

Schoolgirl 1701

Chapter 1701: aunt was humiliated and had to swallow her anger

Qin Yirou was sitting at the side. She had clearly seen si yi protecting the cloud paper earlier.

Seeing si yi protecting the cloud paper and the people around him colliding with him, he didn't even frown. He still used his sturdy body to protect the cloud paper. Qin Yirou opened her mouth, wanting to say something, in the end, she shut her mouth.

Seeing him protecting her daughter like this, Qin Yirou had an indescribable feeling.

Her daughter was really lucky to meet a good child like Si Yi!

If Si Yi heard Qin Yirou's inner narration, he probably couldn't help but say it.

Being able to meet her was the happiest thing for him!

From Longmen City to Xinjiang Town, the last bus was packed with people. There were so many people that even the air on the bus wasn't fresh. It was very stuffy and smelly.

Yun Jian did not feel any bumps on the way because Si Yi stood behind her and firmly confined her in his arms, preventing anyone from touching her.

Qin Yirou only saw Si Yi protecting her daughter, but she did not notice that when Si Yi was protecting Yun Jian, he even bent his thin back and lowered his head slightly. His thin lips were intimately close to Yun Jian's ears.

That pair of big palms was even more exciting. Si Yi and Yun Jian stood beside Qin Yirou. He unreservedly wrapped his big palms around her waist and placed them in front of her abdomen.

Yun Jian's breasts were very big, especially now that she was still in her growth period and still developing.

Until today, even if Yun Jian wore a very loose top, it couldn't hide her voluptuous breasts.

Si Yi's bracelet was on the upper part of Yun Jian's fat-free abdomen. One could even feel her towering figure underneath.

Qin Yirou did not notice that Si Yi had secretly taken a few bites of tofu with her daughter. Her eyes were filled with relief.

She was glad that her daughter had met someone who loved her like Si Yi.

Si Yi did "Love"yun Jian, but he still planned to "Love"her to the bone.

...

Yun Jian only breathed in the fresh air when they arrived at Xinjiang Town and got off the bus. At this time, the sky had completely darkened.

The uncle who spoke to Si Yi just now was also from Xinjiang Town. Before he left, he smiled and tiptoed to Pat Si Yi's shoulder. Then, he gave Si Yi a thumbs up:

"A young man who knows how to Dote on his wife is good! This young lady has followed you at such a young age. You have good taste!"

As he spoke, the uncle smiled and shook his head, gradually walking further and further away.

The uncle left, but what the uncle said made Yun Jian's face slightly moist.

"Let's go." Qin Yirou led Yun Jian and Si Yi back to Zhang Meihua's house.

...

After dinner, regardless of whether it was the countryside or the town, the people who had been busy all day did not have to go to work at night. They would sit around the door of a house and chatter non-stop.

When Qin Yirou brought Yun Jian and Si Yi to Zhang Meihua's house, there was a group of old ladies sitting at the door of Zhang Meihua's house.

Beside this group of old ladies stood a few young girls who were very outstanding.

The reason why these young girls stood together with the group of old ladies was because they wanted to admire their youth, have potential, or show off in front of the old ladies to find enough sense of superiority.

It was not hard to see that these young girls were also the nieces or granddaughters of this group of Old Ladies.

The old ladies were bringing their nieces or granddaughters to show off to each other.

Qin Fangfang was still sitting on the bench beside the group of people.

The surrounding old ladies were all talking to Qin Fangfang and were still trying to persuade her.

"Fangfang, we've all watched you grow up. Now that something like this has happened to you, eh..."

This old woman's words were rather light. Some of them were unhappy with Qin Fangfang, so they directly said to Qin Fangfang,

"Tell me, it's not unreasonable for your husband to cheat on you! You've been married to someone else for so many years, and that person is from a wealthy family. If you didn't give birth to a son and a half, who would be able to stand it! If it were me, I would cheat too!"

Qin Fangfang had married into a rich and powerful family. Zhang meihua often bragged about her daughter marrying into a rich and powerful family. At this moment, seeing Qin fangfang down and out, these old women couldn't help but say a few words to add insult to injury.

"Hey, you can't say that! She has just been chased back to her parents' home. We can't say that. It hurts her heart!" Another old woman rolled her eyes at Qin Fangfang.

Zhang Meihua was not sitting there at the moment. Naturally, she did not know that these people were pointing fingers at her daughter. Otherwise, she would not have agreed to these old women insulting her beloved daughter.

Yun Jian, who came from afar, saw this scene. Her eyes flashed sharply.

Chapter 1702: my family matters, you don't have the right

“Don't say that, Fangfang is a good child. It's all that Bastard Sun's fault for not being able to control his lower body! What's wrong with Fangfang?”?

“As long as he's a man, he shouldn't go out and look for women! If I see him, I won't kill him!”

Among the group of old ladies present, not all of them added insult to injury to Qin Fangfang.

One of the old ladies, surnamed Xia, was sitting next to Qin Fangfang. When she saw Qin Fangfang close her eyes in pain, her heart tightened.

Therefore, Grandma Xia reached out and stroked Qin Fangfang's back to comfort her. She retorted to the few old ladies who added insult to injury.

Grandma Xia was already in her seventies. Grandma Xia's wife passed away early and she was widowed at the age of forty.

Knowing that Granny Xia was alone at home, Qin Fangfang often went to Granny Xia's house when she was very young.

Granny Xia was very important to Qin Fangfang.

Granny Xia didn't have any children. She treated Qin Fangfang as her own daughter.

She also watched Qin Fangfang marry into a wealthy family far away from the province.

For Granny Xia, even though Qin Fangfang hadn't come back for many years, she had been looking forward to it.

As long as Qin Fangfang returned to Xinjiang Town, she would visit Granny Xia's house.

Now, this matter had happened.

Qin Fangfang, that bastard husband of a wealthy family, Sun Baiwen, had actually cheated on her! He even brought his mistress home brazenly!

Qin Fangfang had returned to Xinjiang Town, to her mother's house. However, due to Zhang Meihua's frequent use of the matter of her daughter marrying into a wealthy family, she had been quite famous in the past.

Qin Fangfang had never bragged to anyone when she returned to Xinjiang Town.

However, Zhang Meihua had bragged for her for so many years. Now that Qin Fangfang was down and out, the old ladies who had been bragged about by Zhang Meihua for so many years finally found an opportunity to ridicule and ridicule Qin Fangfang.

Granny Xia couldn't stand it anymore, so she ordered everyone to shut up.

"Don't keep looking for reasons on men! There must be some hidden reason for a man to have an affair! If you ask me, what's wrong with your man having an affair?"?

"You should go back! Snatch the family property and let the man go out to play! Let him play however he wants! As long as the money is in your hands, it's fine!"

The old lady sitting at the side was very experienced and advised Qin Fangfang to go back and not divorce!

Qin Fangfang clearly did not want to hear what these old women were saying. She lowered her head. After hearing what this old woman said, she really could not take it anymore and walked toward the door.

She had just stood up. At first, she said that Qin Fangfang had not been able to give birth to a man and a half woman for Sun Baiwen. Lady fan immediately grabbed Qin Fangfang's hand and did not let her go.

"Don't go. We are just concerned about you and said a few words to you. Besides, that is the truth! You have to strive to give birth to a man and a half woman for your husband. People will not cheat on you..."

Being scolded for not having children was Qin Fangfang's bottom line, and it was also what she hated to hear the most.

The old woman, Lady Fan, even grabbed Qin Fangfang's hand and refused to let her go, ruthlessly poking her bottom line.

This scene was witnessed by Qin Yiruo who was walking over from afar. Qin Yiruo was very protective of her younger sister, and even Qin Yiruo didn't realize that she was originally weak, where did she get the courage to rush up and grab Lady Fan's hand and fiercely shake her off. Then, she shouted at Lady Fan,

"Let go of my sister!"

Yun Jian and Si Yi followed closely behind.

Lady Fan was flung away by Qin Yirou. Her body trembled and she almost fell.

After she stabilized herself, lady fan looked angrily at Qin Yirou who had suddenly appeared to push her. She mercilessly scolded Qin Yirou as well:

"Oh, is the Qin family's Yirou Back? Didn't you qin sisters say that one or two of you were divorced and chased back to your parents'home? If you didn't know better, you would think that your Qin family's daughter had some kind of evil disease!"

"Slap!"

Before lady fan could finish her sentence, a huge slap was thrown at her. In the next second, Lady Fan felt dizzy and was sent flying several meters away by the SLAP!

When everyone saw this, they were so scared that they quickly turned their heads to look. They saw Yun Jian, who had slapped lady fan, standing in front of them. After Lady Fan was thrown away, she strode forward and grabbed lady fan's collar, saying coldly,

"You have no right to interfere in my family's matters, Old Woman!"

Chapter 1703: Zhang Siyi's attack destroyed everything in its path

Yun Jian's slap was so fast that it could send people flying several meters away. This action shocked all the old ladies present and the young girls standing around.

"Are You Qin Yirou's daughter, Yun Jian?" An old lady recognized Yun Jian. She was stunned and then dumbfounded.

Qin Yirou's daughter, Yun Jian, was the chairman of Xinqi Company!

This matter had already spread all over Xinjiang town.

The fame of Yun Jian was known by everyone in Xinjiang Town!

Moreover, when Qin Yirou's second wedding, Yun Jian single-handedly arranged the wedding for her. From Zhang Meihua's house to GE Junjian's house, he spread the red carpet. More than twenty sports cars were sent to the wedding, and a few of them were limited edition Super Sports Cars!

The wedding half a year ago had shaken the entire Xinjiang Town!

The name of Qin Yirou's daughter, Yun Jian, had also resounded throughout Xinjiang Town at that time!

Therefore, it was not surprising that this old woman could recognize Yun Jian.

The fan family, who had been kicked away by Yun Jian and lifted by Yun Jian's collar, originally wanted to retaliate against Yun Jian. However, when they heard the other old woman say that Yun Jian was the chairman of Xinqi Company, they were stunned.

"Grandma! Who Is She? How can she hit an old man! Doesn't she know how to respect the Old and love the young?!"

The old women of Xinjiang town spread the news that Qin Yirou had given birth to a powerful daughter.

However, these young girls who stood by the side rarely returned to Xinjiang town. Occasionally, they would get good grades in school and then return to the countryside to show off, but they did not know who Yun Jian was.

One of them was a petite and cute girl with a pair of slender, fair thighs who saw Si Yi from afar.

Young girls had an unspoken interest in the opposite sex.

She had seen Si Yi walking towards her from afar with his small hand holding onto Yun Jian.

Si Yi's handsome figure coupled with his messy hair and long figure attracted the attention of all the girls present like a supreme god.

In this regard, this petite and cute girl took a liking to Si Yi at first glance. At the same time, she did not have a good impression of Yun Zhi.

Seeing Yun Zhi kick the fan family away, the girl immediately spoke to an old woman standing next to her.

This girl's name was Su Ya. When Su Ya accused Yun Zhi of being disrespectful to the elderly and caring for the young, she spoke very loudly.

She spoke so loudly because she wanted Si Yi to hear her. Then, Si Yi would see Yun Jian shamelessly hitting the elderly, making Si Yi feel disgusted with Yun Jian.

Su Ya herself did not like these elderly people from the bottom of her heart. However, in front of others, she still had to pretend to be very kind and show her best side to the public.

When the surrounding girls heard Su Ya's words, they all said that Yun Jian was rude and actually hit the elderly.

When everyone spoke up to this point, they saw Si Yi walking two steps towards the cloud tablet.

When the girls saw this, they almost screamed out loud from Si Yi's handsome figure.

Just when everyone thought Si Yi would definitely go forward to pull open the cloud tablet to save the old man's fan family.

They saw Si Yi go forward. Under everyone's gazes, he grabbed the cloud tablet's small hand and pulled it into his embrace.

Then, he kicked lady fan, who was lying on the ground and pretending to be dead.

This kick was far more vicious than Yun Jian's kick just now.

Si Yi's face was cold. With one kick, he sent lady fan into the grass more than ten meters away. Then, he half-hugged Yun Jian. His handsome face did not change in the slightest.

He took out his phone from his pocket and pressed the number without even looking at it. When the call was connected, Si Yi ordered the person on the other end of the phone in front of everyone:

"Send someone to Xinjiang town and destroy the whole family of a talkative old woman."

Chapter 1704: will listen to you and eat you up

Remember, when he said destroy, it wasn't just the fan family that was destroyed, but the entire fan family!

After everyone present heard Si Yi's words, their faces sank in fear.

Especially the girl who had delusional thoughts of making Si Yi think that Yun Jian was disrespectful to the elderly. Thus, Su Ya and the other girls, who wanted to make Si Yi realize this point and lose all feelings for Yun Jian, were so frightened that their faces turned pale.

Just now, they thought that Yun Zhi was too much!

But in comparison, Si Yi was much more ruthless than Yun Zhi!

He actually wanted to destroy the entire fan family just because of that one wrong word that lady fan said!

Just because lady fan said those words just now, he wanted to kill people!

Moreover, Si Yi's actions just now made all the girls present terrified.

Could he be a gangster?

At that time, Si Yi didn't wait for the person on the other end of the phone to make a sound and directly hung up the phone, wrapping the cloud memo in his arms.

Looking at the face of the cloud memo that he couldn't put down, Si Yi's cold words spread to every corner of the scene, causing the surrounding people to tremble until their fingertips went numb:

"Everyone present, Listen Up! In the future, if I hear any of you say anything bad about my mother-in-law, I will destroy your entire family!"

Si Yi Yi looked at Yun Zhi. His gaze was extremely gentle. However, the words he spoke to the surrounding people were filled with a feeling of winter ice.

Qin Yi Rou was little Zhi's mother, and that was his mother.

Si Yi Yi Yi had never felt his mother's love, but he had received Qin Yi Rou's care.

To Si Yi Yi, Qin Yi Rou was Yun Zhi's mother, and also his mother.

Thus, he naturally could not allow his mother to be bullied!

If Adam and Xue Ying were here to hear Si Yi's words, they would probably be unable to hold back their ridicule. They were not even officially married yet, and their young master was actually calling her mother-in-law!

How Shameless!

Of course, if Adam and Xue Ying were to say these words in front of Si Yi, they would definitely be driven to the Amazon forest by Si Yi to stay for a few years.

After returning to reality, the moment Si Yi finished his words, the few gossiping old ladies, as well as the few girls who had just said that they were not using the cloud parchment, all trembled and swallowed their saliva.

"Let's go, let's go, let's Go..."

"This is too scary, let's go home..."

The surrounding old ladies were also very shrewd people. Hearing Si Yi's voice, a group of old ladies ran away as if they were escaping.

Those young ladies were all the granddaughters or nieces of the old ladies. When the old ladies left, these young ladies were naturally taken away with them.

Very quickly, the scene fell silent.

The old lady fan, who had said that Qin Yirou and Qin Fangfang were not the same, endured the pain and crawled over from the lawn. She immediately knelt in front of Qin yirou.

She knew that Yun Jian was capable, so si yi naturally couldn't be that bad.

"Qin Yirou! Yirou! Save Me! Save Me! I spoke too quickly just now. You Can't let your son-in-law do this to me! I'm a person who does my job!

"I was wrong, I was wrong. I Won't do it again next time! Please! Let Me Go!"

Lady fan knew that Qin Yirou was easy to talk to, so she kowtowed to Qin Yirou desperately.

Although Lady Fan's words were excessive, Qin Yirou still had to return to Xinjiang Town. She didn't want her son-in-law, Si Yi, to be said to be a devil who killed without blinking.

So Qin Yirou let Si Yi teach him a lesson. Don't really kill him.

Si Yi didn't respond at first, but when Qin Yirou told Yun Jian what she said, Yun Jian just mentioned it to Si Yi. Si Yi didn't wait for her to finish the whole sentence and immediately agreed, "I'll listen to you."

Even if it was a knife mountain or a sea of fire, he would only listen to her.

Seeing Si Yi respond, Qin Yirou also let out a sigh of relief.

After all, she was a person from Xinjiang Town and had to live in Xinjiang Town.

If Si Yi really wanted to destroy the fan family, then who in Xinjiang Town would dare to get close to her in the future?

Si Yi couldn't help but reach out and Rub Yun Jian's head.

HMM... I really want to eat you up.

Chapter 1705: what kind of person are you

Although the fan family was not wiped out, in the next few days, she received news that her son's company went bankrupt, her daughter-in-law went through a divorce, and her daughter's husband's family went bankrupt overnight. They couldn't even afford to live on the streets.

Hearing this news, the fan family suddenly thought of Si Yi and immediately spat out a mouthful of blood.

After this incident, the people of Xinjiang town also spread the news that Qin Yirou had a son-in-law who doted on her daughter Yun Jian to the extreme.

Of course, the matter of appealing everything that happened was only a matter of time.

After Lady Fan returned home, Qin Yirou also led Si Yi and Yun Jian into Zhang Meihua's house.

After comforting Qin Fangfang, Qin Yirou went downstairs to help Zhang Meihua cook dinner.

Even though Zhang Meihua had done things that were too much for her, Zhang Meihua was her mother after all.

Sometimes people were so helpless.

Living in the present, if she was too weak, even her biological parents would look down on her.

Some people would give up on themselves, but some people would rush to the top in one go to show that they were not ordinary people.

Qin Yirou probably belonged to the former.

Of course, she did not have the ability to become the latter.

However, it was one thing to look down on herself. Her parents were still her parents, and Zhang Meihua had given birth to her after ten months of pregnancy.

...

That night, Yun Jian slept with Si Yi.

However, Qin Yirou's room was next door. The soundproofing of the room here was extremely poor, and Yun Jian had been hiding from Si Yi's touch. In the end, he still followed his path and was touched all night...

Cough Cough!

Early the next morning, Si Yi had to rush back to dark soul organization.

As the leader of an organization, he always had a lot of things to do.

Yun Jian naturally understood.

"I'll look for you in a few days." When Yun Jian said to look for him, he meant to go to dark soul organization.

"Okay." Si Yi hugged Yun Jian's soft body. Finally, he bent down and kissed Yun Jian's forehead and lips for a while.

At this moment, Si Yi and Yun Jian were standing at the stairs.

After kissing for a while and hearing footsteps around them, Si Yi let go of Yun Jian and left.

...

Yun Jian returned to Xinjiang Town School in the afternoon.

This was the first place she stayed after her rebirth.

After walking around Xinjiang Town School, the scenery around her had changed.

When she returned home, Qin Yirou cooked mung bean soup.

Yun Jian had just picked up the mung bean soup and placed it by her lips to lightly sip it when a wave of restlessness suddenly sounded from the main entrance.

“Yun Jian, are you inside? ! Get Out Here!”

After Yun Jian heard this insult, her eyes moved slightly, but she still walked out.

A familiar figure appeared in front of her — Lin Mengyu.

The moment she saw Lin Mengyu, even Yun Jian was slightly surprised.

However, she saw many people standing around Lin Mengyu. Yun Jian had a good memory. She could see that the people standing around Lin Mengyu were all former students of Xinjiang Town School, her classmates.

More than a year ago, the first person she met after her rebirth was strictly Lin Mengyu and her little sidekick.

At that time, Lin Mengyu held her head and pushed it into the school toilet.

After that, she also punished Lin Mengyu, but why did she come looking for her now?

“Yun Jian, you used to flaunt your strength just because you have the ability! HMPH! Let Me Tell You, this year, I have taken a master to learn martial arts and have already learned all of my master’s life’s ultimate skills!

“Today, I called some of our former classmates here so that everyone can witness that I, Lin Mengyu, will definitely defeat you today! I will avenge my previous humiliation!

“The humiliation that you brought me in the past, I will return it to you today!”

Lin Mengyu clenched her fists. Looking at Yun Jian’s face that was even more beautiful than before, she gritted her teeth in hatred.

Many people gathered around to watch. Qin Yirou just happened to go to Xinjiang Town’s vegetable market to buy vegetables.

Lin Mengyu brought a large group of people over. When the neighbors heard the noise, they all came over to see what was going on.

“You want to fight me?” Yun Jian narrowed his eyes. She looked at Lin Mengyu coldly and said.

Lin Mengyu hated her to the bone because of Yuan Yingjun’s matter.

She didn’t expect that she would still not repent after so long.

“That’s right! The ultimate skill that my master taught me will definitely beat you to the ground!” Lin Mengyu looked at Yun Jian hatefully and shouted.

Yun Jian sneered and stood in front of Lin Mengyu without any fear. He said arrogantly,

“Do you know that before going to the hunting school, Country Z held a selection field where only the best special forces soldiers in the country could be selected? I could easily get first place in the selection field. Who Do you think you are!”

Chapter 1706: dilin Leng Mei-she wanted to escape

Yun Jian’s story was not a secret. At least, it had already spread throughout the military academy in Min City.

She was not afraid that Qin Yirou would find out. Besides, Qin Yirou was not at home. She went to the market to buy vegetables.

The neighbors gathered here because of Lin Mengyu’s arrival with a large army.

The surroundings were filled with people.

When Yun Jian had just been reborn, Lin Mengyu’s abdomen and ribs had been crippled by Yun Jian. After lying in bed for several months, she once again met Yun Jian and wanted to get rid of Yun Jian.

But in the end, she couldn’t even move a finger from Yun Jian.

Lin Mengyu was the daughter of the principal of Xinjiang Town. In a small place like Xinjiang Town, Lin Mengyu could be considered pampered compared to her peers.

As the daughter of the principal of Xinjiang Town, when had she ever been bullied?

The first time in her life that she suffered a loss was in the hands of Yun Jian!

She could remember this grudge for the rest of her life!

Just as Lin Mengyu was solemnly looking at Yun Jian, she and the surrounding people heard Yun Jian’s words.

Before heading to the hunting school, the selection competition for the country’s most outstanding special forces held by country Z was not a secret that could not be told to others. Therefore, as long as one was concerned about these matters.., they would be able to get information from various sources.

Reality proved that there were only three spots in the previous hunting school, and the competition for the spots was very intense.

As for which three people were qualified to go to the hunting school, many middle-aged and old people in Xinjiang Town who loved to read the newspapers wanted to know the answer, but they had no results.

Yun Jian’s words just now instantly stirred up the emotions of everyone present.

For a moment, everyone stared at Yun Jian with wide eyes in shock and horror.

“Did you participate in the preliminaries? !”A middle-aged man who loved reading newspapers looked at Yun Jian with terrified eyes and said in horror.

When some of the Yun Jian that was called by Lin Mengyu were in Xinjiang Town School, the classmates who were in the same class listened to the words of Yun Jian and the middle-aged man, and at this moment, they all looked at Yun Jian with very shocked eyes.

“So what!”

However, before Yun Jian could answer, Lin Mengyu suddenly interrupted everyone’s words. She pointed at Yun Jian with her finger and stared at Yun Jian with her fierce eyes, as if she wanted to tear Yun Jian into pieces.

“In a word, do you dare to fight with me or Not!”

Lin Mengyu pointed at Yun Jian with her finger. She gritted her teeth and said to Yun Jian.

...

“HMM... ah... leader... be gentle, be gentle...”

At this moment, at the same time that the incident happened in Longmen City’s Xinjiang Town, in the blood doll organization, Leng Mei was being held down by Di Lin and doing something indescribable.

After being brought back by Di Lin, Leng Mei had already been held down on the bed and bullied for three whole days and three nights!

At this moment, Leng Mei was holding Di Lin’s head, and Di Lin was on top of her.

Leng Mei was Di Lin’s lover. This was a well-known fact in the blood doll organization.

The former leader of the blood doll organization, that is, after Di Lin’s father passed away, Di Lin became the leader of the blood doll organization and explicitly asked Leng Mei to be his lover.

Leng Mei was only an assassin of the blood doll organization and was saved by Di Lin’s father. She had no right to refuse.

She had always thought that Di Lin only wanted a woman to warm his bed and vent his desires, so she had never had any improper thoughts.

She had already been prepared to die when she was caught for assassinating Yun Jian, but she did not expect Yun Jian to spare her life and let her live with Qing Yan and Gu Nian instead.

Now that she had been caught by Di Lin for so long, her waist was almost broken from being bullied.

Leng Mei had even started to plan to escape from Di Lin.

Anyway, Di Lin did not like her. After she left him, he would just need to find another woman to warm his bed.

Leng Mei had already made up her mind.

“What are you thinking about!” When Di Lin vented his desire on Leng Mei, put on his clothes, and sat at the side, looking at her as if nothing had happened just now, he asked her.

Leng Mei finally came back to her senses. She pulled the blanket over her and carefully glanced at di Lin.
“Nothing.”

After saying that, Leng Mei quickly put on her clothes and walked out of the door as usual.

Every time she was done, he did not like her to stay in his room, so she left on her own accord.

However, just as Leng Mei put on her shoes and was about to leave, a big hand grabbed her wrist.

“Where are you going?” “Do you still want to leave me!

Chapter 1707: how shameless was Leng Mei to run away

“I... I just made you a bowl of chicken soup in the kitchen. If you don't turn off the heat, it'll burn.” Leng Mei did make a bowl of chicken soup, but it was only to make an excuse for her to leave.

She thought that once she left and brought a woman back in time, their leader would definitely forget about her.

Leng Mei wanted to go back to Xinjiang town to play mahjong with Qingyan and Gu Nian.

“Get Someone to bring it over. You stay here.” Di Lin grabbed Leng Mei's wrist and refused to let go.

There was never a reason why he wanted her to do anything.

“But I cooked it myself. I wanted to serve it to you personally...” Leng Mei did not expect her leader to have changed so much after her return! She quickly found another reason.

“Okay.” Di Lin let out a sigh of relief when he heard that she cooked it herself.

Leng Mei then hurried to the door.

As soon as she reached the door, Di Lin's voice was suddenly heard, “Come back quickly.”

Leng Mei paused her steps, her eyes moved slightly, and she finally nodded, “Yes.”

...

After Leng Mei came out of the room, she ran directly to the training ground of the blood doll organization and met with ruoyin.

“Are you really going to run?” Ruoyin looked at Leng Mei and touched her forehead.

“Quick, quick! Lend me your helicopter!” Leng Mei walked over and put his arm around Ruoyin's shoulder.

“If I Were you, I would stay by Chief's side obediently. Can't you see that chief loves you so much?” Ruoyin couldn't help but remind him.

Leng Mei's hand stopped, and she was slightly shaken.

In fact, she really loved di Lin.

But if he really loved her, she had been with him for so many years. Why would he still...

"I'm leaving. Don't think about me!" Without thinking anymore, she snatched ruoyin's helicopter and drove away.

Ruoyin, who stood where she was, shook her head. She bet a dime! It wouldn't be long before Leng Mei was caught.

...

At this moment, in Xinjiang Town, Longmen City.

Lin Mengyu was pointing at Yun Jian with her finger and confidently shouted out what she had just said.

"In one sentence, do you dare to fight me or not?!"

After Lin Mengyu shouted out what she had just said, some of her former classmates who were in the same class as Yun Jian and Lin Mengyu immediately stood out to support Lin Mengyu.

"Mengyu's master has been living in seclusion on the mountain. A year ago, he personally went down the mountain to take Mengyu as his disciple! He said that Mengyu's bones are suitable for practicing martial arts and that she is a once-in-a-thousand-years talent!"

"Wow, to let a hermit master personally go down the mountain to take a disciple, he even came to us himself. Mengyu is so powerful. We support you! You are the best and the best!"

...

In the past, there were very few people who helped Yun Jian in Xinjiang Town School. Other than Lu Feiyan, there was no one else.

Yun Jian was good-looking and had always been the one who was isolated.

Therefore, seeing that Lin Mengyu brought everyone to look for Yun Jian, a group of students from Xinjiang Town School All helped Lin Mengyu.

Although Yun Jian's strength was shocking, he did not stay in Xinjiang Town School for long after his rebirth.

Moreover, these students didn't know what happened after that, nor did they know Yun Jian's other identities.

Lin Mengyu was proud when she heard her former classmates say that she was accepted as a disciple by an expert.

She raised her head high and acted as if she should accept the evaluation of the people around her.

"Yun Jian, if you know what's good for you, surrender obediently and let me send you to the hospital. Then, we'll forget about our previous grudge. Otherwise... HMPH..."

Just as Lin Mengyu finished speaking, another hurried voice sounded from the main entrance.

"Xiaojian!"

As soon as the voice faded, Yunjian saw a few figures running in from the main entrance.

As it was Saturday, school was over, so the students could return to Xinjiang Town.

The one who ran in first was Lu Feiyan.

Following behind her were the original members of Xinjiang Town's basketball team, Li Xiangyi, Wu Kui, Wen Rui, and others.

Lu Feiyan and the members of the basketball team were the first group of friends that Yun Jian had met in Xinjiang town.

When he left Xinjiang Town, Yun Jian had made an appointment with Lu Feiyan and the members of the basketball team to meet in Longmen City a year later.

However, a year later, Yun Jian went to Min city's military academy, while Lu Feiyan and the members of the basketball team went to Longmen City.

The world had changed. Sometimes, even Yun Jian himself could not guess what would happen in the future.

At this moment, Lu Feiyan and the members of the basketball team ran in. They stood in front of Yun Jian and looked at Lin Mengyu.

"Lin Mengyu, what do you want? ! Xiao Jian didn't do anything to you from the start. You and Yuan Yingjun have been harassing her all this time! Now You've come looking for her. Don't you have any shame? !"

Lu Feiyan stood in front of Yun Jian and growled at Lin Mengyu.

Lu Feiyan, Li Xiang, and the others had heard that Lin Mengyu had come looking for trouble with Yun Jian, so they rushed over.

Chapter 1708: I'll kill them all

"Hey, isn't this Lu Feiyan? Hehe! Your father killed someone and is still in the police station, right?"

When Lin Mengyu saw Lu Feiyan, she immediately remembered that Lu Feiyan's father was knocked down by a female teacher at school and accidentally stabbed a person to death.

That incident was causing a commotion in Xinjiang town and the school.

Because Lin Mengyu was the daughter of the principal of Xinjiang Town, she naturally knew about this matter.

And Lu Feiyan was a friend of Yun Jian. When Lin Mengyu called her two lackeys to push Yun Jian's head into the toilet, it was Lu Feiyan who called the teacher to complain.

Even though the teacher was helping her.

Therefore, when she saw Lu Feiyan run over to protect Yun Jian, Lin Mengyu did not even think before poking Lu Feiyan's scar.

Lu Feiyan's father had been imprisoned for life because of Yun Jian's help. Now that his sentence was reduced, he could not avoid prison.

This was Lu Feiyan's pain.

Therefore, when she heard Lin Mengyu's words, Lu Feiyan clenched her fists tightly.

"I forbid you to talk about my father!" If Li Xiangyi, who was standing behind her, had not grabbed Lu Feiyan's arm, Lu Feiyan would have rushed up to fight Lin Mengyu.

If it were in the past, Lu Feiyan would not have been at a disadvantage if she fought with Lin Mengyu.

But now that Lin Mengyu had trained with an expert for a year, her strength was naturally different from before.

Seeing how Lu Feiyan wanted to beat her up but was stopped by someone, afraid of her strength, Lin Mengyu instantly felt a sense of satisfaction.

Sure enough, having strength was good. No one could bully her, she could bully anyone she wanted!

Seeing this scene, Lin Mengyu felt that she was really invincible in the world.

The surrounding people also thought so.

"Mengyu, you're so powerful! So Awesome! When I heard that you were accepted as a disciple by an expert, I was shocked! I really admire you too much!"

"That's right! What is that cloud tablet! HMPH! I should have submitted to you a long time ago!"

...

Several female classmates from Xinjiang Town School started to praise Lin Mengyu greatly. The tone of their praise almost made Lin Mengyu praise the heavens.

The neighbors near Zhang Meihua's house were all gathered here. More and more people were gathered. There were people who were watching the show, worried, and gloating.

However, these people who were watching the show didn't know how to speak.

Just as Lin Mengyu was feeling proud and proud of herself, thinking that she was an amazing person and that she was the legendary figure that everyone was praising, Yun Jian's words suddenly rang in everyone's ears.

Yun Jian's words suddenly rang out and reached the ears of everyone present:

"A once-in-a-thousand-years genius? Just by looking at your bones, a person like you shouldn't be suitable to learn martial arts! To be able to praise you as a once-in-a-thousand-years genius expert, I really want to see it for myself!"

Yun Jian crossed her arms and looked at Lin Mengyu coldly.

Lin Mengyu's skeletal evacuation made her attacks soft. Even if such a person really met a master, even if they were trained from a young age, they would never be able to reach the level of a high-level assassin in their entire lifetime.

On the other hand, a person like Zhang Shaofeng, who had strong bones and powerful fists, could reach the sky with just a few words of guidance! This was also the reason why Yun Jian accepted Zhang Shaofeng as his disciple.

Lin Mengyu was a rare genius that was hard to come by in a thousand years?

Yun Jian almost sneered.

"Why? I heard that I'm a rare genius that is hard to come by in a thousand years. Are you jealous? Let me tell you, even if you are jealous, it's useless because it's natural! Master said that I was born to practice martial arts!"

Hearing Yun Jian's words, Lin Mengyu thought that Yun Jian was jealous. She laughed loudly and spoke confidently.

However, just as Lin Mengyu finished speaking, a woman with big breasts and fat buttocks walked in from the door. This woman had a charming appearance and was curvy. The moment she entered the door, she attracted the attention of many men.

However, after the woman looked at the scene, she laughed loudly and then said to Yun Jian in front of everyone,

"SS, it's really lively here. I heard the sound even before I entered the door! There are so many scumbags here. Do you need me to help you kill them all?"

Chapter 1709: added together, her fingers were not as good as her fingers

Leng Mei's sudden appearance shocked everyone present.

At this moment, Leng Mei was wearing a tight-fitting black leather jacket and pants. Her perfect body was fully displayed. Anyone present who saw such a seductive and sexy woman would be attracted to her.

Even women were attracted to Leng Mei, let alone men.

When she saw Leng Mei coming in from the entrance, she did not hold back at all. She directly spat out the words that she had just said.

When everyone realized that Leng Mei was the woman that Zhang Yang had just spat out, everyone was shocked!

Those present were all ordinary citizens of Xinjiang Town. They were farmers, workers from construction sites and factories. They did not even go to Longmen city often. They even had to be meticulous in their planning.

Hearing Leng Mei say the word "Kill" so easily, everyone present was surprised.

“What are you doing here?” Just when the people around were confused and even thought that Yun Jian couldn’t possibly know this woman, Yun Jian suddenly crossed her arms and looked at Leng Mei.

She obviously knew this woman who said killing was so easy!

The surrounding people were eating like crazy. Even Lu Feiyan, Li Xiangyi and the others, including Lin Mengyu, were surprised.

“Qingyan and Gu Nian asked me to hide here for a few days. Don’t tell anyone about me!” Leng Mei walked to Yun Jian’s side and said lazily.

“I didn’t hire you to slack off.” Yun Jian narrowed his eyes. She did not look at Leng Mei, but stood there with her arms crossed.

Now that the blood doll organization had been handed over to her, it meant that all the assassins or agents who stayed in the blood doll organization had to be paid.

Some assassins or agents who were trained by the Gu Sha mercenary group had an agreement. When the agreement expired, they would be released.

If these assassins or agents were willing to stay in the Gu Sha mercenary group, the Gu Sha mercenary group would hire them at a reasonable price.

This was the hire fee.

Leng Mei had been in Blood Doll Organization for so many years, and her contract had long expired.

In other words, Leng Mei had been paid for nothing in blood doll organization.

Now that blood doll organization had given Yun Jian a note, Leng Mei still took the money even though she was lazy and didn’t work. Moreover, the salary wasn’t low.

“I’m just taking a few days off. Do you need to be so calculative? In the past, the leader didn’t care about me...” Leng Mei said.

Di Lin really didn’t care about Leng Mei in the past. Even if Leng Mei was lazy for a year, Di Lin didn’t say a word against her.

“It won’t happen again.” Yun Jian pursed her lips. She curled her lips and said softly.

“Good, good, good.” Leng Mei was relieved.

Not Bad, not bad. There’s a place to hide.

The conversation between Yun Jian and Leng Mei was heard by the surrounding people, but they were all confused.

What ‘I’ll hire you’? What leader?

What was all this?

Everyone was confused for a moment.

“Yun Jian, what the hell are you doing? Even if you pretend to be very powerful, it’s useless! I’m a rare genius! Master said that even if you practice your skills since you were young, you can’t beat me! It’s useless to ask for Help!”!

“Hehe, what nonsense are you saying! Really, don’t laugh to death!”

After hearing Leng Mei and Yun Jian’s words, Lin Mengyu was confused for a moment. She laughed coldly, then looked at Yun Jian and sneered.

“Exactly, what nonsense are you talking about! Do you really think you’re very powerful! I’m really laughing to death! Mengyu, we support you!”

A female classmate from Yun Jian’s class who used to be behind Lin Mengyu sneered at Yun Jian.

However, just when everyone thought that Yun Jian and Leng Mei were putting on an act, Leng Mei suddenly smashed a stool in front of her with her palm.

The stool was directly shattered by her hand!

Then, she pointed at Yun Jian and sneered in front of everyone:

“Do you know who she is? Don’t think that she is a supreme top-tier powerhouse! All of you here added together are not even a finger of hers!”

Chapter 1710: identity was exposed, and Sha Shen shocked the world

As soon as Leng Mei finished speaking, a burst of laughter was heard, “PFFT! hahaha! Our combined strength is not even a finger of hers! Are you kidding me? PFFT, don’t think that you’re so powerful! It’s hilarious!”

The person who was laughing was Lin Mengyu. At this moment, Lin Mengyu was staring at Yun Jian with a cold gaze, her eyes filled with confidence.

She was confident that she could defeat Yun Jian!

“Xiao Jian, this is?”Qin Yirou’s voice immediately rang out from the main entrance. Qin Yirou stared blankly at her neighbors who were watching the show, as well as Lin Mengyu, Lu Feiyan, and the others, she didn’t know what to say.

“Ha, you came at the right time. You Are Yun Jian’s mother, right? Your Daughter bullied me before, you don’t know, right? The ribs in my abdomen were broken by her! Now, I’m going to kill her in front of you!”

Lin Mengyu saw that Qin Yirou had returned. She didn’t feel that she had gone overboard just now. On the contrary, she even said fiercely to Qin Yirou.

Qin Yirou was shocked. She was about to say something when she saw Yun Jian’s sharp eyes flash. She suddenly swung her hand, and six throwing knives flew out from her hand, flying straight to the roof of a nearby house.

This scene shocked everyone present.

“What’s wrong with you!” Lin Mengyu directly roared at Yun Jian.

However, just as this roar fell, a short, old man in martial arts attire appeared in front of everyone.

After this old man appeared, four or five young people appeared beside him.

Everyone was stunned.

What was going on? who were these people!

Just as they were thinking about this, they saw Lin Mengyu staring at the old man and the five young men beside him with wide eyes:

“Master, Senior Brothers, why are you here?”

This old man was Lin Mengyu’s master!

After the old man appeared, he didn’t seem to see Lin Mengyu at all. His sharp eyes stared at Yun Jian.

After a while, he laughed loudly:

“Hahaha! That junior brother of mine taught you his life-long secret technique. You really did not disappoint me, Sha Shen!”

The old man laughed loudly twice. Under the gaze of the surrounding people, his eyes that stared at Yun Jian’s malicious gaze did not change.

The moment he saw the old man, and the words from the old man’s mouth.

Yun Jian suddenly thought of a person.

That person was the old man who had taught her a series of secret techniques such as hypnosis in her previous life. He could be considered as her master.

Later on, Yun Jian had also looked for him, but the last news he received was that the old man was on the Imperial Dragon Continent.

As for whether he was on the imperial dragon continent or not, it was still unknown.

Her intuition told her that the junior brother that the old man who had suddenly appeared was the old man who could be considered as her master!

“Master, what are you talking about? She also learned my skills?” Lin Mengyu was shocked. She looked at the old man and asked in confusion.

“Mengyu, Oh Mengyu, it’s all thanks to you that I was able to find her. hahaha! Your strength is not worth mentioning at all. Don’t come out and embarrass yourself. Leave!” The old man looked at Lin Mengyu from the corner of his eyes and said.

“Master, What did you say? !” Lin Mengyu was completely shocked.

“Master, didn’t you say that I’m a rare one in a thousand years...” Lin Mengyu didn’t believe it.

“That was all a lie, Heh!” The old man glanced at Lin Mengyu and no longer paid any attention to her. He turned his eyes to the cloud note, and his gaze was as sharp as a sword:

“Sha Shen, I’ve been looking for you for a long time! Finally, I’ve Found You! My Junior Brother’s disciple, Haha! He actually has a disciple! Haha! How could he allow his disciple to continue living in this world! ! Hahaha!”

The old man looked at the cloud tablet with a crazed look and sneered.

“My daughter is not some Sha Shen, and she has never acknowledged a master before! You have found the wrong person!” When Qin Yirou heard the old man’s words, she was so scared that she hurriedly walked over and grabbed the cloud tablet.

It was obvious that these people were not ordinary people.

Qin Yirou did not want anything to happen to the cloud tablet.

The surrounding people were all confused.

“Looking for the wrong person? hehehe, do you really think she’s Your Daughter Yun Jian? I’m dying of laughter! hahaha! Why? Sha Shen, are you scared today? Are you going to hide it from your own mother?”?

“Mother, haven’t you noticed that your daughter’s temperament has changed greatly since last year and her strength has increased by leaps and bounds? Don’t tell me you don’t doubt it!”

The old man looked at Qin Yirou and said confidently.

This sentence really stopped Qin Yirou.

Little Jian’s temperament had changed drastically since last year, and he had suddenly become so powerful.

It wasn’t that Qin Yirou hadn’t suspected it before.

Qin Yirou looked at Yun Jian. She hesitated for a long time before finally saying, “Little Jian, I believe you...”

“Do you want to know?” Just as Qin Yirou finished speaking, Yun Jian interrupted her.

“What?” Qin Yirou was stunned.

“Do you want to know the truth?” If Qin Yirou wanted to know the truth one day, she wouldn’t hide it. Yun Jian had expected this day sooner or later.

“I. . .” Qin Yirou was stunned.

Yun Jian curled his red lips slightly in front of everyone. She stood in front of Qin Yirou, in front of Lin Mengyu, Lu Feiyan, Li Xiangyi, and the surrounding neighbors, including Qin Fangfang and Zhang Meihua who came out later, she spoke to Qin Yirou:

“That’s right. I’m not the Real Yun Jian. In My World, there is only killing and survival. Killing is just a very common thing. The Me in this way is indeed not the daughter you know. I Am... .. No. 1 on the international spy rankings, Sha Shen No. 006!”
