

Schoolgirl 2141

Chapter 2241: the Master of the world

Jian Ning, who had been full of confidence, turned stiff after hearing Yun Jian's words.

Jian Ning had joined hands with more than 50 big shots in the name of the Emperor Rebel organization. Their strength was naturally top-notch, and each of them occupied a first-class position in the international rankings. However, there were very few people who could be considered as top-ranked figures in the international rankings.

As for the people that Yun Jian was shouting about, other than duo YA and Charlotte, the rest were all the strongest top-ranked figures in the international rankings!

Especially tiger leopard, Snake Lizard, mad dragon, green glaze, Diane, Ghost Flame, and refined ghost. Almost every single one of them was enough to monopolize the entire international rankings. The 50 international figures that Jian Ning was shouting about., one against five was nothing to be afraid of!

These people were no weaker than the top 20 on the international assassin rankings that had dealt with Sha Shen during the bloody night incident!

In fact, snake lizard and the others were several times stronger than the top 20 on the international assassin rankings that had dealt with Sha Shen during the bloody night incident!

This way, the 50 or so international figures that Jian Ning had allied with Yun Jian's subordinates would be able to easily take care of them.

At that time, there would also be a Sha Shen who had once become famous in a single battle during the bloody night incident...

Jian Ning's expression changed at lightning speed. At the same time that her expression instantly stiffened, everyone present, including Mo Bufan, brother Kai, and the members of the martial arts club., as well as Cai Huiling and Cai Yiliang who were hiding under the dining table, were suddenly stunned.

What Jian Ning had said just now had already caused Mo Bufan and everyone else present to be shocked and terrified.

Jian Ning actually had so many subordinates!

But what made them even more terrified was...

Yun Jian also had so many subordinates!

And judging from the reactions of the people around them, Yun Jian's subordinates were definitely not ordinary people!

Putting everything else aside, that demoness...

Wasn't she the president of Rong Yao Company!

Wasn't the president of Rong Yao Company a demoness who only listened to the chairman of Rong Yao Company...

Since the demoness was also Yun Jian's subordinate, then Yun Jian's identity should be...

When the surrounding people thought of this, they were so scared that their bodies trembled slightly.

Mo Bufan, brother Kai, as well as the people from the martial arts club, including Cai Huiling and Cai Yiliang, were so scared that their faces changed drastically.

At that time, under Yun Jian's command, Hu Bao, Snake Lizard, Mad Dragon, and the others who had been hiding around the party all walked out from the corners.

They all held their weapons in their hands.

After hearing Yun Zhi's words, Hu Bao and the others walked toward the fifty or so people that Jian Ning had gathered. They looked like they were about to start a massacre.

Seeing this, Jian Ning's expression changed drastically. However, when Hu Bao and the others were about to arrive in front of the group of subordinates that Jian Ning had gathered, their pale faces suddenly stopped.

Jian Ning's expression changed from pale and powerless to a cold smile almost at the same time.

"Haha! God of shamans, do you think that I only have this little trump card that I dare to come personally today?"

Jian Ning suddenly laughed out loud. Then, she turned her head to look at the cloud paper and put away her sinister smile. Suddenly, she took out a yellow Daoist talisman that looked like it had been drawn by a Taoist priest.

Looking at the cloud paper, Jian Ning suddenly stopped laughing. She clicked her tongue and looked at the cloud paper with a regretful expression:

"Alright, Sha Shen, I'm not going to continue acting with you now.

"Do you know what this talisman is? This talisman contains the spiritual energy of another cultivation world!

"Have you heard of the Imperial Dragon Continent? Ha, I'm sure you haven't heard of it either!

"How could an earthling like you know of the existence of the Imperial Dragon Continent? !

"Even if you are a god of destruction, no matter how powerful you are on Earth, you are just an ordinary human!

"So now, let me use the spiritual power of the Imperial Dragon Continent to send you to hell!"

As Jian Ning said this, she suddenly laughed sinisterly. As she laughed, she suddenly chanted an incantation at the Yellow Dao talisman.

At the moment when everyone was shocked, suspicious, and puzzled, everyone saw the Yellow Dao talisman in Jian Ning's hand roll into a huge fireball as if it was a fantasy movie.

And the bigger it rolled, the bigger it rolled!

Everyone present could feel the fiery heat of the fireball.

Seeing this unbelievable scene, everyone present was so shocked that they sucked in a deep breath. Their faces turned pale.

“This? Is this a sci-fi blockbuster? !”When someone heard this, they suddenly exclaimed!

Seeing this scene, Jian Ning’s smile became even more obvious.

She had been adopted by her foster father since she was young, and her foster father had come from a place called the Imperial Dragon Continent!

That place was the immortal cultivation continent!

And this Yellow Dao Talisman was given to her by her foster father.

As long as she had it, she wouldn’t have to worry about any instant god!

This was Jian Ning’s true trump card.

Just as the fireball was getting bigger and bigger, Yun Jian, who was standing in front of Jian Ning, saw this and suddenly curled his lips in disdain. “Imperial Dragon Continent?”

Hearing Yun Jian’s words, Jian Ning thought Yun Jian was panicking. She laughed sinisterly and continued:

“That’s right! hahaha! Sha Shen, could it be that you’re afraid! But even if you’re afraid, it’s useless. The spiritual power of the Imperial Dragon Continent is enough to destroy you, the strongest person on Earth, in an instant!”

As she said this, Jian Ning was about to exert her strength.

However, Yun Jian’s eyes suddenly darkened.

A bright light flashed in Yun Jian’s eyes. In the next second, Jian Ning suddenly saw the dao talisman that was rolling in a fireball in front of her being extinguished as if a basin of water had been poured over it.

Jian Ning was stunned when she saw this scene. Her ferocious smile had yet to disappear.

However, before Jian Ning could react to what was happening, Yun Zhi, who was standing in front of her, suddenly walked towards her slowly.

In the next second, Yun Zhi’s words, which were so clear that it spread to the entire area, suddenly rang out. Yun Zhi said to Jian Ning, which caused everyone present to widen their eyes and become tongue-tied:

“Then I’m afraid you don’t know that I’m the ruler of the Imperial Dragon continent that you speak of. I’m the daughter of the strongest aristocratic family of the Imperial Dragon Continent, the witch clan, the Witch God!”

Chapter 2242: Wizard God, what are you doing here

After Yun Jian finished speaking, a strong gust of wind seemed to have instantly turned into sharp blades and swept towards Jian Ning.

Yun Jian just stood there and didn't even extend her hand. The sharp blades were like sharp knives, shooting towards Jian Ning.

Jian Ning, who was standing where she was, widened her eyes, still thinking about the meaning behind Yun Jian's words.

The Yellow Dao talisman in her hand, left behind by her foster father from the Imperial Dragon Continent, was instantly turned into nothingness by Yun Jian's gaze.

Combined with Yun Jian's words...

"You... you are the ruler of the Imperial Dragon Continent, the sorcerer God? Why haven't I heard about this from my foster father! !!"

Jian Ning was so frightened that her face changed drastically, and her pupils constricted. She stared at the cloud tablet in a daze and shouted these words like a roar.

However, just as she shouted these words, Jian Ning suddenly felt that the sharp blade that was sweeping over in the mind of the cloud tablet was already heading towards her.

That wild wind suddenly turned into a sharp blade, and it actually gave Jian Ning a feeling that if this wild wind attacked her entire body, that force would be like thousands of blades, slicing her into a thousand pieces on the spot, and she would directly die on the spot!

And that was indeed the case.

Yun Zhi didn't even raise her hand. She only raised her eyes slightly, and she controlled her spiritual power, turning the surrounding air into a gust of wind, turning it into sharp blades, wanting to kill Jian Ning on the spot.

She wanted to let Jian Ning die under the spiritual power!

After 666 days of soaking in the divine spring, Yun Zhi's use of spiritual power on Earth was no longer restricted. This surprised Yun Zhi, but at the same time, she used it skillfully.

However, at that moment, the sharp blade that was formed from spiritual power almost penetrated Jian Ning's entire body and internal organs, killing her on the spot.

"Whoosh! Whoosh! Whoosh!" A protective screen suddenly appeared around Jian Ning, blocking all the attacks that Yun Zhi used a little bit of his will to turn the violent wind into thousands of sharp blades!

Jian Ning, who thought that she would die for sure, saw this scene and her expression changed drastically. She exclaimed in her heart, "It's my foster father!"

At this moment, everyone who saw the scene in front of them had an indescribable amount of shock on their faces.

“Oh my God! Didn’t we agree that tonight was just an ordinary party? How did it end up with so many top international figures... Even Sha Shen was present...”.

“What’s going on now! How did it turn into a sci-fi movie... fantasy world? Is this still earth? Oh My God!”

Seeing this, the surrounding people were so frightened that they cried out. At this moment, all of them were so frightened by the scene in front of them that their faces turned pale.

This was already beyond what an ordinary earthling could withstand!

Or it could be said that what happened in front of them was not something an ordinary person could accept at all!

However, at this moment, Jian Ning’s foster father, who had just blocked the tens of thousands of swords that Yun Jian had used to shoot at Jian Ning’s sharp blades, appeared at the scene.

A figure flashed before everyone’s eyes. In the next second, a middle-aged man in a suit and tie, who looked to be in his forties, appeared in front of everyone.

When he saw this middle-aged man, Yun Jian narrowed his eyes.

After the middle-aged man appeared, he was about to shout at Yun Jian.

Jian Ning pointed at Yun Jian and complained to the middle-aged man, “Foster Father! She broke your talisman and tried to kill me!”

Jian Ning didn’t take Yun Jian’s words seriously.

However, just as Jian Ning finished speaking, she thought her foster father would vent his anger on her.

However, she suddenly saw her adoptive father’s expression change when he saw Yun Zhi. Then, he took two steps towards Yun Zhi and suddenly knelt down towards Yun Zhi. He was so frightened that his expression changed. In front of everyone, he said loudly in a respectful tone,

“M-lord sorcerer God! Why are you here? !”

Chapter 2243: was littered with corpses as they negotiated the terms

They originally thought that when their foster father appeared, he would take revenge for them.

Who knew that after his foster father appeared, he would kneel down in front of Yun Jian and speak to Yun Jian in such a respectful tone!

Jian Ning’s eyes widened!

“Ning, what have you done? ! Kneel down now!” Jian Ning’s foster father quickly realized what Jian Ning had done to Yun Jian. He was so scared that beads of sweat formed on his forehead and he quickly shouted at Jian Ning.

“Foster father, I...” Jian Ning still wanted to retort.

“Kneel down!” Jian Ning’s foster father shouted.

This shout scared Jian Ning so much that she immediately knelt down to Yun Jian.

Jian Ning was raised by her foster father, and all of her abilities were taught by her foster father. Even the emperor rebel organization only grew up in the past two years with the help of her foster father.

It could be said that everything that Jian Ning had now was given to her by her foster father.

Therefore, with a shout from her foster father, Jian Ning also knelt down to Yun Jian in front of everyone.

“Leader of the Emperor Rebel organization, you actually...” when the fifty or so people in the distance saw this, they all turned pale with fright.

Could it be that the leader of the emperor rebel organization, Zouyue, was Jian Ning going to submit to the Sha God!

If that was the case, then wouldn’t the people who worked together with the leader of the emperor rebel organization, Zouyue, and swore to kill the Sha God...

“It seems like I’ve only been hiding for a few years, and there are more and more people who are restless in this path.” Just as the expressions of Mad Snake and the others changed, Yun Jian spoke before Jian Ning could speak.

Once Yun Jian’s faint words were spoken, the hearts of Mad Snake and the others who were standing in the distance trembled violently. Everyone felt a momentary sense of suffocation.

Furthermore, the fifty or so people who wanted to kill Yun Jian together with Jian Ning had a bad premonition.

One had to know what kind of person Sha Shen, who was ranked number one on the international spy rankings, was!

He was a top international figure who would seek revenge and return favors!

Now that even Jian Ning, who had taken the lead at the beginning, had submitted to Sha Shen, then they...

“Looks like... It’s time to massacre some restless people again...” Yun Zhi’s words rang out again just as the group’s expressions changed after being shocked by Yun Zhi’s words.

In the next breath, Yun Zhi’s lips, which had previously curled up into a cold smile, suddenly stopped. At this moment, her back was facing Mad Snake’s group of fifty people. The words that determined the fate of the fifty people like Mad Snake..., in the next second, it spread, making Mad Snake and the others feel even more hopeless:

“Snake lizard, tiger leopard, Mad Dragon, kill all these restless people. Leave No one alive!”

Hearing this, Mad Snake and the others were so scared that their faces changed. They no longer dared to question the authenticity of Yun Jian’s words.

At that time, these people either turned around and rushed to the back door of the evening party, or they were prepared to die and fight with snake lizard and the others with their weapons.

At that time, Mo Bufan, brother Kai, Xu Zhenglong, Wei Jingxuan, and the members of the martial arts club, including Cai Huiling and Cai Yiliang, who were hiding in the corner, were so frightened that their faces suddenly changed.

For a time, this originally lively evening party turned into a hell on Earth.

The people who were originally on Jian Ning's side fell one after another, and the corpses that fell covered the entire place. Mo Bufan, Cai Huiling, and the others who were hiding under the table were so frightened that they broke out in cold sweat.

When the last person fell to the ground, none of the people on Yun Jian's side fell. At that time, Yun Jian's and Jian Ning's adoptive father's eyes were officially on Yun Jian's and said this sentence in front of everyone without any humanity:

"Now, it's your turn."

Hearing this, Jian Ning's adoptive father's eyes turned fiercely. When Yun Jian suddenly reached out to take out two butterfly blades and held them in his hands as he walked towards the two people, Jian Ning's adoptive father suddenly spoke out and stopped Yun Jian:

"Wait! Sorcerer God! I have a potion that can allow people from the imperial dragon continent to come to Earth to use their spiritual power without suffering a backlash! I will give this prescription to you! I hope you can let us off!"

Chapter 2244: was either death or submission

Regardless of whether it was the imperial dragon continent, thousands of continents, or the people from the divine continent who came to Earth, they could not use their spiritual power. Otherwise, the result would be that there would be no progress in their cultivation for a hundred years.

This was a law that had not changed since ancient times. Until now, according to the rumors, it seemed that no one could find a way to crack it.

Of course, Yun Jian was already looking for a way to crack it.

After soaking in the divine spring for 666 days, one could use spiritual power as one wished on Earth. There would also be no backlash from not making any progress in one hundred years of cultivation.

However, other than Yun Jian and Si Yi, no one else could enter the divine spring.

Therefore, it would not work if Lan Su and the others could use spiritual power as they wished on Earth.

Even though it was impossible, it did not mean that Yun Jian would give up.

She was also looking for a way for people from the mainland to use their spiritual power as they wished on Earth. After all, in some aspects, if her people on Earth could use their spiritual power, but that mysterious man's men could not, then to Yun Jian., there were many benefits.

However, she had never found a way before.

Now that Jian Ning's foster father stood up and said that he had a potion that could allow people from the imperial dragon continent to come to Earth to use their spiritual power without being backfired, Yun Jian was naturally moved.

When he did indeed get the potion from Jian Ning's foster father, Yun Jian examined it and confirmed that it was undoubtedly effective.

"So, Lord sorcerer God, can you let us go? We promise that we will definitely not find trouble with You Again!" After Jian Ning's foster father handed over the bottle of potion and the secret formula of the potion, he spoke to Yun Jian.

After he finished speaking, seeing that Yun Zhi still did not let go, Jian Ning's foster father even stretched out his finger and solemnly promised,

"This secret formula is only known to me. Now that I've told it to you, you don't have to worry. I will definitely not tell it to anyone else!"

"This secret formula was only known to you in the past?" After Yun Zhi heard this, he narrowed his eyes slightly.

"Yes!" Jian Ning's foster father nodded heavily, afraid that Yun Jian would not agree to leave with him.

"Mm." Yun Jian nodded. After a pause, she continued, "Get out of my sight immediately."

"Yes, yes, yes!" Jian Ning's foster father let out a sigh of relief. Then, he grabbed Jian Ning and rushed out of the venue.

At this moment, two people entered the venue.

Taking a closer look, wasn't the leader of the blood doll, Di Lin, walking at the front?

The leader of the blood doll, Di Lin, was dressed in black. He had been wearing his black one-piece hat all year round, and he was no exception at this moment.

His face, which had been fair all year round, was revealed in the black one-piece hat. He was unbelievably handsome.

Behind di Lin was the number one expert of the blood doll, Leng Mei.

Leng Mei followed di Lin closely and walked towards Yun Zhi.

When the two of them arrived in front of Yun Zhi, Leng Mei opened her mouth to speak to Yun Zhi:

"Sister Jian, I, blood doll, have already wiped out all the remaining forces of the emperor rebel organization. The current emperor rebel organization is just an empty shell."

"Mm." Yun Zhi nodded after hearing this.

She had sent blood doll to wipe out the remaining forces of the emperor rebel organization with ease.

At that time, upon hearing that the renegade organization had been wiped out, all the international bigwigs around sucked in a breath of air.

One had to know that in the past two years, the renegade organization had developed into an assassin organization that was almost on the same level as the Gu Sha mercenary group and the Dark Soul Organization.

And Sha Shen had actually used only one party to develop the renegade organization, which was already not any weaker than the GU sha mercenary group. In just a short night...

It was destroyed just like that...

When everyone gasped, everyone saw Yun Zhi, who was standing in front of them, turn her body sideways. At this moment, she turned her eyes to all the international bigwigs and business politicians present. While everyone was still thinking about her strength..., she spoke again:

“All of you have two choices now.

“One, die.

“Two, submit to me!”

Chapter 2245: God-like, go to Hell

Either you die or you submit!

Submitting meant completely submitting to the Sha God!

Therefore, after hearing Yun Jian’s words, everyone present was stunned for a second.

A second later, everyone made a decision.

Unconditional submission! That was to become Yun Jian’s subordinate!

All the international bigwigs in the party venue, when their strength and international influence were added together, would be a powerful force that could not be described with words!

Yun Jian had massacred so many top international figures on the spot, and she had also taken in all the international bigwigs under her banner.

In that case, there was really no existence in this world that could match her!

But even so, these people had unconditionally chosen to submit to Yun Jian!

It was precisely because Yun Jian was no other than the number one international spy ranking, Sha Shen!

That world’s number one expert, Sha Shen, who could make anyone tremble with fear and was omnipotent!

After everyone had chosen to submit, Yun Jian curved her lips and had snake lizard and tiger leopard sign the submission contracts with these international bigwigs one by one.

She had come prepared!

After everything was settled, Yun Jian was escorted by Qing Yan and the others as she walked towards the entrance of the gala.

She had no intention of erasing the memories of Mo Bufan and the others, much less Cai Huiling and the others.

Especially Cai Huiling. She was not worth spending a bottle of three-hour forgetting liquid to erase her memories.

Yun Jian walked out of the door.

Just as Yun Jian was about to walk out of the door, Mo Bufan and the others caught up.

“Yun Jian, where are you going...” Mo Bufan led the others to catch up and asked Yun Jian.

As soon as he asked this question, Yun Jian only left a silhouette for Mo Bufan and the others. He said two words that couldn't be any simpler, but were enough to stun Mo Bufan and the others. Then, he walked out of the door:

“To kill.”

...

On the Smooth Road of Jiang City.

Jian Ning and Jian Ning's foster father finally left the downtown area of Jiang City and arrived at the suburbs. Jian Ning's foster father then brought Jian Ning to escape to the airport.

He wanted to bring Jian Ning back to the Imperial Dragon Continent!

As long as they returned to the Imperial Dragon Continent and went to seek refuge with that Lord, there was no need to be afraid of the sorcerer God!

Otherwise, according to the sorcerer God's personality, he would definitely not let them off!

At this moment, Jian Ning and Jian Ning's foster father had already arrived at the remote and deserted suburbs around them. At this moment, Jian Ning's foster father was crazily turning the steering wheel and speeding at high speed.

“Father, where are we going?!” Jian Ning couldn't help but ask when he saw his adoptive father driving the sports car so anxiously.

“Run! Run as far as possible! We have to run!” Jian Ning's adoptive father's forehead dripped with sweat as he focused on driving.

However, just as the conversation between the two ended, the sports car that was being accelerated by Jian Ning's adoptive father's spiritual energy and was driving at a speed that was dozens of times faster than an ordinary sports car suddenly stopped, halfway through, the brakes were directly stopped by a powerful spiritual energy.

The two people's expressions changed drastically in fright.

This powerful energy...

Was actually above the sorcerer God!

Who Was it! It actually possessed spiritual energy that was far above the sorcerer God! Moreover, such a figure had also come to Earth!

Just as the two people's expressions changed drastically in fright, a tall and handsome man suddenly tore open the space in front of the sports car that the two people were in. He directly descended from midair and slowly descended to the ground.

Seeing this man who was so handsome that both gods and men were furious, even Jian Ning couldn't help but take a few more glances at him.

On the other hand, Jian Ning's foster father's brows tightened. He sat in the back of the car and cupped his fists at the handsome man who was so handsome that people forgot to breathe, begging for mercy:

"I don't know how I offended you! I hope you can forgive me! Let Me and my daughter leave this place!"

Jian Ning's foster father's words caused the man who suddenly descended from the air like a god to frown slightly.

In the next second, the handsome man reached out his hand. Just a second before he blasted the sports car and the two people in it into minced meat with his spiritual power., he left behind a cold and mellow sentence that made people forget to breathe:

"You've offended my woman. Go To Hell."

Chapter 2246: If Jun Ruo dies, his life and death will follow

As soon as the handsome man finished his sentence, the two people in the sports car had not even walked out of the door before the body of the sports car was blasted into blood with his spiritual power! Not even a single bone could be found in the two of them, and they died instantly on the spot!

If there were any ordinary people standing here at this moment and seeing this unbelievable scene, they would probably cry out in shock.

This was a completely illogical scene!

...

When Yun Jian arrived here, this was what she saw

The sports car that was originally sitting in Jian Ning and Jian Ning's foster father's car had been suddenly killed on the spot. The entire car had been twisted into a rope-like shape. Just the thought of someone sitting in the car was enough to make one shudder in fear.

What was even more terrifying was that the entire car had been twisted into a rope-like shape and blood was flowing out of it. It looked extremely strange.

Before she could come over, Jian Ning and her foster father had already died?

Seeing this scene, Yun Zhi narrowed his eyes.

Just as Yun Zhi narrowed his eyes and was about to walk over to the deformed sports car to examine the corpses of Jian Ning and her foster father, a familiar mellow male voice sounded from behind her. "Xiao Zhi."

When this mellow and magnetic male voice sounded, Yun Zhi's slightly raised brows instantly calmed down.

She knew who had killed Jian Ning and Jian Ning's foster father.

After the magnetic voice rang out from behind her, Yun Jian was embraced by a familiar arm in less than a second. She felt a warm embrace, relaxed, and handed her back to him.

"Did you kill them?" Yun Jian leaned his back against Si Yi's chest and asked softly.

At that time, Si Yi's hand had not obediently passed through her waist and attached itself to her fair and delicate hands. He gently raised his handsome lips and gave a brief reply:

"Yes."

After hearing this, Yun Jian's eyes dimmed and his red arc slightly moved. "Yes. I originally wanted to interrogate them to see if they were the mysterious man's subordinates."

Yun Jian did not think that Jian Ning's foster father was as simple as an ordinary immortal cultivator from the imperial dragon continent.

Therefore, Yun Jian didn't kill Jian Ning and her foster father at the party.

Yun Jian had never been someone who wouldn't get rid of the root of the problem. Regardless of whether Jian Ning and her foster father truly regretted it or not, the existence of the emperor rebel organization was a foregone conclusion.

As the leader of the emperor rebel organization, Jian Ning, as well as her foster father, who founded the Emperor Rebel organization, had to die.

"That man is indeed a subordinate of the mysterious man," Si Yi replied when Yun Jian spoke in puzzlement.

After that, Si Yi paused for a moment before he spoke again:

"Before he died, he said that he would be able to find the mysterious man's hiding place on Death Island, which leads to thousands of continents."

Before Jian Ning's foster father died, it was not that he had not struggled. In the process of struggling, he even revealed a huge secret to Si Yi.

On an island called Death Island in the Indian Ocean, there was a place that could lead directly to the mysterious man's hiding place.

Jian Ning's foster father had revealed these words before he died. Si Yi could tell that he wasn't lying.

Because when a person who was afraid of death faced the fear of death, in order to survive, even if it was a terrible secret that could never be revealed, it was possible to reveal it.

Moreover, Jian Ning's foster father wasn't someone who wasn't afraid of death.

And this death island was located on an island in the Indian Ocean.

The reason why this small island was called Death Island was because this death island was a legendary island.

According to the legends, Death Island would only appear on the surface of the Indian Ocean at dawn. The surrounding area of Death Island would be filled with thick smoke, making it look quite beautiful.

When the cruise ships saw this, they would be attracted to the shore of Death Island.

It was said that when the cruise ships sailed to the shore of Death Island, they would not be able to find their way back. Until death, they would be trapped on death island.

This was the origin of the name of Death Island.

Of course, this was just a beautiful legend.

But later, there were also people who came forward to confirm the existence of Death Island.

And as early as twenty years ago, there was an old pirate who was drifting in the Indian Ocean with a group of his pirate brothers. According to his memories, he and his group of Pirate Brothers accidentally entered Death Island.

The old pirate did not say what exactly happened on Death Island. The world only knew that he had been to death island, but for some reason, he became the first person to leave Death Island alive.

When he was discovered, the old pirate kept shaking his head and repeating, "Dead... dead... all dead... Death Island... all dead..."

Yes, the old pirate had gone mad.

This incident 20 years ago had shocked the entire world. From then on, people had a deeper understanding of death island in the Indian Ocean.

Hearing that they could find the mysterious person's hiding place, Yun Zhi's eyes narrowed.

If Jian Ning and Jian Ning's foster father were the mysterious person's subordinates, then it wasn't hard to explain why the emperor rebel organization could deal with the ancient killer mercenary group in every way.

Every single detail of her past life, including the Witch God's difficult times and the times she was targeted after her rebirth.

Yun Zhi was never a person who was willing to defend.

The mysterious man had been arrogant for so long, and it was time for Yun Zhi to fight back!

"Are you going to the Death Island?" Yun Zhi turned around and asked Si Yi.

“Yes,” he said in a muffled voice.

“I’ll go with you!” Yun Zhi said firmly.

After that, she took the initiative to hold Si Yi’s slender hand and said solemnly,

“If you die, I will follow you to the afterlife.

“In this life, if you live, I will live with you. If you die, I will die with you, and I will never abandon you

Chapter 2247: a junior high school classmate called out to her

Between them, there was no solemn and vigorous oath of eternal love, No Sweet Words, promise you a lifetime of Chang ‘an death oath, not even an ordinary couple, you and I love each other, keep the oath of a lifetime.

There was only one sentence, if you live, I will live with you, if you die, I will die with you.

Live and die with you.

Any magnificent declaration of love, is not worth a sentence, if you die, I will die with you more valuable.

But in this world, if there is one person can live and die with you, then please cherish, because there is no one in this world more than him, love you.

The cloud does not know how to say love, not to say “I love you” this simple three words can be said.

However, just because he didn’t know how to say these sweet words, it didn’t mean that Yun Jian didn’t love him.

Her love for Si Yi was kept in her heart.

It wasn’t an emotion that could be described with just “I love you”. It was a love that could throw everything aside and be ready to go to the Netherworld with him at any time.

After hearing Yun Jian’s words, Si Yi was completely stunned. After being stunned, he didn’t say anything more. Instead, he hugged her even tighter from behind. He didn’t say anything else.

...

In the end, Si Yi decided to head to the death island seven days later. Yun Jian was also prepared to head there with him seven days later.

Of course, whether he could find the death island that was shrouded in fog all year round was one thing. But this time, Yun Jian was determined to die and head there with Si Yi.

Because of this, Yun Jian even took a year off from university.

Because he had the backing of the new start company, Yun Jian took a year off from school. The school also directly agreed.

One day, Yun Jian came out of the principal's office. When he arrived at the school gate, Mo Bufan and the other members of the martial arts club heard the news and all ran to the school gate to send him off.

"Yun Jian, although I don't know why you suddenly decided to suspend school, I will always keep the position of the President of the Martial Arts Club for You! Because the position of the president of the martial arts club is only suitable for you!"

Mo Bufan and the others sent Yun Jian to the school gate. Then, Mo Bufan spoke to Yun Jian solemnly.

The position of the martial arts club president can only be held by you!

This was the recognition of the martial arts club members towards Yun Jian!

"If I can come back alive, I must personally hear the news of your martial arts competition winning. Don't let me down." Yun Jian didn't say anything and only left this sentence.

This sentence made the martial arts club members who did not know what Yun Jian was going to do even more worried, but at this moment, no one asked.

Yun Jian was not simple. At the same time, Yun Jian also had her own world.

At that time, the members of the martial arts club only unanimously promised Yun Jian that they would definitely get the first place in this martial arts competition.

Under the cheers of the members of the martial arts club, Yun Jian left Jiang City University of electronic technology.

...

There were still seven days before the scheduled date with Si Yi to go to death island.

During these seven days, Yun Jian explained everything about the Gu Sha mercenary group and then returned to Longmen City.

After returning to Longmen City, Yun Jian first went to the prison.

Two years had passed. Duan Li and Duan Ya's father, Duan Shi, who had been arrested and imprisoned for domestic violence, was about to be released.

Yun Jian came to the prison and applied for the right to visit Duan Shi in prison.

At that time, Yun Jian was just about to enter the prison to visit Duan Shi and mention some necessary things to Duan Shi.

For example, to ensure that Duan Shi would not cause trouble for Duan Li and Duan ya after he was released from prison.

Yun Jian had just gotten permission to enter the prison when she saw a figure outside the police station.

She was about to walk past the figure, but she was stopped:

"Yun Jian! It's You!"

The person who stopped Yun Jian was none other than one of Yun Jian's classmates in Xinjiang Town. His name was Yi Qingqing.

Chapter 2248: visit Duan Shi, why is he here

Yun Jian did not stay in Xinjiang town for long. Not long after she was reborn in Xinjiang Town, she went to Longmen City.

The person who had studied in Xinjiang town for nearly three years was not her, but the original owner.

However, for Yi Qingqing, Yun Jian could still find memories of this person in the original owner's memory.

In her memory, this girl named Yi Qingqing was a very ordinary student in Xinjiang Town. She was also a good student in the teacher's impression. She usually listened to the teacher obediently and wore very simple and elegant clothes. She was a typical student with good grades, a model student in the eyes of the teacher's parents.

However, the current Yi Qingqing was a little different from the obedient model student with good grades in the original owner's memory.

At that time, Yi Qingqing was wearing a rather foreign-looking outfit. The top of her body was a striped shirt with buttons. Her body was taut, and the bottom of her body was a black short skirt. She looked like a socialite.

This was a stark contrast to the obedient girl, Yi Qingqing, who did not even dare to speak loudly in school. Even when her name was called by the teacher in class, she still did not dare to stand up for a long time.

People change.

No matter how obedient and obedient a person was when they were young, if they encountered some circumstances when they grew up, they would become different.

At that time, Yi Qingqing looked more charming and mature compared to the innocent and ignorant Yi Qingqing in junior high school.

There was also an indescribable vicissitude.

"En." When Yun Jian saw Yi Qingqing, his eyes narrowed slightly. She responded to Yi Qingqing indifferently.

Seeing this, Yi Qingqing pursed her lips and smiled at Yun Jian. "How fated. We actually met here." This smile carried the vicissitudes and desolation of old friends who had met again many years ago after encountering an accident.

"By the way, Yun Jian, why are you here? Don't you have to go to school?" Yi Qingqing changed the topic and asked.

Yun Jian was supposed to be in the third year of high school, but he skipped one grade, so he was now in the first year of high school.

After Yi Qingqing finished her question, Yun Jian also replied, "I came back for something."

She didn't say anything else.

After Yi Qingqing heard Yun Jian's words, she didn't feel that it was inappropriate. She smiled at Yun Jian and then spoke in detail about herself:

"I dropped out of high school and did not study. I came to Longmen City to work alone. Later, I met my boyfriend at the place where I worked..."

Yi Qingqing's boyfriend treated her very well. During the work period, her boyfriend took care of her for two years. He took care of her every detail.

Later, Yi Qingqing was moved, so she agreed to establish a solid relationship with him.

However, the good times did not last long. Two days ago, when Yi Qingqing and her boyfriend got off work, they met a few hooligans. Those hooligans saw that Yi Qingqing looked pretty good, so they wanted to rape Yi Qingqing in front of Yi Qingqing's boyfriend.

In the end, Yi Qingqing's boyfriend accidentally stabbed one of the hooligans to death, which saved Yi Qingqing's innocence.

At the mention of this matter, Yi Qingqing's eyes were filled with tears. "He went to prison for me. The court said that he did not kill on purpose and that it was self-defense, so he had to go to prison for ten years.

"He went to jail because of me. I will always watch over him. Even if it's twenty years, I will wait for him to get out of jail."

When Yi Qingqing said this, Yun Jian noticed that Yi Qingqing was carrying a lunch box. Without asking, he should know that Yi Qingqing was carrying this lunch box. He was definitely here to deliver food to her boyfriend.

After chatting with Yi Qingqing, Yun Jian and Yi Qingqing went to the jail to visit.

Yi Qingqing also invited Yun Jian to a nearby milk tea shop for a small gathering after the two of them visited him.

Yun Jian agreed.

The door of the prison that had closed Duan Shi opened, and Yun Jian walked in from the outside.

At that time, Duan Shi looked much more refreshed than before. After not seeing him for two years, Duan Shi, who had stopped drinking, looked a little more human after two years of rehabilitation in the prison.

At this time, Yun Jian suddenly entered the door, which gave Duan Shi a big fright. He stared at Yun Jian and exclaimed loudly,

“You, why are you here!”

Chapter 2249: The Hooligans came to stop them

“Have you forgotten? You’re going to be released from prison in a few days. I’m here to visit you on behalf of Your Daughter.” The cloud paper curved coldly. She walked not far away from Duan Shi and spoke through a glass wall.

Hearing that he was going to be released from prison, Duan Shi was stunned. Then, he suddenly burst out laughing.

Duan Shi was actually quite serious without the violent aura he had when he first entered prison.

Perhaps it was because he didn’t drink too much all these years, but the man who used to beat Duan Li and Duan Ya up in the past had disappeared without a trace.

Duan Shi let out a laugh and sighed before shaking his head. He finally understood the purpose of Yun Jian’s trip.

“Hey, if you’re here for Duan Li and Duan Ya, then you can go back. I’ve already turned over a new leaf. After I get out of prison, I won’t interfere with their happy lives now.

“I... wasn’t a good father. After two years in prison, I’ve already thought through these things. It was my fault at the beginning, to actually do something like domestic violence...

“Actually, when the mothers of the two children were still alive, they were also my darling, My Darling!”

Duan Shi was handsome, and he was a perfect match for Duan Li and Duan Ya’s mother.

Later, Duan Li and Duan Ya’s mother left early, and Duan Shi fell from grace, becoming a rich woman’s sugar daddy. Not only that, he also drank heavily and beat up Duan Li and Duan Ya.

However, after staying in prison for two years, Duan Shi finally realized his mistake. He regretted it...

When he said this, Duan Shi wiped the tears that were about to fall from his eyes. The wrinkles on his face, which was no longer handsome but had an old outline, deepened again.

“These two years have taught me a lot of principles. After I get out of prison, I won’t interfere with their lives anymore.”

As he said this, Duan Shi suddenly stood up and bowed deeply to Yun Zhi.

This was the most sincere gratitude from an incompetent father who expressed his repentance to Yun Zhi.

Without Yun Zhi and the most appropriate education from the police station, he still had no idea where he was wrong.

“Thank you! If I can repay your kindness in this lifetime, I will do it even if I have to pay the price of my life! My two children...

“I hope you can treat them well and let them forget about me, an incompetent father, and start a new life!”

These were the last words Duan Shi said to Yun Jian.

After saying this, Yun Jian ended his conversation with Duan Shi.

Yun Jian came here to confirm whether Duan Shi would cause trouble for Duan Li and Duan ya after he was released from prison.

However, judging from Duan Shi’s words, he would not cause trouble for Duan Li and Duan ya anymore.

Just as he walked out of here, Yun Jian saw Yi Qingqing who had just come out to visit her boyfriend.

“Yun Jian, here, Here!” Yi Qingqing waved at Yun Jian and walked over. She gave Yun Jian a slightly bitter smile and continued,

“We don’t know if we’ll have the chance to meet again in the future. Let’s go to a nearby milk tea shop for a gathering.

“I’m actually already very happy! At least when I miss him, I can come and see him!”

With that, Yi Qingqing took Yun Jian and left the place, walking towards a milk tea shop not far away.

Not long after they walked out of the police station, they encountered a place with no people around. Suddenly, a large group of people surrounded them from behind.

This large group of people looked like small hooligans, and each of them was holding an iron rod, a wooden rod, and the like.

After the leader of the group had surrounded Yi Qingqing and Yun Jian, he walked to the front of Yun Jian and Yi Qingqing with a trembling body. He stood in front of Yi Qingqing with an arrogant expression, waved his iron rod, and said loudly,

“Hello, Little Girl, you finally gave me the chance to catch you! HMPH! Your boyfriend actually dared to kill our brothers! Now without your boyfriend’s protection, you’re finished!”

Chapter 2250: was about wanting to go to the Netherworld for company

Yi Qingqing was shocked when she suddenly saw the group of hooligans who stopped her.

She never expected that not long after she walked out of the police station with the cloud note, the group of hooligans who had stopped her a few days ago and wanted to do something bad to her, one of them who was accidentally killed by her boyfriend, would make a comeback!

In fact, the police station had also given the hooligans the most severe warning. They had even been detained for a few days as a warning.

However, these hooligans did not hurt anyone. The more they thought about it after they were released from prison, the angrier they became.

Today, this group of hooligans with iron rods and sticks found an opportunity to once again catch Yi Qingqing and walk to a corner where no one had passed by. They hurriedly rushed over.

“You, what do you want to do! This is the police station nearby. If you dare to mess around again, I will...”

Yi Qingqing held her backpack and tried to scare these hoodlums away with her words.

But just as she finished speaking, the Hoodlum who had led the group to surround her walked to Yi Qingqing with his iron stick. This hoodlum weighed his iron stick and then tilted his head, he looked at Yi Qingqing with a carefree expression.

Not only that, he even held his iron rod and patted Yi Qingqing’s cheek with it. He had a wretched smile on his face:

“Yo, that’s impressive! What if I Get Scared? !”

As he said that, the hooligan who had led the group carried the iron rod back onto his shoulder. The corners of his mouth twitched and he grinned:

“I’m going to F * ck you! I’ll F * CK You First! At most, I’ll just spend a few days in jail, and even if I die under the peonies, I’ll still be a romantic ghost! Brothers, cover her mouth and drag her to a corner. I want to be the first to come!

“I’m going to F * ck this B * Tch to death! How dare she make me spend so much time in jail! F * ck! Brothers, quickly drag this B * tch to a corner and pull her pants down!

“Oh right, didn’t you bring a video camera with you today? ! Shoot! Shoot with all your might! Make her angry! F * ck!”

This person cursed every single word. As he spoke, he threw the iron rod in his hand onto the ground and pulled his belt left and right, as if he wanted to be the first to humiliate Yi Qingqing.

When Yi Qingqing saw this scene, she was scared out of her wits. She desperately winked at Yun Jian, hoping that Yun Jian would quickly escape before these hooligans noticed her and call for help.

However, contrary to what Yi Qingqing thought, not only did Yun Jian not escape, but she also lazily walked to the hooligan’s side and picked up the iron rod that the hooligan had thrown on the ground.

The hooligan was busy lowering his head to unbuckle his belt with a wretched look on his face.

Yun Jian walked over to pick up the iron rod that was thrown on the ground and smashed it on the hooligan’s head, causing the hooligan to see stars.

“F * ck, who is it? Are you looking for death...”

The little hooligan had just finished speaking when he suddenly felt a chill on his neck.

It turned out that Yun Jian had pressed the iron rod against his throat and was looking at him with a cold smile.

That cold smile caused the little hooligan to tremble in fear. His heart actually trembled for no reason.

Just as the little hooligan's heart trembled and his expression changed in fear, Yun Jian's clear words suddenly sounded with a trace of cruel killing intent. Those indifferent and clear words actually caused this little hooligan.., as well as the people standing beside the hooligan, their faces suddenly trembled in fright:

"Courting death? Do you know about the major international incident that happened in Jiang City recently?"?

"I don't even care about those international bigwigs at the party held in the name of Rong Yao Company. How Dare You Block MY WAY? Do you want to accompany them to the Netherworld?"
