

Schoolgirl 2131

Chapter 2131: Blackart died for her

This foreign man with a long black beard and a pair of eyes was called blackart. His long black beard covered half of his face and only his mouth was exposed.

At this moment, blackart held the shiny black pistol in his hand and stood in front of his team. He raised the shiny black Makarov pistol above his head and declared with an imposing manner.

He looked like he would rather die than surrender.

“We vow to take back our benefactor, Sha Shen’s corpse intact! Till death do us part! We would rather die than surrender! Even if we have to fight until our last breath, we must take back our benefactor, Sha Shen’s corpse! We will never let those international underworld forces take away Sha Shen’s corpse!”

Blackte was obviously the leader of his team. As soon as blackte finished speaking, the group of people behind blackte raised their pistols above their heads and shouted loudly.

For the sake of Sha Shen’s corpse, for the sake of Sha Shen’s corpse not being taken away and humiliated by those people from the underworld.

Even if they had to give up their lives, they would definitely take back Sha Shen’s corpse!

That imposing and imposing aura, as well as the unwavering determination to die, raised to their throats, causing Ma Zhixiang, Lou Yuyan, Ye Ling, Guo Dongyang, and Ling Feng to be present.

Even Liu Mengyu’s team, who were arrogant and did not want to talk to others, felt the aura of Blake and the others.

They would rather die than achieve their goal!

“Good brothers, we are going to attack!” Blake filled his Makarov pistol with bullets. His Makarov pistol could hold a total of eight bullets.

After filling the magazine with eight bullets, Blackte put the bullets that he had hidden in his body, ready to be replaced at any time, into the pocket that was easiest to take out. He was ready to use up these eight bullets at any time, he loaded the bullets into the magazine.

“Go!”

“Go!”

...

Under the command of blackte, the eight people led by blackte rushed to the gun battlefield at the back of the mountain.

“Let’s hurry up and hide on the slope that the foreign gentleman mentioned. The gun battle... has already exceeded the range that we as students can handle. Let’s Go!”

It had to be said that Ma Zhixiang was a very good leader. When he saw danger, he could lead his own team to avoid it in time.

When they encountered danger, he would lead his own team to avoid it. When the time was right, he would lead his team to charge forward. This kind of leader was the most outstanding!

“I will lead the way, you guys follow closely!” Lou Yuyan heard Ma Zhixiang’s words and was the first to step out and walk towards the hillside.

No one knew if there would be an ambush on the hillside. Lou Yuyan’s reaction was the fastest and her observation was the sharpest. That was why she suggested to lead the way herself.

Yun Jian, who was standing in the same spot, only had a deep look in his eyes. He looked towards the direction of Blackte and the others for two more seconds. Then, he followed Lou Yuyan and the others and walked towards the hillside.

When Liu Mengyu and the others saw this, they were afraid of being left behind. They scattered and followed the footsteps of Yun Jian and the others.

Blackte.

If Blackte had not said “I, Blackte” in front of everyone, Yun Jian would not have remembered this person.

In addition, Blackte was different from before. The long black beard that he had left behind covered half of his face. Yun Jian did not recognize him at first sight.

In addition, Blackte was just a small character. Cloud note didn’t have a deep impression, but she still remembered Blackte.

If she wanted to ask who Blackte was, it was a matter of her past life.

In her past life, the brave God saved Blackte and the others and gave them hope and survival.

In fact, Cloud note also saved them for the purpose of saving them. Otherwise, she wouldn’t have bothered to do it.

However, she didn’t expect that this would be a lifelong favor for Blackte and the others.

This favor would allow them to fight to the death to snatch her body away from the bad guys!

Chapter 2132: let’s Get to know each other. My name is David

Yun Jian followed Ma Zhixiang and the others to this hillside first. Liu Mengyu and the others followed closely behind.

Later, a group of foreigners from other teams also followed Yun Jian and the others to this hillside.

This hillside was not high. Yun Jian and the others walked for about ten minutes before they reached the top of the mountain.

At the top of the mountain slope, they could see the scene of a terrifying gunfight that happened a few hundred meters away.

At the top of the mountain slope, they could observe the entire scene of the gunfight and... .. At the center of the gunfight, next to a mountain, was the entrance of the tomb.

The tomb of Marilyn was different from some of the tombs buried underground. It was on flat ground.

Of course, Marilyn's tomb was located in the middle of a mountain. Entering from the entrance of the tomb was equivalent to walking in a man-made cave.

However, it was different from a cave. It was a tomb.

Liu Mengyu followed a group of people to the top of the hill. When she saw that she was safe, she was no longer afraid.

Her cowardly look disappeared in an instant.

Even when she saw Yun Zhi, who had just revealed her edge, follow her up to the top of the mountain slope, Liu Mengyu was momentarily displeased. She pointed at the gun battle scene in the distance and shouted at Yun Zhi,

"Aren't you quite powerful? Why? Are you cowardly now? Why did you come up to the mountain slope with us to seek refuge? Go Down, if you have the guts, then go down!"

Who asked her to reveal her edge in front of everyone just now!

Just as Liu Mengyu finished speaking, the girl who had spoken with Liu Mengyu earlier, who was less than 1.5 meters tall and about the same height as a child, also pointed out to Liu Mengyu that the person who spoke about the cloud note was not here:

"The gunfight over there is very scary, but didn't you say before that there is no fair competition here? Since you have said such words, does it mean that you are very familiar with this kind of gunfight scene?"?

"Then why did you come to the mountain to seek refuge like us?"

It was normal for young girls to pay attention to their image.

But Yun Jian had just refuted the words of this girl who was less than 1.5 meters in height in front of everyone. This girl was not happy.

Now that they were safe, the girl helped Liu Mengyu to use words to fight back against Yun Jian.

"Alright, Liu Mengyu, Dan Caiyue, stop talking. It was this girl who attacked US just now. We don't need to take the long route. If you two continue talking, you'll really be going too far."

At this moment, a boy who was in Liu Mengyu's team finally stood up and said something fair.

The girl who was less than 1.5 meters tall, short, and not heavy, was thin and small. She helped Liu Mengyu to say a few words about Yun Jian. Her name was Dan Caiyue.

After the boy who stood up and said some fair words, Dan Caiyue and Liu Mengyu obediently shut their mouths.

Then, the boy turned to look at Yun Jian and smiled apologetically. Then, he turned his head to Ma Zhixiang and said,

“Um, I’m sorry about earlier. You were kind enough to give me an orange to eat, and I even slapped away the orange you gave me.

“I heard you say on the way that you guys are university students from the archeology department, so we should be about the same. We are also students from the archeology department. My father is a professor and an archaeologist from our archeology department.

“This time, I’m the one leading the team. Before I came out, my father once told me not to carelessly care about people. People outside are evil, so when you gave me the orange just now, I didn’t give you a good look. Now, I’m apologizing to you. I hope you will forgive me!”

As the boy spoke, he reached out his hand to Ma Zhixiang and introduced himself very seriously, “Let me introduce myself. My name is David.”

Chapter 2133: is not something that can be killed

David was not pretending to be noble so he slapped the orange given by Ma Zhixiang at the beginning.

Now that the misunderstanding had been resolved, Ma Zhixiang extended his hand to David in a very friendly manner and shook David’s hand. “Your father is right. When you are out in the world, you must be wary of others. It’s not your fault, Haha!”

After all this, Ma Zhixiang and David had become good friends.

The main reason was that Ma Zhixiang had forgotten about the past.

Liu Mengyu and Shan Caiyue saw that Ma Zhixiang and David had become good friends as they talked. Shan Caiyue did not say anything, while Liu Mengyu rolled her eyes.

“Look! Look! Over There!” Just when the atmosphere had clearly eased up, a foreigner suddenly pointed excitedly at the location of the gunfight in the distance and cried out in surprise.

This cry attracted the attention of everyone present.

However, they only saw that a small team of eight people had suddenly appeared at the scene of the gunfight between the two sides.

There was no doubt that these eight people were Blackte’s eight people.

At that time, after blackte’s eight people had joined the scene of the gunfight between the two sides, it had become a three-way gunfight.

The three forces from different regions, with different targets, fought each other with guns.

For a moment, the sound of gunshots shook the sky.

“Kill! Kill! Swear to protect the body of our benefactor, Sha God! Today, we would rather die than take back the body of our benefactor, Sha God, in peace!”

At the scene of the gunfight 100 meters away, Blackte, who had been shot in the arm, roared. Ignoring the pain, he loaded the bullets into the magazine that had run out of bullets and attacked again.

There were many people from the two forces fighting with Blackte in the distance.

The two forces that were still in the gunfight suddenly came to a consensus. The two forces attacked Blackte’s group of eight at the same time.

“Oh no! They actually stopped attacking each other and planned to kill US First!” One of Blackte’s men frowned and said.

Blackte clenched his fist. He suddenly stretched out his body in front of Ma Zhixiang and the others who were a hundred meters away. He held his pistol and killed the enemy’s forces. He shouted loudly,

“Don’t retreat! Don’t forget, if it weren’t for the Sha God, we would have died long ago! Now that the Sha God is in trouble, how can we yield! Kill! Kill! Kill!”

After the last word, Blackte’s brothers stood up and exposed themselves in front of the enemy. They screamed and rushed over.

100 meters away, Ma Zhixiang and the others were shocked by the fighting spirit of Blackte’s group. They were all stunned on the spot.

“My God, they will die if they do this!” Ye Ling widened her eyes in surprise.

Die? At this moment, it was no longer important to Blackte and the others.

The Sha God was the person who gave them a second life.

Now that this group of dark forces wanted to take away the Sha God’s corpse, they definitely couldn’t let that group of dark forces succeed.

Guns rang out continuously, and the two opposing dark forces all aimed their guns at Blackte and the others.

Under the exclamations of Ma Zhixiang and the others, the eight men fell to the ground one after another.

Blackte and the others covered themselves well. They were wearing bulletproof vests, so they were not hit in their vitals. However, they were only one or two shots away.

One of the leaders of the opposing forces suddenly stood up and shouted:

“Kill! Kill! Kill them! Damn it! They actually dared to sneak attack my men! Kill them! Give them one last shot!”

After that, the eight men with rifles pointed their guns at the eight men.

Seeing this, pain and despair flashed through the hearts of the eight men.

They were still too weak!

They thought they could do something for Sha Shen.

But now it seemed...

They couldn't do it...

Sorry, we are just a bunch of trash.

But it's the best I can do...

Blackt slowly closed his eyes, in his, and a hundred meters away looking at this side, the sharp heart of Ma Zhixiang and others thought that blackt eight people finished the moment.

"Tut, Tut, Tut, Tut, Tut, Tut, Tut!"

Eight machine-gun shots rang out in succession, and the eight men, who had aimed their guns at the eight men, were killed instantly by eight machine-gun shots.

In the distance, Ma Zhixiang and the others widened their eyes. They saw that the young girl who was supposed to be standing beside them had already descended the mountain slope. At this moment, she was standing in the middle of the battle between the two forces, the most eye-catching position.

The young girl was carrying a machine gun that she had gotten from God knows where. After shooting at the eight men, after blackte and the others reacted, they looked at her with shocked and terrified eyes.

The young girl, in front of the forces of the two forces, blackte and the others, including Ma Zhixiang and the others in the distance, lowered her head slightly and revealed a strange sneer, she said something that made people's faces instantly turn as pale as paper:

"The people I have protected, even if they are trash, even if they are a dog, are not people that you can kill just because you say so!"

Chapter 2134: was not simple

"The people I've protected, even if they're trash, even if they're a dog, aren't people you can kill just because you want to!"

The words of the cloud note were like a huge rock weighing a ton, crushing the hearts of everyone present.

No one was able to react to the sudden turn of events.

By the time everyone reacted, the cloud note had already fired its machine gun at the eight people from the dark forces who wanted to kill Blackte.

The person she had once protected!

When blackte heard Yun Zhi's words, the only thing that appeared in his mind was a figure that had appeared when they thought they were about to die.

That figure was the same as Yun Zhi at that moment. He stood tall and looked down at them. He looked down at everyone present and said the same words that Yun Zhi had just said:

“Who dares to kill the people that I, the Sha God, protect!”

Blackte fell to the ground and narrowed his eyes. He used the corner of his eyes to look at the cloud note standing on a large rock.

Looking at the beautiful figure on the cloud note, it overlapped with a certain figure in his memory.

“S...”Blackte pressed down on the wound that had been hit by the bullet and was spewing blood. He looked at the cloud note standing on the high rock with a machine gun in his hand and played with it freely. He shouted this soul-stirring letter.

The woman who had given them a second life and allowed them to live!

The woman who told them that if they wanted to live, they had to fight for it with their own hands!

She was an undefeatable legend in their hearts!

Her name was Sha Shen!

“Shut your mouth. A weak person who still insists on being strong has no right to speak.”The cloud note curved. She turned her face to blackte and the others and said mercilessly.

However, these words made blackte laugh.

It was her... It was her...

Words that were unique! Words that were similar to that of the Sha God!

Even her posture, gaze, and words were unique!

She was... !

“Crazy, crazy, crazy! When did she come down the mountain? ! Does she not want her life anymore? ! Those people are really from the underworld! They can kill people! In the end, she actually dared to use a machine gun to provoke those people from the underworld!

“Just to save those foreigners who sent themselves to their deaths? She even risked her own life? If that’s not crazy, then what is?”

Shan caiyue, who was less than 1.5 meters tall, saw Yun Jian standing on a large rock in the middle of the group of people, using such provocative actions and words to target the group of people from the underworld. Her heart suddenly jumped and she was shocked!

“When did she go down the mountain? ! There will be lives lost! Has She Gone Mad? !”Lou Yuyan’s expression changed drastically. She had changed from her previous cold and aloof demeanor to that of a big sister.

Although Lou Yuyan’s words sounded like Shan caiyue’s scolding towards Yun Jian, Lou Yuyan was different from Shan caiyue. After saying that, she turned around and walked down the mountain.

“All of you stay here. I will go and bring her back! Remember, no matter what happens to me, you are not allowed to go down the hill!”

Lou Yuyan tied her long hair that was scattered on her shoulders into a high ponytail. As she said that, she was about to walk down the hill.

Although she had a straight face and her words were unpleasant, as though she had bad intentions towards Yun Jian like Dan Caiyue, Lou Yuyan was really doing it for Yun Jian.

Otherwise, she would have just stood there like Shan Caiyue and said a few unpleasant words. Why would she need to rush down the mountain and rush to a dangerous place to bring back the Yun Jian.

“Wait!” President Ma Zhixiang grabbed Lou Yuyan’s hand that was about to descend the mountain. He looked at the Yun Jian that was a hundred meters away and said to Lou Yuyan and the others,

“I saw it. Just now, she stealthily snatched the machine gun from the hands of a gang member without anyone noticing! Her speed was like a flash of lightning!”

“Moreover, what she did all told us that she is not an ordinary university student!”

“We must choose to believe her and wait and see!”

“This cloud note is not simple!”

“Now, let’s not drag her down!”

Chapter 2135: big and small forces meet

Ma Zhixiang was indeed worthy of being the president of the Archaeological Society. He had foresight and his analysis was very reasonable.

This cloud tablet was not simple, so they should not drag her down!

Ma Zhixiang’s words made Lou Yuyan stop what she was doing. She really did not insist on going down the mountain to bring back the cloud tablet.

Ma Zhixiang’s team of members of the Archaeological Society were all not simple.

Otherwise, how could the school be willing to let them explore the tomb?

After all, if anything happened to the students, the responsibility was entirely on the school.

Reality proved that it was indeed so.

Lou Yuyan was a boxing student, and she had been gifted since she was young.

Once, she even represented the country and fought against an international boxing expert. She won with honor!

Lou Yuyan’s reaction speed was quite quick, and her punches were powerful. She was a boxing expert.

It was said that one could not judge a book by its cover. Lou Yuyan looked like a big sister, but she was not a good boxer.

As for Ma Zhixiang and the other three, although they did not have Lou Yuyan's strength, they had trained in taekwondo, Sanda, judo, and so on. They were still training.

After all, they often went to explore tombs. If they were in danger and did not have the ability to save themselves, how could they?

At that time, after hearing Ma Zhixiang's words, everyone did not move. They looked a hundred meters away and did not make a sound.

A hundred meters away, Yun Jian stood on a huge rock. He held a machine gun in his hand as he looked at the two groups of dark forces.

When the eight leaders of the dark forces who were killed by Yun Jian saw Yun Jian's appearance, they suddenly frowned and said fiercely, "Who are you! How dare you attack my people!"

"It doesn't matter who I am. The important thing is that if you dare to speak to me in such a tone again, I will kill you all!" Yun Jian looked down at the leader from a high place and said coldly.

"Young lady, what an arrogant tone! However, since you dare to attack my men today, don't even think about leaving this place!" The leader said and was about to order his men to attack Yun Jian.

"Hahaha! It's really lively! Everyone is here!" At this moment, a strong male voice came from the corner of the mountain.

When everyone reacted, another group of people came from the corner and walked over.

"Brother Xian?" The boss who had just boasted shamelessly to Yun Jian that he wouldn't be able to leave this place saw the leader of the group of people coming from the corner. He strode forward and said intimately.

"Big Brother Milo, I didn't expect to meet you here! hahaha!" The leader, who was called Little Brother Xian, stepped forward and hugged the leader of the underworld, Milo, in front of everyone.

Milo was an arms magnate in South America. His reputation could be said to be world-renowned. Although he could not be compared to the top people, he was not ordinary either.

When they heard this, the group of black faction members who had just engaged in a gunfight with Milo's group, as well as Blake and the rest, were all stunned for no reason.

The man whom Milo called Xian Yu's younger brother, his real name was Xian Yu. He was a mixed-blood from country R y and had now settled in country T. he was a mixed-blood in both black and white. His reputation in the underworld was far greater than that of the white faction.

Although outsiders did not know what Xian Yu's white faction was doing, they knew that Xian Yu was working with the big brother of the underground black market in country T. he was now extraordinarily powerful.

Whether it was Milo or Xian Yu's appearance, it was enough to prove one point.

Internationally, this group of people, whether it was big or small, rushed over immediately after they heard that Sha Shen's corpse was in Marina's tomb.

In response to this, Yun Jian's eyes darkened, and an undetectable glint flashed across his eyes.

Chapter 2236: was a reenactment of the Bloody Night Incident

Yun Jian's words were very arrogant, and she didn't say it to Xu Zhenglong, Mo Bufan, and the others.

At that moment, after the bald man's words spread throughout the entire scene, no one dared to speak again.

After Yun Jian's words rang out, the entire scene was silent. Almost everyone present could hear Yun Jian's voice.

His arrogant words caused everyone present to exclaim in admiration. They thoroughly terrified Mo Bufan, Xu Zhenglong, brother Kai, Wei Jingxuan, and the entire martial arts club.

Yun Jian's strength was indeed formidable, but this was only limited to universities.

The world was so big, and society was like a large dye vat. No matter how formidable Yun Jian was, there would definitely be someone even more formidable than him.

Especially today's party, the people who came were all international bigwigs. It was said that there were some global black and white gangsters!

They were all existences who killed without blinking!

Especially the Bald man who had just spoken. Before this, he had already killed the two big bosses who wanted to leave this place. One look at their clothes and one could tell that they were expensive!

Yun Jian actually dared to make a sound at this critical juncture. Did she not care about her life? !

At this moment, not only were Cai Huiling, Cai Yiliang, and the others who were hiding under the long table shocked, even Mo Bufan and the others were also scared half to death.

At this moment, the bald man turned his head slightly and shifted his gaze over. His pair of sharp eyes slanted towards Yun Jian. Just as he was about to make a sound, he was interrupted by Yun Jian once again:

"The emperor rebel organization has such a huge formation. I'm really impressed today!"

As soon as he said this, a cloud of doubt that seemed to be half-understood swept over everyone's heads once again.

What did Yun Jian mean by this?

Why did he make it sound like... ? ... This emperor rebel organization appeared just to target her?

Who Did she think she was to actually provoke so many people to target her!

Cai Huiling hid under the long table, trembling in fear. She even rolled her eyes at Yun Jian, her gaze cold and stern.

“Hehe! Your Gu Sha mercenary group’s formation isn’t bad either!” After hearing this, the bald man sneered and spoke to Yun Jian in the same tone as the leader of the Emperor Rebel organization.

Just when the surrounding people seemed to have guessed the identity of Yun Jian and the Bald Man and their expressions started to change drastically, Yun Jian spoke to the bald man again. His words were enough to make everyone’s jaws drop in shock:

“So... It’s also time to invite the head of your Emperor Rebel organization out. It’s time for you to Scram to the side, you lackey.”

After Yun Jian said this, everyone present was stunned.

The bald man’s expression suddenly changed.

At this moment, Yun Jian narrowed her eyes in front of everyone. She stood where she was and didn’t move, but her words rang out again:

“Why? is the head of the Emperor Rebel organization unwilling to come out? Or do you want me to point you out by name? HMM...”.

“My good friend, Jian Ning, has been trying to get close to me since the plane a few months ago?”

After Yun Jian’s words rang out, the expressions of everyone present changed even more abruptly.

Even Jian Ning, Jian Ning, and the others’ expressions changed drastically.

After Jian Ning’s expression changed drastically for a while, she suddenly curled her lips and changed from the little girl who didn’t know anything before. At that time, she tore off the human skin mask on her face in front of everyone, then, she walked toward the cloud tablet:

“As expected of the BOSS of the ancient kill mercenary group. Nothing can escape your eyes!”

Seeing this scene, everyone present was so scared that their souls almost flew out.

This young girl, who was perfectly fine, was actually... ! ... the head of the Emperor Rebel organization! ?

How could this be possible...

Cai Huiling, who was in the distance, was so scared that her entire body was trembling.

Yun Jian was just as close to Jian Ning as a friend... But now... ..

Without waiting for everyone to be shocked, Yun Jian turned her body and looked into Jian Ning’s eyes. Her aura was no less than Jian Ning’s. In the next second, in front of everyone., her eyes swept over Jian Ning, Zhang Xiaoyou, Milleford, and the others who were standing beside her. She said,

“The four of you... are all international 3s class criminal police wanted criminals. Your code names are Azure Dragon, mad snake, Phoenix, and sledgehammer. After joining an international mercenary group, the four of you formed a team and took the first rank of countless missions in a short four years. You

became one of the top two mercenary groups, and your strength is no less than the top ten of the International Assassin Secret Service List.”

After a pause, Yun Jian turned his body sideways and swept his gaze across the crowd. Then, he pointed out the renegade organization members who were pretending to be ordinary people one by one:

“Top seven on the international list of agents, Teng Long.

“Retired member of the International Most Powerful Special Forces Corps, iron rat.

“International...”

Yun Zhi pointed at more than twenty people on the international first list in one breath.

At that time, when everyone present heard Yun Zhi’s words, their faces changed in shock.

Even the twenty or so top-notch people who were identified by Yun Zhi, who had mixed in with the crowd in all kinds of disguises, were panicking in their hearts.

At that time, Yun Jian had already appeared in front of Mo Bufan, brother Kai, the martial arts club, Cai Huiling, Cai Yiliang, and all the other people who were extremely shocked. He turned around, narrowed his eyes, and said to Jian Ning in front of everyone,

“So you, the emperor rebel organization, have gathered all sorts of international figures..

“Are you trying to recreate the bloody night incident with me, Sha Shen? !”

Thank you for reading on my

Chapter 2237: Sha Shen, was on the list of agents

“So you, the emperor rebel organization, gathered all the international figures to recreate the bloody night incident back then!”

After Yun Jian’s clear words rang out, everyone present was stunned.

It had to be said that the bloody night incident back then was too sensational, to the point that when the international bigwigs present heard of the bloody night incident, they would be stunned for a moment, unable to recover from this terrifying word for a long time.

The Blood Night Incident!

Back then, Sha Shen single-handedly killed the top 20 people on the International Spy Killer Rankings. This move could be considered as a global sensation.

Sha Shen single-handedly massacred the international spy killer rankings!

One had to know that the top 10 people on the International Spy Killer Rankings had been on the rankings for many years. Their strength was formidable.., they were on a completely different level from the 20 people who were in the top 10 of the current international assassin list.

One example could be the strength of the 20 top 10 assassins who were killed by Sha Shen during the bloody night incident, perhaps one would need to multiply the strength of the current top 10 assassins by three times to be able to compare with the 20 people from back then.

It could be imagined that even the 20 assassins back then could not defeat her.

Therefore, when the international bigwigs present heard about Yun Jian's identity, the degree of shock was not difficult to describe.

"Cha... Cha God?" Hearing Yun Jian's self-introduction, Cai Huiling, who was hiding under the dining table, suddenly shivered. She trembled and repeated these two words.

"Dad... Dad... the name 'Cha-shen' sounds familiar. This is...?" Cai Huiling hid under the dining table and asked Cai Yiliang in a trembling voice.

"Shut up if you want to Live!" Cai Yiliang hugged the corner of the table and trembled like a top. When he heard his daughter asking him, he immediately shouted at Cai Huiling to shut up.

Cai Huiling was a university student after all. Not every student had heard of the name of Sha Shen.

However, when Cai Yiliang shouted at CAI huiling, she trembled slightly and did not speak again.

Her intuition told her that the word "Sha Shen" was not simple...

"Sha Shen, Sha Shen..." Mo Bufan frowned. When he spoke to Yun Jian in shock just now, he did not forget to repeat the word.

He felt that the word 'sha-shen' looked a little familiar?

However, he could not remember where he had heard the word before.

The members of the martial arts club, including brother Kai, Xu Zhenglong, and Wei Jingxuan, were also stunned for a few seconds. They could not figure out who sha-shen was for a long time.

At this moment, someone in the crowd suddenly cried out to Yun Jian, "Sha-shen! You are sha-shen! That International..."

Sha God, ranked number one on the international spy rankings!

However, he had yet to exclaim out loud.

The sound of a silenced pistol rang out. Before the person in the crowd who was looking at Yun Jian could finish his exclamation, he was shot to death by Jian Ning who did not even look at him.

In Jian Ning's eyes, she treated human lives like grass.

After she shot that person, she touched the muzzle of her gun and looked at Yun Jian from the corner of her eyes. She curled her lips coldly:

"The blood night incident did cause a stir for a while, but everything will become a thing of the past. You, Sha Shen, are no exception!

"And I, ziziyue, am the person who can make you, Sha Shen, a person of the past!"

Jian Ning, the head of the emperor rebel organization, codenamed Ziziyue.

Hearing Jian Ning's words, Yun Jian narrowed his eyes.

"That depends on whether you have the ability!" Yun Jian's deep eyes moved slightly.

After saying that, she tore the black evening dress she was wearing in front of everyone.

Under the black evening dress, Yun Jian was wearing a leather jacket and pants. His legs were tight, and there were two butterfly knives outside the leather pants. On the waist case at his waist, there were two shiny silver pistols.

This complete set of equipment stunned everyone present. They could not help but think of the three words "Female special agent."

At that time, Mo Bufan, who had some impression of the word 'Sha God', suddenly thought of the meaning of the word 'Sha God'. He suddenly pointed at the cloud paper, and his eyes widened. At the same time, he exclaimed loudly,

"Sha God, Sha God, could it be the international ranking list of agents..."

Thank you for reading on my

Chapter 2238: your opponent is me, Sha Shen

Mo Bufan was just about to say something when he suddenly stopped.

Mo Bufan wasn't stupid. He immediately remembered the person who wanted to reveal Yun Jian's identity but was killed by Jian Ning with one shot. He immediately shut his mouth.

"Ha!" At this moment, Jian Ning who was about to raise her gun to kill Mo Bufan put down the gun that was about to be raised. She drew a cold arc in the air and spoke with contempt once again.

Jian Ning had just shot a person. This action had already frightened the people around her so much that they couldn't stop trembling.

At this moment, Cai Huiling was also hugging the corner of the table and trembling.

Dead... dead...

However, she didn't dare to make a sound, and she didn't dare to say a single word. She was afraid that Jian Ning would see where she was hiding and kill her just like how she killed the person just now...

Mo Bufan had shouted those words out of a moment of impatience.

He stopped in time. When he saw Jian Ning, who was about to raise her gun to silence him, put down her gun, Mo Bufan lowered his head and let out a sigh of relief.

Although he hadn't heard about Yun Jian's true identity from Mo Bufan, the members of the martial arts club standing beside Mo Bufan, as well as Mo Bufan's good brothers, brother Kai, Xu Zhenglong, and Wei Jingxuan, all let out a sigh of relief.

However, just as all the international bigwigs had let go of their anger, Jian Ning, who was standing on the other side, curled her cold, red lips. In the next second, after Mo Bufan let out a sigh of relief, she raised her hand and suddenly, with the fastest speed possible.., she shot a bullet at Mo Bufan's head.

This shot carried absolute momentum, causing Mo Bufan, who was standing in the distance and thought that he had escaped a calamity, to once again narrow his eyes. He was completely unable to react in the first moment.

"Bu fan!"

"Bu fan!"

"Bu fan!"

Mo Bufan's three good brothers, brother Kai, Xu Zhenglong, and Wei Jingxuan, all shouted when they saw this, their faces filled with suffocation.

However, just as the three of them cried out in unison and their expressions suddenly changed drastically, the bullet Jian Ning suddenly shot towards Mo Bufan was already three meters away from Mo Bufan's head!

In less than a second, the bullet could pierce through Mo Bufan's head and kill him in one hit!

Just as the bullet was only ten centimeters away from piercing through Mo Bufan's head, everyone present wanted to close their eyes and not watch the tragedy unfold.

Mo Bufan thought that he would definitely die here in that one second!

"Chi!" A bullet that was much faster and fiercer than Jian Ning's shot pierced through the eyes of everyone present. It shot out from the distance at lightning speed.

"Pu Chi Chi!"

A loud sound rang out after the collision of light and lightning. In the next second, the bullet that was supposed to pierce through mo bu fan's head was actually shot by a bullet that was much faster than Jian Ning's shot, in the last moment, the bullet collided with the bullet that Jian Ning shot out without any deviation.

In an instant, the two bullets were neutralized in front of everyone present!

At this moment, Mo Bufan's eyes suddenly widened. He stared fixedly at a spot not far away. He turned his head to look at Yun Jian, who had just saved him with a bullet that did not deviate by half a millimeter from the bullet. The shock on Mo Bufan's face at this moment was so much that it could not be described with words.

At that time, whether it was Mo Bufan, the people from the martial arts club, or brother Kai, Xu Zhenglong, or Wei Jingxuan, they all maintained the same dumbfounded actions.

The bullet and the bullet canceled each other out!

The cloud tablet that had shot out the bullet that saved Mo Bufan's life, how accurate must its marksmanship be!

Just as everyone was staring at the cloud tablet, they saw the cloud tablet standing in front of everyone smirking coldly. She narrowed her eyes and stared at Jian Ning with contempt for two seconds. In the next second, she placed the silver pistol that had saved Mo Bufan back into her waist, she provoked Jian Ning in front of everyone:

“Your opponent is me, Sha Shen!”

Thank you for reading on my

Chapter 2239: it's my turn to be sent to hell

She, Jian Ning, was the leader of the rebel Emperor Organization. The opponent of Zi Yue was her, Sha Shen!

Although some people didn't know Yun Jian's identity, the people around them had heard Yun Jian's words. Coupled with Yun Jian's shocking marksmanship just now.

Everyone present felt as if a ball of fire was surging in their hearts.

That was the feeling of their blood boiling!

These eight simple words that came out of the Yun Zhi's mouth actually made everyone present feel their blood boiling.

At that time, everyone present was staring at the Yun Zhi. Their eyes were staring at the Yun Zhi as if they wanted to worship it to a whole new level.

Brother Kai, Xu Zhenglong, Wei Jingxuan, and all the members of the martial arts club looked at the cloud note standing in the distance. An unknown passion burned in their hearts.

Cool!

Too Cool!

Her cloud note was too cool!

She was simply their idol!

“Go, president! Go, president! We support you! You're the best!” Although the members of the martial arts club did not know what was going on, all the members of the martial arts club shouted loudly at the cloud note.

Every word that came from the bottom of their hearts made all the international bigwigs present look at them!

When did she stop? ! This woman, whose status in the international community was so terrifying that just hearing her voice made people tremble. She killed people without form and treated human lives like grass. She had actually won the hearts of so many people!

If this was in the past, it would have been completely impossible!

At that time, Yun Zhi did not hear the shouts of the members of the martial arts club. She narrowed her eyes and looked straight at Jian Ning.

“Ha! So Annoying! Sha Shen, after I kill you, I Won’t leave a single one of these noisy people alive!”

Jian Ning heard the shouts of the members of the martial arts club shouting at Yun Zhi. She frowned fiercely and swept her murderous gaze across the members of the martial arts club. Then, she looked at Yun Zhi again.

“Then don’t talk nonsense. Just go ahead.” After the cloud paper finished speaking, she suddenly took out a pair of leather gloves made of special materials from her pocket, she slowly put the leather gloves into a pair of long and perfect jade hands in front of everyone.

This leather glove was something green glaze had recently developed.

In the past, green glaze was best at developing poisons. There were all kinds of poisons. As long as you said it, there was nothing that she couldn’t develop.

Now, green glaze was obsessed with developing all kinds of weapons.

For example, the grenade that killed the tiger last time was one of green glaze’s research results.

This time, the leather gloves were also one of them.

And the function of the leather gloves was...

“Ha! Then you shall die!”

Looking at Yun Jian slowly putting the leather gloves on her slender and beautiful hands, Jian Ning suddenly pulled out a small knife from her bosom and rushed towards the Yun Jian.

At the same time, she held the small knife in her hand and her sharp eyes fiercely aimed at the vital point of her life!

“Yun Jian, be careful!” Mo Bufan couldn’t help but shout when he saw this.

However, everyone saw that Jian Ning was already in front of Yun Jian. With just three steps, Jian Ning’s people, including the knife in her hand, were already in front of Yun Jian!

And Yun Jian was actually still leisurely putting on the leather gloves on her hand!

Mo Bufan, brother Kai, and the rest of the people from the martial arts club felt their hearts clench violently when they saw this.

Even Cai Huiling, who was hiding under the corner of the table, was so frightened that her face changed drastically.

Yun Jian wasn’t even on guard. Was she courting death? !

Just as everyone thought of this, Jian Ning had already stabbed Yun Jian’s heart with her knife.

However, when the blade was still three centimeters away from Yun Jian's heart, the beautiful hand wearing the leather gloves grabbed Jian Ning's knife, not afraid that the sharp blade would cut through the glove and stab her hand...

"This, this glove..." Jian Ning cried out in fear.

Seeing this, the surrounding people were also shocked.

Yun Jian smiled coldly at Jian Ning in front of everyone:

"My gloves are naturally invulnerable, so now it's my turn to send you to Hell."

Thank you for reading on my

Chapter 2240: kill them all on my command

Didn't Yun Jian wear a glove? . This glove was...

Invulnerable!

Recalling Yun Jian's every move, the hearts of everyone present trembled!

Who Was She? !

Not only did she have a gun in her hand, but she also possessed terrifying gun skills!

More importantly, the leather glove she wore..! ... was impervious to knives and spears!

Such a bizarre glove! Where did it come from? !

Just as everyone thought of this, they were all stunned. Jian Ning was also stunned for a second. She stared at the cloud paper for two seconds, and her shocked lips instantly calmed down.

"Impervious to knives and spears? Even if you are impervious to knives and spears, I will still kill you here today! Azure Dragon, mad snake, Phoenix, sledgehammer, soaring dragon, iron rat... Attack! Kill her together!"

"In this world, without the Sha God, you are no longer a threat!"

Jian Ning was really going to repeat the bloody night incident!

But she was certain that the Sha God would not be the winner of this bloody night incident!

The Sha God would definitely die in this second bloody night incident!

Jian Ning shouted the code names of more than fifty people in one breath.

At that time, when they heard Jian Ning's shout, those fifty people took off their original appearances and pretended to be ordinary people, such as beer-bellied old men, bald, rich businessmen, these people who were originally just ordinary passers-by., after taking off their human skin masks, they instantly became the top figures on the international road.

It turned out that today, Jian Ning had long been prepared!

She had long since joined forces with the top figures on the various roads, the strongest person on the list of major assassin agents, and a mythical figure of the international mercenary group. All of them had gathered here.

There were even a few whose strength was not lower than the top twenty of the international assassin agent list from the Bloody Night Incident!

Perhaps one person's strength was weak.

However, when these 50 plus people were added together, their strength was not lower than the top 20 of the international agent killer rankings in the bloody night incident, these people were obviously better than the 20 people who dealt with Yun Jian in the bloody night incident!

Seeing that everyone stood up and looked like they were eyeing Yun Jian with hostility, Jian Ning laughed out loud. She laughed ferociously and looked at Yun Jian before saying,

"Sha Shen, you didn't expect this, did you? After so many years, I will use the bloody night incident against you again!

"However, I will not die at your hands like those idiots from the Bloody Night Incident!

"With more than 50 of us together, against you alone, don't tell me you are still a match for us!"

As Jian Ning spoke, she laughed again.

When Mo Bufan and everyone present heard this, they were so scared that they couldn't help but break out in a cold sweat for Yun Jian.

Just as everyone was so scared that they broke out in a cold sweat for Yun Jian, Yun Jian, who should have been so scared that his face would have changed drastically, glanced at Jian Ning with a calm expression. Then, he said in a cold voice without any fear, "Huh, is that so?"

After saying this, Yun Jian paused for a moment. She raised a beautiful red arc and smiled contemptuously:

"So you want to compete with me... who has more experts under them?"

Sha Shen had been hiding for so many years. Outsiders had no idea how many people she had under her.

In other words, outsiders had no idea how many of the top figures in the world were under Sha Shen.

Jian Ning also thought that other than snake lizard, tiger leopard, and the others, there were only a few powerful people under Sha Shen.

That was why Jian Ning dared to gather such people and planned to deal with Yun Jian together.

After all, if Yun Jian's subordinates didn't have many connections, then those fifty people would have a very high chance of winning against Yun Jian alone!

But what did Yun Jian mean by this?

Jian Ning had a bad premonition.

However, just as Jian Ning's bad premonition fell, Yun Jian, who was standing in front of Jian Ning, smoothed out the red arc in front of everyone in the venue.

Then, she stood in front of Mo Bufan, brother Kai, Xu Zhenglong, Wei Jingxuan, the members of the martial arts club, Cai Huiling, Cai Yiliang, and everyone else. As everyone held their breaths, she stared at Jian Ning in shock, her words, which were as cold as the biting winter wind, resounded throughout the entire venue:

"Tiger leopard, Snake Lizard, Mad Dragon, demoness, green glaze, Diane, raccoon, Fox, ghost flame, Ghostly Flame, duo Ya, Charlotte..."

"On my command, everyone..."

"Kill them all!"
