMPH! The Shaman Tribe is just something in my hands!" Huyan ba said very confidently.

"Then, father, will all the girls from the shaman tribe be sent to be prostitutes of our Huyan family?" When he reached the main point, Huyan Liu's eyes lit up.
