

《Sweet Daily Life With Rich Fool Husband》

Chapter 83

Jiang Chengmin gets on the car, sits in the car and drives away. Jiang Chengzhan takes Su wanwan and his children to the back seat.

It was originally scheduled to start at 12 o'clock. Just now Jiang Chengzhan had already dealt with it. Su wanwan just took her child to show her face.

How to say that they are also the twins of the Jiang family, the little child and the little princess.

The two chubby babies go to the hotel area, and they are immediately surrounded by people. Jiang Chengzhan is very close to the two babies. He just needs to see and doesn't take pictures.

He was ridiculed once.

It's been a whole day. After taking photos in the afternoon, the two children went to bed early in the evening.

Su wanwan seized the opportunity to ask Jiang Chengzhan: "when did you come back, why didn't you tell me?"

Jiang Chengzhan just came out of the bath, first held her face and gave a kiss, then said: "it's been a while since I came back."

Su wanwan frowned: "where is she now, old house?"

The last time she went to the old house, when the old man passed away, there was no one to live in.

Jiang Chengzhan thin lips pursed for a while, lying on the bed, picked up a box of cigarettes, hesitated for a while, and then put down: "Liu Zonghe found her back, has been in the Liu family."

"Ah?" Su wanwan never thought of the relationship between the two.

She still remembers the first time she saw Liu Zonghe. He didn't talk much, and people were cold. She still lived in her own villa. He came with Qin Mingyang, but Qin

Mingyang talked more.

By the way, Qin Mingyang and Zhang Keke come together.

At that time, they had a quarrel in a bar. Later, when they had nothing to do, they made do with each other and quarreled with each other until they got to bed. Later, they confirmed their relationship and were about to get married.

After su wanwan knew this, she was not surprised. After thinking about it, she felt that their personalities were quite matched.

But what happened to Liu Zonghe and Jiang Chengmin?

Jiang Chengzhan, waiting for her to go to bed, pulled people into his arms and said in a hoarse voice, "ah, what, what a surprise?"

Su wanwan stood in his way and said with a smile, "it's quite unexpected."

Jiang Chengzhan: "I also know recently. At the beginning, my sister was missing. Liu Zonghe sent people to look for her all the time. I didn't care about what I found. I thought he was helping me. I only knew a while ago that the boy's purpose was not pure."

Su wanwan still remembers the contents of some books. Jiang Chengmin committed suicide after being abandoned by others and got depression. I don't know what's going on now?

"How far is she and Liu Zonghe now, and will she get married in the future?"

There were many people at the party today. When she saw Liu Zonghe, she only said hello and didn't talk much about it.

Jiang Chengzhan: "I don't know. She's still recovering. I don't know how long Liu Zonghe can last. It depends on the situation."

Inexplicable nose a little sour, Su late sniffed.

A man is willing to take a woman with depression home, or because the previous relationship was injured, this must be true love.

I really hope that Jiang Chengmin can let go of his worries and accept Liu Zonghe, so that everyone will be happy.

Now there is only one Cui Lingyue who is still holding on. I don't know when I can

harvest happiness.

Five months later, the two babies will climb, and the small hand is very easy to use, catch what you see, and put it in your mouth.

Now Sue put the two children on the floor, and the little one was very fast on the carpet.

Jiang Chengzhan comes back from work and opens the door. Jiumei has sharp ears. She starts to climb to the door when she hears the news. Before Jiang Chengzhan finishes changing her shoes, she has reached his feet.

Jiang Chengzhan bent down to pick up the child, looked at the woman sitting on the sofa eating fruit, said with a smile: "my daughter is more and more powerful."

Sue vomited out the grape skin at night and said, "well, it's really powerful. She's not as good as her brother in her spare time." when she finished, she turned back to find Wu San, but she couldn't see him anywhere.

"May 3rd"

She stood up and asked the sister-in-law next to her, "elder sister, what about May 3rd?"

Yuesao looked at the balcony and said with a smile, "what about that?"

Jiang Chengzhan got a rockery water in the balcony. At the moment, Wu San stood up with the rockery, and he was trying to lift his feet as if he was going to step into the water.

But it was the first time that he stood up and didn't know how to lift his feet.

After returning, Yuesao ran over, worried that she would fall on May 3rd, squatted down and opened her arms around him.

Nine younger sister see elder brother in the balcony, also point to the balcony to want to go.

Jiang Chengzhan didn't even wash his hands when he entered the room. He was reluctant to let go of his daughter. He took her to the balcony and asked her to stand beside his brother and support the rockery like him.

Nine younger sister is more overbearing, to 53 there saw two eyes, what all can't see, a anxious raise hand pushed five three one.

Five three station instability, a fart pier sat on the ground.

Although he is usually quiet, he is not without temper. He starts to cry when he opens his voice.

Jiang Chengzhan helplessly looks at her daughter. After eight months, she probably can't understand her education. Forget it, he gives his daughter to Yuesao and holds his son up,.

It was quite harmonious just now. Why did you suddenly cry?

Listen carefully, the voice is still my brother's. Su can't sit on the sofa any longer.

Her son didn't cry often, so she was very strange. As she walked to the balcony, she asked, "what's the matter?"

May 3 is held up by Jiang Chengzhan, coax two, put away cry.

Jiang Chengzhan heard Su wanwan ask him, said with a smile: "nine younger sister now more overbearing, later estimated to bully brother."

"No," Su wanwan took her daughter from Yuesao's arms, and her daughter couldn't help giggling.

"Girls, when they were young, they had to be a little more powerful. It would be better if they were more sensible."

Jiang Chengzhan is not worried that his daughter is too fierce, but that his son is too soft and easy to be bullied in the future. "I just think may third is too good."

"Good?" Su Wan Wan looked at her son and laughed, "I think he's a baby with black belly. You don't think he's quiet, but he won't eat at all."

Jiang Chengzhan thinks about the way his son cried just now. He thinks Su wanwan is right.

Time goes by so fast that both children will leave in a twinkling of an eye.

Su wanwan made a weekly activity for the two children.

She put a lot of representative things on the carpet. Books represent erudition and scientific research in the future. Toy guns represent the possibility of becoming a policeman in the future. There are abacus, mobile phones, coins and so on. Everything

she can find at home is on the ground.

Although Jiang Chengzhan thinks these things are superstitious and untrustworthy, he also cooperates with Su wanwan's strong interest. "I think my son may become a pianist in the future. Don't you see that his fingers are particularly flexible and quiet?"

Su wanwan didn't think so: "I think May 3rd must engage in scientific research, so that I don't have to work so hard to cultivate him."

Two people disagree, Jiang Chengzhan said: "I think it's good for my daughter to be a dancer after she is lively and active."

Su wanwan looked at him and laughed: "do you have any plot, either a pianist or a dancer?"

"How can it be?" Jiang Chengzhan laughs. The main reason is that he used to like those things. However, he knew from an early age that he wanted to inherit his family business, so he never paid attention to art.

He certainly hopes that children will do what they like in the future.

Su wanwan is different. Her only regret is that she hasn't read much. Fortunately, now that she has time, she can enrich herself in the future.

So she especially hopes that the two children will develop their scientific research career in the future.

For example, studying spaceships and rockets.

Everything is ready, Su wanwan and Jiang Chengzhan put the two children on the same starting line, and then released them to see what they would choose.

My sister doesn't walk very smoothly, and her steps are very strange. She always strides forward with her right foot, and follows with her left foot.

But the elder brother walks more quickly, basically does not fall, but also walks very steadily, unlike the younger sister, who always wants to grab something.

After the two children were released by their parents, they went to the place where the objects were placed. After all, there were many attractive things there.

At the beginning, the elder brother took the lead all the way and took several steps first. The younger sister was in a hurry behind. She took a big step up and grabbed the elder brother's collar.

She stood unsteadily, left and right a swing directly sat on the ground, even her brother was brought to the ground by her.

Jiang Chengzhan saw the child fell, raised his foot to help, was su wanwan a pull: "don't worry."

The elder brother was pulled down, but he was not annoyed. He turned back, pushed his younger sister's little hand away, stood up and went on. The younger sister was worried when she saw that her elder brother had run away, so she simply used both hands and feet to climb.

They got to the place at about the same time.

No matter what method is used, all roads lead to the same goal.

Brother first saw a globe, the blue globe surface is very conspicuous, the first to attract his attention, but his little hand has not been touched by a sister to snatch.

The little brother who didn't react was stunned for a moment, and then he turned around to see something else.

My sister is holding the globe by herself. The globe is a little big. She has to open her arms to hold it. She doesn't know what she can do. She opens her mouth and takes two bites. The surface is too round for her to bite. She can only lick it with her tongue. Finally, she feels bored and throws it aside.

Brother finally found a fun one. He took the abacus plate and felt it here and there. He thought it was very good. But before he had enough fun, he suddenly saw his sister coming and knew that she would fight with him, so he handed it to him first.

Sister's heart is like this: hum, you don't want me to, I'm not rare.

She was knocked out as soon as she raised her hand.

Brother is not in any mood, turned to pick up a pink bill from the carpet and trotted all the way to sue.

Su wanwan began to see his brother looking at the globe and felt very happy. Who knows that he was robbed by his sister, and he didn't feel too repelled when he saw him taking the abacus. He didn't look at Jiang Chengzhan until he ran to him with a pink Bill: "what can I do? Your son is easy to recognize money!"

Jiang Chengzhan raised his hand and pressed his forehead. He could only comfort

himself as much as he could: "then I don't have to worry about it. No one will manage the company in the future."

Su wanwan stooped to pick up her brother, reached for the money and said, "this mother will keep it for you, and I'll show you when you grow up."

Only my sister is still observing, this one and that one. I think it's all good, but which one is not very desirable.

Su wanwan handed the child to Jiang Chengzhan, "I think nine younger sister may not be selected, I help her."

Jiang Chengzhan put the child on the ground, bent down and took his little hand to find his sister.

Nine younger sister touched all the things, but her favorite was a toy gun. She held it in her arms and giggled.

Su wanwan looks at Jiang Chengzhan helplessly: "do you think Jiumei will be a policeman in the future?"

Jiang Chengzhan thought about her daughter's character, mostly with Su wanwan, nodded: "it's possible."

police?

Su wanwan imagined that she was a policeman, wearing a police uniform and fighting with the robbers with a gun in her hand. It seemed that she was also very powerful.

Well, the police are the police!

As soon as the two children were so old, Su wanwan thought it was time to think about her own affairs.

She can't take care of her children at home all her life and do nothing.

Before, cen Xirui invited her to be the dean of the welfare home. Because she had twins to take care of, she couldn't get away from them, so she delayed with him.

The old president of the welfare home has to recruit new people to retire, so there are already people.

But Sue really wants to go.

But two kids are also a problem.

She has already signed up for a parent-child class for her children for several months. There are two classes every week. She can't bring her two children alone. Jiang Chengzhan wants to invite her teacher to come home, but Su wanwan refuses.

There will be a lot of children in the parent-child class to interact with each other. The teacher will be invited at home. Isn't that two children?

So she would rather work harder to take her children out to class, but she would have to take her sister-in-law for a month.

In this way, Su wanwan has been taking care of her children at home to kindergarten, so she can spare time to go out to work.

At that time, the expansion of the welfare home was short of people, so Su spent most of her time in the welfare home.

You hao, Huang Mao, was already 18 years old and was sent to the army by Jiang Chengzhan. He came back from the holiday to visit Su wanwan and gave her a military salute.

Su wanwan couldn't help crying at that time.

I didn't expect that one day, she would be appreciated.

At that time, she felt very satisfied, very happy and very happy.

Liu Feng came back a year later to see his younger sister, who had a good life in the family where she was adopted. He was very relieved and was soon sent away by Cen Xirui to open the mine.

The story is about to come to an end. Su wanwan and Jiang Chengzhan still have a long way to go in their lives, but she thinks that if she works hard for him, she will surely receive his return.

One night, Jiang Chengzhan was lying on the sofa in the balcony with Su wanwan in his arms.

At this time, the villa Jiang Chengzhan gave to Su wanwan had already been built, and all four of his family moved here.

The title certificate of the villa only says Su wanwan's name, which is the home he gave her. It's also the home of two people, a family of four.

The sofa was moved from Su wanwan's villa, or the fun sofa Jiang Chengzhan bought in the furniture city when he was stupid.

Later, it was always put in a small villa. When the big villa was built, he asked people to move in.

There are a lot of real memories of two people above. He prefers to play family with Su wanwan.

At the moment, Su was gasping and shivering when she was kissing: "zhanbao, don't worry, the children haven't slept yet."

Jiang Chengzhan can't control the heat in his body. No matter when he pours, he feels that Su wanwan has an aphrodisiac poison on him. As long as he gently hooks his fingers, he can't control the power of famine in his body and wants to keep asking for her.

Rub her into your body.

Su can't get rid of it. She puts her hand around his neck. She suddenly remembers that she asked the man to call her queen. She gets up and asks the man to go down.

"Come on, call me the queen," she said, as the lion roared and turned her neck

And gave the man a wink.

"Cluck, cluck..."

"Shame..."

All of a sudden, a girl's laughter comes. Su wanwan's action is stiff. She subconsciously goes to the door and sees her baby daughter and baby son standing at the door, staring at them.

The girl also scratched her face with her little hand: "shame."

Su wanwan's whole body seems to have been watered. A wheel turns down from the sofa and sits on the ground.

Jiang Chengzhan also heard his daughter's voice. He was not so flustered as Su wanwan. Instead, he sat up naturally, arranged his clothes, and then explained slowly: "Mom just lost weight."

"How can there be such a stupid person..." Ning Meiyuan holds her stomach and laughs. Before the laughter is put away, she suddenly puts on the book, just at the moment when she has a relationship with Ling Yuxiao.

Ning Meiyuan

She didn't want to die. When she woke up the next day, she climbed on the plane and vowed never to come back.

Four years later, it is said that Ling Yuxiao was retaliated and lost his memory. Ning Meiyuan returned home with the ball.

Who knows, I was caught off the plane.

Ning Meiyuan kowtow: "the ball, the ball is picked up, do you believe it?"

Ling Yuxiao sneered: "who do you look like? You don't have a number in your heart?"

Ning Meiyuan was blocked, pretending to be full of momentum: "the ball is mine, you are not qualified to steal."

Ling Yuxiao raised his eyes and said: "sorry, the ball is mine, even you are mine."

2. The fairy after 80: the high school life after 80.

In 2000, the high school campus was crying "the first snow in 2002, a little later than the time when I went back and forth", "a cup of Erguotou choked tears", "this is the best punishment for impulse"

Most of the young men and women who have been cultivated by Gu Huo Zi are hot tempered. They scold when they speak, work when they start, and drink when they raise their glasses!

Su Xue returns to senior one, she will never follow that big guy around crazy, her slogan is: study hard, save the world!

The boy, leaning against the column, is lazy and has no bones all over his body. There is a bruise on the corner of his mouth. He smiles very badly and raises eyebrows with her: "by the way, save me!"

3. Kick the scum man, she's making up with the rich

Zhou Yunxi suddenly put on a dog blood dregs cheap text.

The original owner gave the man two daughters, but he didn't get a marriage certificate. He tried to give birth to a third child until he gave birth to a son.

Zhou Yunxi was wearing it at the moment when he decided to have a relationship with the man.

Zhou Yunxi

Sorry, this kind of dog man who love who want, first kick again.

Turn around to look at the perverse, irascible and ruthless rich family.

Someone asked Zhou Yunxi: aren't you afraid?

Zhou Yunxi: the man who remoulds himself can rest assured with it.
