Chapter 621: Take That Out. A Pool of Blood

Liu Tie could finally breathe in relief when Si Yi kept his pistol.

In spite of it, he shuddered when he saw Brother Hu's corpse on the ground. In the end, he went to nudge Si Yi and turned to call Liu Ziyun and Liu Qi, as well as Qing You and Yun Jian.

"Go! Go now! Leave, all of you!" Liu Tie chased them away as he tugged them. Liu Ziyun and Liu Qi, too, were asked to leave.

"Dad! You..." Liu Ziyun widened his eyes, staring at his father in disbelief.

"Go quickly! Speak no more. Xiao Yun, fetch the metal tin under my bed. It has our savings. Take all the money and leave, the farther the better! Don't come back for the rest of your life!" Liu Tie said, pale and frowning.

"And Xiao Xin, oh, Xiao Xin, my good girl, you go with them too!" Liu Tie flashed a smile that looked more like a grimace as he urged.

"Xiao Yun, promise me you'll take good care of your sisters!" Liu Tie then turned to tell Liu Ziyun.

His reminder had only drained the colors of Liu Ziyun and Liu Qi's faces. They, too, had realized the severity of the matter.

Liu Tie was only a farmer in Luo Village but Brother Hu was a high-ranking member of Xin City's second largest gang. Liu Tie did not kill Brother Hu but the latter died in his house.

The second largest gang in Xin City was infamous for their ways. Not only were they collecting protection rackets from shops and workers who made an honest living, but they were also usually exploiting the people in Xin City too.

Forget that an executive member from its gang died, this second largest mob would implicate Liu Tie's entire family even if it was just a regular gang member.

Liu Tie had always been an upright man. Although Si Yi was the one who killed Brother Hu, he would have to go to jail or even be executed by shooting if things got serious. He could not bear to watch a good kid like him waste his life just like this.

After all, Brother Hu and his men were the ones who started the issue, even when Liu Tie thought that Si Yi had acted too rashly.

In addition, Liu Tie could not bear to leave this place where he and his late wife had spent all their life. Considering his children, however, he could only ask Liu Ziyun and Liu Qi to leave together.

"Dad? We didn't kill him. Why should we leave too?" Liu Qi was from Xin City, so it was only natural for her to have heard of the intimidation of the city's second largest gang. She just did not understand why they had to run away when they did not kill Brother Hu.

Liu Tie's action was plain and obvious. He was going to bear the crime for Si Yi!

Si Yi blinked his dark eyes twice, equally surprised. This man was going to be the scapegoat for what he had done?

“Xiao Qi, be good!” Liu Tie was decided when he cried at Liu Qi.

“No, dad! I...” Liu Tie was Liu Qi’s father. She might be hostile to Qing You but her love for Liu Tie was pure and unhesitant.

“No one leaves,” Yun Jian said, looking at Liu Tie when he and his children were anxious and helpless.

Liu Tie was stunned, glancing at Yun Jian with a start. “But...”

“Qing You, take that out,” Yun Jian then shifted her eyes to said girl and told her.

“Yes, Sister Jian.” Qing You nodded and retrieved a sealed vial from a small sling bag of hers amidst her family’s confusion.

The sealed vial was tiny, similar to the apparatus used in chemical experiments, but it was sealed, so the liquid inside would not spill.

Following Yun Jian’s intention, Qing You opened the vial coming to Brother Hu’s dead body and emptied the liquid inside on him under her family’s startled gaze.

As everyone looked closely, Brother Hu’s dead body was seen sucked dry in a flash and turned into a pool of blood swiftly, not even a piece of bone was left.

Chapter 622: It’s Precious. Pick As You Wish

When Yun Jian called her ‘Qing You’, Liu Tie and his children were already surprised.

After all, she was just Liu Xin to them. Come to think about it, however, Qing You had left home for years and she had said that she lived in an assassin organization—it was impossible for her to keep using Liu Xin as her name, thus Liu Tie and the siblings got over it.

Yet, what did Qing You do?

She took a sealed tube that looked like it came from a chemistry experiment, opened it, and poured all its content on Brother Hu. What terrified them came next.

Liu Tie had been a farmer all his life and had always been a virtuous and honest man, enjoying the fruit of his labor. Liu Ziyun and Liu Qi who lived in the farming village too, were not exposed to much. Yet Brother Hu was turned into a pool of blood!

The scene completely baffled the three of them.

“Ah! The bo-body... the body turned into a puddle of blood...” The sight was far more shocking than Brother Hu being shot by Si Yi. If she had not witnessed it personally, Liu Qi probably would not believe something so unrealistic. She gasped aloud before she covered her eyes and began quivering whilst squatting down.

“This...” Liu Tie was alarmed as well.

Liu Ziyun was able to handle the shock better than Liu Qi and Liu Tie, but that was not to say he was any less dumbfounded when he saw it.

“Meimei (Mandarin for younger sister), you...” Liu Ziyun’s mouth was agape in disbelief.

Qing You recapped the vial after pouring the liquid and kept the item back in her bunny sling bag. She then turned around to explain to her family, “Dad, don’t be scared. This is a corpse dissolving liquid. It’ll be fine as long as one doesn’t come in contact with it.”

“Meimei, you carry something so dangerous with you? You...” Liu Ziyun was cut off by Qing You before he could finish.

She smiled and turned to look at her brother. “Ge, it’s fine.”

“Her sling bag was reconstructed with a special material. Even if the liquid in the vial spilled, it won’t drip out from the bag,” Yun Jian helped to explain as she went to Qing You.

Yun Yi who stood next to Qing You was as dumbstruck as the girl’s family while Si Yi covered Yun Zhu’s eyes calmly, preventing the boy from watching the gory scene just now. Of course, Si Yi himself remained unfazed without even a flicker of his eyes.

“Heh heh.” Qing You turned to chuckle at Yun Jian, her delicate baby face looking stunning.

While Liu Tie and her siblings were still flabbergasted, Qing You patted her bulging little sling bag and teased Yun Jian, “Sister Jian, the corpse dissolving liquid is precious. Someone offered 10 million US dollars back then and I couldn’t bring myself to sell it. You’ve got to reward me handsomely!”

The corpse dissolving liquid was no doubt the best solution to destroy the dead body and get rid of any evidence.

“You can pick any company under my name,” Yun Jian replied with a smile and her arms crossed in front of her.

The conversation between Yun Jian and Qing You bewildered Yun Yi who did not understand the situation while Si Yi remained indifferent. Liu Tie and his children, however, were shell-shocked.

What?

The thing called corpse dissolving liquid that Qing You held just now was worth 10 million US dollars! This was US dollars they were talking about!

Families in 1998’s Luo Village lived a simple life. A few hundred yuan could last them a full month.

A corpse dissolving liquid was 10 million US dollars? Liu Tie and his children could not even start to imagine it.

Chapter 623: Take It Down First. Her Sniping

Yun Jian had a lot of subsidiaries under her name in her previous life. The company she stole from with her hacking skill just when she was reborn had plenty of divisions itself and was managed by her subordinate with the pseudonym Alluring Demon.

Branches of the company managed by Alluring Demon that were not in the headquarters and were scattered around other regions were the subsidiaries.

Even though they were not the headquarters, the lowest worth among Yun Jian's subsidiaries was above 100 million US dollars.

"Heh heh, thank you, Sister Jian." Qing You beamed sweetly with a hint of mirth.

Liu Tie, Liu Ziyun, and Liu Qi were dumbstruck.

Liu Tie was just a farmer. If he had more than 10 thousand yuan in cash, he was probably already one of the richest men in Luo Village. People in the village were mostly poor as the economy's development was stunted. Those who were wealthier had gone to bigger cities and the rest who stayed on in Luo Village were the ones who did not manage to leave.

10 million US dollars! Qing You said that what she held just now was worth 10 million US dollars and she had just used it like that!

Relatively, Liu Qi's reaction was the strongest.

In the beginning, she had treated Qing You like a slave when the latter just came back. Liu Qi made Qing You wash all the clothes at home and basically made her life a living hell. Yet, Qing You did not make even a word of complaint.

Liu Qi, Liu Ziyun, and Liu Tie all knew that Qing You was doing well. She came back wearing branded clothes. It was just that they had never imagined her to be that rich! In addition, they did not expect her friend to be as affluent as well!

She was simply giving Qing You a subsidiary company! That was a company too, even if it was a branch! The young lady was frighteningly abled!

"Dad, why are you guys scared of him?" Qing You turned to ask Liu Tie after the exchange with Yun Jian.

The 'him' referred to Brother Hu.

Yun Jian watched with her arms crossed in front of her.

"Sigh," Liu Tie shook his head with a sigh.

"Meimei, you should ask me about it," Liu Ziyun said rubbing his head and continued rather embarrassedly, "Don't make fun of me. I'm in Xin City's gang too."

With that, he looked grim. "Brother Hu is a high-ranking member of Xin City's second biggest mob. If he's just an executive member, maybe we won't have to be so scared, but the issue here is that Brother Hu's younger sister is the wife to the second boss of the gang!"

"This second boss pampered his wife and shared a strong brotherhood with the gang's big boss as they were birth brothers."

"Brother Hu's death will cause the big boss of the second largest mob to take action and the gang itself was significant in Xin City. I'm just a nobody and our family is nothing special. We won't be able to fight the gang at all..."

This was the reason for Liu Tie's violent reaction after Si Yi killed Brother Hu.

"What do we do!" Liu Qi yelled in fear.

Then, she glared at Yun Jian and Si Yi, shouting at them, "You guys are the ones who caused this. Take responsibility! Don't involve us!"

"Of course we won't push the responsibility to you." Yun Jian glanced at Liu Qi.

She was not going to make Liu Tie's family bear the consequences but what Liu Qi said still rubbed her the wrong way.

"Let's go," Si Yi spoke suddenly, brief and precise.

"You guys are leaving? What about us! We'll get killed by the gang! Do you still have your conscience?" Liu Qi was tearing up, thinking that Si Yi was really leaving.

"Take the gang down first if you don't want to die." Si Yi was holding Yun Zhu's hand when he uttered the intimidating words with a nonchalant tone.

"What? Eliminate the gang? How's that possible? Just you guys?" Liu Qi sniped again.

This was the second largest mob in Xin City they were talking about. How could the few of them take it down?

Chapter 624: We Took It Down, It Must Be A Nuisance

"Heh." The light chuckle came from Si Yi when he heard what Liu Qi said.

No longer paying her any attention, he headed out with little Yun Zhu. For Yun Jian's sake, Si Yi had gone to the limit of his benevolence for not killing Liu Qi on the spot. If he stayed there any longer, he felt that he was going to push past his patience and shoot all of them.

He had always been decisive in his ways. He was unlike Liu Qi and her family who were hesitant and apprehensive.

Taking two steps to the door, Si Yi turned around again. He stalked back to Yun Jian in his tall form and tugged her hand with his other free hand before moving out once more.

Qing You went after them at that. "Sister Jian, I'll go too."

Yun Yi was, of course, following when Qing You was going.

"You guys stay here. Take care of my brother," Yun Jian told Qing You and passed Yun Zhu to her from Si Yi's hold.

"Mn." Qing You listened devotionally to Yun Jian. When the latter spoke up, she complied at once.

"I... I'll lead the way." Hesitating for a few seconds, Liu Ziyun voiced out suddenly, to which Yun Jian accepted his offer. "Mm."

The wailing of the police siren could be heard from the entrance of the village just then.

Luo Village was a quiet place, so the contrast of the police siren sounded jarring. The closer it got, the more it drained the colors off Liu Tie and his children's faces.

"It's the police! It's the same sound when there was a gang fight in the village and someone got injured in it the last time. Dad, the police are here!" Liu Qi cried frantically grabbing her father's hand.

There was a police station in the town near Luo Village. The people who came with Brother Hu just now came from Luo Village, so it was understandable that they had gone to report it to the police when the shooting happened.

As expected, three police cars turned in from the corner not long after the siren was heard. A few police officers came down each holding a stun baton pointed at Si Yi, Yun Jian, and the rest of them standing there.

"There's a report that you guys have killed someone. Follow us back to the police station right now!" One of the older looking policeman said stepping forward while the rest of them went around checking Liu Tie's house and its vicinity but did not find anything unusual.

When Qing You turned Brother Hu's dead body into a pool of blood just now, they had gotten rid of it and made sure it was not traceable. There was no sign or evidence left at the scene.

"No, I'm not going! I won't go! We didn't kill him, it's him! It's this person! Catch him!" Liu Qi cried pointing at Si Yi.

The police officers paid Liu Qi no mind as they took everyone there away. Si Yi and Yun Jian made no resistance.

Everyone was brought to the nearest police station to Luo Village, somewhere called Shangjie Town, only to be released two hours later and deemed innocent.

The moment they left the police station, Liu Tie, Liu Ziyun, and Liu Qi were bewildered. Liu Ziyun was filled with disbelief more than anything else. Watching Si Yi who had shot Brother Hu dead just now but came out with them unscathed, he was overwhelmed.

"Why are we bailed out so fast?" Liu Ziyun turned to ask Si Yi skeptically.

The one Si Yi killed was Brother Hu! Yet, they were acquitted?

Si Yi ignored him, keeping his hold on Yun Zhu and Yun Jian, as he stepped away from the police station.

Someone came up to them right as they got out.

Ya Dang who had been waiting at the door for a while flicked his short hair and called Si Yi when he saw him, "Young master, the second gang of Xin City is taken down. It must've been a nuisance to be taken to the police station!"

Chapter 625: Taking The Helicopter Back To Longmen City

"Mn." Si Yi nodded slightly as if everything was within his plan.

In spite of it, what Ya Dang who had made a sudden appearance said startled Liu Tie, Liu Ziyun and, Liu Qi who also left the police station.

The second largest gang held a large significance in Xin City. It was basically a tyrannical presence in Xin City and this large-scale gang was wiped out by this man who called Si Yi “young master”? How—how was it possible?

“Who are you trying to bluff! You took out the second largest mob? We were in the police station for only two hours! And you’ve already vanquished a gang so intimidating? I don’t believe it!” Liu Qi exclaimed bluntly.

“Enough, Xiao Qi!” Seeing that Liu Qi kept making taunting remarks, Liu Ziyun could no longer tolerate it as her brother and growled at her on the spot.

“Ge, you—” Liu Qi remained stubborn.

“Young master, do I need to kill this woman for daring to doubt you?” Ya Dang had always been a curt hot-tempered one. He was not bothered that he was right in front of a police station either when he pulled out the Desert Eagle from his hips and pointed the pistol at Liu Qu.

Liu Qi shrieked covering her head again when she saw another real gun.

“No need, let’s go,” Yun Jian told Ya Dang.

There was no reason for him not to listen when his young madam spoke. Ya Dang then remembered how Si Yi had warned them not too long ago that what Yun Jian word would be his as well. Furthermore, that everyone from An Hun Group ought to obey it or they would be severely penalized!

“Got it!” Ya Dang agreed and kept his pistol.

Escaping the clutches of death once again, Liu Qi breathed in relief. She nearly died from the shock. No one cared about her reaction, however.

Si Yi took a glimpse at Ya Dang and asked, “I’ll leave this to you. Take care of things properly.”

He meant to say he was leaving? Qing You hurried to ask Yun Jian, “Sister Jian, are you going back to Longmen City?”

“Mn.” Yun Jian nodded. Unable to make themselves comfortable in Qing You’s house, it was a matter of course to leave.

“Oh...” Qing You was a little reluctant. Actually, she was just reluctant about Yun Yi leaving. He would have to go too when Si Yi and Yun Jian were leaving, right?

Then, Yun Yi suddenly told Yun Jian, “Xiao Jian, I’ll stay here for some time and only go back to Longmen City after everything’s taken care of. You guys go ahead.”

Yun Jian nodded once she heard him. “Mm.”

Hence, Yun Yi had a legitimate reason to stay. Ya Dang stayed as well to settle the aftermath of the incident.

Si Yi had killed Brother Hu. The least he could do was to leave after making sure things were mediated, but he had taken Yun Jian and little Yun Zhu to leave directly. Before he left, he tossed the car key to his Lamborghini sports car to Ya Dang so the latter could drive it back.

The reason Ya Dang could rush to Xin City and annihilate the second largest gang within two hours was because he had taken the private helicopter here once he received the news. The initial drive of seven to eight hours was shortened with a helicopter ride.

Meanwhile, Si Yi had directly hijacked Ya Dang's private chopper that was currently parked at in a spacious plot of land. There was even a designated pilot.

When Si Yi and Yun Jian took little Yun Zhu here, Si Yi carried the boy who was staring at the helicopter in curious amazement up.

"Xiao Zhu, have you been on a helicopter?" Si Yi asked the boy with a smirk.

Chapter 626: Flying A Plane. I Know

Little Yun Zhu shook his head promptly and answered, "No."

He turned to look at Yun Jian with a pout and asked, "What about you, jiejie? Have you been on a helicopter?"

Facing the obedient and docile boy, Yun Jian could not find it in her to lie and nodded with a hum. "Mn."

"Oooh..." The boy nodded again.

Hoisting Yun Zhu up, Si Yi carried him to the backseat of the helicopter that was parked on the field. The chopper was at a reasonable height from the ground since it was parked, thus Si Yi turned to hold Yun Jian's hand and got up to the back of the helicopter.

After shutting the door, the pilot who sat in front began to fly it.

"Whoop, it's flying..." little Yun Zhu cried happily as he sat beside the window of the helicopter's back, excitedly spreading his arms.

"Sit properly. Don't move around too much," Yun Jian could not help reminding.

She was warmed to the bottom of her heart watching how gleeful Yun Zhu was. As for Si Yi, he kept his hold on Yun Jian's small hand and even rubbed his palm over her supple one several times. Taking advantage that his actions had gone unnoticed by the girl.

The helicopter took one hour to return to Longmen City. When it was preparing to land, it could not land anywhere but on a flat spacious stretch of land. The pilot who had been quietly flying the helicopter found somewhere on his own to land the helicopter.

After Si Yi took Yun Jian and Yun Zhu off the helicopter, the pilot flew away with it.

"Jiejie, Si Yi-gege, Xiao Zhu wants to fly a plane next time!" Yun Zhu's eyes were sparkling like he found his lifetime dream, ecstatic beyond words.

Yun Jian patted his head with a warm smile.

It was already about eight at night. They had planned to stay the night at Qing You's home and return home the next day but with so much that happened and Liu Qi around, they could not stay in Liu Tie's house.

That was why Yun Jian and Si Yi took Yun Zhu back to Longmen City directly.

Upon returning home, they were greeted with Qin Yirou and Ge Junjian chatting happily on the living room couch. After a whole day of consideration, Qin Yirou had finally made up her mind. She had not known Ge Junjian for long but it was hard to meet someone who understood her so well. It must be fate too.

In the past, she had listened to Zhang Meihua and married Yun Gang like the dutiful daughter she was, destroying her life and nearly destroying her children's lives.

Ge Junjian was a virtuous man. Qin Yirou would be sabotaging herself if she kept holding back, so she agreed to his request swiftly.

Right now, both of them were watching television in the living room. They had planned to come up with some explanation and told Yun Jian and Yun Yi about it when they came up to ask for their blessing.

It came unexpectedly when the door opened to reveal Yun Jian and Si Yi coming home with Yun Zhu.

Qin Yirou was still snuggled against Ge Junjian. Feeling caught, the woman jumped up and nearly slipped on the floor. Ge Junjian had been fast enough to grab her hand, preventing it.

"Xi-xiao Jian, why are you guys back so soon?" Qin Yirou asked with a guilty conscience.

"Mm, Yun Yi said that he wants to stay a few more days there, so we came back first," Yun Jian explained briefly.

"Mm." Qin Yirou then looked serious and told Yun Jian with mixed feelings, "Xiao Jian, mom has something to talk to you about..."

"It's about Officer Ge? Mom, I know about it already." Yun Jian blurted what Qin Yirou found shy to speak off with smiling eyes.

Chapter 627: The Best For You. Come On!

"Wha-what—Xiao Jian, you knew?" Qin Yirou's head had been hanging low in contemplating how she was going to tell Yun Jian about it only for the latter to have already known it.

"Mom, as long as you're fine and happy about it, I don't oppose it. I support you wholeheartedly." Yun Jian meant it from the bottom of her heart.

Humans were emotional beings. Although Yun Jian was a secret agent in her past life, she had taken Qin Yirou as her birth mother in this life.

Qin Yirou's sacrifice for her and Yun Yi was nothing that could be put into mere words. Yun Jian also knew that no one else would do more than Qin Yirou for her. This was what a mother's love was. Certainly, Si Yi would be the first to refute if he had heard what Yun Jian thought.

Qin Yirou's eyes were moist the moment Yun Jian said that. Her Xiao Jian had truly grown up.

She could still remember her daughter being quite stubborn when she was younger and did not really have the best grades. It was the first semester of the ninth grade that her results improved and she had

even scored the top mark in the collaborated exam among five schools, right before she transferred to Longmen City from Xinjiang Town!

That was one of Qin Yirou's proudest moments.

"Xiao Jian..." Qin Yirou was tearing up.

"Mom, don't cry. Who knows if I say no if you cry?" Yun Jian chuckled.

Qin Yirou broke out into a soft laugh from Yun Jian's teasing while Ge Junjian stayed beside her to comfort her patting her shoulders.

"I wonder if Xiao Yi's okay with this," Qin Yirou spoke to herself with a frown when the embarrassment dissipated from the atmosphere. To the woman, she was not getting married to Ge Junjian if either of her children was opposed to it. Yun Jian and Yun Yi were her hope and motivation in life.

"Mom, he'll be fine about it. I'm sure!" Yun Jian chuckled.—That was because Yun Yi needed Qin Yirou's blessing for him and Qing You too! Moreover, Yun Yi would wish the best for Qin Yirou as well.

"Mn!" Qin Yirou did not get Yun Yi's answer now but she was much more relieved.

"Mom, we'll be heading upstairs then," Yun Jian told Qin Yirou and took little Yun Zhu up.

"Mm." Nodding with a hum, Qin Yirou was already sitting down in delight to discuss the wedding with Ge Junjian.

Ge Junjian's parents were no longer around and both Qin Yirou and him were divorcees. They thought that they could make their wedding simpler. That said, they would still prepare all the necessary items—not like the wedding was happening soon anyway.

Yun Jian took Yun Zhu to his room. The latter was starting to sleep alone now. It was past eight in the evening now and as a growing child, Yun Zhu had been yawning sleepily.

After tucking Yun Zhu to bed, switching off the light, and closing the door, Yun Jian was going back to her room when Si Yi who stood at the door asked, "Xiao Zhu's asleep already?"

"Mm." Yun Jian nodded. She yawned after that, feeling the day's fatigue creeping up to her.

"I'm going back to my room, good night," she turned to tell Si Yi and made a turn back to her room with the drowsiness.

Without another word, Si Yi followed. Right before Yun Jian closed the door to her room, he slipped into her room and locked the door before pinning Yun Jian to bed the fastest he could.

Chapter 628: You Can't Leave, I Forbid It

Yun Jian had her back against Si Yi, same when she entered her room. She was going to face her back against the door when she closed and locked it, not expecting Si Yi to sneak into her room right before her.

Just as Si Yi entered, he carried Yun Jian to the bed not too far off. He had his arms around her waist as he pinned her down on the bed with Yun Jian's back facing him.

Despite her earlier sleepiness, being suddenly pinned down surprised Yun Jian was now awake. Simultaneously, her cheeks were colored pink.

The room was lit in white fluorescent lighting while the temperature was slowly rising. Yun Jian could even feel Si Yi who was pressing down on her back breathing heavier.

“Xiao Jian...” The deep buzz of Si Yi’s voice felt like a famished beast that had suddenly found food but dared not tear into it.

Yun Jian was alarmed, distinctly feeling that Si Yi was far more uncontrollable than the last few times today.

“You...” Before Yun Jian could go on, Si Yi had flipped her around and captured her lips urgently. Unlike the gentle kisses in the past, this kiss was heavy and hurried, like a tidal wave that was lapping and stopping Yun Jian’s heart.

As they kissed, Yun Jian’s gaze eventually grew dazed. Enchanted and engrossed in the kiss, she suddenly felt a hint of chill on her chest.

Somehow, sometime, her jacket and thermal wear were removed. Startled as Yun Jian was, Si Yi’s palm had moved swiftly to her bra. She caught his hand just in time.

Si Yi had obviously lost his rationale thought due to the splayed hair and pliant body in front of him. This was something that had never happened to him before.

Other than the leggings that were still snugly fitted on her, Yun Jian’s upper body was barely saved for her bra. Her supple bosoms were enclosed in the lingerie, taunting Si Yi’s desire as she lay under him.

Finally pulling away from Si Yi’s kiss, Yun Jian was still unable to move. She gulped a few mouthfuls of air and asked, “What’s gotten into you?”

Si Yi hugged her, curling himself and burying his head under Yun Jian’s chin on her collarbones. “Will your mother be moving to Ge Junjian’s house after she gets married?”

“Mm, yeah. Why?” Yun Jian nodded and replied.

“Are you going with her?” This was what Si Yi wanted to ask.

Ge Junjian and Qin Yirou probably would not take too long to be wedded to each other. How long did Si Yi have to wait to see Yun Jian once if she moved out?

“Of course I’m following if my mom’s moving to Officer Ge’s house. It’s not just me, Xiao Zhu will be going too. Oh, Yun Yi as well. This isn’t my house after all. My mom actually feels quite bad about staying here for so long...” Yun Jian felt more than saw a shadow coming in for her lips before she could finish her words.

It persisted for a long time. Si Yi had only parted when Yun Jian felt like she was struggling for air from the kiss. She did not even understand what he meant.

Qin Yirou was certainly moving away when she got married to Ge Junjian. It was only a matter of course that Yun Jian, Yun Zhu, and Yun Yi moved away together with her.

Yun Jian could not figure out what Si Yi was being mad about.

Just when Si Yi dipped low to capture her lips again, Yun Jian snapped her head away and asked, "What's wrong with you today?"

"You can't leave, I forbid it!" Si Yi asserted before extending a hand to turn Yun Jian's head back and lower himself to kiss her once more.

Chapter 629: Hitting With The Mouth, Complains Xiao Zhu

When Si Yi had lost himself deeply in the kiss, the door opened and peeked little Yun Zhu's head.

Si Yi did lock the door when he entered but he had only turned the lock halfway since all his attention was on Yun Jian when he locked it, so the door was not securely locked.

Yun Zhu was already falling asleep in his room but he suddenly recalled that there was something he had yet to tell his sister and came to her room to do exactly that.

The door opened and Yun Zhu popped his small head in, all while speaking happily, "Jiejie, jiejie, I forgot to tell you that our school's having a family sports day next week. Can you and Si Yi-gege come join it..."

Xiao Zhu was already sticking his head in through the open door but before he could finish his words, he was shocked by what he saw... His Si Yi-gege was caging his sister under him.

"Si Yi-gege, how could you hit jiejie?" Yun Zhu stopped whatever he had been talking about and ran in with his short legs.

Yun Jian who heard Yun Zhu's voice abruptly shoved Si Yi away. The boy was already rushing to the bed by then, crying out, "Sob, Si Yi-gege, don't hit jiejie. Xiao Zhu will be good. Don't hit jiejie..."

Yun Zhu's shrill cry prompted Qin Yirou and Ge Junjian who were downstairs to come up.

Si Yi had gotten up from Yun Jian then, turning to cover Yun Zhu's eyes, while Yun Jian seized the time to put on the clothing Si Yi had taken off her the fastest she could and sat on the bed guiltily.

As Qin Yirou and Ge Junjian jogged up the stairs noisily.

"What happened? What's going on?" Qin Yirou had thrown the TV remote in a fit of fright just now, sprinting upstairs the moment she heard Yun Zhu's cries.

Ge Junjian was the same, sprinting up the fastest he could and coming to Yun Jian's bedroom.

Once they got there, Qin Yirou asked, "What happened? Xiao Zhu, what's the matter?"

They saw Si Yi carrying Yun Zhu when they came to the door while Yun Jian was sitting up straight on the bed like a student who was caught by her teacher for being distracted in class.

Yun Jian told Qin Yirou with a smile when she saw her at the door, "It's nothing mom. We were playing with Xiao Zhu just now and he cried since he lost."

Yun Jian even turned to chide the boy to make it more believable, "Xiao Zhu, boys can't cry, okay?"

What else could she do if not to use her brother as a shield?

Little Yun Zhu had no idea about this. He only knew that Si Yi-gege bit his sister just now and his teacher mentioned that biting was hitting, so he spoke honestly, “No, jiejie is lying! Xiao Zhu was sleeping just now but I remembered that I have something to tell jiejie so I came to her room then I saw Si Yi-gege hitting jiejie!”

“A-Yi, you hit Xiao Jian?” Qin Yirou was alarmed.

“Yes! Xiao Zhu saw it! He was hitting hard! I saw Si Yi-gege biting jiejie’s lips. Our teacher said that biting is wrong. It’s worse than hitting someone with your hands!”

Chapter 630: Little Yun Zhu. Do What You Should

Yun Zhu’s firm accusation made Qin Yirou freeze in shock.

Yun Jian felt like palming her forehead with a sigh.

The boy did not even know that he had said something wrong and complained more, “Mama Qin, Si Yi-gege is bad!”

As he spoke, he struggled away from Si Yi and went to Yun Jian, grabbing her hand with his small ones and looking at her with his dusty cheeks. “Jiejie, does it hurt? Si Yi-gege is so mean! I’ll hit him for you!”

The boy then ran to Si Yi and made a soft slap on the latter’s sleeve before running back to Yun Jian and told her, “Heh heh, jiejie, Xiao Zhu hit Si Yi-gege once. It won’t hurt anymore, jiejie!”

There was a wide sunny grin from him.

Qin Yirou who stood at the door was dumbstruck. She had just recovered from the happy fog of Yun Jian agreeing to her marrying Ge Junjian only to hear something like this. A-Yi... and Xiao Jian... How could this be?

Qin Yirou stared in shock, unable to snap out of her trance for a long moment. Ge Junjian who stood next to her knew about Si Yi and Yun Jian, and could only sigh with a palm on his forehead.

Why was Xiao Zhu so apt in causing troubles? He had basically just outed them.

Perhaps little Yun Zhu thought that he did not make it sound serious enough, so he added naively. “Why aren’t you saying anything, jiejie? Is it because I didn’t hurt Si Yi-gege? But our teacher said that biting is bad. Si Yi-gege bit you but I can’t bite him. Our teacher said that those who bite people are bad kids and they should be thwacked on their bums.”

Yun Zhu’s guileless comment just made it more awkward for Yun Jian.

Caught by Qin Yirou, it was not like Yun Jian could do anything within such a short moment of notice. She had learned how to kill someone and how to do so within one blow, she had learned medical skills, and even knew hacking, but she was never taught how to handle a situation like this.

“Cough! Xiao Zhu, come on out. I’ll take you back to sleep.” Ge Junjian knew that it would only get worse if the atmosphere remained this tense; Qin Yirou would only overthink it more especially if the boy said more.

With such considerations, Ge Junjian extracted Yun Zhu from the room first.

“Why? Uncle Ge, I’m not leaving. If I go away, what should we do if Si Yi-gege is mean to jiejie again?” Little Yun Zhu pouted wearing a frown, grimacing harder than everyone. It was like Si Yi actually bullied Yun Jian.

“Your Mama Qin is here. Si Yi-gege won’t do anything to your sister.” Feeling words stuck in his throat, Ge Junjian told the boy waving him over.

“But...” Yun Zhu turned his chubby pink cheeks to Yun Jian. Upon seeing that she looked fine, he nodded and went to Ge Junjian. “Alright.”

When he got to the older man, Yun Zhu could not help telling Qin Yirou, “Mama Qin, don’t let Si Yi-gege bully jiejie. It’ll hurt her. Xiao Zhu is going to bed.”

He rubbed his eyes as he spoke and got picked up by Ge Junjian.

“I’m taking him to bed first. You...” Ge Junjian did not know what to say either. It was after a pause that he ultimately told Qin Yirou, “Do... what you should, mm...”
