

Schoolgirl 1711

Chapter 1711: could still accept me like this

Yun Jian said these words slowly and coldly in front of everyone.

The faces of the people around also darkened as Yun Jian slowly said these words.

Silence, deathly silence.

The surroundings were completely silent. At this moment, no one dared to make a sound.

Yun Jian's words were said in front of so many people, including her biological mother... .. Qin Yirou.

If she was lying...

Where did she come up with this lie?

And at this moment, even Lin Mengyu's master had identified her as...

Sha Shen?

Everyone present was confused, especially when Yun Jian said the last sentence, "I am... Number One on the international spy rankings, number 006 Sha Shen."

Whether it was Qin Yirou, Lu Feiyan, Li Xiangyi, Zhang Meihua, Qin Fangfang's family, Lin Mengyu and the neighbors who were completely stunned.

A scene flashed across everyone's eyes.

In that scene, Yun Jian stood in the middle with a bloody butterfly knife in her hand. There were corpses lying around her. She was covered in wounds, but she stood in the middle of the corpses as if nothing had happened, as if she was the king of murder!

She was the No. 1 on the international list of agents, Sha Shen No. 006!

She was a top-level existence that no one had ever imagined before!

"This... this is impossible... impossible... no wonder, no wonder you changed! I was wondering why... When you were in the toilet a year ago, you suddenly became so powerful! So You... You Are! You Are!"

Lin Mengyu was originally refuting non-stop. How could Yun Jian be the top-ranked instant god of the international spy rankings!

But she suddenly reacted!

A year ago, Yun Jian was still a weak slug that she could grab into the toilet and bully.

But she suddenly changed!

It was that time that she suddenly changed! She learned to fight back! Her strength became astonishing! It was unfathomable!

At that time, Lin Mengyu kept wondering why Yun Jian seemed to have become another person!

Just now, after Yun Jian admitted his identity, Lin Mengyu first felt that it was impossible.

The number one on the international spy rankings, the God of Destruction! What kind of existence was that!

Although she had never heard of Yun Jian's battle record, hearing this title for the first time made everyone present feel that it was inconceivable.

Therefore, Lin Mengyu felt that this was impossible!

How could the number one spy on the international spy rankings be Yun Jian!

But in the end, even Lin Mengyu herself could not explain why Yun Jian had suddenly become so powerful!

It was as if he had changed into a different person!

Therefore, Lin Mengyu changed her words again.

Everyone around stared at the scene in front of them. At this moment, no one dared to say a word!

Yun Jian's eyes were fixed on Qin Yirou. She saw that Qin Yirou's expression changed from disbelief to shock.

Before Qin Yirou could put down her hands, she stared at Yun Jian in a daze, unable to say a word.

Yun Jian pursed his red lips and suddenly smiled.

Since he had decided to say it, he would say it thoroughly.

"Mom, I'm sorry that I've kept it from you for so long. I'm also sorry that I'm not your biological daughter.

"I'm an agent trained by the dark soul organization. I'm number 006, codenamed Sha Shen. I was once locked up with hundreds of children in a dark organization, but in the end, they all died at my hands.

"Because if they don't die, the one who dies will be me! I have no choice.

"I'm not the daughter you're familiar with, nor am I the child you brought up. I'm just an orphan. I've killed countless people, and my hands are stained with blood. I'm proficient in killing, war, heavy weapons, machinery, and computer operations. The only thing I don't understand is family.

"It was you who gave me an ordinary life, and I felt the love of a mother. I yearned for an ordinary life, but it was filled with love."

Yun Zhi paused for two seconds. She pursed her red lips and slightly opened her mouth to look at Qin Yirou. Her tone was a little slow, and there was a feeling that she could not ask, but she had to say it.

This was the first time in her life that she was at a loss for someone:

"So... can you still accept me like this?"

As long as Qin Yirou refuted, she would settle Qin Yirou and leave z country immediately. She would return to the world where she saw blood.

Chapter 1712: God of Destruction. What kind of existence was that

Everyone was watching the scene in front of them. At this moment, everyone was staring at Yun Jian and Qin Yiruo.

Shock was a must!

What did Yun Jian say just now?

She said that her hands were covered in blood and she had killed countless people. She had once been locked up with hundreds of children and killed all of them!

She was proficient in killing, war, heavy weapons, machinery, and computer operations!

That was a mythical existence!

Even if the top scorer of the national college entrance examination, who was looked up to by the people in the countryside, was placed on the same plane as her, she might not be able to reach such a level, right?

“You... you really know so many things? Oh My God! You’re a genius! You’re like us who have studied all our lives and don’t even know what a computer is...”

An old woman with a big mouth opened her mouth. She looked at Yun Jian in shock and horror.

The old woman in the countryside usually spoke exaggeratedly, and this old woman was the same.

“Grandma, she’s a secret agent! She can kill people!” Someone grabbed the corner of the old woman’s clothes and immediately took a step back.

When the people around heard that Yun Jian was a secret agent, they were so scared that they took two steps back. However, because they were afraid that Yun Jian would be ruthless to them, no one dared to leave this place at this moment.

When the surrounding neighbors saw Yun Jian, they all took a few steps back in fear. Lin Mengyu and the other students in Yun Jian’s class also took a few steps back.

Everyone looked at Yun Jian as if they had seen the god of plague!

“Yi Rou, your daughter must have been possessed by this demon called Sha God! Aiyo! There’s actually such a terrifying thing in this world! This demon can kill people! Everyone, quickly hide away!”

“Yi Rou, quickly move away too, don’t get killed! Hurry up and tell her to scam! Or get the police to arrest her and shoot her!”

The old woman who had spoken earlier reacted and immediately jeered.

Very quickly, someone continued, "That's right, that's right! I was wondering how your daughter became so powerful, running a company and being a special forces soldier! What's with the arrogance! So she was possessed by a demon!"!

"According to me, she should die! Yirou, if you want to accept her, get out of New River Town! Don't ever come back!"

The people around started to point at Yun Jian, Scolding Qin Yirou as well.

They probably didn't realize what the word 'brake god' meant.

The people around pointed at Yun Jian, but it didn't affect Yun Jian at all.

At this moment, Yun Jian's eyes were looking straight at Qin Yirou.

She was waiting for Qin Yirou's reply.

Not far away, Qin Yirou could not say a word after hearing Yun Jian's words.

Qin Yirou wanted to say something several times, but her lips were trembling so much that she could not say anything.

She suddenly realized that her biological daughter was not her biological daughter.

Over the past year, she had feelings for Yun Jian. Qin Yirou was a nostalgic person.

Moreover, from Qin Yirou's adoption of Little Yunzhu, Duan Li, and Duan Ya, it could be seen that she wasn't a selfish person.

But now that this situation had suddenly happened...

How could she accept or admit this fact...

"HMPH! Ignorant! You actually said that Sha Shen is a demon! PFFT! I'm dying of laughter!"

"Do you know what the word 'Sha Shen' means!"

"Sha Shen, who is ranked number one on the international spy rankings, made her debut at the age of 12 to kill someone. At the age of 14, she killed the former BOSS of the Gu Sha mercenary group. The mission she took on started with a market price of 100 million US dollars!"

"Since her debut, she has never lost a single assassination, cover, tracking, or anti-tracking mission! From assassinating the presidents of major countries to hunting the common people, Sha Shen of the Dark Soul Society was proficient in the languages of fifty-eight countries. She was once on the headlines of the International newspapers and was listed as the most untouchable existence in the world!"

"It was once said that the people that Sha Shen targeted had half a foot in the coffin!"

"Countless countries offered her tens of billions of dollars to work for them, but she did not accept them."

"How dare you call her a demoness! A Demon!"

Just as the group of old ladies were openly attacking the cloud note, Leng Mei suddenly spoke. Her cold words were like a sharp sword, causing everyone who was present to have no idea what the word 'Sha Shen' represented, they were shocked!

Sha Shen...

The number one on the international spy rankings, Sha Shen... ! ... was actually such a terrifying existence!

Chapter 1713: Qin Yirou's choice or not

Every word that Leng Mei said gave everyone a sense of shock and the shock of discovering a new world.

The market value of the cloud note mission was no less than 100 million US dollars! ?

What an astonishing figure!

Moreover, countless countries had offered her tens of billions of US dollars to work for them, but she did not accept it!

From these few words, everyone present was shocked by one thing: How Rich was Yun Jian!

In addition to Yun Jian's terrifying battle record, including Leng Mei saying that she...

Was proficient in the languages of 58 countries!

Was this really the strength that a person should have!

This could not be described with the word genius! This was a terrifying existence that couldn't be proven by science!

Everyone present, especially the few old ladies who said that the cloud talisman was a demon or demon, were dumbfounded on the spot.

No one had ever thought that the cloud talisman was such a terrifying existence!

These old ladies who lived in Xinjiang Town and didn't even leave Xinjiang Town often couldn't imagine how terrifying a person's strength was when it reached its peak!

And the cloud note was an existence that these frogs at the bottom of a well could never touch!

"Tens... tens of billions of beautiful beautiful... dollars!" The few old ladies who said that the cloud note wasn't the cloud note hugged each other and were so scared that their legs were trembling.

Not to mention tens of billions, even if it was millions, when these old ladies heard it, it was still an astronomical figure.

Tens of billions of dollars! In the eyes of these old ladies, it was simply an indescribable number!

The zeros behind it were uncountable!

That was why they had asked Qin Yirou to chase away Yun Jian. Otherwise, the few old ladies who had asked Qin Yirou to scam out of new river town would have hugged each other. They were so scared that their legs were trembling.

At this moment, Yun Jian had no intention of caring about the reactions of the surrounding people. She only stared at Qin Yirou.

Qin Yirou lowered her head slightly and clenched her hands tightly. Her face was very ugly.

Yun Jian admitted that she could see through everyone's motives, but she couldn't understand Qin Yirou at this moment.

Qin Yirou wasn't like other people. If it were anyone else, after hearing Leng Mei talk about Yun Jian's battle achievements, they would naturally think that Yun Jian was very rich.

Rural people lived a hard life. Even if their families had hundreds of thousands of savings, they could be considered one of the richest families in Xinjiang Town.

In 1999, there were not many rich people in this era. This was because in the past, the people of Z country worked together and divided the grain evenly. They were not allowed to start their own businesses.

Later, they started a policy of going it alone. It meant that the people could start their own businesses and invest in companies.

Of course, there were also some people who were well-behaved and did nothing for the rest of their lives.

Therefore, as time went on, the gap between the rich and the poor became wider and wider.

In 1999, the gap between the rich and the poor became obvious.

Those who were powerful became rich. Those who were not powerful lived a mediocre life, guarding the three villages and two Mu of land in their own homes.

The things that the cloud note possessed were things that the farmers in Xinjiang Town could only listen to and never touch.

Therefore, if Qin Yirou was an ordinary woman, she would have accepted Yun Jian long ago.

She didn't care if she was the number one spy in the world.

Even if she didn't accept it, her daughter wouldn't be able to come back. Under such circumstances, wouldn't it be better for her to accept it early?

She could even scam Yun Jian of a large sum of money!

After hearing Leng Mei's words, the surrounding people were extremely envious of Qin Yirou.

However, Yun Jian knew that Qin Yirou wasn't such a person.

Seeing Qin Yirou lowering her head and tightly clenching her hands together, Yun Jian's heart turned slightly cold.

His lips curled up, but there wasn't the slightest taste. Yun Jian's heart turned cold.

She should have known that she didn't belong to a normal world because no one in a normal world could accept her.

Just like...

In her previous life, after she left the dark soul organization, she had nowhere to go. No one was willing to accept her, whose hands were covered in blood.

So, she had no choice but to return to that world where she was exposed to blood.

In this one year, she had lived a normal life for so long. She originally thought that she could continue living.

But now...

"Mom, please allow me to call you mom again. I'm sorry. I know that you really want to know where your daughter is. If I have any clues in the future, I will definitely tell you immediately. Thank you for taking care of me this year!"

Yun Jian calmly bowed to Qin Yirou. Her Heart was bleeding.

However, just as she finished speaking, Qin Yirou could no longer hold herself back. Her hands trembled as she rushed over to hug Yun Jian. Just like a year ago, when Qin Yirou's spirit collapsed and she couldn't face the future, Yun Jian hugged her and said, "Mom..." You still have us."

Qin Yirou's trembling voice could no longer be stopped. "Child, no matter who you are, you will always be mom's child! The door of the house will always be open for you!"

Chapter 1714: her life was very unusual

People who came from the world of assassin agents had no choice but to die in battle.

No secular person would accept them because their hands were covered in blood.

If an ordinary family heard that someone from a certain family had killed someone, their first reaction would definitely be to tell their family members to stay away from this person and never go near this murderer!

God knows when they would be killed by this murderer!

This was a very realistic world.

Although Yun Jian was the number one person on the international list of agents, and as a Sha God, she was powerful enough to know everything and be omnipotent, as a person on this path, she had no choice, and there was no turning back.

Assassins or agents from underground organizations could only die in battle and could never return to the ordinary world.

That was because the people of the ordinary world would never allow an assassin or agent who had killed many people to live around them and threaten their lives.

If she had not been reborn, the cloud note was very clear that people with her status would never be able to come into contact with the ordinary world.

Her final result was only one — death in battle!

If she did not want to die in battle, then she had to become stronger! So strong that no one else could kill her!

That was why Yun Zhi in her previous life had never stopped in her pursuit of power. Even after she was reborn, she had never stopped expanding her influence.

That was because she knew very well that there were many capable people in this world. Just because she was powerful did not mean that there were no existences more powerful than her.

And what she wanted to do was to trample under her feet those who were even more powerful than her. This was survival!

Yun Jian had made ample preparations and knew that sooner or later, Qin Yirou would realize that she wasn't her own daughter.

She had also made preparations that Qin Yirou wouldn't be able to accept her.

But Yun Jian had never expected that Qin Yirou would actually rush over to hug her at the last moment and say such words to her!

In this world, who wouldn't be afraid of people who would kill?

If it were the people around them, they might recognize Yun Jian, but it was for the money.

But Qin Yirou didn't covet a single cent of her. Yun Jian could feel the kinship she gave her.

Reaching out her right hand and gently touching her heart, Yun Jian took a deep breath. She could feel it here...

There was a trace of warmth.

This was the feeling of family.

"Why... Why are you still crying? Don't Cry..." Qin Yirou hugged Yun Jian for a while. She could feel a few drops of tears on her shoulder.

Those few drops of tears belonged to Yun Jian.

Qin Yirou quickly turned her head to look at Yun Jian. She reached out to touch the tears on Yun Jian's face.

"Mom is here. Mom will never leave you... this is fate. It's not your fault..." Qin Yirou rubbed the tears on Yun Jian's face. Her tears also fell.

Qin Yirou really wanted to ask where her own daughter had gone, but at this moment, she couldn't bring herself to ask.

Moreover, Yun Jian also said that once she had news of her own daughter, she would tell her.

She Cried? She Cried?

Yun Jian was dumbfounded. From the moment her tears fell until now, she had been silent.

Tears fell silently.

She didn't even notice it herself.

"Tears?" Yun Jian caught the tears that fell from her eyes and was in a daze for a moment.

How many years had it been since she shed tears?

From the moment she realized the truth, even if she had lived a life where she could be killed at any time in the dark soul organization, even if she had been wounded by knives and spears, she had never shed tears!

Tears would never appear on her body!

But today, she actually...

Shed tears?

"Hehehe! Sha Shen, are you done reminiscing? hehehe! Now it's time to settle our personal grudges!"

At this moment, the old man who had been watching from the side for a long time laughed arrogantly. He looked at the cloud paper with a sinister smile.

Chapter 1715: flew into a rage. All of You, die

After the old man finished speaking, the atmosphere at the scene instantly sank.

The surrounding people watched this shocking scene and were momentarily unable to come back to their senses.

The old man spoke out at the wrong time, causing everyone present to quickly realize that not only were Yun Jian and Qin yiruo present, there was also Lin Mengyu's unpredictable master!

And this old man was the culprit who exposed Yun Jian's identity!

Her master was still standing by the side, especially when her master stood in front of Yun Jian and said Yun Jian's identity.

Lin Mengyu suddenly had a mysterious confidence.

She felt that her master must be more powerful than Yun Jian!

Just because her master pointed out Yun Jian's identity!

Therefore, even if the cloud note was the Sha God, she, Lin Mengyu, was not afraid anymore!

Because she had a master!

Therefore, Lin Mengyu looked at the cloud note and said with a chuckle, "That's right, cloud note, are you done reminiscing? Do you think that you are arrogant just because you are the Sha God? CAN YOU BEAT MY MASTER! ?"!

"Moreover! So What If you cry? Don't make yourself look like you have never cried in your entire life! Do you really think that you are a high and mighty person! ?"!

"Even if you're powerful, you still have my master! My master's ability isn't necessarily inferior to yours!"

Just as Lin Mengyu finished her words, the old man suddenly shouted at Lin mengyu, "Lin Mengyu, shut up! Do you still want your life? ! She's the Sha God!"

From these words, it could be seen that this old man was still very afraid of Yun Jian.

Yun Jian had already recovered from his earlier emotions. She turned her head and Shielded Qin Yirou behind her.

This time, Qin Yirou didn't try to force herself. She very consciously stood behind Yun Jian and didn't add any burden to Yun Jian.

Yun Jian's slightly red and swollen eyes suddenly became sharp at this moment. She cast a sidelong glance and her sharp gaze reflected on Lin Mengyu.

Her tenderness towards Qin Yirou didn't mean that Yun Jian would look at others with red eyes.

Her self-control was outstanding.

Yun Jian's eyes were sharp as he looked at Lin Mengyu. His red lips curled slightly. Perhaps it was because Qin Yirou's actions earlier made her feel warm and the burden in his heart had been lifted. Therefore, Yun Jian felt extremely relaxed.

"Since you already know my identity, then I might as well tell you. In the past, those who dared to insult me like this, I will..."

Since this group of people already knew her identity, then Yun Jian would not show any mercy!

Yun Jian's words had just reached this point when Lin Mengyu suddenly trembled.

She suddenly remembered that a year ago, Yun Jian had used this kind of tone to speak to her.

"What will happen..."Lin Mengyu hid beside the old man, but she trembled under Yun Jian's sharp gaze. She forced herself to calm down, but she could not calm herself down.

Just as everyone was taking a deep breath, they heard Yun Jian suddenly say something that made everyone tremble slightly:

"Kill without mercy!"

Perhaps it was because they had already confirmed Yun Zhi's identity, coupled with Yun Zhi's words just now.

In the past, everyone present would only treat Yun Zhi's words as a joke. However, at this moment, after everyone heard Yun Zhi's words, they could not help but tremble violently.

Just because Yun Zhi said these words, he wanted to kill Yun Zhi! Was this the so-called God of Destruction? !

"Hehehe! God of Destruction, your opponent is me!"The old man suddenly stood up and looked directly at Yun Zhi. He spoke in a cruel manner, as if he would not stop until Yun Zhi was dead.

Just as the old man finished speaking, a tall figure suddenly walked in from the main entrance. This tall figure coldly swept his gaze across the entire place after entering the door. When he saw Yun Zhi's slightly swollen eyes, he flew into a rage:

"How Dare You Make My Woman Cry? Everyone, die!"

Chapter 1716: gave ten seconds to kill everyone

Si Yi's sudden appearance stunned everyone on the spot.

Especially Qin Yirou.

Yun Jian was not surprised that Si Yi had returned to the dark soul organization in the morning. Why was he back now.

Qin Yirou had personally watched Si Yi drive off in the morning with Yun Jian, so she could not help but be a little surprised to see Si Yi back now.

Si Yi had indeed left in the morning, and the private helicopter that Molson had sent to pick him up was already on its way to the dark soul organization.

Later, there was a sudden message saying that someone was looking for trouble with Yun Jian, and Si Yi had turned back without thinking.

Looking at Si Yi who had entered through the main entrance and the arrogant words that he had said when he had just entered the venue, Qin Yirou was stunned.

Everyone present looked at Si Yi. It was obvious that they were shocked by Si Yi's words.

They saw Si Yi's tall and long figure getting closer and closer to the cloud paper.

The moment he saw Si Yi, the old man's eyes jumped.

Si Yi walked quickly to the cloud paper. In front of everyone present, he held the cloud paper in his arms.

Seeing the red eyes of the cloud paper, his expression flashed fiercely. Even the corner of his brows jumped.

At the entrance, after Si Yi entered, two handsome long figures immediately followed closely. Among these two handsome long figures, the owner of one of them had a deep scar on his neck. Just looking at it made people tremble.

The other handsome figure was much more stable.

The visitors were naturally Xue Ying and Mo Sen.

After Xue Ying and Mo Sen entered, a large group of people rushed in from the entrance.

These people were all dressed in black. Their entire bodies were covered up, only revealing a pair of pitch-black eyes.

The group of people who entered followed behind Xue Ying and Mo Sen. Each of them held a machine gun in their hands. Just looking at this scene alone was enough to shock everyone present.

Without a doubt, these people were all high-level assassins of the dark soul organization. Every single one of them was an experienced existence.

Seeing this scene, even Lin Mengyu's master, that old man, was stunned.

Not to mention the reactions of the people around them.

At this moment, Si Yi had already embraced the cloud paper in his arms. He had already embraced the cloud paper in his arms. He stretched out his slender and long hand and gently touched the red rims of the cloud paper.

"Little Jian, who bullied you? Tell me, I'll make them all go to hell!"

Si Yi coldly spat out these words. As he spoke, he gently hugged Yun Jian's waist with one hand. His gaze was sharp as if if Yun Jian only needed to say a word and he would destroy everyone present for her!

Who bullied her?

Wasn't Qin Yirou the one who moved Yun Jian to tears just now?

The surrounding people didn't dare to say a word at this moment.

Yun Jian was the No. 1 on the international ranking list of agents!

Si Yi who could be together with Yun Jian, how ordinary could he be!

The surrounding neighbors had all seen Si Yi before. Usually, Qin Yirou also treated Si Yi as her son-in-law, so the surrounding people could recognize si yi.

But at this moment, Si Yi made everyone present feel fear!

"I'm fine." Yun Jian nestled in Si Yi's arms. At this moment, she felt her heart completely calm down.

Wasn't the person who had made her cry her own mother? If she were to calculate this, would she let Si Yi settle the score with Qin Yirou?

"Are you really fine?" Si Yi looked at Yun Jian a few times. He rubbed Yun Jian's head, paused for a moment, and suddenly raised his head.

His eyes, which were so gentle that everyone felt that he could do anything for the cloud paper, suddenly became as sharp as the eyes of a deadly Yama.

After pausing for two seconds, Si Yi's words made everyone's expression change greatly.

Si Yi's words directly ordered Xue Ying and Mo Sen to carry out in front of everyone:

"I'll give you ten seconds to kill everyone here!"

Chapter 1717: Si Yi was furious. The death of the old man

Ten seconds was the slowest time he could give them.

Si Yi was furious!

Si Yi looked different when he was angry than when an ordinary person was angry. Yun Zhi could see it from his furrowed brows.

Si Yi frowned. The veins at the corner of his brows were throbbing. This was the first time his handsome face showed such an expression.

The woman who dared to make him cry! Everyone, go to hell!

"Ah Yi, Ah Yi, wait a minute. This is because..."

Qin Yirou heard this and looked at the group of people Si Yi brought into the house. Each of them was carrying a machine gun! She naturally didn't think that Si Yi was joking, so she quickly opened her mouth to stop him.

At this moment, Nothing Qin Yirou said was of any use.

Si Yi Yi's heart was broken when he saw Yun Zhi's eyes turning red.

He had lived for 20 years in this life. His personality had always been neither hot nor cold. It gave people the feeling that the earth was about to explode. Even if the sky was about to collapse, his face would not reveal a second expression.

But at this moment, his expression changed again and again!

His little piece of paper was crying!

Even he himself could not bear to bully it. He held it in his palm and was afraid that it would fall off. The little piece of paper that was in his mouth was actually being bullied and crying! ?

This time, Si Yi Yi was truly enraged.

Seeing Qin Yi Rou appear, Qin Yi Rou was after all Yun Zhi's biological mother. According to Si Yi's usual doting attitude towards Yun Zhi, now that Qin Yi Rou appeared, Xue Ying and Mo Sen were more or less taboo.

Hence, they did not act immediately.

“There are still five seconds left. If the people here are not all dead, the ones who will die will be you!” Si Yi’s pair of eagle-like sharp eyes directly reflected on Xue Ying and Mo Sen.

From the start of the countdown, ten seconds to finish off everyone here! If Xue Ying and Mo Sen could not do this with the dark soul organization’s people! The ones who would die would be Xue Ying and Mo Sen!

Si Yi’s words made Xue Ying and Mo Sen slightly surprised.

How many years had it been since the young master had been so angry!

Strictly speaking, the last time he was so angry was when the young master was still the divine lord from back then!

That time, because the sorcerer God did not attend the ceremony, Si Yi became angry. Coincidentally, the King of the Imperial Dragon Great Land bumped into Si Yi’s muzzle and said that the lord sorcerer God would not attend the ceremony.

Si Yi was furious at that time. He tore this ruler of the Imperial Dragon Great Land, the king, into pieces. His soul was scattered!

At that time, after the matter was revealed, the cruelty of Lord god-monarch was completely spread.

And this time, Xue Ying and Mo Sen could feel Si Yi’s anger once again.

They waved their hands and were about to launch a violent sweep at the scene.

Yun Jian’s words came out in time: “It’s not them, it’s him.” Yun Jian pointed at the old man.

The surrounding people were indeed innocent. Today, Yun Jian had exposed her identity. She had already thought of a countermeasure.

Qin yiruo still had to survive here. She just had to make these people lose all the memories they had seen today.

However, if someone died here, it wouldn’t be on the same level.

Yun Jian never liked to do complicated things.

The deaths of the people present wouldn’t benefit her at all.

At this moment, Yun Jian had finally figured out the old man’s background.

It was very likely that her master from her previous life had come from the Imperial Dragon Continent.

This old man was her master’s senior brother.

In addition to the old man’s various actions, it was not difficult to guess that this old man had no connection with the Imperial Dragon Continent.

If she guessed correctly, this old man was only her master’s senior brother whom she had met when she was on Earth learning from her master.

Therefore, the old man had no connection with the Imperial Dragon Continent at all.

Of course, if the old man knew that she and her master were both from the Imperial Dragon Continent and that she was also the sorcerer God of the Imperial Dragon Continent, the old man would have borrowed ten times of his courage and would not dare to come looking for trouble.

As the sorcerer God, Yun Jian could tell if there was any spiritual energy fluctuation on the old man's body.

The answer was no, so she could basically guess the relationship between the old man and her master.

As for her identity as the sorcerer God, Yun Jian did not plan to tell Qin Yirou at the moment.

The danger brought by her identity as the sorcerer God was enough for her to protect Qin Yirou now, but Yun Jian did not know how much danger her identity as the sorcerer God would bring to Qin Yirou.

The appearance of the mysterious man, the black-robed man, and why she had fallen in her previous life...

All of these things still required her to slowly explore. Hence, she would not reveal this identity unless it was absolutely necessary.

The words of the Yun Zhi were even more effective than Si Yi's words. At this moment, Xue Ying and Mo Sen did not hesitate at all. They ordered the group of assassins from the dark soul organization behind them to immediately put down their machine guns.

"Keke Keke! You guys enjoy yourselves. I'll be leaving first. Sha Shen, we'll meet again next time!" Sha Shen, next time, I'll definitely kill you!

The old man fiercely turned his eyes to look at Yun Zhi. After speaking, he had already jumped up, wanting to escape from the eaves under everyone's eyes.

It had to be said that Si Yi's appearance had terrified the old man.

That was why the old man had escaped.

Everyone present looked at this scene in astonishment. However, before the old man could jump out of the eaves, they saw the huge figure hugging Yun Zhi suddenly flash.

The next second, they saw Si Yi in the sky. Unknowingly, Si Yi was one step faster than the old man. Standing in the sky, his long legs smashed the old man into the ground from mid-air.

Si Yi directly landed on the ground. He glanced sideways at the old man and coldly said,

"You want to leave after bullying my woman? Leave your head behind!"

After he finished speaking, the saber flashed and blood spurted out. They saw —

Chapter 1718: Yun Yi arrived. The leader had arrived

The blade flashed. Under the blazing sun above his head, the blade reflected a bright light.

The light flashed in front of everyone's eyes.

They did not even see when Si Yi had attacked. They only saw the blade flash. Before the old man who had been thrown to the ground could react, his head had already been split in half!

The head and body were split in half. The old man's pupils were still staring. His head and body had already been split on the spot.

Dead, unable to rest in peace!

The old man died. His pupils were still staring, unable to close his eyes.

"Dead? Dead! Dead! Ah Ah Ah Ah Ah Ah Ah!"

The group of old women around reacted the fastest and screamed the most miserably.

Those who did not know would have thought that they were the ones who had died.

Sze Yi a hand to solve the old man!

That speed, really fast when he was out of the knife, the people present were all confused.

"Shi... Shi? Shi Shi... Fu! ? Die, die, die, die, die, die, die..."

Lin Mengyu's pupils suddenly constricted, she was frightened face suddenly change, the whole person seems to have heard something terrible terrible terrible event, the lips suddenly turned white, the whole person trembled and stopped in place.

Lin Mengyu's senior brothers were all dumbfounded.

They had not seen wrongly. After the old man saw Si Yi, he had said those words just now. He did not even care about their lives and had escaped by himself!

If the old man had escaped successfully just now, then the senior brothers of Lin Mengyu who were with the old man would have died without a doubt!

However, the old man had failed to escape.

However, it could not be denied that the old man did not care about his disciple at all for the sake of his own life!

In addition, the master who was extremely arrogant a second ago had his head chopped off at this moment!

Therefore, Lin Mengyu and the other senior brothers could not react to the fact that the old man did not care about their lives and had escaped selfishly just now, and now that the old man had his head chopped off, he had died on the spot.

Compared to Lin Mengyu and the other senior martial brothers, Lu Feiyan, Li Xiangyi, and the others were in a daze from the very beginning.

What... What was going on!

Lu Feiyan, Li Xiangyi, and the others were so shocked that they could not react.

As for Zhang Meihua, Qin Fangfang, and the others, they were completely dumbfounded.

Si Yi had personally killed someone! Xue Ying and Mo Sen both took a deep breath.

Their young master had personally acted. This had not happened for a long time!

Usually, Si Yi did not act at all. That was because these dregs were so weak that he did not need to act at all.

But just now, their young master had acted again!

Xue Ying and Mo Sen took a deep breath. They were both exclaiming about the charm of the cloud note.

It seemed that the young Madam's charm was too great! Just now, the cloud note told Si Yi to head east, but he did not dare to head west. He did not even dare to fart when Si Yi stopped!

Xue Ying felt that it was necessary for him to have a good exchange with Adam. Next time, they should not work so hard to curry favor with the cloud note. This was equivalent to trying to curry favor with their young master!

If Si Yi heard Xue Ying's plan, he would probably be sent flying with a slap!

"Mom! Sister! What happened!" At this moment, a few figures walked in from the main entrance. Looking closely, it was not Yun Yi, Qing Yan, and Gu Nian?

Yun Yi and Qing Yan entered the courtyard side by side, while Gu Nian followed them in alone.

Seeing the scene around him, Yun Yi frowned but was not too shocked.

He already knew the identity of his sister, Yun Jian. In addition, he had been training with Zhang Shaofeng by Yun Jian these days. Although he was unfamiliar with such a scene, he was not scared.

As soon as Qing Yan walked in, he gloated in front of everyone:

"Leng Mei, quickly go into the house and hide. Your leader has already found Longmen City. We sneaked back to tell you just now after we dumped him. In another two seconds, he will probably come over."

Chapter 1719: returned, but nothing happened

"What! ? My leader is here! ? What a joke! I just snuck out! How did he... how did he find me so quickly! Oh My God! I don't want to go back, help me find a place to hide."

After hearing Qingyan's words, Leng Mei, who was still hugging her chest and watching the scene in front of her resentfully, as if she was watching a show, instantly darkened her face.

The next second, Leng Mei's face was as swollen as charcoal. She jumped up and looked left and right. There was nowhere to hide.

"There's a pigsty over there! Leng Mei, Go and hide! Hiding in the house won't work. A pigsty is the most useful! Even if your leader comes, he won't enter the pigsty to look for her!" Gu Nian gave Leng mei a friendly suggestion.

“Yes, yes, yes! Hide in a pigsty... What! You want me to hide in a pigsty!” Leng Mei was the number one expert of blood doll... ! Gu Nianzhi was asking for it, but she actually wanted her to hide in a pigsty... ..

Leng Mei’s expression immediately darkened.

“Do you want to be captured and brought back? !” Gu Nianzhi urged again.

Rural people usually had pigsty in their homes, because the elderly in rural areas would usually farm at home.

There were many vegetables planted at home. People in the countryside would generally raise one or two or two or three little pigs at home. The extra vegetables would be given to the pigs to eat, not to be wasted.

This could also be considered a rural custom, because raising one or two little pigs at home and slaughtering them during the new year was especially festive.

Of course, people in the past did not raise little pigs for the sake of the new year. In the past, people were so poor that they could not even afford to eat. In the old days, there were many people who starved to death. Even if the pigs were raised at home and slaughtered during the new year, it was not for their own family to eat, they were meant to be sold!

Pork could be sold for a lot of money!

Zhang Meihua’s pigsty only raised three pigs. Now, they were as big as adult pigs.

Leng Mei was the number one expert in Blood Doll’s organization, which meant that her strength was definitely not ordinary.

In addition, Leng Mei’s usual attire was quite appropriate.

Let her hide in the pigsty? This was simply driving her crazy!

Last time, when she was captured, she was pinned on the bed by their leader for three days and three nights!

This time, she managed to escape with great difficulty. Their leader could be fooled by her once, but he could not be fooled by her a second time!

This time, when she returned, she definitely would not be able to escape!

Leng Mei gritted her teeth and threw caution to the wind.

“Hide! I’ll hide!” After saying that, Leng Mei leaped into the pigsty...

The pigs in the pig pen howled at Leng Mei, who was an alien creature. After a while, they didn’t know what Leng Mei had done, but the pigs finally stopped howling.

“Ahem!” Even Yun Jian couldn’t help twitching his lips when he saw this.

At this moment, Si Yi walked over and pulled her into his arms.

Gu Nianzhi and Leng Mei’s actions amused everyone present...

However, other than Yun Yi, Qing Mei, and the others, everyone else was so frightened by the old man's corpse that they didn't dare move.

"Let us go! We promise we won't go out and say anything, Yirou! Yirou! Tell your daughter to let us go! We promise we won't go out and say anything! We promise we won't say anything! Please! Let Us Go!"

The group of old women were so frightened by the scene in front of them that they immediately knelt down and begged for mercy.

"You still want to live in this world after knowing my identity?" Yun Jian raised her eyebrows and said softly.

The necessary threats were inevitable.

Yun Jian's words caused a panic among the people present.

"As long as you don't let us die! We can do anything! Anything!" The people around were so scared that they knelt down on the ground, and some even kowtowed to Yun Jian.

Yun Jian's eyes lit up. She then gestured for Qing Yan to take a look and let everyone except Qin Yirou, Yun Yi, and those who shouldn't have their memories erased drink the forgetting liquid for three hours.

This was Yun Jian's ultimate goal.

Even Lu Feiyan, Li Xiangyi, and the others were not spared.

The corpses and blood on the ground were quickly cleaned up by the group of people from the dark soul organization. Everything returned to how it was when nothing had happened.

At that moment, the figure of Di Lin suddenly appeared at the gate.

Chapter 1720: she told the truth to Yi Rou

After drinking the forgetting liquid for three hours, everyone fainted.

When they woke up, they wouldn't remember what had just happened. Of course, after drinking the forgetting liquid for three hours, it would still take some time for them to wake up.

Lu Feiyan, Li Xiangyi, and the others, including Lin Mengyu, as well as everyone present, didn't know what the forgetting liquid was.

However, due to what Yun Jian had just said, if they did not drink this liquid, they would die!

Therefore, everyone obediently drank it.

What a joke. After knowing that Yun Jian was the god of shakeout, they did not even dare to refute Yun Jian!

From the actions and actions just now, it seemed that Yun Jian would kill people. This was not a joke at all!

Therefore, everyone obediently drank the three-hour forgetting liquid.

Of course, Lu Feiyan, Li Xiangyi, and the others also drank the liquid. Although they did not know what kind of liquid it was, they believed that the cloud tablet would not lay a hand on them!

At this moment, they were all unconscious on the ground. It would take them a while to wake up.

Fortunately, the three-hour forgetting liquid that Qingyan had developed exclusively did not have any side effects. It could be used on a person multiple times.

At this moment, Di Lin's sudden appearance gave Qin Yirou another shock.

However, Qin Yirou already had enough shock for today, so she didn't need one or two more.

Di Lin, who appeared at the gate of the courtyard, looked around and then asked Yun Jian, "Has Leng Mei been here before?"

Di Lin asked Yun Jian because he felt that Yun Jian would not lie to him.

Yun Jian's red lips curled up slightly. Just as she was about to betray Leng Mei, she heard Leng Mei's warning cry from the pigsty next to her, "Awoo, awoo, awoo..."

The sound was quite similar. If Leng Mei had not jumped into the pigsty just now, Yun Jian would not have been able to tell if the cry was really a pig's cry or Leng Mei's voice.

The Pig's cry was too prominent. It sounded a little like his Leng Mei's cry. Di Lin turned his eyes to the pigsty.

"She's never been here before." Yun Jian's back leaned lightly against Si Yi's chest. She pursed her lips and lied without batting an eyelid.

Yun Jian suspected that he had been possessed by Si Yi.

Well... his lying skills were getting better and better.

Di Lin was already walking towards the pigsty.

"Damn these lazy pigs. I just fed you pig food this morning, and now you're squealing, squealing, squealing! What the hell are you squealing for? Here's your pig food!"

Gu Nianzhi, who was standing not far from the pigsty, had a sharp look in her eyes. She grabbed the pig food beside the pigsty and poured it all into the pigsty...

"GRRR... GRRR..." the pigs in the pigsty all made satisfied noises and began to scramble for the pig food.

Seeing this, Di Lin entered the house to inspect the place. He did not see Leng Mei, so he left a rather handsome back view and left.

After making sure Di Lin had left, Gu Nianzhi dragged Leng Mei out of the pigsty.

It turned out that Leng Mei had chased Gu Nianzhi around Xinjiang town for dozens of laps.

...

Inside the house, Yun Yi, Qing Yan, Yun Jian, Qin Yirou, and Si Yi were sitting at the table.

Knowing that Qin Yirou already knew the truth, Yun Yi opened his mouth. In the end, it was Qin Yirou who asked the question first.

“Little Yi, you knew about this long ago, right?” Qin Yirou asked if Yun Yi already knew that the Yun Jian was not the Yun Jian from before.

“Brother found out about it not long ago.” The Yun Jian suddenly spoke. Then, she leaned on Si Yi’s shoulder and said to Yun Yi and Qin Yirou,

“Little bamboo is my biological brother. Back then, someone used little bamboo to threaten me, asking me to use a rare treasure, the wooden sandalwood box, in exchange...”
