

《Sweet Daily Life With Rich Fool Husband》

Chapter 57

Things are almost handled. Su went to the bathroom in the evening. Xu Mingzhao stretched himself in his seat. Intuitively, the woman's lawsuit is not easy to fight, and she concealed something, but she is not in a hurry. Anyway, the responsibility is not on him.

At the same time, a colleague came in to take things. After greeting, he said, "Lao Xu went to Jiang's today. There's a door."

These law firms usually take on a lot of small lawsuits, but they can't make much money. It's only by holding the thigh of a big company that they can be regarded as a reassurance.

Hearing Jiang's, some chaotic things in my mind gradually became clear, and I suddenly realized something.

He quickly opened the information Su wanwan filled in, went to the Internet again, and gradually equated the identities of Su wanwan's husband and the president of Jiang's group. A fantastic idea gradually formed in his mind.

After su came out late, he explained some things to Xu Mingzhao and went back.

After the divorce, she would go out for a tour. If she couldn't go abroad, she would settle down in the city she liked.

It doesn't take Jiang Chengzhan three months to forget all about her. After all, men are pig hooves.

Thinking that Jiang Chengzhan would forget her, I felt a little empty.

But it doesn't matter, she already has a baby, and will never leave her, the baby connected with her blood.

Qin Mingyang went out to work today. When he came back, he saw the little beauty at the front desk with a sad face.

In the heart is strange, want to tease her in the past: "how, your this face is a facade, who dares to give you angry?"

The front desk lady cried and said, "just now a lawyer from a law firm called to see Mr. Jiang. You know when Mr. Jiang met a lawyer, but the lawyer said it was about Mrs. Jiang." she paused, "is Mr. Jiang really married?"

This concern, Qin Mingyang sneer, "Jiang of course married."

The beauty at the front desk was stunned for a moment. When the board of directors was meeting that day, a woman came to say that it was Mr. Jiang's wife. She also said that Mr. Jiang was not married. Could it be true?

She thought it was too mysterious. She didn't tell Mr. Jiang later. Now, will she be scolded?

"How can I convey this call?"

Seeing her crying, Qin Mingyang said, "give me your phone, and I'll take it to President Jiang."

The beauty at the front desk immediately handed Qin Mingyang a note with contact information: "that's the trouble for Mr. Qin."

Qin Mingyang went upstairs with a small note. Looking at the name of the familiar law firm, he was a little strange. Didn't Xu Lu come here in the morning?

But people said that about Mrs. Jiang, Qin Mingyang did not dare to delay and sent it directly to Jiang Chengzhan. At last, he asked, "what do you think my sister-in-law is doing with a lawyer?"

Jiang Chengzhan at the moment in the heart of five miscellaneous Chen, unhappy said: "what can she do to find a lawyer, divorce Bai."

He didn't want to talk about it and felt ashamed, but his wife had already asked for a lawyer, and he couldn't hide it. "Go and call lawyer Xu."

Xu Mingzhao is a fast-moving man. He arrived in less than half an hour after calling.

Jiang Chengzhan takes him to the meeting room and asks his secretary to make tea and light a cigarette for him.

Xu Mingzhao looked at the extremely tall Jiang's group, and was personally received by the boss. Besides being flattered, he was more proud.

If today's business is well operated, won't Jiang's group be his big customer?

"I heard my wife came to see you?" Jiang Chengzhan said to the point that he didn't want to deal with such a greasy and scheming lawyer.

If it wasn't for Su Wan Wan, he wouldn't even see her.

I don't know what bad luck Su wanwan had. She found such a lawyer.

There's no professional ethics at all.

Xu Mingzhao gave a general description of today's events, and finally said: "Mrs. Jiang is smart, smart and beautiful. When she looks at the flowers in the greenhouse, I think it might be something unfair, so she came to the office, so let's have a look at Mr. Jiang's meaning."

Jiang Chengzhan doesn't care about other flatteries, but when he praises Su late, he feels very happy.

This meeting's face also eased a little, not as tense as just now, and asked, "in our case, what if I don't agree?"

Xu Ming bet before calling, Su wanwan is so beautiful, Jiang Chengzhan will not give up, otherwise she will not propose to draft a divorce agreement.

Jiang's group has a legal department. It can't draft any kind of agreement.

Sure enough, he was right.

"If you don't agree, divorce by agreement will not work. Then she has only one way to sue."

"Sue?" Jiang Chengzhan looks at him in surprise.

In the heart, what can't be done according to Su wanwan's character?

Xu Mingzhao sipped his tea and watched Jiang Chengzhan's face change suddenly. He said slowly, "if you don't agree with the prosecution, you can't leave for the first time. But if you really make trouble in the court, it's not good for you and the company. I suggest President Jiang to have a good talk with Mrs. Jiang."

"After a pause," I shouldn't have come to you. I'm not the one who has no professional ethics. It's not that our firm is talking about cooperation with Jiang. I've come here presumptuously, but I don't take over the business of my wife. There will always be a lawyer to take it. Don't you think? "

Jiang Chengzhan nodded thoughtfully. After expressing his thanks, he asked someone to send Xu Mingzhao out. He also said that he would consider the cooperation with his firm.

Why did you suddenly draft a divorce agreement?

Even if you want a divorce, shouldn't you communicate with him in advance?

Do you think he will sign the divorce agreement as soon as he sees it?

Su wanwan calls Jiang Chengzhan after the divorce agreement is completed. Jiang Chengzhan looks at the buzzing mobile phone on the desk and doesn't move.

You don't have to think about it. It must have been his divorce.

Fingers unconsciously clenched, thin lips tight, jaw lines also taut straight, a serious face.

Women are determined to divorce him, right?

Is there really no room for negotiation?

Agreed that she will never leave zhanbao, zhanbao will not leave her?

Jiang Chengzhan clenched his hands and put them on his forehead. Then he bit his teeth and vowed that he would not divorce or die.

Su wanwan called Jiang Chengzhan several times, but no one answered. She was surprised. Why didn't she answer the phone again?

He should not know about her divorce!

And even if she knew, she would not narcissistic thought is Jiang Chengzhan do not want to divorce ah!

Now that he is well, she proposes to divorce. He can kick her away without any burden, and then find a beautiful young woman who is helpful to his career, isn't she?

Su wanwan hesitated for a while, but she couldn't get through the phone, and she was waiting to go to the hospital for examination, so she had to take the initiative.

Sue changed her shirt and trousers and put on a simple make-up. She plans to try her luck in his company.

Last time I went there, I didn't see anyone. Now she's afraid of his company and doesn't want to go.

But the stomach does not wait, so drag down, he saw how to do.

Sue came out of the House late and ignored the two bodyguards behind her. She planned to call a taxi.

Suddenly thought, the bodyguard has a car, why should she waste that little money to call a car?

She has no job now. It's not spacious for her to raise a child in the future. So she thinks that after the child is born, she will still have a career.

After the bodyguard started the car, he was surprised to see Su pull the door open and come in

"Go to the company," Su wanwan said, leaning against the window, took out a big black sunglasses from her bag and put them on, no matter how surprised the two bodyguards looked at her.

Soon after arriving at the company, Su wanwan stood in front of the building and took a deep breath. The shadow of being rejected last time was still there. She took a deep breath. If anyone dares to stop her today, she must scold her bloody head and let them know her strength.

When she entered the hall, she saw several rows of gangsters standing in the middle of the hall. Her eyes were dazzled. She almost thought that she had entered the underworld.

The head of the security manager saw that he bowed 90 degrees deep, and his voice shook the whole hall.

"Hello, Mrs. Jiang."

After the manager yelled, the security guard behind him also made the same standard move, bowing 90 degrees deep and saying, "Hello, Mrs. Jiang."

Last time, the little beauty at the front desk, wearing a skirt and high heels, came to say hello: "Hello, Mrs. Jiang. Mr. Qin asked us to welcome her to inspect our work here."

Shentemo's inspection work!
