

# 《Sweet Daily Life With Rich Fool Husband》

## Chapter 56

Before she got up, Su wanwan specially stressed: "after eating, hurry to leave. Don't cheat."

Although women's momentum is very strong, Jiang Chengzhan always thinks Su wanwan is praising him when it comes to playing tricks. It's like saying: zhanbao, you're great. Come on, kiss one.

So thinking, Jiang Chengzhan's mouth slowly hooked up.

If Su wanwan knew what he was thinking, he would say, are you really stupid now?

Su wanwan shakes her shoulders and feels that Jiang Chengzhan is more and more difficult to understand.

He went to the kitchen to cook. Before he left, he took away the small package while he was smiling.

This time I feel more secure.

The first thing she did when she came into the kitchen was to hide the small package in the drawer, and then she began to cook.

Jiang Chengzhan leans on the sofa and takes a casual look at Su wanwan. Isn't it just a package of snacks? As for the baby?

When I asked her whether she liked Zhou Tao, she said she didn't like Zhou Tao, but it doesn't mean she didn't like others.

Is it a gift given to her by a wild man who specially wrote snacks on the package to hide people's eyes and ears?

The man who delivered the package just now was sneaky and sneaky. He didn't look like a good man.

The more Jiang Chengzhan thinks about it, the more he feels like it. He thinks that he has to take advantage of her carelessness to take it out secretly, otherwise he won't want to sleep tonight.

Su wanwan doesn't know that her behavior has become evidence of cheating with others in Jiang Chengzhan's eyes. She quickly cleans up the kitchen and plans to cook a bowl of noodles in the shortest time to send people away.

Jiang Chengzhan thought in his heart, what method will be used to support Su wanwan, and then take out the small package.

Maybe in the afternoon, after drinking too much tea, suddenly a little want to go to the toilet, Jiang Chengzhan hesitated to get up and go to the toilet.

More than ten minutes later, Su wanwan came out with two bowls of noodles. Jiang Chengzhan washed his hands and sat down at the table. He served the noodles and smelled it. Well, it was the same as before.

Sure enough, my wife is the best.

Jiang Chengzhan didn't eat enough of a bowl. Su went to serve him another bowl at night. At the same time, he urged: "it's dark. Finish eating and go quickly."

Jiang Chengzhan glanced at her unhappily, "how can you be such a wet blanket."

Su wanwan gave him a big white eye: "who is not disappointed, you go to who."

Jiang Chengzhan put down his chopsticks speechless and said, "I'm not like some people. I know that I have a family. Women outside can't even look at it. I also hope that some women should recognize themselves clearly. They have husbands and pay attention to their identity."

Su wanwan didn't want to talk nonsense with him. She finished the last night's noodles, put down her chopsticks and went upstairs. "Don't forget to clean up the dishes and chopsticks when you finish eating."

Jiang Chengzhan murmured in a low voice, dare to let him clean up the dishes, he will sleep here after eating.

Su went back to her bedroom late and secretly watched the movement downstairs.

Jiang Chengzhan saw Su wanwan leave, quickly got into the kitchen and found out the small package that Su wanwan had just put.

He has to know what's in it.

The package was tightly wrapped. He opened it with a knife. Before opening the

carton, he prayed silently in his heart. Don't be anything that made him angry.

It's time to witness the miracle

"Why?"

How to put two heads of garlic in the small carton? Jiang Chengzhan took out garlic and illuminated it under the light. What's the saying about this?

Who bought two heads of garlic in small cartons?

What's more, the courier is furtive. It's obvious that there's something fishy about it, but how can it become garlic?

Is it hard to transmit any signal?

Su wanwan covered her mouth behind the door and laughed. She saw Jiang Chengzhan enter the bathroom just now. She quickly found out the small box and opened it. She had hidden the things inside. She put two garlic in it later. She sewed the small package with transparent tape and left it intact where she had just put the small package.

Sure enough, Jiang Chengzhan was cheated.

Ha ha ha

Jiang Chengzhan dizzy put the garlic back, got up and went back to the table, how to think how wrong, he looked upstairs, Su found his eyes cast, quickly closed the door.

Jiang Chengzhan lowers his head and continues to eat in silence.

In the future, I have to send more people to watch, otherwise I can't say which will be green.

After Jiang Chengzhan left, Su wanwan quickly ran downstairs, closed the door and locked it from the house.

Jiang Chengzhan sits in the car and looks at the movement in the villa with doubts. He is more and more strange in his heart.

But I couldn't find the flaw for a while. Finally, I stayed under the building for a while and asked the driver to send him back to his residence.

Su wanwan first studied the instructions, and then went to operate the early pregnancy

test paper.

Morning urine is more reliable, but she can't wait until tomorrow morning. Anyway, she bought a lot.

About four or five minutes later, Su wanwan had already seen the two red bars on the test paper. She shivered and took the manual to read it. She repeatedly confirmed that there were two red bars, and almost jumped up with excitement.

She has a baby. She has a baby in her stomach now.

She will never be alone in the world.

A blood linked, can never give up with her baby, her relatives, she will never be alone.

Lying in bed late at night, Su still felt something mysterious.

So, she has a baby?

It's not easy to ask for a baby. Su feels her stomach and laughs all night. She can't help but roll two times. This must be because God sees that she is too lonely and sends her a baby early.

All night long, Sue fell asleep with a smile.

She also had a beautiful dream that her baby came to the world safely and called her mother.

But just before dawn, the dream turned into a nightmare. I don't know how Jiang Chengzhan knew that she had a child. He ran to the delivery room and took her child away. He was cold and ferocious

"The child is mine. The woman you don't even know is not qualified to be his mother. From now on, you will never see my child again..."

Su wanwan has never seen such a terrible Jiang Chengzhan. She kneels down in front of him and asks him to leave the child, but he is not moved.

Sue cried so hard that she nearly fainted.

When Sue woke up late at night, she was still smoking, and she didn't get away from the pain of being taken away.

She reached out and touched her stomach. It was as flat as usual. She was a little

relieved. Fortunately, the child was still there. He didn't know.

A nightmare made last night's joy all gone, breakfast Sue ate late are unhappy.

How can I get away from Jiang Chengzhan's Eyeliner?

As long as he stays at home, he can't be ignorant, so he can only go abroad?

She had never been anywhere in the world before, but she was not afraid to go out alone, but it was not a simple matter.

It is said that in many countries with favorable conditions, people are very strict in checking pregnant women to prevent you from having children in the past.

But you can't go to countries with poor conditions.

She doesn't have experience. It's a headache to think about it.

Now the most important thing is not this. She and Jiang Chengzhan haven't divorced yet. No matter where they go, how can Jiang Chengzhan not know?

Su wanwan stayed at home for a day, and finally made a decision that she should divorce first. At that time, it's best for her to go abroad. If she can't go abroad, she'll change the date of her pregnancy to a few days. At that time, she was divorced. Can't he still care about her baby?

Her marriage with Jiang Chengzhan is simple and complicated.

It's OK to divide the property. She doesn't want to take advantage of Jiang Chengzhan. He doesn't think her things are rare, so it's easy to distinguish them.

The trouble is the two percent stake.

In the past, Su wanwan didn't care. After all, she now has a small villa and 10 million yuan in cash. For her, she can live a life without food and clothing.

But now I have children

If she wants to give her children the best material life in the future, can she be a little greedy and not mention the 2% shares? If Jiang Chengzhan is determined to go back, she will give it back to him. If he doesn't want it, just leave it alone.

Anyway, that share is a drop in the bucket for Jiang Chengzhan.

With this in mind, Su wanwan decides to find a lawyer to get a divorce agreement. When she signs it with Jiang Chengzhan, the two will be irrelevant.

But where can I find a lawyer?

After all, when it comes to Jiang Chengzhan, she thinks that the less people know, the better. Don't they all say that if the chairman of a large company has an unstable marriage, it will also affect the operation of the company?

In this case, you have to find a very reliable lawyer.

Su wanwan thinks about it. She really doesn't know Cui Lingyue. She wants to ask Cui Lingyue. This guy's heart is crooked. Maybe her divorce agreement hasn't been drafted yet, and Jiang Chengzhan already knows.

In the end, Su wanwan thought Zhou Tao was reliable, so he called him and asked him to recommend a reliable law firm.

Zhou Tao has been out these two days. When he received the call, he was stunned. He didn't expect that Su would take the initiative to call him at the evening party.

Later, I heard that she was going to divorce. I almost didn't laugh.

Divorce is good, divorce is good, he quickly said: "if you are not in a hurry, wait for me to go back."

Through the mobile phone, Su felt Zhou Tao's determination to be a disc collector, but she didn't have any idea about him. She just said, "it's very urgent. You don't have to come back. Just tell me a reliable one."

Zhou Tao thought a little, said: "our company used that firm is very good, you can go directly, find a person called lawyer Xu, he is best at divorce litigation, to ensure that you can get divorced easily."

After hanging up the phone, Zhou Tao sent her a series of numbers, which were lawyer Xu's phone number and the address of the office. Maybe he was busy and didn't even care about the name of others.

Su wanwan looked at the address and wrote it down silently. She didn't want to say on the phone that it was better to have an interview for such a big matter, so Su wanwan jumped out of the back window and called a car to avoid the bodyguards and went directly to the law firm.

When I jump out of the window, I still think that this is the last time. When I have a

baby, I have to pay attention to my body.

Su wanwan came to the law firm very soon. The law firm occupied the whole floor of the office building and looked very formal.

Su wanwan put it down a little and thought that Zhou Tao was more reliable.

"Which lawyer are you looking for, miss?" The receptionist asked politely.

Su wanwan blurted out: "lawyer Xu."

The front desk lady immediately yelled to the inside: "lawyer Xu, someone is looking for you."

Su wanwan soon met Zhou Tao's very reliable lawyer, who was in his forties, a little bright, fat and greasy.

It's strange in my heart. Is this man really reliable?

Forgive her for judging people by their appearance. I don't think this person is a serious lawyer.

"Are you really lawyer Xu?" Sue repeated it in the evening.

Lawyer Xu said with a smile: "you little girl, I'm not lawyer Xu. Who can be, can you cheat me?"

Pause next, "have a lawsuit to want to fight?"

"Don't worry. I'm good at any lawsuit. I promise I'll do it for you."

"OK... OK," Su Wan nodded later, no longer bothering about his feelings. He followed him to the reception room and said all his thoughts about divorce. Finally, he asked, "how long will it take for such a lawsuit to be filed as soon as possible?"

Xu Mingzhao said with a smile: "rest assured, soon, as long as the other party agrees."

"Oh," Su wanwan did not know whether Jiang Chengzhan would agree or not, but no matter whether he agreed or not, she had to leave.

After chatting for more than an hour, Xu Mingzhao finally gave her an agreement: "fill in the information about you and your husband."

Su wanwan fills in the information according to Xu Mingzhao's instructions. Xu

Mingzhao takes it and takes a look at it. His eyes fall on Su wanwan's husband's column. After a few seconds, Jiang Chengzhan's name is familiar and often rings in his ears recently.

Come to the twins, if there is a little cute will have a name, big name and small name, adopt the big red envelope.
