

《Sweet Daily Life With Rich Fool Husband》

Chapter 68

Su wanwan solved the problem of how many children.

Liu Feng is arranged by Cen Xirui to go abroad and signs a three-year agreement. If Liu Jing doesn't live well after three years, he can take his sister away.

Liu Feng didn't want to go out, but after all, he hurt people. Although he was beaten, he had to go to jail if people wanted to investigate him.

Even if he is still one month away from the age of 16, he is afraid of Cen Xirui's influence, and Liu Jing is in the hands of others. He can only listen to the arrangement of the other party.

Liu Jing is a family contacted by Jiang Chengzhan. She has no children. Both husband and wife are in their forties and love each other very much. She heard that a little girl wanted to be adopted by a family. She went through the formalities that day with a smile.

After the brother and sister solved the problem, there were only four little hairy monkeys left.

The most troublesome thing is Huang Mao. He is wild and disobeys discipline. He always wants to run away with the other three people. Su wanwan is angry and wants to kick him, but Huang Mao laughs and calls her sister. Su wanwan is not angry at all.

Su wanwan looked at him with a headache and said helplessly: "you hao, let's bet something. If I win, you will listen to me in the future. If you win, you will continue to be a thief in the society. How about that?"

You hao just don't believe Su wanwan's thin arms and legs can have any ability. It's not easy and pleasant to win her by playing anything.

Su wanwan watched him turn his eyes and ponder over the Pearl, and reminded him, "don't be a thief, then I can give up ahead of time."

You hao thinks about it. He has been in the society for a long time at his age, and he

has been drinking a lot of wine. He used to like to brag with Liu Feng, but he can't play with Liu Feng every time. Liu Feng's face is paralyzed. He can't guess what he thinks.

But Su wanwan is confident.

So he asked, "can you brag?"

"Brag?" Sue wanwan squints at him.

You hao explained the rules of play to her with pride: "one person has three dices in the cup, and then everyone calls in turn. At most, there are several same dices, like one point can replace any one, generally starting from two points..."

After listening to his explanation, Su wanwan began to try it with him twice. As soon as she started to play, she couldn't find the routine. After three or four games, she understood.

Two people sitting on both sides of the table, Su looked at him with a smile: "a game will win or lose, if I win, you have to listen to me."

The other three kids were all around, waiting for the two of them to compete.

One of them is a very honest boy, only ten years old, secretly pulled the evening clothes of lasu, and whispered: "sister, you must win!"

Sue looked at him with a smile and nodded.

You hao is not willing to, scolded and said: "fried melon eggs, brother steal first only you, you dare to betray me."

Especially honest little boy blushed for a while, quietly hiding to one side.

Su wanwan and you hao are two bosoms. What they boast about is that they have to guess each other's bosons, and they have to be good at camouflage and dare to shout.

Su wanwan has grown up from a young man to a big one. Of course, he sees more than you hao. Not surprisingly, you hao loses.

I have to listen to Su wanwan.

A ten-year-old boy is very easy to settle down. He used to be very smart and did well before he dropped out of school. Now it's easy to stay at grade one and go back to school.

There is an old man who likes martial arts and is sent to the martial arts team by Cen Xirui. There is also a boy who happens to have an old man who has lost his grandson and wants to adopt one. He is about the same age as him and is sent away soon.

In the end, there is only one big problem, you hao.

Send it back to school. He has dropped out of school for many years, and he can't keep up with it. He is too young to go to a grade, and his age is not suitable.

Finally, Su wanwan looked at him helplessly: "do you have anything you want to do?"

Less than 14 years old, you hao thought, "Hey, sister, do you lack a younger brother?"

Su wanwan raised his hand and gave him a fried chestnut: "I'm short of targets. Do you want to do it?"

You hao is staying in the welfare home for a while. Su wanwan has been here for several days. When this day is about to leave, cen Xirui suddenly invites her.

"Little sister-in-law, drink water."

Su wanwan sits on the sofa and receives the cool white flowers from Cen Xirui.

Older people look at the end of the demeanor, open-minded, magnanimous, calm and bold.

Unlike Jiang Chengzhan, Liu Feng's affairs have been gone for several days, and she has to face her.

"Mr. Cen, do you have something to say?"

CEN Xirui laughed, took a sip of the teacup, and said in a special appreciative tone: "little sister-in-law, have you found your own potential?"

"My potential?" Su wanwan frowned. She didn't know her potential when she was hit recently.

CEN Xirui pursed his mouth and laughed, "don't you find that you are very enthusiastic and patient, and are good to the children?"

Su wanwan didn't know what Cen Xirui was going to do. "Mr. Cen, you still have something to say." suddenly she praised her so much that she couldn't accept it!

CEN Xirui cleared his throat and asked, "little sister-in-law, have you never thought of going to Jiang's group in the future?"

Su wanwan was even more confused. Cen Xirui said, "I don't have the idea of being a housewife all the time, do I?"

Su wanwan

Although she didn't want to make much money, she didn't have the two ideas that Cen Xirui said.

CEN Xirui cleared his throat, "well, my Dean is about to retire. I want to hire another person. Originally, I wanted to hire an experienced person, but you also know that in welfare, there is no love and patience. No matter how much experience you have, you can't do it. As long as you are willing to come, I'll give you two experienced assistants."

Su wanwan

Is she hired?

Can she have a job?

Or the dean?

She was invited?

Is that an affirmation of her ability?

.....

Su didn't come back for a long time, until Cen Xirui said again: "of course, it depends on your husband's attitude. If he doesn't agree, maybe you can't help it."

Su wanwan snorts in his heart. Jiang Chengzhan dares!

"But," she was a little worried, "is there a salary for charity?"

Although she has a bright red heart, she still feels disillusioned without salary.

CEN Xirui said with a smile, "do you think the staff here live on air?"

Su wanwan stares at him.

CEN Xirui explained: "after all, it's social welfare. The salary is not much. It's the level of ordinary civil servants, but there are still some."

Sue understood later, as long as she had a salary.

In the original world, if she had a civil servant's salary, she would be crazy!

Thinking of this, she nodded: "OK, but I'd better study for a while."

CEN Xirui agreed with her, "yes, anyway, we have to wait for you to do these things after production. The Dean here will have to go for more than a year."

"But," he stressed, "you go back and think about it. You can give me an answer within a year. It's not urgent."

Finally someone admitted that she was sure. Su wanwan was very happy. She was about to fly when she walked briskly.

She wanted to jump twice, but she didn't dare to make a big move because she was worried about the two bean sprouts in her stomach.

It's been several days. My wife hasn't given me a good look. I've drawn a 38 line on the bed. Today is just three months. I can do it. I don't know if there are any benefits.

Jiang Chengzhan thinks he should take some attitude and think of a way to coax her.

Although it's not sperm on the brain, it can't go on like this all the time.

Jiang Chengzhan calls Qin Mingyang in and asks him to help plan a meal.

Qin Mingyang said with a smile: "buy flowers, don't women like flowers?"

Jiang Chengzhan frowned. Last time he bought flowers, women didn't seem to think much about them. "Can you give some constructive suggestions?"

Qin Mingyang put away his smile and cried: "boss, I'm still a single dog!"

Jiang Chengzhan impatiently waved hands with him: "go away, a waste of time."

After Qin Mingyang went out, Jiang Chengzhan began to search online, and finally summed up a few points. What women like is nothing more than clothes, shoes, bags, cosmetics, jewelry, and flowers.

He first denied the flowers, and finally his eyes fell on cosmetics. Would you like to

buy her a set of cosmetics?

He remembered that there was a high-end store near the company.

Heart is not as good as action, Jiang Chengzhan put down the manual, went directly to the mall.

It turns out that there are so many kinds of cosmetics. Pregnant women can't use ordinary cosmetics. There are special cosmetics for pregnant women.

Without hesitation, Jiang Chengzhan let the salesman to take a set of the best, intend to go home to coax his wife happy.

Going out to work, Su wanwan must be approved by Jiang Chengzhan, but she thinks that most men won't agree.

Although they have been in a mood for several days, Su wanwan decided to make it clear to him and ask for his opinions, at least symbolically.

So when she gets home, she cooks herself and plans to make some dishes Jiang Chengzhan likes.

The food was ready, and Jiang Chengzhan came back with the cosmetics he had just bought. After entering the room, he thought it would take some effort to coax the woman well. As a result, the woman came out of the kitchen with a smile and said, "are you back?"

As she spoke, she went to him and took the things in his hand. She asked politely, "are you tired?"

Jiang Chengzhan was stunned for a moment, and always felt that the woman's smile was not quite right.

Maybe he's used to seeing Su's face at night recently, and when he's enthusiastic, he doesn't have the bottom of his heart.

But he said, "I'll buy you some cosmetics. Do you like them?"

Su wanwan looked at it casually and nodded: "I like it."

be perfunctory!

Jiang Chengzhan is dissatisfied, but he dare not show it. He goes to wash his hands and comes back for dinner.

There are three more days for the company's anniversary celebration, and Su wanwan's dress has been fixed. The people in the planning department told him that Su wanwan needs to try it in person when he has time, and if there is something inappropriate, it's easy to modify it.

Without waiting for him to open his mouth, Sue gave him several pieces of ribs: "you try this, I made it myself."

She said, looking at Jiang Chengzhan: "delicious?"

Jiang Chengzhan nodded, very with the appearance: "delicious."

Sue is happy at night. She can't talk until she sends the man away.

"That, Zhan Bao," Su wanwan slightly flatters. Jiang Chengzhan frowns. He thinks Su wanwan is not right today.

Su wanwan: "today, Mr. Cen said to me," she scratched her head. Suddenly someone asked her, and she felt embarrassed. "He said I'm suitable for work in a welfare home. He wanted to invite me over..."

Before he finished, Jiang Chengzhan's face turned black, "what can you do, do sanitation? Cooking? "

He didn't give sue a chance to talk at all. "You're my wife. You can only cook for me."

"You are sick!" Su wanwan couldn't control her anger, so she scolded.

Jiang Chengzhan didn't get angry because of her scolding. He nodded thoughtfully: "you can say that."

Su wanwan

Put down the chopsticks and look at him speechless.

It can't be a stalemate. Although she's not in a hurry, Su can't hide something in her heart. She has to say it now. "What's hygiene? Cen always says that I'm trained to be the president. The president is about to retire."

"That's not good either," Jiang Chengzhan flatly refused. "Besides being angry with me, what will you do?"

"Can you manage such a large welfare home?"

"Will you calculate the distribution of income and expenditure?"

"In the end, you can't make ends meet. Do you want to watch those children and old people drink

"Or wait for me to give you a donation?"

.....

Pop——

Su wanwan patted the chopsticks on the table and glared at Jiang Chengzhan: "what do you mean?"

"You look down on me like that?"

"You know I can't do anything?"

"Why do you deny me?"

"When did I ask you to donate?"

Anyway, Jiang Chengzhan just didn't agree with her to go.

In his heart, his wife should be kept, she is responsible for beautiful, he is responsible for making money to support the family.

How can a woman dress up every day? Today, she will have a hairdressing with this famous lady. Tomorrow, she will go shopping with her good friend and take part in some entertainment activities. How can she go to such a place? She has to work hard every day and plan for so many people. It's tiring to think about it.

"My wife should be put in the display cabinet as a vase. If you really want to work, go to the company after you are born, and I'll arrange a casual job for you."

Su wanwan did not understand Jiang Chengzhan's male chauvinism.

What's the value of being a vase?

How to embody its own meaning?

Go to the company to do a free job, is it not for nothing?

Although she likes money very much, of course, it's best to get something for nothing, but it's just dreaming occasionally in her spare time. If she gets bored every day, doesn't she want to get moldy?

She thinks the job of welfare home is very suitable for her, and Cen Xirui is willing to let others take her. Even if she can't learn for a while, she can work hard!

She is not easy to find a job she likes, but also contribute some heat to the society. Why does Jiang Chengzhan deny her in a word?

So she looked at Jiang Chengzhan angrily, "I don't care. I'm going to do it. I'm not your accessory. I have my own ideas. You have no right to control me!"

After that, no matter how smelly Jiang Chengzhan's face was, she pulled open her chair and left the restaurant and went upstairs.

A minute later, there was a bang from upstairs. Jiang Chengzhan knew that the meat dinner would not be opened tonight.

Jiang Chengzhan takes a bath downstairs. After drying his hair, he finds out the key to his bedroom and sneaks upstairs.

I don't know if Sue went to bed late. Anyway, he didn't want to sleep downstairs.

Jiang Chengzhan walked to the door of the bedroom and put the key in. Before he turned, the door suddenly opened. Then he saw the woman standing at the door with her waist pinched.

Jiang Chengzhan was stunned for a second, and immediately put on a flattering smile: "wife, you see, this room is a little too spacious, I'm afraid you're afraid..."

Su wanwan reaches out her foot to the man's calf and says mercilessly: "sorry, I think this room is still small."

"Small?" Jiang Chengzhan quickly said, "the big house I sent you has already started. I'll take you to have a look one day."

"Really?" Although Su wanwan is not a multi-directional house, it's enough to live here, but after all, the house was built by Jiang Chengzhan as soon as she said it casually, and she was very moved.

Just in Su wanwan's blank space, Jiang Chengzhan has squeezed in from the woman.

Although Su wanwan is angry that he denies his ability, he is not willing to drive him

out.

But two people sleep separately, with a pillow in the middle.

Anyway, it's like this before going to bed. As for the two people rolling together after they fall asleep, it's impossible to describe.

After dinner the next morning, Jiang Chengzhan asked her, "wife, the dress is ready. Shall I ask the designer to come home and try on the clothes, or will you come to the company with me and relax?"

Su wanwan only asked him about the welfare home: "you first say whether you agree or not. If you don't agree, I won't go."

Jiang Chengzhan frowned and looked at her for a few seconds. Finally, he pointed her head with his thumb and said, "then you should reflect on yourself at home."

Su late Leng Leng looking at his back, ah, this stinky man, can endure it!

Since Jiang Chengzhan got well, the Su family had invited him several times. They wanted him to be a guest, but he refused.

Su Xiaoxiao was engaged to him before. Later, he was stupid. When he got married, his daughter-in-law changed to Su wanwan. It's OK that he didn't get in touch with her. If he didn't get in touch with her, it would remind him of what happened when he was stupid. He felt uncomfortable.

And then Su Xiaoxiao and Jiang Yushen get mixed up, which makes it even more difficult to say.

So if it wasn't for Su wanwan, he would never have gone to Su's house.

Fortunately, Su wanwan never asked him to go to Su's house.

Today is the 60th birthday of Su Chengqing, Su's father. The Su family plans to have a big party.

Naturally, we have to invite Jiang Chengzhan over. On the one hand, we want to support the Su family. On the other hand, we want Jiang Chengzhan to do a project for him casually.

Jiang Chengzhan has never been there since he got better. Many people have made fun of Su Chengqing, saying that their su family wants to be cool.

Su Chengqing is angry to death, but he can't refute it. After all, Jiang Chengzhan hasn't given him any face so far.

Su's mother was more worried than Su Chengqing. "Today, we'll invite Jiang Chengzhan to come here anyway. Besides, he's your uncle and his father-in-law's birthday. Why doesn't he come?"

Su Chengqing is impatient. "I don't know. It's not all you. If Xiaoxiao had been asked to marry him at that time, we would not have taken the initiative now!"

Su's mother snorted coldly and turned to look for her daughter upstairs.

Since Jiang Yushen went in, Su Xiaoxiao found several young masters of famous families, but none of them was the director.

Sue's mother sent people everywhere to introduce her, but none of them succeeded.

After Su's mother pushed the door in, Su Xiaoxiao was chatting with people without combing her face or washing her face. Su's mother was so angry that she said, "why don't you know how to dress up and give your father a birthday party at night? Are you so sloppy?"

Su Xiaoxiao impatiently picked up the pillow covered in his head: "Mom, are you bored, I don't want to dress up, who do I dress up for?"

Su Mu: "today's birthday party, your father must call your brother-in-law. You can clean up."

Su Xiaoxiao sat up in surprise, then frowned: "what's the use of this?"

"He never looks me in the eye."

Su's mother said angrily, "Why are you so stupid? Today is your father's birthday. When he comes, he has to drink some wine. When that time comes, put something in his wine and go upstairs to open a room. Do you want me to teach you the rest?"

Su Xiaoxiao looks at her in surprise.

Su Mu continued: "let's go up in the morning. You can just look for death. Let him tell us that the day after tomorrow is the 70th anniversary of Jiang's family. Few people know about his wedding. When the time comes, you will be forced to go to the celebration area and your position will be decided."

"Anyway, you and wanwan are both your father's daughters. It's said that others have

heard wrong. You were engaged before. No one thinks much about it."

"After a period of time, you'll get angry in your stomach and be pregnant with a man and a half. If you ask him to divorce Su wanwan, you'll naturally become a formal one."

"As for men, who don't have the heart, if you wait on the bed, what else do you want?"

"Su wanwan has no one to make up her mind. She can't find a way out. If it's a big deal, she can give her some compensation. Anyway, she likes money. It's easy to add 10 million yuan to a house before, and it's easier than that later."

.....

Su's mother had planned everything. Su Xiaoxiao looked at her with adoration. At last, she exclaimed in surprise, "Mom, you're too good!"

Su's mother said triumphantly: "after the eyes stare big, don't want any men."

Su Xiaoxiao smiles and nods thoughtfully. After a while, she comes to Su's mother and asks, "Mom, is there anyone else besides you?"

Su Mu snorted: "tell you, there is no cat in the world that doesn't cheat. The key is to be confused. At that time, you will also convey this meaning to Cheng Zhan. Men don't all want to be like this. The red flag doesn't fall at home, and the colored flag is flying outside. The key is that you don't make noise, and he won't marry you right away."

"I know," Su Xiaoxiao was happy. Thinking that Jiang Chengzhan was so handsome and in good shape, and that she didn't know what to do with her Kung Fu in bed, she felt itchy in her heart, and then her whole body began to itch.

Jiang Chengzhan has been busy all day today, and the celebration has finally begun. He thinks that after the event, he has to have a good rest for a few days and stay at home with Su.

I feel very happy when I think of the way I used to get along with her when I was silly, but after others are better, such a day has become a luxury.

Doodle doodle

He picked up the phone and answered it.

"Chengzhan, I'm your father."

Just now I was in a hurry, but I didn't look at the caller ID carefully. Jiang Chengzhan took a look at it. It was su Chengqing's phone.

In any case, he is Su wanwan's own father, and he still wants to act like it.

So that sue won't be able to do it later.

However, regardless of his daughter's wishes, the father who forced his daughter to marry on his behalf is nothing worthy of respect.

But on second thought, if Su Chengqing hadn't forced Su to marry later, he couldn't have married such a lovely daughter-in-law.

As for Su Xiaoxiao, he felt that even if he married her at the beginning, he would definitely divorce later.

"Dad --"

Yesterday, I saw many little angels supporting me. I'm very moved. Here you are.

Love you, wish you happiness forever!
