

《Sweet Daily Life With Rich Fool Husband》

Chapter 49

It turned out that she was running for her bracelet. Su wanwan knew it and asked with a smile, "I bet on the bracelet. What do you bet on?"

"My bracelet is very valuable. I don't know what treasure you have that is worth gambling on?"

After su wanwan said this, she felt that someone's eyes had been on her all the time, and there was a sense that she could not explain clearly.

A few seconds later, she suddenly realized that she had forgotten something.

She had packed all Jiang Chengzhan's things and sent them back. If she took out a bracelet now, how could she explain to him?

She said she forgot. Would he believe it?

Although she did forget it when she was tidying up.

It's like slapping yourself.

In order to alleviate this unexplained embarrassment, Su wanwan tilted her head and pretended to think for a while. Then, with a cry, she said, "I forget that the bracelet was lost by our silly dog a few days ago. You may have to choose another color head."

She said this secretly took a look at Jiang Chengzhan, the man is not too much expression, just as if thoughtful look at the distant green space.

She sighed and scolded him for being stupid. She didn't respond and didn't know what she was thinking?

Won't you ask her for that bracelet again?

But on second thought, anyway, he used to pretend to be silly, and he didn't know when he got better, so he insisted that he had lost it himself.

Last time someone offered more than one million yuan. She went back to check the specific price and sold it for a new car.

Thinking about this, Su wanwan's face showed a smile of fascination, and she praised herself greatly. How could she be so smart.

Separated by a distance, Jiang Chengzhan saw a sad look on the woman's face for a while, and then turned into a sudden realization like a smile. He sighed that the expression was really rich.

He went to one side, took the mobile phone from his assistant, and called Cai Ma: "Cai Ma, please help me to look through the things I sent late to see if there is a white diamond bracelet in them."

"OK, I'll call you back when I've checked it."

Su wanwan bowed her head and went to the side with the club.

Yang Qianqian followed her a few steps, yin and Yang strange tone said: "since you dare not bet on bracelets, then we bet on men."

"Men?" Sue looked at her strangely, "do you have a man?"

"Even if you have it, will you give me your man if you lose?"

"How do you know I'm rare with your eyes?"

"You..." I didn't expect Su wanwan to be so sharp mouthed. Yang Qianqian was angry in her heart, but she had to pretend to be more generous and elegant on the outside.

"We'll bet, we'll bet on your man."

"You say Jiang always is good," Su wanwan said casually, "anyway, if I lose, you can't take it. He's a man, not a toy."

Yang Qianqian turned her eyes hard when no one saw her. Of course, she knew that Jiang Chengzhan would not go with her if she won. "Just gamble, who will lose, who can no longer appear in front of Jiang Zong?"

This is just with Su Wanyi, she didn't want to appear in front of Jiang Chengzhan for a long time, and immediately agreed, "OK, bet on this."

"Isn't it?" Cui Lingyue suddenly ran over, "you come late really?"

She knows that Su wanwan doesn't play ball very well. As long as it's a sports activity, Su wanwan is a modest gentleman, always leaving the last position to herself silently. The goal just scored is only occasionally.

Now bet what later does not appear in front of Jiang Zong, this is not really the rhythm of divorce with her husband?

Su wanwan winked at her and said boldly: "I'm willing to spend my life with a gentleman. If people want to gamble, I can't be too stingy, can't I?"

That is to say, Cui Lingyue knows that Su wanwan is determined to separate from Jiang Chengzhan. It's no use persuading her, but she hopes that Su wanwan and Jiang Chengzhan will be together.

In the past, when Su wanwan and Tian Yingqi fell in love, she didn't agree, but she couldn't say anything if she liked it.

Tian Yingqi is one of those people who are very utilitarian. As expected, he sold Su wanwan for such a small profit.

But Jiang Chengzhan is different. No matter whether he is utilitarian or not, he is the one who shakes his feet when he leaves the market. Being with such a man can at least guarantee his life.

And she thinks Jiang Chengzhan has feelings for Su wanwan. Maybe there's a misunderstanding between them.

The news that the two women are going to compete in this meeting is known to all the people on the court, and they all come to watch.

Jiang Chengzhan looks very natural. He doesn't feel any displeasure because he is regarded as a gambler. He is a man who does great things. He has a strong mentality.

Qin Mingyang is nearest to him. His teasing voice asks, "boss, what if my sister-in-law really loses the game?"

Jiang Chengzhan glanced at him coldly, "how do you know she will lose?"

His eyes were not very friendly. Qin Mingyang shrugged his shoulders and whispered, "don't you say my sister-in-law is divorcing you?"

Jiang Chengzhan tone impatient: "she wants to leave can leave?"

Qin Mingyang Oh, unkindly said: "do you want me to stop it, don't bet?"

"Let them gamble," Jiang Chengzhan honey confidence, "may win?"

Qin Mingyang always felt that Jiang Chengzhan was too confident, "what if?"

Jiang Chengzhan's face turned black immediately, but soon returned to normal, "she can't appear in front of me, can't I appear in front of her?"

Qin Mingyang gave him a thumbs up, "you are the tallest."

At this time, Cen Xirui also came to join the fun. At sunset, he was lazy and didn't care much about anything: "brother Jiang, when did you get married? Why didn't you drink a wedding wine?"

Jiang Chengzhan doesn't think that Cen Xirui doesn't know what happened before. He is an old fox. He pretends to be confused here. "He has prepared a banquet for Cen brother. We two treat Cen brother."

"Good," Cen Xirui said carelessly, "I must drink this glass of wine."

Su wanwan and Yang Qianqian's gambling game has already started. Cen Xirui looks at it and says thoughtfully, "my little niece used to make friends with Mrs. Jiang, but I've seen her several times. At that time, Mrs. Jiang's personality was gentle and she didn't know how to speak loudly. Now she's just another person."

His niece refers to Cui Lingyue.

"Is it?" Jiang Chengzhan frowned slightly. He didn't know Su wanwan before, and he didn't even meet Su Xiaoxiao. He said that it was a marriage, or that his father was trapped by Su's father when he was alive, and he muddled down the marriage.

He didn't have any women he liked at that time. After seeing Su Xiaoxiao once, he thought it wasn't so ugly, so he should go down.

Anyway, he doesn't expect her to do anything when he marries his daughter-in-law. As long as he can teach his husband and children, he is a qualified daughter-in-law.

As for how he got married later, he changed into Su late evening. After he sober up, he investigated.

At that time, other people would be stupid. It is also understandable that people would choose to withdraw their marriage because they don't like him.

But Su wanwan was able to get married, and he was very nice to him. No, he was very nice to him, which surprised him.

He also learned about Su wanwan's growing up environment in private, and all her experiences before she married the Jiang family. They all said that she was beautiful, gentle and dignified, pretty and intelligent, and she was admitted to graduate school. Unfortunately, she didn't study for a few days, but it was similar to her own experience.

Isn't he a doctor, too?

But in the process of contact, he didn't feel that Su wanwan was gentle and dignified, beautiful and intelligent. Besides, he didn't feel that she was like a scholar.

Her character is very jumpy. She looks like she is ignorant of everything, but she is very smart. One by one, she always takes herself to the pit.

Anyway, I just think it's cute.

Today, after listening to Cen Xirui's words, I also feel that something is strange. Either Su wanwan was too late in the past, and now he comes to the Jiang family to show his nature, or the appearance has not changed, and the inner core has been changed.

The inner core has been changed

This idea is too bizarre, Jiang Chengzhan raised his lips, eyes fell on the pink figure, eyebrows and eyes slowly bent up.

Yang Qianqian's friends are all chattering that Yang Qianqian's ball skills are great, she is sure to win, and she is also a spectator.

Cui Lingyue was angry and looked at Jiang Chengzhan. Suddenly she had an idea. She approached Su wanwan and said, "Hey, even if you don't want to, do you like Yang Qianqian, who has a charming face, running to President Jiang every day?"

"When the time comes, people will act coquettishly in front of Mr. Jiang. The men they seduce will fall in love with each other in a few days. Do you want to wear a green hat?"

"What's more, Yang Qianqian's kind, if you really come together with Mr. Jiang, you will not be able to make it known all over the world at that time?"

"You haven't gone through the divorce procedure yet. Won't it be a joke then?"
