

Schoolgirl 2021

Chapter 2021: couldn't be pregnant, right

Just as Zhou Juntao's worshipping words fell, a boy from the martial arts club punched Zhou Juntao and grinned:

"Keep bragging! Bragging won't Break You! The chairman of the new Start Company is very mysterious! That's a mythical figure that even world-class bigwigs want to meet! How could he meet an ordinary person like you! ?"!

"I heard that the new startup company rose to prominence in the past three years. I heard that it only took one year for it to become the largest car marketing company in Z Nation!"!

"Then, it took another two years for it to step onto the world stage. Now, it has become a household name! Now, it's even on TV!"!

"However, the chairman of the new startup company is really mysterious. It seems that the President of the new startup company, Zhang Zhifan, has been managing the new startup company for the past few years!"!

"Whether it's the camera on the TV or the photo of the chairman of Xinqi Corporation, countless private detectives have secretly gone to investigate, but none of them have succeeded. I really want to see the real face of the chairman of Xinqi Corporation!"

As they spoke, the boys began to sigh.

For them, although they felt that they would never be able to get in touch with the chairman of Xinqi Corporation, they still wanted to know what the chairman of Xinqi Corporation looked like. He was tall, short, fat, and thin.

By the year 2000, color TV sets and cars were becoming more and more popular. In this era, the economy of Z country had begun to rise at a speed that was even faster than a rocket.

The standard of living of the people had also begun to change drastically, until the foreigners were amazed.

Therefore, it was not surprising that there was a color TV set at this time.

"We all want to watch it too!"

"Exactly! I really don't know when we will see the true face of the chairman of Xinqi Company. I'm really F * cking looking forward to it!"

...

The members of the martial arts club woke up early to train in the morning. As long as there was no class in the morning and afternoon, they would obediently go to the martial arts club's venue to train.

After a month, the collective comprehensive strength of the people had increased by a lot.

The group's admiration for Yun Jian had also increased.

At that time, the group was supporting Yun Jian as they walked towards the school with a sigh.

No one saw the glimmer in Yun Jian's eyes when she mentioned the new start-up company.

On the way back to the dormitory, Yun Jian separated from the members of the martial arts club. She did not expect to run into Gu Nianzhi, who had come to Jiang city to play with Yun Jian the moment she reached the dormitory building.

"Ahhh! Sister Jian, Qingyan has been kidnapped! I'm the only one left! How Pitiful!" Gu Nianzhi rushed up and hugged Yun Jian as she angrily pointed out that Qingyan had been kidnapped by Yun Yi.

Gu Nianzhi did not want to go up because she had roommates in the dormitory, so she dragged Yun Jian along to go shopping.

She repeatedly pointed out that Qingyan was "Unkind" as she went shopping.

However, as she went shopping, Gu Nianzhi forgot about the unkind "Betrayal" of the green glaze. She dragged Yun Jian to the store to pick out some clothes for Yun Jian to try on.

Gu Nianzhi immediately picked out a waist-retracting short skirt and gave it to Yun Jian.

Seeing that Gu Nianzhi was in high spirits, Yun Jian tried it on as well.

As soon as she tried on the short skirt, Yun Jian suddenly realized that she couldn't zip herself up in this waist-retracting short skirt?

However, Yun Jian didn't think too much about it. She had been eating very well for the past month. It was normal for her to gain weight every day.

Therefore, Yun Jian changed back into her own clothes and walked out of the fitting room.

"Sister Jian, you've changed... Eh, why didn't you change into it? I think this skirt matches you very well! You'll look very beautiful in it!" Gu Nianzhi asked doubtfully.

"I can't wear it, it's too small." Yun Jian handed the short skirt to the waitress.

"What? Too Small? That's impossible. Sister Jian, you're so thin, how can you not wear it?" Gu Nianzhi walked over and asked.

As she spoke, Gu Nianzhi took the short skirt from the waitress and circled it around Yun Jian's waist to make a gesture.

She had just made a few gestures around Yun Jian's waist when Gu Nianzhi's hand touched Yun Jian's stomach. She suddenly looked up, and her eyes flashed as she asked in surprise,

"It's true. Sister Jian, your stomach has become a lot rounder, and it doesn't feel like fat. Sister Jian, you're not... pregnant, are you?"

Chapter 2022: Was Jian not feeling well? She had gone to the hospital

Gu Nianzhi had just touched Yun Zhi's stomach when she realized that it was slightly round on the touch. Although it hadn't changed much, it could even be said that it hadn't changed much, but the feeling of roundness was different from normal flab.

Flab was when you bent down and stacked it into a lump, while Yun Zhi's stomach only gave off a slightly swollen feeling.

Gu Nianzhi had never been a mother herself, but she had seen and touched a pregnant woman's tummy before. It felt like it was round and round.

A woman with fat was pregnant, so she had some fat, but Yun Jian had no fat. She was fat now, but her tummy was much rounder.

Other than her tummy, she hadn't gained any weight anywhere else.

Gu Nianzhi was also an experienced person. Her experience was limited to touching the belly of many pregnant women.

Pregnant?

Yun Jian raised his eyes to look at Gu Nianzhi. His face, which had remained calm throughout, finally revealed an unusual expression.

To be honest, Yun Jian was really not sensitive about whether she was pregnant or not. Although she had thought about contraception the last time, she did not have any knowledge in this area.

Whether it was when she was in the dark soul organization in her previous life, or when she was Yun Jian in this life, or even when she was the witch God, she had never had any knowledge about it.

Although she had thought about giving birth to Si Yi's child the last time, she felt that it was a little...

Unbelievable.

She... was pregnant?

Gu Nianzhi's voice was not loud, but the waitress beside her could hear it clearly.

This street was the downtown area of the University City, where the students who were studying in the university city could go shopping.

Therefore, most of the people who went shopping were students.

In addition, the appearance of the cloud note wasn't like those female students who were in their twenties, or even less than twenty years old, but dressed sexily like they were in their thirties, and made their appearance look ten years older.

Yun Jian's appearance was very young, giving off a fresh and beautiful feeling. She was so exquisite and beautiful that one could not take their eyes off her.

Moreover, Yun Jian was in the university town. The waitress could tell at a glance that Yun Jian must be a student from a nearby university.

When she heard Gu Nianzhi ask if Yun Jian was pregnant, the waitress even glared at Yun Jian. She thought to herself, "Another female student who doesn't love herself."

Just as the waitress thought this, Gu Nianzhi had already placed the short skirt on the hanger and left with Yun Jian.

"Eh? Aren't you guys going to buy it?" The waitress quickly asked.

"No, no, no!" Gu Nianzhi waved her hand and left with Yun Jian.

When the waitress heard this, she spat in the direction where Yun Jian and Gu Nianzhi had left:

"You tried but didn't buy it, and you're pregnant! I really don't know what's wrong with female college students these days! It's one thing if they don't love themselves, but they spend all their time hanging out with boys. That's how they got pregnant in college, TSK TSK!"

As the waitress spoke, Yun Jian had already been pulled far away by Gu Nianzhi.

...

"Sister Jian, have you been feeling unwell recently? Oh right, how long has it been since you last came?"

Gu Nianzhi dragged Yun Jian to the People's Hospital in Jiang City. She asked as she walked, her expression sly.

Yun Jian was silent after hearing this.

"Oh my God, Sister Jian, you haven't had sex in a month or two, have you?" Gu Nianzhi looked left and right. Seeing that no one was passing by, she leaned over to Yun Jian and whispered.

Yun Jian's eyebrows twitched slightly at Gu Nianzhi's words.

She had never paid attention to this issue.

She had been on the move for more than a month. It was only two months away from the party where the CEOs of multinational corporations would get to know each other. At that time, the emperor rebel organization would also appear.

However, she had neglected one thing. She hadn't been to that party in a month.

"I'm hit, I'm hit! I'm definitely hit! Let's go, Let's Go! Let's go to the hospital, let's go to the hospital!" Gu Nianzhi jumped up and down as she held onto the cloud tablet and walked towards the People's Hospital in Jiangcheng.

The surrounding tourists all shook their heads when they saw Gu Nianzhi jumping up and down at the hospital with the cloud tablet in her hand.

She was such a good girl, but her brain had actually gone haywire. She was so happy at the hospital that she almost hummed a song. They really did not know what was wrong with her brain.

By then, Gu Nianzhi had already pulled the Yun Zhi to the hospital.

But before Gu Nianzhi could pull the Yun Zhi into the hospital, a loud male voice called out to Yun Zhi:

“Yun Zhi, are you feeling unwell? Why are you in the hospital?”

The male voice sounded gentle and concerned.

But Yun Zhi did not need to turn around to know who the person was.

It was Song Yu, the campus belle of Oriental University.

Chapter 2023: a scumbag gets in the way and his disciple comes looking for him

Of course, Song Yu couldn't have come out to play by himself and run into Yun Jian by chance.

This time, Song Yu had deliberately followed Yun Jian out, but he had stayed far away earlier.

Therefore, when Yun Jian and Gu Nian were in the clothing store, Song Yu hadn't heard what Yun Jian and Gu Nian had said.

Now, he saw Yun Jian and Gu Nian actually walking towards the hospital.

Could it be that Yun Jian was sick?

Song Yu thought so and immediately ran over.

When he saw Song Yu, Yun Jian felt his eyelids twitch as he held his forehead.

This Song Yu was really haunting him.

“Let's go, I'll take you to eat something delicious.” Yun Jian signaled Gu Nian with his eyes, then turned around and walked in the opposite direction to the hospital door.

“Hey, Yun Jian, I said we're not... Okay, okay! What delicious food are you taking me to eat?”

Gu Nianzhi wanted to say, “Aren't we going to check whether you're pregnant or not?”.

But the words were on the tip of her tongue. Hearing Yun Jian say that he was going to treat her to something delicious, Gu Nianzhi rubbed her stomach and thought that she was hungry too. It was time to eat, so she stopped what she was about to say.

Eating was more important! Eating was more important!

Besides, even if Yunjian was pregnant, she had to eat first! What if she starved the baby in her stomach?
!

Gu Nianzhi rubbed her chin and felt that she was right. So she comforted herself mentally and confidently took Yunjian to the opposite side of the hospital gate.

“Yunjian, are you feeling unwell? If you're not feeling well, I'll take you to the hospital. Let your friend go eat by herself. I...”

Song Yu saw that this was a rare opportunity. If he had offered to help Gu Nianzhi take Yunjian to the hospital, he would have been able to show off in front of Yunjian. He wanted to walk over to Yunjian, but at the same time, he reached out to grab him.

After learning that Yunjian's background was clean and that he was mysterious, Song Yu wanted to stay with Yunjian for a long time!

If they got along well in the future, they would be able to get married!

Moreover, after seeing the dark side of Yun Jian, Song Yu felt that she was a good match for him.

Because his family was also in the Underworld!

Could this be the legendary golden couple?

At that time, Gu Nianzhi was next to Song Yu, and Yun Jian was next to Gu Nianzhi. If Song Yu wanted to grab Yun Jian's hand, he had to go around Gu Nianzhi.

However, before Song Yu could go around Gu Nianzhi and grab the cloud tablet, Gu Nianzhi, who had just turned around with the cloud tablet, stepped on the back of Song Yu's foot.

"Hiss!" Song Yu gasped in pain, but he couldn't make a fool of himself in front of the cloud tablet.

"Ha, sorry, I didn't see you." Gu Nianzhi glared at Song Yu, emphasizing the word "Person." As she spoke, Gu Nianzhi grabbed the cloud tablet and walked in the opposite direction of the hospital's main entrance.

What Gu Nian meant by this was that she didn't take Song Yu for a person.

Song Yu understood what she meant, and her face flushed with anger.

But in front of the Yun Jian, it was not good to flare up.

Just as Song Yu was angry and not good to flare up, the Yun Jian's phone rang.

Seeing this, the Yun Jian looked at the phone screen.

"Sister Jian, what's wrong? Did Brother Yi send you a message?" Gu Nian glanced at Song Yu, moved closer to the Yun Jian and deliberately said this very loudly.

"No," Yun Jian said softly. After a pause, she added, "Let's go. My disciple has come to look for me."

"Ah? Zhang Shaofeng, that kid, has also come to Jiang City? Haha, since that kid is here, why didn't he form a partnership with me? To think that I'm his elder sister now!" Gu Nian ridiculed.

Song Yu, who was standing at the side, could not understand who Yun Jian and Gu Nian were talking about. He clenched his fists.

At that moment, Yun Jian narrowed her eyes. Her voice was as red as an arc. She said indifferently, "It's not him. It's my new disciple."

Chapter 2024: was too low-spec and low-quality

It was the one who had come to Earth from the continent of gods to look for her.

The line on the cloud was drawn.

“Oh my, Sister Jian, you actually secretly took another disciple behind my back. What does that thing look like? Does it look as handsome and dashing as I do? Otherwise, I won’t recognize it!”

Gu Nianzhi heard that the cloud had taken another disciple. She patted her remaining hair and let her bangs fall down. Then, she reached out her hand very mischievously, like an elegant man, and brushed her hair.

However, the elegant man Gu Nianzhi had imitated was a joke. When she brushed her hair, her head also shook a little.

“You have to know that I’m the best matchmaker in the world, and Gu Nianzhi is the matchmaker. I’m handsome, and I’m so handsome that I don’t even need to mention it. When I get fierce, I’ll even beat myself up...”

“Hey! Hey, Hey! Sister Jian, why are you so far away? !”

Gu Nianzhi was still putting on a handsome front, but when she glanced at the cloud paper from the corner of her eye, the cloud paper had already slipped into her pants and was already far away.

Gu Nianzhi immediately gave up on her earlier posture and chased after it like a chicken chasing after a hen that was already far away.

“The number one matchmaker on the continent?” Song Yu, who had been standing where he was, heard Gu Nianzhi’s words and repeated it with a frown.

She couldn’t figure it out, so she gave up.

The best in the mainland? The Mainland? Did she really think she was from another world?

Why were the people following Yun Jian a bunch of Weirdos?

She couldn’t let that happen. When she got her hands on the Yun Jian, she had to keep it away from these weirdos.

As she thought about this, Song Yu followed Yun Jian and Gu Nianzhi in the distance.

Inside the hospital, the buildings were lined up neatly. Within the hospital, all the outpatient buildings in the hospital were like the school buildings, cafeteria, and other places that belonged to the school that were surrounded by the school’s walls.

The east, west, south, and north gates that entered and exited the hospital were guarded by guards who let the Cars Pass.

Yun Jian and Gu Nianzhi had just exited the north gate of the hospital when Song Yu grabbed the phone and said as he blocked Yun Jian and Gu Nianzhi:

“Where are you going? I have a car. I’ll give you a lift...”

“No need.” Yun Jian gave Gu Nianzhi a look, then bypassed Song Yu and was about to cross the road.

“Honk, Honk, Honk!” At that moment, a silver-gray Mercedes-Benz stopped in front of Yun Jian and Gu Nianzhi with its horn honking.

A head poked out from the driver's seat of the silver-gray Mercedes-benz. The person who poked his head out took a look at Song Yu and said, "Young master, I'm here."

Song Yu was a little pleased when he saw his own flashy silver-gray Mercedes-benz parked in front of Yun Jian. His butler had even addressed him as "Young master" in front of Yun Jian.

"This car is mine. Ladies, please get in." Song Yu tilted his head and opened the front passenger seat. He looked as if he was inviting Yun Jian to get in.

After all, many girls knew that they had Mercedes-Benz sports cars at home, so they all wanted to get in.

Song Yu looked expectantly at the Yun Jian.

Just when Song Yu thought that the Yun Jian and Gu Nianzhi would fight to get on it, the car suddenly stopped.

A fiery red flagship limited edition red high-end Ferrari. The LaFerrari Supercar slammed on the brakes and drifted over from afar. It stopped next to Song Yu's Mercedes-Benz sports car.

The two cars were parked together. It was easy to tell the difference.

However, just as Song Yu was stunned, the only three limited edition LaFerrari Supercars that had suddenly appeared in the world were the supercars that the boys would normally talk about and envy. Yet, the supercar had actually appeared in front of him.

He was shocked and even started to wonder about the origins of this supercar.

However, he only saw a woman alighting from the Ferrari LaFerrari. The woman walked in front of Yun Jian and handed the car keys to Yun Jian in front of Song Yu. Then, she said softly,

"Sister Jian, your car."

The limited edition sports car that she had talked to the boys about, but could only dream of, was actually... ! ... the car of the Ferrari! ? ?

Song Yu was so shocked that his eyeballs almost fell out.

At this moment, the car of the Ferrari and Gu Nian had already gotten into the Ferrari sports car.

Before they left, the car of the Ferrari left a sentence for Song Yu that made Song Yu's face instantly turn as if he had eaten SH * t. She said this sentence in front of Song Yu, which almost made Song Yu vomit blood:

"I'm sorry, Your Mercedes-Benz sports car's specifications are too low. I've never sat in that kind of low-quality sports car before, and I'm not used to it."

Chapter 2025: Dirty Underwear Straps

After saying that, Yun Zhi made a cold smile. She stepped on the accelerator and drove away in a fast Ferrari in front of Song Yu.

When she was in the hospital, she had sent a message to the members of the Gu Sha mercenary group to send her beloved car to the north gate of Jiangcheng People's Hospital.

Coincidentally, the car sent by Song Yu was one step faster than her.

But even so, she, Yun Jian, would not take Song Yu's car.

As for why the Gu Sha mercenary group was here, a month ago, Yun Jian had asked Gui Yan and Gui Lian's assassination team and investigation team to station people in Jiang City.

This move was in order to annihilate the emperor rebel organization in one fell swoop two months later.

Of course, if she needed a car anytime, anywhere, someone would send her a car.

At that time, Song Yu's face instantly darkened when she saw Yun Jian driving the car away at an astonishing speed.

"Young... young master... This car..." seeing Song Yu's terrible expression, the butler who was sitting in the driver's seat of the Mercedes-Benz sports car cautiously called out.

"Get out of the car." Song Yu closed the front passenger seat with a posture that she thought was very handsome. She walked to the door of the front passenger seat and spoke to the butler.

"Yes, yes..." the butler immediately got out of the car.

"Young master... is that beautiful little girl the girl you like? The old master has been a gangster for so many years and has always wanted to have a great-grandson, but that girl just now... doesn't seem to be interested in you, young master?"

The Butler asked as he got out of the car.

"Aren't all women like this? Playing hard to get. Aren't my top ten girlfriends all like this? Don't worry, I will definitely get this woman!" Song Yu vowed.

"Then, young master, have you thought about how you're going to woo her?" The Butler asked again.

"No." Song Yu's expression darkened.

"I have a plan! No matter how strong this girl is, she's still just a girl after all. Young master, you're just like this..."

...

Yun Jian did not know what Song Yu and the Butler had said. At that time, Yun Jian had slowed down the sports car and driven to a very famous small park near Jiang City University of electronic technology.

He stepped on the brakes and stopped the car. Yun Jian and Gu Nian got out of the car.

In the small park stood a man in his twenties. He had delicate features and his hair was neat and tidy. The man stood in the small park and did not say a word.

Some couples who were having an affair, as well as aunties who passed by carrying their children, could not help but take a second look at the man when they saw him.

This man was none other than the god Li Nong from the continent of gods.

Li Nong saw Yun Jian and shouted in surprise, "Master!"

Li Nong, who had just arrived on Earth, was actually quite decent. He had adapted to life on Earth very quickly.

At that time, Li Nong was wearing a clean white shirt and a pair of dark black jeans. His figure was very slender, and he looked as handsome as a movie star.

"Kid, are you my sister Jian's new disciple?" Gu Nianzhi put her hands on her hips and walked up to Li Nong with a fierce look on her face. She looked Li Nong up and down from left to right.

Li Nong's fair and delicate face did not change at all when he saw Gu Nianzhi suddenly appear in front of him.

"Oh my! Kid, you're amazing! You didn't even bring sister Li? Which continent are you from? Tell me your name!" Gu Nianzhi put her hands on her hips, as if she wanted to show Li Nong what she was capable of.

When the cloud paper saw this, it curved and made a sound.

"God continent, Li Nong." The youth with delicate features moved his eyes and said.

"Haha, So You're from God continent... Kid, don't you know how to talk? You... You, you, you? What the F*ck are you talking about! You're from God Continent? Then you're a God... A God?"

Gu Nianzhi didn't react in time at first, but when she came to her senses, she was so shocked that she almost fainted on the spot.

Gu Nianzhi was from the imperial dragon continent, and the continent of gods was considered a legendary place in the eyes of the people of the continent.

Gu Nianzhi was shocked and choked on her own saliva. She immediately coughed violently, "Cough, cough, cough... cough! Cough, cough..."

In addition to Gu Nianzhi's previous act of arrogance, which had accidentally turned into a joke, Linong found it cute.

Seeing that Gu Nianzhi was almost out of breath, Linong couldn't help patting Gu Nianzhi on the back. "Are you okay?"

With that pat, Gu Nianzhi could clearly feel the bra strap on her body being picked up by Linong.

Linong pulled his hand back in panic after regaining his senses. The bra strap bounced back like a rubber band and stuck closely to his skin, making a not-so-loud "Pop" sound.

Chapter 2026: confirmed that she was pregnant. It had been a month

The sound was so soft that only the authorities, Gu Nian and Linong, could hear it.

But the park was so quiet that even the chirping of birds and insects could be heard.

In such a quiet park, Linong saw that Gu Nian was almost out of breath from coughing, so he reached out to give her a pat on the back to help her calm down.

However, he had never expected that his long and fair fingers would accidentally pick up Gu Nianzhi's bra strap.

This was the first time he had touched a woman's bra strap. Li Nong felt that his earlobes were a little hot, so he did not move his face, but his heart was in a state of panic. He quickly withdrew his hand.

He had not noticed that the hand holding the bra strap had withdrawn too quickly. The bra strap had bounced off Gu Nianzhi's skin like a rubber band, making a "Pop" sound...

Linong was so scared that he almost fell back. His pure, curious face, which was full of panic, actually showed a trace of red.

Obviously, this was the first time Linong had been so careless... .. touching a woman's bra strap.

Yun Zhi also heard the "PA" sound.

At that time, however, Yun Zhi only blinked.

"Uh... I'm, I'm sorry." Linong scratched his handsome hair and said softly.

"You! You! What's the use of being sorry? You Little Brat! So what if you're a God from the divine continent? How Dare You Touch Me..."

Gu Nianzhi blushed at the thought of this.

The next second, Yun Jian saw Gu Nianzhi chasing Linong all over the park.

Gu Nianzhi was chasing Linong in places that Yun Jian couldn't see. Unfortunately, she couldn't catch up to Linong, but she refused to give up.

As she ran, Gu Nianzhi suddenly tripped on a tree root in the park. She yelped and fell forward.

"Be careful!" Li Nong stopped running. He was about to catch Gu Nianzhi, but Gu Nianzhi suddenly pounced on him.

The next second, when Gu Nianzhi reacted, she was already sitting on Li Nong's body.

But to their surprise, Gu Nianzhi actually sat on Li Nong's lap after the fall.

There was a thin layer of clothing between the two of them, and they were not far apart...

...

"Ah! !!" The next second, Yun Jian heard Gu Nianzhi Scream.

Three minutes later, Gu Nianzhi ran back from afar in a huff. She glanced at Yun Jian and said, "Sister Jian, I'm going back to the hotel." Then she ran away.

Yun Jian's eyes lit up.

Li Nong had come to look for Yun Jian. That was right. Yun Jian had asked Li Nong to get a room at the hotel where Gu Nianzhi was staying...

Yun Jian didn't know if anything had happened between Li Nong and Gu Nianzhi after that.

Three days later, Yun Jian secretly went to the hospital for a pregnancy test.

Yun Jian was still a little dazed when she received the list.

She was really pregnant...

The child was already a month old...

More than a month. wasn't that the time when she was by the rocks by the sea.

It turned out that she didn't take the birth control pills that day and was really pregnant.

Although the mysterious person hadn't been removed and Yun Jian was afraid that her pregnancy would ruin things, she was both surprised and happy when she heard the news.

She didn't intend to tell Si Yi about her pregnancy at the first moment.

Si Yi would be pleasantly surprised if he knew. However, judging from the time now, the mysterious man should have recovered from his injuries and could assassinate her and Si Yi at any time.

If he knew that he had a child, he would definitely protect her with his own life.

Therefore, even if he wanted to tell her, Yun Zhi planned to tell him in a while.

However, just as Yun Zhi was about to put the pregnancy test sheet into his pocket and walk out of the hospital, a slender, well-defined hand pulled out the pregnancy test sheet that Yun Zhi was about to put into his pocket.

His familiar voice immediately rang out from above, "What is this?"

Yun Jian looked up and saw Si Yi's side profile that was so handsome that it made one forget to breathe.

Yun Jian did not expect Si Yi to actually come looking for her at this juncture. She was so shocked that she wanted to retrieve the pregnancy test slip from Si Yi's hands.

However, it was already too late. Si Yi's deep eyes had already swept across the four big words that the doctor had noted beside the pregnancy test slip:

Confirmation of pregnancy.

Chapter 2027: Si Yi asked the doctor how to ease the pregnancy

"Confirm pregnancy." These four words were very eye-catching.

When Si Yi saw these four words, his deep black eyes jumped violently.

His little note... was pregnant?

He... had a child!

“Little note... Are you feeling unwell? is your body unwell?”

Si Yi stuffed the pregnancy test into his trouser pocket after reading the pregnancy test. He wrapped his arms around Yun Jian’s slender waist as if he was looking after a national treasure.

“Did she kick you?” Si Yi placed his other hand in front of Yun Jian’s abdomen and gently stroked it twice. It was the first time that his handsome but extremely cold face revealed such a pleasantly surprised smile.

“It’s only... It’s only been more than a month. I don’t think she’s in human form yet, right?” Yun Jian blinked.

Needless to say, Si Yi really didn’t know anything about these things.

He even thought that once the child was conceived, he would kick his mother’s stomach.

At that time, Yun Jian was already about to walk out of the hospital.

When he was about to go down the stairs, Si Yi simply picked up Yun Jian horizontally and turned around to walk to the gynecology department...

Yun Jian’s face turned red like a red apple. This was an expression that only appeared in front of Si Yi.

“Where are we going...” when Yun Jian saw Si Yi carry her back to the gynecology department, her eyes moved slightly. She did not know why.

“Go ask the doctor how to settle the fetus.” Si Yi could be said to be clueless, but for her, he was willing to learn.

“I can walk on my own.” Yun Jian blinked and spoke as he was carried by Si Yi and walked among the people coming and going in the hospital.

At that time, the passers-by who passed by Yun Jian and Si Yi all glanced at Yun Jian and Si Yi from the corner of their eyes.

Heavens! The two young lovers were openly playing with the Princess Hug!

The passers-by turned their heads 100% !

However, Si Yi did not care about this at all. He carried Yun Jian and walked toward the gynecology department without blushing or beating his heart.

...

Jiangcheng People’s Hospital, gynecology clinic.

The gynecology department’s attending female doctor, Doctor Jiang, was holding a cup of hot tea. He took a sip and was treating a couple in front of him.

“The child is already six months old and is developing very well. Next time, come over for an ultrasound. The child will come back in August.”

Doctor Jiang used a black pen to write down the detailed notes for the couple in front of him. Then, he reminded the couple, the pregnant woman's husband.

"Yes, yes, yes! Thank you, doctor! Thank you, Doctor!" The pregnant woman's husband bowed to doctor Jiang with an excited look.

"You're welcome. Remember to bring this notebook with you next time you come here." Doctor Jiang handed the notebook in his hand to the pregnant woman's husband.

Just as Doctor Jiang handed the notebook to the pregnant woman's husband, he saw Si Yi entering the clinic with a piece of paper in his arms.

The cloud-shaped paper had just been tested at Doctor Jiang's clinic.

Doctor Jiang had just seen that the cloud-shaped paper was young and beautiful, but she was pregnant. The father of the child had not come with her, so he shook his head regretfully.

He really did not know what kind of scum had ruined this good little girl.

Therefore, when doctor Jiang saw Si Yi entering the clinic with a cloud-shaped paper in his arms, he was still in a daze for a moment.

What... was going on?

Wasn't he ruined by an unfaithful man?

"Are you here for an abortion? You're still young. Don't be afraid until you're pregnant. You Won't be able to get pregnant if you do too many abortions! Aye, young people nowadays..."

"What date do you plan to set for the abortion? I'll arrange it for you."

Doctor Jiang shook her head and picked up her black pen. She wanted to set an abortion date for Yun Jian.

Most of the college students she had seen were girls who came alone to have an abortion. Of course, they also had boyfriends who came with them to have an abortion.

In just one year, there were many girls who had had three or four abortions.

Doctor Jiang had seen many of them.

When the couple heard doctor Jiang's words, they glanced at Yun Jian and Si Yi with a strange gaze.

Si Yi put down the Yun Jian and hugged the Yun Jian in his arms as if he was protecting a treasure.

When doctor Jiang wanted to register the date of the abortion, Si Yi's eyes flashed. He said bluntly, "You're a doctor. Tell me how to settle the fetus."

Chapter 2028: guaranteed her good health

“I’m not free for the next two days. You can choose the date of the abortion after the day after tomorrow. I’m Going Out Tomorrow and the Day After Tomorrow... an? An Abortion? You want an abortion! ?”

Doctor Jiang had originally taken out his own plan book and marked out the time for Yun Jian to have an abortion so that Yun Jian and Si Yi could choose a specific date.

But who would have thought that Si Yi would actually say that he wanted to... have an abortion?

Have an abortion! ?

Is this for real! !

Nowadays, it was a very common thing for university students to date. University couples could be seen walking on the streets, holding hands and walking past sweetly.

Similarly, university students did not have enough experience in life and yearned for an adult’s life. Therefore, there were a lot of girls who stole the forbidden fruit and did not know how to protect themselves.

This also led to the fact that in recent years, university female students secretly came to perform abortions, accounting for the vast majority of abortions in the hospital in a year.

In doctor Jiang’s words, they had the guts but did not have the guts.

They also had to hide it from their parents, classmates, and teachers and secretly go to the hospital to perform abortions.

In a better situation, it was the boyfriend who accompanied them to perform abortions. In a worse situation, it was the girl who secretly came to the hospital alone to bear all the responsibility.

Doctor Jiang had worked in the gynecology department for many years. He had seen this kind of thing many times and was used to it.

There were many college students who came to have an abortion.

Her boyfriend accompanied his girlfriend to have an abortion and urged the girl to have an abortion quickly. He was afraid that if the girl did not have an abortion, he would be blamed for it. There were countless boys.

However, doctor Jiang had never seen a man like Si Yi. When he walked into the clinic, he did not ask eagerly when he could have an abortion. Instead, a hint of nervousness appeared on his handsome face. He asked how to have an abortion!

“Are you... really sure that you want to have an abortion?” Doctor Jiang repeated, “Are you really sure that you want to have an abortion instead of an abortion?”

“Yes, I’m sure.” Yun Jian nodded.

Although Yun Jian did not want to tell Si Yi that he was pregnant, Yun Jian had never thought that he would have to have a child after he got pregnant.

To Yun Jian, since the child was here, he had the right to come to this world.

It wasn't easy to be a person, but he didn't even give the child a chance to be a person. Parents like that weren't fit to be parents for the rest of their lives!

Doctor Jiang touched his forehead with a look of shock. The couple opposite him also suddenly revealed a look of shock.

To be honest, Yun Jian and Si Yi's reactions were very different from ordinary university students.

They were actually going to give birth?

One had to know that the financial resources of college students were basically from their parents. Those who were more independent would at most go out and take up some idle jobs to earn some extra income.

However, giving birth to a child and raising the child was a very expensive thing. How could it be so simple?

"Young people, I'm just giving you a reminder. It's not easy to raise a child these days. You're still young. It's not easy to raise a child. Not only do you have to take care of the child, but you also have to support the child financially. You're still young..."

"Is it true that you intend to have the child?"

Before the Ginger Doctor did not give the university student who comes to abort good face to see, but now she changed his fierce expression, with gentle voice to cloud paper exit.

Whether the child can be born or not, just look at the performance of cloud and Si Yi, Dr. Jiang is a burst of appreciation.

But appreciation is one thing, man must be realistic.

Initially, doctor Jiang and the couple thought that the biggest problem for Yun Jian and Si Yi to have a child was money.

Without money, how would they be able to support the child?

However, the moment doctor Jiang finished speaking, Si Yi suddenly spoke. He did not move, but he was unwavering:

"Prescribe the abortion medicine. You can prescribe the price as you wish. As long as you guarantee the health of her and the child, I will pay whatever the price is."

Chapter 2029: A blunder. Protect your safety

He would pay any amount of money...

Could This man be a rich second generation?

So Rich?

What doctor Jiang said just now was all about a theme.

She thought that Yun Jian and Si Yi were both college students. They were so young, but they actually had to take care of children?

Of course, it was okay to have children when they were young.

But now, students like Yun Jian and Si Yi were still children and were still in college. Normal College students relied on their parents for their daily expenses. Other than earning some extra money, they had no other income.

One had to know that the most important thing to raise a child was money.

Money for milk powder, clothes, baby supplies, and so on. Which one of them didn't need money?

Raising a child from a young age not only cost a lot, but it was also physically and mentally tiring.

Of course, money was the most important root.

Not to mention that doctor Jiang was superficial, the fact was that without money, you couldn't do anything, let alone raise a child into an adult.

However, doctor Jiang and the couple sitting across from doctor Jiang were shocked by his words.

As long as Yun Jian and the child's health could be guaranteed, he would pay any amount of money?

On second thought, Luo Siyi was the second generation of a rich man. He had a father who was so rich that he could not count. It was not uncommon for his girlfriend to be pregnant.

Perhaps the second generation of a rich man only wanted to find a girl to have a child with and did not want to marry her?

Doctor Jiang shook her head and did not think about this anymore. She wrote down some fertility drugs for Yun Jian in her notebook.

In 2002, in this era, the doctors in the hospital did not have such high-tech prescriptions as they did now. Nowadays, as long as the prescription was entered into the computer, the patient could just take the visiting card and swipe the card.

In this era, the doctors wrote down the prescriptions on the notebook of the hospital. Then, they asked the patient to take it to the cashier to pay for the medicine.

After doctor Jiang finished prescribing the medicine, he carefully reminded Si Yi of some things that pregnant women should pay attention to. Then, he passed the medical books to Si Yi.

"During the first three months of pregnancy, remember not to have sex. Otherwise, it's very likely to cause miscarriage. After four months, don't do it too frequently..."

Si Yi remembered every word that doctor Jiang said clearly.

This was a major event related to his family's little jian and his child's health. Naturally, he had to listen carefully.

However, just as Si Yi and Yun Jian listened in great detail and were beginning to look forward to the arrival of the child.

A medical staff rushed in from outside the door.

This medical staff rushed into doctor Jiang's clinic. The person who came had a stack of data sheets in his hand. He shouted at doctor Jiang in shock, "Doctor Jiang!"

"Doctor Jiang, doctor Jiang, there's been a mistake! There's been a mistake just now! That female university student named Yun Jian isn't pregnant! There's been a mix-up with the data of another female university student! The one who's pregnant is another female university student!"

Yun Jian and Si Yi's eyes flashed with a deep glint when they heard this.

Not Pregnant?

"What's going on?" Doctor Jiang was also shocked. Then, he stood up and asked.

...

Fifteen minutes later, doctor Jiang gave Yun Jian and Si Yi a deep bow and apologized. He said that the ultrasound machine had been mixed up with the data of a college girl not long ago.

The one who was pregnant was not Yun Jian, but the other college girl.

Yun Jian was a little disappointed when he heard the news, but he heaved a sigh of relief.

After all, it was too sudden to be the mother of a child.

It was the wisest choice to welcome the child when he was prepared.

Si Yi frowned. He looked sideways at doctor Jiang and repeated, "You're not pregnant?"

"Yes, your girlfriend isn't pregnant." Doctor Jiang nodded.

He originally thought that Si Yi was really good to Yun Jian, which was why he said that Yun Jian would give birth to a child.

However, doctor Jiang looked at Si Yi's expression and felt like he wanted to kill him.

Could it be that he was a second-generation rich man who wanted his girlfriend to give birth to his child? Now that he knew that his girlfriend was not pregnant, he was going to lose his temper?

Doctor Jiang Sighed.

In the future, this girl named Yun Jian would most likely..? ... fall out of favor with men, right?

However, just as doctor Jiang thought so, Si Yi grabbed Yun Jian into his arms. He asked her to place her head on his chest. In front of Doctor Jiang and the medical staff, he said softly to Yun Jian,

"Xiao Jian, whether you are pregnant or not, I will protect you with my life!"

Chapter 2030: Invitation Letter to an underground gang

Si Yi's words were warm. After hearing the letter, the disappointment in his heart was filled with warmth.

To be honest, it was impossible for Si Yi not to be disappointed.

However, he thought about it and realized that his little piece of paper was still small. If he really allowed her to have a child so early, then he would have snatched away the youth of his little piece of paper.

Moreover, early pregnancy was not good for a woman's body.

When he thought about this, he felt relieved.

Don't ask Si Yi how he knew that early pregnancy was not good for a woman's body. Doctor Jiang's outpatient clinic was a gynecological outpatient clinic. There was a wall sticker on the wall beside doctor Jiang that contained common knowledge about pregnancy.

Early pregnancy was not good for a woman's and her baby's development.

Of course, if she got pregnant unintentionally, abortion would be more harmful to her health. Naturally, Si Yi would never let Yun Jian do that.

But now that she didn't get pregnant, she could only say that she was a little disappointed.

Hearing Si Yi's words, Yun Jian was touched. In front of Doctor Jiang, she reached out her hand and grabbed his big palm. She nodded heavily and said, "Okay!"

No matter what happened, she would stick with him!

...

Doctor Jiang had seen so many couples, but he had never seen anyone like Yun Jian and Si Yi.

Knowing that they were pregnant, both of them decided to give birth.

Moreover, both of them were college students. The man did not urge the woman to have an abortion. On the contrary, when Si Yi found out that Yun Jian was pregnant, he carried her in carefully with a face full of joy.

After he found out that Yun Jian was not pregnant, Si Yi said something like that again.

He said that he would protect her with his life.

These words were not filled with fighting spirit or exaggerated by wind and rain. They were very ordinary and simple, but they could make one's heart feel warm.

It was the first time that doctor Jiang had seen such a sincere love. Doctor Jiang was really shocked.

Before Yun Jian and Si Yi left the clinic, they accidentally caught a glimpse of the name of the girl who had accidentally switched with them and was really pregnant. Yun Jian was not unfamiliar with that girl's name. It was actually —

Mo Lianhua!

...

After leaving the hospital in a state of shock, Si Yi saw that Yun Jian was also hungry, so she dragged Yun Jian to a nearby restaurant to eat.

In the next two days, Yun Jian took two days off. She stayed with Si Yi for two days and went to some places near the university town to play. Their lives were no different from that of ordinary couples.

Of course, Si Yi did everything that he should have done.

But during this time, Si Yi did everything he could.

It was better to wait for the two of them to get used to it. His little jian would grow a little bigger and have more children.

Two days later, Si Yi returned to the dark soul group as scheduled.

Yun Zhi, who had taken two days off, also returned to school to study.

His monthly period, which had not come for more than a month, returned to Yun Zhi as scheduled.

At that time, Yun Zhi realized that his stomach had shrunk again.

Thinking about it carefully, before Gu Nianzhi had dragged her to try on clothes that day, she had eaten the whole street along the way.

She had eaten so much that her stomach was about to burst.

There was a reason why their stomachs had grown so big...

...

In the dormitory.

Her roommate, Miao Li, held an invitation card and handed it to Yun Jian, who had not returned to her dormitory for two days. "This is for you. The Invitation Card for Tomorrow Night's Black Market Gala was sent from the people of Jiang City's underground black market.

"A lot of girls and boys from our school have been invited to participate. It's said that tomorrow night, we'll be able to see underground car races, boxing matches, and other things that we normally don't see.

"Most of the people from the school are participating. You should go too."

Ever since they found out that Yunjian High School was a military school, apart from Zhu Huili, the other two roommates, Miao Li and Xi Xiujuan, treated Yunjian much friendlier.

"Yunjian, let's go together! Most of the students from the school are participating. It's said to be a big event! We'll be able to see a lot of things!"

Zhu Huili was currently washing her feet. When she saw Miao Li pass the invitation letter to Yun Zhi, she quickly spoke up.

Jiang City's underground black market, which was also a gang?

Yun Zhi narrowed her eyes. Coincidentally, she was going to set up a plan in Jiang city two months later to eradicate the emperor rebel organization in one fell swoop.

If she could rope in the power of Jiang City's underground gang, there would definitely be benefits and no disadvantages!

Yun Zhi took the invitation letter from Miao Li and nodded at Zhu Huili. "Mm."
