

## Schoolgirl 2121

### Chapter 2121: the body of the god of destruction was exposed

Hearing di Lin's words, Leng Mei rolled her eyes. She had a premonition that her waist would be so sore that she would not be able to feel anything for the next month because of her attempt to escape...

Oh God, she did not want to...

...

The next morning, Yun Jian woke up lying on Si Yi's chest. After waking up, she was not in a hurry to put on her clothes. Instead, she automatically wrapped her arms around his chest and closed her beautiful eyes.

Si Yi had actually woken up early. He felt that his little Jian was hugging his chest and sleeping so soundly, so he did not move. He was afraid that he would disturb Yun Jian's sleep.

He slept until eight o'clock in the morning. Yun Jian did not even go for a morning run.

When the two of them woke up, it was just time for breakfast.

Yun Jian stayed at home for the past two days and spent time with Si Yi.

Occasionally, Little Yun Zhu would bring Duan Li and Duan ya over to play with Yun Jian and Si Yi. However, Little Yun Zhu and Duan Li and Duan Ya had recently made a group of friends. As soon as the time for the group of friends to play was up, they would go out.

The children were innocent and very cute.

Yun Jian had now completely treated Si Yi as his own man. The two of them did not hide anything.

Therefore, Yun Jian also told Si Yi about the discovery of his body in his previous life.

Hearing this, Si Yi frowned slightly.

After all, it was Yun Jian's body from his previous life, and he had not started to study it yet. If it was used by those researchers to study the body, it would definitely not be appropriate.

Who would want their body to be touched by others?

Fortunately, he had not started to study it yet.

After all, it was the original body of Xiao Jian.

"I'll send someone to snatch her back," Si Yi said.

"Don't, I'll do it myself. If I can keep it quiet, then I won't," Yun Jian said.

Si Yi would never reject Yun Jian's decision.

...

After staying at home with Si Yi for two days, Si Yi returned to the dark soul organization, while Yun Jian returned to Jiang City University.

On the long-distance bus back to Jiang City, Liang Xiu Min, who was traveling with Yun Jian, had a bitter expression on her face. She looked as if she had a lot on her mind.

Halfway through the ride, Liang Xiu Min asked Yun Jian:

“Yun Jian, tell me, if a guy says that he likes you, but he fights with other guys and girls every day.

“Not only do you have to give him money, but you also have to treat his friends to dinner and go to bars every day.

“This kind of guy wants you to hand yourself over to him. Will you agree?”

The guy that Liang Xiu Min was talking about was definitely her boyfriend, Jin Yu.

Yun Jian could tell that Liang Xiu Min’s boyfriend, Jin Yu, was most likely asking to have sex with Liang Xiu Min.

“No,” Yun Jian refused decisively.

“Why?” Liang Xiu Min asked, puzzled.

“Protect yourself, or you’ll regret it.” Yun Jian didn’t give a reason, so she only said these words to Liang Xiu Min.

After Liang Xiu Min heard it, she fell silent.

At that time, Liang Xiu Min had never thought that Yun Jian’s words would change her life.

...

After Yun Jian returned to school, he returned to his usual life.

In the past few days, the most sensational news was that the Dong Fang University Grass, which had placed 99 roses to show love to Yun Jian, had its legs crippled by an unknown person. It would be difficult for it to walk in the future.

Needless to say, it was definitely Si Yi who did this.

And these were not the things that Yun Jian was thinking about.

At this moment, Yun Jian planned to take a few days off to go to the tomb of Marilyn in the M Nation.

However, plans could never keep up with changes.

This day, Yun Jian and Zhu Huili arrived at the classroom very early. They saw that the students in the class were already in position.

A few people were holding a newspaper and shouting exaggeratedly.

When they saw that Tian Yunjian had arrived, the classmates were still talking about their own matters.

At this moment, a classmate was holding a newspaper and shouting in shock:

“Oh my God! Shock! Shock! I heard that something big has happened internationally! The number one agent on the international spy rankings, the God of destruction, is dead!”!

“The human corpse is in country M’s Maria’s tomb. I heard that it has been dead for a long time and the corpse hasn’t rotted yet!”!

“Now that countless international bigwigs have heard the news, they have formed teams to snatch the person...”

### **Chapter 2122: of the Archaeological Society set out together**

“I heard that this news was leaked by someone, but I don’t know how true it is. I’m shocked! I’m too shocked!

“The newspaper said that after the international group of people from all walks of life heard this news, they didn’t even have time to consider the authenticity of this matter before they all rushed to the tomb of Marilyn!

“That Sha God, who is ranked number one on the international spy rankings, is too awesome! Just because someone spread the rumor, they didn’t even confirm that it was Sha God himself! Those people all rushed to the tomb of Marina...”

“Moreover, according to the photo released by the news, that Sha God, who is ranked number one on the international spy rankings... is only 16 years old! ?

“Aiyo, aiyo, this is too shocking! My Brain can’t take this blow!”

This student’s loud shouting attracted the attention of many students in the class.

However, the student held the newspaper, and before he could exaggerate further, the newspaper had already been taken away from his hand.

Yun Jian held the newspaper and read the contents of the newspaper from top to bottom.

According to the newspaper, the female body found in the tomb of Mariana in the M Nation was suspected to be that of Sha Shen, the number one spy in the world. She had been dead for a long time.

The report didn’t mention how long she had been dead.

Obviously, someone was deliberately spreading the news.

After all, Yun Jian had just announced her official return as Sha Shen not long ago.

However, the deaths of assassins and agents were nothing out of the ordinary.

Perhaps Sha Shen had died not long after he announced his return?

The purpose of deliberately not stating the time of death of the female corpse was very obvious.

Someone was spreading this news maliciously!

The fact that the corpse had not rotted was not a concern at all. Right now, the international people were most concerned about the identity of the female corpse. It was very likely that Sha Shen, who was ranked first on the international list of agents!

Yun Jian knew very well that if the identity of Sha Shen was exposed, many people would go to the tomb of Marilyn Lina to find her previous life's corpse in order to find out the truth or to investigate whether the identity of the female corpse was Sha Shen.

Yun Jian originally planned to sneak into the tomb of Marilyn Lina and steal the corpse back.

This was also the reason why Yun Jian did not let si yi send people to snatch the corpse back.

But now, it was impossible to steal the corpse back quietly.

"Hey, I said, Yun Jian, what are you doing? I'm talking nicely! Why did you snatch my newspaper away? Eh, could it be that you are also interested in the matters in this newspaper? Hehe!"

The male student who was holding the newspaper and standing on a high ground and muttering to his classmate about the news in this newspaper was not angry when Yun Jian snatched the newspaper away. Instead, he jumped down from the high ground and looked at Yun Jian with a smile.

However, the cloud tablet only skimmed through the contents of the newspaper before returning the newspaper to the male student and walking out of the classroom.

Zhu Huili saw this and asked, "You have to go to class. Cloud tablet, where are you going?"

"I'm taking a leave of absence," the cloud tablet replied.

Just as he finished speaking, the male student who was standing on the high ground just now stood behind the cloud tablet and shouted at the cloud tablet,

"Hey, Hey, Hey, cloud tablet, you really want to go to the tomb of Marilyn, right? I believe you, don't go!"

"A few friends of the Archaeology Society from my other school have organized a few student groups who are interested in this matter. They said that they want to go to the tomb of Marilyn in country M to explore it. Do you want to join them? Let me announce your name for you! They will set off in the afternoon!"

### **Chapter 2123: If you don't learn how to save yourself, you'll be a burden**

The male student's words successfully attracted Yun Jian's attention.

Yun Jian stopped in his tracks.

"Hehe, I knew you'd be interested in this! Looking at how you usually don't care about ordinary things, I knew you'd be especially interested in some strange things!"

The male student walked over to Yun Jian. As he walked, he snapped his fingers and pretended to be handsome.

“Where are your friends from the Archeological Society?”Yun Jian asked.

“Don’t worry! After this morning class, I’ll bring you to meet my friends from the Archeological Society from other schools at noon!”!

“They’ve gone on more than one expedition! Half a year ago, didn’t an ancient tomb from a thousand years ago be discovered in the northern region of Z Nation? That ancient tomb even made headlines after it was discovered and caused a sensation!”!

“My friends from the Archeological Society are all involved in this! They are the best at this kind of exploration! When the time comes, ask them to bring you along to have fun and broaden your horizons...”

As the male student said this, he couldn’t help but brag a little.

The male student’s name was Tong Zheng Jin. He was quite a nice person. Whenever the student had something to do, he would be the first to step out and help.

“Thank you.”Yun Jian did not say anything else. After hearing Tong Zheng Jin’s words, she only said this one sentence.

Following a group was Yun Jian’s best choice right now.

Why did she say that? Now that her corpse from her previous life had been exposed, those business bigwigs, arms tycoons, and even the people on the assassin’s list., all of them had already stepped out to go to country M’s Maria’s tomb.

She had to rush to the Maria’s tomb as soon as possible.

However, she was too eye-catching to go alone.

Yun Jian had planned to find a group to go to the M country’s Maria’s tomb together.

But now, since Tong Zhengjin had introduced himself to people in the same line of work, she could just avoid looking for people herself.

...

After the morning class, Yun Jian applied for leave and went with Tong Zhengjin to visit his friends from the Archeology Society of the other school.

These Friends of Tong Zhengjin’s Archeology Society of his school were students of Jiangcheng Archeology College near Jiangcheng University of Electronics and technology.

Jiangcheng Archeology College was a university. As the name implied, the students here would all be archeologists in the future.

And the students of the Archeology Society of Jiangcheng Archeology College were all top-notch talents of Jiangcheng Archeology College.

The female corpse incident this time was not the research area of the archaeology students, but they were all very interested. The most important point was that the female corpse was stored in a tomb.

Therefore, the students of the Archaeology Society asked for leave from the school to study the female corpse under the name of going to the tomb of Country M's Marilyn.

Tong Zhengjin knew the president of the Archaeology Society, so he quickly introduced the cloud note to the group of people from the Archaeology Society:

"This is my classmate, cloud paper. She is interested in the matter of you going to the tomb of Marilyn, so can she go with you?"

Tong Zhengjin told the President of the Archaeological Society, Ma Zhixiang.

"Welcome!" The President of the Archaeological Society, MA Zhixiang, welcomed them.

As the President of the Archaeological Society, Ma Zhixiang was quite friendly. He was also tall and thin. He was not particularly handsome, but he was not ugly either. He was a good-looking boy.

The group of people from the Archaeological Society wanted to explore the tomb of Marilyn. Naturally, they couldn't ask all the members of the Archaeological Society to participate.

The volunteers took the bait. That was all.

But there weren't enough people, so Ma Zhixiang, as the President, invited the other members of the archaeology department in his school.

But after all, they were going to explore the tomb. Most people were afraid and didn't dare to go.

Therefore, after going back and forth, he only managed to gather five people.

Including the cloud paper, there were a total of six people.

The other members of the Archaeological Society also expressed their welcome to the cloud paper.

At this moment, a female member of the Archaeological Society who was also participating in the tomb exploration glanced at the cloud paper coldly and pointed out to Ma Zhixiang in public:

"President, this isn't very good, right? To let a girl who isn't from our archaeological academy participate, has she learned how to save herself? If she were to be in danger, would she be able to escape by herself?"

"Everyone in our archeology department learns these things, but what about her? Don't drag us down when the time comes. That would be fatal!"

#### **Chapter 2124: came to country M, near the tomb**

This female member was also a student of Jiangcheng Archaeology Institute, and was also a member of the Archaeology Society.

Most of the students of Jiangcheng Archaeology Institute were from the archaeology department, and there were very few students from other departments studying at Jiangcheng Archaeology Institute.

Therefore, the Society of Archaeology Institute was not like other societies, where you could join as long as you were interested. Students who studied at Jiangcheng Archaeology Institute had to be excellent if they wanted to join the archaeology society.

Outstanding here meant that only those who were outstanding enough to be outstanding enough to be qualified to join the Archaeological Society.

Besides Yun Jian, Ma Zhixiang and the other three were all members of the Archaeological Society. In other words, the five of them were all outstanding members of the Archaeological Society.

The female member who spoke was called Lou Yuyan.

Among the five people who participated in the tomb adventure in the Archaeological Society, Lou Yuyan's overall strength was the best.

The reason why she said that was because they had already explored a place like the tomb.

In the end, they brought a person who didn't have any common sense over there and almost touched the mechanism of the tomb, killing all of them on the spot!

In the end, it was Lou Yuyan who resolved the crisis and saved everyone.

Lou Yuyan's words weren't directed at Yun Jian.

After Lou Yuyan said this, Ma Zhixiang scratched his head. His face was not handsome, but it was not ugly either. Immediately, an awkward expression appeared on his face.

"This... have you learned self-defense techniques?" Ma Zhixiang turned to ask Yun Jian.

The tomb exploration was not like before.

The person who did not know anything almost wiped out all the members of the Archaeological Society who went to the tomb. As the president, Ma Zhixiang naturally had to attach great importance to this matter.

This wasn't a joke!

But Ma Zhixiang wasn't very straightforward in rejecting people. Otherwise, he wouldn't have taken the risk to bring a person who didn't know anything to the tomb.

"Oh right, Zhixiang, ah, she's the new president of the Martial Arts Club of our University of electronic technology that I told you about last time!

"AH, she's amazing! Our former president of the Martial Arts Club, Mo Bufan, is no match for her! So you don't have to worry about whether she'll drag you back or Not!"

Tong Zhengjin patted his own chest and spoke to Ma Zhixiang in a assured tone.

"That's good. Confirm the number of people and set off at two o'clock in the afternoon. If you have anything to do, make use of this time to hurry up." Lou Yuyan let out a sigh of relief after hearing this and spoke to Yun Jian.

Compared to the initial doubts, Lou Yuyan's tone was much more amiable now.

Lou Yuyan had the demeanor of a big sister.

She was tall, about 1.7 meters tall, with a pair of slim and beautiful legs. She wore a pair of black flat-bottomed boots, a clean black button-up shirt, and a pair of black shorts with flesh-colored stockings, even in this weather that was getting closer to winter, she did not feel cold.

Lou Yuyan's looks were not bad, and her facial features were exquisite. However, when she spoke, she had a serious face, giving people the illusion that she was scolding someone.

In fact, she was not bad at all.

"Okay." Yun Jian did not say much but responded.

...

Yun Jian returned to the martial arts club near the school and instructed the members of the club to do their exercises. At two o'clock in the afternoon, he met up with Ma Zhixiang, Lou Yuyan, and the others on time.

The group boarded the bus to the airport. After taking the plane to country M, they turned around and headed to a small village in Country M.

The small village in country M was not poor. Country M was not as big as country Z, and its population was far less than that of Country Z.

In addition, country M's economic development was faster, so the village here had already developed very well in 2002.

Ma Zhixiang rented a taxi, and the taxi brought everyone to this small village.

"Let's Find a place to rest first today?" Ma Zhixiang said.

They still needed to inquire about the location of the tomb of Marilyn. Everyone was new to this small village in the M nation, so they naturally didn't know the way.

Yun Jian and the others nodded in agreement.

"Oh right, which one of you has better English and can communicate with the M nation people as normally as possible? Go and ask the M Nation people passing by where the tomb of Marilyn is. We'll find a place nearby to rest."

In the team, a fat and short boy said.

"Yuyan's English is good. Let Yuyan go. Yuyan translated the taxi just now," a little girl with two ponytails added.

"I learned it in the English school where I just took a taxi. I really don't know how to ask directions..." Lou Yuyan was not proud and said straightforwardly.

"Then what should we do?" The little girl with two ponytails shook her head and frowned.

Just when everyone did not know what to do, a heavenly voice sounded, which was particularly pleasant, "I'll go."

## Chapter 2125: mercenary group came to join in the fun

The one who spoke was none other than Yun Jian.

Yun Jian pursed his lips and spoke.

“Is your English very good?” The loli-like little girl with two ponytails turned her head to look at Yun Jian and asked.

This loli-like girl with two ponytails looked like a junior high school student even though she was already in university. Her appearance and dressing made her look like a junior high school student. Her name was Ye Ling.

Ye Ling. From her name, one could tell that she was a mischievous little girl.

Ye Ling was actually 19 years old, but judging from her appearance, people would believe that she was only 14 or 15 years old.

“She can communicate with the M Nation people normally,” Yun Jian explained.

“Amazing!” The fat boy next to her was called Guo Dongyang. He gave Yun Jian a thumbs up.

As for the other five people, the boy who had never made a sound was nearly 1.9 meters tall. He was quite strong, and his muscular body could be seen through his clothes.

This boy was called Ling Feng. He didn’t like to talk much, and he looked quite mature. He was only in his early twenties, but he looked like a mature man in his thirties.

Ma Zhixiang and the other three didn’t doubt Yun Jian’s words at all.

Since they had agreed to let Yun Jian come with them, in their hearts, they had already treated Yun Jian as one of their own.

Soon, under Yun Jian’s directions, the six of them found a hotel near the tomb of Marilyn.

The tomb of Marilyn was nearby, but it still took one or two hours to walk from the village to the mountain road.

The mountain road was rugged, so they usually had to go there in groups of several people, no exceptions.

Because if you didn’t go there in groups, the villagers wouldn’t allow foreigners to go to the mountain path of the tomb.

After resting for a day, Yun Jian and the others went to the tomb together with several teams from various countries.

Other than Yun Jian and the other six, the other teams were mostly foreigners. Surprisingly, one team was also from Country Z.

Looking at the age of the members of that team, they were all around twenty years old. They were probably from an archeology academy just like Ma Zhixiang and the others.

However, those people looked quite cold. When they were walking on the mountain path, Ma Zhixiang kindly handed the oranges he brought to the team and asked them if they wanted to eat them, in the end, that person directly slapped the oranges that Ma Zhixiang gave to the ground.

Ma Zhixiang had an awkward look on his face, and the two parties ignored each other afterwards.

Yun Jian did not pay attention to this either.

The group continued to walk forward.

The mountain path was very rugged, and some places were even very steep. When they reached the two forks in the road, the group was about to walk towards one of the forks in the road.

The hotel owner gave them a map. This forks in the road was the closest route to the tomb of Marilyn.

Just as they were about to walk there, a few foreigners sitting on a few big rocks at the intersection jumped down from the rocks and blocked the middle of the road.

“We’ll take care of this road. You guys, go to the other road!”The leader of the group said in a ruffian voice. His words were spoken in English.

“Eh? This road belongs to everyone. If you want to take it, just take it. Who Do you think you are?”Another group from Z country, like Yun Jian’s group of six., one of the girls, whose hair was disheveled and dressed in a foreign style, replied to the leader in fluent English.

This foreign-looking girl was called Liu Mengyu. Her companions called her that.

Everyone present could speak English, but they were only proficient and not proficient.

As for Ma Zhixiang, Ye Ling, and the others, they were all university students who had passed the entrance examination.

Generally, they could understand the general meaning of English, but they didn’t know how to speak it.

After the foreign Liu Mengyu finished speaking, a few ruffian foreigners walked to the side.

Seeing this, Liu Mengyu turned around and revealed a smug smile to her companions. At the same time, she used a sidelong glance to glance at Yun Jian and the others, full of arrogance and superiority.

However, these ruffian foreigners walked to the side and soon surrounded them again.

What was different from before was that these ruffian foreigners each had a rifle in their hands.

The ruffian foreigner leading the group laughed and said, “The road is ours. Whoever dares to walk, die!”

Seeing the foreigner who suddenly took out his weapon, Liu Mengyu realized that these foreigners were no longer ordinary people. She was so scared that she sat on the ground and crawled back a few steps.

Seeing this, the ruffian foreigners nodded and smiled contemptuously.

However, just as everyone was disheartened and was about to take a long detour, the few ruffian foreigners looked at the few people in front of them with disdain. A beautiful female voice rang out with a feeling that made one's soul tremble violently, it spread throughout the entire scene:

"I'm really sorry. I never knew that my corpse's charm was so great that it even attracted the people from your gale mercenary group to come and join in today's excitement."

"It's... an honor."

## **Chapter 2126:**

My Corpse?

Gale mercenary group? ?

Everyone was stunned when they heard what Yun Jian said.

What did Yun Jian Mean?

What did he mean by my corpse?

Could it be that the corpse in Mariana's tomb was hers?

Was she the number one spy in the International Spy Rankings?

Of course, everyone present did not think so.

Go to hell! Yun Jian was standing there alive. Of course, no one present would have thought of this.

No one present would even think about using a corpse to reincarnate.

The only thing that shocked everyone was how Yun Jian knew that the few foreigners in front of him were guarding the road closest to Mariana's tomb. They were carrying rifles and would not let anyone pass through, they were from the internationally renowned gale mercenary group!

The Gale mercenary group had been mentioned a long time ago. It was an old friend of Yun Jian's disciple, Zhang Shaofeng's father. The uncle he called Zuo Linwei had retired from the gale mercenary group.

After Zuo Linwei retired from the gale mercenary group, he opened a taekwondo dojo.

As for the gale mercenary group, it was different from the ancient massacre mercenary group.

The biggest difference between the two was not the word 'hire'.

Instead, the gale mercenary group was under the control of the International Gale Company. It was a mercenary group formed by the various major allied countries.

Moreover, the gale mercenary group under the banner of the Gale Company was constantly recruiting elites from all over the world. There were many people who wanted to join the gale mercenary group, but the number of people who could enter could be counted on one hand.

The Gu Sha mercenary group was formed by assassins and secret agents. There were obvious differences between the two.

One was similar to an underground assassin group.

The other was a mercenary group that belonged to an international organization. As long as you had the strength, you could join.

And behind the gale mercenary group were the various major alliance countries.

Their power was so great that they couldn't be underestimated.

Yun Zhi didn't expect that after her body as the brake god was exposed, she could actually attract the fierce gale mercenary group's attention.

It seemed that this time, quite a lot of people were alarmed.

However, they still didn't know who the person who spread the news of her body was.

What was the purpose of that person?

"Your Body? What! ?" The foreigner who was carrying a rifle and leading the group was shocked when he heard this. After he was stunned, he looked at Yun Zhi in a daze:

"What! What! How did you know that we are from the gale mercenary group! ?"

These few words were what everyone was suspicious about.

Yun Jian's words not only made them think that they had subdued these foreigners, but also made them feel extremely smug. They didn't expect that Liu Mengyu, who had taken out his rifle, and the people who were with Liu Mengyu and the others were dumbfounded.

It made Ma Zhixiang and the others stunned on the spot.

Even the group of foreigners who came with Yun Jian and the others were shocked by Yun Jian's words.

Seeing that Yun Jian did not reply for a long time, the foreigner who was leading the group with the rifle raised the rifle in his hand and shouted,

"Speak! Speak! Answer my question!"

The way he raised the rifle made it seem as though the foreigner was going to shoot at any moment.

Seeing this, Liu Mengyu who was standing far away was so frightened that she used a sobbing tone. She was afraid that she would be dragged down as she shouted at Yun Jian,

"Speak! Why did you provoke him! If you provoked him, then speak! Don't drag us down with you! If you want to die, then go by yourself!"

Liu Mengyu's words caused the corner of Yun Jian's brows to raise slightly.

At that time, Yun Jian walked two steps towards the leading foreigner. She said softly,

"That corpse... Is Me..."

After saying that, Yun Jian suddenly took a big step and rolled towards the flat ground. She rolled and dodged. She tilted her head to avoid the muzzle of the leading foreigner's rifle that was focused on her.

In a flash, Yun Jian arrived behind the leading foreigner.

Without waiting for the leading foreigner's foreign subordinates to point their rifles at her, Yun Jian used her elbow to push the leading foreigner's wrist.

The leading Foreigner's hand went soft, and the rifle in his hand fell to the ground.

Before the rifle fell to the ground, Yun Jian hooked it with her hand and raised it with one hand in the correct position.

She hooked it with her foot and stomped the leading foreigner on the ground.

She slid the smooth barrel on the top of the pistol and pushed the first bullet into the barrel. Yun Zhi lowered the long rifle with her hand and pointed the muzzle at the head of the leading foreigner lazily.

This series of actions only lasted for three seconds.

Three seconds later, Yun Zhi had already stepped on the leading foreigner and pointed the muzzle of the rifle at the head of the leading foreigner. While everyone was shocked by Yun Zhi's series of actions, Yun Zhi's voice continued what she had said earlier, the voice sounded faintly, giving off a creepy feeling:

"I took a fancy to that corpse, so she is mine!"

### **Chapter 2127: was as mysterious as she was, unfathomable**

That corpse was the one she had taken a fancy to, so it was hers!

Yun Jian's words caused the people who were shocked by Yun Jian's words of "My corpse" to have a flash of misconception.

However, Yun Jian's actions just now were too shocking. When she faced the leading Foreigner's rifle just now, not only was she not afraid, but she used the gap between her answers to make the foreigner interested in her words to pounce over, in just three seconds, she snatched the rifle from the foreigner's hand!

Not only that, she even kicked the foreigner to the ground, as if the rifle was just a toy gun. She loaded the gun and the rifle slipped out of her hand, the muzzle of the rifle was pressed against the head of the leading foreigner.

It was as if everything was within her expectations.

But she was only an 18-year-old girl!

While everyone was stunned, they couldn't help but think of this point.

At that time, whether it was Liu Mengyu who initially wanted to show off but failed, or Ma Zhixiang's group of five, or the few other foreign teams that came with them.

Or even the subordinates of the leading foreigner who was stepped on by Yun Jian and had the muzzle pointed at his head.

At this moment, no one's face didn't show shock and fear.

Shock, shock, and so much so that their entire bodies were trembling.

The expressions of everyone present were all different, but without exception, they were all shocked by Yun Jian's soul-shaking skills.

Who was this girl! !

Ma Zhixiang, Lou Yuyan, and the others, who knew that Yun Jian was the president of the Martial Arts Club of Jiangcheng University of electronic technology, were all shocked.

She was just the President of a martial arts club, but she knew how to use a gun?

Judging from her proficiency in using a rifle, it was as if she could pull the bolt and load the gun even if she closed her eyes.

Her shocking skills and the speed of her gun were so fast that her opponent had no chance to react.

It had to be said that very few people were able to fight against Yun Jian!

And those who were able to fight against Yun Jian were undoubtedly the most famous people in the world.

Ma Zhixiang and the others were just ordinary university students. Naturally, they would not have thought of this.

Just as everyone was puzzled and shocked by Yun Jian's actions just now, Yun Jian's faint words rang out again, "Put down the guns in your hands immediately, or I will kill your regiment commander."

After saying that, Yun Jian raised the rifle in his hand. The muzzle of the rifle was aimed at the head of the foreigner in front of him, showing signs that the gun had almost gone off.

Seeing Yun Jian's action, the group of men holding rifles beside the foreigner in front of him immediately put down the rifles in their hands.

In the gale mercenary group, their sense of teamwork was very strong.

Unlike the assassin world that Yun Jian was in, the teammates standing behind him could stab him at any time.

At the same time that the leader of the foreigners put down the guns in their hands, they couldn't help but be shocked and cursed in their hearts:

F \* ck, what the hell! What kind of background did this little girl have! She actually knew that their gale mercenary group was divided into several teams.

Moreover, the leader of their small team was not called a leader, but a leader!

The foreigner who was stepped on by Yun Jian was the leader of their small team!

The leader was always the strongest person.

Facing Yun Jian who understood their background so thoroughly, the subordinates of the foreigner quickly put down the guns in their hands and tactfully stopped attacking.

This little girl was too terrifying, and she seemed to know a lot about the internal affairs of their gale mercenary group.

They... couldn't beat her!

In the end, Ma Zhixiang and the others followed Yun Jian and strutted along the path that had just been blocked by the gale mercenary group. At first, those gale mercenary group members who had guns in their hands didn't even dare to fart.

Until Ma Zhixiang and the others followed Yun Jian and walked far away, they still hadn't recovered from the shock just now.

### **Chapter 2128: On the back the sound of gunshots could be heard**

Ma Zhixiang and the others followed Yun Jian for a long distance before they recovered from their shock.

"Oh no, my God, Yun Jian, how did you do that just now? ! Do you know that your posture just now was so cool? From now on, Guo Dongyang, a member of the Archeology Society of our Archeology Academy, Will Be Your Underling and will be at your disposal!"

Guo Dongyang opened his mouth, which had white lips and teeth, and smiled at Yun Jian. Then, his big and fat body shook up and down.

Guo Dongyang was a fat man in name only. He looked fat, but in fact, he was even fatter. The fat lumps on his body were tightly attached to his body.

However, Guo Dongyang was a very cute fat man.

The fat lumps on his body did not make people feel nauseous. On the contrary, they had a kind of chubby cuteness.

"Fatty, you? Little Brother? Come on, Yun Jian doesn't want you!" Ye Ling swung her two ponytails and made a face at Guo Dongyang with a smile.

"What? So what if I'm Fat? Fat proves that I can eat! My body is good, so I can eat! Give me a fulcrum, and I can eat until your house is Broke!" Guo Dongyang shook his stomach as he walked, his face full of pride.

This action made Ye Ling laugh out loud, making her giggle. She laughed so hard that she almost choked on her own saliva.

"Fatty, why are you so funny! Are you trying to make me laugh to death!" Ye Ling laughed, but in the end, she couldn't hold it in anymore. She held her stomach and laughed as she walked forward, unable to stop.

“Aren’t you annoying! You guys are the only ones who have a lot to do!” Seeing that Ye Ling and Guo Dongyang were laughing and laughing along the way, Liu Mengyu, who was very concerned about her image, brushed her loose shoulder and long hair and spat.

“Hey, we’re talking. We’re talking about ourselves. It doesn’t bother you, right? We’re not taking your path, and we’re not taking your place!

“Moreover, if you’re on our team, you can only obediently take the long way! If you’re not happy, you can take the Long Way yourself! You really F \* cking think that we have to take you all the way!”

Ye Ling was not someone to be trifled with. When she heard Liu Mengyu’s words, she immediately retorted, not giving him any face at all.

Ye Ling was direct, but as a living person, she should be like Ye Ling. If someone scolded her, she would use her mouth to bombard the other party until she surrendered.

Don’t say that she was embarrassed to retaliate.

Think about it from a different perspective. The other party had the nerve to bully you, so what right did you have to be embarrassed to retaliate?

So what if she had a falling out? If the other party dared to bully you, it meant that she had a falling out first. Why would you show mercy to the other party?

“Ye Ling, well said! I support you!” Guo Dongyang heard ye Ling’s words and stood out to say loudly. At the same time, he used the corner of his eye to gouge Liu Mengyu.

This gouge made Liu Mengyu angry.

“Didn’t you guys just borrow that woman’s Light? What’s so great about it! ! Do you think you’re very powerful? I think that woman is just so-so! Isn’t she just saying a few words randomly? Does she really think she’s a God! ?” ! Hur

Liu Mengyu wasn’t someone who would swallow her anger. She kept calling her “That woman” and quarreling with Ye Ling and Guo Dongyang. She even used her eyes to gouge out the cloud paper from time to time, as if the cloud paper had done something to her.

Just as Liu Mengyu was clicking her tongue, Yun Jian, who had been silent all this time, suddenly said, “Shut up, there’s gunshots.”

“Where did the gunshots come from? The gunshots were so loud, why didn’t we hear them? Are you trying to prove and show that you were very powerful just now?” Liu Mengyu glanced at Yun Jian from the corner of her eyes.

Who knew that just as she finished speaking, there was a terrifying series of gunshots coming from the back of the mountain in front of them.

“Bang, Bang, Bang –”

“Bang, Bang, Bang –”

“Bang, Bang, Bang –”

## Chapter 2129: the name of the God of destruction, Bloodbath

The gunshots rang out one after another. This place was quite a distance away from where the gunshots came from. If one walked over there, they would probably hear the deafening sound of the gunshots.

“What... What’s going on... What, what’s going on...”

The moment she heard the gunshots, Liu Mengyu, who was so powerful just a moment ago, immediately grabbed the sleeve of a boy who came with her, trembling with fear.

Although Ma Zhixiang, Ye Ling, Guo Dongyang, Lou Yuyan, and Ling Feng were also afraid of the sudden gunshots, their reactions were many times better than Liu Mengyu’s.

“Why, why do all the people here and here have guns...” Liu Mengyu was so scared that she grabbed the sleeve of a boy who came with her, scared half to death.

“There’s a gunfight ahead,” Yun Jian ignored Liu Mengyu and said indifferently.

After Yun Jian finished speaking, everyone present was slightly stunned.

“Gunfight? Why is there a gunfight? Didn’t everyone come here to see the female corpse that won’t Rot? I’ve only heard that some people want to snatch that female corpse...”

“But if that’s the case, it would be fine if everyone competed fairly. Why did they have to shoot...”

Liu Mengyu was already trembling with fear. At this moment, one of the girls in Liu Mengyu’s team was less than 1.5 meters tall and was about the same height as a child. According to the golden ratio of their figures, they would only be able to see.., the girl with the perfect figure also spoke softly with slight fear.

However, just as the girl finished speaking, she was interrupted by Yun Jian.

“Fair competition? These four words belong to a society ruled by law. I’m sorry to tell you that this is not a place that you are familiar with. Are You Dreaming if you still want to have a fair competition here?”

It was not difficult to see that whether it was Ma Zhixiang and the others, or Liu Mengyu and the others, they did not know what kind of place they had come to.

Perhaps they were still heading to an ordinary tomb, with the idea that the treasure would belong to whoever found it first.

However, what they did not know was that the people who came to fight for the corpse in Marina’s tomb this time were all international wanted criminals, international business bigwigs, underground gangs, killer organizations, and mercenary groups.

These people treated human lives like dirt!

“Could it be that the others who came here are all here for the female corpse? And I heard that the female corpse is the No. 1 spy on the international spy rankings, Sha Shen... is the sensational power of Sha Shen So Big in the world? !”?

“It’s just a news report that said that the female corpse is suspected to be the No. 1 spy on the international spy rankings, and those people all rushed here to find out?”?

“They didn’t even enter the tomb, and just to snatch the number one spy, they started shooting and killing? And they still treat human lives like grass!”

Ma Zhixiang was indeed the president of the Archaeological Society. He had a smart brain. He immediately spoke up and asked this question in shock.

It was just the corpse of the number one spy on the international spy rankings, and they didn’t even know if this news was true or false. Yet, those top figures in the international world who used knives and guns all rushed over to check it out?

Just what kind of existence was Sha Shen? !

Ma Zhixiang, Liu Mengyu, and the others were all students. Although when they heard of Sha Shen, who was ranked number one on the international spy rankings, they would feel a trace of fear.

However, they were all university students after all. They definitely didn’t know what kind of status Sha Shen had in the international world.

The above words were spoken by everyone in Chinese.

The foreigners in the few teams standing next to them probably didn’t understand Chinese.

However, when a foreigner with half a face covered in a beard heard Ma Zhixiang’s words, he couldn’t help but stand up and speak in Chinese. The moment he spoke of Sha Shen, this foreigner was so serious that he was filled with respect.

And every word that the foreigner said caused everyone present to be shocked and resonated:

“Sha Shen, who is ranked first on the international spy rankings, is an existence that makes the entire world tremble!

“Sha Shen, that is a figure that shocked the entire world with the bloody night incident a few years ago!

“Those who are targeted by Sha Shen will definitely die!

“If we were to talk about Sha Shen’s most famous incident, it would definitely be the bloody night incident a few years ago!

“Back then, Sha Shen was still not ranked first on the international spy rankings. Due to her extraordinary strength, she was ranked in the top ten of the international spy rankings, and she was also ranked in the top ten of the international assassin rankings.

“A total of 20 people at the peak of the international rankings were fighting Sha Shen alone.

“Do you know how the final outcome was!

“Sha Shen single-handedly wiped out the ranking of the international spy assassin rankings, killing the 20 people at the peak on the spot!

“This is the famous bloody night incident! Do you think that the death of such a terrifying figure would not stir up trouble? !”

### **Chapter 2130: reclaiming the body of her benefactor, Sha Shen**

As the foreigner with half of his face covered by a black beard spoke, his hands trembled as if he was recalling a terrifying and indescribable incident from the past.

Reality proved that the foreigner’s words refreshed MA Zhixiang and the others’ understanding of Sha Shen, as well as Liu Mengyu and the others’.

“The twenty people at the peak of the International Spy Killer List joined forces to fight against Sha Shen alone and lost? How Strong Must Sha Shen Be? !”? Doesn’t the position of number one on the International List of Secret Agents belittle Sha Shen’s strength? !”

Ma Zhixiang reacted quickly and exclaimed at the same time.

The top 20 on the international list of secret agents had all died. Naturally, the top 20 to 40 on the international list of secret agents had to be filled in.

Of course, there would be a few dark horses that came out, but the strength of these people would definitely be weaker than the 20 people that were killed by Sha Shen during the Bloody Night Incident!

Otherwise, their rankings would not be lower than those 20 people!

In that case...

Wouldn’t Sha Shen be invincible in the world! ?

“You can say that!”The foreigner whose half face was covered by a black beard nodded in response in front of everyone.

“Aren’t you going to hide? ! What philosophy are you still talking about? ! There’s a gunfight ahead!”Liu Mengyu held the hand of the boy who was with him tightly, his face as pale as a sheet.

“The center of the gunfight is the entrance of the tomb of Mariana. I think you’re all college students, so don’t get involved in this matter. Bullets have no eyes, and if you come, you’ll die!”!

“Run to the hillside over there. The hillside over there can hide from bullets. You guys go there to hide first!”

The foreigner with half of his face covered by a black beard pointed at a hillside not far away and said solemnly to Ma Zhixiang, Liu Mengyu, and the others.

As he spoke, the foreigner with half of his face covered by a black beard, so much so that no one could see his appearance and age clearly, suddenly pulled out a pistol from his waist in front of everyone.

Then, he frowned and said to the few foreigners who came with him in their own language, “Dig out your weapons! Good brothers, Let’s Go!”

This foreigner whose face was half covered by a long black beard was actually not very old, only a little over thirty years old. This foreigner was from country W, but he looked a little older, and he also had half a face of a black beard.

His appearance and age were much older than his real age.

Seeing that the foreigner actually took out a pistol from his waist, Liu Mengyu, who had always thought that this group of foreigners were just ordinary people like his group, cried out in fear.

Liu Mengyu grabbed the sleeve of the boy who came with him and retreated once again.

“Guns, this group of foreigners also have guns!” Liu Mengyu was like a country bumpkin entering the city. Seeing this group of foreigners taking out pistols from their waist one after another, his whole body suddenly trembled in fear.

Ma Zhixiang and the others also never expected that this group of foreigners who had been traveling with them just now, who had been silent all along, actually hid pistols on their waists!

However, Ma Zhixiang and the others did not have the exaggerated expressions of Liu Mengyu and the others.

As for Yun Jian, when he saw this group of foreigners who had been traveling with him since the small village taking out their pistols from their waists, his eyes only moved slightly.

Yun Jian’s eyes just moved slightly, but in the next second, he heard the foreigner, whose half of his face was covered by a long black beard, raise his pistol, the leader shouted in English that everyone could understand:

“Today, I, Blake, swear that even if I die here, I will take back the body of our benefactor, Sha Shen, intact and solemnly bury him!”
