

Schoolgirl 1601

Chapter 1601: "So it's you, the number one in history."

This boy who was only 1.59 meters tall, thin and small, and looked like a foreigner was called Wang Qingjiang.

At this moment, Wang Qingjiang's face was full of arrogance. He looked as if he was extremely powerful.

In fact, the entire Z country only had three spots for special forces members who could enter the hunting school.

The selection field was just a selection for the three members who would represent the country to go to the hunting school.

Of course, the Special Forces members who could be sent to the selection field were all the top talents of the country Z.

Although Wang Qingjiang's arrogance made everyone present unhappy, he was very popular with this group of girls.

Most of the girls did not know much about the market. These boys tried their best to understand the market in order to show off in front of the girls.

The fact proved that Wang Qingjiang was showing off this point, which made the girls present gape in surprise.

Wang Qingjiang turned his head to look at the cloud paper, but the cloud paper didn't show any surprise. He couldn't help but be a little surprised.

Shouldn't she be surprised that her uncle could go to such a harsh place like the selection field?

Why didn't this girl have any reaction at all?

"Qingjiang, you brat, you still hid it so well!" Yuan Hongming, who was next to him, put his arm around the short Wang Qingjiang's shoulder and said to Wang Qingjiang with a smile.

When Wang Qingjiang heard Yuan Hongming's words, the vanity that he didn't find on Yun Jian just now was now overflowing.

"That's right! My uncle is nearby. He's going to buy some water and will be here in a while."

"If you need it, you can ask my uncle for an autograph or something. After all, there are only a few special forces soldiers who can participate in the selection field in the entire Z Nation!"

As Wang Qingjiang spoke, he glanced at Yun Jian again and hinted, "My uncle only gives his autograph to my friend! If it's someone who doesn't get along with me, I won't give it to her unless she kisses me!"

As Wang Qingjiang spoke, he turned his head and glanced at Yun Jian a few more times.

It was as if getting his uncle's autograph was a lifetime of good luck.

A boy beside him immediately realized what Wang Qingjiang meant.

One of the boys even teased Wang Qingjiang with a smile, "Qingjiang, you're short, but you have a way of picking up girls!"

Zhang Shaofeng was still squatting beside them. He was not affected by this group of people at all, and Yun Jian did not make a sound either.

Chen Xinyi clenched her fists angrily, but in the end, she ignored this group of people.

Just when Wang Qingjiang was feeling bored, he suddenly shouted excitedly to a tall and long figure at the entrance of the park, "Little uncle! I'm Here!"

He had thought that it was meaningless to show off just now, but his little uncle had come!

Wang Qingjiang was immediately energized.

Wang Qingjiang's uncle was completely different from Wang Qingjiang. Wang Qingjiang's uncle was quite handsome, and his height was about 1.75 meters. From a distance, his valiant and valiant bearing was very similar to that of a special forces soldier.

Wang Qingjiang's uncle had just walked over when Wang Qingjiang could not help but glance at Yun Jian. He continued to speak to the crowd in a smug manner:

"This is my uncle! My uncle is about to head to the selection field. With his strength, I believe that he will definitely be in the top three. Then, he will represent our country Z to participate in this year's hunting school.

"You guys, if you're smart, you should ask for an autograph or something earlier!"

Speaking up to this point, Wang Qingjiang paused again. His short stature slightly turned to the side and looked at the cloud paper with a picky gaze. He was just about to use his words to tease the cloud paper a few more times.

However, he saw his uncle looking in the direction of the cloud note. After he saw the appearance of the cloud note clearly, Wang Qingjiang's uncle looked at the cloud note excitedly in front of everyone and said,

"You... You're the girl from Min City Military Academy! The last time at the headquarters of Glenn, the boss of the European and American underground black markets, it was you who led people to break out of the prison and led people to launch a surprise attack!

"You might not remember me, but I remember you! You're really amazing! No one has ever successfully escaped from the Dungeon of Glenn's headquarters ever since it was built... and you're the first person in history!"

Chapter 1602: was the most powerful person he had ever met

Wang Qingjiang's uncle was called Wang Dong. He was not bad looking and was about 1.75 meters tall. He was one of GE Junjian's Special Forces soldiers.

Last Time, Yun Jian seized a helicopter and drove it to the headquarters of the underground black market boss of Europe and the United States, Glenn, to rescue GE Junjian. Wang Dong was one of the special forces soldiers with Yun Jian.

Therefore, even if the incident was suppressed and the people of Min Military Academy and the Special Forces did not know the truth, Wang Dong also knew what had happened back then.

It was Yun Jian who had brought GE Junjian and the others out of the dungeon back then!

Wang Dong still could not forget how Yun Jian had saved GE Junjian and the others from the dungeon back then!

In the dungeon, facing so many guards with machine guns, she actually killed so many guards with machine guns without batting an eyelid and easily saved everyone from the dungeon.

She was determined to become the only legendary figure in the dungeon that no one could break out of!

“Uncle, what are you talking about?” After hearing what his uncle Wang Dong said, Wang Qingjiang was stunned for a while and didn’t react for a long time.

“The dungeon built by the boss of the European and American underground black markets... that... that legendary dungeon where no one has ever been able to break through the encirclement and escape successfully. Didn’t they say that someone had successfully escaped from prison a while ago?”

“How could it be... Her? She’s just a high school student who just entered the school?”

Yuan Hongming was also frightened by Wang Qingjiang’s uncle Wang Dong.

What Wang Dong said was really too unbelievable.

It was said that the boss of the European and American underground black markets, Glenn, was arrested because of the first person who successfully escaped from the prison!

Yun Jian was just an ordinary high school student. How could she be that legendary figure?

Moreover, this matter had not been reported yet?

“I’ve always wanted to get to know you. Not only are you astonishingly strong, but you’re also officer GE’s biological daughter. I didn’t expect you to be a friend of my nephew’s.”

Wang Dong did not realize that his nephew, Wang Qingjiang, and the others were unfriendly to Yun Jian at all. He looked at Yun Jian with a face full of admiration that could not be concealed.

Astonishingly strong, officer’s daughter?

These few words surged into the hearts of Wang Qingjiang, Yuan Hongming, and everyone present, causing everyone present to widen their eyes.

Yun Jian...

She was even the daughter of a military officer?

And she was even praised by Wang Qingjiang, such a powerful uncle of the special forces... ? ... amazing strength?

Wasn't this too unbelievable?

Putting aside the fact that Wang Qingjiang's uncle, Wang Dong, had just said that Yun Jian was the first person in history to successfully escape from the prison, just these few words alone were enough to drive everyone present crazy.

Yun Jian blinked and did not say much, but he tacitly acknowledged this fact.

"Little uncle... she... she's really that powerful..." Wang Qingjiang pointed at Yun Jian. He blinked hard and then looked at Wang Dong in disbelief.

Yuan Hongming's face was also as dark as if he had eaten dog shit.

At first, Yuan Hongming and Wang Qingjiang looked down on Yun Jian, Zhang Shaofeng, and Chen Xinyi. Now, their faces were as dark as a sheet.

However, before Wang Qingjiang and Yuan Hongming's faces turned even darker, Wang Dong's voice sounded again:

"How could it be fake? Didn't you say that you wanted to get to know my opponent in the hunting school selection field? She is one of them!!"

"Moreover, I am sure that she is one of the three people who can go to the hunting school! Because her strength is the strongest among all the people that I, Wang Dong, have seen!"

"Moreover, I am sure that she is one of the three people who can go to the hunting school! Because her strength is the strongest among all the people that I, Wang Dong, have seen!"

Chapter 1604: Blood Doll faction, sniper kill

When Yun Jian said this, her tone was extremely flamboyant.

If she, Yun Jian, could not survive from the hunting school, then she was not worthy of the words 'Special Forces'!

It was not like ordinary people did not know how terrifying the hunting school was.

That was a hunting school!

A hunting school with a mortality rate of 80% !

"Even if you are a special forces soldier who can participate in the hunting school's Z country selection field, what confidence do you have to say that you can survive in a place like a hunting school? There are many outstanding special forces soldiers in the world, who do you think you are?"

"I think that even getting a place to go to a hunting school in Z country is a serious problem!"

A girl beside Yun Jian could not help but see Yun Jian in the limelight when she heard Yun Jian's words, so she argued loudly.

This girl who spoke to Yun Jian was with Wang Qingjiang. Girls usually liked to be in the limelight.

The girl was 1.69 meters tall. Among the girls, she could be considered a tall and slim beauty.

Usually, when she was with Wang Qingjiang and Yuan Hongming, this girl was in the limelight quite a bit.

But just now, the limelight had already been revealed by Yun Jian, so how could the girl still remain calm? Thus, she immediately voiced out and wanted to refute Yun Jian.

The girl's name was Lin Susu, and her appearance was quite ordinary. However, her face was covered with Rouge and powder, and she wore extremely thick makeup. Although she didn't look good, she herself felt that it was very good.

"If she doesn't get a spot, there won't be anyone in our country who can represent the special forces in the Hunting School!" Wang Dong was very unhappy when he heard Lin Susu's words.

Wang Dong refuted Lin Susu almost immediately.

To Wang Dong, the cloud note was a symbol of strength!

Lin Susu pursed her lips when she was refuted by Wang Dong, but Lin Susu was not happy at all.

“You... Oh, I know. Didn’t you say that she is the daughter of your military officer? You are obviously trying to curry favor with her by saying that! As a special forces soldier, you are really embarrassing!”

Lin Susu could not respond to Wang Dong’s rebuke. Lin Susu said confidently and then clenched her fists. She suddenly remembered that Wang Dong had just called Yun Jian the daughter of military officer Ge.

Since she was the daughter of an officer, then Wang Dong was a subordinate. If Wang Dong wanted to please Yun Jian, it was not impossible!

Moreover, the possibility of Wang Dong wanting to please Yun Jian was very high!

Lin Susu herself thought that she was smart, but she could actually think of this level.

“Nonsense! My uncle will not speak nonsense!” Although Wang Qingjiang also doubted Yun Jian at the beginning, he always had the right to be proud of his uncle.

Therefore, although Wang Qingjiang was with Lin Susu, when necessary, he immediately refuted Lin Susu.

“Ha, I don’t believe it. Officials protect each other. She is the daughter of an officer and has a reliable father, so...” Lin Susu had just opened her mouth to say this.

Yun Jian’s eyes lit up. She saw a slim figure from outside the park.

It was Qing Yan.

Qing Yan was strolling over. When she saw Yun Jian, Qing Yan nodded at Yun Jian and said, “Sister Jian.”

Sister Jian?

Call her sister?

Other than Zhang Shaofeng and Chen Xinyi, everyone else was slightly stunned, especially Lin Susu. She looked more outstanding than anyone else.

While everyone was stunned, Yun Jian gestured to Qing Yan. Then, Qing Yan said to Yun Jian in front of everyone,

“Sister Jian, as you expected, the ten or so snipers that blood doll sent to kill you last time were just to test your skills.”

As soon as Qing glaze finished her words, Wang Dong’s soul-shaking voice covered her. Wang Dong’s eyes widened in shock as he yelled at Yun Jian and Qing glaze in front of everyone,

“The blood doll that you guys are talking about is the assassin organization that just rose up in Southeast Asia? Blood doll actually sent snipers to kill you! ?”

Chapter 1605: my woman, you piece of trash

As soon as Wang Dong’s voice fell, the surrounding people were all dumbfounded.

Yun Jian was actually killed by a sniper?

Then she could actually still survive? And she could still stand here alive!

What did this mean?

It meant that her strength was strong enough to be able to dodge the sniper's sniping!

Let me ask you, snipers kill people silently.

Before a sniper kills a target, it's impossible for them to say things like, "I'm Coming to kill you, hurry up and run," right?

When a sniper kills someone, they directly aim at a person and then wait for that person to appear. After that person's head was shot, they would immediately run away!

If Yun Jian was killed by a sniper, she would still be able to discover that the sniper was killing her. This could only mean one thing.

That was her vigilance and insight. It was extremely powerful and exquisite!

Therefore, Qing Yan's words also directly showed one thing from the side.

That was how strong Yun Jian was!

Lin Susu's expression turned as if she had eaten dog shit under the speed that everyone present could see.

Qing Yan's words had already clearly shown one thing from the side, and that was how strong Yun Jian was!

Wang Dong was only stunned for a moment before he stopped showing an exaggerated expression. After all, when Yun Jian had escaped from the dungeon, so many people with machine guns had used machine guns against her.

Yun Jian was stunned to be in such a dangerous place. She killed those guards with machine guns and brought people out of the dungeon.

Snipers were indeed scary, because they could kill you from a high vantage point without you noticing.

But Yun Jian's strength was definitely able to withstand it.

"Ha, blood baby's snipers aren't enough to threaten my sister Jian!" Qing Yan sneered and said.

Qing Yan had a sweet appearance, but when she spoke, there was a sinister chill in her voice.

This made Lin Susu, who despised Yun Jian's strength just now, suddenly feel speechless.

"I didn't expect you to be so powerful..." Wang Qingjiang decided to take back everything he had said before and formally hit on Yun Jian.

Therefore, Wang Qingjiang opened his mouth and said to Yun Jian.

Yun Jian ignored him.

“Ahem! I underestimated you before. Let’s officially become friends. You’re also a special forces soldier, and my uncle is also a special forces soldier. You two can go to the hunting school’s training ground and take care of each other.”

Wang Qingjiang began to use the most old-fashioned and vulgar way to strike up a conversation with Yun Jian.

Yun Jian still did not reply. At the same time, Yun Jian turned around and was about to leave the park. He even said to Zhang Shaofeng, “Practice on your own. Next time, I’ll check your progress.”

Having said that, Yun Jian had already planned to walk out of the park. Only then did Wang Dong scratch his head, somewhat at a loss.

From what he heard from his nephew...

Yun Jian and his nephew, Wang Qingjiang, were not friends?

Just as Wang Dong was feeling puzzled, Yun Jian had already beckoned qingyan to leave the park with him.

This time, Wang Qingjiang was anxious.

Although Wang Qingjiang was short, five to six centimeters shorter than Yun Jian, and did not look good, Wang Qingjiang wanted to find a girl who was better and more powerful than him.

To put it bluntly, Wang Qingjiang wanted to be a gigolo.

Unfortunately, his looks didn’t match the gigolo at all.

“Hey, don’t go... Let’s make friends, and we can get along well...” Wang Qingjiang obviously wanted to flirt with Yun Jian, so he ran up to him in a hurry and wanted to use his ugly hand to pull Yun Jian’s hand.

However, before he could pull the cloud paper’s tender wrist, he was grabbed by a slender and well-defined big hand.

This slender and well-defined big hand grabbed Wang Qingjiang’s hand. His tall body looked down on Wang Qingjiang’s 1.59 meters tall figure, and in the next moment, he threw Wang Qingjiang away.

At the same time, he lifted his leg and sent Wang Qingjiang flying several meters away with his slender thigh. At the same time, he shouted,

“My Woman is not something trash like you can touch. Get lost!”

Chapter 1606: he was very physically active

Wang Qingjiang was sent flying several meters by Si Yi’s kick. He quickly covered his heart, which was about to jump out of the fish, and looked at Si Yi in pain and malevolence.

“Your woman? She’s your woman? She didn’t write this on her face. What right do you have to say that she’s your woman! ?”

Wang Qingjiang was unwilling to give up. He growled at Si Yi and stood up. Then, he walked over to Yun Jian and looked at Si Yi, who was standing in front of Yun Jian.

Si Yi was 1.85 meters tall while Wang Qingjiang was 1.59 meters tall. The difference in height between the two of them was even greater than Yun Jian and Si Yi standing together.

Yun Jian was 1.65 meters tall, six centimeters taller than Wang Qingjiang.

Wang Qingjiang and Si Yi looked straight at each other. He could not even see Si Yi's chin. As a boy, he stood in front of Si Yi and forced himself to meet Si Yi's eyes. This made people laugh out loud.

Wang Qingjiang naturally realized that Si Yi was taller and more handsome than him. He gulped and tiptoed slightly. Seeing that he couldn't gain anything in front of Si Yi, he turned his head to look at Yun Jian.

After looking at Yun Jian, Wang Qingjiang turned his head to look at Si Yi again. Then, he said to Si Yi in a serious and solemn tone,

"Teacher said that I can't discriminate against anyone. Although I'm not tall enough and I'm not very good-looking, I won't be like you, unreasonable and unreasonable! I'm extremely possessive!"

"She also has the right to choose! Looks and height can't be used as food! At the very least, she definitely won't despise me like you do! If you don't believe me, you can ask her whether she dislikes me or Not! Will she choose me!"

"I think she definitely won't despise me! She will definitely choose me!"

Wang Qingjiang grasped every single word very well. If Yun Jian did not choose her, then even if Yun Jian disliked his short looks and ugly looks.

Others would think that Yun Jian was a snob.

Wang Qingjiang did not know the relationship between Si Yi and Yun Jian. He thought that the relationship between Si Yi and Yun Jian was just a pair of young boys and girls who were in love and falling in love.

To put it bluntly, in the eyes of Wang Qingjiang, Yuan Hongming, and the others, such a relationship was just for fun. They could snatch it away at any time.

However, if they knew the relationship between Si Yi and Yun Jian, they would not think so at all.

"Qingjiang, good job. It seems that you have made up your mind to flirt with this girl this time!" A boy next to him started to jeer. His tone was naturally full of bragging.

When Wang Qingjiang heard that, he was really excited. He tiptoed even more fiercely, wanting to look si yi in the eye, but he could barely reach Si Yi's shoulder.

Wang Qingjiang thought that he was very smart. After saying that, Yun Jian would definitely choose him because he wanted to explain to the public that he was not looking down on him.

Or even if she didn't choose him, she would definitely not reject him too directly.

After all, in public, which girl did not want to embarrass herself.

Just as Wang Qingjiang was waiting for Yun Jian's reply and making a solemn vow, Yun Jian's voice suddenly rang out, causing Wang Qingjiang and the others to fall into a daze:

"Ignorant and ignorant child."

After saying this, Yun Jian turned around and called out to Qing Yan. Then, he grabbed Si Yi's hand and was about to leave the park with Si Yi.

Zhang Shaofeng and Chen Xinyi were not in a hurry to leave. Zhang Shaofeng still needed to train himself for a while. Although Chen Xinyi quarreled with Zhang Shaofeng every day, she would still accompany him. They would return together after Zhang Shaofeng finished his training.

"Wait, what do you mean by this? Do you really want to choose him because of my looks?!"

Seeing that Yun Jian was about to leave, Wang Qingjiang could not help but shout at Yun Jian.

Hearing Wang Qingjiang's straightforward words, Yun Jian's eyes moved slightly. She curled her lips into a red arc and turned around with a cold smile.

When Wang Qingjiang saw this, he thought that Yun Jian might have changed his mind.

However, Yun Jian sneered at Wang Qingjiang in front of everyone. "Not only are you not as good-looking as him, but you're also not as good-looking as him in any way. His physical strength is very vigorous. Are you comparable to him?"

Chapter 1607: was showing off like a treasure. Si Yi was showing off

Did he have vigorous physical activity?

Vigorous physical activity? Did he mean... Him?

"Cough, cough!" Si Yi, who originally wanted to vent his anger for the cloud note, coughed lightly.

His big palm firmly held the small hand of the cloud note. He stood beside the cloud note with his head slightly lowered. Looking at her exquisite and beautiful side profile, he thought that she had a firm expression that said that he had good physical activity.

Si Yi felt that...

He really should try a few times. HMM...

His Little Jian had already praised him so much. If he did not work hard and bloom, how would the result be?

He still wanted her to give birth to a lot of children for him.

After hearing what she said, Si Yi lowered his head slightly and his handsome lips curled up like a fan.

He wanted Little Jian to give birth to a football team for him!

It was not enough.

Those two teams were enough?

It was better to live until the old age, right?

No, no, his Xiao Jian would be born bad. If his Xiao Jian got sick because he gave birth to a child, then he probably would not feel at ease for the rest of his life.

“You... you two? The two of you?” Without mentioning anything else, Wang Qingjiang really had a misconception.

Yun Jian and Si Yi?

Yun Jian and Si Yi!

The two of them had actually already...

Moreover, the most important point was that what Yun Jian said just now was a very obvious and deliberate negative contrast.

That was that Yun Jian said that he definitely couldn't do it?

That negative side couldn't do it?

Men usually hated being said that they couldn't do it in that aspect the most, so after Wang Qingjiang heard Yun Jian's words, he almost spat out blood.

Moreover, the most important thing was that Yun Jian had said those words in front of so many people without blushing and without beating his heart!

“You... you... you...”

Wang Qingjiang pointed at Yun Jian and Si Yi. His hand trembled as if it had been bent over by a spring. The trembling was shocking.

“Little Jian loves my vigorous physical strength the most.”

Si Yi shamelessly replied to Yun Jian. He completely ignored Wang Qingjiang's trembling and furious look. He reached out and grabbed Yun Jian's slender waist. He lowered his head slightly, the height and figure that matched Yun Jian could make the eyes of a large group of people present collapse.

Then, he leaned against Yun Jian's ear and let out a soft moan.

Si Yi's actions made the people present even more frantic, especially Wang Qingjiang.

Wasn't the phrase 'a perfect couple' referring to Yun Jian and Si Yi?

In comparison, Wang Qingjiang's previous actions were extremely foolish.

Listening to Yun Jian and Si Yi singing together, Wang Qingjiang felt that it was especially eye-piercing.

But that wasn't all. Si Yi even said, “Xiao Jian, let's go back to our home.”

The main point of Si Yi's sentence, 'home for two', was too obvious and too intentional!

However, Wang Qingjiang was really shocked by Si Yi's words.

“You guys are actually living together! ?” Although everyone present was quite shocked, none of them were as shocked as Wang Qingjiang.

Yun Jian and Si Yi were actually... living together?

“The parents have already approved of it. Why Can’t we live together?” Si Yi was really addicted to showing off. He lowered his head and looked straight at Yun Jian with a handsome smile.

“Eh, I’ve really heard about it from officer GE. He said that he has a son-in-law that he has decided on. He said that once his daughter reaches the legal age, he will immediately go to the Civil Affairs Bureau to register.

“He also said that his son-in-law has already gotten that... Country R’s marriage certificate with his daughter! The son-in-law that officer ge mentioned, could it be you?”

Wang Qingjiang was so angry that he almost fainted, but it was not enough. This time, his uncle, Wang Dong, personally dealt a critical blow to Wang Qingjiang.

“You guys even have country R’s marriage certificate? You guys actually got married! ?” Wang Qingjiang looked at Yun Jian and Si Yi as if he was spewing blood.

He had not noticed it earlier, but now he suddenly noticed that Yun Jian and Si Yi were both wearing a wedding ring.

At first, he thought that girls liked to wear these things, so Wang Qingjiang didn’t pay much attention to it.

But now it seemed...

This was probably Yun Jian and Si Yi’s wedding rings, right?

“Yes, Xiao Jian and I are already legally married.” Si Yi curled his lips. As he spoke, he once again took out the marriage certificate that he had brought with him from his trouser pocket and placed it in front of everyone like a treasure...

Chapter 1608: Xiaozhu’s real mother, the Little Belt

Seeing this marriage certificate, Yun Jian once again wanted to hold his forehead.

He really couldn’t bear to leave this marriage certificate in his trouser pocket at all times?

Let Me Ask, who couldn’t bear to leave the marriage certificate at home at all times?

I’m afraid that there is no one else in the world who can do this except Si Yi, right?

Si Yi’s action surprised Wang Dong.

This young man actually hid the marriage certificate in his pocket?

And that was not all. He had to show it off at any time and then hide it back into his pocket like a treasure.

Wang Dong did not know whether to laugh or cry.

To be honest, no one else in the world could do such a thing except Si Yi.

Of course, this made everyone present feel a very strong point.

That was how much Si Yi treasured the cloud paper. He even hid the marriage certificate with the cloud paper so well.

Not to mention how much he usually doted on the cloud paper!

Moreover, Si Yi was so handsome. Not only was Si Yi handsome, he also doted on the cloud paper to a certain degree.

That was simply the object of envy for all the girls present!

And in the eyes of such an object, only Yun Jian's figure was reflected.

His eyes were filled with her.

"Haha! You guys are really loving each other!" Even Wang Dong could not help but praise.

Wang Dong was Wang Qingjiang's uncle, but his character was completely different from Wang Qingjiang. Wang Dong was 1.75 meters tall, tall, and not bad looking. Coupled with his current achievements, he was only in his thirties, and could already be considered a young person, he was a formidable figure with achievements again.

Seeing Yun Jian and Si Yi's loving appearance, Wang Dong could not help but praise them.

After he finished praising them, Wang Dong opened his mouth and said to Si Yi,

"Young man, spoiling your woman, you have a future! I have to learn from you! In the future, when I have a girlfriend, I have to spoil her too! Treat her as my beloved pet!"

After Wang Dong said this, Si Yi did not have much of a reaction.

This was because to Si Yi, whether in front of or behind people, he would always hold the small note in his palm.

"She is my life." Si Yi returned the words to Wang Dong.

She was his life. He would definitely use his life to protect her life!

Whether it was him as a divine lord or the current him.

Just like how in his previous life, he had given up on his divine spark and risked his soul dissipating and almost falling to the ground. He did not even think twice about saving her, who was supposed to have her soul dissipating.

He had said that even if he died, he would be the one to take her place.

Even if her soul dissipates, he would be the one to take her place!

...

After returning home from the park, Yun Jian and Si Yi were separated from Qing Yan.

Qing Yan hopped back to her own place and went home to change her clothes before going on a date with Yun Yi.

In the empty suite, the poor bachelor Gu Nian hugged her pillow as she watched Qing Yan Hop into the room and change into beautiful clothes. She then went on a date with Yun Yi...

...

After Yun Jian and Si Yi returned home, they first went to Mrs. Yang's house to look for Little Yun Zhu and the other two.

Qin Yiruo had returned to the countryside to accompany Qin Fangfang, so she was not at home.

Yun Jian and Si Yi went to Mrs. Yang's house to take a look at Little Yunzhu and the other two. Seeing that they were very happy at Mrs. Yang's house, Yun Jian felt at ease and went home with Si Yi.

When they had just arrived home, Yun Jian received a piece of news.

Little Yunzhu's biological mother in this life was going to recover in two months.

Little Yunzhu's biological mother in this life was a woman with a hard life. It was not easy for her to raise little Yunzhu's physical body.

The last time, Yun Zhu's mother was stabbed by someone and almost died. Later, Yun Jian sent her abroad to be saved.

After recuperating for so long, she would be back soon.

Then... would she take Yun Zhu Away?

"What are you looking at?" There were only Yun Jian and Si Yi at home. At this moment, Si Yi saw Yun Jian looking down at his phone message. It was unknown what he was studying. He hugged her from behind Yun Jian.

Yun Jian turned off his phone and shook his head gently. "Nothing..."

Yun Jian had just turned off his phone when Si Yi looked at her red lips that were as red as a red strawberry. He could not help it. He pulled out his belt and tied Yun Jian's small hands up before lifting them to the top of his head.

As for him, he was wantonly wandering around her body...

Chapter 1609: went to the selection field, on the eve of the selection

Yun Jian was still thinking about the return of little bamboo's biological mother. When he came back to his senses, Si Yi had already lifted her little hand. Then, he actually used his belt to tie her little hand...

"You, what are you doing?" Yun Jian's face instantly turned red. She immediately knew what he was going to do to her, so her face was as red as a monkey's butt.

"F * ck you." Si Yi was very close to Yun Jian at this moment, and his breathing was almost warm from the top of Yun Jian.

This made Yun Jian even more shy.

"I..." Yun Jian's face was as red as a red apple.

"Didn't you just say that my physical labor... is vigorous? Little Jian, don't you want to try it?"

"I..." Yun Jian's red face made Si Yi even more fond of it.

After enduring for so long, he really couldn't take it anymore.

"Xiao Jian, don't be nervous. Leave Yourself to me. Be Good, I will be gentle." Si Yi Bit Yun Jian's soft and numb earlobe and said softly.

"HMM... i..." Yun Jian's face was so red that it was about to bleed.

"Don't talk, stick to me..." without knowing when, Si Yi had already removed Yun Jian's shirt.

However, just as Si Yi wanted to go deeper, the phone in the cloud note's trouser pocket suddenly vibrated.

Si Yi's desire that had just surged up was instantly dispelled.

"F * ck!" Si Yi punched the corner of the wall. For the first time in his life, he spat out a swear word.

It was the first time he was so furious, and it was also the first time he displayed his emotions so irrationally.

However, this kind of emotion could only be seen by his little pad.

Yun Jian still took out the phone from his pocket. The moment he took out the phone, her face flushed red. Then, she stood on Tiptoe and leaned over to kiss Si Yi's handsome lips.

With this kiss, Si Yi's earlier restlessness immediately disappeared. He immediately reached out and grabbed Yun Jian's little hand. His previously dark appearance had completely disappeared at this moment.

Only then did Yun Jian Press the answer button. However, he heard Yu Shao Luo's somewhat anxious voice coming from the other end of the phone:

"Yun Jian, where are you now?" The hunting school's selection field time has been brought forward again. I am already driving to the entrance of your house. You should quickly pack up your necessary items and go to the entrance. Go over there now... ..

Yu Shaoluo's voice sounded a little anxious. Yun Jian's eyes moved slightly. Then, under Si Yi's gaze, she nodded at Yu shaoluo and said, "Okay."

Even after he hung up the phone, Si Yi's expression was still a little dark.

When Yun Jian saw this, she stood on Tiptoe slightly, pursed her lips, and leaned over to kiss Si Yi's lips. She imitated the way Si Yi kissed her in the past and kissed him back for quite a while before letting go.

Yun Jian looked at the ground and said shyly, "In the future... continue..."

Continue in the future?

This also meant that Yun Jian had tacitly agreed and was certain that he could do these shameful things to her.

Si Yi hugged her and whispered into her ear, "Little Jian, I will definitely eat you next time."

He really wanted to tear Yu Shaoluo apart.

Why did he have to come at this time?

However, thinking that his wife still needed Yu shaoluo, si yi forcefully suppressed this thought for Yun Jian.

Yun Jian buried himself in Si Yi's arms and felt his gentleness. His face was extremely red.

...

Fifteen minutes later, Yun Jian was dressed neatly. He simply carried a bag on his back and walked to the side of the road from the entrance of his house.

Yu Shaoluo quickly drove the car to this side. Then, he honked the horn at the place where Yun Jian was standing. "Yun Jian, over here! Come here quickly!"

Yun Jian looked at the military jeep that Yu Shaoluo was driving and saw four men and women in their twenties and thirties sitting on the jeep.

They were probably special forces soldiers who were going to the selection field together.

Yun Jian narrowed his eyes and jumped onto the car door with a light leap.

Chapter 1610: was met with loud laughter

"Fasten your seatbelt and let's Go!" Yu Shaoluo smiled when he saw Yun Jian jump into the car. Then, he stepped on the accelerator and the Jeep sped off.

Yu Shaoluo's military jeep was similar to the one built by GE Jun. . It could accommodate quite a number of people at one time.

The military jeep had three rows of seats. Apart from Yu Shaoluo, there were four men and women. Most of them went to participate in the hunting school selection field just like Yun Jian.

In comparison, Yun Jian was surprisingly young.

At this moment, the woman sitting next to Yu Shaoluo in the front passenger seat turned her head to look at Yun Jian. She even whistled:

"Little sister, you must be the god of death of the King's squad, right? I've heard of your name a long time ago. I really can't tell your strength just by looking at your appearance!"

This woman had cut her short hair. From the back, she looked like a tomboy. Not only did she not have the enchanting charm of a woman, but she also had a bit of a man's domineering aura.

"By the way, my name is Xu Mei. It's a very old-fashioned name. My nickname is moldy. I still prefer this nickname. Don't laugh! Also, you can call me sister moldy!"

Xu Mei introduced herself to Yun Jian very humorously.

“Haha! Moldy, don’t scare little sister! Little Sister Can’t stand being scared! Little Sister, if you get bullied by moldy, Big Brother will take care of you. Ah!”

A handsome man who looked like a military big brother patted Yun Jian on the shoulder and said.

This man who looked like a military big brother was called Xu Wenming.

Whether it was Xu Mei or Xu Wenming, their words were all pure jokes.

When everyone gathered together, what they liked to do the most was to joke around and make a scene. After all, when doing things in the army, sometimes it was really boring.

However, when everyone gathered together, you were there, and I was there. The mutual trust between teammates and teammates was their most intimate and warm feeling.

Apart from Xu Mei and Xu Wenming, the other two were also men.

The oldest one was called Wang Buren. He was already 39 years old this year.

The other person was just like Xu Mei and Xu Wenming. He was also in his twenties. His name was Dong Xiu.

Xu Mei, Xu Wenming, Wang Buren, and Dong Xiu were all recommended by principal Ma of Yu Shaoluo Tamin Military Academy to participate in this hunting school. They were all members of country Z’s selection field.

With the addition of a cloud note, Principal Ma had nominated a total of five people to participate in country Z’s selection field of the hunting school.

Of course, other than principal Ma, who could nominate talents, officers from all over the country who were on par with principal Ma and even higher in rank than him could nominate talents to participate in country Z’s selection field of the hunting school, were able to nominate talents to participate in the Z country selection field of the hunting school.

The reason why the Z country selection field was held was because the mortality rate of the hunting school was too high. Before sending the special forces to the hunting school, they had to select the best talents, right?

If they felt that a person was not bad, then they would directly send that person to the hunting school. If that was the case, that person’s strength was not enough, and it would be very easy for him to directly die in the hunting school.

This also greatly increased the death rate.

Hence, the Z Nation selection field was held.

Only the top three were qualified to be sent to the hunting school on behalf of the Z nation.

The five people that headmaster Ma recommended, including Yun Jian, could be considered to be enemies with the other officers.

If Yun Jian was selected as one of the three members who could represent the z nation to go to the hunting school, headmaster Ma's reputation would greatly increase.

Therefore, as soon as Yun Jian got off the car, he received the attention of the members who were recommended by different military officers.

The name of the King's squad Asura was very famous, but it was limited to Zhejiang province.

Other than Zhejiang province, even if there were people who had heard of Yun Jian's name, they would not be too shocked.

The people who came to the selection field were mostly from other provinces.

Moreover, some people knew that Yun Jian was powerful. Not only would they not buy it, but they would also give Yun Jian a hard time.

Therefore, the moment Yun Jian got off the car, he was surrounded by a large group of special forces soldiers from different provinces.

There was even a middle-sized special forces soldier who was about thirty years old. He circled around Yun Jian a few times and teased Yun Jian in front of everyone:

"Little sister is here for the selection to go to the hunting school! Everyone, please take it easy. Don't accidentally hurt little sister during the competition!"

As a result, the crowd burst into laughter.
