

Schoolgirl 1961

Chapter 1961: had just entered the university and was showing her talent

So arrogant!

This freshman was so arrogant!

Did she know what she was talking about? !

When everyone present heard Yun Jian's words, their expressions changed.

Especially the guy who had shouted that he wanted to recruit Yun Jian into his martial arts club. The corner of his mouth twitched violently and his expression changed drastically.

Of course, the surrounding people's expressions only changed and they did not say anything.

At this moment, a third-year senior in the martial arts club could not stand Yun Jian's words. This senior had always disliked Yun Jian, and after hearing Yun Jian's words, she even sneered at Yun Jian in an aggressive manner:

"Do you know what you're saying? You're just a freshman, and you actually want to snatch the position of President of Our Martial Arts Club? What kind of powerful figure do you think you are?"

"The President of our martial arts club is a black belt in taekwondo with a ninth-stage black belt. Judo and Sanda have both won first-class prizes in Zhejiang province's provincial competitions! Martial arts are also taught by famous teachers and have reached the peak of perfection."

"And you, you're just a freshman. What right do you have to stand here and talk nonsense about wanting the position of President of our Martial Arts Club!""

"Newbie, let me tell you. Don't think that you can ascend to the heavens just because you have a few good looks. Be careful, or I'll find someone to kill you!"

This senior's name was Cai Huiling. She was a third-year student. She had joined the martial arts club because of the club's president.

Everyone knew that the martial arts club's president, Mo Bufan, was handsome and possessed an extremely strong martial arts standard. He was also a black belt 9-dan expert in taekwondo. He had also learned judo and Sanda, and had won first-class prizes at the provincial level!

Moreover, Mo Bufan's family background was not bad.

Such a man was simply the ideal target in the hearts of all the girls!

The reason why there were many girls who signed up for the martial arts club was because Mo Bufan was there. Cai Huiling had been in the martial arts club since the beginning. Her target was naturally Mo Bufan.

Initially, she saw that the other boy named Zhou Juntao was trying his best to pull Yun Jian into the martial arts club. Seeing that Yun Jian was so beautiful, Cai Huiling was unwilling.

What if Yun Jian entered the club and snatched the president of their martial arts club?

Now that she heard Yun Jian say something like that, Cai Huiling directly threatened Yun Jian with her ability to get to know a few good friends in society.

If it was said that young girls who were more hooligans liked to use the fact that they knew some hooligans in society and felt that it was great to have a backer.

Then in university, this kind of girl would carry this style to its peak.

Moreover, in school, the girls' knowledge was not broad. For example, Cai Huiling, they always thought that the more social brothers they knew, the more sense of accomplishment they would have when standing with other girls.

After Cai Huiling said this, she was originally waiting to see the cloud paper and quickly apologize to herself.

At this moment, Cai Huiling saw Zhu Huili, who was standing beside the cloud paper, pull the corner of the cloud paper's clothes and secretly said to the cloud paper,

"Cloud paper, let's not talk anymore. I heard that this third-year senior has a relationship with someone outside. When that time comes, it will be over if she finds trouble with you."

Zhu Huili was also kind-hearted. She was afraid that cloud paper would get into trouble.

In University, people who did not have absolute abilities were better off keeping a low profile.

When Cai Huiling heard Zhu Huili's words, she sneered and then stood in front of Zhu Huili. She reached out and pushed Zhu Huili fiercely.

Zhu Huili's body was originally round. After being pushed by Cai Huiling, her entire body rolled on the ground. She raised her hand in a sorry state and covered her abdomen. She was in so much pain that she could not help herself.

"Hahaha!" When the surrounding people saw that Zhu Huili was pushed by Cai Huiling without any defense, they all laughed out loud.

No one thought of supporting Zhu Huili.

This was a world that looked at faces. Zhu Huili didn't look good, and her body was round. She could only be treated as a joke.

"She's already fat like a ball! How F * CKING disgusting! Why would such a disgusting person come to our school to study?!"

A boy pointed at Zhu Huili, who was rolling on the ground after being pushed by Cai Huiling, and mocked her loudly.

"That's right!"

"How F * CKING disgusting! I'm going to throw up!"

...

The people around were afraid that the matter wouldn't blow up enough, so they all started shouting.

Originally, this matter had nothing to do with Zhu Huili, but now, everyone present treated Zhu Huili as a joke, mocking and ridiculing her.

Zhu Huili, who had been thrown to the ground, seemed to have gotten used to this kind of life. She climbed up from the ground in a sorry state and wiped her face, which had been scraped when Cai Huiling pushed her to the ground.

Seeing that everyone around her was amused by her action of pushing Zhu Huili, Cai Huiling felt a sense of accomplishment.

However, just as Cai Huiling turned to look at Yun Jian, hoping to see fear and fear on his face.

Yun Jian had already held Zhu Huili's hand. She walked to Cai Huiling in two or three steps and kicked Cai Huiling to the ground in front of everyone.

When the people around saw this, their mocking expressions instantly stiffened.

This was not enough. After Yun Jian kicked Cai Huiling to the ground, he stepped on her abdomen. The cold words were thrown out and reached Cai Huiling's ears in front of everyone. There was no joy or sorrow in his voice, but it could make people tremble in fear:

"Apologize."

Chapter 1962: Return Humanity to humanity

The voice of the Yun Jian was flat and flat, as if it was not a person but an ant that was stepping on her feet.

Being stepped on by the Yun Jian, Cai Huiling struggled desperately but to no avail. She began to roar at the Yun Jian like a crazy woman:

"Who do you think you are! Get lost! Get lost! Otherwise, I will make you regret living in this world! ! !"

Being stepped on by Yun Jian in front of so many classmates, especially in front of so many boys, Cai Huiling was on the verge of breaking down.

Girls like Cai Huiling were very arrogant in front of girls, but in front of boys, she especially liked to put on airs to protect her face.

And today, Yun Jian stepped on her in front of so many people. Cai Huiling felt that her dignity had been severely suppressed. At this moment, she wished she could stab Yun Jian to death.

The surrounding people were all shocked by Yun Jian's actions.

Especially Zhou Juntao, who had stopped Yun Jian at the beginning and wanted to pull Yun Jian into his martial arts club.

This girl actually had such swift and decisive skills!

“You, you actually dared to hit sister Huiling! And you even dared to make sister Huiling apologize! Do you know who sister Huiling is! She is...”

Standing not far away was a girl who was quite afraid of Yun Jian, but it was obviously Cai Huiling’s little sidekick. She shouted at Yun Jian.

However, before she could finish her words, Yun Jian interrupted her. His cold voice resounded throughout the entire place:

“Not only her, I want all of you who mocked her to apologize!”

She was naturally referring to Zhu Huili.

When Zhu Huili was pushed to the ground just now, the first reaction of the people around her was not to help her up, but to ridicule and ridicule her.

In this world, did ugly people deserve to suffer like this?

“Are you crazy! You actually want us to apologize to this fat woman! ?”When a boy heard Yun Jian’s words, he pointed at Zhu Huili in disbelief and said.

“That’s right, why should we apologize! She was so ugly in front of US just now! She made us unable to eat dinner today. The one who should apologize should be this fat woman!”

“That’s right!”

Two boys who played well with CAI Huiling in the martial arts club agreed.

Although Yun Jian was pretty, these boys were familiar with CAI huiling. When they saw Yun Jian stepping on Cai Huiling, they did not dare to come forward to pull her away. However, they naturally had to help Cai Huiling.

However, just as these two guys finished speaking, Yun Jian, who was stepping on Cai Huiling’s abdomen, looked at them from the corner of his eyes. He looked at them with her sharp eyes and sneered, “Do you want to know why you are the ones apologizing?”

Being stared at by Yun Jian’s pretty face, these two guys could not help but nod.

“What are you talking about? Hurry up and help me pull her away!”Cai huiling shouted at this time.

However, as soon as cai huiling shouted, a butterfly knife that had appeared out of nowhere fell from Yun Jian’s hand. It cut across Cai Huiling’s cheek without any deviation and stabbed into the ground.

At that time, the blade of the butterfly knife was already in front of Cai Huiling.

Cai Huiling was so frightened by this scene that she cried out on the spot.

At the same time, Yun Jian let go of her foot that was stepping on Cai Huiling. Her figure flashed in an instant, and under the speed that everyone could clearly see, she kicked the two boys who had resisted just now onto the ground.

Yun Jian did not use an extremely astonishing skill, but even so, it still gave everyone present a fierce shock.

“Damn, so powerful!” Even Zhou Juntao, who was a member of the martial arts club, could not help but cry out in surprise.

By the time everyone reacted, the two boys who had just refuted Yun Jian had already flown three meters away.

Everyone was terrified!

However, they did not know that this was the result of Yun Jian showing mercy!

Just when everyone was shocked by Yun Jian’s terrifying skills, they heard Yun Jian’s cold and indifferent words. After the surrounding students heard it, their sharp eyes trembled violently:

“Just based on the fact that you’re here, you’re also scum who have no way of fighting back! So, apologize to me!”

Chapter 1963: university life officially began

In the hands of this group of people, Zhu Huili was considered to have no strength to fight back.

Therefore, when Zhu Huili was pushed to the ground, not only did no one sympathize with her, this group of people even laughed at her and ridiculed her.

And Yun Jian returned the favor. Zhu Huili was not as good as them. When they mocked Zhu Huili, she let this group of people experience the feeling of being bullied even when they were not as good as them.

Seeing that Yun Jian did not hesitate to provoke these people who had been in the underworld for her, Zhu Huili was so grateful that she did not know how to describe it.

No one had treated her so well. Even her parents despised her.

Before this, no one was willing to play with her. It was already a blessing for Zhu Huili to have a friend like Yun Jian.

However, Zhu Huili did not expect Yun Jian to do this for her. At this moment, she could not describe her feelings with words.

“This girl must be a martial artist!”

The two boys who were kicked to the ground by Yun Jian could not even stand up. They were also members of the martial arts club, but they could not even withstand a single move from Yun Jian.

At this moment, after they stood up, their expressions changed when they looked at Yun Jian.

“I apologize! I apologize! It’s My Fault!”

One of the boys stood up and took the lead to apologize to Yun Jian.

When the people who had mocked Zhu Huili saw this, they also began to apologize.

Undoubtedly, Yun Jian’s move had scared them!

After hearing that the group of people who had mocked Zhu Huili had apologized, Yun Jian couldn't be bothered with them anymore. She waved at Zhu Huili and walked towards the cafeteria.

She was hungry, it was time to eat.

"Classmate, you're so skilled, please join the martial arts club!"

Zhou Juntao originally wanted to tease Yun Jian to join the martial arts club. Now that he saw Yun Jian's skill, he looked in the direction where Yun Jian had gone and shouted sincerely.

However, he only saw Yun Jian disappear in front of everyone's eyes in a short while.

The curriculum of a university was different from that of a middle school or high school. The location of university classes could change at any time. Moreover, there were at most two classes in a day. As long as one arrived at the classroom before class, it would be fine.

Moreover, before class, the teacher would call out the names of the students. The students who arrived at the classroom had to shout 'come'. Of course, if the teacher was confused, he could ask a friend to call for him. The teacher would not be able to discover it.

Because the university did not have a fixed classroom, the dormitory was the place where the students stayed the longest.

Therefore, once Yun Jian arrived at the university, the first place he went was the dormitory.

It was already dinner time. After Yun Jian and Zhu Huili had dinner in the cafeteria, it was already six o'clock.

Today was September 18th. After Yun Jian returned to Longmen City, he stayed in Longmen city for nearly three days before he came to the university.

The weather in September was still sultry. At this time, it was not particularly dark at six o'clock in the evening.

"Shall we go to the self-study room to practice computer operations?" Zhu Huili suggested.

"Yes." Hearing this, Yun Jian nodded.

There were many self-study rooms at Jiangcheng University of electronic technology. In addition to the ordinary self-study rooms, many self-study rooms were equipped with computers.

After all, in Jiangcheng University of electronic technology, just from the name of the school, it could be heard that most of the students studying here were computer science majors.

Yun Jian and Zhu Huili were both computer science majors.

Therefore, coming from the self-study room, Zhu Huili wanted to practice how to operate a computer.

Chapter 1964: saw her and fell to the ground in shock

In this era, it was common to not have a computer at home, let alone a laptop.

Zhu Huili had just entered university and could not even operate the computer no matter how she turned it on or off.

This was not surprising. Many freshmen majoring in computer science who had just entered university had their first contact with a computer.

When Yun Jian and Zhu Huili arrived at the study room, they saw a group of people surrounding a computer table in the study room.

Yun Jian's eyes moved slightly. Suddenly, he saw two familiar figures among the group of people.

Those two familiar figures were Yun Jian's two roommates.

These two people had never greeted Yun Jian.

These two girls were called Miao Li and Xi Xiujuan respectively.

At that time, Yun Jian saw Miao Li and Xi Xiujuan following the crowd around the computer table, yelling at the girls around them.

"Brother Kai, this foreigner is amazing! This is the first time we've seen a hacker! People like us who haven't even learned how to turn the computer on and off! "It's amazing to see this foreigner's operation for the first time!"

On the other side, Miao Li was flattering a boy who didn't look good but was dressed in gold and silver. He was dressed in branded clothes and was very rich.

In the middle of a group of people, a foreigner who could speak a few sentences but couldn't pronounce it properly was operating the computer flexibly.

This was the foreigner they were talking about who knew how to hack.

Yun Jian narrowed his eyes.

"Of course, this is my father's friend! His hacking skills are top-notch! He is currently working in the technical department of Rong Yao Company, one of the top ten multinational corporations in the world. I am currently learning hacking skills from him. This level of computer operation is something that you will never be able to come into contact with in your entire life!"

The boy who was called brother Kai spoke very arrogantly.

Immediately, a girl echoed brother Kai's words.

"Wow, he's really amazing!"

"As expected of brother Kai, he's really amazing!"

The foreigner who was operating the computer also looked rather smug.

Yun Jian found this person more and more familiar.

When Yun Jian saw the foreigner's side profile clearly, his face sank and he suddenly said,

"Matthew, why are you here, Old Man?"

Yun Jian's words were suddenly heard, but in the ears of everyone present, there was a momentary daze.

Who Was Matthew?

It could be seen that everyone present did not know the name of the foreigner.

"Who are you? What are you babbling about? Can't you see that the master hacker here is showing us his hacking skills!" When a girl heard Yun Jian's words, she fiercely glared at Yun Jian.

"Who? Who is calling my name?" The foreigner said in a Chinese accent. He did not turn his head and stared at the computer.

"Open your dog eyes and see who I am. Why are you here, You Old Thing!" Yun Jian spoke again in front of everyone.

"I said, where did you come from? Are you here to ruin the scene? If you keep shouting, get lost..." the girl heard Yun Jian's words and spoke again with a displeased expression.

However, at this time, the foreigner had already turned his head.

When the foreigner saw the Yun Jian clearly, he was suddenly so scared that he slipped from his seat and fell to the ground in a sorry state.

Then, in front of everyone, the foreigner actually looked at the Yun Jian with his whole body trembling. He said to the Yun Jian in a tone that was so scared that he had lost half his life:

"Oh my God, why are you here, Great Aunt?"

Oh My God! It was not easy for him to show off his hacking skills in Z country!

Did he have to be so scary? who did he see?

He actually saw the chairman of his own company!

In this world, computer hacking skills were the best. In just a few minutes, he had broken through the armed systems of a large country. In the end, it was that large country that sent her a message requesting to cancel the attack on their system. It was unprecedented, the strongest king of hackers, SS!

Chapter 1965: was waiting to be fired

This foreigner, Matthew, really fell from his chair in front of the computer desk and sat on the ground in front of everyone.

That was not all. Matthew had even forgotten that he had sat on the ground in front of everyone when he saw the cloud paper. He was so shocked that he cried out the words just now, and his whole body trembled violently.

One had to know that in front of everyone, Matthew was like a person who stood high and mighty, standing at the top of the Pyramid of computer hacking technology.

Many people around had already become Matthew's fans, and they were still fighting to get to know Matthew.

However, when the cloud note appeared, it directly shouted at Matthew, and even called him 'Old Guy' and 'Old Thing'.

Hearing the sudden appearance of the cloud note being so disrespectful to Matthew, the girl who said that the cloud note was here to crash the party wanted to please brother Kai, so she insulted the cloud note before the other girls could.

Brother Kai had been in the study room with Matthew for quite a while, and he had also been showing off for a while. At this moment, even a fool could see that brother Kai was proud of Matthew.

Matthew was about thirty to forty years old. He was not old, but he was not young either. He had the heart of an old urchin, and even his behavior was no different from an old urchin.

Even so, Matthew's skill in operating a computer was shocking enough in front of a circle of people who did not even know when a computer was turned on or off.

This was simply an unbelievable, unbelievable thing to the people around!

Brother Kai wasn't good-looking. He was neither tall nor handsome, but he came from a wealthy family with a lot of money. Usually, he would give gold necklaces and silver jewelry to girls as toys.

That was why the girls were happy to play with brother Kai and curry favor with him.

Coincidentally, Matthew was the person brother Kai was proud of. That was why the girl had shouted and scolded the cloud note. She wanted brother Kai's praise.

If she gave her a few gold bracelets, she would make a fortune.

However, everyone present, including brother Kai himself, did not expect the cloud note to suddenly appear and call Matthew "Old guy" and "Old Thing". It even made Matthew widen his dog eyes and see who she was.

According to the thoughts of everyone present, a person as high and mighty as Matthew should have shouted at the cloud note to refute it on the spot.

However, what everyone present did not expect was that Matthew, who had become the center of attention from the very beginning and had top-notch computer hacking skills, would actually be so frightened that he directly fell from his seat to the ground after seeing the cloud note!

This, what was going on! ?

"Who are you?" Brother Kai was interested in the cloud note that suddenly appeared when he saw Matthew looking so frightened. He looked at the cloud note from the corner of his eyes and took the initiative to ask.

Brother Kai was at Jiang City University of electronic technology, which was the symbol of a money tree. Many girls wanted to get to know brother Kai, but they could not even get to know this money tree.

Today, the cloud note actually made brother Kai take the initiative to ask questions. After brother Kai's voice fell, the surrounding girls cried out in surprise.

"Oh my God, who is this girl? Brother Kai actually took the initiative to ask who the female lead is! Why haven't I seen this girl in the first two days of School?"

"And that foreigner seems to be very afraid of this girl? What on Earth is going on?"

"Could it be that the foreigner was invited by this girl to put on a show? is his goal to attract brother Kai's attention?"

The conversation of the group of girls around them was transmitted to Yun Jian's ears without missing a single word. However, Yun Jian did not pay any attention to this group of people, much less brother Kai.

At this moment, Yun Jian had already stood in front of Matthew. Using the tone of a superior scolding a subordinate, he reprimanded Matthew in public:

"Is it fun to run around the world with the salary card that was given to you? As the head of the technical department, why didn't you properly research the new defense system and come here to act cool? Are you waiting to be fired?"

Chapter 1966: who had the strength to fire her

Matthew was not only the head of the technology department of Rongyao Company, he was also one of the witch's most effective underlings.

In fact, Matthew's ability was very good. Anyone who could be recruited into the technology department of rongyao company would naturally have good computer hacking skills.

For a large company, its technology department had to set up a defense system that could not be broken into by other hackers. Otherwise, if the company's money could be easily stolen, how could it earn money?

As the head of the Technical Department of Rongyao Company, Matthew indeed had amazing strength.

Even in the hacker circle, Matthew's strength was among the best.

That was in the normal hacker circle, Matthew's strength was very strong.

But compared to Yun Jian, the gap was not ordinary.

Three years ago, Yun Jian broke into the enhanced defense system set up by Matthew and the other members of the technical department in 30 seconds, stealing 100 million US dollars from it. It also directly erased the traces of Matthew and the others tracking her through the firewall.

Matthew was leading a group of the technical department's Backbone to fight against cloud note, but he was not a match for cloud note at all, let alone Matthew alone.

At that time, when the company's defense system was broken into and 100 million US dollars was stolen, Matthew and the others were scared half to death.

Where did this person with such shocking hacking skills come from? !

Until later, the demoness found Matthew.

Matthew would never forget what the demoness said at the beginning. She said, "The 100 million USD that was stolen from the company doesn't need to be recovered anymore. It was taken by SS due to a lack of money."

It was undeniable that Matthew almost vomited blood when he heard the demoness say that.

In addition to refreshing his understanding of cloud paper skills, Matthew also deeply realized that his chairman had nothing to do and had no money to spend. Pretending to be a hacker made them panic!

Ever since then, every time Matthew saw the cloud note, he felt an indescribable fear.

"Didn't I come to Z country to look for you? I have a few questions that I want to ask you, so I came all the way here." Matthew immediately defended himself.

God, he didn't want to be fired by Rong Yao Company. One year's salary at Rong Yao Company was enough for him to travel around the world.

Matthew had just finished explaining when he was trembling from being stared at by Yun Jian. After taking a deep breath, Matthew added,

"I'm just here on the way, on the way! I didn't expect you to be here too..."

Matthew came to Z country to seek advice from Yun Jian on the better operation and layout of the new defense system. He came to Jiang City University of Electronics and technology purely to show off.

Matthew was a strong person with strong abilities. He could set up a defense system that ordinary people could not overcome, but Matthew loved to show off.

Matthew had once owed brother Kai's father a favor, so he had followed brother Kai to Jiangcheng University of electronic technology. In a nice name, he had taught brother Kai a few simple computer operation techniques.

In fact, Matthew had come with him purely to show off at Jiangcheng University of electronic technology before going to Longmen City to look for Yun Jian.

At this time in 2001, computers had not been fully popularized, and there were only a few electronic technology universities in the entire Zhejiang province.

It could be considered a coincidence that Yun Jian could meet Matthew here, but it could also be considered Matthew's bad luck.

Yun Jian did not expose Matthew's words.

However, when the surrounding people heard the conversation between Yun Jian and Matthew, they were all confused and did not react for a long time.

Especially the girl who had insulted Yun Jian just now, the expression on her face was the most colorful.

Obviously, Yun Jian and Matthew were familiar with each other, so the smart people chose to remain silent.

However, there were still a few more stupid girls in the group.

Seeing that Yun Jian had ignored brother Kai just now, these girls rushed to speak to Yun Jian at this moment when the air had obviously quieted down:

“Do you know who brother Kai is? How dare you ignore brother Kai? Do you believe that brother Kai can fire you on behalf of the President of Jiang City University? !”

If it was someone else, brother Kai would really have the ability to do so, but when it came to Yun Jian...

When Yun Jian heard this, Matthew immediately reacted before she could say anything. He pointed at Yun Jian and immediately countered the girls with his poor pronunciation in Chinese. The sound was so loud that it scared the girls, everyone around them was shocked:

“Expel her? Which one of you has the ability? Do you know who she is? She is...”

Chapter 1967: social class, two roommates

She was the chairman of Rong Yao Company!

The strongest hacker in the hacker circle, SS, was unrivaled!

Regarding her battle record, it could be said that it would take three days and three nights!

She could be said to be the first person in history!

Breaking Records, creating miracles. Only her glorious battle record, no one had ever been able to surpass her achievements!

And this group of foolish people actually thought that a mere brother Kai, who was extremely active in Jiang City University of electronic technology and was regarded as invincible by all the girls, could touch her?

But Matthew didn't dare to say the rest of the words.

Because he had already caught a glimpse of Yun Jian's slanted eyes.

Seeing this, Matthew was stunned.

“Go, go, Go! What do you girls know? What are you talking about? Master Matthew is my master now, and Master Matthew's friends are my friends! If you dare to force me again, I'll make sure you won't be able to survive in school!”

Brother Kai didn't wait for Matthew to speak before he threatened the girls around him. He turned his head and looked at Matthew with a fawning look, then smiled at the cloud paper.

Brother Kai was a real rich second generation, and his family was rich.

But he really admired Matthew from the bottom of his heart, so he spoke up for Matthew now.

He also mistakenly thought that the cloud paper and Matthew were friends, so they helped each other.

After brother Kai said that, he saw that he had enough of showing off with Matthew. He looked at Matthew, then looked at Yun Jian and invited them:

“I’ll invite you guys to the bar tonight. You’re Matthew’s friend. Come with me! All the expenses will be on me!”

Brother Kai was different from the other girls around him. He did not beat around the bush. He always said what he wanted to say and did what he wanted to do.

This was probably the privilege of a rich second generation.

Although brother Kai was like Matthew and liked to show off, other than this, the biggest difference between brother Kai and other rich second generation or people who thought they were powerful was that he wouldn’t look down on others.

Seeing that Zhu Huili came with Yun Jian, brother Kai didn’t look down on her just because she was fat and ugly. On the contrary, brother Kai glanced at Zhu Huili lazily and said to her,

“You are her friend, right? Then you should come too. I’ll see you at the Swing Bar near the school at 8 pm.”

When brother Kai said this, everyone around was shocked.

Brother Kai was not handsome. Usually, these girls would force their way to brother Kai’s side because they were interested in brother Kai’s wealth.

It was not strange that brother Kai could invite Yun Jian, but why did he invite Zhu Huili, this fat and ugly girl, too?

Zhu Huili stood beside Yun Jian and was also dumbfounded.

A girl like Zhu Huili would not have any interactions with brother Kai for her entire life.

But who knew that Yun Jian knew Matthew, who was beside brother Kai. With this relationship, brother Kai was actually willing to invite her?

“See you at the bar.” Yun Jian glanced at Matthew and said.

Since Matthew had something to ask her, he would definitely have to talk about it in private.

Since brother Kai had proposed to invite everyone to the bar, it was much more convenient for Yun Jian and Matthew to talk in private.

“Okay.” Matthew nodded.

After Yun Jian finished speaking, he beckoned Zhu Huili to leave the study room.

When she left, Zhu Huili asked Yun Jian in a daze, “Aren’t we going to practice operating the computer?”

“There are too many people, so it’s noisy.” Yun Jian replied Zhu Huili indifferently.

Then, he paused and continued to reply to Zhu Huili, "If you want to learn how to operate a computer, I'll teach you again and again another day."

"AH, Yun Jian, you know how to operate a computer? That's great! Then, I'll rely on you!" Zhu Huili looked at Yun Jian with admiration.

The two of them headed back to the dormitory.

...

Yun Jian and Zhu Huili had just entered the dormitory when the other two roommates, Miao Li and Xi Xiujuan, returned to the dormitory.

As soon as they returned to the dormitory, Miao Li and Xi Xiujuan surrounded Yun Jian and questioned him like hooligans in society.

Miao Li and Xi Xiujuan, who did not even greet each other when they first met, asked Yun Jian about it from Miao Li, who had a better figure. Her tone carried a strong sense of society, it was as if Yun Jian would be beaten up if he did not answer seriously:

"Hey, how do you know the foreigner beside brother Kai?"

Chapter 1968: I went to military school when I was in high school

Li Miao and Xi Xiujuan were good friends. Both of their grades were about the same. In this era, the requirements for a computer science major were not high. Li Miao and Xi Xiujuan got their grades here together.

Everyone said that they were the same kind of person as the kind of person they played with. Li Miao and Xi Xiujuan were the kind of people who hung out with boys every day and introduced each other to the boys they knew. If they liked each other, they would fall in love, they also had to constantly gossip about who was with whom and who had broken up with whom.

They even had to say a few dirty words to the girls when they were usually with the boys.

Moreover, the scariest thing was that Li Miao and Xi Xiujuan were still smoking.

When Yun Jian had just arrived at the dormitory, he had seen Li Miao and Xi Xiujuan throw a few cigarette butts beside their seats. It was obvious that they were the ones who smoked.

It was not impossible for them to smoke. If they were addicted to smoking, no one could stop them.

However, if they smoked indoors, not only would they harm themselves, they would also harm others.

If someone else smoked indoors, they would inhale the smoke into their nose. It was second-hand smoke.

Second-hand smoke was more likely to cause cancer than if they smoked alone. It would bring serious danger to the lives of others.

Cancer-causing, as long as one got cancer, one would die without a doubt. There was no way to treat it in this world.

So even if one wanted to smoke, one had to smoke outside. At least, one could not harm others.

However, Miao Li and Xi Xiujuan did not care about this at all. When Yun Jian and Zhu Huili were in the dormitory, they started smoking one cigarette after another.

After surrounding Yun Jian, Miao Li lit another cigarette and crossed her arms as if she was a socialite.

Yun Jian ignored Miao Li and Xi Xiujuan. She walked past them and went to her bed.

“Hey, Hey! I’m asking you a question!”When Miao Li saw this, she yelled angrily. She immediately put out the cigarette in her hand and rushed to the front of Yun Jian to stop him again.

“I’m asking you how you know the foreigner beside brother Kai! Are You Deaf? Won’t you reply if you hear me?”Miao Li said righteously.

When Zhu Huili saw this, she was stunned for a moment. She quickly ran over to stop Miao Li and protected the Yun Jian as she said to Miao Li, “What do you want to Do?”

“We don’t want to do anything! Look carefully, she was the one who ignored US just now!”At this moment, Miao Li said as she moved her body and spoke righteously.

This level of arrogance was as if Yun Zhi was at fault.

“Get out of the way,”Yun Zhi suddenly said coldly.

Miao Li, who had just said those words to Zhu Huili righteously, suddenly heard Yun Zhi say, “Get out of the way.”She actually blurted out the word “Get out of the way.”She felt that she had been ignored!

Girls like Miao Li and Xi Xiujuan were the easiest to overthink. When Yun Zhi said “Get out of the way”, it instantly turned into a sarcastic word in their ears.

“What did you say? You’re actually asking us to move aside?”Miao Li stared at Yun Jian as a wave of anger surged out of nowhere.

“Xiujuan, this newcomer is really too shameless. Let’s teach her a lesson and see if she still dares to be arrogant!”Miao Li said to Xi Xiujuan.

After that, the two of them were about to rush over to Yun Jian and try to suppress it.

“Stop!”Zhu Huili’s round body was not flexible to begin with, but she still stood in front of Miao Li and Xi Xiujuan, preventing them from dealing with Yun Jian.

However, just as Zhu Huili stood in front of Miao Li and Xi Xiujuan, Yun Jian pulled her away and did not give Miao Li and Xi Xiujuan a chance to react, Zhu Huili did not even see when Yun Jian made his move.

Yun Jian had already kicked Miao Li and Xi Xiujuan to the ground.

When Miao Li and Xi Xiujuan reacted, they were as shocked as Zhu Huili. At that moment, Yun Jian’s calm voice rang out. His words were enough to make the three people present suck in a deep breath:

“I’m sorry, I went to a military academy in high school. I was born in the special forces. My fists and legs are blind. If I accidentally sent you to the hospital, it would have been an accident.”

Chapter 1969: another encounter by the side of the road, a member of a club

He went to a military academy in high school? He came from a special forces background! ?

Yun Jian’s words reached the ears of Zhu Huili, Miao Li, and Xi Xiujuan without missing a beat, and the three of them were instantly dumbfounded.

Yun Jian’s words were flat and narrow, without any fluctuation, but the meaning of his words shocked the three people present!

Especially Miao Li and Xi Xiujuan.

At that moment, Miao Li and Xi Xiujuan were kicked to the ground by Yun Jian. It was so painful that they could not stand up for a while. The two of them did not know that Yun Jian did not use his full strength.

However, if Yun Jian really wanted to make a move, Miao Li and Xi Xiujuan would have already been sent to the hospital for resuscitation.

The moment they were kicked to the ground, the two of them were about to stand up and deal with Yun Jian like crazy when they suddenly heard Yun Jian’s words. The two of them fell to the ground and were stunned.

“You went to military school in high school? Aren’t most of the students in military school boys? How can a girl like you go to Military School?”

Miao Li forgot the pain of being kicked by Yun Jian. After hearing Yun Jian’s words, she was stunned.

Miao Li and Xi Xiujuan were typical snobs.

Just now, the two of them had used the demeanor of a socialite to surround Yun Jian. They had a look that said, “If you’re not convinced? I’ll beat you until you’re convinced.”.

When they heard that Yun Jian was actually a military academy special forces soldier, the two of them instantly felt a sense of awe. They no longer acted like they had not seen Yun Jian when they first saw him.

When Miao Li asked Yun Jian again, her voice softened. Her attitude had changed drastically compared to before.

This time, Yun Jian directly flipped over to his upper bed. His movements were clean and neat. He completely ignored Miao Li and Xi Xiujuan.

Yun Jian, who was lying on the bed, closed his eyes and ignored them.

When they saw this, even though Miao Li and Xi xiujuan were unhappy, when they heard that Yun Jian seemed to have some background, they did not dare to make a sound again. They each returned to their bunks.

...

When Yun Jian and Zhu Huili returned to the dormitory, it was almost seven in the evening. They had agreed to meet at the swing bar at eight. Yun Jian lay on the bed with his eyes closed and slept for an hour. Then, he flipped over and got down from his bunk bed.

His movements were extremely swift and decisive. When they saw this, Miao Li and Xi xiujuan swallowed their saliva and did not say anything.

“Yun Jian, no wonder you were so amazing before. It turns out that you went to military school!”Zhu Huili could not help but praise Yun Jian when she saw that he had rested well on the bed.

When Zhu Huili said that Yun Jian was so amazing before, she was naturally referring to the matter of recruiting new students at the entrance of the cafeteria.

“Okay, let’s go,”yun Jian put his hands into his pockets and said to Zhu Huili.

In the study room, many girls had been invited by brother Kai to play at the swing bar. Among them, Miao Li and Xi Xiujuan were also among the candidates.

At this moment, Miao Li and Xi xiujuan were dressing up meticulously. They put on foundation and makeup and changed into sexier clothes. At a glance, they looked like they were ready to fight a long battle to attract the attention of the boys.

Yun Jian did not wear anything during the day, and it was the same now. She beckoned for Zhu Huili’s hand and walked out.

It was September night, and the weather was still a little stuffy. Walking outdoors, one could feel the heat of summer.

Zhu Huili did not put in much effort either. She knew that it did not matter whether she dressed up or not.

Obesity determined her appearance.

At night, she would often run into a couple by the roadside of the university. When she saw this, Yun Jian narrowed her eyes.

This could fully show that university life was very lazy and carefree.

However, she would bid farewell to this freedom and return to the world of bloodshed.

Jiangcheng University was only a turning point.

When she passed by the street lamps that were very bright, a surprised voice suddenly came from behind:

“It’s You! It’s You! Little Junior sister, Wait!”

Hearing this voice, Yun Jian narrowed his eyes slightly and looked over from the corner of his eyes. He saw the few members of the martial arts club that he met at the entrance of the cafeteria in the afternoon. With Zhou Juntao as the leader, they were walking over.

Zhou Juntao was the boy who had first thrown a football at Yun Jian in the afternoon, wanting to recruit Yun Jian into the martial arts club. He was also a junior senior.

It was true that he wanted to tease Yun Jian in the afternoon, but after seeing Yun Jian's sharp skills, his desire to invite Yun Jian into the martial arts club grew even stronger.

When he saw the familiar figure, he took a closer look and saw that it was Yun Jian. Zhou Juntao brought the group of martial arts club members beside him and walked over quickly.

Chapter 1970: Gunpowder Aura. There was a gunfight

Zhou Juntao was followed by members of the martial arts club. He had just brought everyone to Yun Jian when he chuckled and said,

"Little junior sister, I didn't expect to meet you here! It's really fate!"

Yun Jian glanced sideways and did not see Cai Huiling, who had attacked Zhu Huili in the afternoon. She must have lost face in front of everyone and did not dare to come out.

Zhou Juntao did not care whether Yun Jian was willing to pay attention to him, nor did he care about what happened in the afternoon. Instead, he pulled a tall, handsome, and very handsome boy to Yun Jian.

After greeting him, Zhou Juntao pointed at this tall, handsome, and very handsome boy, who was about twenty years old, and introduced him to Yun Jian:

"Junior sister, this is the president of our martial arts club, Mo Bufan. Our martial arts club sincerely invites you to join. I hope you can seriously consider it!"

As he spoke, Zhou Juntao pushed Mo Bufan. Obviously, as the president of the Martial Arts Club, Mo Bufan would personally invite Yun Jian to join their martial arts club.

Before this, Zhou Juntao must have exaggerated to Mo Bufan about the skills that Yun Jian displayed at the entrance of the cafeteria in the afternoon.

Mo Bufan had a handsome face and a strong body. Just by looking at him, one could feel that he was indeed an expert in martial arts.

In addition to Mo Bufan's amazing results in the past, his taekwondo black belt ninth dan, judo, and Sanda had all won first prize at the provincial level.

As well as Mo Bufan's outstanding family background.

This kind of boy was simply the ideal target in the hearts of all the girls.

The group of girls standing around were obviously also members of the martial arts club. The members of the martial arts club in Jiangcheng University were very popular because of the presence of the president, Mo Bufan.

Mo Bufan was pushed in front of the cloud paper by Zhou Juntao. He scratched his head and looked at the cloud paper. He introduced himself very gentlemanly:

“Hello, my name is Mo Bufan. I am the President of the Martial Arts Club.”

Reality proved that Mo Bufan was very famous in Jiangcheng University of electronic technology. He was regarded as a grass-roots character in Jiangcheng University.

After Mo Bufan introduced himself to the cloud note, all the girls who passed by or stood around the martial arts club screamed.

“Wow! The President actually took the initiative to talk to that girl! I have never seen the President take the initiative to talk to a girl before!” A female member of the martial arts club exclaimed.

“Look, that’s... Mo Bufan! It’s really Mo Bufan! He’s a big shot in our school! Ah Ah Ah so handsome! He seems to be talking to that girl! Who’s that girl? She’s really too lucky!”

...

Seeing Mo Bufan greeting the cloud paper, the surrounding girls all screamed.

All of them were extremely envious of the cloud paper.

However, just when the girls thought that the cloud paper would be so excited that it would faint after being taken care of by Mo Bufan, they saw the cloud paper standing in front of them expressionlessly glance at Mo Bufan and coldly said,

“What’s the matter?”

His tone was flat and didn’t have the slightest fluctuation.

Even Mo Bufan blinked his eyes in surprise when he heard the words of the cloud paper. He paused for a moment before continuing,

“I heard that you’re very skilled. On behalf of the martial arts club, I would like to invite you to join us!”

“I’ve said it before. If you give me the position of President, I’ll join you. Otherwise, there’s no deal.” After Yun Jian finished speaking, she didn’t even look at Mo Bufan. She beckoned Zhu Huili to go around Mo Bufan’s group and was about to walk forward.

At this moment, Yun Jian’s group was in a dark corner. There weren’t many people walking around here. Occasionally, a couple would pass by, but it was extremely rare.

Seeing Yun Jian going around Mo Bufan and about to walk forward, a girl shouted at Yun Jian:

“Hey, don’t be ungrateful! Mo Bufan personally invited you to join the club, but you didn’t even appreciate it...”

The girl had just shouted at Yun Jian's back when Yun Jian stopped in front of everyone, as if he had discovered something.

Then, Yun Jian turned around and half-squatted beside a hidden bush under everyone's eyes, carefully observing for two seconds.

"Damn, this girl must be trying to attract the president's attention, that's why she's playing hard to get! Scheming girl! How F * CKING disgusting!"

Seeing this, a few girls from the martial arts club looked at Yun Jian with disgust and shouted in front of Yun Jian.

Yun Jian completely ignored those girls.

She suddenly smelled a familiar smell and squatted down to observe the ground for two seconds.

There was the smell of a lot of gunpowder on the ground, and this gunpowder smell was not left behind by ordinary items such as firecrackers.

The smell of gunpowder could only represent one thing...

There must have been a gunfight nearby!
