

## Schoolgirl 1851

### Chapter 1851: I'll throw back to you and throw it into the cesspool

However, Luo Xi turned around under everyone's watchful eyes. Just when everyone thought that Luo Xi had been hit on the head by the cloud paper and was about to explode in anger, Luo Xi suddenly turned around and smiled shyly at the cloud paper.

The drill instructor and Shen Liwei and the others in the distance were once again shocked.

Especially Shen Liwei and the others.

Wasn't this "Gun God" Luo Xi a terrifying woman?

She had even shot a coach to death because he had pissed her off?

Shouldn't this Luo Xi be an extremely terrifying existence!

Just now, Yun Jian had walked over and given Luo Xi a chestnut with his hand — a heavy knock on the top of her head.

Even a normal person would be upset if someone walked up to them and knocked them hard on the top of their head.

Not to mention a terrifying woman like Luo Xi.

If Yunjian had asked the coach to do this, the coach would probably be dead, and not even his bones could be found!

However, after Yunjian knocked Luo Xi on the head, Luo Xi turned around and smiled shyly at Yunjian?

This action made Shen Liwei and the other coaches gape in shock.

Even the coaches who had witnessed the scene were dumbfounded.

Maybe tourists like Shen Liwei didn't know how terrifying Luo Xi was, but didn't the coaches know? How terrifying was this woman!

The coaches didn't know how to describe this woman's terror!

However, just as everyone thought that this was the most shocking scene they had seen, the next breath was even more shocking.

When Luo Xi saw the note and smiled shyly, her ice-cold face, which hadn't changed for thousands of years, turned into a smile. On the contrary, Luo Xi opened her hands and was about to pounce on the note!

Luo Xi was already in her thirties, but she only looked like she was in her twenties. Her skin was well-maintained, and with a little makeup, no one would doubt that she was even in her teens.

The same Luo Xi had always kept a straight face in front of everyone. She never smiled or laughed.

But today, Luo Xi's actions had not only overturned everyone's understanding of her, but also made the coaches go crazy.

She actually reached out to the cloud paper and hugged it!

Not far away, a coach raised his glasses, stretched his neck, and said in an English sentence that everyone could understand in disbelief,

“Oh my God, is this real? !”

Roxi’s outstanding strength was in stark contrast to her cold personality.

She did not like to get close to people, nor did she like to get close to them. She never cuddled with anyone, and only focused on shooting.

Such a person, she focused and spent her whole life to learn how to shoot. That was how she broke the record for the longest range of a sniper rifle and was called the “God of guns”!

That was probably why she was still single.

As long as a person loved something and gave up everything to learn it, as long as the person was not stupid, they would achieve more or less.

In the eyes of the crowd, Luo Xi was such a cold and lonely person.

But today, she had reached out and hugged a girl?

Just when everyone thought that Yun Zhi and Luo Xi would cuddle together...

An even more shocking scene happened!

A woman like Luo Xi, who had achieved so much and possessed such terrifying strength, took the initiative to hug anyone. Most people would be overjoyed.

However, just as Luo Xi was about to hug him, Yun Zhi reached out and blocked Luo Xi’s body, which was about to pounce on him. He curved his lips in front of everyone and said what everyone thought was a life-threatening sentence:

“Go again. Don’t hug me without a bath. I’ll throw you into the Cesspit again.”

### **Chapter 1852: was very young and very impressive**

Throw... ? ... this little girl actually dared to say that she was going to throw Luo Xi into the manure pit again?

Again?

Judging from the looks of it, Yun Jian and Luo Xi were obviously old acquaintances. Could it be that Luo Xi had been thrown into the manure pit by Yun Jian in the past?

As the person in charge of the shooting gallery of the Brunei six-star Empire Hotel, she had once broken the world-class sniper rifle’s longest range record. Behind her was a group of people, it was either the international leader or the world-class Big Shot, the business politician, Luo Xi!

She had actually been thrown into a cesspool by a little girl...

This! ?

At this moment, not only were the instructors in the distance staring in shock and disbelief, even Shen Liwei and the group of young people standing next to her, as well as the surrounding foreigners who could understand the words of the cloud tablet., they were all stunned.

Clearly, Luo Xi's status was not ordinary.

At least, many of the people present knew her.

They had thought that Luo Xi would be furious when the cloud tablet said this, but what did the people around them see next!

They saw that after the cloud tablet said that, Luo Xi obediently withdrew her hand that was about to hug the cloud tablet. Luo Xi was even shaken by the words of the cloud tablet, as if she had recalled some terrifying memories.

Roxi had indeed been thrown into the cesspit by the cloud note. The reason was that when the two first met, Roxi was not convinced by the cloud note.

Later, the cloud note directly threw her into the cesspit.

After being scooped out of the Cesspit, Roxi also thought of taking revenge on the cloud note. She did not know when Roxi had started to walk together with the cloud note.

And it was the kind of thing where she would prostrate herself on the ground.

After hearing what cloud paper said, Roxi scratched her head and laughed awkwardly. "Haha, that was a long time ago. Why bring it up?"

Her face! Face! As usual, she did not give her any face!

"Let's Go! Let's go snipe twice more! If you lose, it's Your Treat!"With that, Roxi led cloud paper away.

This kind of confidence was something that no one present had ever seen before.

These coaches had never seen Luo Xi being so polite to anyone, so they all opened their mouths.

Just as he had shot a nine-ringed gun, his friend had bragged to him that he looked like he had won a world championship. Shen Liwei smiled awkwardly.

Then, Shen Liwei and his friend heard the coach standing next to them muttering to himself and sighing:

"The chief manager of our shooting gallery, Luo Xi, has never been so polite to anyone! Who is that little girl?"

...

It was already evening when they returned from Luo Xi's private open-air shooting range.

The two of them had 30 rounds of sniper rifle shooting, and in the end, Luo Xi ended up with a pale 0:30 record compared to Yun Jian.

Luo Xi had lost all face after being thrown into a cesspool by Yun Jian. The reason why she became friends with Yun Jian was because of Yun Jian's amazing marksmanship.

She, Luo Xi, was someone who had broken the world record. In Yun Jian's hands, she was like an elephant playing with a turtle. There was no comparison at all.

It was also because Luo Xi respected the strong that she would turn hostility into amity and turn enemies into friends.

The restaurant of the Brunei six-star Empire Hotel was magnificent and very luxurious. Usually, when it was time to eat, there would be a specialized international chef cooking here.

As long as one stayed in the hotel, they could eat for free for a day.

Yun Jian entered the restaurant alone.

After receiving the notice, the people from the hunting school would leave people from different countries in the restaurant after the meal to have a brief meeting.

Before the meal, they would eat their own meals.

Therefore, Yun Jian came here to eat dinner.

Not long after he entered the endless dining building, a pleasantly surprised voice came from behind, "It's You!"

Yun Zhi turned his head and saw a group of six or seven young men and girls, led by Shen Liwei, following him closely.

It was Shen Liwei who spoke.

The moment Shen Liwei saw Yun Zhi, he was ecstatic.

He strode forward and stood in front of Yun Zhi as if he was familiar with him. He reached out his hand to Yun Zhi:

"I saw you at the shooting gallery just now. I was right beside you. You're so young, you're really amazing! I didn't expect to meet you here. It's really fate. Let's get to know each other!"

### **Chapter 1853: was still too young to acknowledge her as a master**

Shen Liwei was the child of a rich family, so he was a young master. Usually, he liked to show off in front of all the girls.

The young masters of rich families usually placed a lot of importance on their face.

For rich people like them, face was the most important thing.

And Yun Jian's strength made Shen Liwei and the others admire him.

The reason why Shen Liwei ran over to stop Yun Zhi was because of Yun Zhi's astonishing strength.

No one wanted to make friends with the weak. When the strong joined hands, those who were at a higher level would rarely take the initiative to make friends with people who were much lower in level than them.

However, if they met someone who was at a higher level than them, they would be like Shen Liwei when he looked at Yun Zhi. They would be submissive, afraid that he would say something that would make the other party unhappy.

At this moment, Shen Liwei was confident that Yun Jian was willing to recognize him.

However, Yun Jian who was standing in front of Shen Liwei only glanced at him slightly.

When he saw Yun Jian glancing at him, Shen Liwei realized that Yun Jian did not seem to like shaking hands with others?

Therefore, Shen Liwei quickly retracted his hand and looked at Yun Jian with a smile. He said to Yun Jian in front of his friends and girls in a somewhat coy manner,

“That... My name is Shen Liwei. I’m from Z country. We’re from the same country! Cough, this... and they’re my friends...”

As Shen Liwei spoke, he began to stutter. In the end, after being stared at by Yun Jian for a long time, his face actually turned red.

It was not because Shen Liwei had a good impression of Yun Jian that his face turned red. It was because Yun Jian’s strength just now made Shen Liwei have the urge to treat Yun Jian as his idol.

In front of his idol, Shen Liwei began to stutter.

Even though Shen Liwei liked to show off in front of his friends, he was forced to do so.

In particular, in front of his friends, Shen Liwei’s family was the richest, so he had to learn some powerful skills to show off.

When Shen Liwei was holding a real gun and shooting at a target, he was actually so flustered that he didn’t know how to move.

However, his friends around him were all clamoring for him to hit a 10-rounder. This caused Shen Liwei to become even more flustered.

When he hit a 9-rounder, Shen Liwei heaved a sigh of relief and then looked a little smug.

This was also a normal reaction of young people.

It was just like in a school class. If you were to get first place in an exam, you would probably have to look up at your classmates.

When Shen Liwei saw Yun Jian just now, he felt like he had seen his idol, the person he wanted to become!

So when he saw Yun Jian in the restaurant, Shen Liwei ran over quickly without thinking and called out to Yun Jian.

Yun Jian only slightly raised his eyes to look at Shen Liwei, then moved his feet. Just as he was about to walk towards the restaurant, a young girl in her early twenties standing next to Shen Liwei shouted at Yun Jian:

“You are very powerful! So can you teach us how to shoot? We will be grateful to you! If you are not willing, you can also name your price. We can take out any amount of money! My name is Meng Tiantian!”

Shen Liwei was not the only one who thought this way. The few people standing beside Shen Liwei also thought the same.

Yun Jian was so powerful. If Yun Jian could teach them her abilities, wouldn't they become super powerful people when they returned?

Shen Liwei and Meng Tiantian trembled with excitement at the thought of this.

Yun Jian narrowed his eyes. Before Yun Jian could say anything, a burst of laughter rang out again. The owner of the laughter appeared:

“You kids still want to take her as your master? Don't even think about it! She has never taken a disciple before!”

The owner of the laughter was none other than Luo Xi.

Luo Xi was strolling over from not far away. She happened to hear what Shen Liwei and Meng Tiantian had just said, so she couldn't help but say something.

Seeing that it was Luo Xi, Shen Liwei, Meng Tiantian, and the others were slightly taken aback when they thought of what their coach had said about Luo Xi's cruelty. They took two steps back.

Seeing this, Luo Xi didn't feel that it was inappropriate. She looked at the cloud paper that her hands were lazily sticking in her pockets and continued to say to Shen Liwei, Meng Tiantian, and the others,

“Even I was rejected when I wanted to be her disciple, not to mention you guys.”

At this point, Roxi first covered her chest and looked sad.

After a while, Roxi turned to look at Meng Tiantian and said to her,

“Little sister, no matter how rich your family is, it's impossible to be her disciple. Do you know how many people begged to be her disciple? Not to mention the international bigwigs who fought to be her disciple.

“At that time, someone converted five billion US dollars into cash and sent nearly a hundred wagons of money to her, begging her to take in a disciple. She didn't even look at it. You... are still too inexperienced!”

**Chapter 1854: eating so much, growing your body**

As soon as Luo Xi said this, Shen Liwei and Meng Tiantian, the girl who had asked Yun Jian to quote a price to learn the skills of Yun Jian, were stunned.

“You’re saying... someone converted five billion US dollars into cash, hired nearly a hundred trucks, loaded the cash onto the trucks and delivered it to her, wanting to acknowledge her as his master? !”

Shen Liwei’s mouth fell open in disbelief at what Luo Xi had said, but he still trembled as he said the seemingly impossible words.

Meng Tiantian was also taken aback.

She had just asked Yun Jian to name a price.

Her family... didn’t have that much money!

“I know, right? That scene was sensational. I’ve never seen such a sensational scene in my life. The money was like a drizzle falling from the sky. As long as she agreed to it, it would all be hers!

“In the end, she was the one who put the money in almost a hundred large trucks and personally delivered it to her. The neighbors were scared half to death. She said, ‘you’re so cheap, you’re a disgrace. Throw It Out’, and all the money was sent back!”

As she recalled the time when she heard Yunjian reject someone spending five billion dollars to become her teacher, she clicked her tongue and clicked her tongue.

Shen Liwei, Meng Tiantian, and the others were stunned by her words. Their mouths opened and closed, and their eyes widened in shock, she was like a fish spitting bubbles in the water.

“That’s why, if she accepts anyone as her disciple in this lifetime, I’ll immediately go and accept her as my master! I’ll treat her like an old ancestor! I Won’t complain! If you say such things, I, Luo Xi, will be struck by lightning and die a horrible death... ” ... ” . ” ... ”

Luo Xi was certain that Yun Jian would never accept a disciple in this lifetime.

There were so many promising young talents in the world, but Yun Jian didn’t even look at them. She didn’t even look at them when they pulled nearly a hundred wagons of cash and delivered them to Yun Jian.

She... would take in a disciple?

Nonsense!

Even if the sky were to fall, it would not be possible!

“Country Z, Longmen City of Zhejiang Province welcomes you.”

Luo Xi was already bragging to this extent, and Yun Jian felt embarrassed if he did not say anything.

Just as Luo Xi was talking with relish, Yun Jian’s words came faintly, and Luo Xi was suddenly stunned.

“What you mean is...” Luo Xi suddenly had a bad premonition.

She couldn’t keep her mouth shut and had to pay the price for what she had said.

“My disciple, Zhang Shaofeng, is from Longmen City, Zhejiang province. He’s a student of Longmen City No. 1 High School and your ancestor.” Yun Jian’s words suddenly rang out. His tone was flat and narrow, but it stirred up Luo Xi’s emotions, and the emotions of everyone present.

Ha...

Cloud note has accepted a disciple already?

Deep from the Wei and Meng Tian Tian several people although surprised, but far from just under a certain oath of Luo Xi shock.

Luo Xi is to know, want to let cloud note take a disciple, this is more than a person to eat shit as food still let a person feel incredible.

But it is such a cloud paper, she, unexpectedly! Take a disciple?

“Are you kidding me? Did you really take in a disciple?” Luo Xi turned to Yun Zhi in disbelief.

“Yes.” Yun Zhi nodded and turned to Luo Xi. “Your ancestor is in Longmen City, Zhejiang province, Z country. Don’t forget.”

Yun Zhi stepped into the restaurant. Her slender legs and golden figure made the people who were standing there gasp.

“This doesn’t make sense! This...” Luo Xi shook her head and followed Yun Jian into the dining room in disbelief.

Shen Liwei, Meng Tiantian, and the others gulped and followed her into the dining room.

Inside the dining room.

The dining room was a buffet, so they could eat as much as they wanted.

Yun Jian took seven or eight plates of dishes and placed them in front of her. He sat down slowly and tasted them slowly.

“You ate so much!” Luo Xi also took a few dishes and sat across from the cloud note. She looked at the plates in front of the cloud note and then looked at the ones in front of her. She couldn’t help but complain.

“I’m still growing,” the cloud note said confidently.

### **Chapter 1855: Lorry Slough, sleeping together**

Luo Xi pursed her lips.

Although Luo Xi looked young, she was only in her twenties. She was already in her thirties, and the matter of her growing body had long passed.

Now was the age where Luo Xi was most likely to gain weight, so she had to maintain her slim figure.

Yun Jian took seven or eight plates, each full of food. She ate without restraint, and Luo Xi was envious.

No matter how much she ate, she wouldn't get fat!

Besides, Yun Jian ate so much, and she had a reason. She was still growing!

Luo Xi pursed her lips and buried her head in her food.

"By the way, what are you doing in Dubai this time?"

"I'm here to play." She had indeed come to the Brunei six-star Empire Hotel to play. Yun Jian smiled faintly.

"Alright, Alright. I Won't ask you anymore. I Won't be able to get anything out of you," Luo Xi said as she pursed her lips.

"Don't forget that your ancestor is in Longmen City," Yun Jian reminded Luo Xi as he swept through three or four plates of food not long after.

Luo Xi: "...I was wrong. I won't dare to speak recklessly anymore!

...

Dark Soul Organization, headquarters.

After Yun Jian left last time, dark soul organization returned to normal.

Ling Wei was still training assassins in the dark soul organization's assassin training camp. Xue Ying was bullying Si Luo more and more now.

One day, he even pressed Si Luo to the foot of the bed and chewed on her for half an hour. In other words, he was helping her so that she would not meet any scums in the future.

Si Luo was still young. She did not know what this meant. She was bullied by Xue Ying for half a year.

At first, other than being afraid of the scar on Xue Ying's neck, Si Luo did not dislike Xue Ying touching her.

Si Luo was so innocent that she did not even know what it meant for a man to kiss her.

Si Luo had been staying in the dark soul organization for quite a while.

Luo Mei had just been kidnapped by Mosen to this place. She was not familiar with this place. Now that the cloud tablet had left, she did not even dare to leave.

The men and women of the dark soul organization were all fierce. Once when Luo Mei went out for a walk, she was surrounded by the men of the dark soul organization. This group of people almost raped her. Fortunately, Mosen arrived in time.

That group of people were directly shot by Mosen on the spot.

Luo Lei was so scared that her face turned green. After that, she did not dare to go out.

After that, for some unknown reason, Luo Lei got to know Si Luo.

After the two of them got to know each other, they interacted every day.

Luo Lei did not live together with Molson. Molson was very gentlemanly in this aspect. He arranged an independent residence for her, but he was secretly protecting her.

Meanwhile, Si Luo was forcibly bound by Xue Ying by his side.

After the two of them got to know each other, they quickly became very close friends. Every time, Si Luo would run to find Luo Lei. In the end, Si Luo simply did not go back and slept with Luo Lei.

The two of them were very intimate.

Xue Ying was so angry that he could not bear to look for Si Luo's heart.

On this day, Si Luo ran to look for Luo Lei to play.

As they chatted, Si Luo mentioned that every time Xue Ying would use his mouth to kiss her, sometimes he would even reach out and touch her body.

Si Luo was as innocent as a child. Because no one had ever told her this since she was young, she did not know what Xue Ying was trying to do.

Who knew that after hearing Si Luo's words, Luo Lei's expression changed drastically. "What! He actually treated you like this! You are a girl. If others knew that he did this, how would you get married..."

Luo Ying's words caused Si Luo's pure heart to be instantly lifted.

"AH? Then what should we do? I... Sister Luo Ying, can I sleep with you from now on?" Si Luo was also panicking. His small eyes stared straight at Luo Ying.

"Of course you can! I never thought that there would be such a shameless man in this world! From now on, you can sleep with me!" Luo Ying held Si Luo's hand and comforted him.

At that time, Xue Ying, who could not find Si Luo when he returned home, ran to find Morson in a huff...

### **Chapter 1856: codename Asura, requesting to join the team**

The moment he arrived at Mo Sen's side, Xue Ying went straight to the point. "The woman you brought back has kidnapped my woman. What's going on?"

"..." Mo Sen glanced at Xue Ying.

...

At this moment, Luo Mei was comforting si Luo.

The reason was because Si Luo said that Xue Ying would grab her every day to do something shameful. Luo Mei understood that Si Luo had been forced by Xue Ying to do something shameful.

This was also the first time Luo Lei had heard of such a thing. Speaking of this matter, Luo Lei's face was flushed red. But she still told Si Luo what she knew of common sense, "Then have you guys taken any measures?"

“What measures?” Si Luo did not know that Luo Lei had misunderstood that she had been sexually harassed by Xue Ying. She asked foolishly.

“Then you definitely did not do it. That’s too much! What if you get pregnant? !” Luo Ying said angrily.

“What is pregnancy?” Si Luo asked innocently.

“It means that you have a baby in your stomach!” Luo Ying explained.

“AH? Then... then what should I do?” Si Luo was so scared that his face turned green.

Thirty minutes later, Xue Ying brought Mo Sen to Luo Ying’s place. What he saw was —

His little wife was crying on Luo Ying’s body. Si Luo was crying. When she looked up at Xue Ying, her eyes were red and swollen. It was obvious that she had been crying for quite a while.

Most importantly, when Si Luo saw him, she shrank back in fear.

Si Luo was no longer afraid of him. But now, she shrank back again!

This scene made Xue Ying almost vomit blood.

He walked over and grabbed Si Luo’s hand to drag her out...

“Don’t touch me. Wu Wu, I don’t want to have a baby... Wu Wu Wu...” Si Luo was so scared that she shrank her body.

Xue Ying:” ...” although he had bad thoughts, he had not fulfilled them with her. How could there be a baby?

...

Yun Jian did not know what had happened to the dark soul organization. At this moment, Yun Jian had already finished eating the food on seven or eight plates in front of his table.

“You... You Aren’t pregnant, right? Eating so much...” Yun Jian picked up a cup of water on the table. The moment he swallowed it, Luo Xi suddenly teased him.

Yun Jian spat out the water from his mouth.

Fortunately, the food on the table had been cleaned up and the water did not splash on Roxi, but it still gave her a fright.

Yun Jian took out a tissue and wiped his mouth as if nothing had happened, but his face was slightly red.

He really did not do anything when he had sex with her...

Did he really get it?

He had only pulled her to do it a few hundred times...

Ahem...

After the meal, Luo Xi had something to do and left.

Yun Jian stood in the dining room and didn't leave. Shen Liwei and the others saw this and walked over.

Shen Liwei and the others had just walked over when they saw a group of people walk in from outside the dining room.

Yun Jian narrowed his eyes when they walked in.

The leader of the group only had one eye, and the other eye was badly mutilated. It seemed that he had been blinded by a knife. It had been many years, but he still looked terrifying.

Just by looking at his appearance, this person could be recognized. He was the person-in-charge of the hunting school, Jamil.

The moment Jamil appeared, the surroundings quickly quieted down.

Without a doubt, the people following behind Jamil were all talents from various countries who were about to head to the hunting school! Elites!

"That... that's Jamil, the person in charge of the hunting school!" A man standing beside Shen Liwei quickly recognized Jamil and exclaimed.

Seeing this, Shen Liwei, Meng Tiantian, and the others looked over in that direction with fear and curiosity.

"Aren't you curious? Should we stand in front and take a look? I heard that those people are the most powerful elites from various large countries in the world! They are all important figures who are going to the hunting school!"

At this time, Shen Liwei stood beside the cloud paper and explained the situation over there.

"If you explain it to a little girl like this, how would the little girl understand? It's enough for US men to talk to men. As for women, being a good wife and mother at home is none of their business!"

"Look, among the elites who are going to the hunting school over there, are there any women? That's why I said that women are useless. Among the elites from all the countries, there are no women! That's simply impossible!"

Shen Liwei had just excitedly introduced the group to Yun Jian when a middle-aged man who did not know anyone beside Shen Liwei spoke to Shen Liwei in a disdainful voice.

His words were not just directed at Yun Jian, but also included Yun Jian.

The middle-aged man had just finished speaking to Shen Liwei when he turned his head towards the group of people led by Jamil.

However, the petite figure that he had underestimated just now walked towards Jamil in front of the middle-aged man, Shen Liwei and the others, as well as everyone present.

However, under everyone's eyes, Yun Jian stood in front of Jamil and said in an imposing manner, "Z country's high-level special forces soldier, number 006, codename Asura, requesting to join the team."

**Chapter 1857: showed no mercy, but think carefully**

Jamil also had a military post in Venezuela. The hunting school was not an invisible school, but a school that trained excellent students carefully selected by various countries.

However, the biggest difference between the hunting school and the general military school was that the hunting school was known as the world's famous devil training.

Moreover, one had to sign a life and death contract to enter the hunting school because the death rate in the hunting school was extremely high! Any accidental casualties would be borne by one's own country or oneself.

The hunting school was also considered a military school. Therefore, there was nothing wrong with using the military method to request to join the team.

"Return to the team immediately!" Jamil only glanced sideways at the cloud paper. He was a little surprised that there was actually a girl among the students of this year's hunting school.

However, Jamil didn't pay much attention to Yun Jian.

Although Yun Jian's looks were outstanding, in Jamil's eyes, strength was the true principle.

Without the support of strength, even if his looks were outstanding, Jamil wouldn't think that the other party was formidable.

Under everyone's gaze, Yun Jian stood together with the group of people beside Jamil.

"Yun Jian, you just came?" Chen Yang and Ding Jianlin, who had already joined the team, turned their heads to look at Yun Jian and asked.

Yun Jian replied to them, "I've been eating in the dining hall just now."

Then, there was no sound.

However, Shen Liwei, Meng Tiantian, and the middle-aged man who had been watching the situation from afar, as well as the middle-aged man who had said rudely that women were useless, and everyone in the dining hall were suddenly stunned.

Yun Jian was a little girl from Z country. Chen Yang and Ding Jianlin were undoubtedly also special forces from Z country.

Since the two of them had greeted Yun Jian, then the fact that Yun Jian had come from country z to participate in the hunting school training with the two of them was inevitable!

Shen Liwei, Meng Tiantian, and the others widened their eyes at this moment, their faces filled with shock.

No wonder! Yun Jian's spear skills were so good!

So she was an elite who was about to head to the hunting school!

To think that they had just said in front of Yun Jian that this group of elites who could head to the hunting school was so powerful...

Now that he thought about it, Shen Liwei blushed and felt a little embarrassed.

When everyone had arrived, the group of people who were watching the show around them immediately discovered that among the elites of the various countries, there were a small number of young people in their twenties. There were many people in their thirties, and not many in their forties.

However, they were all men.

Yun Jian was the only young girl in her teens.

Looking from afar, Yun Jian was beautiful and slim. Although she was not as tall as these men, she had a golden proportion to her body. She was especially outstanding with her fair and beautiful face.

Looking at her gender and age, Yun Jian was even more outstanding.

At this moment, Jamil spoke to Yun Jian and the others:

"I believe that all of you should know the rules of our hunting school before you came here, right? You must sign a life and death contract before entering the school! In other words, if you die of exhaustion due to your physical condition or if an accident happens, then our hunting school will not be responsible for any of the responsibilities!

"Furthermore, after entering our school, all of you must obey the orders and are not allowed to flee at the last minute! Therefore, there's still a chance for all of you to choose. Stay or leave!"

Jamil's words spread throughout the entire place. When Shen Liwei, Meng Tiantian, and the others heard it, they could not help but tremble.

The life and death situation of the hunting school was not a secret. Instead, it was announced to the public.

Everyone knew about it. However, even though they knew, it was the first time that a student like Shen Liwei had seen such a scene. It was the first time that he had heard about the life and death situation in such a serious manner. Curiosity was inevitable.

"Since we are here, we will not choose to retreat!" Someone immediately voiced out.

Following that, a series of high-spirited responses were heard.

Seeing this, Jamil nodded his head in satisfaction.

After pausing for a moment, he turned his head to the cloud paper. Jamil solemnly said to the cloud paper, "In our hunting school, there is no distinction between men and women. There is an age difference, so we will not show mercy to you. You must think carefully!"

It was not that Jamil despised Yun Zhi, he was just reminding him out of goodwill.

Once these words were said, everyone's gaze fell on Yun Zhi.

A female student had entered the hunting school. This was something that had never happened in the past few years. Moreover, the other party was a teenage girl!

The focus of attention was naturally higher than that of an ordinary person.

At this moment, Yun Zhi raised her head and met Jamil's eyes in front of everyone. She pursed her red lips and suddenly curved her lips. She said something that even Jamil was shocked by:

"Your hunting school can train me to deal with ordinary special forces ten times or a hundred times the amount of training!"

Because she had been trained by an assassin who was crueler and more inhuman than this!

### **Chapter 1858: Don't meddle in other people's family affairs**

The Hunting School's devil training was world-famous. Not to mention a nameless junior like Yun Jian, even elites from various countries would not be able to come out alive.

Or rather, it was unknown whether they could complete all the tests and graduate gloriously within a short year!

She, Yun Jian, actually had the courage to allow Jamil to train her according to the amount of training required to deal with ordinary special forces soldiers by tenfold or a hundredfold! ?

Was she courting death! !

"Little girl, don't you know what kind of place hunting school is! ?" Standing not far from Yun Jian, a fat and strong foreign man with strong abdominal muscles raised both of his hands and spoke disdainfully to Yun Jian in English.

Most of the people present could speak English, and they were all communicating in English.

As soon as the foreign man finished speaking, someone immediately pointed at Yun Jian and said, "What arrogant words! This young lady is really overestimating herself!"

"She really thinks of herself as a noob!"

"Aren't the Z Nation people always so arrogant?"

"Hehehe!"

...

As they continued to talk, this group of foreigners even involved the Z Nation people.

Hearing this, Yun Jian's eyes flashed with a deep glint.

Chen Yang and Ding Jianlin both clenched their fists fiercely.

"All of You Shut Up!" Hearing these words, Jamie's eyes also flashed with a deep glint as he spoke sharply.

After he finished speaking, the surroundings immediately quieted down.

"Entering the hunting school, there is no distinction between nationality, gender, age, and origin. In the hunting school, you are not allowed to mention your past battle achievements! "After you enter the

hunting school, the school will immediately arrange a number for you. This number that will be arranged immediately will be your names!

“In the school, you are not allowed to call each other by their names, and you are also not allowed to mock anyone like you did just now! Those who violate this rule will be expelled from the hunting school!”

Jamil’s words rang out word by word, allowing everyone present to hear them clearly. Everyone had no choice but to change from the leisurely and leisurely manner just now to a solemn one.

“Alright, everyone should disperse first. Pack up and prepare your things and fighting spirit. In three days, gather at the entrance of Brunei’s six-star Empire Hotel and prepare to set off. For the next year, it will be up to everyone to see if they can hold on!

“I hope that after a year, everyone will be able to come out from the hunting school without a single one missing!”

Jamil added in a very serious manner.

However, everyone present knew that this was impossible. The death rate of the hunting school was there. No matter how powerful they were, there would always be people who would sacrifice themselves.

And on the path of the strong, without a little sacrifice, how could they pave a wide road for the winner?

Dark Soul Organization headquarters.

Just as Xue Ying was about to drag Si Luo away, Si Luo suddenly said, “Don’t touch me, Wuwu, I don’t want to have a baby... Wuwu Wuwu”.

This made Xue Ying, who had always been against Si Luo and Luo Ji playing together every day, and now even sleeping together, draw three black lines over his head.

When did he do something to her that could make her have a baby?

“This is a society ruled by law. Even if this is not country Z, you can’t treat Si Luo like this. She is very pitiful, just like a child. Don’t bully her just because she doesn’t understand! You are committing a crime!”

At this moment, Luo Mei’s words suddenly rang out. Luo Mei’s words were directed at Xue Ying in front of Xue Ying.

To put it bluntly, Luo Mei thought that Xue Ying had bullied Si Luo, so Luo Mei wanted to stand up for Si Luo.

“Crime?” Xue Ying grabbed Si Luo’s hand and pulled Si Luo into his embrace. He turned his head sideways and looked at Luo Mei with a cold smile, it was as if he had heard the funniest joke he had ever heard in his life. Xue Ying turned his head and looked at Luo Mei ferociously.

"I have bullied a lot of people! Do you want to give it a try?" This time, Xue Ying's words of bullying were not the same as bullying Si Luo. At this moment, Xue Ying was looking at Luo Ying ferociously and roared.

Luo Ying was shocked by the Roar.

"Xue Ying!" At this moment, Mo Sen stood in front of Luo Hui and looked at Xue Ying. The ferocity on his face was no less than that of Xue Ying. He also shouted out.

Xue Ying looked at him and was slightly stunned. Then he turned around and dragged Si Luo away.

"Si Luo she..." seeing that Xue Ying still took Si Luo away, Luo Hui could not help but speak.

Luo Hui had just spoken when her hand was suddenly grabbed by Mo Sen. Mo Sen, who had never looked at Xue Ying like this before, pulled her into his embrace and whispered:

"Don't meddle in other people's affairs."

### **Chapter 1859: leaving the leader, this beast**

Being suddenly hugged by Mosen, Luo Berry trembled slightly. She awkwardly placed her hand on her chest. It was not right for her to put it down, nor was it right for her to hug Mosen back.

To be honest, Mosen gave her the feeling of being calm and collected. It was as if he would always use calmness and calmness to deal with things.

But just now, for her sake, he actually used such a loud voice to shout back at Xue Ying.

"Did I . . . Say Something Wrong?" Luo Berry lowered her head awkwardly. Pursing her red lips, she tried to gently push Molson away.

As she pushed him away, Luo Berry whispered, "I'm sorry..."

Just as Luo Berry wanted to push Molson away, Molson suddenly hugged her tightly.

"We're on the same side! There's no need to apologize!" Molson suddenly said.

On the same side?

Earlier, Molson had said 'don't bother about other people's matters'.

When these two words were put together, it was easy for people to misunderstand.

Could it be that in his heart, she was already on the same side as him? ... Now?

Luo Ji shook her head and her face blushed slightly. She was a little shy...

"I..."

Lorraine suddenly looked up. She was about to say something, but when she looked up, Mosen was lowering his head.

The difference in height between Lorraine and Mosen was not very big, although Lorraine was much shorter than Mosen.

Lorraine's height was slightly above Mosen's ear.

When she looked up, Lorraine actually had something to say to Mosen, but when she looked up, because she did not think much of it, Lorraine suddenly looked at Mosen's face, who was looking down at her.

She suddenly felt a cold sensation on her lips. It was the sensation of her soft lips.

In the next breath, Lorraine widened her eyes. She looked in shock at Morson's face, which was magnified countless times in front of her eyes.

The moment she raised her head, Morson happened to have his head lowered.

There seemed to be a red thread pulling both sides.

Luo Lei raised her head. She did not step on it, and Mo Sen did not bend down either.

However, Mo Sen lowered his head to look at her. At that moment, Luo Lei suddenly raised her head and could not stop the car. Her lips were actually pressed against Mo Sen's thin lips...

Their first kiss in their lives was gone just like that...

...

Blood doll organization.

At that moment, Di Lin was holding Leng Mei down. He was working hard for 100 days and 100 nights.

"Um... leader... AH... leader, my... my waist, I can't take it anymore, I'm so thirsty... Ah! I want to go to the kitchen to get some water... can i..."

Di Lin was holding Leng Mei down on the floor beside the bed.

Leng Mei held di Lin with both hands and wanted to move to the side of the bed.

After a while, Leng Mei leaned against the side of the bed and was pressed down by Di Lin.

Hearing Leng Mei's words, Di Lin was even more annoyed. He said angrily, "Go to the kitchen to get a glass of water? And then leave me again? HMM?"

Leng Mei screamed continuously.

An hour later, Leng Mei was lying on Di Lin's chest. She pouted and thought about how to escape from di Lin.

Even though di Lin had confessed to her, Leng Mei was exceptionally happy.

However, after she had been captured for the past few days, Di Lin had been forcing her into bed every day to do bad things. Her waist was almost broken.

She really missed playing mahjong with Qing Mei and Gu Nian...

And she had won every round. Every time, Qing Mei and Gu Nian would wash her clothes...

"What are you thinking about?" Di Lin asked when he saw Leng Mei's absent-mindedness.

Leng Mei looked into the distance. She did not realize that her leader was asking her a question. She opened her red lips and blurted out what she was thinking:

“I’m thinking about how I can get away from this beast of a leader and go play mahjong with Qingyan and Gu Nian.”

### **Chapter 1860: transnational threat, backhand slap**

Leng Mei’s words almost came out of her mouth without any consideration.

To be honest, Leng Mei wasn’t even thinking about who was lying next to her at this moment. Her spiritual sense had already flown to God knows where.

Di Lin:” ...”said he was a beast?

The pitiful thing was that Leng Mei hadn’t realized that Di Lin had already heard her inner monologue. Leng Mei’s mind was still wandering elsewhere, and her thoughts had already flown to God knows where.

“Mahjong. Who should I choose between the leader and me?”Di Lin suppressed his anger and asked Leng Mei, who was currently in a daze and could spit out anything she wanted to say.

If she dared to choose mahjong for him, he would give it a try!

He promised to make her die of exhaustion on the bed!

“Of course it’s mahjong. It’s so fun to play mahjong. If I’m not with the leader, I’ll either die of exhaustion!”Leng Mei said this out loud without any hesitation.

As soon as she said that, Leng Mei suddenly realized something.

It felt like she was lying on a warm body?

She turned around and suddenly looked at the handsome face of Di Lin.

Leng Mei was shocked. She suddenly looked at Di Lin in a daze and subconsciously wanted to stand up. “Chief, I’m not, I’m not leaving you. I’m... I just want to play mahjong...”

Di Lin grabbed Leng Mei and pressed her down on the bed. A second before he kissed her, he said angrily, “Don’t even think about it!”

Lust, the day was still long...

...

Brunei six-star Empire Hotel.

There was a place in Brunei six-star Empire Hotel where one could enjoy the sunset. The sunset here was very beautiful. It stretched as far as the eye could see. With the help of the sunset, it was beautiful.

After dinner, most of the guests who stayed in the Brunei six-star Empire Hotel would go there for a walk. Because of the beautiful scenery and the beautiful people, there were a lot of people coming and going.

After dinner, Yun Jian also followed the crowd to this place.

Roxi still had her own things to do, so she left first.

When Yun Jian just arrived here, he saw a few foreigners not far away.

These foreigners were the ones who had said that Yun Jian was overestimating himself in front of Jamil and that the Z Nation people had always been so arrogant.

Seeing this, Yun Jian's deep eyes narrowed slightly.

"Phew! So You've come to admire the sunset as well? I heard that the sunset at the Brunei Hotel is particularly beautiful, so we've come too!" Seeing Yun Jian again, Shen Liwei, Meng Tiantian, and the others were not surprised.

Meng Tiantian also controlled her temper and did not say much.

In fact, Meng Tiantian did not target Yun Jian from the beginning. She just wanted Yun Jian to accept her as a disciple because she felt that she was rich and could buy anything in this world.

However, after the previous incidents, Meng Tiantian did not speak anymore.

"What a coincidence." The Night Breeze blew past, and the sky by the sea was slightly cold. Yun Jian tucked his remaining hair behind his ears. This time, he did not ignore Shen Liwei and the others, but greeted them instead.

"Hehe!" Shen Liwei and the others continued to laugh.

"Yo! Denmark, isn't that the girl from Z Nation?" At this moment, the few foreigners who had said that Yun Jian was overestimating his own abilities and that Z Nation people were always so arrogant walked towards Yun Jian.

Not long after, these few people surrounded the cloud note.

The strong man who had said that the z people had always been arrogant, Meidan, surrounded the cloud note and looked at the cloud note with a mocking gaze.

"Little sister from country Z, listen up. If you know what's good for you, you can leave the hunting school by yourself. Otherwise, I can't guarantee that you'll be able to leave the hunting school alive!" Meidan saw that there were only a few brats around, thus, she threatened Yun Jian.

Yun Jian met Yun Jian's eyes. With a cold arc, she suddenly flipped her hand and slapped Yun Jian in the face.

Facing Yun Jian's sudden slap, Yun Jian did not have time to react. By the time these people reacted, Yun Jian had already stood a few meters away.

However, at this time, Yun Jian suddenly said in a frivolous manner in front of everyone, "Someone who can't even take my slap, I'll return the words you said just now to you intact! If you dare to enter the hunting school, don't even think about leaving Alive!"
