

Schoolgirl 1991

Chapter 1991: begged her to forgive him and show mercy

When Yun Jian said this, her tone was flat, so flat that no one could tell whether she was happy or worried.

However, the flat tone that came out of Yun Jian's mouth sounded extremely arrogant in everyone's ears!

Yun Jian had an innate magic. She used a flat tone that no one could tell whether she was happy or worried, but she could say something that made people feel shocked and arrogant.

At least when she said this, everyone was in a daze for a moment.

Where did this young girl come from? She was actually so arrogant!

As soon as she said this, even the casino's manager, a man in his thirties or forties who was less than 1.68 meters tall and weighed at least 200 kilograms, almost unable to stretch his body, looked at Yun Zhi.

Many gamblers in the casino also stopped the gambling in their hands and turned to look at Yun Zhi Zhang.

"Little sister, you want to bet with the most powerful person in our casino?"

The casino's manager, who weighed more than 200 pounds and was known as 'Brother Iron Bull', glanced at Yun Jian. From his tone, the imposing manner he displayed was not at all inferior to Yun Jian's.

Some people had a strong aura, but when faced with a truly powerful person, the originally strong aura would immediately be defeated.

For example, this person who was in charge of the casino called 'Brother Iron Bull'.

"You, are you crazy? ! I've already told you, the person who runs the casino definitely has a backer! Be careful that you won't be able to escape even if they pester you! I'm doing this for your own good!"

When Jin Yu heard this, she walked to a place not far away from Yun Jian and winked at him with her lightest voice.

It had to be said that Jin Yu was taking a risk this time to make Yun Jian have a good impression of her.

When a normal girl saw a handsome guy care about her so much, even if he was a handsome guy and only Jin Yu had a girlfriend, she would still approach him and flirt with him.

But what about Yun Jian? She actually ignored him time and time again!

However, Jin Yu was just being cheap. The More Yun Jian ignored him, the more Jin Yu wanted to get closer to Yun Jian.

Therefore, he knew that he could not speak recklessly in the casino. Moreover, Yun Jian had already attracted the attention of the casino's manager. Jin Yu had to take the risk to come out and dissuade Yun Jian in order to gain a good impression.

"Yes." Yun Jian looked at the casino's manager, Brother Iron Bull, with his sharp eyes. He responded lightly in public, but still ignored Jin Yu.

"Haha! It's been a long time since I met such an interesting girl like you! You even said that if the most powerful person in our casino didn't come out to gamble with you, you could win our casino in ten minutes!"

"You really have big words! Come, come, come, I, Iron Bull, Will Gamble with you!"

Brother Iron Bull struggled to stand up from his seat and said while waving Yun Jian.

Everyone knew that the casino of Oasis Hotel was under the protection of a powerful gang in Zhejiang province! And this powerful gang had a certain partnership with the number one gang in Zhejiang Province, Falcon Palace!

What kind of status did Falcon Palace have in Zhejiang province! It was the number one gang in Zhejiang province! The boss of Falcon Palace, Raksha, was a powerful and ruthless character!

Although Raksha had not fought for two years, her achievements back then still made people's blood boil!

Brother Iron Bull, who was also the general manager of the casino, was also the most powerful gambler in the entire casino. It was said that he had never met an opponent in the casino of Oasis Hotel!

This girl who appeared out of nowhere actually dared to bet with brother Iron Bull? Was she prepared to lose? !

Jin Yu glanced at Brother Iron Bull who had already spoken. He didn't dare to dissuade him anymore. What if he went overboard and got himself into trouble?

He was so young and had a bright future. He couldn't just throw his life away for a girl who didn't listen to his advice!

Jin Yu was afraid of getting into trouble, so when he saw Yun Jian not listening to his advice, he quickly found an excuse to get Liang Xiu Min, Tong Liwei, and the others to leave the casino with him.

When Tong Liwei saw that Yun Jian was courting death, she felt a wave of comfort in her heart. One had to know that if they lost the bet, they could not afford to pay. Some people even wanted to use her to pay for it.

Yun Jian was beautiful. If those men won the bet, then Yun Jian was not...

In order to personally watch Yun Jian lose the bet and become the plaything of those men, half an hour later, Tong Liwei urged Jin Yu, Liang Xiumin, and the others to return to the casino with her.

However, what they saw was not the Yun Jian being mortgaged for losing the bet, but..

“Big Sister! Great Aunt! My grandmother! My dear grandmother! I beg you to go to another casino to gamble! If you continue to gamble, our casino staff will suffer greatly! I beg you! Please Be Merciful!”

Brother Tie Niu, who was full of vigor just now, knelt down and begged the Yun Jian for mercy, putting on a bitter posture as if he wanted to kowtow to Buddha.

Tong Liwei, Jin Yu, and the others who saw this scene were immediately stunned.

This... what was going on! ?

Chapter 1992: you can't be that female God of gamblers

Why did brother Tie Niu, who was in high spirits just a moment ago and it was only a matter of time before he won the Yun Jian, look so bitter now? He almost kowtowed to the Yun Jian and begged for forgiveness?

“What, What’s the situation? She, she, she... how, how did the people of the casino, the person-in-charge of the casino, kneel down to her...”

Tong Liwei came back to watch the show because she wanted to see the scene of the cloud paper courting death and begging for forgiveness from the casino’s people.

However, what she saw was not the scene of the cloud paper begging for forgiveness from the casino’s people, but the scene of the casino’s person-in-charge personally begging the cloud paper to be merciful!

This... what exactly happened just now!

Tong Liwei was so scared that she almost had a heart attack, and even her tone of voice also stuttered.

Jin Yu, who had been advising Yun Jian not to provoke the casino, saw this scene and was scared beyond recognition. She was on par with Tong Liwei.

Liang Xiumin, who had been pampered, saw this scene and heaved a sigh of relief for Yun Jian.

Although Liang Xiumin was too lazy to talk to Yun Jian after she quarreled with her father in the beginning, and her tone was as arrogant as a peacock with its tail open, Liang Xiumin was still kind-hearted.

Yun Jian was, after all, the daughter of her father’s friend. If something really happened, Liang Xiu Min would also feel flustered.

Just as everyone’s thoughts flashed, all of them were frightened out of their wits. Sitting on the gambling table, Yun Jian, who was worshipped by Brother Iron Bull and the group of people from the casino, played with a die on the table. With a red hook, he said,

“Again.”

Still want to gamble? She still wants to gamble?

“Great Aunt! Big Sister! We are only a small casino. Please go to the Big Casino and Gamble! I beg you! We are really going to die! Great Aunt! Please show mercy and let us go!”!

“If you continue to gamble, we... will really go bankrupt!”

Brother Iron Bull stood in front of the gambling table, kneeling and bowing. The regular customers around him had never seen brother Iron Bull’s cowardly look. All of them were stunned on the spot.

Some of the gamblers even put down their bets in shock and looked over.

Only a portion of the gamblers present had seen how Yun Jian and brother Iron Bull had gambled just now.

Most of them had played their own games just now.

On the other side, most of the gamblers who saw Yun Jian and brother Iron Bull’s bet were so scared that their faces turned pale.

“Okay, okay, sister Jian, I think it’s about time to collect the money.”Qing Yan rubbed her hands and said with a sly smile.

Qing Yan was not a poor person, but she would never think that the money was too little.

When Yun Jian was gambling with brother Iron Bull, he was purely playing with brother Iron Bull. According to Yun Jian’s standard, he could take away all the assets of the casino in less than ten minutes.

“En.”Yun Jian heard Qing glaze’s words and felt that it was about time. She still had to go downstairs to buy medicine, so she decided to stop.

“Yes, transfer the money you lost to my sister Jian to this card.”

Qing glaze took out a card from her pocket and threw it on the table. It was the same as when Yun Jian had gambled crazily in Fengyun casino for a night in her previous life and won a month’s worth of earnings from Fengyun Casino.

When Yun Jian had gambled all night in Feng Yun Casino, Qing Yan had been collecting money from the side. It was so refreshing!

Seeing Qing Yan throw out this card, everyone was stunned again.

Jin Yu, Tong Liwei, and the others who were standing in the distance were stunned, but they couldn’t help but think in their hearts at this moment.

There was a backer behind this casino! It was true that Yun Jian had won the money, but could she take the money from here?

She had no power or influence. Could it be that she was going to fight them head-on?

One had to know that brother Iron Bull and the others were most likely in the underworld!

Even if Yun Jian won the money, he might not be able to take it away... ..

However, just as Jin Yu, Tong Liwei, and the others were thinking about this, a staff member in the casino saw the bank card with a unique skull mark thrown out by Qing glaze. He pointed at the card in shock and shouted,

“This... This card...”

Green Glaze’s bank card had the unique symbol of the ancient kill mercenary group, the shape of a skull.

Outsiders couldn’t get this kind of bank card. Only the elders of the ancient kill mercenary group could have it!

Besides, each elder’s bank card had a short nickname next to the skull symbol.

Green Glaze’s bank card had a simple word ‘green’ next to the skull.

The man who recognized it pointed at the card in front of everyone and shouted in surprise:

“This... isn’t this bank card exclusive to elder green-glazed of the ancient assassin mercenary group? ! It’s the only one in the world! How could it be in your hands? !”!

“And I’ve heard that in the largest casino in the world, the wind and Cloud Casino, the subordinate of the woman who was known as the strongest ‘goddess of gamblers’ of one billion US dollars used this bank card to swipe away the money from the wind and Cloud Casino!”

As the man spoke, he opened his mouth so wide that it could not close. In front of Brother Iron Bull, Tong Liwei, Jin Yu, and everyone else present, he shouted crazily at the wind and Cloud Casino:

“Don’t tell me that you are the ‘goddess of gamblers’ who won the wind and Cloud Casino in the largest casino in the world for one month and won every bet! ?”

Chapter 1993: no one escaped from her blade

In his previous life, on the night when Yun Jian was gambling at the wind and Cloud Casino, the person who gambled was Yun Jian, and the person who collected the money was Qing glaze.

So in general, it was indeed Qing glaze who took her exclusive bank card to collect money at the wind and Cloud Casino.

As for why this man knew so much...

“My Big Brother Works at the wind and Cloud Casino! It’s all because of my big brother that I can work at the casino here! The woman who was called the ‘goddess of gamblers’ by the international bigwigs back then was also accompanied by a woman.

“That woman is probably her subordinate. She stood aside and collected money for her. That night, she won a billion dollars from the wind and Cloud Casino in one go! Her gambling methods are ever-changing, and the tactics of each game are different!

“She can be called the number one person in the casino! My Big Brother saw it with his own eyes. He told me that he was not convinced at the beginning, but he was convinced later, and he even completely admired that woman!

“And the woman who collected money for her sat next to that woman. The bank card that she threw out had a skeleton imprint that belonged to the ancient kill mercenary group! “Moreover, there was a ‘green’ word carved next to the skeleton imprint. That meant that this woman’s subordinate was from the ancient kill mercenary group!”

When the man saw that everyone around him was puzzled, he stared at his round eyes and looked at the cloud paper. In front of everyone, he used an almost inconceivable tone to shout out these words.

The Man was obviously a staff member of this casino. He was working under brother Iron Bull.

The people around him, including Jin Yu and Liang Xiu Min, turned to look at Yun Jian in disbelief after hearing the man’s words.

Gu Sha... an elder of the mercenary group? !

If Qing Yan was an elder of the Gu sha mercenary group under Yun Jian, then who was Yun Jian? ?

The elder of the ancient kill mercenary group was under the orders of the ancient kill mercenary group’s BOSS, and green glaze, an elder-level figure, was following behind Yun Jian. What did this mean? !

Could it be that she, Yun Jian...

“She is the woman who used only one night at the wind and Cloud Casino and won a month’s worth of earnings, one billion US dollars. It is rumored that she is most likely the BOSS of the ancient kill mercenary group, the woman known as the ‘Goddess of gamblers’!”

“My God! How is this possible! She is only a young girl!”

Someone exclaimed in disbelief.

One must know that the windcloud Casino was the largest international casino. Back then, that mysterious woman brought a subordinate to the windcloud casino and gambled for one night.

The news of winning one billion US dollars from the windcloud casino had spread all over the world, shocking countless international bigwigs and international bigwigs!

That woman’s actions were simply terrifying and terrifying!

In addition, that woman’s subordinate had thrown out a bank card that belonged to an elder of the ancient kill mercenary group.

Later on, it was determined that the mysterious woman was most likely the BOSS of the ancient kill mercenary group!

At that time, this matter caused a storm around the world!

After all, everyone present was someone who often hung out in the casino. They had long heard of this matter. And now, even after so many years, when it was brought up again, everyone present still felt their hearts clench violently.

Looking at the gamblers in the casino, including the casino staff, when they saw the cloud note, it was as if they had seen something terrifying. They all retreated, wanting to find a place to hide.

Tong Liwei and the others were very confused.

What was the 'Goddess of gamblers' in the wind and cloud casino? Where was the wind and cloud casino? And what was the ancient kill mercenary group?

Jin Yu had heard of it, but Tong Liwei had no idea.

Tong Liwei didn't know what it meant, so she asked very naturally,

"Then what are the wind and cloud casino and the ancient kill mercenary group? Why are you so afraid of her after saying that she's the BOSS of the ancient kill mercenary group?"

As she said that, Tong Liwei pointed at the cloud paper.

Just as Tong Liwei was puzzled, a man in the distance looked at the cloud paper with a terrified expression and said to Tong Liwei,

"If she is the BOSS of the ancient kill mercenary group, then she is the Sha God! You Don't even know about the ancient kill mercenary group! The ancient kill mercenary group is the number one mercenary group in the world! It exists side by side with the number one assassin organization, the Dark Soul Organization!

"And the Sha God is the number one spy on the current list, the strongest spy in history! Being targeted by her means stepping into the coffin. No one can survive under the Sha God's Blade!"

Chapter 1994: turned out to be a false alarm

As soon as the man finished speaking, Tong Liwei's eyes widened, and she was shocked!

What! !

Sha Shen was the number one agent on the international list of agents!

No one could survive Sha Shen's knife...

Sha Shen... Yun Jian?

Yun Jian was only the daughter of Liang Xiumin's father and friend! How could it be the number one spy on the international spy rankings! !

Jin Yu's eyes widened at the same time, and they enlarged until they could no longer widen.

Liang Xiu Min, Liang Xiu Min, and the group of little friends standing beside them were all equally shocked

This result caused everyone present to be in disbelief.

However, the reaction of all the gamblers in the casino, as well as the casino's staff, and the person-in-charge, Brother Iron Bull, caused Tong Liwei, Jin Yu, Liang Xiu Min, and the others to have no choice but to believe this.

After deducing that the cloud tablet was the female god of gamblers in Feng Yun casino that year, and it was very likely to be the BOSS of the Gu Sha mercenary group, all the gamblers present put down their bets.

This included the casino's staff who had abandoned their jobs, and the person-in-charge, brother Iron Bull, who weighed up to 200 pounds.

This group of people made a shocking move in front of Jin Yu, Tong Liwei, Liang Xiu Min, and the others.

However, the group of people who were present were frightened by the fact that the cloud tablet might be the BOSS of the ancient kill mercenary group. They hid in the table and placed all sorts of items.

Some even hid in the corner of the table and trembled all over. They even shook the corner of the table and the entire table.

Those present were all gamblers. Gamblers were adults and had their own mature and independent thoughts!

But they were actually scared to the point of hiding in the corner of the table. What did this mean?

Representing the Gu Sha mercenary group's BOSS, the number one spy on the international spy rankings, Sha Shen, made them feel terrified! They didn't even hesitate to abandon their dignity!

Tong Liwei, Jin Yu, and the others were completely dumbfounded.

However, at the moment when everyone thought so, Yun Zhi, who had been silent since the beginning, used her beautiful hand to pick up the green-glazed bank card from the table.

Then, Yun Zhi drew out a faint smile that terrified everyone present.

Then, in front of everyone, Yun Zhi extended her hand to attach the bank card and tore off the green glaze exclusive 'green' character beside the skull mark and the skull mark.

This skull mark and the green glaze exclusive 'green' character were originally only affixed with a unique sticker.

"How many times have I told you? This kind of random affixing can easily scare people to death." Yun Jian said these words calmly. As she spoke, she flicked the sticker gently to the ground and handed the bank card to Green Glaze.

Green Glaze pouted and took the bank card from Yun Jian's hand:

"I just thought it was fun."

When the surrounding people saw this, they all heaved a sigh of relief.

So what everyone was afraid of was just a false alarm?

In fact, it wasn't true. The Gu Sha mercenary group's elders' Bank Cards had the Gu Sha mercenary group's exclusive mark.

However, outsiders never knew that with a certain method, the mark on the bank card could be torn off like a sticker.

Next time, they could paste it back again. This sticker was made with something unique that outsiders couldn't imitate.

"What? It was a false alarm! Nonsense! I was just saying! How could this little girl be that so-called Sha God!"

Only then did the people in the hall come out from the corner of the table one by one. They even waved their hands to wipe away the cold sweat.

It had to be said that once the reputation of the Sha God was spread, everyone was terrified.

Tong Liwei also recovered from her shock. After knowing that the cloud note was not the Sha God, Tong Liwei looked at the cloud note with a disdainful gaze.

What kind of powerful person was she pretending to be? How Shameless!

And she even took over such a handsome boyfriend!

She was simply not worthy of that handsome man!

She, Tong Liwei, must snatch her boyfriend over!

Chapter 1995: I'll recommend to put you in an important position

Tong Liwei actually didn't know what the 'Sha God' and 'Gu Sha mercenary group' represented. She was a student in school and was about the same age as Yun Jian.

Jin Yu was a socialite. Tong Liwei knew Jin Yu, so she came out to play with her.

The group of friends that Jin Yu brought, including Tong Liwei, all the expenses and payments had to be borne by Liang Xiumin.

Liang Xiumin was also a fool. Once she was tricked by Jin Yu, she really obediently paid the bill.

As for girls like Tong Liwei, all the meanings of 'assassin' and 'Secret Agent' that she knew came from the popularity of men like Jin Yu.

To put it bluntly, boys like Jin Yu would often pretend to be very knowledgeable and brag in front of Tong Liwei and the group of girls.

This caused Tong Liwei's knowledge of 'assassins' and 'agents' to be limited.

After all, in this era, the internet was not popular. People's sources of knowledge were only from schools, newspapers, and magazines.

It was very obvious that Tong Liwei did not know the terror of 'assassins' and 'agents'. Therefore, although she was a little shocked before, she was not shocked to the extent of it.

After all, she was an ignorant person.

After confirming that the cloud tablet was not the so-called 'brake god' or the BOSS of the ancient kill mercenary group, Tong Liwei immediately began to make her own little calculations.

At that time, after the shocking incident just now, Brother Iron Bull did not dare not give him the money that he lost to the cloud tablet.

He took the bank card from green glaze's hand while trembling. Brother Iron Bull immediately ordered someone to transfer the money that he lost to the cloud tablet into green glaze's bank card.

Ten minutes later, the underling who was sent by Brother Iron Bull to transfer the money into Qing Yan's bank card ran back and returned the bank card to Qing Yan.

"Haha! Thank you!" Qing Yan took the bank card, stretched out her thumb and index finger to form a circle, and gently flicked the bank card.

With sister Jian, there would be meat to eat. These words were definitely not wrong!

Seeing that Yun Jian and Qing Yan were about to leave, brother Iron Bull quickly walked over and waved at Yun Jian. "Are you leaving? Please, Please, Please! Please, Please, Please!"

He looked as if he was afraid that Yun Jian would not leave again.

Yun Jian was indeed about to leave. Hearing Brother Iron Bull's words, she narrowed her eyes and turned around again.

Brother Iron Bull fiercely shook his fat body twice. He was so scared that he could not turn around in a hurry.

Holy Sh * t! Could it be that she did not want to leave again! ?

Just as Brother Iron Bull was so scared that he sucked in a deep breath and was about to make a sound, Yun Jian's voice suddenly sounded, scaring brother iron bull so much that he almost jumped:

"What's Your Name?"

Asking for his name? Brother Iron Bull secretly broke out in a cold sweat. He looked at Yun Jian and answered honestly, "My name is... Lin Iron Bull."

Lin Iron Bull was originally an honest and honest country bumpkin. Later on, he relied on his own strength to climb to his current position, which could be considered quite remarkable.

However, everyone present couldn't figure it out. Why did Yun Jian ask for Brother Iron Bull's name?

"Could it be that she has taken a fancy to that brother Iron Bull? Does she want to suck up to him?" Tong Liwei thought in her heart. She thought this and also said it softly.

At that time, Tong Liwei was standing beside Liang Xiumin. She spoke as if she was talking to herself, but also as if she was talking to Liang Xiumin.

“What are you talking about?” Liang Xiumin was not very familiar with Tong Liwei. After hearing Tong Liwei’s words, Liang Xiumin frowned and asked.

“No, I didn’t say anything!” Tong Liwei realized that she had actually said what she was thinking. She hurriedly shook her head and waved her hand.

On the other side of the room, Yun Jian’s face was slightly red. She glanced at brother Iron Bull in front of everyone and said,

“Wenzhou City’s Clear Dragon Gang?”

After hearing Yun Jian’s words, one of the subordinates beside brother Iron Bull looked at Yun Jian in shock and exclaimed, “You, how do you know that our casino is the Clear Dragon Gang...”

The background of this casino was the Clear Dragon Gang of Wenzhou City.

“I know all the gangs in all the regions of Zhejiang Province.” Yun Jian raised her red arc slightly as she pursed her red lips.

That was because she was the boss of the number one gang in Zhejiang province.

And the Falcon Palace now was equivalent to the leader of all the gangs in Zhejiang province.

Tong Liwei, who was far away, rolled her eyes when she saw this. She thought to herself, ‘He’s trying to be mysterious again!’!

Jin Yu, on the other hand, felt that Yun Jian was pretending to know something that he didn’t.

Brother Iron Bull blinked his eyes. Just as he was about to speak, he heard Yun Jian’s words:

“I will recommend you to the boss of the Clear Dragon Gang. After all, there aren’t many brave people like you.”

After Yun Jian finished speaking, he waved his hand and the two of them walked out.

Tong Liwei, Jin Yu, and the others were still thinking about the meaning behind Yun Jian’s words. Suddenly, brother Iron Bull’s eyes widened.

Besides Xu Zetian, the previous boss of the Clear Dragon Gang, there was only one other woman who could recommend someone to the boss of the Clear Dragon Gang.

And that person was none other than the boss of the Falcon Palace...

Looking in the direction of the cloud note, Brother Tie Niu cried out in surprise:

“She, she... she is... !”

Chapter 1996: taking birth control pills was discovered

Brother Iron Bull cried out in surprise again. Tong Liwei, Jin Yu, and the others heard this, and their hearts that had just calmed down were once again lifted up.

She was?

Who Was She?

Just because of the two sentences that Yun Jian had said just now, he wanted to prove who she was again?

But at this moment, before brother Iron Bull could shout out his words, he reached out his hand and covered his mouth before he was about to cry out in surprise.

Who Was She!

He couldn't say it!

Brother Iron Bull had guts, so he naturally understood this point.

Brother Iron Bull had already guessed Yun Jian's identity, but he wouldn't say it now even if he was beaten to death!

"Brother Iron Bull, who is she?" A subordinate next to Brother Iron Bull opened his mouth and asked Brother Iron Bull.

Brother Iron Bull quickly released his hand that covered his mouth, and then waved his hand very calmly, "Nothing! Go back to work!"

She was actually the boss of Falcon Palace!

Only the boss of Falcon Palace was qualified to be a woman, and was qualified to recommend people to the boss of the Clear Dragon Gang!

Oh My God, he had just met the boss of Falcon Palace, the number one gang in Zhejiang Province!

One had to know how powerful Falcon Palace was now! It was only a matter of time before they became the number one gang in country Z!

Furthermore, Russia had not led the Falcon Palace for two years, yet he had actually bumped into them this time!

Brother Iron Bull was indescribably excited and proud of being acknowledged by Yun Zhi!

...

At that time, Yun Zhi had already left the casino.

"Sister Jian, you are still as powerful as before!" Qing glaze and Yun Zhi walked to the elevator entrance and praised Yun Zhi sincerely.

Yun Jian only responded softly and then said, "Well, you go back to the hotel room first. I'll go downstairs and buy something."

"Okay!" Qing Yan held her bank card and nodded to Yun Jian.

At this moment, Tong Liwei, who had followed them out of the casino, heard Yun Jian's words.

“Let’s go downstairs and buy some fruits! It can quench our thirst!”Tong Liwei said to Jin Yu and the others after hearing Yun Jian’s words.

In fact, Tong Liwei wanted to secretly follow Yun Jian to see what he wanted to buy.

She moved the green glaze away. was she going to do something bad?

Yun Jian didn’t care about Tong Liwei and the others. She turned around and went downstairs to the pharmacy near the Oasis Hotel.

Tong Liwei also followed Jin Yu and the others into the fruit shop opposite to the pharmacy.

Jin Yu and the others were buying fruits at the fruit store. Tong liwei excused herself and happened to see Yun Jian walking into the drugstore.

She narrowed her eyes and sneaked to the entrance of the drugstore.

When she looked inside, she saw Yun Jian standing in front of the gynecological medicine. Tong Liwei wondered if yun Jian had some gynecological disease! Then, she didn’t want people to know that she had gynecological disease, so she secretly came to buy the medicine alone?

Tong Liwei rolled her eyes. It was as if she had found something on Yun Jian, so she ran toward Oasis Hotel at the speed of a rocket.

Finally, she found something on Yun Jian! Humph! She immediately called Yun Jian’s boyfriend to come and see, so that he could recognize who yun Jian was!

At that time, in the pharmacy, Yun Jian was standing in front of the gynecological medicine.

She didn’t know that she was standing at the wrong counter.

“Hello, May I help you?”The female doctor in the pharmacy asked Yun Jian very politely.

“Contraception...”Yun Jian had just said these two words.

The female doctor in the pharmacy already understood what Yun Jian wanted.

The hotel was next door. There were many men and women who had incontinence, and there were many people who came to buy emergency contraception.

“This is what you want.”The female doctor quickly handed it to Yun Jian.

Yun Jian nodded and asked the female doctor for a cup of hot water. He placed the medicine in his palm and was about to put it into his mouth.

However, just as the medicine in Yun Jian’s hand was about to be put into his mouth, a long and slender palm grabbed her wrist.

Yun Jian was shocked. Before he could react, the owner of the big palm had already smashed all the medicine in Yun Jian’s hand onto the ground and crushed it.

The medicine and the medicine box were smashed into pieces in front of the female doctor.

Yun Jian was shocked. She raised her head and clearly saw Si Yi's handsome and flawless face. The corners of his brows were tightly locked together...

Chapter 1997: killing you is no joke

Si Yi's brows were tightly knitted. The frown was so tight that it could kill a fly.

Yun Jian did not need to think to know that he was very angry at this moment.

"I..." Yun Jian opened his mouth.

"She's taking gynecological medicine! She must have some strange disease! What female disease, uterine disease, or something that can't bear children? I think it must be some kind of shameful disease!"

After telling Si Yi about what happened at the pharmacy, Si Yi kicked the stool away and ran over here. Tong Liwei, who had never been bothered by Si Yi before, finally ran over here.

Tong Liwei was out of breath as she chased after Si Yi. However, when Tong Liwei saw Si Yi grab the Yun Jian's hand with an exasperated look on his face, Tong Liwei could not help but say something.

After saying this, Tong Liwei stood at the side with a confident expression. She felt that Si Yi would definitely be like a young boy.

After discovering that her girlfriend had done something behind her back, it was as if the other party had betrayed her. It was as if she had been betrayed by some super powerful relationship. They had to break up.

Tong Liwei smiled. She felt that the cloud paper was definitely done for, and she should be the new one.

Suddenly, Si Yi stepped on the medicine box and reached out his hand in front of the female doctor and Tong Liwei...

Si Yi did not reach out to touch the cloud paper as Tong Liwei thought.

In fact, it was impossible. Even if Si Yi shot him, he would not be willing to touch a single hair on the cloud paper.

Si Yi reached out his hand and pulled Yun Jian into his embrace in front of the female doctor and Tong Liwei.

"What are you taking birth control pills for? This thing is harmful to your health. Don't touch it again!" Si Yi said as he grabbed Yun Jian's small hand and walked out.

Yun Jian blinked when he heard this. She thought that he had once said that if he was really pregnant, he would give birth. Now that he saw her taking birth control pills, he would definitely blame her.

But who knew that Si Yi would not blame Yun Jian for such a small matter.

On the contrary, he was angry because Yun Jian actually wanted to take birth control pills. This thing was harmful to his health! If his Xiao Jian took it, what should he do if there were any side effects!

Si Yi was different from other men.

Some men saw that their woman had said that she was not allowed to take birth control pills and had even secretly taken them behind their backs. Now, they would probably start beating people up. The strange woman was hiding it from them.

But Si Yi was going to hit the cloud tablet? Unless the Sun exploded! The Sky was falling!

Si Yi grabbed the cloud tablet's small hand and walked out of the pharmacy under Tong Liwei's shocked expression.

Just as he walked out of the pharmacy, Si Yi turned his head and glanced at Tong Liwei.

Tong Liwei blushed under Si Yi's gaze and even lowered her head shyly. She had thought that Si Yi would praise her.

But to her surprise, Si Yi looked at her coldly and said,

"Don't let me see you again, or else I'll cut off your hands and feet and make you wish you were dead!"

Si Yi's words were terrifyingly cold, like winter ice, freezing people's hearts and making them tremble.

At this moment, Tong Liwei even felt that when Si Yi spoke softly to Yun Jian, it seemed so unreal.

This man was simply not human!

Tong Liwei was so frightened that she trembled violently!

After Si Yi finished speaking, he carefully pulled the Yun Jian and left without looking back.

No matter what, who would dare to say that his family's Yun Jian wasn't? Then go to hell!

If it wasn't for the beautiful vacation time like the mid-autumn Festival, Si Yi would have sent Tong Liwei straight to hell right now.

At that time, after Si Yi pulled the Yun Jian and left, Tong Liwei was so frightened that she directly sat on the ground as if paralyzed.

Chapter 1998: the rebel Emperor. Naturally, he had to go

Si Yi dragged Yun Jian back to the hotel. He did not blame Yun Jian at all. He only said to Yun Jian sternly,

"Xiao Jian, you are not allowed to joke about your body in the future. You are not allowed to eat anything that is harmful to your health!"

Si Yi naturally knew that Yun Jian did not want to get pregnant not because he did not want to have his child, but...

The mysterious man had not been eliminated. She was afraid that if she got pregnant, not only would she not be able to help him, she would become a burden instead.

After all, Yun Jian's combat strength was also very strong. However, if he got pregnant, there would be a lump of meat in his stomach, which could easily fall off at any time.

"Yes." Yun Jian nodded and pursed his red lips.

However, his heart was filled with joy.

He really wanted to get rid of the mysterious man as soon as possible. When that time came, she would definitely give birth to a fair and fat child for him.

"Cough! I'll take care of it from now on." Si Yi hugged Yun Jian and said in a casual manner.

Hearing Si Yi's words, Yun Jian's face turned red again...

...

In the next few days, Tong Liwei really did not appear in front of Si Yi and Yun Jian. When she heard that she was not feeling well, she went back.

The next morning, the group went to Zhou Shan Island. Zhou Shan Island was indeed the largest group of islands in country Z. Its size was naturally incomparable to an ordinary island.

After that, the group played happily for two days before leaving. Nothing happened in between.

Of course, it had to be mentioned that Si Yi pulled the cloud paper to do shameful things. He did not know how to control himself, but he did take sufficient measures...

After three days of mid-autumn Festival, Cloud Paper returned to school, and Si Yi also returned to the dark soul organization.

Everyone went to school and went to work. Everything returned to normal.

However, it was worth mentioning that before he returned, Old Liang heard that Yun Jian was studying at Jiangcheng University of Electronics and technology. He was pleasantly surprised and told Yun Jian that his daughter, Liang Xiumin, was also studying at Jiangcheng University City.

There were more than a dozen universities in Jiangcheng University City, and it was the largest university city in Zhejiang province. Therefore, it was not surprising that rich people sent their daughters and Sons to Jiangcheng University City to study.

Therefore, when Yun Jian rode the bus back to school, in order to train his daughter Liang Xiumin's independent ability, old Liang insisted that Liang Xiumin, who had always been sent to school by private car, ride the bus with Yun Jian to Jiangcheng.

Liang Xiumin scolded her father a few times, but she was still well-behaved in the bus. Sometimes, she even chatted with Yun Jian, but she did not say much.

After getting out of the car, Liang Xiu Min and Yun Jian separated.

Although the university was in Jiang City University Town, the university was different. The destination of the two of them was also different.

Liang Xiu Min's face was originally sullen, but she reluctantly walked in the opposite direction.

After taking two steps, she suddenly turned around and looked at Yun Jian. She opened her mouth, but she still said what she wanted to say:

“I’m studying dance at Jiang City Media University. You can come... and look for me.”

After saying this, Liang Xiu Min, this extremely arrogant heiress, blushed.

She suddenly turned around and dragged her suitcase as she flew away.

When Yun Jian saw this, he only smiled faintly.

Yun Jian did not return to school immediately. Instead, he went to the hotel where the Fox was staying.

After a few days of rest, Fox’s injuries had recovered a lot. Yun Jian walked straight into the hotel.

“Chairman...” Fox saw Yun Jian and wanted to stand up.

“Just lie down. You came to find me because something happened to the company?” Yun Jian asked softly.

“The president asked me to find you. Three months later, the president is going to hold a global gathering for the ceos of multinational corporations to get to know each other.

“Many leaders of killer organizations will be invited.”.

“The emperor rebel organization will probably send someone over. The president heard that you are back and couldn’t contact you, so he asked me to ask you if you want to go to the gathering,” Fox said.

It was on the way to look for Yun Jian that Fox was suddenly attacked by the emperor rebel organization.

Cloud note, who was originally not very interested in the party, heard that the rebel emperor organization might send someone over. A murderous intent flashed across her eyes. She changed her mind and replied simply, “Go.”

Chapter 1999: this chick was the new president

After hearing Yun Jian’s words, Fox nodded and continued to ask Yun Jian, “The president hasn’t decided on the exact location and time of the party. I will come back to tell you three months later!”

“Okay.” Yun Jian replied and then said to fox, “You can rest here for two days before going back.”

After hearing Yun Jian’s words, Fox nodded.

The last time Fox was chased by the assassins from the emperor rebel organization, she was exhausted.

The assassin sent to chase after Fox was obviously trained. If not for Fox’s strength, it was impossible for her to survive after being chased for a few hours.

If not, Fox would have died long before Yun Jian saved her.

“Thank you, Sister Jian!” Fox said to Yun Jian.

Yun Jian's eyes twitched. She pursed her red lips and said, "Have a good rest."

Then, Yun Jian turned around and left the hotel where Fox was staying.

Just as she walked out of the hotel where Fox was staying, passers-by on the street saw a young girl who had just walked out of a hotel door stop sideways.

"Why aren't you coming out?" The young girl's exquisite face turned to the side and said this calmly.

Was this girl stupid? Who was she asking to come out? Could she be living in her own fantasy world?

The passerby looked at the girl with a sidelong glance as if he was looking at a lunatic. Just as he was about to slowly walk away, he suddenly caught a glimpse of a forty-something-year-old figure who was not considered old, the figure, whose behavior was similar to that of an old urchin, staggered out from behind a big tree.

F * ck! There was really someone there!

The passerby suddenly saw the figure scuttling out from behind a hidden big tree. The figure, who had been walking slowly on the road, was now sprinting as fast as lightning, and soon disappeared on the spot.

At that time, the cloud note looked at Matthew, who suddenly came out from behind the big tree, and frowned slightly. "Haven't you already returned to the company?"

Matthew had already dealt with the assassins of the emperor rebel organization and then carried the cloud note to install a new defense system on his laptop back to Rong Yao Company.

"UH, didn't I just go back and come back? Boss, the system you gave me has already been installed, but I... Didn't I see that someone wanted to assassinate Little Fox? I was afraid that those people would come back again, so i...".

"BOSS, I really didn't mean to skip work. You Can't Fire Me... I'm going back, I'm going back..."

Matthew said and was about to leave, as if he was afraid of being fired by Yunjian.

"Remember to bring Fox back to the company safely," Yunjian called him before Matthew left and said softly.

After saying that, he put one of his fair and delicate hands into his trouser pocket and gently dragged his suitcase with the other hand. Yunjian walked in the direction of Jiang City University of electronic technology.

...

After Yun Jian returned to the university, everything seemed to return to normal.

The next morning, at 4:50 AM, Yun Jian changed into a clean sportswear and tied his long black hair with a simple leather band.

With a high ponytail and a pair of white flat shoes on his feet, no matter how one looked at it, it was not tiring.

Yun Jian got up to run in the morning.

“Yun Jian, wait, I’m just wearing a pair of shoes. It’s very fast! Wait for me!”Zhu Huili saw that Yun Jian was fully dressed and was about to walk out. She put on her shoes and followed Yun Jian out.

After Yun Jian waited for a while, Zhu Huili caught up with him.

...

Early in the morning, at the playground of Jiangcheng University of electronics and technology.

Only Yun Jian and Zhu Huili got up so early to run in the morning. After 5:30 am, the number of people gradually increased. However, there were only a few young people who got up early to run in the morning for the sake of their health.

“Yun Jian, Zhu Huili, what a coincidence. We meet again. Let’s run together!”

Yun Jian ran into Mo Bufan, the former president of the martial arts club who got up early to jog together before the mid-autumn Festival.

Mo Bufan had now passed the position of President of the martial arts club to Yun Jian. Yun Jian made him the vice president of the Martial Arts Club.

At that time, Mo Bufan was Yun Jian’s right-hand man.

Mo Bufan valued martial arts, and every morning, he would go for a morning jog on the big sports field.

However, in the past, Mo Bufan was alone. Today, there were two boys by Mo Bufan’s side.

Yun Jian didn’t mind. She nodded at Mo Bufan and took the lead to run to the big sports field.

Zhu Huili couldn’t run fast, so she always ran slowly on her own. She wasn’t in a hurry.

Mo Bufan and the two boys who had followed Mo Bufan for his morning jog this morning were able to catch up to Yun Jian’s pace, which wasn’t running fast in the first place.

These two boys were very handsome. It was obvious that they were Mo Bufan’s buddies. They weren’t members of the martial arts club.

Mo Bufan had three buddies. Other than brother Kai from back then, these two handsome boys were the only ones.

One of the two boys saw that Yun Jian had not spoken since the beginning. When Mo Bufan greeted her, she only nodded slightly and was a little curious.

Yun Jian ran in front and could hear one of Mo Bufan’s buddies ask Mo Bufan:

“Fan, this chick is the new president of Your Martial Arts Club?”

Chapter 2000: Brother Bufan was scared half to death

“Okay.” Mo Bufan took three steps and one breath. He was panting in the most standard way of breathing while running. When he heard his brother ask him, Mo Bufan replied with a sentence from his throat as an answer.

Mo Bufan was prepared to run a long distance like Yun Jian.

And Mo Bufan’s two brothers obviously didn’t plan to keep running. They were in a state where they would rest after running a few laps.

After hearing Mo Bufan’s words, the boy who spoke earlier paused for a moment before asking,

“Fan, your martial arts club’s new president is quite cold and aloof, huh? But she’s really pretty. I wonder if she has a boyfriend now?”

Boys were generally more thick-skinned. Mo Bufan, this brother, asked this question in front of the paper that was still running.

“Xu Zhenglong, since you’re my brother, I didn’t bring you guys here today to introduce you to girls. Our president is different from other girls, and even more different from the girls you know!

“If you still treat me as your brother, then don’t put your thoughts on those little girls on our President!”

When Mo Bufan heard his brother’s words, he knew that his brother had set his mind on Yun Jian. He wasn’t afraid of being exposed, so he spoke directly to his brother.

Xu Zhenglong was the name of this brother of Mo Bufan’s.

As for the other brother of Mo Bufan, Wei Jingxuan, who was standing next to Xu Zhenglong, he was also handsome, but he did not say a word. He was rather silent.

Mo Bufan had three brothers, brother Kai, Xu Zhenglong, and Wei Jingxuan.

The four of them were friends who had played with each other since they were young. This was because the four of them were born into a wealthy family. Their families were rich, and among them, brother Kai, who was the richest in his family, was the richest.

As for Mo Bufan, Xu Zhenglong, and Wei Jingxuan, they had looks and were studying in the same university. However, the four of them had different interests and majors.

Xu Zhenglong liked beautiful girls and played with them. Wei Jingxuan was more silent while Mo Bufan followed his family’s unique martial arts. He wholeheartedly liked martial arts, taekwondo, and other things that could improve his strength.

At the same time, Xu Zhenglong and Wei Jingxuan were the Campus Belles of Jiangcheng University of electronic technology.

Of course, Mo Bufan wasn’t bad either. The girls even liked Mo Bufan, much more than Xu Zhenglong and Wei Jingxuan.

However, Mo Bufan kept a low profile and didn’t like to interfere in the ranking of the Campus Belles.

Therefore, Mo Bufan was considered the campus belles of Jiangcheng University of electronic technology by default.

“Alright, Alright. You’re Not a loyal brother at all.”After Xu Zhenglong heard Mo Bufan’s words, he rolled his eyes and took another look at Yun Jian’s beautiful figure.

Women, what could be different about them? Xu Zhenglong did not believe that Yun Jian was different from other girls, but Xu Zhenglong did not say it out loud.

As expected, Xu Zhenglong ran two to three laps before he put his hands on his waist and stopped running.

Wei Jingxuan ran five laps but did not continue running.

For boys like Xu Zhenglong and Wei Jingxuan who did not exercise regularly, running for a while was already impressive enough.

Then, the two of them watched Mo Bufan and Yun Jian run.

Zhu Huili did not run much either. After she finished her five laps, she drank a mouthful of water and sat on the steps to wait for Yun Jian.

In the past few days, she was the one who finished her own lap and sat on the steps to wait for the cloud paper.

At first, Xu Zhenglong was still thinking about how Mo Bufan said that the cloud paper was different from other girls.

It wasn’t until Mo Bufan finished running the cloud paper that Xu Zhenglong started to focus on the cloud paper.

“Forty-five... .. Forty-six.. ... Forty-seven... .. fifty.. ! Holy Sh * t ! Are you kidding me ! She ran fifty laps ! Fifty laps ! A girl actually ran fifty laps in the early morning ! She couldn’t have come from the army, right ! So Fierce!”

By the time Yun Zhi stopped and returned to her original spot, Xu Zhenglong was already staring with his eyes wide open. He was so scared that he almost lost his soul.

Fifty laps! Yun Zhi ran twenty kilometers in a 400-meter lap on the big field here!

This distance was almost as fierce as the morning exercises of the special forces in the army! ?

And the time spent was only a little over an hour!

This girl was too different from the other girls!

Xu Zhenglong was already dumbfounded, and Wei Jingxuan was also stunned.
