

## Schoolgirl 1931

### Chapter 1931: any position, try it once

When he first met Si Yi's mother, Bai Li Yan, Yun Zhi would feel that she was a very gentle and elegant, noble woman. She was like a real rich family's young lady. She knew her manners and was reasonable.

Of course, as of now, Bai Li Yan still gave Yun Zhi the same feeling.

But when Bai Li Yan suddenly asked this question, Yun Zhi was stunned, and then his face suddenly turned red.

These words...

How could she have the face to answer...

Seeing Yun Jian's face suddenly turn red, Bai Li Yan laughed twice. There was a kind of 'I know everything' emotion mixed within. She patted Yun Jian's hand, but didn't force Yun Jian to answer:

"Good child, I know everything. Don't be shy, I've been there before."

As she spoke, Bai Li Yan spoke to Yun Jian expectantly:

"You're now my daughter-in-law, then you have to change your address to call me mother. Otherwise, I won't let that Stinky Brat take you away!"

Bai Li Yan smiled as she spoke to Yun Jian.

That stinky brat was naturally referring to Si Yi.

Yun Jian looked at Bai Li Yan, and her heart warmed. Finally, she pursed her red lips slightly and called out to Bai Li Yan, "Mother!"

In the divine continent, a mother was usually called a mother. To address one's elders, one had to use such respectful words as father and mother.

Yun Jian's shout made Bai Li Yan's smile even more obvious.

Although Bai Li Yan rarely went to the divine hall after giving birth to Si Yi with the main god, as a mother, Bai Li Yan's motherly love for Si Yi was the same as an ordinary mother.

And after the divine lord in her previous life fell in love with the sorcerer God, he mentioned this matter in front of Baili Yan more than once.

Baili Yan had long wanted to see what this girl, who could make her, who was like a monk, fall in love with any woman, looked like and what kind of person she was.

And reality proved that Baili Yan fell in love with the cloud note the moment she saw it.

Just like that, she pulled the cloud paper and said a lot of things. She even asked such a shy question just now.

Bai Li Yan was very similar to the main god on some levels.

For example, the main god would occasionally be serious and smile cheekily. On the other hand, Bai Li Yan was usually serious. Only in front of the person she fell in love with would she ask such a shy question.

As they spoke, Yun Jian also gradually became familiar with Baili Yan.

Baili Yan wasn't like when Yun Jian first met her. She was elegant and noble to the point that she wasn't willing to pay attention to others. On the contrary, Baili Yan was able to say anything.

Yun Jian chatted with Baili Yan for a long time, and he would fall in love with this gentle, sometimes even a little gossipy woman.

When Si Yi returned here, what he saw was this scene —

Baili Yan leaned close to Yun Jian's ear and whispered something. Yun Jian's entire face flushed red, and even his ears had a red background.

"Damn you, Kid. You've beaten US so many times and you want to run away? Hurry back and continue playing!" The few men who had just pulled Si Yi to play chess chased Si Yi and ran here.

However, Si Yi had already pulled up the cloud paper and said to Bai Li Yan, "Then mother, we'll go back to the Divine Hall first."

In the past, Si Yi came to visit Bai Li Yan and would leave soon after staying.

Bai Li Yan was already used to it.

But today, it was rare to meet a daughter-in-law who was so pleasing to the eye like Yun Jian. Bai Li Yan stood up and urged him to stay. "Why are you leaving so quickly? I still have many things to ask Xiao Jian."

Baili Yan had already used intimate words to address Yun Jian.

Si Yi raised his eyebrows.

"I'll ask again next time. I'm leaving." Si Yi held onto Yun Jian's hand and refused Baili Yan's invitation to stay.

He pulled Yun Jian and walked two steps outside Baili's home. Si Yi turned his head to look at Baili Yan and said, "Or you can come to the Divine Hall."

After saying this, Si Yi pulled Yun Jian and left without looking back. Yun Jian didn't even have time to say goodbye.

"This kid! He's exactly the same as that old fellow! Don't tell me I'm going to steal his wife!" Baili Yan stood in her original position. When she thought of the main god, she gritted her teeth. In her mind, she immediately recalled the main God's face that deserved a beating.

Everyone knew that Baili Yan didn't go to the Divine Hall much because she didn't want to see that old fellow, the main god.

As for the specific reason, only the main god and Baili Yan themselves knew.

At that time, Yun Jian had already been pulled back by Si Yi towards the direction of the temple.

“What did mother just say to you in secret?” Si Yi suddenly asked out of curiosity.

As Si Yi spoke, he slightly lowered his head to glance at Yun Jian. Unexpectedly, what he saw was the scene of Yun Jian’s face turning red.

Even his ears were completely red, as if he had done something bad.

Yun Jian thought that Si Yi’s mother only liked to gossip, but she didn’t expect...

Cough Cough! What she said to her secretly just now was..

‘Little Jian, do your best. Let my little brat exert his strength. Do it a few more times when you go back. Don’t be shy. Try every position. The fastest way to make a child is through it!’

### **Chapter 1932: the Divine Hall was destroyed, and the main god was seriously injured**

Looking at the cloud paper, Si Yi knew that his mother must have said something extraordinary to her.

Although Baili Yan gave off a gentle and elegant feeling, and was very noble, in reality, Baili Yan was hiding a belly full of bad ink.

Si Yi knew that his little paper was shy, so he didn’t continue speaking. Instead, he held the cloud paper’s hand and walked back to the Divine Hall.

The journey from the Baili family to the temple was not a short one. Si Yi took the cloud paper and slowly walked forward.

He looked at the scenery along the way, the gods passing by, and...

He also went to the small forest to take a stroll.

Si Yi originally wanted to eat some tofu from the cloud paper in the small forest, but he did not expect that just as he kissed the cloud paper’s mouth, which made him unable to stop, someone passed by in the small forest.

Before anyone passed by, Si Yi held onto Yun Zhi’s slim waist and pressed Yun Zhi behind a tree.

This tree was very big and could block Si Yi and Yun Zhi from being seen by the two people passing by.

The two people talked as they walked. Si Yi did not think that they were passing by. He was biting Yun Zhi’s red lips with his head lowered.

However, at this moment, the voices of the two people attracted Yun Zhi’s attention.

“Did you see that just now?” Someone asked.

“See what?” The other person asked.

“The group of people who passed by US just now. They were all wearing black robes, and their eyes were exposed from head to toe. It was as if they were going to wipe out their entire family.”

“They like to dress like that. It’s none of your business, isn’t it?”

“But the direction that those people are heading towards seems to be the location of the Temple?”

“Let’s go, Let’s go. The Lord God is in the temple, what can happen? It’s not like the Lord God isn’t in the temple. Even if that group of People’s target is the temple, small gods like us won’t be able to help...”

...

The voice traveled further and further.

Yun Jian and Si Yi only looked at each other when the two of them left.

The black-robed man?

The Mysterious Man’s Men?

Even though Yun Zhi had recovered the sorcerer God’s memories, there was no memory of the mysterious man’s appearance in his memories.

The Mysterious Man and the mysterious man’s men, the group of black-robed men, appeared from the beginning to the end. They were all dressed in black robes and their bodies were tightly wrapped, only revealing a pair of pitch-black eyes.

As for their appearance, Yun Zhi and Si Yi had never seen it before.

After the two of them walked away, Si Yi frowned.

Yun Jian suddenly had a bad premonition.

Just as she was thinking about this, si yi suddenly said, “Return to the temple.”

As he spoke, he grabbed Yun Jian’s small hand, and his other large palm tore open the space in front of him, instantly bringing Yun Jian back to the front door of the temple.

“Boom! Boom! Boom! Boom!”

At the same time, Si Yi and Yun Jian had just reached the front door of the Divine Hall when a loud noise came from inside the Divine Hall. Then, the entire divine hall was within the speed that Yun Jian and Si Yi could see.

It had been bombed! It had collapsed!

Sneak attack was the first word that came to Yun Jian’s mind.

The Divine Hall was quickly destroyed in a few seconds.

Si Yi’s face instantly turned terrifyingly dark.

The temple was a symbol of his status as Lord Divine Lord, the ruler of the God continent. And today, the mysterious person had taken advantage of his departure to destroy the temple.

This was undoubtedly a provocation to him.

And the people living in the temple were only Si Yi, Yun Jian, and the main god.

After the temple was destroyed, the heads of the ten heaven-defying families, as well as the five elders who had just appeared, all the gods gathered here.

After glancing around, desolate Yan didn't see her master, a sovereign. She panicked. "How could the temple be destroyed? ! What About My Master? !"

"Cough, cough, cough! I'm Here! That guy... That guy actually became so strong! The current me is no match for him..." just as Yun Jian and Si Yi were frowning., the heavily injured old sovereign, clutching his chest from afar, staggered over.

Seeing this, everyone hurriedly stepped forward to support him.

Yun Jian clenched his fists slightly. Si Yi's savage aura was gradually rising.

Not only had he bombed the temple, he had also injured the sovereign!

Needless to say, it was obvious that the fellow the sovereign was talking about was a mysterious person!

The sovereign had been injured by a mysterious person!

### **Chapter 1933: The identity of the person behind the scenes was revealed**

After the old sovereign was supported, he fainted.

At the same time, a stream of blood flowed from the corner of his mouth. Clearly, he was heavily injured.

At the same time that the old sovereign fainted, his face, which was about fifty to sixty years old, suddenly swayed. At a speed that was clearly visible to everyone present, he suddenly turned into a young man of about twenty-five or twenty-six years old.

Seeing this scene, Yun Jian's eyelid twitched, and for a moment, it twitched.

The surrounding crowd was also shocked by the sudden transformation of the sovereign's appearance from that of an old little old man to that of a young man of twenty-five or twenty-six years old.

"This... where is the sovereign?"

The surrounding crowd, including the heads of the ten great heaven-defying clans, were all shocked.

Desolate face was the same.

Yun Jian's eyelids twitched slightly, then he looked up at Si Yi.

The sovereign had suddenly transformed into the appearance of this young man around the age of twenty-five or twenty-six. He looked eighty percent similar to Si Yi at this moment.

This was a similarly handsome face, but in comparison, Si Yi was still better.

All in all, this face, along with this slender figure, was completely different from the little old man from before.

Besides Si Yi, this young man's face, which was around twenty-five or twenty-six years old, was undoubtedly the most handsome of all the men present.

"Where did the sovereign go? Who is he? !" Seeing the sovereign suddenly turn into this young man, the surrounding people were in an uproar.

The sovereign actually turned into another face in front of everyone. What sort of situation was this? !

The surrounding people were in an uproar. Seeing that Yun Jian was looking at him with a puzzled expression, Si Yi explained simply,

"This is the old man's original appearance. He was seriously injured, so he couldn't maintain the appearance of the old man he had previously transformed into."

After he finished speaking, Si Yi extended his hand and injected his spiritual energy into the main god's body.

That's right. The appearance of the old man from the main God had been transformed by the main god. His actual appearance was only at the age of 25 or 26.

After the gods of the divine continent reached a certain level of power, they would be able to maintain their appearance at a fixed age.

Hearing this, Yun Jian was slightly shocked.

Everyone hoped that he would be as young as possible. How could his master transform his appearance into that of an old man in his fifties or sixties?

When the surrounding people heard Si Yi's words, they were somewhat stunned.

After a long time, Si Yi stopped.

"He's heavily injured. His life isn't in danger." Si Yi said.

"Who injured our Lord Sovereign? ! Let's fight to the death!"

"That person actually dared to blow up the temple! A warrior can be killed, but not humiliated! Lord God, we must seek justice for our Lord Sovereign!"

...

The leaders of the ten heaven-defying clans, including the five elders, and the surrounding people all began to angrily shout.

The gods of the God continent were the most powerful, and whenever they encountered trouble, they wanted to use brute force to solve it.

Just as everyone was furious, Yun Zhi's crisp voice sounded:

"This revenge will definitely be avenged!"

After Yun Zhi finished speaking, she didn't wait for anyone to react and continued, "But right now, we don't even know their background, and we don't even know where they are. How are we going to take revenge?"

"We'll talk about it when the old man wakes up." Si Yi stood up at this moment, and a violent aura that had been suppressed to the verge of eruption began to spread out.

Her thoughts were in agreement with his.

Hearing this, everyone knew that this was the case, and they all shut their mouths.

...

The temple had been destroyed, and Si Yi brought the sovereign and Yun Jian directly back to the Baili clan.

When Si Yi helped the main god into the Baili family, he saw the injured main god being helped in. When the men of the Baili family saw this, they all looked at the main god as if they had seen an enemy, but they still ran over to help him.

The main God had been unconscious for three hours. When he woke up, Si Yi, who was standing next to the main god, asked directly, "Who is the mysterious person who injured you?"

Yun Jian blinked. Her thoughts were the same as Si Yi's. She believed that the main god knew the mysterious person.

After Si Yi finished speaking, without waiting for the main god to reply, he spoke again, his tone indifferent. "Damned old man, you'd better tell us the truth."

#### **Chapter 1934: revealed a mysterious person's identity**

The main god that Si Yi called a dead old man still looked like a young man.

Although Si Yi had given quite a bit of his spiritual energy to the main god, the main God had just been seriously injured and could no longer maintain the appearance of the fifty-to sixty-year-old old man from before.

The main god was no longer the stubborn little old man from before. After he woke up, the first thing he heard was his son questioning him. The main god was stunned for a moment before he spoke out:

"Brat, who are you calling a dead old man? Although I'm old, I'm not dead yet!"

After the main god finished speaking, he suddenly realized that his voice had become younger.

This voice sounded very young, and it was thick and powerful. The magnetic male voice was not inferior to the voice of those male singers from the New Era on Earth.

This meant that the appearance of the old man that he had transformed into...

"There's no need to look. You Won't be able to transform into the appearance of an old man in a short period of time. Now, immediately tell me who that mysterious person is."

Si Yi broke through the sovereign's train of thought and spoke out once more.

Only now did the sovereign turn his gaze towards Si Yi and Yun Jian.

"Master, regarding the identity and matters of the mysterious person, if you know, please tell us the truth." Yun Jian looked at the sovereign and spoke very solemnly.

She swore that she would personally send the mysterious person to hell!

"You... Eh." The sovereign was being forced into a corner. He let out a deep sigh, then shook his head. With a young face, he spoke in an old man's voice:

"Alright, Alright, Alright. I'll tell you! I'll tell you!

"I do know that old fellow, and that old fellow is my younger brother!"

Hearing this, Yun Jian and Si Yi's eyelids twitched.

The mysterious person was actually the younger brother of the sovereign?

"I'm not afraid to tell you that all of this should be partly my fault. Back then, I accidentally killed the woman he loved, and he swore to avenge that woman, but I didn't expect that he would actually turn the blame on you."

The sovereign shook his head, then recalled the situation back then.

That mysterious person was the younger brother of the sovereign. His name was Xuan Lin.

Xuan Lin was the younger brother of the sovereign. Back then, he had a very good relationship with the sovereign.

But back then, Xuan Lin had fallen in love with a woman. That woman's family had once been the most powerful aristocratic family in the entire divine continent.

All of this had happened a long time ago. Back then, there hadn't been any five elders, nor had there been any ten heaven-defying families.

The ruler of the Divine Hall was not Si Yi, who had yet to be born, nor was he a sovereign.

He was the sovereign and Xuan Lin's father.

The clan that Xuan Lin had fallen in love with had betrayed the sovereign of the divine continent, who was also the sovereign and Xuan Lin's father. Thus, the sovereign had accepted his father's orders and plotted against the clan that the woman belonged to, exterminating the entire clan.

The woman had not been spared either.

Perhaps their bloodlines were linked. Whether it was the main god, Xuan Lin, or Si Yi, once they fell in love with a woman, they would never change, even if it was to deal with the bedevilment.

After the main God had killed the woman Xuan Lin had fallen in love with, Xuan Lin had gone mad and wanted to take revenge on the main god. In the end, the main God's father had endured the pain and crippled Xuan Lin's divine spark. Xuan Lin could no longer cultivate spiritual power.

“After his divine spark was crippled by my father and he was no longer able to cultivate spiritual power, he left the God continent in a sorry state. I don’t know what happened after that.

“I also don’t know how he recovered his spiritual power. But after so many years, I can already guess where his current lair is!”

As the main god spoke, his tone suddenly became solemn.

“Where is it! ?”The cloud tablet asked anxiously.

The sovereign sighed, not hiding anything. “It’s...”

### **Chapter 1935: found out about the mysterious person’s residence**

To be honest, Yun Jian had never expected that the mysterious person would actually be the main god’s younger brother!

Moreover, the main God’s younger brother, Xuan Lin, did not pursue the main god because the main god had later become the ruler of the divine continent, and the status of the ruler did not fall to him.

Instead...

For a woman!

Perhaps this was something that many people could not understand.

A man could actually kill his own brother for a woman, even going so far as to deal with his own nephew!

But if one were to think from another perspective, what would Si Yi do if Yun Jian was killed?

If that was the case, Si Yi would definitely avenge Yun Jian even if he had to kill everyone in the world.

Moreover, the word ‘revenge’ was far from enough to vent his anger.

Revenge could bring back the life of the person he wanted?

The answer was no.

“Child, this is our family’s business, but it implicates you. Master is deeply sorry. All of this started because of me! I should be the one to end all of this!

“So all of this should be borne by me alone...”

The main god sighed. He didn’t reveal the mysterious person, which was Xuan Lin’s lair.

As he spoke, the main god propped up his slender body and was about to get off the bed.

“You Damned Old Man. It’s been thousands of years, and you’re still the same. weren’t you quite formidable in the past? “Back then, when you forcefully forced me to marry you, weren’t you quite arrogant? “Why do you have to act like a savior now? You’d rather sacrifice yourself to save someone?”

Just as the main god was about to get out of bed, someone walked in from outside the room and stopped him.

Yun Jian fixed his eyes on the person. It wasn't Si Yi's mother, Baili Yan.

Baili Yan hated the main god and wished that the main God would die. This was something that everyone knew.

Thus, after giving birth to Si Yi, she ran back to her parents' home. Thus, even after she went to the temple to secretly look at Si Yi, Baili Yan avoided the main god.

It had always been the main god who liked Baili Yan in one direction.

After Baili Yan left him, every time Si Yi made a trip to the Baili family, the main God would secretly ask Si Yi how Baili Yan was doing.

Just like what was said before, the bloodline of Si Yi's family was like this.

Falling in love with a woman would never change for the rest of his life.

He could even sacrifice anything, including his own life, in order to deal with her.

The temple had been destroyed. This time, it was because he had no choice but to bring the main god to the Baili family.

Although the main god had missed Baili Yan for thousands of years, he had never thought that even if he was in the Baili family now, Baili Yan would take the initiative to come and see him.

Therefore, when he saw the woman who walked in from outside the house, who looked to be in her early twenties, and whom he had missed for thousands of years, but did not dare to come and see because he was afraid of making her angry, the main god almost burst into tears.

After Baili Yan walked in from outside the house, she glared at the sovereign. Then, she walked over and grabbed the cloud paper's hand, looking at the cloud paper with the look of a daughter-in-law:

"I just heard that you guys came back again. This time, the Divine Hall was bombed. You can stay and accompany me more, right? Coincidentally, I have an empty house over there. Do you want to move in with little paper?"

As soon as Baili Yan finished speaking, Si Yi grabbed the cloud paper's hand and said to Baili Yan, "Mother, this is my woman."

"Look at you, look at you! It's not like I'm going to snatch your woman away!" After Baili Yan heard Si Yi's words, she laughed twice.

Ever since Baili Yan walked in from outside the house, the main God had been staring at Baili Yan. His eyes were fixed on her.

Yun Jian pursed his lips. He knew that if he asked the mysterious person Xuan Lin's residence now, his master should not have the mood to say it, right?

But the sovereign quickly came back to his senses. He cleared his throat, then spoke to Yun Jian and Si Yi:

“It’s fine if the two of you want to know where that fellow lives, but that place is a place that even our gods can’t reach. If you want to go there, you have to go through one place.”

“Where?” Yun Jian hurriedly asked.

The sovereign narrowed his eyes. “The Yellow Springs Road.”

### **Chapter 1936: how about the two of us have another child**

“Where is the road to the Netherworld?” Yun Jian asked anxiously.

Yun Jian could not forget the tragic death of her brother in her previous life.

She originally thought that her brother’s death was caused by the blazing fire organization.

However, that was not the case.

Later on, as the matter developed and she was assassinated countless times, including when she was the sorcerer Goddess in her previous life, it was because of the mysterious person that she fell.

All of this was telling Yun Jian that she had to personally kill the mysterious man, Xuan Lin!

“Xiao Jian, don’t listen to his nonsense! What Road to the Underworld? I think he made up the name himself!”

Just as Yun Jian was very serious in asking the main god where road to the underworld was, Baili Yan walked over and kicked the main god to the ground as she spoke.

The main God couldn’t bear to fight back against Baili Yan. After being thrown to the ground by Baili Yan, he let out an agonized cry, just as he was about to say, “Yan, how could you have the heart to make a move against the handsome and handsome old man who is so angry that he is invincible in the Universe?”.

The main God suddenly realized that he no longer looked like an old man.

At this moment, the main God’s features were delicate and pretty, and his face was eighty percent similar to Si Yi’s. He was also so handsome that people couldn’t take their eyes off him.

“Yan, how did you know that this name was made up by me?” The sovereign asked.

“Don’t I understand you? You’re just like this!” Baili Yan gave the sovereign a disgusted look.

For some reason, Baili Yan was looking at him with a disgusted look. The sovereign felt that upon hearing her words, a warm feeling flashed through his heart.

“Alright.” The sovereign stood up cleanly, then looked at Yun Jian and Si Yi, and said:

“The road to the Yellow Springs was indeed made up by me. I feel that if I use it to describe that place, this name isn’t bad. It sounds very nice! Don’t you all feel that! I really do have the talent to come up with names!”

The sovereign rubbed his smooth chin. After being narcissistic for a while, he continued:

“The road to the Yellow Springs doesn’t have a name, so I gave it a name. It sounds very nice, doesn’t it? Haha! That is the road to the depths of the forest of the Infernal Domain.

“Legend has it that in the depths of the demon region forest, there is a gushing spring called the divine spring. After staying in the divine spring for 666 days, it can turn humans into immortal cultivators. It can restore the Godhead of a god whose godhead has been abolished, and it can even increase the strength of immortal cultivators by hundreds or even thousands of times!

“This is just a legend. I wouldn’t have believed it at first, but now...”

The sovereign frowned and stopped speaking.

“Old Man, do you think Xuan Lin found the Divine Spring?” Si Yi’s words hit the nail on the head.

“That’s right. Xuan Lin should most likely be living near the Divine Spring in the Demonic Forest!” The sovereign nodded.

The sovereign’s words caused Yun Jian’s eyes to narrow.

She had heard Lan Su mention the divine spring before.

She hadn’t thought that the legendary divine spring, which had long since disappeared, would actually be in the God continent.

Divine Spring! Yun Jian clenched her fists.

No matter what divine spring or not divine spring, as long as she could find Xuan Lin, Yun Jian wouldn’t hesitate!

“Alright, Alright, don’t be in a hurry to set off. The divine spring isn’t something that can be found in a day or two. Many gods have gone to the depths of the demon region forest in order to search for the divine spring, but they have never returned with any results.

“You guys, don’t be in such a hurry!”

The sovereign once more began to nag.

“We’ll set off in three days.” Yunjian pursed her lips, then spoke as if she had made up her mind.

“Mm.” As long as she said it, Si Yi would respond.

After speaking, Si Yi suddenly pulled Yunjian’s little hand and left the place. Then, he said to the sovereign and Baili Yan, “You guys chat. I’ll take Yunjian out for a walk.”

As soon as he finished speaking, Si Yi had already pulled Yun Jian and left this place.

The Sovereign, who was lying on the bed and had been seriously injured, blinked.

“Hmph, who wants to stay with a person like you? Didn’t you promise that you would never enter my Baili family’s door again for the rest of your life? Aren’t you very powerful and won’t get injured? When you forced me to marry you back then, weren’t you very confident that you could protect me?”

“I see that you can’t even protect yourself. You’ve suffered such serious injuries. Fortunately, I left you back then!”

Baili Yan saw that this scoundrel si yi actually pulled the cloud paper and dodged. She glanced at the main god with hatred and was about to leave this room.

The main God hadn’t seen the woman he missed for thousands of years. He turned his hand and grabbed Baili Yan’s hand, pulling Baili Yan into his embrace.

“What are you doing? ! Let Go of me!” Baili Yan struggled.

“Aiyo, aiyo, it hurts so much. Don’t move. My wound hurts again when you move. Aiyo, aiyo...” the sovereign shamelessly hugged Baili Yan and shouted.

She looked like an old child, the kind that looked like a young man.

Baili Yan really didn’t dare to move.

The sovereign took advantage of this moment to flip over and press Baili Yan under his body. His hand caressed Baili Yan’s thigh, and he said with a smile:

“Yan, I know you don’t have feelings for me, but we’ve already given birth to a child, and you don’t have another man. Why don’t we... Have Another One?”

### **Chapter 1937: had the divine spring, the exact location**

As he spoke, the main god was about to kiss Baili Yan’s beautiful lips.

“Get Up! Get Up for me!” Baili Yan saw this and didn’t dare to struggle hard just now. Now, she directly knocked and hit the main God’s body.

“Aiyo, aiyo, this time it really hurts. Stop knocking...” the main god leaned on Baili Yan’s body and clutched his own chest as he shouted.

“You’re still thinking about this even though it hurts! If it wasn’t for my son, I wouldn’t even let you enter the Baili family’s main gate! Get Out of my way!”

Baili Yan pushed the main god away this time and fiercely glared at the main god. She smoothed her own clothes and walked out.

The main God who was pushed by Baili Yan now felt very sweet in his heart.

In the past, every time Baili Yan was touched by him, she would want to die after it was over.

Although nothing shameful had happened just now, when he held her in his arms, she would also consider her own wound and stop struggling.

One had to know that at that time, Baili Yan wanted nothing more than to kill him. How could she care about whether or not his wound would be injured?

This was also the reason why the sovereign had endured for thousands of years to come and see Baili Yan.

He was afraid that she would threaten him with death again.

But now, from the looks of the situation, they still had a chance, right?

...

After staying in the Baili family for three days, Yun Jian and Si Yi set off for the demon area forest.

Before setting off, Si Yi had even entrusted the main god to Baili Yan to take care of him.

Although Baili Yan said that she absolutely wouldn't take care of the main god, Si Yi knew that those were just words from Baili Yan's mouth.

The grudges and grudges from before had long been polished by time and gradually dissipated.

Before she left, Baili Yan even pulled the cloud paper to a corner and whispered to the cloud paper:

"Little paper, if you and my son find the Divine Spring, you must stay in there for 666 days. Just in time for a couple bath, a couple playing with water or something, Bring Me a granddaughter and grandchild back..."

Bai Li Yan hadn't finished her sentence when Yun Jian's face turned slightly red. Si Yi walked over and pulled Yun Jian into his arms.

Bai Li Yan could tell at a glance that Si Yi was afraid that she would bully Yun Jian. She hid her smile and waved at Si Yi. "Let's go, let's go. Your Wife is yours. I Won't snatch it from you!"

After giving his final instructions, Si Yi took Yun Jian and walked towards the demon area forest.

...

Very few people dared to enter the depths of the magical forest alone or in groups of two or three.

There were powerful magical beasts in the depths of the magical forest. There were some that even gods with powerful spiritual energy were unable to fight against.

Hence, when entering the depths of the magical forest, they would usually form a group of dozens of people before they dared to enter.

Si Yi and the cloud note headed straight into the magical forest.

The demon area forest wasn't completely empty. On the contrary, there were many people walking back and forth around the demon area forest.

However, the deeper they went into the demon area forest, the fewer people there were.

However, there were many people who formed a team to enter the demon area forest to search for the legendary divine spring.

As for those people whose goal was to go to the demon area forest to search for the divine spring, they had already entered the depths of the demon area forest and the Yun Jian could clearly see them.

After all, it was not to search for the divine spring. No one would enter the depths of the demon area forest, where powerful magical beasts were rampant.

“Hey Hey Hey, the two in front, wait!” Just as Yun Jian and Si Yi were walking towards the depths of the demon area forest, a lively male voice came from behind.

Hearing this, Yun Jian narrowed his eyes and turned around to take a look.

He saw an eighteen or nineteen-year-old youth leading his companions to stand in front of Yun Jian and Si Yi and asked,

“The two of you came to the Infernal Domain Forest to search for the Divine Spring as well? There are only two of you?”

There were more than ten people standing next to this youth. Clearly, they had formed a team to enter the Infernal Domain Forest together.

“Mm.” Yun Jian softly replied.

The sovereign didn’t say how they would reach the Yellow Springs Road, nor did he say where the divine spring was located, because the sovereign himself had never been there.

Yun Jian had wanted to ask someone, but here he was.

“Ah, that’s great. We’re also here to find the divine spring, and we’ve already found the exact location of the divine spring! However, there’s a huge magical beast guarding the entrance to the divine spring, preventing anyone from entering.

“We can’t beat it, so we want to gather people to subdue it! Do you want to come with us?”

When the youth heard that, he immediately asked in pleasant surprise.

When Yun Zhi heard that, his eyes flashed sharply. “Bring us there now.”

“Do you think that we can pass through there just by bringing you there? That magical beast is too powerful! Previously, when we went there, we had already lost many of our companions!

“This time, we must gather more people. Only when we have more people will we dare to go again. Now that we only have the two of you, our strength is simply not enough to annihilate that magical beast! “If you want to go, then go. Don’t tell me our companions’ lives are going to be used as stepping stones for You?”

A young girl about the same age as Yun Zhi walked over from behind the young man. The young girl did not have any other intentions, but she was a little displeased that Yun Zhi asked them to lead the way so rashly.

Make it clear, this was the place where they knew about the divine spring. They were kind enough to gather people to go together!

Not to be invited to cloud paper and Si Yi to lead them when the Captain!

### **Chapter 1938: The Guardian Magical Beast was the big baboon**

After the young girl finished speaking, the surrounding people paused for a while, but no one said anything for a long time.

The youth who was the first to come forward to invite Yun Jian and Si Yi to let his friend take away the young girl who was overly emotional only then did he apologize to Yun Jian:

“I’m sorry, my friend’s emotions were a little extreme because we’ve already been there once and confirmed that it’s the entrance to the divine spring. It’s just that we were too few at the time and our strength was too weak, so a few of our companions suffered terribly...”

“Because of this matter, we don’t wish for any more fearless sacrifices, so we’ll wait for more people to go. We’ll definitely be able to subdue that magical beast! “My friend said a few unpleasant words to you just now because of this, so don’t take it to heart!”

The youth apologized to Yun Jian and immediately went to gather more people.

Of course, if it wasn’t for the youth apologizing to Yun Jian in time, based on Si Yi’s personality, he would probably have already beheaded the young lady just now.

However, before this, Yun Jian did not know what had happened to this group of people. Hearing this, Yun Jian did not force them. Instead, he stood at the same spot with Si Yi and waited for a while.

This young man gathered fifty people in one go. Only then did the group of people walk towards the entrance of the divine spring.

This young man’s name was Ding Cheng, and the girl’s name was Wen Jingtian.

On the way to the entrance of the divine spring, Yun Jian learned about Ding Cheng and the others’ previous encounters.

They had also formed a team to search for the Divine Spring in the demon area forest. Originally, they didn’t have much hope. Later, they accidentally discovered the true entrance of the divine spring. In the end, they were attacked by a powerful magical beast.

A few of their companions had risked their lives to protect them, but they had died tragically at the hands of the magical beast.

Yun Jian could understand why Wen Jingtian was so emotional when she heard that he was going to bring her to the entrance of the divine spring.

Wen Jingtian didn’t want any more of her companions to get into trouble.

Out of the 50 people gathered by Ding Cheng, a few of them were older and stronger.

As a result, they could hear their bragging along the way.

“How powerful can that Magic Beast Be? I can smash it into pieces with a single slash!”

“Just brag, just brag! But if we work together, we’ll definitely be able to subdue it!”

“That’s a must! My current cultivation level isn’t considered low either!”

...

This group of strong-aged men gathered together and rambled on non-stop.

Regardless of whether it was the men of Earth or the male gods of the God continent, they had always had one thing in common — they loved to brag.

This was unavoidable.

Along the way, Si Yi kept holding Yun Jian’s small hand. Anyone who saw that doting look of his would be envious.

In order to prevent a riot, Yun Zhi had already concealed the aura of people who belonged to thousands of continents.

As a divine lord, Si Yi rarely exposed his face in front of everyone. Therefore, there were not many people who could recognize him from his appearance.

At least, there was no one in front of him.

“We’re here! It’s Here! Everyone, Keep Your Spirits Up! The battle has begun!” At this moment, Ding Cheng, who was leading the way, suddenly waved his hand and made everyone stop. He pointed to the edge of a cliff:

“That magical beast is over there. There’s a teleportation array over there. Once you enter the teleportation array, you’ll be able to find the divine spring!”

As soon as he finished speaking, the huge magical beast was awakened by the sound of everyone’s footsteps.

Its huge body, which was as tall as a three-story building, suddenly lifted up and let out a deafening roar.

“Set up the array! Set up the array!”

“Oh my God! This magical Beast’s spiritual power is so strong!”

“Run!”

...

Everyone had different reactions when faced with this huge magical beast.

Ding Cheng and Wen Jingtian immediately led everyone to get ready for battle.

However, in a place where no one could see, the cloud tablet drew a red arc. She took the lead and stood in front of the magical beast with Si Yi.

This magical beast, which had just released a strong spiritual power aura, suddenly withdrew its aura in front of the cloud tablet and Si Yi.

Not long after, the three-story-tall baboon actually knelt down in front of everyone in the direction of Yun Jian and roared in a weak manner, "Awoo!"

### **Chapter 1939: was sent to Hell, the end of the world**

When Yun Jian saw this, he was slightly stunned.

The magical beast guarding the entrance to the divine spring was actually that big baboon?

The main god clearly did not kill the big baboon in the end.

And when Yun Jian was a sorcerer God, he had once encountered this big baboon.

Back then, this big baboon had even launched an attack on Yun Jian, and in the end, it was almost killed by Yun Jian.

The cloud tablet wasn't killed, so it let it go.

Therefore, in front of the members of the ten great families, this big baboon would kneel down to the cloud tablet.

That was because it was afraid.

At this moment, the big baboon once again knelt down to the cloud tablet. It was clear that it wanted to let the cloud tablet and the others pass through this place.

The cloud tablet's eyes flashed. It thought that it would save time to deal with the magical beasts, so the cloud tablet and Si Yi walked towards the teleportation formation over there.

"Oh my God! That... that magical beast just now actually knelt down towards her!"

"Magical beast, what an arrogant species. It actually knelt down towards a woman!?"

The expressions of everyone present changed in shock.

At this moment, Yun Jian and Si Yi were already about to arrive at the teleportation array. However, before they could enter the teleportation array, a sinister laugh resounded throughout the entire scene:

"Hahaha! The main god himself doesn't have the ability to come here, yet you two juniors came to kill me. Don't you feel ashamed? hahaha!"

After he finished speaking, a man dressed in black robes appeared in front of everyone.

This man was very tall. He was dressed in a long black robe, revealing only a pair of pitch-black eyes. He looked extremely mysterious.

Needless to say, it was obvious that he was the mysterious person who had dealt with her and injured her younger brother, Xuan Lin!

Therefore, in front of everyone present, Yun Jian flipped his hand and a butterfly knife appeared in his hand.

She stood where she was and looked askance at Xuan Lin. Her pair of eyes seemed to be able to kill people. She wished that she could cut Xuan Lin into a thousand pieces.

When the butterfly knife in Yun Jian's hand appeared in front of everyone, those who knew the value of the knife immediately realized it. They immediately paled and cried out in surprise:

"That... that couldn't be... could it be Lord Divine Lord's God vanquishing blade!?"

"I once heard that the god vanquishing blade was originally Lord Divine Lord's. Later, it was given to a young girl from the lowly continent. That young girl's name is sorcerer God!"

Everyone present had heard of the god vanquishing blade. It was a blade that could kill gods!

One blade could instantly turn a powerful god into ashes!

Therefore, there was no god on the God continent who didn't know about the existence of the god-destroying blade.

Ding Cheng and Wen Jingtian were stunned after hearing the voices of the people around them.

Especially Wen Jingtian. After listening to the words of the people around her, she asked in puzzlement,

"Who is the sorcerer God? Why would a supreme existence like the Lord God give such a valuable god-destroying blade to the sorcerer God who came from the lowly continent? Why is this blade in her hands?"

She must be referring to the cloud note.

"I don't know." The person who spoke just now shook his head.

"Although I don't want to say it, I do know the sorcerer God. A thousand years ago, the ten great families of our God continent joined forces to deal with a young girl from the lowly continent who killed a god from our God continent.

"This young girl is the sorcerer God. The sorcerer God fought against the ten great families. She should have died an unnatural death, but she single-handedly defeated not only the ten great families!

"In the end, it was the heads of the ten great families who kneeled in front of her, kowtowed, and slapped themselves. It was only after the Lord God pleaded for mercy that the sorcerer Goddess let the ten great families go!"

Someone who knew the inside story spoke out.

"What!" Upon hearing this, Ding Cheng and Wen Jingtian were both stunned. Wen Jingtian spoke out in disbelief,

"The people from the lowly continent actually possess such powerful strength. Is the sorcerer Goddess's strength comparable to that of the Lord God?"

The sorcerer God was actually so powerful!

Wen Jingtian and the others thought so in their hearts, but no one had any connection between Yun Jian and the sorcerer God.

However, at this moment, Wen Jingtian and the others suddenly saw Yun Jian holding the god-destroying blade and pointing the blade at the mysterious person, Xuan Lin. Then, in front of everyone, he said to Xuan Lin,

“I, the sorcerer God, once swore a blood oath that I would personally send you to hell, and today will be your Doomsday!”

#### **Chapter 1940: the mysterious man, he was someone else**

Just a moment ago, Wen Jingtian and the others were still discussing the sorcerer goddess. Now that Yun Jian had finished speaking, everyone was stunned.

“Me, the sorcerer Goddess?” Wen Jingtian repeated what Yun Jian had said earlier. She looked at Yun Jian in shock.

Yun Jian’s words spread throughout the entire place.

There were 50 people gathered by Ding Cheng, Wen Jingtian and the others. Among them, there was no lack of powerful existences.

But even these people were filled with fear and respect when they talked about the witch God.

At this moment, Yun Jian’s self-declaration made everyone panic.

“That, could that girl be the witch God? !”

“Is she the witch God who single-handedly nearly wiped out the ten great families? !”

...

Everyone’s eyes widened as they discussed.

Wen Jingtian’s expression was the most complicated.

In the beginning, when Yun Jian asked her to bring her to the entrance of the Divine Spring, Wen Jingtian thought that Yun Jian was too selfish because he wanted to find the divine spring, so he didn’t care about the safety of his friends.

But now that she thought about it, she should have enough strength to protect everyone!

What was laughable was that she even scolded her!

...

Yun Jian was already holding the butterfly blade that was assembled from the god vanquishing blade, flying towards Xuan Lin.

When Si Yi saw this, he also followed closely behind.

He naturally wouldn’t let his little jian go into danger alone.

“Does that old fellow, the sovereign god, really think that the two of you are my match! I have no enmity with the two of you, and he actually sent the two of you to kill me. HMPH, then bear my fury well!”

Seeing this, Xuan Lin flipped his hand, and a bottle of medicinal liquid appeared in his hand, just a second before Yun Jian and Si Yi charged over.

“That, that is...” someone saw the bottle of medicinal liquid in Xuan Lin’s hand and shouted loudly, “Could that be the hundred times medicinal liquid!”

The hundred times medicinal liquid, as its name implied, could instantly increase the strength of an immortal cultivator by a hundred times!

However, the hundredfold potion was just like the god vanquishing blade. It was a legendary item. How could he have it? !

It had to be said that Xuan Lin’s strength was no match for Yun Jian, let alone Yun Jian.

As for this bottle of potion...

“HMPH.” Xuan Lin smiled coldly and swallowed the hundredfold potion in one gulp.

Xuan Lin’s strength gradually increased within the range that everyone could see.

Until his strength increased by a hundred times from the original foundation!

When Yun Jian saw this, his eyes moved fiercely!

Si Yi’s eyes only flashed slightly.

After swallowing the hundred times potion, there was a time limit. And when the time passed, Xuan Lin would also suffer the backlash of drinking the hundred times potion.

Therefore, just as Xuan Lin Drank the hundredfold potion, he swiftly and fiercely attacked Yun Jian and Si Yi!

The exchange of moves between experts was extremely fast.

The people in the distance could only see Si Yi protecting Yun Jian in his arms. He stretched out his hand and exchanged moves with Xuan Lin!

Everyone was shocked in their hearts.

The current Xuan Lin had a strength that was a hundred times stronger than before!

Could he really fight! !

“Bang!” Just as everyone was thinking this, a wretched figure was sent flying by Si Yi’s last kick.

Xuan Lin was sent flying like a kite with a broken string!

He had lost!

His strength that had increased a hundred times was actually inferior to his nephew in name!

Si Yi held onto Yun Jian. Yun Jian did not make a move just now.

After Xuan Lin was sent flying by Si Yi's kick, Si Yi coughed lightly. There was a trace of blood at the corner of his mouth. It was obvious that he was also injured.

When Yun Jian saw this, he quickly held him and asked, "Are You Alright?"

Si Yi shook his head and grabbed Yun Jian's hand.

Yun Jian did not make a move just now because Xuan Lin's speed was too fast. She could capture Xuan Lin's figure, but she could not fight him!

Xuan Lin, who had increased his strength by a hundred times, was no match for her!

If Xuan Lin had only increased his strength by fifty times, she could still fight him!

However, if she had made a move just now, she would have been a burden to Si Yi, so Yun Jian did not move.

"I'll go kill him!" Seeing that Xuan Lin had already fallen, Yun Jian said. She held the butterfly knife with the back of her hand and walked in the direction where Xuan Lin had fallen.

The Revenge of her younger brother, the revenge of her previous life, could finally be avenged!

Yun Jian could not describe his current mood.

But when he thought about it carefully, he felt that something was not right.

Was revenge really that simple?

The mysterious person who had fought him back then was not that weak...

Just as Yun Jian was about to reach Xuan Lin, a burst of powerful spirit energy attacked the surroundings, and Yun Jian barely dodged the attack.

In the next second, a black-robed man who looked exactly like Xuan Lin suddenly appeared in front of everyone's eyes.

"Hahahahaha!" After the man appeared, he laughed maniacally.

After the man finished laughing, he looked at Xuan Lin with a smug look on his face. He laughed mockingly and said,

"Not bad, Xuan Lin. Well done! You really did not disappoint me! Now, even the Divine Lord has been injured by you. With only the sorcerer God left, I can kill all of you! hahaha!"
