

## Schoolgirl 1691

### Chapter 1691 kowtowing and apologizing

Yun Jian's words carried a cold chill, making Zhang Di and the other two feel as if they were in a world of ice and snow, frozen by a thick block of ice.

Zhang Chengjun, Zhang Di, and Wen Shi couldn't help but Shiver.

When they carefully recalled what Yun Jian had said just now...

Zhang Chengjun's eyes suddenly widened, and his pupils constricted. He stared at Yun Jian with his mouth wide open, almost shouting out. In the end, due to his fear of Yun Jian, he lowered his voice and said in fear,

"There was a fire at Chen Yaqing's house. All the guests, including the owner, died in the Sea of fire. Could it be that you..."

Could it be that you did it?

However, Zhang Chengjun did not dare to shout out the last sentence.

That was because he saw the Yun Jian's right hand, which was stuck in the pocket of her pants, slightly reach out of the pocket of her pants. Between her right hand's fingers, a butterfly knife, which had yet to be drawn, flashed with a bright luster.

Seeing this, Zhang Chengjun swallowed hard.

The fire that happened in the villa forest on Jiefang Road shocked the entire Zhejiang province, and even the entire Z nation.

Chen Fugui was the richest man in the southern region. He had a certain amount of influence in the entire Z nation. That fire took away Chen Fugui's family without any warning, it included the lives of all the rich people who went to attend the party at Chen Fugui's house.

It happened so suddenly, but hearing Yun Jian mention it today.

Plus, Chen Yaqing was the culprit that almost caused Chen Xinyi's death.

The day of the accident was the same day that Yun Jian went to school to look for him. The two combined, wasn't Yun Jian...

Zhang Chengjun suddenly realized this and looked at Yun Jian in fear.

Chen Fugui was the richest man in the Southern Region!

Yun Zhi was too scary! She could even kill the richest man in the southern region without leaving a trace!

What kind of power was behind her!

Zhang Chengjun's eyes widened in shock. The Wen Corporation and Zhang Di also felt that something was wrong.

The Wen Corporation and Zhang Di did not know how their son Zhang Chengjun provoked Yun Zhi, but they were not stupid. They could naturally hear the meaning in Yun Zhi's words.

Moreover, Zhang Chengjun was in the middle of his sentence.

The richest man in the southern region, Chen Fugui's family, had been quietly wiped out. Was this done by Yun Jian?

Zhang Di and Wen Shi's faces darkened to the extreme at the same time.

Who Was Chen Fugui? Even if he stood on the international stage, Chen Fugui was also a big shot!

Although Zhang Di's family background was prominent, compared to Chen Fugui, it was not even comparable to a blade of grass in Chen Fugui's family!

Since Yun Jian was able to quietly destroy Chen Fugui's family,

How could their Zhang family afford to provoke her!

Zhang Di and Wen Shi could not help but tremble in their hearts at this moment. How could their Jun Jun provoke such a terrifying woman!

No, it was a girl!

She was simply Inhuman!

Even if that girl named Chen Yaqing accidentally pushed Chen Xinyi downstairs and died on the floor,

She didn't need to silence Chen Yaqing's family, right!

But she really did silence Chen Yaqing's family! She really managed to silently silence her family!

"Junjun, we're not going to treat you anymore. Mom will support you for the rest of your life. Mom will protect you. Let's go, let's Go..."

Wen Shi was so scared that her face turned green. How could she dare to stay here anymore? If she stayed any longer, she would lose her life!

Wen Shi quickly walked over and pushed Zhang Chengjun's wheelchair. She reached out and tugged at the corner of her husband Zhang Di's clothes. The two of them hurriedly walked out of the hospital gate.

Before this person walked out of the hospital gate, they heard a sharp female voice behind them, which made the faces of the Wen Shi trio change again:

"Did I tell you to leave?"

The moment these words were said, Yun Jian had already appeared in front of the Wen Shi trio in a flash.

"You... then what do you want?" The Wen group was so frightened that her face turned pale. She stuttered as she asked Yun Jian.

"Since you are here, then kowtow and apologize to my friend before you leave! Otherwise, you will stay here and become the spirits of the dead under my blade!"

## Chapter 1692: rolled in and kowtowed together

Kowtow and apologize before leaving?

Why!

Zhang Chengjun naturally knew what Yun Jian meant, but Zhang Chengjun's parents didn't know.

Wen Shi didn't even know why Yun Jian would do this to her precious son Junjun.

In Wen Shi's and Zhang Di's eyes, her precious son Junjun didn't do anything wrong. From the beginning, Yun Jian was the one who went crazy and provoked Zhang Chengjun.

Or was it because their son was handsome and Yun Jian had pursued their son, but to no avail? And then he went crazy and wanted to take revenge on him?

Wen Shi and Zhang Di didn't know the situation, so Zhang Chengjun naturally couldn't tell his parents how he had treated Chen Xinyi as a scapegoat in school and chased after his ugly daughter, Chen Yanqing.

In the end, he didn't expect Chen Yanqing to directly push Chen Xinyi down from the second floor during the argument.

"My Junjun is already in this state. What relationship does Junjun have with your friend? My Junjun is an upright person. Why should he kowtow and apologize to Your Friend?"

Although the Wen Corporation was afraid of Yun Jian, they were now at the entrance of the hospital. There were people coming and going. Perhaps they were in a big hospital, so the Wen Corporation was especially bold to reply to Yun Jian.

"Whether it has anything to do with you or not, you can ask your son yourself! You must apologize today. Of course, you can also not apologize. If one day you are burned alive in your sleep, it has nothing to do with me."

Yun Jian knew immediately that the Wen Corporation and Zhang Di must have thought that their son was innocent.

Zhang Chengjun must not have told the Wen Corporation and Zhang Di about the dirty and shameless things that he did.

He was the main culprit that almost killed Chen Xinyi.

After Yun Jian said that, Zhang Chengjun was really scared.

The pain from her cruelty that day, when she mercilessly stabbed him in the thigh, was still vivid in his mind.

"I was wrong! It's all my fault! It's all my fault! I hurt Chen Xinyi! I'll Kowtow and apologize! I'll Kowtow and apologize! I'll Go! I'll Go!"

Zhang Chengjun shouted at Yun Jian. Then, he told the Wen Corporation and Zhang Di everything that he had done.

...

Ward 506.

Chen Xinyi's head was held up and she couldn't move. Compared to a few days ago, her head didn't hurt much. However, she could still feel waves of pain.

The pain from a few days ago made her feel that she had no hope of living in this world. Now, she was obviously much better.

There were some relatives who came to visit her. Chen Xinyi's mother, he shiya, stood to the side with her back facing Chen Xinyi and wiped her tears away.

Chen Xinyi's father, Chen Zhenchuan, stood to the side and sighed in pain.

"Zhenchuan, I asked someone to ask. This matter is not easy to handle. Zhang Chengjun's father, Zhang Di, is a big shot. Even if we sue him, we won't get any benefits..."

A friend of Chen Zhenchuan said something regretful to Chen Zhenchuan.

Since Chen Xinyi was like this, as Chen Xinyi's father, Chen Zhenchuan naturally didn't want to let it go.

"Then what can I do? Do I have to watch my daughter Suffer Like This?" Chen Zhenchuan stood at the door, he didn't let Chen Xinyi hear his voice in the ward. He suppressed his voice and said in pain.

Was there really no way to deal with the culprit, Zhang Chengjun? !

Just as Chen Zhenchuan and Chen Zhenchuan's friends and relatives were standing in their original positions, the atmosphere was at its lowest point.

A person was suddenly thrown into the main entrance.

Everyone fixed their eyes on him. Wasn't this person... ? ... Zhang Chengjun?

They saw Yun Jian throw Zhang Chengjun into the room and walk over. In front of everyone, she stepped on Zhang Chengjun's back and knocked his head heavily in the direction of Chen Xinyi's bed.

Then, Yun Zhi turned around and shouted at the door, "Both of you, get in here and kowtow together!"

After that, Zhang Di and his wife, Wen Shi, who were still discussing how difficult it would be to deal with Chen Zhenchuan, ran into the house trembling. The two of them obediently knelt in the direction of Chen Xinyi's bed.

Seeing this scene, everyone present was dumbfounded.

### **Chapter 1693: kowtowing sounds continued**

Everyone who saw this scene was petrified.

Principal Shi, who was with Zhang Di and the Wen family, had sneaked away, and Yun Jian couldn't be bothered with him.

After principal Shi had sneaked away, Yun Jian directly pulled Zhang Chengjun and the other two to the ward.

At this moment, when they saw Zhang Chengjun, Zhang Di, and the Wen family obediently listen to Yun Jian's words, they all knelt down and kowtowed to Chen Xinyi.

They had lost all their face. Whether it was Chen Xinyi's father, Chen Zhenchuan, or the one who had just secretly cried and blamed his xinyi for suffering like this., in the end, the culprit was Chen Xinyi's mother, he shiya, who was still at large.

Including the relatives of Chen Xinyi's family who had come to the hospital to visit her, everyone was shocked at this scene and could not extricate themselves from it.

Everyone present naturally recognized Zhang Di.

They had also seen Zhang Chengjun's photo.

Especially Chen Zhenchuan. His own daughter had suffered so much. If he did not even know the face of the person who had harmed his daughter, how could he still be worthy of being a father!

Therefore, when they saw Zhang Chengjun, Zhang Di, and Wen Shi being chased into the house by the Yun Jian to kneel and apologize, Chen Zhenchuan and all the relatives and friends around him were dumbfounded.

"Zhenchuan, this is?"The middle-aged man who said that Zhang Chengjun's father, Zhang Di, was a big shot and difficult to deal with saw this scene, and it took him a long time to come back to his senses.

He had asked someone to ask if the matter of appealing against Zhang Chengjun could be dealt with, but the news he received was that Zhang Chengjun's father, Zhang Di, was very powerful.

This matter was not easy to deal with.

This meant that even if Chen Xinyi could not be cured and died, it was still good for Chen Yaqing and Zhang Chengjun.

Chen Zhenchuan himself was not strong enough, so there was no way he could handle them!

To be honest, he was not strong enough. His family was framed and killed by others, but in the end, nothing happened to them!

They died in vain!

That was why the middle-aged man was surprised.

Who Was Yun Jian? She could make Zhang Di and Zhang Chengjun, who couldn't even deal with Chen Zhenchuan and herself, come into the house and kowtow to Chen Xinyi obediently to apologize?

How capable was this little girl to make a big shot like Zhang Di take the initiative to apologize to Chen Xinyi with his son?

"This... i. . ." Chen Zhenchuan naturally did not know the reason. He looked at the scene in front of him in a daze.

It was not difficult to guess that the cloud tablet must be capable. That was why Zhang Di and Zhang Chengjun came to apologize like this.

However, before everyone could react, the cloud tablet could actually bring Zhang Di and Zhang Chengjun here to kowtow and apologize to Chen Xinyi.

However, the cloud tablet over there stepped on Zhang Di's head and stomped Zhang Di's head on the ground.

"Is that all you've got? I want you to Kowtow and apologize instead of wiping the floor!"

Yun Jian's cold words reached the ears of everyone present and caused them to panic.

Zhang Di coming to apologize to Chen Xinyi was already a terrifying and unexpected thing.

But what about this little girl? She was amazing. She actually dared to step on Zhang Di's head and ask him to apologize to Chen Xinyi!

"Yes, yes, yes! I'm sorry, it's My Son's fault! It's all my son, Zhang Chengjun's fault! I'm here to apologize to you! I'm here to apologize to you! We won't dare to do it again in the future!"

Zhang Di was afraid of Yun Jian, so he was stepped on by Yun Jian and kowtowed heavily to Chen Xinyi to apologize.

In the end, his forehead was almost bleeding.

Yun Jian stepped on Zhang Di's head. Seeing that Zhang Chengjun didn't kowtow hard enough, he stepped on Zhang Chengjun's head again.

The only sound that could be heard was the "Bang Bang Bang" kowtowing sound. Just the sound alone was enough to make one's hair stand on end, let alone someone who had experienced it firsthand.

Just as Zhang Di and the other two's heads were bleeding from the kowtowing, Yun Jian let go of his foot and just stood back.

Everyone saw a handsome man walk in from outside the main entrance. The handsome man stood over here. He hugged Yun Jian's waist from behind and leaned over to whisper a sentence that everyone present could hear in her ear:

"Xiao Jian, which blind person is courting death and provoking you again? HMM? I'll kill him for you."

#### **Chapter 1694: men and women, he liked them all**

Feeling the familiar aura, Yun Jian's heart completely calmed down.

"Them."

Yun Jian's back was pressed against Si Yi's chest. Her beautiful and slender fingers pointed at Zhang Di and the other two who were kneeling in front of Chen Xinyi. Perhaps it was because Si Yi was here, her tight heart gradually relaxed. As she spoke., there was even a hint of a coquettish tone.

Of course, this coquettish tone was only what Si Yi thought.

Yun Jian was already used to Si Yi coming back to look for her at any time. She leaned against Si Yi's sturdy chest and looked at Zhang Di and the other two.

If the people standing around had not seen Yun Jian's ruthless methods when dealing with Zhang Di and the other two, they would probably think that the person who was bullied was Yun Jian.

However, Yun Jian would only display such a posture in front of Si Yi.

Si Yi wrapped his arms around Yun Jian's slender waist. He could feel Yun Jian's soft body and could not help but attach himself to Yun Jian's ear. He did not hold back in front of everyone.

"Then I'll kill them, okay?" Si Yi placed his handsome lips next to Yun Jian's ear as if he was coaxing a child. His sharp eyes sized up Zhang Di and the other two.

This man, who was so handsome that the gods and men were furious, actually mentioned the word 'kill' so frequently. Moreover, it was as if killing a person was as simple as eating a mouthful of rice to him.

At this moment, not only did Zhang Di and the other two kneel on the ground and kowtow with even more effort to beg for mercy, they even cried out, "Don't kill me, I'll Kowtow, I'll Kowtow".

Even Chen Xinyi's relatives were so frightened that their faces changed greatly.

From the moment Si Yi appeared, the feeling he gave everyone present was that he was a good person.

As long as Yun Zhi was happy, even if he was asked to pluck the stars from the sky, he would definitely not complain at all.

He was extremely doting. Every word Si Yi said was so doting that it was unimaginable.

There was actually a man who doted on his woman so much in this world!

"Zhi Zhi, thank you. If it wasn't for you, I would have already gone to the netherworld. You've also gone to many places for me these past few days...".

"Get rid of them. I don't want to see these scum and trash from society anymore." At this moment, Chen Xinyi suddenly spoke.

Because Chen Xinyi couldn't move her head, her voice came from the bed.

Chen Xinyi was too touched, but she felt a little guilty. Her life was saved by Yunzhi, and now Yunzhi was running around to avenge her.

Therefore, she told Zhang Chengjun and the others to get lost early, so she didn't need to trouble Yun Jian.

How Lucky am I to have a friend like you? If anything happens to you in the future, even if you want me to go to Hell, I will go for you. Chen Xinyi silently recited a few words in her heart.

There was no need to always say the words to repay a favor. The people who would really repay a favor usually returned it when she no longer needed you.

“Get lost!”Hearing Chen Xinyi’s words, Yun Jian kicked Zhang Chengjun, who was closest to him.

This kick made Zhang Chengjun and the other two get up from the ground in a flash. Zhang Chengjun was pulled back into the wheelchair and the three of them ran away without looking back.

Si Yi originally wanted to kill Zhang Chengjun and the other two, but he hugged Yun Jian’s tender body and did not want to let go.

Could This be blamed on him?

It was all because his Xiao Jian’s charm was too great.

HMM...

Sooner or later, he would have to get her into bed.

He rubbed her tender body, hugged her, and made a baby!

Si Yi’s hand silently attached to Yun Jian’s stomach. He pursed his handsome lips and thought wickedly in his heart.

Here, sooner or later, he would have to give birth to his child.

HMM...

Whether it was a man or a woman, as long as it was him and Xiao Jian, he liked them all.

### **Chapter 1695: A football team, no less**

Yun Jian did not know that Si Yi, who was hugging her, had placed his small hand on her stomach. He was still thinking about these bad things. After saying a few words to Chen Xinyi, she left with Si Yi.

Chen Xinyi still needed to rest.

When she left, Yun Jian bumped into Zhang Shaofeng outside the entrance of the People’s Hospital.

“Eh? Master, are you here to see Xinyi? Why did you leave so soon?”Zhang Shaofeng asked Yun Jian while carrying the peaches that Chen Xinyi loved to eat that he had just bought from a faraway place.

“Well, I’ll leave first. We still have to pick up my younger brother and sister from school.”Yun Jian nodded at Zhang Shaofeng and pursed his lips.

Yun Jian still had to pick up Little Yunzhu, Duan Li, and Duan Ya from the primary school because Qin Yirou was working overtime today.

It just so happened that Yun Jian didn't go to the Military Academy because Chen Xinyi had applied for leave these two days, so he stayed at home to help Qin Yirou pick up Xiao Yunzhu and the other two.

The reason why Yun Jian didn't go to school these two days was because Chen Xinyi's condition wasn't good at first. If she went to school by herself, Chen Xinyi's condition would worsen and she would be done for.

Therefore, Yun Jian didn't go to school. She stayed in Longmen City. As long as Chen Xinyi's condition changed, she would be able to rush here as soon as possible.

...

Along the way, Qin Yirou worked overtime today. Si Yi was back. Yun Jian and Si Yi went to the primary school together to pick up Xiao Yunzhu and the other two.

Xiao Yunzhu's school did not allow parents to enter the school anymore because they were afraid that some criminals would enter the school and sweep the place.

The school was full of children. If something happened, it would be bad.

Therefore, parents were standing at the school gate to pick up and send their children.

There were parents all around. Yun Jian and Si Yi were very eye-catching because of their outstanding looks.

Yun Jian was not short. She was already 1.65 meters tall.

Si Yi was 1.85 meters tall.

The two of them stood in the crowd and could be considered very eye-catching.

However, what was even more eye-catching was that Si Yi held Yun Jian's small hand with one hand and stuffed the other hand into his trouser pocket lazily. His handsome face coupled with his figure was enough to make young girls and even middle-aged women scream.

It was simply too eye-catching.

Until Little Yun Zhu and the other two ran out of the school and pounced in front of Yun Jian and Si Yi. Then, Si Yi held little Yun Zhu's hand while Yun Jian held Duan Li's and Duan Ya's hands. The five of them left the crowd as a family.

The discussions of the surrounding crowd could still be heard by Si Yi and Yun Jian's ears:

"Look, don't tell me those three children belong to that couple?"

"Are you serious? That couple looks very young to me! That man is really handsome!"

"Some people just look young! They might even be in their 20s or 30s! I think that woman is also pretty. It's really a match made in heaven to walk together with that man!"

"And look, Look! They are holding onto those three children as if they were holding onto their own children! Ahhh! I'm almost brainwashed by this scene!"

The group of female parents who were standing at the same spot were discussing animatedly, but the words that they did not know were all transmitted into Yun Jian and Si Yi's ears.

Yun Jian blushed, while Si Yi's handsome lips curled up. He enjoyed this feeling very much.

"Sister! Sister! Brother Si Yi! When can you give birth to a little Si Yi for me to play with? Qin said that babies can only be born in a year. Then, on this day next year, can I see Little Si Yi?"

Little Yunzhu grabbed Si Yi's big palm and shook it twice. Then, she looked at Yun Jian with expectant eyes and then looked at Si Yi.

Hearing Little Yunzhu's sudden question, Yun Jian's face blushed slightly and he did not say anything.

"You will see it." In a place where no one saw it, Si Yi curled his lips and smiled.

Little Yunzhu would see him and Little Jian's child sooner or later.

However, it was not just a little si yi, but a bunch of little si yi.

A football team could not be any less.

#### **Chapter 1696: showing off that his son had a car**

As soon as they got home, it started to rain outside the door. The wind started to blow. The rain started drizzling and soon turned into a downpour. The weather changed.

At this moment, Yun Jian and Si Yi had just entered the house with Xiao Yunzhu and Duan Li.

As soon as they entered the house, Xiao Yunzhu and Duan Li and Duan ya ran to turn on the TV to watch the recently popular anime "Doraemon".

If Qin Yirou was at home, she would let Xiao Yunzhu and Duan Li and Duan ya finish their homework before playing. However, since their mother Qin was not at home, Xiao Yunzhu and the other two watched the anime on the television with all their might.

From time to time, they would be amused by the characters in the anime, causing them to giggle and laugh.

Seeing that Xiao Yunzhu and the other two were having a good time, Yun Jian's red lips curled up slightly. She pursed her beautiful lips and instructed Si Yi to look after Xiao Yunzhu and the other two before returning to his room.

Si Yi obediently did not follow them. He sat beside the sofa where the three of them were sitting. He placed his hands on the back of his head and closed his eyes lazily.

His handsome face was well-defined. It was so perfect that if there were people present, they would sigh that such a handsome man actually existed in this world.

Yun Jian went back to his room, took a shower and changed into clean clothes. In less than ten minutes, he went downstairs.

On the way, she received a phone call.

Seeing that Xiao Yunzhu and the other two were still watching anime obediently, Yun Jian nodded at Si Yi:

“My mother just called me and asked me to send her an umbrella. The rain is so heavy, she forgot to bring an umbrella and can’t come back. You stay at home and watch Xiao Zhu and the others. Don’t let them run around.”

These words sounded like his wife’s instructions to her husband. His handsome lips curled up, acquiescing.

Then, Yun Jian walked to the door, took two umbrellas from the umbrella rack, and walked out.

Xiao Yunzhu and the other two naturally needed someone to accompany them at home. Yun Jian didn’t want Si Yi to go with him.

He asked him to stay at home and watch Xiao Yunzhu and the other two.

The wind and rain were even heavier outside. The rain was like a basin of water pouring down from the sky. If there were pedestrians walking on the road, even if they had umbrellas, they would definitely be drenched.

In such weather, the traffic police would not normally stand on the road.

Therefore, Yun Jian drove his Ferrari Laferrari Supercar, which had just been repaired and sent back, straight to the flower shop to pick up Qin Yirou from work.

Yun Jian’s Ferrari Laferrari Supercar had been damaged last time and was brought back to Ferrari headquarters to be repaired and sent back again.

Under the heavy rain and the loud sound of the wind, Yun Jian stepped on the accelerator, and the car drove forward slowly. Then, there was a loud roar in the surroundings.

Along with the fiery-red supercar, it disappeared into the air.

...

In the flower shop.

The employees in the shop had already gotten off work, but many of the employees who didn’t bring umbrellas were standing at the entrance waiting for their relatives and friends to pick them up.

The employees in the shop had changed, and many of the people who worked with Qin Yirou had left.

Most of the people who worked in the shop were middle-aged women who were about the same age as Qin Yirou. They always had the mentality of comparing themselves to children.

At this moment, Qin Yirou was standing at the entrance. A middle-aged woman next to her asked Qin Yirou with some confidence, “Qin Yirou, do you have someone to send you?”

“My daughter will come to pick me up soon.” Qin Yirou smiled at the middle-aged woman.

The middle-aged woman's name was Hu Yan. She was usually quite a show-off.

The person she was most proud of was her son. Now that she was talking to Qin Yirou, she couldn't help but show off that her son could afford a car. "Is that so? Your Daughter is walking to give you an umbrella? That's quite tiring!"

"My Son is driving a Volkswagen. I told him not to come, but he insisted on picking me up. Heh! He's filial, I'm also blessed!"

"Oh right, do you want my son to give you a ride? Look at your daughter giving you an umbrella from afar, how tiring!"

### **Chapter 1697: only three cars were sold in the whole world**

After Hu Yan bragged a few times in front of Qin Yirou, she didn't forget to ask Qin Yirou if she wanted her son to give her a ride.

In this era, very few people could afford a car. In 1999, only those symbolically rich families could afford a car in the country.

In fact, many families could afford a car but were unwilling to buy it. That was because buying a car, the cost of car maintenance, gas, and other expenses within a year was not something that ordinary people could afford.

Hu Yan's family was not rich. They could only be considered to be well-off.

Qin Yirou only knew that Hu Yan's husband had passed away early. Hu Yan's son had entered university and had already been working for several years.

He had bought a suite in Longmen City. Now that he had married a wife and bought a car, his life was very tight.

Coincidentally, Hu Yan's son's wife had given birth at this time. Hu Yan was then brought to Longmen City by his son from the countryside.

However, the family still needed to spend money, so Hu Yan had no choice but to come to the flower shop to work. At night, she would go back to wash dishes and cook for her daughter-in-law.

She could also go home during lunch time in the flower shop. During this period of time, Hu Yan usually rushed home to cook lunch for her daughter-in-law and grandson.

Otherwise, his son would not have picked her up and brought her to Longmen City.

With this in mind, Hu Yan naturally had to perform better! Otherwise, once her daughter-in-law finished her confinement, she would be sent back to the countryside again!

Moreover, her daughter-in-law had given birth to a fair and fat grandson for her!

Hu Yan felt that the fact that her family was able to live from the countryside to a big city like Longmen city was all thanks to her son's Luck!

As expected, a boy was promising!

And now, he even bought a sedan, a Volkswagen brand!

Hu Yan now felt that she was particularly proud. When she walked out, she had earned enough face.

Qin Yirou was dressed in ordinary clothes. She was not ostentatious, but her clothes were not particularly bad either.

Hu Yan felt that Qin Yirou's family background should be okay, but it should be much worse than her own family's. That was why she came over to show off, to find some confidence in Qin Yirou.

"Oh right, Yirou, you told me earlier that you also came from the countryside. I'm afraid that you've never taken a private car before, right? Today, my son drove over to pick me up. You Don't have to walk back so hard.

"How about this, when your daughter comes to pick you up with an umbrella, you can follow her back in our family's car? How about it?"

The more Hu Yan talked, the happier she became. She even wanted to show off in front of Qin Yirou's daughter, Yun Jian.

Actually, Hu Yan had just come to work at the flower shop recently, so she wasn't close to Qin Yirou.

However, Qin Yirou was a better person, and Hu Yan was the kind of person who couldn't keep her mouth shut. The other employees in the flower shop couldn't be bothered with her, so she naturally wanted to find a sense of presence in Qin Yirou's place.

Qin Yirou guessed that Yun Jian would probably drive to pick her up.

Qin Yirou didn't find it strange that her daughter could drive, because under GE Junjian, Yun Jian had to learn everything.

Driving was very important in carrying out missions, and sometimes it could even save her life.

"No, my daughter, she..." Qin Yirou was more easygoing, and she just said this sentence.

A horn sounded. "Honk, Honk, Honk!"

A black Volkswagen sedan parked next to the flower shop. A man came down from the Volkswagen with an umbrella and walked quickly to Hu Yan:

"Mom, I'm here to pick you up from work."

Seeing the man's Volkswagen, the other employees of the flower shop couldn't help but sigh. "A Volkswagen! How much does it cost to buy one?!"

"If you don't have a hundred thousand Yuan at home, you won't dare to buy a car!"

"Hey! He's really rich!"

...

Listening to the discussions around her, Hu Yan's heart almost flew into the sky, she pretended to be calm and said to Qin Yirou, "Qin Yirou, don't stand on ceremony. Later, let your daughter, who came here with an umbrella, take my car back with you..."

Unexpectedly, just as she said this, a fiery red super sports car sped toward them like lightning. It was the last one to drift and suddenly stopped here.

"Whose car is this? Aiyo, I don't think this car is cheap! I've never seen such a beautiful car!"

People around immediately exclaimed.

Hu Yan also followed suit, feeling a little envious in his heart.

However, just as Hu Yan was feeling envious, the young girl in the car opened the car door and got out of the car with an umbrella. Then, she walked towards the flower shop. She walked straight towards Qin Yiruo and stood in front of Qin yiruo, saying, "Mom, let's go home."

Upon hearing this, Hu Yan's eyes suddenly widened!

Qin Yiruo's family had a car? Or was it a car that couldn't be named and only had two seats?

Just as he thought of this, everyone present heard Hu Yan's son's expression suddenly change. His hand trembled as he pointed at the car on the Yun Jian and exclaimed,

"That... .. isn't that the Ferrari LaFerrari that only sells three in the limited edition worldwide ! There are only three of these cars in the entire world, and each of them is sold at a sky-high price ! First of all, it was already out of print. If one wanted to buy such a super sports car, and it was a limited edition, one couldn't even dream of buying it without 10 million ! !

"Many people can't even get it even if they have money! They still have to have a backer! This car... why would this car appear in our Longmen City! ?"

#### **Chapter 1698: market price was 50 million yuan**

"10 million! This car needs 10 million to be affordable! ?"

Everyone present only heard the number in the words, and their faces immediately changed in shock.

Especially Hu Yan, who was especially arrogant in front of Qin Yiruo just now. Now, his mouth was wide open, and he cried out in surprise after his son finished speaking.

"Mom, ten million can't buy this car... What I'm saying is that if you don't have ten million in your hand, don't even think about talking about this car! This is a global flagship limited edition Super Sports Car!

"A super sports car that even rich people can't buy! The person who can buy it must be someone who has great influence internationally! That's why I'm surprised that this kind of sports car would actually appear here!"

Hu Yan's son interrupted Hu Yan as soon as she finished speaking.

It was obvious that Hu Yan's son had some research on some limited-edition supercars.

Hu Yan had been showing off in front of Qin Yirou, but she never expected that the person who broke her bragging rights was actually her son!

For a moment, Hu Yan's face turned extremely dark.

What she said to Qin Yirou just now was a joke!

"I wanted to tell you that my daughter should have driven here to pick me up." Qin Yirou looked at Hu Yan and smiled awkwardly.

She didn't want Hu Yan to make a fool of himself, but Hu Yan didn't give her a chance to explain herself just now.

When Hu Yan heard what Qin Yirou said, his face turned even darker.

"This car is really beautiful!"

"I bought it for more than ten million yuan. How could it not be beautiful?"

"This car belongs to Qin Yirou's daughter, right? My God, her daughter is so young, but she can actually afford such an expensive car! She's so lucky to have a daughter!"

"Sons nowadays are useless after giving birth! It's still better to have a daughter!"

...

A series of voices came from the surroundings. When she heard the voices of the flower shop employees who were still standing at the entrance of the flower shop, waiting for their relatives and friends to come pick her up, Hu Yan's face turned even darker and scarier.

Hu Yan had always been proud of having a son.

In addition, Hu Yan's son was so promising that he even took her away from the countryside to live in the big city!

The neighbors in the countryside were envious! At that time, Hu Yan felt that the son she gave birth to was the most capable person in the world!

But at this moment, she felt that if she were to repeat what she said in front of Qin Yirou, she would lose all her face in this lifetime!

The Volkswagen car that her son had bought had only cost him 50,000 to 60,000 yuan.

But Qin Yirou's daughter's car...

Thinking of this, Hu Yan felt that something was wrong. Qin Yirou's daughter was so young, how could she afford such an expensive sports car!

Looking at Yun Jian's appearance, she was so beautiful that people couldn't take their eyes off her.

She instantly had a sudden realization.

Then, she raised her eyes to look at Qin Yirou. In front of everyone, Hu Yan said bluntly,

“Qin Yirou, how much did your daughter spend on this car? She already bought such an expensive car, why are you still working at our flower shop? Could this car be... a gift from her man?”

Hu Yan’s words were clearly saying that the Yun Jian was a gift from her man, but as long as it was a person and wasn’t stupid, they could tell.

Could Yun Jian be someone’s mistress or mistress?

Did she get this car as a mistress?

After hearing Hu Yan’s words, Qin Yirou naturally couldn’t keep her cool.

If others said that she could, she could tolerate it, but if they said that her daughter Yun Jian couldn’t!

There was no reason. This was probably the so-called maternal love.

Qin Yirou was just about to open her mouth to retaliate when Yun Jian pulled on the corner of Qin Yirou’s clothes to stop her from speaking.

When the onlookers saw Yun Jian tugging on Qin Yirou, they really thought that Yun Jian had gotten this car as a mistress and that the man had given it to her.

Hu Yan raised his head again and looked at Yun Jian with contempt.

However, just as everyone was looking at Yun Jian with disdain, Yun Jian’s words rang out. His voice reached the ears of everyone present:

“Thank you for your concern. My car has a market price of 50 million yuan. I also have 40 to 50 Supercars at home that are the same price as this car. I bought them all with my own money. Is there a problem?”

### **Chapter 1699: wanted to go to Hell, and he accompanied her**

The words of the cloud note both indicated that she had bought the car with her own money, and also said a little.

She also had 40 to 50 Supercars at home that were the same price as the Ferrari Laferrari.

40 to 50! ?

What kind of concept was that! !

In 1999, the price-to-income ratio of an ordinary family, if they worked hard all their lives, they might not even earn a million!

But what about the cloud note?

This Ferrari Laferrari costs 50 million!

50 million, that’s a sky-high price!

It’s just the price of a car!

But that's not all!

The cloud note said that she has 40 to 50 such supercars at home?

50 million for a car, then 40 to 50 cars...

Just to buy a car, wouldn't the price be more than 2 billion!

2 billion! This couldn't be described with astronomical numbers!

For a moment, everyone present was completely shocked by what Yun Jian said.

The richest person in the country in this era was only a few billion?

Who would give their lover or mistress so much money?

What kind of international joke was this?

Therefore, Hu Yan's words of disdain towards Yun Jian just now were self-destructing.

"Mom, let's go home." Yun Jian disdained to continue talking to Hu Yan. She walked over and pulled Qin Yirou to the entrance of the flower shop. She opened the umbrella and was about to leave.

"Hey! Yirou! I was the one with a mean mouth just now. You know me, right? I'm not a bad person, but my mouth is especially mean. Look, I could even get my son to send you off just now. Can you get your daughter to send me off today?"

Hu Yan called out to Qin Yirou, but her expression changed very quickly. From calling Qin Yirou by her real name to calling her "Yirou" now, her expression had changed too quickly.

Of course, Hu Yan felt that if Yun Jian was willing to give her a ride, then she would really be proud of herself!

In the future, she would definitely brag about how she had ridden in an extinct sports car like the Ferrari LaFerrari!

Just when Hu Yan felt that Qin Yirou was easy to bully and would definitely let her daughter ride in her family's sports car.

However, Yun Jian did not give Hu Yan a chance to catch her breath and directly interrupted Hu Yan:

"My car can only seat two people. The passenger seat is only for my mother and does not carry any canine animals."

Yun Jian actually compared Hu Yan to a canine animal?

In other words, wasn't she a dog?

"You..." after hearing Yun Jian's words, Hu Yan's heart almost exploded from anger.

In the end, she could only watch helplessly as Yun Jian and Qin Yirou left.

...

After returning home, Qin Yirou made dinner. Because Qin Yirou had returned, Little Yunzhu and the other two reluctantly put down the remote control and ran to do their homework.

While Qin Yirou was making dinner, she told Yun Jian that she planned to let Mrs. Yang Watch Little Yunzhu three for two days. She had to go back to Xinjiang Town.

According to Zhang Meihua, although Qin Fangfang's condition was better, there were a lot of words from her neighbors.

This made Qin Fangfang, who had slightly recovered from the pain of her husband's infidelity, feel uncomfortable again.

Therefore, she asked Qin Yirou to go back.

As it was not winter yet, the bus from Longmen City to Xinjiang Town would leave at 6:00 at the latest.

Qin Yirou would probably go back today.

Now that the rain outside was pitter-patter, the torrential rain had already receded.

"Mom, I'll go with you," Yun Jian suddenly said.

"Xiao Jian, what are you talking about? Just stay in Longmen City! Moreover, Ah Yi is still here!" Qin Yirou looked at Si Yi and advised Yun Jian.

"Wherever Xiao Jian wants to go, I will go." Si Yi's thin lips moved slightly. He looked at Yun Jian with a dotting expression.

Yun Jian wanted to go back to Xinjiang town with Qin Yirou, so he naturally followed her.

Even if his Xiao Jian wanted to go to hell, as long as she wanted to go, he would accompany her!

Protect her, and definitely not let her suffer any harm!

### **Chapter 1700: couldn't pass**

Actually, Qin Yirou also wanted Yun Jian to accompany her back.

With Yun Jian around, Qin Yirou felt more confident!

To Qin Yirou, Yun Jian was not only her daughter, but also her hope for Life!

The closer it was to the college entrance exam, the busier Yun Yi became.

Up until now, Yun Yi even studied at school on weekends and rarely went home. Even when he went home, he was busy dating Qing glaze.

Qin Yirou hadn't seen her son for a long time.

But fortunately, she had her daughter to accompany her!

Now that even her confirmed son-in-law doted on her daughter so much, Qin Yirou felt very satisfied with her current life.

...

After dinner, Little Yunzhu and the other two were sent to Mrs. Yang's house.

Mrs. Yang treated Little Yunzhu and the other two very well, so Little Yunzhu and the other two especially liked to go to Mrs. Yang's house.

Because of this, whenever Qin Yirou had something to do, she would ask Mrs. Yang to take care of the children for her.

After settling Little Yunzhu and the other two in Mrs. Yang's house, Qin Yirou, Yun Jian, and Si Yi boarded the bus to Xinjiang Town.

It was not Si Yi's first time taking a bus, but if it was not for Yun Jian, he would not have taken a bus.

Coincidentally, six o'clock was the last bus from Longmen City to Xinjiang Town. There were a lot of people on the bus. It was crowded and tottering.

Although she had a car at home, Yun Jian would not drive around.

After all, she did not have a driving license from Country Z.

Si Yi and Yun Jian's cars usually had two seats. However, Si Yi's Lamborghini had a seat in the back, but it was very narrow.

Little Yun Zhu and the other two could sit in the back of the Lamborghini, but if Qin Yirou and Yun Jian sat in the back, they wouldn't even be able to straighten their backs.

Thus, they simply chose to take the bus.

Coincidentally, the seats on the last bus had already been taken, so Yun Jian, Si Yi, and Qin Yirou stood up and grabbed the handrail.

It wasn't easy for someone to get off the bus halfway, so a seat was vacated. It was right next to Si Yi, and Si Yi gave up his seat to Qin Yirou without thinking.

He used his tall figure to protect the cloud paper so that any man standing on the side of the aisle would not touch her.

"Haha, Young Man, is this your girlfriend? Why is she so well-protected?"

An uncle beside him grabbed the handrail and asked Si Yi.

Because there were no seats, this era was not like this, where everyone held a cell phone in their hands.

Holding the handrail while standing on the bus was a very boring thing.

This uncle had nothing to do, so when he saw Si Yi wrapping her in his arms like a treasure, he could not help but chat with Si Yi.

"She is my wife." Si Yi did not look at the uncle, his handsome eyes were looking straight at the Yun Jian, and there was not a hint of shyness when he spoke.

“Daughter-in-law? You guys are still young, right? You got married just like that?”The uncle asked with a smile.

When he was asked this question, Yun Jian had a bad feeling again...

As expected, when Si Yi took out his marriage certificate with Yun Jian from his pocket and showed it to the uncle, even the uncle felt a little awkward.

“Ahem! This... young man still carries his marriage certificate with him?”The uncle smiled awkwardly.

“Yes.”Si Yi only responded slightly.

“You should love your girlfriend very much... Your Wife, right?”The uncle almost asked the wrong question. He reacted immediately and changed his words.

“For her, I can give up everything.”Si Yi reached out and rubbed the head of the cloud paper.

Including life. Si Yi added in his heart.

At this moment, the bus driver suddenly saw a pedestrian running toward the middle of the road. He was so scared that he stepped on the brakes.

The bus suddenly stopped, and the passengers on the bus swayed and leaned forward.

The bus was already crowded, and there was no place to retreat.

The people standing around were middle-aged men with stinky, sweaty bodies. Si Yi was a germaphobe, and he did not like to meet those people.

However, when the driver braked, he did not even think about it before he turned around and hugged the cloud paper, causing those people with stinky, sweaty bodies to fall on him when they leaned forward.

When the people fell on him, he did not even cry out in pain. Instead, his eyes were staring straight at the cloud paper, constantly checking if the cloud paper was scratched or touched.

Even if she had suffered a little injury, he would not allow it!
