

Schoolgirl 1941

Chapter 1941: the truth behind the scenes

Yun Zhi felt a sense of familiarity when he saw the man who had suddenly appeared.

However, before Yun Zhi could react, the man who had suddenly appeared and was dressed like Xuan Lin walked towards Xuan Lin.

“Why are you here?” Xuan Lin was directly paralyzed on the ground after being kicked away by Si Yi. He was unable to move. When he saw the man who had suddenly appeared, his eyes widened in shock.

The man walked to Xuan Lin and stepped on Xuan Lin’s head. Then, he sneered at Xuan Lin:

“What do you think?”

“You...” Xuan Lin could not move as the man stepped on his head. He spat out a mouthful of blood and clenched his fists. “You? It’s You! ...”

“Haha, that’s right, it’s me! Otherwise, why do you think that you have no enmity with your good nephew, divine lord, or the sorcerer God? Why would they treat you as their mortal enemy?”

“A thousand years ago, I asked you to attack the God continent and trick divine lord back to the God continent. Then, I disguised myself as you to exterminate the sorcerer race and severely injured the sorcerer God! I should have been scared out of my wits! But unexpectedly, divine lord risked his life to give up his Godhead to save her! He even sent her to earth!

“HMPH! So, later on, I found an opportunity to create a faction called the Inferno organization on Earth and killed the sorcerer God’s younger brother on Earth!

“It’s a pity that the wooden sandalwood box ended up on Earth. I originally planned to borrow the sorcerer God’s hand to take back the wooden sandalwood box, but who knew that Wolf killed that Foolish Fellow. He was no match for the sorcerer God!

“And I’m no match for a divine lord. So, I gave you the Hundred Times Potion. You thought that I was on your side, so I simply took advantage of your trust in me and let you consume the hundred times potion to severely injure a divine lord!

“If not for that, I wouldn’t dare to fight a divine Lord head-on! “Now that a divine lord is heavily injured, you fool have no value to be used anymore. As long as I kill you, the God continent, thousands of continents, and earth will all be mine! “Hahaha!”

Every time the man spoke, the foot that stepped on Xuan Lin’s head would crush it violently.

When Yun Jian, who was standing opposite the man, heard the man’s words, her anger instantly exploded to its peak.

It turned out that the real mastermind wasn’t Si Yi’s biological uncle, Xuan Lin.

Si Yi's biological uncle, Xuan Lin, had at most dealt with the divine continent and the main god. That was because the woman he loved had been killed by the main god.

Xuan Lin had also been manipulated by the man in front of him, until Si Yi and Xuan Lin had both suffered heavy losses!

Yun Jian clenched her butterfly knife tightly. She looked at the man with her sharp eyes and clenched her fist with her other hand.

The man's previous actions were enough for Yun Jian to kill him a hundred times!

And today, he used Xuan Lin again and injured Si Yi seriously!

Yun Jian held his knife and rushed towards the man.

The man's eyes flashed sharply. When he saw that Yun Jian was about to approach him, he retreated dozens of steps.

Everyone knew that the sorcerer God's physique would lose all his spiritual power within three meters of her!

When Xuan Lin and Si Yi were fighting, he was fine within three meters of the cloud tablet because the man had added a substance that could overcome the cloud tablet's physique.

Of course, the consequences of consuming this substance were quite severe!

Therefore, the man naturally could not consume it himself.

After he was ten meters away from the cloud note, the man raised both his hands.

A powerful spiritual power surged out from the man's body!

The strength of this spiritual power was only below Si Yi's!

But now that Si Yi was seriously injured, he was naturally not a match for him

The moment the man's powerful spiritual power surged out from his hands, he even looked up and down at the cloud note. He looked at her with a purposeful expression and deliberately laughed out loud in front of Si Yi:

"TSK TSK, Divine Lord, your woman is not bad-looking. Tell me, how about I tear up her clothes later and have sex with her in front of you?"

Chapter 1942: take the cloud paper and enter the Divine Spring

"You can go to hell!"

The cloud paper shouted loudly. She held the butterfly knife and was about to rush towards the man. However, at this moment, Si Yi, who was originally seriously injured, stood up. He stretched out his hand and grabbed the cloud paper's tender hand. His sharp eyes met with the man's.

“If you want my woman, it depends on whether I agree or not! You backstabbing person, even if I’m injured, I can still kill you!”

Si Yi did not let go of Yun Jian’s little hand. He reached out his right hand and wiped the blood on the side of his mouth. His handsome face made people both jealous and terrified.

Even when facing Si Yi who was seriously injured, the man opposite him could not help but feel nervous and panic.

Si Yi, who was at his peak, could not even be a match for ten of him!

Therefore, even if Si Yi was seriously injured now, the man had no choice but to raise his vigilance.

“You’re injured. Deal with him. I’ll do it!” Yun Jian held the butterfly knife and said to Si Yi.

In her previous life, she was able to fight this mysterious man, who was also the man in front of her, to a draw.

However, she didn’t know what method this man used. He should have been stripped of his Godhead just like her, but in the end, he didn’t die!

“No!” Si Yi held Yun Jian’s small hand tightly. Above his handsome face, a pair of sharp black eyes stared at the man.

He did not want his little zhi to regain his memories. He did not want his little zhi to fight with this person again. He did not want any accidents to happen.

Even if it meant losing a single hair, he would not allow it!

“I’ve said it before. Even if I have to use my own life, I must protect you!” Si Yi stared at the man and said these words to Yun Zhi very solemnly.

After these words were said, Yun Zhi’s heart warmed.

Many men would say beautiful words to make a woman happy. They would turn around and wait for their relationship to progress to a certain extent. Once a man received benefits, he would no longer be as good to a woman as before.

Such things often happened in reality.

However, Yun Jian was indescribably moved by someone like Si Yi, who only cared about her from the beginning to the end. He would protect her even if he had to die.

“TSK TSK! Divine Lord, do you really think that you are my match after being seriously injured?” The man clicked his tongue. He looked at Si Yi and spoke after his voice sounded.

Si Yi ignored the man this time. He raised his handsome arc and appeared in front of the man before Yun Jian could react. His handsome hand grabbed at the air, spiritual power that was so powerful that it shocked the man suddenly appeared in his hand.

“You! You actually still have so much spiritual power! No! How is this possible? This?” The man’s eyes suddenly widened. He looked at Si Yi in disbelief and his expression suddenly changed.

“Bang!”

From Afar, he had been watching the whole time. He did not dare to make a single sound. Wen Jingtian, Ding Cheng and the others, who were so powerful that they could spurt out blood just by being affected by the turbulence, only saw the body of the man, he crashed heavily into a tree in the distance and then fell to the ground.

Everyone present was dumbfounded!

From the moment the mysterious man first addressed Si Yi as divine lord, everyone present was already dumbfounded.

Divine Lord! He was actually Lord Divine Lord!

Although everyone present was in extreme disbelief, they had no choice but to believe it.

It was not until Si Yi dealt with Xuan Lin, who had consumed a hundred times the amount of the medicine, that everyone present was once again in a frenzy!

Xuan Lin’s strength wasn’t weak. His strength was comparable to that of a main god of the temple!

And Si Yi was actually able to receive it with his bare hands!

What was even more unexpected was that Si Yi, who had already been heavily injured, still had the remaining spiritual energy left to send the man flying with a single palm strike!

It had to be said that everyone present was completely shocked!

“Pu!”The man was sent flying onto a tree and fell to the ground, spitting out a mouthful of blood.

The man’s divine spark was destroyed!

The man’s eyes widened in disbelief.

At this moment, another mouthful of blood flowed out from Si Yi’s handsome lips.

Seeing that he was injured, Yun Jian’s heart tightened and her heart ached. She hurriedly supported him and said, “You are not allowed to attack again! My Heart Will Ache!”

If she wanted to attack, it should be her.

However, Si Yi wiped off the blood on his handsome lips. His other hand, which was not stained with blood, grabbed her tender hand and said very firmly,

“Xiao Jian, even if I destroy my godhead, I will personally send him to hell!”

His love for her was not as simple as ‘I like you’.

His love could be paid with his life for her.

He would use his actions to prove it!

Yun Jian felt a warm current in his heart when he heard this.

However, at this moment, the man suddenly took out a black pill from his pocket and swallowed it.

In the next second, he actually recovered his divine spark!

Even so, the man was seriously injured. He left in a sorry state in a few seconds.

Si Yi grabbed Yun Jian's small hand and refused to let Yun Jian chase after him.

"Cough cough! Cough cough cough..." at this moment, Xuan Lin coughed heavily and suddenly said to Yun Jian and Si Yi,

"He will come back! When my divine spark was crippled, he was the one who saved me. But I didn't expect that he would actually use me!"

Xuan Lin angrily pounded the ground and then looked at Si Yi with his sharp eyes:

"Although I have a grudge with your father, the main god, I am still very sensible. That guy used me! And that Guy has a way to quickly recover his spiritual power!

"Now that you are seriously injured, I am not afraid to tell you that the divine spring is indeed here, and it is in the teleportation array over there! As long as you enter the divine spring for 666 days, I guarantee that you will recover your injuries and your strength will be doubled from the original foundation!

"Divine Lord, take your woman and enter the Divine Spring together! Otherwise, that guy will make a comeback. If I don't kill him, your lives will be in danger!"

Chapter 1943: was Shameless, a total of 666 days

"Since you knew that the divine spring was here, why didn't you enter the Divine Spring when your divine personality was crippled?" Si Yi was supported by a cloud of paper, so he didn't half-kneel on the ground. He stared straight at Xuan Lin.

It had to be said that Si Yi didn't hate Xuan Lin after knowing that he wasn't a mysterious person, nor would he easily believe him.

Xuan Lin was, after all, the person who wanted to kill the main god.

"Do you think I don't want to enter? Although the entrance to the divine spring is guarded by a powerful magical beast, this powerful magical beast and the powerful gods of the God continent aren't undefeatable! But..."

Xuan Lin paused for a moment before continuing:

"The entrance to the divine spring is also the teleportation array that has been imbued with spirit energy. If you dream of passing through here, you will die on the spot because you can not withstand the suppression of this spirit energy!

"I once witnessed a god who refused to listen to my advice and insisted on entering the teleportation array. He vanished on the spot!

"But you are different! Your physiques are compatible with the spiritual energy in the teleportation array. That is why I suspected that only you can enter the entrance to the Divine Spring!"

Xuan Lin also wanted to obtain the divine spring himself, but he could not!

He had also observed the teleportation array leading to the divine spring. In the end, he discovered that only divine lords and sorcerer God could enter the teleportation array!

Divine Lords' extraordinary strength and sorcerer God's physique that caused people to lose their spiritual energy within three meters of her!

It was a physique that could resist the powerful spiritual energy in the teleportation array!

"Of course, doubt is doubt. Today, I finally confirmed that only the two of you can pass through this teleportation array!

"Don't worry, I Won't lie to you. Although I have enmity with a sovereign, this matter has nothing to do with you. What's more, that fellow actually dared to use me. My strength is inferior to his. Only by letting you deal with him will I be able to take revenge!"

As Xuan Lin spoke, a burst of anger rose in his heart.

Xuan Lin's expression didn't seem like he was lying.

Moreover, he hadn't injured his younger brother and harmed the mysterious person who had once harmed him.

Yun Jian's eyes flashed.

"Must you stay in the divine spring for 666 days? Can't you come out earlier?" Yun Jian asked.

666 days, almost two years!

She was originally in the hunting school for survival activities in the wild. If she stayed here for two years, she would be completely missing.

"Yes, not a day less!" Xuan Lin nodded.

However, while Yun Jian was hesitating, Si Yi grabbed her little hand and walked to the teleportation array. "As long as we are together, two years is nothing."

Si Yi was determined to bring Yun Jian into the teleportation formation.

According to Xuan Lin, other than him and Little Jian, no one else could enter the teleportation formation.

In other words, in the world inside the teleportation formation, other than him and Little Jian, there was no one else?

If Yun Jian knew of Si Yi's evil intentions, she would definitely not follow si yi into the teleportation formation.

However, by the time Yun Jian reacted, she had already been pulled into the teleportation formation by Si Yi.

Seeing Yun Jian and Si Yi disappear, Ding Cheng, Wen Jingtian, and the others were not stupid. After hearing Xuan Lin's words, how could they still dare to harbor any thoughts towards the divine spring?

They would probably die in the teleportation array before they even saw the divine spring!

Thus, this group of people left the place as if they were fleeing.

Xuan Lin clutched his chest and laughed bitterly. He recalled the thoughts in his heart. At this moment, the woman who had already been gone for more than a thousand years climbed up in a sorry state and walked in the opposite direction from the entrance of the divine spring like a walking corpse.

...

As soon as he entered the portal, Yun Jian was attracted by the open-air hot spring in front of him.

It was surrounded by woods, deserted, and there weren't even any birds or beasts. There were quite a lot of wild fruits and edible things around.

This place was simply a paradise!

The huge hot spring stood in front of him, and the warm air was rising. This was simply a fantasy world!

"This is... The Divine Spring?" Yun Jian walked over and bent down to check the temperature of the divine spring. She found that the temperature of the divine spring was just right.

As soon as she put her hand into the divine spring, Yun Jian felt a warm spiritual energy flowing into her body.

Just by putting her hand into the water of the divine spring, she felt that the seal that prevented her from cultivating spiritual energy for ten years after she used her spiritual energy on Earth to save Chen Xinyi had been lifted!

Yun Jian was surprised, but when she came back to her senses, she was pleasantly surprised.

This divine spring was too magical!

With just a touch, it lifted the seal that prevented her from cultivating spiritual power for ten years. If she stayed for 666 days...

Before Yun Jian could react to the pleasant surprise, she suddenly felt a strong arm pulling her into its embrace.

In the next second, Yun Jian could clearly feel that the clothes on his body were being taken off by a pig's trotter...

Even though it was not the first time Yun Jian and Si Yi had been honest with each other, he actually wanted to take off her clothes in broad daylight...

Yun Jian's face was turning dark red at a speed that was as fast as light.

She covered her clothes with her hand.

However, in the next second, Si Yi took off all of her clothes very quickly and said righteously,

“Little Jian, if you don’t take off your clothes, how are you going to stay in the divine spring for 666 days, HMM?”

If you don’t take it off, how can you do bad things?

Chapter 1944: go back with me and have a baby

The cloud paper was not on guard against Si Yi. Just now, Si Yi took off her clothes very quickly. In a short while, the cloud paper’s clothes were taken off to the ground.

Under such a bright and Sunny Day...

He actually dared to take off his clothes...

The cloud paper’s face was so red that words could not describe it.

His clothes were in Si Yi’s hands, and he had been staring at her. There was nothing that Yun Jian could hide.

Seeing this, Yun Jian jumped into the divine spring.

Although he was naked in the water, it was better than standing on the ground, right?

Although there was no one around, it gave people the feeling that he was uncomfortable.

Who knew that not long after Yun Jian entered the divine spring, Si Yi also took off his cumbersome clothes and entered the divine spring.

He hugged her from behind, and the next moment, he actually touched...

...

What happened here did not attract much attention.

After all, the Divine Lord and sorcerer Goddess had just disappeared.

Of course, with the increase in days, the divine Lord and sorcerer Goddess, who had disappeared for 666 days, would naturally attract people’s attention.

However, this was all in the future.

And at that time.

Earth.

Ling Wei, who had taken ye Ling away from the hunting school to travel around, was driving his Maserati sports car along the roadside of country F’s most famous lavender field.

The capital of Country F was a world-famous romantic capital, and also one of the most prosperous cities in the world.

And in the suburbs here, one could see large fields of lavender fields. Driving all the way, the lavender fields along the way were like an endless sea, as far as the eye could see.

Ling Wei's Black Maserati sports car was very cool. At this moment, he was wearing a pair of sunglasses and driving his black Maserati sports car through a large field of lavender.

The roof of the Black Maserati sports car was open. People sitting in the car could clearly feel the car speeding past and the cool breeze blowing into the car.

It was not cold in November in F nation. The average temperature during the day was 15 degrees Celsius. It was very suitable to ride in the car.

Ye Ling was wearing a long-sleeved shirt at the moment. She was sitting in the front passenger seat of the Maserati sports car. She pressed the hat on her head with one hand for fear of being blown away by the strong wind.

She leaned her body slightly to the side, enjoying the cool breeze with a bright smile on her face.

This was the first time she had left the hunting school after staying in it for so many years. It was the first time she had been so happy.

"It's so beautiful here!" Ye Ling pressed the hat on her head that was about to be blown away with one hand. Facing the strong wind, her eyes were confused by the wind. She squinted her eyes and shouted excitedly.

Her shout was amplified and spread to the distance, and then it was transmitted back in the form of an echo.

Ye Ling's smile became even more brilliant. Even the two small dimples on the side of her mouth could be clearly seen.

Lin Wei was driving with a straight face. At this moment, he accidentally caught a glimpse of her bright smile, so he tilted his head and secretly took a few more glances.

"Do you like it?" Lin Wei asked.

"Yes, yes!" Ye Ling nodded with an excited face. She looked forward, left, right, and was extremely excited.

"Can I go down and play?" Ye Ling asked Ling Wei as she placed her hands on the open door of the Maserati on the roof of the car and looked at the beautiful lavender scenery that was rapidly moving backwards.

"Yes," Ling Wei replied simply and clearly.

Hearing this, Ye Ling's face was filled with excitement.

However, Ling Wei's next sentence broke the beautiful atmosphere. "Go back and have a baby with me tonight."

Ye Ling was smiling brightly just now, but now she stopped smiling.

Sensing the change in Ye Ling, Ling Wei spoke again. "You're not happy?"

Ye Ling was afraid that the lavender straw hat that Ling Wei had given her would be blown by the wind. She covered the straw hat in front of her stomach and paused.

These days, Ling Wei had brought her to many places to play and took good care of her, but that was not love.

“Who would do that? My position in your heart is only to give birth to a child. Is it not important if I give birth to a child?” Ye Ling thought so, but she accidentally said it.

As soon as she said that, Ye Ling regretted it. She quickly covered her mouth.

She originally wanted to complain that she was just a tool for him to give birth to a child, but why did it sound like she was acting coquettishly, complaining that he only cared about the child and did not like her...

“I was just spouting nonsense. I don’t want to give birth to your child...” Ye Ling quickly changed her words.

“Why not?” Lin Wei tightened his grip on the steering wheel.

Ye Ling paused and could not speak at this moment.

However, just as Ye Ling opened her mouth to speak again, Lin Wei spoke first, “Is it not good to be by my side for the rest of your life? Other than love, I can give you anything.”

Chapter 1945: gave me a small note to give birth to a child

“But I don’t want anything. I just want to go home.” Ye Ling pursed her red lips and said weakly.

Ye Ling did not realize that Ling Wei had changed from a man of few words to someone who could talk to her.

If Adam and Xue Ying were here right now, their jaws would probably drop from shock. Even Ling Wei’s good friend, Momsen, would probably be shocked when he saw them.

Since when did Lin Wei know how to communicate with others?

One had to know that Lin Wei was someone who would find it troublesome to even exchange three sentences with Xue Ying back then.

He had already said so, yet Ye Ling still said that she wanted to go home. Lin Wei’s brows tightened. He was silent for two seconds before saying, “Do you believe that I will rape you?”

These words were quite straightforward. They were straight and did not contain any indirect elements.

When Ye Ling heard Ling Wei’s words, her body trembled slightly. She pursed her red lips, grabbed the straw hat in front of her abdomen, and did not dare to speak again.

Seriously, she was afraid of every minute and every second she spent with him.

But Ye Ling did not know that Ling Wei always kept his word.

Later, Ye Ling did not say anything. When they were about to return to the hotel, Ling Wei stopped the car and took her down to the lavender field to play.

Sure enough, Ye Ling, who had forgotten his existence, had a great time. She even waved at the farmer uncle who was weeding in the lavender field and greeted him.

It had been a long time since ye Ling had been so happy. She ran in the lavender field and would interact with linwei from time to time. That happy look made Linwei's heart pound, the string in his heart was pulled by Ye Ling.

He was tired from playing during the day. When he returned to the hotel at night, Ye Ling took a hot shower and lay on the bed.

Ling Wei and Ye Ling slept in the same room.

This was Ling Wei's request. Fortunately, Ling Wei did not sleep on the bed. Ling Wei always slept on the sofa while Ye Ling slept on the bed.

Ye Ling did not know if it was because Ling Wei said 'believe it or not, I'll rape you'during the day, but she did not feel anything wrong at first. Now, she was very uncomfortable.

After taking a shower, Ye Ling lay on the bed. She did not even dare to change into her pajamas tonight. She continued to wear the clothes she had worn during the day and curled up under the blanket.

After Ling Wei came out of the shower, Ye Ling sneaked a glance and then curled back under her blanket.

Ling Wei naturally saw this scene, but Ling Wei did not say anything.

Ye Ling turned her body and turned her back to Ling Wei. She was afraid that Ling Wei would really treat her as he had said during the day, so she quickly closed her eyes and tried her best to calm herself down and fall asleep quickly.

However, just as ye Ling closed her eyes, she felt the quilt on her back being lifted.

Ling Wei grabbed her out of the quilt almost at the same time.

"You... What are you doing? I want to sleep."Ye Ling hugged the quilt and refused to let go.

"Do you still remember?"Ling Wei was still reluctant to say anything.

"Wh-what?"Ye Ling closed her eyes and did not dare to move.

She could even feel his breath spraying in front of her.

However, in the next second, Ling Wei grabbed ye Ling's wrist, causing ye Ling, who was pretending to sleep with her eyes closed, to open her eyes and wake up in shock.

"I wasn't joking during the day."As he spoke, Ling Wei grabbed ye Ling's wrist and leaned against ye Ling's body...

He was already twenty-five years old. Even Adam had a child, so he could not fall behind.

...

In the divine spring, Si Yi kept asking for cloud notes again and again, and she felt that her limbs were weak.

She had just entered the divine spring, and she already felt that 365 days had passed. If she really stayed in the divine spring for 666 days...

"Little note, what are you thinking about?" Si Yi wrapped his arms around her soft black hair and asked.

The black hair that cloud notes used to tie up was now scattered on her beautiful shoulders.

Her long black hair fluttered in the wind, giving off a different kind of beauty.

No matter how she looked at it, it looked very alluring. Si Yi decided to play with her black hair.

"Are you really going to stay here for 666 days?" Yun Jian asked.

"Yes," Si Yi replied and then said, "Don't you like it, Xiao Jian?"

"I. . ." Yun Jian had yet to speak when Si Yi stopped her from kissing him.

After kissing him, Si Yi let go of Yun Jian's beautiful lips. He was very close to Yun Jian. Under the divine spring, he lifted her leg and continued what had happened:

"Xiao Jian, give me a child..."

Chapter 1946: you're on the bed, come and sleep

As he spoke, Si Yi pressed the cloud paper to a large rock beside the divine spring...

In broad daylight, the room was beautiful.

A second before the cloud paper faded, he thought to himself, is this considered...

Dual cultivation?

...

On the other side, Ling Wei ultimately did not make a move on Ye Ling. He was frightened to the point of trembling by the thin and frail body of ye Ling who had forcefully taken off her clothes.

Ling Wei's heart softened.

One had to know that Ling Wei had never cared about other people's feelings in the past. What he wanted, he would never beat around the bush.

But in the end, when he saw ye Ling shrink into a ball, Ling Wei stopped his movements. He sat by the bed, his slender legs half-resting on the bed, giving off a different kind of handsome feeling.

Ling Wei's looks were not bad, but he had a calm personality and did not speak much. He had a face with a capital "If you dare to come near me, I will kill you" written on it, causing many people who saw Ling Wei's appearance to keep a thousand miles away.

It was also because of this that those promiscuous women did not dare to come near him.

Now that Ling Wei was twenty-five, he did not even see the shadow of a child.

Ye Ling admitted that Ling Wei was the person who treated her the best after she entered the hunting school, but she was not generous enough to give him a child just because he treated her well.

At least not now...

Seeing ye Ling's appearance, Ling Wei stood up and walked towards the sofa without saying anything.

The sofa in the hotel was very hard. After sleeping on it for a night, he was sure that he would sleep on it the next day.

Ye Ling also knew that the reason why Ling Wei slept in the same room with her was not to take advantage of her, but to protect her.

Ling Wei was one of the four leaders of the dark soul organization. Even if he was out traveling, there were many people who wanted to assassinate him by any means possible.

And she, who was traveling with him, would naturally become another target for that group of people to kill.

The hunting school was completely different from the outside world. Ye Ling might be able to kill a lion, but when faced with the ever-changing humans and powerful figures from all walks of life, her strength was not enough.

This could also be seen how difficult it was for Yun Zhi to survive in this world that was filled with bloodshed. In a world that was filled with elites and powerhouses, stepping on corpses and becoming the top of the world was.

This was also one of the important reasons why the god of shakedown, a god of shakedown, terrified all the big shots in the world!

Returning to reality, Ling Wei forced himself to sleep in the same room as Ye Ling in order to protect her.

Ling Wei had indeed taken off her clothes just now and wanted to force her.

Ling Wei had always been a man of his word, but he had stopped just now and did not force her.

This made ye Ling have an indescribable feeling.

Seeing Ling Wei walk towards the sofa, Ye Ling also knew that the sofa was very hard and it was uncomfortable for people to sleep on it.

She pursed her red lips and suddenly said to Ling Wei, "You can sleep on the bed."

After saying that, Ling Wei turned around and glanced at her.

Ye Ling shrank back when she was looked at. She said, "This bed is quite big. I didn't mean anything by it. It's just that it's not comfortable for you to sleep on the sofa..."

Before ye Ling could finish speaking, Ling Wei lifted the blanket and crawled in.

“Wait... wait, I haven’t put on my clothes yet...”Ye Ling had not even put on the clothes that he had been forced to take off just now. She tightened her grip on the blanket on her body.

“Sleep.”Unexpectedly, Ling Wei only uttered these two words before he closed his eyes.

After Ling Wei slept in, he covered half of the blanket. At this moment, Ye Ling was also embarrassed to put on her clothes. Otherwise, she would definitely be naked.

In the end, her eyes were wide open, but she did not know when she closed them.

The night was long.

...

Yun Jian and Si Yi stayed in the divine spring for 666 days, not a day less.

And November passed very quickly. In the middle of December, Ling Wei also brought Ye Ling back to the hunting school.

After traveling for a month, Ye Ling was generally very happy.

Of course, what made Ye Ling even happier was that Linwei promised to bring her home after the hunting school event was over.

Ye Ling had been separated from her parents since she was young. In the past, she was a Missy who was unruly and willful.

When she heard that Linwei wanted to bring her home, Ye Ling was so excited that words could not describe it.

At this time, after a month of living in the wild, Linwei and Jamil also discovered that Yun Jian and Si Yi were missing...

Chapter 1947: Yun Jian Si Yi was declared missing

Hunting School, within the base.

The people who had participated in the wilderness survival activities with Yun Jian had all been brought back to the hunting school base.

Although some of the people who had returned from the wilderness survival activities had been seriously injured, they had all returned alive. There were no casualties.

Except...

Yun Jian and Si Yi had not returned.

At this moment, in front of the hunting school base, many special forces soldiers from all over the world had gathered here. A few of them had been attacked by wild beasts during the survival activities in the wild and had sustained serious injuries.

But even so, these people had only bandaged their wounds before returning to the group.

As for the rule of the hunting school that 'students who interrupt training for 48 hours, regardless of the reason, will be deemed to have voluntarily given up', everyone did not dare to violate it.

At this moment, Miguel stood in the crowd and counted carefully. He did not find the figure of Yun Jian. He frowned and asked, "Where's sixteen? Why isn't she back?"

"Reporting to the chief instructor, our people have searched the entire forest, but they did not find any traces of sixteen and that man. Wild beasts are running rampant in the forest. Could they be..."

The registration officer standing next to Jamie said to him.

As he spoke, the registration officer paused for two seconds.

"Impossible! 16, how is it possible..."

How could she have been eaten by a wild beast? She was such a powerful person. Moreover, she was the daughter of instructor GE Junjian...

Before the registration officer could finish his sentence, Chen Yang, who had come to the hunting school with Yun Jian, spoke. As he spoke, the sound became softer and softer until it disappeared.

It was true that they had not found anyone in the forest, but 16 was so powerful, how could she have been killed in the forest! ?

"We didn't believe it at first, but we found human bones in the forest..."the registration officer was silent for a long time before he reluctantly said these words.

"No, impossible! That's definitely not her!"Chen Yang and Ding Jianlin came from Z country together with Yun Jian. Yun Jian was young, so they felt that they should take care of some aspects.

Chen Yang and Ding Jianlin were very outstanding soldiers. Yun Jian was strong, and they had always been proud of Yun Jian.

But now, the registration staff actually said that Yun Jian had already...

"For the time being, we won't record the casualties. If they don't come back after a year... then we can only treat it as an accidental death."Jamil frowned and interrupted Chen Yang and Ding Jianlin's words.

Standing at the side, Ling Wei did not say anything from the beginning to the end. He only frowned slightly and seemed to be deep in thought.

It looked more like he already knew the whereabouts of Yun Jian and Si Yi, and was just worried that the two of them might encounter a threat from the mysterious person.

After Jamil finished speaking, he announced that the scene was over.

Although it was a pity that Yun Jian had disappeared and the hunting school had lost a talent, for a person like Jamil who was used to seeing life and death, he did not find it unacceptable.

After Jamil left, mcdan, who had always been hostile towards Yun Jian, laughed loudly at Chen Yang and Ding Jianlin:

“I told you, you Z people are weak! Do you really think that 16 can lead you to a new height? PFFT! Dream On! You guys better wash up and scram back! Otherwise, the next ones to die will be the two of you!”

As he spoke, Meidan laughed and left.

It was a great joy! 16 that guy actually died! Hahaha!

...

A few days had passed since Jamil and the others discovered that Yun Jian had disappeared.

On the night of December 31st, 1999, Qin Yirou, who did not know that Yun Jian and Si Yi had disappeared at the hunting school, cooked an entire table of dishes.

She had brought out the largest round table in her house, but there was not enough food to go around.

Qin Yirou’s recent good cooking skills had made Yun Yi Fatter.

Of course, Yun Yi’s tall and thin figure had gained a little weight from eating, making his body look even more manly and charming.

At that moment, Lan Su, who was pregnant, and Yun Yi had already confessed to Qin Yirou that they were dating Qing glaze, as well as the lonely Gu Nian, who was sitting at the Round Table.

Xiao Yun Zhu and Duan Li and Duan ya were also sitting around the round table, holding their bowls and chopsticks as they waited for their meal.

By the time Luo Mei and Si Luo arrived, the dishes were basically all served. Adam, Xue Ying, and Mo Sen were all served.

Apart from Yun Jian and Si Yi, there was also Ling Wei. Tonight’s feast, which spanned from 1999 to 2000, could be considered to be a perfect reunion.

“Leng Mei will come over later. Nian, we have to play mahjong with Leng Mei for three days and three nights!”Qing Yan touched her hands and said excitedly like a man.

The thought of playing mahjong made her excited. She had to win against Leng Mei this time!

“What Mahjong are you playing? You are not allowed to play tonight.”Yun Yi gently knocked on Qing Yan’s head, his handsome arc rising.

Tonight, he was going to take her out to watch the fireworks.

“No, I want to play!”Qing glaze immediately pouted, expressing her dissatisfaction.

When Yun Yi saw this, he suddenly moved closer to Qing glaze’s ear and said something that only two people could hear.

When Qing glaze heard this, her ears instantly turned red. She hurriedly changed her words. “Then, then I won’t play.”

He actually said such shy words to her —

Chapter 1948: I will marry her soon

Yun Yi leaned over and whispered in her ear,

“If you dare to leave me to play mahjong again, I will make you unable to close your legs at night.”

How dare he say such words!

Those who didn't know would think that the two of them were really...

“Little Yi, what are you talking to little glaze?” When Qin Yirou brought out the last dish, she happened to see Yun Yi leaning over Qing glaze's ear and muttering something. Qing glaze's face instantly turned red.

Qin Yirou asked out of curiosity.

“Mom, she just said she likes me,” Yun Yi said shamelessly to Qin Yirou as he hugged Qing Yan's slender waist.

Qing Yan's face turned even redder.

He had said she liked him in front of so many people.

Qing Yan reached out and pinched Yun Yi's waist hard, pouting.

“Strange, why isn't Leng Mei Here Yet?” Gu Nianzhi looked at the pairs of people around her. She took a bite of the meat with her chopsticks and bit down hard on her lower abdomen, complaining.

“He should be here soon,” Qing Yan replied to Gu Nianzhi.

...

She had no idea that Leng Mei was being held down by her leader in the Longmen City Hotel, doing some unspeakable exercise.

Leng Mei was being held down by Di Lin in the bathtub in the toilet.

“Ha... leader, leader, no, I can't... We still have to go to sister Jian's house to have an intergenerational dinner...”

After one round, Di Lin turned Leng mei over and said, “One more time and I'll bring you there.”

As he said that, he continued to exercise...

...

When Leng Mei and Di Lin arrived at Ge Jun's house, everyone had already started to eat dinner.

The house was noisy the whole night. Everyone was noisy until twelve in the morning. Even Little Yun Zhu, Duan Li, and Duan Ya, who usually went to bed early, went to bed very late.

At twelve o'clock, people around them started to set off fireworks.

Qin Yirou's house was also prepared to set off fireworks, so everyone ran to the door to set off fireworks.

"If young master, Young Madam, and Linwei were here, everyone would be here!" Adam scratched his head at this time, and a hand carefully held Lan Su's belly, which was already beginning to protrude.

"Yes." Lan Su leaned against Adam's side, pursed her lips, and smiled.

...

This year's New Year's Eve party was different from the past. This year's New Year's Eve party not only spanned the new year, but also spanned a century.

Of course, after the new year passed, everything returned to normal.

After bidding farewell to 1999, the year 2000 officially began.

On the 254th day of Yun Jian and Si Yi's stay in the divine spring, which was August 2nd, 2000, Lan Su and Adam's child were born.

On the day of Lan Su's birth, Adam was anxious and paced around the operating room for a long time. In the end, it was Qin Yiruo who asked someone to pull Adam away before Lan Su was successfully delivered.

It was a boy, very cute.

Adam named his son Zhou Yiran.

Zhou was the surname that Adam and Morson used before they used code names.

Adam did not intend to involve his son in his own world, so he used his and Morson's original surnames.

Zhou.

...

On November 18, 2000, the hunting school ended a year of training for its students.

Of the thirty or so special forces soldiers who had entered the hunting school with Yun Jian, only six of them had successfully graduated from the hunting school.

Among these six people, Chen Yang and Ding Jianlin, who represented country Z, had overcome all sorts of difficulties. They had not even given up when their lives were hanging by a thread. In the end, they had become one of the six people who had successfully graduated from the hunting school.

Chen Yang and Ding Jianlin were undoubtedly the pride and pride of the Chinese people!

However, what made Chen Yang and Ding Jianlin Despair was that after this year, other than the remains left after being bitten by wild beasts, there was no trace of the cloud paper.

It was as if she had never existed in this world.

Regarding this, Lin Wei did not make too much of a statement.

After the members of the hunting school finished their training, Lin Wei brought Ye Ling back to Country Z.

Ye Ling's parents were also from country Z, and they were also wealthy people from the city district of Country Z, with a net worth of over a million yuan.

A net worth of over a million yuan. This was when Ye Ling was nine years old, just in the early 1990s. At that time, her net worth was equivalent to several billion yuan now. She could be considered a super wealthy tycoon.

However, since Ye Ling had been separated, she had not returned for more than ten years.

Walking on the familiar street, Ye Ling could not believe her eyes.

She... ? ... had she really left the hunting school and come back?

At that moment, Ye Ling knocked on the familiar yet unfamiliar door.

"Who is it?" A sound came from inside the house. Soon, someone came to open the door.

The door was opened. What entered her eyes was a middle-aged woman in her forties. Although she was dressed luxuriously, the knot in her heart over the years made her look much older than her actual age.

When she saw Ye Ling, the woman was stunned. She did not recognize her at first sight. "You are?"

"Mom..." Ye Ling called out carefully.

When she said this, the woman was shocked. When she came to her senses, she looked at Ye Ling in horror. "Ling... Ling Ling? It's Ling Ling? It's My Ling Ling? It's My Ling Ling that's Back! ?"

The woman's hands trembled violently. She held Ye Ling in her arms in disbelief.

When both of them had calmed down, the woman was still trembling all over.

When they had calmed down, the woman tilted her head and glanced at Lin Wei. Then, she asked, "You Are..."

"She promised to give birth to my child, so I brought her back to find her parents. You can understand that I'm her man because I'll marry her soon."

Chapter 1949: Lin Wei became a human trafficker

One had to admit that Lin Wei's words were very straightforward. They were straight and did not bend or bend at all.

The truth was what he said and what should be said.

Other than saying more than before, the indifference on Lin Wei's face that shot out from the bottom of his heart had not changed from the beginning to the end.

Over the past year, Ye Ling had been with Ling Wei. Ever since that time, Ling Wei had not forced Ye Ling to come back.

However, this time, Ling Wei was willing to bring ye Ling back. Although it had been agreed upon from the start, Ling Wei was able to bring Ye Ling back in the end because ye Ling had promised him to give birth to his child.

However, the prerequisite for ye Ling's promise was that he must not treat her as a tool to give birth to his child.

However, Ye Ling did not expect that Ling Wei would say such a thing in front of her mother!

Ye Ling's expression changed slightly. She turned her head to look at her mother, Ji Qinqin, in a daze.

Ji Qinqin had just found her daughter, who had been missing for many years. She held ye Ling's hand in excitement and could not come back to her senses for a long time. In the next second, she suddenly heard Ling Wei say this. Ji Qinqin's expression changed abruptly.

"You said you want my daughter to give birth to your child?" Ji Qinqin looked Ling Wei up and down, then stared at her own eyes and asked Ling Wei in disbelief.

"Yes." Ling Wei did not realize what he had said wrong and replied.

Although he could not give her love, he would not steal a woman other than love. He would give her all his savings as long as she stayed by his side peacefully and did not think about others.

Sex without love.

Moreover, she had been with him for a year. There should be no reason for her to reject him.

Reality proved that Ling Wei's straightforwardness was not likable.

After hearing Ling Wei's words, Ji Qinqin rolled her eyes and shouted into her house, "Hubby! Hubby, come out for a moment!"

"Mom, is Dad at Home Too?" Ye Ling was held by Ji Qinqin's hand. Hearing Ji Qinqin shout into the house twice, she was both excited and a little scared.

Ye Ling still remembered when she was young. Although her father was strict with her, just like her mother, his father doted on her to the core.

But at that time, she didn't understand. She made a fuss every day, played with the temper of a rich young lady, and made her parents angry.

After she was captured into the hunting school, she didn't have anyone to rely on anymore. Only then did she remember how good her parents were.

She was afraid to see her father because she was afraid that her father would blame her for running away and getting separated.

However, missing him took up a large part of her emotions. Thus, when she thought of Ye Ling, she felt a lump in her throat. She had always been tenacious and did not want her parents to see her crying. She could not help but cry.

“Lingling, don’t be afraid. We’re home. Ah, Mom and Dad Will Protect You!”! Mom has been looking for you for ten years. She searched the whole world but couldn’t find you. Later, she didn’t dare to look for you anymore. She was afraid that Lingling would cry if she didn’t find mom when she went home. Mom will protect you, ah... ..

Ji Qinqin pulled ye Ling to her side and glared at Ling Wei as if she was looking at a human trafficker.

Not long after, a thin and lean man walked out.

The man’s cheeks were deeply sunken. It could be seen that ever since ye Ling was lost, he had never had a good rest. He looked for her everywhere and became thinner day by day.

And the truth was the same. This man was ye Ling’s father, Ye Datong.

Ye Datong was born in the countryside. Later on, he and Ji Qinqin started a company from scratch and became a millionaire in the 1990s!

Later on, Ye Ling was lost. Ye Datong was almost dispirited. The company that had a good future gradually began to decline.

This was because ye Datong was not in the mood to manage the company. He had been focusing on finding his daughter.

The moment Ji Qinqin called ye Datong out, Ye Datong saw ye Ling and was stunned for a moment.

Although ye Ling’s appearance was different from when she was young, a person’s appearance and charm after growing up were all inherited from when she was young.

Of course, people who had plastic surgery did not count.

“Ling... Ling Ling? It’s Ling Ling! ?”Ye Datong seemed to have caught onto something that had brought him back from the brink of death, and he was so shocked that he instantly shouted out loud.

It was the same, exactly the same as his daughter when he was young! It was his Ling Ling!

“Hubby, quickly bring over the mop over there. This person actually wants our Ling Ling to give birth to her child! He even said that our Ling Ling promised to give birth to his child before he sent Ling Ling back!

“He must be a human trafficker!”

Right at this moment, Ji Qinqin pointed at Linwei and shouted at Ye Datong in front of Ye Ling.

“What! You actually dare to kidnap my daughter...”ye Datong picked up the dirty mop beside him without saying a word and swung it towards Linwei’s handsome face and that slender body...

Chapter 1950: Lin Wei said that she had to marry him

Seeing her father throw a dirty mop at Lin Wei's slender figure, ye ling was so shocked that she almost covered her mouth. She was about to step forward to stop him, but was pulled back by Ji Qinqin:

"Ling Ling, don't be afraid! Mom and Dad Will Protect You! You're home now, and you're safe. Mom and Dad will protect you. No matter what treatment you received previously, you're still mom and Dad's child."

As she spoke, Ji Qinqin cried.

This man actually wanted her daughter to give birth to his child!

Her lingling had been away from home for eleven years, and she was only twenty years old now. What kind of inhuman treatment had she received before? !

She had just found her daughter, and this man actually wanted her daughter to give birth to his child?

He didn't treat Lingling like a human!

After Ji Qinqin heard Ling Wei's words, she blamed herself even more for not protecting ye Ling properly. Like a hen protecting a chick, she protected ye Ling behind her and glared at Ling Wei like a wolf or a leopard.

At this moment, Ye Datong's dirty mop had already been thrown at Ling Wei...

Oh My God! Ye Ling screamed in her heart. She did not even dare to look at what happened next.

He would not... make a move on her father, would he?

If he dared to make a move on her father, she swore that she would never look at him again for the rest of her life!

However, Ling Wei saw Ye Ling's anxious eyes the moment ye Datong's dirty mop was thrown over. Ling Wei, who had originally planned to make a move, suddenly stopped at that moment, he only moved his body slightly to the side.

The Dirty Mop was thrown over, and the dirty water on the ground was lifted up with a flick of his sleeve. Ye Datong's mop did not hit Lin Wei's body.

However, the dirty water that was splashed after the mop was thrown over spun in an arc in the air. In the next second...

With a splat, the mop did not hit Lin Wei's body, but the dirty water that was thrown out by the mop flew straight up and splashed onto Lin Wei's handsome face.

Ye Ling could clearly see the veins on Ling Wei's forehead twitching.

After living with Ling Wei for about a year, Ye Ling knew that although Ling Wei did not have any serious germaphobia, anyone would probably be unhappy if the water from the dirty mop that was used to mop the floor hit his face?

"Dad! Mom! He is not a human trafficker. If not for him, I might not even be able to come back and look for you..."

At this moment, Ye Ling stood behind Ji Qinqin and said loudly to Ji Qinqin and ye Datong.

“What? He’s not a human trafficker?” Ji Qinqin and ye Datong were stunned.

“Lingling, Tell Mom the truth. He... is really not a human trafficker? Lingling, don’t be afraid. If he’s a human trafficker, mom will send him to the police station right now to spend the rest of his life in prison!”

Ji Qinqin still looked at linwei defensively.

In the end, it was only after Ye Ling tried her best to explain that Ji Qinqin and ye Datong finally let down their guard against linwei.

In the Ye family’s large living room.

Ye Ling was pouring a basin of water on his face and was carefully wiping the dirty mop water on his face.

Ye Ling had a pair of naturally beautiful and beautiful sky-blue eyes. She was focused on wiping the dirty mop water on Linwei’s face and her face was full of caution.

Ling Wei did not say anything. He just stared at her, watching her carefully wiping the dirty water on his face.

That pair of sky-blue eyes blinked up and down with those long and narrow eyelashes. Ling Wei could not help but swallow his throat, his heart beating rapidly.

Ling Wei quickly moved his eyes away.

“I’m sorry, it’s our husband and wife who wronged you. Our Ling Ling was separated at that time, and we almost had a mental breakdown. Ling Ling is our life!” Ji Qinqin held a cup of hot water and placed it in front of Ling Wei.

“Okay.” Ling Wei replied.

After that, Ling Wei reached out to pick up the hot water.

“Be careful, it’s Hot!” Seeing Ling Wei pick up the hot water and prepare to lower his stomach, Ji Qinqin warned him.

However, what Ji Qinqin did not expect was that Ling Wei held the hot water and went straight to his stomach without even frowning.

After drinking the tea, Ling Wei turned his head to look at Ye Ling and said to Ji Qinqin, “She, I must marry her!”
