

《Sweet Daily Life With Rich Fool Husband》

Chapter 13

When Sue left late, she only asked for one thing, that is, to take the vegetable mother with her.

An old woman, Xu Hongmei and Jiang Yushen, of course, doesn't matter. Let alone a servant, just go quickly.

In this way, Su wanwan sad, very nostalgic on the car.

Jiang Chengzhan's palm has been shaking. Su wanwan knows that he is afraid. After all, Xu Hongmei and Jiang Yushen show the face of a wolf. How can he face it calmly when he is only four or five years old.

In Jiang's mansion, Su can't comfort him well. In the car, she is full of smiles after her success, even less.

Or vegetable mother comfort way: "Chengzhan don't worry, as long as the vegetable mother a bite, certainly won't let you hungry."

As you know, Cai Ma is kind-hearted. Most people will follow a fool and a woman who is driven out. She must be full of complaints. Now Cai Ma comforts Jiang Chengzhan, which shows that she really takes him as her own child.

After all, Cai Ma has been waiting on Jiang's family for more than 20 years. She has always taken care of Jiang Chengzhan. Su wanwan was relieved of her, so she took her with her.

The main reason is that she can't cook. After all, she thinks that Jiang Chengzhan is the young master of the Jiang family. She says that gold is expensive too. If she can't eat well, it's not easy to get sick.

Find a new cook. If you don't weigh your hands, you might as well bring the vegetable mother out.

Jiang Chengzhan tears circle, cry chirp said: "don't worry, don't worry," he turned to look at Su wanwan, still can't help worrying asked: "wife, where do we live in the future?"

Su wanwan grinned, cleared her throat and said, "Zhan Bao, do you regret coming out with me?"

Jiang Chengzhan sipped his mouth and shook his head: "I don't regret it."

Su wanwan said, "now I'll give you a chance to go back to Jiang's home. Will you go back?"

"I don't want to," Jiang Chengzhan said, holding Su wanwan's hand hard and chilly. "Wife, if zhanbao doesn't go back, zhanbao will follow you."

"Wife, you don't want me, I will be very good in the future."

Su wanwan is still taut: "well, you can think about it. You can eat good food and drink good food at Jiang's house. You have money to spend. You can't have anything with me."

Jiang Chengzhan still shook his head: "where his wife is, zhanbao will go."

Su wanwan is happy. She used to wander in the original world. No matter when she was alone, how much she wanted to have a companion!

Someone comforts me when I cry, and someone follows me when I laugh.

There are people accompanying me when I don't eat, people accompanying me when I run away, and people relieving me when I'm lonely, but

Now at last someone is with her.

She sniffed, took Jiang Chengzhan's hand in both hands, took a deep breath, and said, "zhanbao, remember, we were driven out today, and I was with you to suffer, you know?"

Jiang Chengzhan nodded in a daze.

Su wanwan said, "then you should remember everything today, especially in the notebook. When you are ready, you can't forget what I did to you."

Jiang Chengzhan nodded heavily: "zhanbao must remember."

Su wanwan was happy and relieved. He kneaded his big hand and said, "don't worry, you won't live in the street, but it will be harder in the future."

Su wanwan asked the driver to drive directly to her villa.

There is no comparison with the Jiang family. The upper and lower three floors are about four or five hundred square meters. The courtyard is not too big. You can plant some flowers and plants. The decoration of the house is very simple, but it looks very neat.

In the past, the original owner did not come here to live, so everything in the room is complete, just need to clean up and buy some furniture.

After the driver left, Su wanwan completely showed a smile.

Jiang Chengzhan ran up and down happily and took his things into the house: "wife, where do we live?"

Su wanwan said with a smile, "we live in the bedroom on the east side of the second floor, and vegetable mom lives in the guest room on the first floor."

"Oh," Jiang Chengzhan went into the house with his toys, "wife, whose house is this? Why doesn't Zhan Bao know?"

"This is my dowry!" Su wanwan answered as she packed up

"What is a dowry?" Jiang Chengzhan has a wonderful way.

Su wanwan gave him a patient explanation: "my parents gave it to me when I married you!"

"By the way," Jiang Chengzhan suddenly thought of Su wanwan's parents, "why don't we go to your parents' house?"

"I also want my uncle to give me a massage."

Su wanwan reached out and pinched his nose: "yummy!"

Cai Ma helped to organize things together. In fact, she didn't bring much from Jiang's family. Xu Hongmei watched in person. She only took some clothes and jewelry for two people, and then Jiang Chengzhan's toys.

But now she has plenty of money and doesn't care.

And after waiting for a year, Jiang Chengzhan is ready. Are you afraid that Jiang's family won't be able to go back?

She's taking a step back.

Roughly clean up, Su said to the vegetable mother: "vegetable mother, there is a supermarket at the gate of the community. I don't know if you can find it on the first day. Buy some dishes to cook for zhanbao first."

Cai Ma didn't take it seriously at all: "don't worry, I noticed when I came in just now. I can find it back, and I know the building number of this building."

"That's OK," Su wanwan said, "call me if you can't find it." she took some money from her bag and handed it to the vegetable mother. "Take this. You may need to come in person to buy vegetables in the future."

The vegetable mother took the money and went. Sue changed the sheets and covers and threw them into the washing machine. She thought she had to find a cleaner. It was tiring to clean such a big house every day.

As long as the vegetable mother takes good care of Jiang Chengzhan's food and drink, she won't be bothered to clean the house.

After lunch, everyone was tired and went back for lunch break.

Jiang Chengzhan just came here, where all fresh, refused to sleep, pulled Su wanwan to say: "wife, we have been living here?"

Sue was lying on the bed late at night, vaguely answering, "isn't it good?"

Jiang Chengzhan thought about it and said, "good is good, but when I grow up and earn money, I will buy you a house bigger than my hometown."

Silly boy, it's very tempting. Su wanwan laughs: "don't forget what you said today. Don't make money in the future, but despise me and put me on the board."

"No, no," Jiang Chengzhan lay down next to her. "Zhanbao likes wanwan, and wanwan also likes zhanbao. In the future, we will stay together forever and never separate."

Su wanwan just laughs, but doesn't speak.

Jiang Chengzhan is a fool now. When he wakes up, he will really remember her, OK?

Sue didn't know and didn't want to know, as long as he wasn't too bad to her.

Anyway, the last time she had a villa plus 10 million.

Su wanwan thinks that the most important thing now is to keep a diary of Jiang Chengzhan every day and write down all her good things.

There is also to have fun and enjoy her rare good time.

And then

Su wanwan wants to investigate Jiang Chengzhan's accident. She doesn't believe that people like Jiang Chengzhan are almost inaccessible to ordinary people. They can easily get into an accident and become a fool.

Was he driving himself?

If not, who is the driver?

How to deal with the accident after the event?

.....

Anyway, there are many mysteries that need to be clarified.

If it is clear before Jiang Chengzhan wakes up, Jiang Chengzhan only needs to make up his mind how to do it after he wakes up, which saves him the time to investigate again.

In addition, the company should find an insider, so that she can control all the news of Jiang's group, and will be used by Jiang Chengzhan in the future.

What's more, after Jiang Chengzhan is sober, he must not show it immediately. He should know everything in secret until he can knock the other side down completely.

Su wanwan feels that she is becoming more and more intelligent. She feels that she can be a military adviser for Jiang Chengzhan.

I don't know if he is willing to invite her to be a senior member of the company after he gets back to the company.

Hey, hey, hey

Sue wakes up in her dreams.

But soon a big problem came. She didn't even go to high school. Going to a group company seems a little

I can't say it.

Other people's high-level education is a doctor, master's degree, or even a bachelor's degree, she, a junior high school did not graduate.

But it's not her fault. She is busy running away with her father every day. How can she have time to study.

Now that there is so much time, does Su wanwan think it's time to find an evening school to charge or to make a little money?

At dinner, Su wanwan asked Cai Ma, "Cai Ma, what's Zhan Bao's educational background?"

Vegetable mother said with special pride: "of course, Zhan Bao is a doctor."

"Bosch?" Su wanwan was surprised and said, "he's so young, doctor?"

Vegetable mother's face suddenly became very bad, "but the doctor did not graduate, that will be sick, Chengzhan did not finish reading back, otherwise this will have got a doctor's certificate."

"Oh," Su wanwan looked at Jiang Chengzhan admiringly.

I didn't expect that this fool was still a doctor.

Jiang Chengzhan seems to have never heard of it, and has been focusing on shelling shrimps.

"What university did he go to?" she asked

Maybe it's Tsinghua or Peking University. Although she hasn't read, she knows the names of these two universities.

Vegetable mother became proud again: "Oxford University."

"Ox tendon?" Su wanwan frowned. With such a strange name, she seemed to be a third rate University, but it was good to be a doctor. She patted Jiang Chengzhan on the shoulder: "it's worth encouraging."

Su wanwan's menstruation has been coming for four days, and it's not very clean.

In the evening, Jiang Chengzhan took her to kiss her. She didn't want to do it. She said
