

## Schoolgirl 941

### Chapter 941: Recognizing Her. Incredibly Bewildered

The Ferrari sports car was forced to run into the rocks at a certain angle by Yun Jian that allowed Ge Xuan to avoid being injured despite being in the car.

After Yun Jian forced the Ferrari to a stop using the Maybach sports car, she hit the brakes and stopped the Maybach as well. The first thing she did after getting out of the car was run to the Ferrari sports car and open the door so Ge Xuan could exit from the passenger seat's side.

While that happened, the spectators were silent from where they watched. All of them were stupefied by the scene just now. Not one person was not baffled.

The guy with the flat-top haircut and the other lackeys who tried to threaten Ge Xuan just now were already standing around Brother Guang, and all of them were astounded by the risky scene they watched from the screen.

Brother Guang, especially, had been in gangs for so many years and had raced plenty of times, but he had never encountered something like this. The brakes of the sports car failed but the driver was saved unscathed!

Yun Jian had stopped the Ferrari sports car with the failed brake using the Maybach sports car. The reality was evident that it had completely baffled everyone who witnessed it. The amazing stunt was never heard of not just in Longmen City but even the entire Zhe Province or Country Z!

How good must one be in driving to achieve that! After all, the Maybach sports car did save the Ferrari sports car from the cliff just now. Moreover, the Ferrari had planned to drive down the edge in the beginning but the Maybach had actually managed to push it back from the cliff!

More importantly, no one in both sports cars was injured—at all.

Since the surveillance cameras on the circuit were installed to record against the light and Yun Jian had gone to the Ferrari with her back against the cameras, the screens at the bleachers were unable to show her face clearly.

Yun Jian had gone to the door on the passenger side of the Ferrari sports car and pulled it open to tell Ge Xuan, "Come on out."

The guy was still dazed from nearly falling off the cliff. He was heaving and it looked like he was severely frightened.

When Ge Xuan snapped out of his daze, he looked at Yun Jian, noting the Ferrari's head that rammed into the rocky wall that the body of the car caved as well during the turn of his head. The car was wrecked.

"Sis, sorry I ruined your car..." Ge Xuan dipped his head in guilt.

“It’s just the exterior that’s scraped. I can get it repaired. This car of mine got wrecked more than hundreds of times, once more from you won’t hurt,” Yun Jian said with a lazy smile with her arms crossed in front of her.

Back when she went on missions in her past life, this was the car she drove. The Ferrari sports car had seen worse for no fewer than hundreds of times but she managed to repair it back to perfection each time.

Ge Xuan’s head snapped up at Yun Jian’s words before he got out of the car under her gaze.

...

The spectators on the bleachers had thronged to the finishing line. Yun Jian drove Ge Xuan back there with the Maybach sports car while the spectators cheered screaming as they watched her return.

The astonishing skill she displayed just now had made her the god of cars to them!

Both Ge Xuan’s friends came to help him after he and Yun Jian got out of the car. Yun Jian, on the other hand, went to Brother Guang and others who were trying to escape.

Those men intended to flee but the instant they had their backs against Yun Jian ready to make a move, her voice rang slowly. “Where do you think you’re running to?”

She sounded like a devil from hell.

Although Brother Guang had never seen Yun Jian’s face, he could not help shuddering despite having his back against her. Due to his ego, however, he turned around speaking in a bluster, “Hah, who do you think...”

That was all he could say when he saw Yun Jian’s face. The moment he saw her face clearly, Brother Guang fell to his knees before her. He widened his eyes in terror as he exclaimed shakily, “Sis-sister Jian?!”

The crowd who was watching them was incredibly bewildered.

Chapter 942: It’s My Car And It’s My Brother

Brother Guang did not see what Yun Jian looked like throughout everything that had transpired.

From Yun Jian appearing to run with the Maybach sports car to save Ge Xuan, she had not exposed her face on the camera. It naturally meant that the spectators who were watching from the screens on the bleachers were not able to see her face clearly as well.

It was until Yun Jian showed herself in front of everyone and called Brother Guang and his lackeys who were about to make their escape that people saw what she looked like—not that it mattered.

Point was, Brother Guang had kneeled down before Yun Jian so fast one might get whiplash. The moment he turned around when he had done that so haughtily talking in a tone like he was not going to stop until he made sure Yun Jian pay in the beginning.

What was the situation? Why was Brother Guang calling this young girl... Sister Jian? He was addressing her so politely?

Everyone knew that Brother Guang was a gangster. Yet he got on his knees today right after he saw what Yun Jian looked like!

While the spectators were surprised, the flat-top guy and others were equally flummoxed. Their Brother Guang was a higher-up in Falcon Hall! He had never been scared of anyone since he made his presence known in the racetracks. Why was he kneeling down like a coward after he saw Yun Jian today?

“Brother Guang, what games are you playing? This is the b\*tch that I mentioned just now who called my hand filthy! I’ll make her pay now since I didn’t do anything to her!” The flat-top man who had discord with Yun Jian earlier, so he held a strong prejudice toward her now.

He did not even dwell on it when he saw Brother Guang kneeling down before Yun Jian but went to her looking like he would be ashamed if he did not beat her up.

Brother Guang had of course heard the flat-top guy complaining about what happened with Yun Jian earlier. If it had been any moment prior to this, Brother Guang would have been furious at the flat-top guy’s words.

Now?

Being a higher-up in Falcon Hall and having joined the gang for some years, Brother Guang had seen the current boss of the mob without a doubt. He had not recognized Yun Jian just now because he had only seen her from afar.

Now that Brother Guang heard the flat-top guy saying he was going to make Yun Jian suffer the consequences, he grabbed the latter and got up halfway to punch him. The punch sent the man falling to the ground directly.

“Sh\*t, shut your filthy trap! If you dare criticize Sister Jian in front of me again, I’ll beat you to death!” Brother Guang cursed at the flat-top guy.

What he was actually thinking was that he had actually tried challenging Sister Jian and even tried to kill her man in the race just now. Once he realized it, he quivered and thought of recompensing while things had yet to get to the point of no return. It would be best if he could push all the responsibilities to the flat-top man!

Was Yun Jian so foolish that she could not discern the reality?

Watching Yun Jian take step after step toward him, Brother Guang trembled.

“Hah... Uh, Sister Jian, this guy doesn’t know better. You’re magnanimous, please don’t...” was all Brother Guang got to say.

Yun Jian had already walked up to him briskly and raised her leg to kick his chest right in front of everyone, sending the man who was kneeling on the ground several meters through the air.

The others were both confused and horrified.

How dare the teenage girl do this to Brother Guang who was a higher-up of Falcon Hall? Was she not scared of Falcon Hall taking revenge on her?

Just as they thought so, they heard Yun Jian's unnerving voice speaking again. "Do you think I'm stupid? Sorry to tell you that the Ferrari sports car you wrecked just now is my car! The person you wanted to kill is my brother!"

There was a pause then Yun Jian cracked an unsettling grin.. "Also, my Falcon Hall never takes in trash. Do you think I'll still let scum like you hang around?"

Chapter 943: At Falcon Hall. Do You Deserve It?

"My Falcon Hall?"

Those who were present gasped at her words. If Yun Jian had said them in the beginning, no one there would probably pay any attention to her. No one would even be willing to listen to what she said attentively.

The extent of fear Brother Guang had for Yun Jian just now simply made everyone pay close attention to Yun Jian's words and actions, especially since they also knew that Brother Guang was a higher-up in Falcon Hall.

As a higher-up in Falcon Hall, it was barely possible for Brother Guang to shrivel into a cowardly manner after seeing Yun Jian, unless he had met someone whose status was far above his in the gang. Moreover, he had sunken down on his knees right before Yun Jian just now!

"Are you also from Falcon Hall?" The man with the flat-top haircut scrambled up from the ground when he heard Yun Jian saying "my Falcon Hall". He went up to her with a disbelieving gaze.

Ge Xuan stared at Yun Jian in equal bewilderment. Even when he was studying abroad, he knew about Falcon Hall's existence.

To speak of the current gang, it was a presence even the police were powerless against. Rumors regarding Falcon Hall that circulated among gangs had already made their way into Longmen City too.

Ge Xuan had heard of them once he came back to the country and was shocked by them at that time. Looking at Brother Guang's reaction and Yun Jian's tone, could she be a member of Falcon Hall as well?

It went without saying that it had never crossed Ge Xuan and the spectators' minds to put Yun Jian and Falcon Hall's boss, Slaying Luo, side by side. After all, Yun Jian looked so young; it was barely convincing.

"Why have I never seen you if you're from Falcon Hall?" The man with a flat-top cut wore a deep frown that scrunched his brows up into an ugly wave as he questioned Yun Jian.

He was Brother Guang's underling and someone of Brother Guang's status was only a semi-significant presence among the higher-ups of Falcon Hall, thus Brother Guang had only seen what their boss looked like from afar.

In addition, Yun Jian did not frequent the headquarters of Falcon Hall. Xu Zetian was usually the one managing it. Since he was still recovering from his serious injuries now, his most trusted right-hand man, Duan Lei, was fully in charge.

It was understandable that the flat-top man had never seen Yun Jian.

“You’ve never seen me in Falcon Hall?” Yun Jian furrowed her brows lightly. Her beauty shot a zap in some men’s hearts there.

Listening to Yun Jian, Brother Guang who was extremely anxious, as well as the group of men who had insulted Yun Jian earlier with the flat-top guy, shifted their gaze.

Everyone’s eyes were now on Yun Jian. Ge Xuan and his two bros were not exceptions.

Standing her spot, Yun Jian’s long black hair was flowy; her high ponytail made her look exuberant.

“That’s right!” The man with the flat-top haircut was intimidated by Yun Jian’s aura but he snapped back swiftly and looked at her in a challenge.

“Go to hell! F\*cker!” Brother Guang felt fear rising within him again at the flat-top man’s behavior. How dare he bluster in front of the boss of Falcon Hall? Brother Guang would do anything to slap his man into oblivion.

At the same time, Yun Jian’s even more arrogant voice replied, “You want to see me in Falcon Hall? Do you deserve it!”

Yun Jian’s raised voice and her brazen claim made everyone there straighten up.. The young girl was audacious! She actually challenged someone from Falcon Hall asking “do you deserve it?”.

#### **Chapter 944: She’s Our Mafia Boss**

“Do you deserve it?”

What Yun Jian said made the flat-top man’s heart clench.

It was a given that a man would get angry when the other party had addressed him in such a tone, more so when said man was extremely egoistic like the guy with the flat-top haircut.

The main factor was that Yun Jian was only a teenage girl. Her young age and her standing opposite of the flat-top guy saying “You want to see me in Falcon Hall? Do you deserve it?” basically poured fuel to his fury.

He could care less about what Brother Guang was so scared of Yun Jian.

“You’re f\*cking trying to die, isn’t it! I’d rather be dead if I don’t kill you right now!” The flat-top guy erupted in fury and made to go to Yun Jian disregarding Brother Guang’s prohibition.

Brother Guang felt his heart give a thump. He might as well be shocked to death by what the flat-top guy did.

Just as the man with the flat-top haircut approached Yun Jian, Brother Guang's furious roar bellowed immediately, "Zuo Ping, are you crazy? She's Falcon Hall's boss! Are you trying to get yourself kicked out?"

Zuo Ping was the name of the man with the flat-top haircut. Brother Guang had shouted his full name. He was helpless; that was why he blurted the information. If he did not disclose it sooner, he was sure that Zuo Ping would have gone up to fight Yun Jian based on his character.

To fight Yun Jian, however, was to fight Falcon Hall's boss. It would be fine if Zuo Ping suffer the consequences alone but the problem was that Brother Guang would be dragged into trouble by him!

The title "Falcon Hall's boss" baffled everyone there.

Yun Jian... was the boss of Falcon Hall? Was—was this a joke?

The legendary Slaying Luo who was said to make Falcon Hall the top gang in Zhe Province in just half a year's time... was this young girl right here? Nobody had forgotten the fact that Falcon Hall's boss, Slaying Luo, had also taken Zhe Province's biggest gang, Panthers Pack, under her wing not too long ago!

Dragon Head Gang, which was what Falcon Hall was named in the past, basically took the farthest backseat in the ranking of Zhe Province's gangs half a year ago. Slaying Luo had spent that amount of time and turned the current Falcon Hall to the top gang in the province.

When words had gotten around back then, it thoroughly shocked everyone.

What did Brother Guang say just now?

That woman who led Falcon Hall to become the best gang in Zhe Province was this teenage girl in front of them? How was it possible?

"W-what? H-how's it possible? She's—she's Falcon Hall's boss?" Zuo Ping's feet were stuck to the ground as he stared at Yun Jian in flummox. His jaw was nearly dropping from how bewildered he was.

The sudden blow of information tensed him up as he kept his eyes on Yun Jian but dared not take another step farther.

The others around them heard what Brother Guang said as well and all of them had their shocked gaze trained on Yun Jian. That was why she could drive so impressively. She was actually... the boss of Falcon Hall!

"How could I make this up? I saw it with my own eyes!" Brother Guang closed his eyes and slumped on the ground as strength had sapped out of him.

He knew that he would not be able to escape this time judging by how Yun Jian was. He had almost shoved his Falcon Hall boss' elder brother down the cliff! He also indirectly wrecked her Ferrari sports car.

Brother Guang was certain that his time was up soon just from these two things that he had done.

When people around heard Falcon Hall's higher-up, Brother Guang, speaking so explicitly, they gasped. It meant that this young girl they were looking at now was really Falcon Hall's boss, Slaying Luo.

No one expected her to be so young! People were just dumbstruck.

Chapter 945: Incapacitate Your Hands And You're Free To Go

While everyone was dumbstruck, Yun Jian had gone to Brother Guang and his lackeys.

"You guys know Falcon Hall's rules," Yun Jian said. What she implied was obvious.

Brother Guang knew that he was done for when he heard this from Yun Jian. Just from how Yun Jian had taken care of their enemies back then, Brother Guang knew that they would not escape unscathed this time.

When Flying Passage's boss sent a sniper and injured Xu Zetian to the point that his life was at risk, Yun Jian saved the latter and promptly went to Flying Passage—alone—to annihilate the whole gang.

Brother Guang knew that he was doomed this time based on the matter.

Falcon Hall had explicitly prohibited its members from stirring up troubles outside under the gang's name and Brother Guang had done exactly this plenty of times. He had even used Falcon Hall's reputation to have his ways with beautiful young girls and women, doing similar things many a time.

Back then, he thought that he would be fine as long as he watched out and was not found out. Never in his dreams had it crossed his mind that he would actually be caught red-handed by the boss of his gang.

"W-we... d-do..." Brother Guang quivered from fear but stammered anyway under Yun Jian's pressure.

"Those who violate Falcon Hall's rules and see them as jokes are to have their hands incapacitated and chased out of the gang!" Yun Jian's merely moved her eyes but she looked like a born king.

What she said sounded like the worst news from hell.

Brother Guang threw himself down on his knees in front of Yun Jian again. "Sis-sister Jian! Please give me another cha—No, please don't dismember me. I'll leave Falcon Hall, I'll leave..."

If his hands were debilitated, he would really be crippled. Brother Guang already knew that being chased out of Falcon Hall was definite.

"This isn't all. We haven't settled the score for our personal grudge." Yun Jian avoided Brother Guang's kneeling without a trace. Her icy expression was evident that she was not going to be merciful.

Personal grudge? Brother Guang shuddered.

Yun Jian was heard speaking again and her tone was chilling. "You intentionally rammed the Ferrari sports car my brother drove just now and caused the brakes to fail and almost killed him."

"Also, that ruined Ferrari sports car is my car. Say, how should we go about this?"

The crowd widened their eyes in horror at what Yun Jian said.

What? The Ferrari sports car's brakes did not fail by accident but were an intentional act?

While people were still doubting the truth of the incident, Brother Guang fell forward on his knees and desperately kowtowed to Yun Jian.

“Sister Jian, I’m wrong. Please, Sister Jian, let me go. I won’t dare do it again...”

Surprised that a grown man like Brother Guang was kowtowing to Yun Jian? Who was Yun Jian? She was the boss of Falcon Hall, the greatest gang in Zhe Province! She was in the mafia!

Even if Yun Jian killed Brother Guang, she would manage to get away scot-free. What was more, this was only incapacitating him? It would be strange instead if Yun Jian did not make him pay for what he did just now.

“Let you go? Sure.” Yun Jian crossed her arms in front of her chest with a squint as she looked at Brother Guang.

Once Brother Guang heard that she would let him go, he looked up immediately and swallowed, keeping his beady eyes on Yun Jian. “Really? I—”

Before the man finished his sentence, Yun Jian cut him off. “Incapacitate your own hands and I’ll let you go.”

Incapacitate his own hands? Why did the words sound so easy when it came from a teenage girl?

People were baffled.

Clank! Yun Jian threw something at Brother Guang suddenly. When the crowd saw what it was, their breaths were caught in terror.

It was a butterfly knife. Yun Jian had even gotten the knife ready!

Chapter 946: Concern From An Elder Brother

Brother Guang was trembling like a leaf as he watched Yun Jian throw a butterfly knife at him.

“Sis...” Brother Guang did not even dare incapacitate his own hands. He did not have such courage, so he begged.

Yun Jian broke him off as she hollered, “Do it!”

Brother Guang quivered.

While he shook in fear, Yun Jian suddenly stepped on the butterfly knife on the ground and stomp-kicked it, causing the knife to spring up from the ground due to the propelling force from her foot.

“I’ll help you since you won’t do it,” Yun Jian sneered darkly and grabbed the butterfly knife to go a step closer to Brother Guang.

“No—don’t, I’m wrong...” Brother Guang plopped down on the ground on his backside instead of kneeling as he shuffled backward in that position. The more he moved back, the harder he trembled. He closed his eyes in fright the moment Yun Jian raised her hand.

Whoosh, whoosh... The night wind was billowing. No one there dared make a sound, and it only emphasized how loud the wind was.

After the wind passed, Brother Guang still did not feel the butterfly knife in Yun Jian's hand swinging down at him. When he opened his eyes, he saw her leaving.

Gasping in relief, he saw Yun Jian, Ge Xuan, and their company moving away but Yun Jian had a phone in her hold as she talked to Duan Lei about the matter.

It was impossible for Yun Jian to let Brother Guang go off the hook so easily but she was not planning to do it on her own simply because... it would taint her hands.

It was after Brother Guang relaxed that he heard Yun Jian calling Duan Lei and he perked up when he heard himself being mentioned, only to hear Yun Jian instructing succinctly, "Go all out on him!"

Brother Guang fainted on the spot from her words.

Yun Jian had gone to the owner of the Maybach sports car she had snatched in the meantime. She had used the Maybach to save Ge Xuan, so the car door was terribly scuffed. She compensated the owner with a large sum and sent the car, alongside her Ferrari sports car, to the Ferrari company for repair.

Each time Yun Jian wrecked her car in her past life, she sent it to the official Ferrari sports car workshop for repairs.

Since it would take some time to patch her Ferrari sports car up, Yun Jian could only take Si Yi's Lamborghini to drive as her own for the time being. She did not mind it because she could easily get her hands on Si Yi's Lamborghini if she wanted to.

After contacting the Ferrari workshop, Yun Jian informed them of the address and the workers would be here to tow it away. It was basically a one-stop service.

By the time she was done with everything, it was late.

Ge Xuan thought that he had done Yun Jian a disservice since he had ruined her car when she borrowed it from him. Despite that, Yun Jian's nonchalance eased his guilt.

"Sis, are you really Falcon Hall's boss?" Ge Xuan had held it in for a long time but he finally got to ask.

"Mn." Yun Jian did not try to hide anything.

"Does dad know about this?" Ge Xuan was quiet for a bit before he asked.

"No," Yun Jian answered frankly.

"It's better to keep it from him then. Besides, you're in the military," Ge Xuan said and continued after a pause. "Don't let people with ulterior motives find out about it too."

Yun Jian nodded, knowing that Ge Xuan was saying these for her sake.

#### **Chapter 947: To The Zoo. Roll In The Hay**

Ge Xuan's concern warmed Yun Jian's heart.

He was different from Yun Yi in the way that the latter would show his concern all the time, while Ge Xuan would not admit that he was caring even if that was the last thing he had to do.

Yet it was people like Ge Xuan—who adamantly refused to acknowledge that he was showing concern—who were the ones who cared deeply—and discreetly.

Yun Jian also knew that Ge Xuan was worried about her reputation in the military being ruined if her identity as the boss of Falcon Hall got out. After all, that was exactly her title. Even if Falcon Hall had prohibited its members from bullying the weak now under her management, others would just assume that she was involved in the mafia once they heard it.

It simply gave off a different feeling.

In spite of it, Yun Jian was not scared about Ge Junjian finding out her identity as Falcon Hall's boss. After all, the man, including some others in the Advanced Special Forces, already knew her identity as Gu Sha Mercenaries' boss—although they kept their lips sealed about it. Yun Jian took comfort in knowing that.

Ge Xuan's two friends went back home with Ge Xuan while Yun Jian followed them to Ge Junjian's house too.

Although it was already late, Yun Jian saw Qin Yirou running into the kitchen to bring out four bowls of mung bean soup for her, Ge Xuan and his two other bros once they stepped through the door.

"You guys are finally back. I've kept the mung bean soup in the pot. It's still warm, have it while it hasn't gone cold. Go to bed earlier after this. You all are still growing, you should take care of your health," Qin Yirou said as she went in and out of the kitchen twice to serve the four bowls of soup on the table in the living room.

"Mn." Yun Jian nodded.

The four of them went over to pick up the mung bean soup. When Ge Xuan drank it, Yun Jian caught a drop of tear at the corner of his eye before it fell into the bowl.

Ge Xuan had never experienced a mother's love but he had never thought that he could get it from Qin Yirou. Friends around him told him that his stepmother was definitely an evil woman who said one thing in front of Ge Junjian but did something else behind him. She would even pretend to be nice to him in front of Ge Junjian.

Qin Yirou felt different from him. Ge Xuan did not know why he was so sure about it either. Maybe it was because Qin Yirou treated him the same whether it was in front of Ge Junjian or behind others. The woman exuded a mild kindness; it did not feel intense but it made one feel warm and cocooned.

That was why Ge Xuan teared up. He covered it up very well, though. No one else saw it except for Yun Jian. It was also this moment that he decided he would repay Qin Yirou with equal sincerity. From now on, Qin Yirou was his mother, Yun Jian was his younger sister and Yun Yi was his younger brother. They were a family!

...

Yun Jian fell asleep right away when she returned to Dong Ruan's house after having the mung bean soup. Si Yi had yet to come back from An Hun Group. Even though the night was not as warm and fond without Si Yi, Yun Jian was able to sleep.

The next day, Yun Jian got changed into clean clothes after coming home from her morning workout with Zhang Shaofeng and Yun Yi before she went to meet up with Ning Lanlan at their usual place.

She did not forget that they had agreed to go to the zoo.

Yun Jian saw Ning Lanlan standing there from a distance away with several peers around her. It was not hard to determine that these young men and women were Ning Lanlan's friends.

When Ning Lanlan saw Yun Jian coming over, she hooked arms with her almost immediately and ran off to a side to ask Yun Jian in a whisper, "Jianjian, did you try on the bra I picked for you the last time? Haha, it was effective, wasn't it? Did you two... roll in the hay, hmm? Hehehe..."

Chapter 948: An Extroverted Friend And Someone Uninvited

"Cough!" Yun Jian coughed when she heard what Ning Lanlan said. Before she could say anything, another girl called out for Ning Lanlan.

"Lanlan, what secret are you sharing with this pretty girl behind my back?" A sweet-looking girl with big, shiny eyes walked over from the side as she spoke.

She wrapped an arm around Ning Lanlan's shoulder right as she came and looked at Yun Jian with a grin.

"Hello! I'm An Mo, Lanlan's best friend in school. The one over there is my younger sister, An Nuo. She's a little shy, don't mind her!"

The girl introduced herself excitedly with her arm around Ning Lanlan. As she got to the end of her introduction, the girl who called herself An Mo pointed at another girl who looked just like her somewhere farther away.

When Yun Jian looked over, her gaze lingered on An Mo before it shifted to An Nuo a short distance away who looked slightly shy. Yun Jian arched a brow and asked with a smile, rare that she was in the mood, "Twins?"

An Mo and An Nuo practically came out from the same mold. Regular people would hardly be able to differentiate who was who. It was just that Yun Jian could tell both of them apart in one glance.

Yun Jian was also an excellent investigator. She had even been able to recognize Pete who had gone under an impeccable disguising technique, so distinguishing this pair of twins was nothing close to a challenge.

The elder sister, An Mo, was obviously more extroverted. When she heard Yun Jian's question, she answered still hugging Ning Lanlan on the shoulders, "Yup, I'm the elder sis and she's the younger one. Heh. What's your name?"

An Mo's lively and candid nature felt comfortable and easygoing.

“Yun Jian,” Yun Jian replied with a press of lips.

“Yun Jian,” An Mo repeated her words before flashing a delighted grin. “Your name sounds really nice!”

She even stuck out her tongue playfully as she commented.

“Is everyone here? We can get ready to depart.” A guy wearing glasses with rectangular frames who looked calm and studious in character came over from the side.

He was quite good looking and had a fairly decent complexion.

“Alright, Giant Ice, we know!” An Mo stuck her tongue and replied the guy with a friendly tease. After her playful retort, she turned back and introduced him to Yun Jian, “Heh, he’s Han Yichen, our class monitor. He looks all cool and intellectual but he’s known in our class for being helpless with directions, haha! He actually got lost when we went to a park the last time. I’m just speechless!”

An Mo grumbled without a bite while Yun Jian replied with a smile.

Ning Lanlan’s friends here were her classmates. She and her friends regularly met up and went on trips together, hanging out and exploring all sorts of places. Back when they had the barbecue at Nilong River where Ning Lanlan borrowed some salt from Qin Yirou, she had gone there with An Mo and the rest here.

An Mo and the others welcomed Yun Jian easily and they widened their eyes when they found out that Ning Lanlan had gotten to know Yun Jian because of the salt-borrowing that time. An Mo dramatically said that she was going to Nilong River for barbecue again just so she could borrow some salt and get herself a best friend—of course, she was joking.

When the group was set to leave, someone shouted, “Lanlan!”

Ning Lanlan turned around since the voice was calling for her. Once she turned and saw the person, she dipped her head shyly. “S-senior Zhiming?”

Feeling a direct gaze scanning her, Yun Jian turned with a frown only to see Shan Zihao standing next to Xiao Zhiming and looking at her with bright eyes.

Chapter 949: The Haughty Girl Wan Siyao

Yun Jian disliked being stared at with a gaze like this. She furrowed her brows and moved away unnoticeably.

Since the foreign languages competition in Foreign Languages High School the last time, it had been a while since Shan Zihao saw Yun Jian. Now that he saw her again, he was bubbling with joy.

“Lanlan.” Xiao Zhiming flashed a small smile at Ning Lanlan.

“Hey, Yun Jian, it’s been some time!” Shan Zihao was unable to hold himself back when he noted Yun Jian moving away discreetly and came over to greet her.

He was incredibly interested in Yun Jian. Since the last time he met Yun Jian in school, he was attracted by her. There had yet to be a girl who was not charmed by his handsome look and this piqued Shan Zihao's curiosity in Yun Jian.

She also felt enigmatic to him from the last time. When she conversed with Pete in a language that no one seemed to understand, it pulled Shan Zihao's attention to her.

The guy was sure that he had never paid such close attention to a girl before, so he rushed up to greet her when he saw her shuffling away.

"Right, what brings you guys here?" Ning Lanlan looked up at Xiao Zhiming and asked, reeling in her bashful gaze from just now.

"Zihao dragged me here, said to hang out together. I didn't expect to bump into you guys." Xiao Zhiming rubbed his head, looking like he was rather clueless about the situation.

Although Ning Lanlan liked Xiao Zhiming, she could not find it in her to like Shan Zihao, especially when the latter kept looking at Yun Jian both openly and secretly. It made Ning Lanlan dislike him even more.

Since Ning Lanlan saw Si Yi, she thought that he and Yun Jian was a match made in heaven. The instinct to play matchmaker and glue both of them together was thus destined for her.

Ning Lanlan was perhaps different from other girls. Had it been other girls who saw Si Yi, they were probably thinking about winning his attention. Ning Lanlan was different. She had fallen hard for her Senior Zhiming and did not want other men no matter how fine they were.

When she saw Si Yi and Yun Jian standing together back then, she thought that they were perfect together. That was why she wanted to match make them. It was also because she knew that Yun Jian was not the type to easily connect with someone.

"How did you know we're here?" Ning Lanlan shifted her focus to Shan Zihao. Her tone did not sound very polite, more so when the guy kept glancing at Yun Jian.

Ning Lanlan put herself in front of Yun Jian to stop Shan Zihao's eyes from landing on her. Even though she liked Xiao Zhiming, she did not like seeing Shan Zihao.

"We're... just passing by in coincidence. Heh!" Shan Zihao answered but his gaze was still traveling to Yun Jian unconsciously.

It was impossible that they were passing by. There was someone from Ning Lanlan's group of friends who Shan Zihao knew. That person was neither Han Yichen nor the twins, An Mo or An Nuo.

"I told him. What? You guys didn't say that I can't invite others," a girl wearing light makeup huffed haughtily as she jutted her chin. She then scoffed, "Is Ning Lanlan the only one who could invite her friend? Can't I bring my own friend?"

The friend she mentioned could only be Shan Zihao.

Those who were here today were Ning Lanlan's classmates. There were about ten of them. It was obvious from the girl's tone that she was not on good terms with Ning Lanlan.

That was a fact.. The girl was Wan Siyao, Ning Lanlan's classmate.

### **Chapter 950: There's A Group Sneaking In**

The girl, Wan Siyao, was haughty in class as well. Judging from her appearance, she had a lot of makeup caked on, like she was the wild type of girl.

That was not far from the truth. Wan Siyao was rather free and easy socially. How else would she get to know Shan Zihao who was in the senior high division when she was only a junior high student?

"Alright, that's enough. I think we should hurry to the zoo. I heard that the tickets aren't too cheap. We ought to spend morning till night when we get in and only leave when it's about to close. That way, we'll get the ticket's worth!" An Mo spoke up when she noted the souring situation.

An Mo was not acquainted with Wan Siyao at all.

Each time they went out on a trip, their class monitor Han Yichen was the one to organize the activities. Most of those who came were closer to Ning Lanlan and An Mo as well.

Wan Siyao would not usually come with them but for some reason, she suddenly told Han Yichen that she wanted to join them for the trip. Han Yichen could hardly say no as he was the class monitor. He was the one inviting his classmates to hang out for the weekend. If he refused only Wan Siyao, it would look pretty obvious that they were singling her out.

Hence, even when they did not like Wan Siyao, they could only silently accept that they would just ignore her when they met up. It also resulted in Wan Siyao being alone without any friends in the beginning.

Ning Lanlan had wanted to throw another barbed remark back at Wan Siyao but since An Mo had already spoken up, she forced herself to swallow the anger.

"Jianjian, let's ignore certain shameless people and go, hmph!" Ning Lanlan scoffed and pulled Yun Jian away.

Xiao Zhiming who stood rooted smiled when he saw Ning Lanlan's furious face. He had always treated her like a younger sister, so he usually kept an eye on her more.

The meeting location of the group was not far from the zoo, so Yun Jian and others arrived at the destination shortly. There was still a short distance away from where they were to the main entrance of the zoo, and Yun Jian and her company kept moving forward.

Ning Lanlan had her cheeks puffed out while she hooked arms with Yun Jian, looking like she was really miffed by what happened just now.

The zoo was located in the suburbs where it was near the mountain.

As they passed the bottom of the mountain, Yun Jian heard someone speaking very faintly nearby, "Holy sh\*t, that stupid zoo's tickets are so expensive. I'm not buying a ticket to go in! They are conning our money!"

“Exactly! I heard that we can sneak into the zoo through the back following this mountain path. Let’s go from here!”

“There’s something like this? Haha, let’s hurry!”

It was all voices belonging to guys up to now. Yun Jian narrowed her brows. Then a meek female voice spoke up, “Don’t do it. It’s wrong to sneak in without tickets.”

“Piss off! What do a girl like you know? Either you come with us or get the ticket on your own! Hmph, you’re the only one without better places to spend your money. We aren’t as rich as you are, hah!” An enraged voice of a man erupted with shoving noises laced in between.

A while later, a girl ran over from that direction crying. She had two pigtails and looked fragile and weak with tears in her eyes. The girl cried as she ran; since she bolted out of the blue and she was not paying attention to where she was going as she was crying, she ran into Ning Lanlan by accident.
