

《Sweet Daily Life With Rich Fool Husband》

Chapter 26

"Married?" There was an uproar all over the room.

"Wanwan, isn't it? Why did you get married? Why didn't you tell everyone?"

"That is, it's not interesting enough. Why should we be informed to attend your wedding?"

.....

Everyone expressed their admiration, jealousy, but more shocked.

Su wanwan ignored their emotions and continued: "yes, when I meet a man who loves me, I feel that I can't miss him, so I'm married."

"What does your husband do?"

"Hello, I'm Su wanwan's classmate. What do you call me?"

Someone replied to Jiang Chengzhan. Su wanwan was afraid that he would be stupid, so she quickly answered for him, "Jiang Chengzhan," and then put up the thumb of her right hand, pretending to lift her hair inadvertently.

Jiang Chengzhan still remembers that Su wanwan told him to keep cool and not talk casually.

But when asked, he didn't know what to do.

Eyes have been staring at Su wanwan, this will see her right thumb, meaning let him pick eyebrows, ah, he looked at the man pick eyebrows.

The other side: "I'm not sure."

As well as the students around him: --

What kind of fairy response is this?

Su wanwan ignored their surprised eyes and walked in with Jiang Chengzhan in his arm. "Didn't he say there was another program? When did it start?"

Since Zhou Tao saw Su wanwan holding someone else's arm, his face turned black. How did he know that Bai Langfei had expended his efforts.

Girl wearing a fishtail skirt, like a fairy down to earth, hook the soul of people are gone, but how can we get married?

But look at Jiang Chengzhan's appearance, there is always a bit familiar face, just can't remember.

As soon as he was not happy, several brothers around him were also not happy. They bumped him with their shoulders and said, "wait for a while, I'll help you out."

"That's to say, I have to make a fool of him."

Zhou Tao invited several bands, and after the opening, he was free.

Su wanwan is pulled to chat. She is not at ease. Jiang Chengzhan has been holding his arm.

Soon a classmate came to pull away Jiang Chengzhan. Su didn't let him go. She looked at the male classmate who came to pull Jiang Chengzhan with a smile: "I'm sorry, we're not married long ago. We won't leave for a moment."

Another classmate came up and pulled Su wanwan aside: "wanwan, come on, I've been killed by your dog food."

Classmate B: "that is, it's not enough to be greasy at home. We have to come and scatter dog food in front of us."

Classmate C: "husband can't be too tight, don't worry, they won't do anything to your husband."

.....

Su wanwan watched as Jiang Chengzhan was pulled out of her control. She couldn't

take people with her, so she had to settle down.

I hope Jiang Chengzhan doesn't make a fool of himself.

Before leaving home, Jiang Chengzhan brought her a platinum bracelet with four one carat diamonds on it, which was extremely dazzling in the light.

Wang Xiuyan looked at her clothes from top to bottom and looked at the chain on her wrist enviously.

The girl's wrist is slim, her skin is white, her bones are well proportioned, and with such a beautiful bracelet, her temperament is really better than that of a star.

"Wanwan, your dress is so beautiful. Did you buy it yourself?"

They came out to have a party today. Many of them rent their dresses. "And your bracelet is so beautiful. It looks like a diamond."

"Isn't it?" immediately a classmate came up. "It's so big. It looks like one carat, isn't it silver?"

"That is, four. A carat will cost at least 20000 yuan, and four won't cost more than 100000 yuan?"

"Cut well, there are hundreds of thousands of them in one carat!"

Su wanwan doesn't know how much the bracelet costs. Anyway, Jiang Chengzhan gave it to her. In fact, she doesn't like accessories, but Jiang Chengzhan always sticks to her: "wife, take a good look at it. Can you put it on?"

However, she had to let him put it on her.

It's said that one carat is at least 20000, and the cutting is good. When she looks at her bracelet, her eyes almost fall out. In other words, her "broken" bracelet is better than hundreds of thousands?

"I think it's fake," a classmate stares at her wrist, repeatedly.

"I also think it's fake. All these big diamonds make rings. Who inlays them on the bracelet?"

.....

Finally, someone asked Su wanwan, "wanwan, how much is your bracelet?"

Su wanwan frowned. She didn't know it was the original owner's jewelry. She didn't care when she moved. She didn't know how to bring it.

Jiang Chengzhan turned it out.

She didn't care much about this meeting. She said casually, "this is from my husband. I don't know the details."

Don't know who tut a, quite disdain voice: "must be false, you don't know what a treasure has, don't say diamond, even the virus can make three like."

Although some people say it's fake, Su wanwan should not be taken seriously. Anyway, she only likes money, and she doesn't know if she can exchange it for money. She should not eat or drink it.

At this time, there is a female classmate who is more discerning. She stares at the chain on Su wanwan's hand for a while, and her eyes start from carelessness to light at last.

Her name is Yang Lele.

Yang Lele's sister is a third tier female star. She likes to play with these jewelry most, and she also knows a lot.

Last year, her sister said that a diamond bracelet was photographed by more than 10 million people in Las Vegas. It is said that the designer is the last work of LK, an international jewelry master. Both the craft and design concept are the most advanced in the world, and the gems are hard to find. The only piece in the world has been cut into four pieces to make a bracelet.

If she's right, it's the bracelet that Su wanwan is wearing.

These people here can't have the ability of discerning the Pearl, and the baby can be regarded as a stone.

Tens of millions, and it's unique. It's easy to wear it on people's wrists. The key is that its owner hasn't taken it seriously.

Yang Lele slightly narrowed his eyes, feeling that his eyes were going to be red and bleeding.

She cleared her throat first, then said: "well, the bracelet is really true, but this diamond is an ordinary diamond. It's not worth 20000."

Today she is wearing her sister's dress, white gauze, the whole person looks very fairy.

As we all know, her sister is an actress. She is naturally influenced and has a wide range of insight. Since she has said so, others naturally believe it.

However, a bracelet of 100000 yuan is enough luxury.

"Wow, that's more than 100000, including the cost of craftsmanship and design?"

Su wanwan carefully observed her face. She didn't look like a liar. She thought her bracelet was more beautiful.

Sure enough, it's the rich family of the Jiang family. Even if it's silly, it's 100000 to find a bracelet for her.

Hey, hey, I found the treasure.

After chatting about the bracelet, everyone began to talk about something else. Su wanwan felt that everything was fresh. She was holding a red wine glass and tasting red wine while listening to everyone.

Jiang Chengzhan over there has been dragged to play cards.

It's a hot fight.

Zhou Tao originally wanted to take a few younger brothers to give Jiang Chengzhan some color to see, take advantage of the opportunity to win some money to kill his spirit.

And after three people sit down, a few words can tell that Jiang Chengzhan is silly, and then he is even more afraid of him.

Who knows how many down, underwear almost lost.

Zhou Tao grinds his teeth, and his teeth itch with hatred.

This meeting stares at the watch on Jiang Chengzhan's wrist for a while, makes a wink to the person next to him, and doesn't believe that the two people can't play together with him.

"Mr. Jiang, why don't we take the big one?"

Jiang Chengzhan began to remember Su wanwan's advice. He sat on the chair with his

legs open and could not speak. He would have a good time. Especially when he saw a pile of money in front of him like a hill, he had forgotten who Su wanwan was.

Wen Yan said with a smile: "good, good."

Seeing that he was cheated, Zhou Tao immediately untied his watch and put it on the table: "this time I'll press this. What do you press?"

Jiang Chengzhan looked for a circle all over his body, as if it was nothing important. He felt a headband in his pocket: "I want to press this."

Zhou Tao and Yang Lei look at each other face to face, Yang Lei received each other's eyes, smilingly put his head rope back: "Mr. Jiang, this can't, we are all babies, what are you, change one for another."

Soon he grabbed his wrist and took off his watch: "just this one, press this one."

Jiang Chengzhan thought for a while, as if there was nothing wrong with it, and said, "OK, I'll bet with you!"

After Zhou Tao robbed the landlord, Yang Lei and Jiang Chengzhan got together, whether he liked it or not.

With Yang Lei's big undercover, Jiang Chengzhan soon lost his watch.

He looked at a few people frowning, snorted angrily, "you two cheat, don't think I can't see it."

Zhou Tao pressed the watch first: "Mr. Jiang, you can't afford to play. It's just a watch."

Jiang Chengzhan looked at several people, his eyes were soon covered by fog, he got up, pointed to a few people and said in a cold voice: "you wait for me."

At the end of the speech, he turns to find Su wanwan.

Zhou Tao and Yang Lei couldn't help laughing when they saw him like that.

Su is still drinking with people in the evening. Suddenly she sees Jiang Chengzhan coming over with a drooping head. She bends down and gets close to his face. She is obviously bullied, which makes her heart sink. "What's the matter?"

Jiang Chengzhan pointed to Zhou Tao and said pitifully, "they cheat." he handed Su wanwan his wrist. "Look, my watch is gone."

Su wanwan frowns, and her pretty face gets sulky. She asks Jiang Chengzhan for a few seconds what happened.

Jiang Chengzhan doesn't care about the look of the people around him, but he describes it again.

Su wanwan grinds her teeth, and her husband is cheated by her partner. They probably don't know that she is the ancestor of deception.

Su wanwan moves his wrist and goes to Zhou Tao in a fierce manner.

Jiang Chengzhan followed.

Su wanwan walked up to Zhou Tao, raised his feet and sat on a high stool, squinting at him, "why, cheating or cheating?"

Su wanwan put on her make-up. She was good-looking, with red lips, white teeth and picturesque eyebrows. Now she's a little angry, which makes her more vivid.

Slim figure, a fishtail skirt outlined sexy enchanting figure, around a few men are about to nosebleed.

This meeting all people envy of looking at Jiang Chengzhan, how a fool can also marry such a beautiful girl.

Yang Lei was the first to say: "Hey, late, we are playing a game. It's nothing to lose. If your husband can't afford to lose, we'll give it back to him. It's not a big deal."

Su wanwan snorted: "my husband can't afford to lose?"

"He's so smart, I'm afraid someone's trying to fool him."

"He's kind. I don't care about you."

Su wanwan said so impolitely, several people are blushing, but soon returned to nature.

Su wanwan also ignored them. As soon as her painting style changed, her words became sharp. "But I'm a jerk. I don't care about that. Now let's gamble once. If you win, you can choose what I have. If you want to win, you can choose what I have. In addition, give me my husband's watch."

When she said this, her eyes kept sweeping at Zhou Tao.
