

《Sweet Daily Life With Rich Fool Husband》

Chapter 21

Back home in the evening, Jiang Chengzhan has been angry with Su wanwan. He doesn't talk to her and refuses to eat.

Su wanwan watched him sitting alone on the balcony playing with zombies. He grinned his teeth angrily. He dared to take cold domestic violence with her.

She can't get used to his bad habit, otherwise she will have to deal with it in the future.

So Su wanwan also blocked up and refused to talk to him.

One was sulking on the balcony, the other was watching TV series on the sofa.

It's good that no one grabs the stage with her to watch jubilant movies. She doesn't want to watch such childish movies.

After all, the two talents have been together for more than half a month. Jiang Chengzhan has many habits, but Su wanwan still doesn't know.

Today, he completely revealed the nature of his young master.

I have to press my head to let her admit that he is her man, and I have to go to the classmate association to announce that I am stupid and I still don't forget to show his possessiveness. How unreasonable.

Su wanwan is straightforward. She usually can't bear to control her emotions. Everything happens on the spot.

So she couldn't stand the cold war for less than an hour.

This will lean head to the balcony to see, because too far away, nothing can be seen, she gently down, lying in the bedroom door to look inside, the man sitting on the carpet in the balcony, hands holding gills looking outside, seems very sad.

Su wanwan hissed, and the style was quite unique.

But this will be because of anger, silly temporarily convergence, others were originally

handsome, smooth side face lines, in the soft light, even a bit illusory feeling.

Sue heard her heart beat twice.

Apart from the small tug on his head, a man is perfect.

It's not inferior to be a model in the entertainment industry.

Flower crazy for a few seconds, think of others this is to set gas with her, Su late night snorted, and back.

She was really curious. How long could he last like this?

Su changed a play and continued to spend time on the sofa, but she lost her interest.

Is it a little bullying children?

More than ten minutes later, Su ran to the door again and looked at the balcony. The man was still sitting there, like a sculpture, motionless.

Since he was stupid, his character is similar to that of a child. He is lively and active, and can't stop for a while.

So it's the first time I've been sitting there in silence.

It's a little funny, but looking at it, Su wanwan feels a little sad.

It turns out that he is the attention of thousands of people. No matter when he is surrounded by a group of people, he can only sit alone on the balcony.

It felt desolate and lonely.

But really want to take him to the classmate meeting, tell everyone that he is his own man?

Su wanwan scratched her head in a headache, and yelled to the inside: "Oh, even Xi Yangyang has been captured. The wolf is so powerful this time!"

The people in the balcony were not moved. Su called again later: "the mangosteen I just bought is so sweet. If I don't eat any more, I won't eat it!"

Still no response, Su wanwan stamped her feet and turned back to watch TV.

She called him like that. It's not good. What's the matter.

For the first time, they were angry for a whole night, but they didn't get well. When it was almost 11 o'clock, Su went back to the bedroom upset and irritable.

Lying on the bed, he called out: "I'm sleeping."

The people inside still didn't move. Sue didn't care about him any more and turned off the light.

When she wakes up in a daze, Su turns over and naturally puts her arm aside.

Recently, she sleeps with Jiang Chengzhan every night. She is used to two people next to each other. Either he holds her or she pulls his fingers. Occasionally, her feet will be together. Anyway, there will be physical contact.

But now it's empty beside her. She's in a hurry.

"Zhan Bao"

In a daze, Su went down to the ground in a hurry at night, and her leg was knocked by the bed board. She bared her pain.

"Zhan Bao"

After a sleep just now, she forgot about the cold war between them. Su looked around in the evening and finally saw the man on the balcony.

Jiang Chengzhan was sitting on the carpet in the balcony in the same posture as she had just gone to sleep, holding her face in both hands and looking out. I don't know what to look at.

Su wanwan's heart sank, and she walked up to him lightly to see what he was looking at.

Who knows, as soon as she bent down, she saw the man pursing his mouth and two tears on his face.

In the clear moonlight, especially conspicuous.

Su wanwan feels that her eyes are stung for a while, and she squints slightly. This person is really like a receiver.

"Zhan Bao"

Su wanwan kicked him with his feet, but the man didn't respond. Su wanwan sighed and looked him in the eyes. "Ah, that's all. You don't have to be so sad, do you?"

Jiang Chengzhan wiped his eyes with the back of his hand, and said: "anyway, I'm your man."

Su wanwan

Take a deep breath. It's not going to work, is it?

Su wanwan is really angry, funny and distressed. She feels that if she doesn't care about him, he can stay here all night.

She took a deep breath, first calmed her mood, then squatted down, looked into his eyes, coaxed tone said: "well, know you are my man, let's go to bed first, OK?"

Jiang Chengzhan's deep eyes are full of thick fog. At the moment, a woman looks at herself head-on. Her small face is very beautiful, and it's not as big as her own. Jiang Chengzhan thinks that she is the most beautiful woman she has ever seen.

The key is that since he was stupid, she is the best to herself except for her grandfather and aunt.

My aunt said that she would listen to her and that she was her wife and would take care of herself for the rest of her life.

She said she was her man.

But why didn't she admit it to others?

Don't you want him?

No matter what he thinks, Jiang Chengzhan feels that he is particularly aggrieved now. He is afraid of when the Su evening party will suddenly disappear, and he is also afraid of being bullied by those people when he comes back to Jiang's house.

Grandfather is old and in poor health, so he can't take care of him.

He has only Su wanwan to rely on, and now it seems that he still has to abandon his posture.

He said wrongly: "then you have to tell others."

Su wanwan helplessly helps the forehead, grabs his hand to rub again, "why do you

care about this?"

"Don't we have a license?"

"I'm your wife in name, and every day, every day... Anyway, we are both real couples."

Jiang Chengzhan said stubbornly: "I just want everyone to know that you are Zhan Bao's wife."

Su wanwan didn't want to stand off with him any more. She put her arm around his neck and put it close to his ear. She said, "OK, OK, you can do whatever you want. Can't I listen to you?"

Anyway, Jiang Chengzhan is silly. At that time, she will say that she doesn't remember the day. What else can he do to her.

It's not every day.

Hey, hey, she's so smart.

Sure enough, Jiang Chengzhan asked her, "do you really take me to the reunion?"

Su wanwan nodded close to his neck: "really."

Jiang Chengzhan thin lips pursed for a while, and asked: "that really tell them, I am your man?"

The man, Su, felt that Jiang Chengzhan couldn't get by. She nodded again: "well, I'll say zhanbao is my husband and Jiang Chengzhan is my man when I meet people in the future, OK?"

This is almost the same, Jiang Chengzhan finally broke tears into a smile, but the voice is still some grievances: "I'm hungry."

I don't know what happened when I heard that he wanted to eat. Su wanwan felt that she was in a bright mood. Just now, the sullen air in her chest seemed to be drained. She felt much more comfortable.

She released Jiang Chengzhan, hugged his head, gave him a big kiss on the forehead, and said, "OK, I'll cook a bowl of noodles and go to bed after eating."

Su wanwan quickly cooks two bowls of noodles. Jiang Chengzhan is in a mood. She doesn't eat much rice at night, which makes her feel empty.

One for Jiang Chengzhan and one for himself.

Jiang Chengzhan is really hungry, a bowl of noodles three or five times, Su late night that noodles are not cold, he finished.

She looked at him in astonishment: "isn't it hot?"

Jiang Chengzhan did not answer her, but pushed the small bowl forward: "even more."

Su wanwan

Once you get angry, you will become the king of big stomach.

Su wanwan gave him more than half of the noodles in her bowl and said, "that's all. I can't eat too much at night. It's easy to get fat."

Two people went to bed with enough food and drink, not to mention.

The next day Su went out late to buy vegetables. Jiang Chengzhan hated the heat and stayed in the house to watch cartoons.

Because before going out, she specially told Jiang Chengzhan not to go out, and he repeatedly promised not to go out, so she was relieved to stay outside for a while.

It took about half an hour to get home.

I feel a little strange when I go to the gate. I don't know how to open the gate. It's clear that she's locked.

As she hesitated, she walked into the courtyard. The tulip in the small flower bed beside her collapsed. She helped her hand for a while and cried out, "Zhan Bao, I'm back."

Before her voice died down, she heard a bang in the room. She was so scared that she ran into the room, "Zhan Bao --"

When she could see what was going on in the room, her eyes were red.

Jiang Chengzhan cowered and hid in the corner behind the fish tank in the living room, his arms blocking his head, shaking with fright.

He kept shouting, "don't hit me, don't hit me, don't hit me..."

And Jiang Yushen stood in front of him, his face was like Shura in hell, his eyes were cold, and he looked down at him with a mop in his hand.

Just now, it was probably the huge noise that Jiang Chengzhan was pushed down.

Su wanwan's chest heaved violently and her heart trembled violently. What was it like to taste qishengyan for the first time.

As if her eyes were burning, she was burning with pain.

She bit her teeth and looked around on the ground. She didn't see what she was taking advantage of. She strode into the kitchen and took out a steel knife from inside. It was still heavy in one hand. She grabbed the handle of the knife in both hands and rushed to Jiang Yushen.

I have to chop this scum today.

"Jiang Yushen, you bastard, I'll kill you today!" Su wanwan cuts at Jiang Yushen without hesitation. Unexpectedly, he hides very fast and only cuts the mop in his hand.

There was a bang.

Jiang Yushen didn't expect Su to come here with a knife at the evening party. Usually, she is soft and weak. Even if she has a strong mouth, that is to say, who would think she would dare to move the knife.

Women will kill red eyes, no image to speak of, he will be really afraid.

Don't look at his ability to bully others, but he always cherishes his life. He can't even bear the pain of breaking skin on his hand.

If you chop with such a big steel knife, you'll lose half your life if you don't die.

Urgent voice all fork out: "Su late night, you are crazy, you quickly put down the knife!"

Su wanwan can't hear anything. As long as she sees Jiang Chengzhan shivering and squatting in the corner, she gets angry and wants to cut the scum to pieces.

"Jiang Yushen, if I don't teach you today, do you think we are bullying?"

"I tell you, it's self-defense, you're trespassing."

Oh, even know the illegal invasion!

Jiang Yushen had to look at Su wanwan differently. He was scared to hide from her and move out. At the same time, he pointed a mop at her. "Don't come here. I tell you, my mop is longer than your sword."

Su wanwan sneered twice, "I'll throw it to you to see if you can escape," she said. Jiang Yushen just moved to the door and ran out. It was like killing a pig. "Kill, kill, Su wanwan is going to kill!"

In the twinkling of an eye, Jiang Yushen ran out of the door, fell a somersault, got up and ran out of the gate, embarrassed with being chased.

It's also a coincidence that I just met a person who knew me a little bit after I went out. He was still his nemesis. People looked at him with dirt all over his body, and his hair was in a mess. It was strange: "President Jiang, this is..."

Jiang Yushen didn't even dare to stop. He said directly, "you recognize the wrong person," and walked over.

The old man is partial. His own son has nothing. Now the president of the company is Jiang Chengzhan. He is just the general manager. He has the temporary right to be the president. The old man or Jiang Chengzhan has to sign for more than several million yuan.

Without their consent, he could hardly do anything.

Although he is in charge of the company now, he actually gets a high salary. With so much money in the company, he can see it, can't touch it, and wants to borrow some money. Those bastards in the finance department won't sign it for him. They have to sign it by the old man or one of Jiang Chengzhan.

Today, he was ridiculed by several brothers as a puppet emperor. He fell in love with a girl, but he ran away with others without money to buy her a few hundred thousand gems. How could he swallow this breath.

So he came with the fire of thunder, hoping to kill Jiang Chengzhan.

But when I think of Su's crazy appearance, I really don't know that she has such a crazy side.

Spit on the mouth, the heart made a cruel, which day must give her to get a bed can't, let her beg for themselves, crying for themselves.

Su wanwan looks at Jiang Yushen's dog biting excrement outside the door and can't

help laughing. Then she thinks of Jiang Chengzhan and throws the knife down to find someone.

In the past, she was constantly being chased for debts. She met both the strong and the weak. She pretended to be weak, and she had to fight with others as if she had just behaved recklessly.

Anyway, if it wasn't for her many ideas, I don't know if she could live long enough to wear books.

Based on her understanding of Jiang Yushen, she must be a person who is afraid of death. As expected, he was scared to run away with a knife.

In fact, she has a lot of sense. This revenge must be avenged, but she won't cut him openly, causing her to get into a lawsuit.

"Zhan Bao"

Jiang Chengzhan also blocked it with his arm, and he didn't dare to look up. There was a green mark on his white arm, which must have been beaten by Jiang Yushen just now.

This son of a bitch, she wants him back ten times.

"Zhan Bao," Su wanwan opened his arm and called his name softly.

The cocky little tugs on his head are scattered. I must have been scared just now.

Jiang Chengzhan's body has been shaking. Hearing the familiar female voice, he slowly takes off his arm. Seeing Su wanwan's familiar face and the look of loving him, he can't help holding her.

"Wife, Jiang Yushen hit me, he hit me..."

Su wanwan's Distressed breath was stagnant, and she almost couldn't breathe. She patted Jiang Chengzhan on the back and comforted him: "it's OK, it's OK, he has been Daren to run by me, and never dare to come again."

Jiang Chengzhan is still sad: "wife, Zhan Bao is so stupid now, and he is always bullied. Will you not want me one day?"

With tears in her eyes, Su wanwan sniffed and said, "fool, how can I do that? You can rest assured that I will not leave Zhan Bao behind."

Jiang Chengzhan was worried and said, "do you spend your whole life with Zhan Bao?"

Su late nodded: "after you, as long as you don't dislike me stupid, ugly, no education, I will always be by your side."

"No, no," Jiang Chengzhan held her tightly, "Zhan Bao likes his wife all his life."

Because after this, Su wanwan learns a lesson. She plans to find some bodyguards. In addition, the room is equipped with surveillance. She doesn't believe that Jiang Yushen will dare to come and die in the future.

Su thought all night and finally calmed Jiang Chengzhan to sleep. He thought that he had to teach Jiang Yushen a lesson.

Now she has no one to believe. The people of the Jiang family dare not use it. If Jiang Yushen bribes her, it will be bad if she leaks it.

The rest are Jiang Chengzhan's two brothers, but she doesn't have much contact with them and doesn't dare to entrust them with important tasks.

Thinking about it, Su wanwan suddenly thought of someone.

Aunt Jiang's son is now in Ming'an hall. It is said that his character is OK and he has done a lot of good deeds.

The first time I saw Ling Jinchuan in the Jiang family, he just helped his classmates fight and got hurt?

It should be a tiger without a dog.

The next morning, after dinner, Su Wan asked Jiang Chengzhan, "Zhan Bao, do you want to miss your aunt?"

Jiang Chengzhan finished his last meal and nodded: "yes."

Su wanwan blinked and asked, "shall we go to my aunt's house for a few days?"

Jiang Chengzhan immediately nodded: "good, good, I want to play with Jinchuan, he group transformers can be powerful."

Seeing that Jiang Chengzhan is meaningless, Su went to call aunt Jiang in the evening and first expressed that Jiang Chengzhan missed her. Aunt Jiang was so happy that she invited her without waiting for her to open her mouth: "then you and Chengzhan come

to play for a few days?"

"There are rooms here, and the population is not complicated. I have everything. I'll send a car to pick you up."

Su wanwan just wanted it. She said happily, "that bothers my aunt."

Before going, Su wanwan specially told Jiang Chengzhan that he couldn't tell Jiang Yushen about being beaten, so as not to cause more trouble.

Jiang Chengzhan is so obedient that he can't say anything, but Su is relieved later.

So Su picked up two people's necessities, took some clothes to change, and followed Jiang Chengzhan to pick up his car to Aunt Jiang's house.

Aunt Jiang lives in a high-rise building and bought two families on the first floor.

Aunt Jiang and uncle Jiang live in Donghu with their grandson, while their son and daughter-in-law live in Xihu. Because they are opposite, it's very convenient to get to and from each other.

But they are not together. They have space for each other.

Aunt Jiang's family has two or three hundred square meters, two floors of duplex.

Decoration is very simple, a bit of ancient garden design style.

In summer, it's chilly and comfortable.

As soon as aunt Jiang heard that her nephew was coming, she had her room cleaned up. The guest room on the first floor was very spacious, with a large area of French windows, especially bright.

As soon as aunt Jiang saw people, she said, "put things in the house first, and take a rest when you are tired."

Ling Jinchuan went to school. Although Jiang's uncle retired, he couldn't stay idle. He went fishing with his friends. There were only Jiang's aunt and her servant at home.

As soon as Jiang Chengzhan entered the room, he began to look for Ling Jinchuan: "aunt, where is Jinchuan?"

Aunt Jiang said with a smile, "he's going to school. He'll come back later."

"Oh," Jiang Chengzhan went to the balcony to see the rockery.

Su wanwan and aunt Jiang are sitting in the living room chatting.

Aunt Jiang was satisfied with Su wanwan. "Wanwan, these days are hard for you."

Su didn't dare bow: "it's not hard, Zhan Bao is very obedient."

Thinking of Jiang Chengzhan's illness, aunt Jiang sighed: "well, how did you have a car accident? I don't know if it can be good."

Su Wan said good night: "it's OK. Zhanbao is blessed and will be fine."

After chatting for a while, aunt Jiang's eyes fell on Su wanwan's stomach again. She wanted to ask, but it wasn't a few days since she said it last time. She hesitated for a moment, but she didn't want to ask.

Su wanwan glanced at the opposite door and asked, "do your cousins go to work, too?"

Aunt Jiang replied, "yes, your cousin has opened a shop by herself. She usually goes to the shop and stares at you. Your cousin, alas, doesn't know what she's doing every day. She can't see a person for several days."

They are from Ming'an hall. Of course, they are busy. It's what Su Wan expected.

She hesitated how to say, asked her cousin to investigate Jiang Chengzhan's car accident, told aunt Jiang, afraid that she would think more, and then went to question Jiang Yushen, or Xu Hongmei heard the news, it would be bad.

She thinks it's better to talk to cousin Ling directly.

Hesitated for a moment, said: "aunt, I have a friend, something happened, want to ask my cousin that kind of situation, how the country will deal with, if my cousin comes back, I want to ask myself."

"OK," said Aunt Jiang, "if it's serious, you can call him. If it's not serious, you can wait for him to come back."

Su has never seen this cousin Ling in the evening. She thinks it's inconvenient to say something so important on the phone, so it's better to wait for someone to come back.

So he said, "don't worry. I'd better ask face to face. I'm afraid I can't make it clear."

"Good," said Aunt Jiang, seeing that it was getting late. "I'm going to cook. You can
