Clean

When Ning Xiner heard this, she immediately turned her head and glared at the two girls, even though she was still angry.

“Who do you say is in the midst of bliss and does not know the bliss? What does it have to do with you when I send him? He is poor, does it have anything to do with you?” He

scolded them very angrily.

Soon, the girl left in her own car.

Huo Yin is still driving slowly forward on his bicycle. In fact, he is not very good at using this means of transportation. He is not a mobile calligraphy treasure. He is usually used to pick up and drop off by the car at home.

However, for such things, he rarely touches.

“DiDi—” I

was riding, when a horn suddenly called from behind.

Immediately, after he panicked, the faucet of the car could not be grasped, and hit a telephone pole directly, and the person fell.

“Hmm...”

The pain on his body made him fall into a cold sweat on his forehead. Remember the website

is good, this is the corner where the school just came out, no one saw it, so he quickly got up from the ground, ready to help the car and continue walking.

However, as soon as they came together, the piercing pain passed from his ankle.

Huo Yin: “...” I

was about to call Shen Tianhao and ask him if he came out. At this time, someone came over by bike and saw that he had an accident here.

“Crench!”

The car stopped.

“What’s wrong with you?” The

clear and cold voice sounded in this secluded corner with a hint of bluntness, and there was an inexplicable abruptness, and the atmosphere became even more embarrassing.

Huo Yin raised his head, seeing this girl, he simply turned his head to look elsewhere.

Cen Yuan didn’t expect to meet her at this time.

Huo Yin took out his mobile phone directly.

And Cen Yuanan saw that she kindly stopped to ask, but after this person still ignored her directly, she was so angry that her face was blue again, she stared at the bicycle and left.

“Aren’t you out of class yet?”

“...”

“It’s okay, then you’re busy, I’ll find a way myself.” In the

afterglow, on a quiet tree-lined path, when the teenager hung up the phone, he could hear it clearly. Disappointment in his tone.

Cen Yuan subconsciously slowed down again.

Turning her head and looking at it, she saw that the annoying teenager put the bicycle aside after confirming that no companions would come, and then limped forward.

Is he going to walk?

Is there something wrong with his mind? Where is he going? There are still several kilometers from here to the bus station. Wouldn’t he call DiDi?

Cen Yu’an was so angry that in the end, she turned back and stopped in front of this guy with a “crunch” on her bicycle.

“Where are you going?”

“...It has nothing to do with you.”

Huo Yin finally spoke.

However, it was worse than closing his mouth. Cen Yuan's face turned pale when he heard it.

It seems that after she came to this school, all the emotional changes broke a record today.

"I don't want to worry about it either, but since the party secretary asked me to take you with me, then I have the responsibility to keep you from having an accident. You stand here and wait, and I'll call you a Didi."

Then she got off the bicycle, took out his cell phone.

Huo Yin narrowed his eyes.

Can I call a taxi here?

I'm sorry, the pampered young master of the Huo family doesn't even know that there is such a thing as Didi in this world, let alone that it can be operated with a mobile phone.

Cen Zian applauded Didi, and finally had time to swipe at the guy next to him.

However, he found that he would be quite obedient, standing there with one foot supported, and his beautiful eyes looked seriously at a white notebook that was taken out from the schoolbag in his hand.

Cen Yuan had seen this book in class.

so hard?

It's all this time, and I'm still busy reading my class notes.

Cen Yuan sneered disdainfully and looked away.

After waiting for about ten minutes, finally, the called Didi arrived. Seeing this, Cen Yuan patiently reminded some of the guys who were still angry.

"Okay, stop studying, the car is here."

"..."

Huo Yin raised his head and looked at the car that had stopped in front of them.

"Thank you."

When he got into the car, he naturally thanked the girl.

Cen Yu'an: "... What the

hell?

He actually thanked himself, didn't he just look like she was a transparent person?

This woman couldn't understand the boy's behavior at all.

But in reality, if she knew that this young man was actually a person with a flawed personality, maybe she would understand.

In his world, right and wrong are pure. In the morning, she looked at his computer without his permission, and he was very angry. But now that she's helped him, that's another matter.

So, he thanked her, in his opinion, that's what it should be.

Huo Yin returned to where he lived.

Manager Mo and the others had been waiting there for a long time. When they saw that the young master had finally returned, they were shocked.

"Young Master Huo Yin, what's the matter with you? Are you alright? Why are you still limping?"

"It's alright, I met it."

Huo Yin covered the past lightly.

Afterwards, he took some Chinese patent medicine oil he had just bought in the pharmacy downstairs and went into the room to deal with it.

turbulent

This is thanks to Wen Xuxu.

From childhood to adulthood, because she is a Chinese medicine practitioner, she will more or less educate several children about some emergency treatment methods when they accidentally injure themselves.

Huo Yin quickly healed his wound.

Manager Mo was waiting for him outside, and when they finally came out, they immediately showed a concerned expression again.

“Young Master Huo Yin, don’t you really need to go to the hospital?”

“No, let’s get down to business.”

Huo Yin came to the table with the notebook in his hand. No one was talking nonsense, so he sat down there.

Seeing this, these few company employees who came to assist him didn’t want to ask anything else, so they sat down at the dining table together.

“That’s right, young master Huo Yin...”

“You don’t need to call me that, just call me Huo Yin.” The teenager looking at the laptop screen suddenly interrupted Manager Mo and told her not to call herself that.

Manager: “...”

After a long while, they sat there and smiled.

“Yes, then we are entering the topic. Regarding this project, we have already passed the exam in the past two days, and we have also talked with the person in charge, but when the other party heard that we are from the Huo Group, he intends to be too high. The price.”

“How much?”

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

The boy who didn’t even raise his eyes asked lightly.

Manager Mo immediately gave birth to two fingers: “It is 20 million more than the original price.”

20 million?

Haha...

Huo Yin's expression finally had a hint of coldness, and a hint of ridicule could be clearly seen in the handsome and cold eyebrows.

"Then let him sell it and see if he can sell it at a good price?"

"This..." The

manager was stunned.

And an employee of the operation department next to him became anxious after hearing this: "This is not good, the location of that building is very good, if we don't take action in time, it will be robbed by others. "

What are you in a hurry for? It's because people have caught your mentality that they start raising prices. For a company as big as the Huo family, who dares to rob you if you release the news?"

"..."

"Besides, if it is true The only thing is that the location is good, with the ability of the Huo family, can't we build another business district next to it?"

Just a few words, this is just a teenager who has just come into contact with his own company. come out.

Just listening to these few people, they were stunned for a long time and couldn't say a word.

This brain, this courage...

God, isn't this a miniature version of their President Huo? Simply no less.

Everyone was shocked.

After a while, when they left here, several other people got into the car, but Manager Mo was outside and sent a message when everyone was not paying attention.

[Mo Yan: The plan failed, and this young man actually snooped into our minds.]

[Anonymous: What do you mean? Didn't he just arrive at the company?]

[Mo Yan: Yes, but he just said that we don't have to worry about the starting price of the building. He also said that if the building is sold, he will build a new business district next to it.]

[Anonymous: ...]

[Anonymous: Fuck!]

In the end, this mobile phone message only sent such an angry word.

Huo Sijue's seed is really that powerful?

That night, Huo Yin didn't sleep well because of the pain in his feet.

Shen Shanshan learned of this from her younger brother, and the next morning, she came early with breakfast.

"Huo Yin, how are you? Are you alright? I'm sorry, I didn't come back with you because I had two nights of repairs last night. Let me see, what's the injury like?"

"After the residence, he couldn't even put down his schoolbag, so he hurried to the bedroom to find Huo Yin.

Huo Yin hadn't gotten up yet. When he saw his little aunt coming, he shrank into the quilt in embarrassment.

"Little aunt, I... I'm fine."

"That's right, I've seen him, it's okay, just twisted a bit. I put medicated oil on him last night."

It was also Shen Tianhao who just got up. When I came out of the next room and saw my sister exaggerating like this, she also explained with disapproval next to her.

As a result, as soon as he finished speaking, his sister was slapped hard on the back of his head.

"You are ashamed to say, why didn't you tell me about such a big incident yesterday? Can you have some snacks? Don't you know that he is here with our two relatives?"

Shen Shanshan educated her brother, Also unrelenting.

In the end, Shen Tianhao could only be scolded by his sister and went to look for medicinal oil for Huo Yin, while Shen Shanshan immediately checked it for Huo Yin.

It's actually a bit serious.

Because Huo Yin's health is not very good, and he lacks exercise, his blood and qi are not running vigorously, so after a night, the swelling on his ankle is still quite severe.

When Shen Shanshan saw it, he planned to ask him for leave.

“Yinyin, otherwise, we won’t go to school today, let’s rest at home, and I’ll take you to the hospital later.”

Children standing in rows

“It’s okay, it’s not good to ask for leave as soon as you go to school.”

Huo Yin refused.

There was no other way. In the end, the siblings took him to the hospital after having breakfast, and then took him back to school.

Of course, Huo Yin has repeatedly explained that he can’t tell Daddy and Mommy about this.

However, his Daddy and Mummy, how could they not know if he didn’t tell them?

“Brother, I heard that Yinyin was injured yesterday?”

Wen Xuxu, who had returned to Guanhaitai, heard about it early in the morning, and came out of the room with Huo Yuye who had just woken up. , and immediately asked Huo Sijue, who was watering flowers on the balcony.

Huo Sijue nodded.

“Well, a little injury, don’t worry.”

“Yeah, that’s fine, by the way, how is he doing in school? Is he still getting used to it?”

Wen Xuxu looked at the calm man and asked again This is what she is more concerned about.

In the past two days, she actually made a phone call.

However, that little guy would never tell the truth to her, he always downplayed it, picking up those who liked to hear it and telling her, if she hadn't asked Leng Xu first this time.

Maybe they don't even know what happened to him.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

Huo Sijue still had a light expression on his face.

However, when he saw the budding flowers in front of him, in the bright sunlight in the morning, it was full of vitality and greenery, there was a rare softness between his stern eyebrows.

"Very good." He just smiled and replied two words.

That's right, it's good.

Because, a person's life cannot be smooth sailing in the first place, with blows, twists and turns, ups and downs... that is, ups and downs, only after experiencing all of them will he truly grow up.

Seeing his expression like this, Wen Xuxu let go of his heart.

At that moment, she hugged Huo Yuye and went down.

"Nini, this little brother is going to school with you today, you remember to take good care of him, okay?" In the

hall, there are two children waiting to go to school, one is 7-year-old Nige, the other is Shen Zhaohui, who is about to be 6 years old.

At this time, they were waiting for the new kid Huo Yuye.

After discussing this decision, Wen Xuxu and Huo Sijue called Qiao Shiqian in RB, and made it.

After Qiao Shiqian took Qianyuan Laiye to RB, after inspection, the news was not so optimistic, saying that one of Qianyuan Laiye's twins had hemolysis.

Hemolysis is very harmful to the mother and the fetus.

Therefore, Xiangmu Domoto's suggestion over there was to remove the child from Qianyuan Laiye, but when Xiaoye heard about it, he cried so hard that he was unwilling to take it away.

Qiao Shiqian had no choice but to discuss with Domoto Xiangmu to see if he could try to protect it?

As for this miscarriage protection, it must be a long process. In this case, Huo Yuye who followed them, of course, finally arranged for him to go to the kindergarten here.

But I saw that after Wen Xuxu's words fell, Nige, who had always kept a distance from everyone, immediately came over with a small schoolbag, and a pair of small hands held the quiet little boy in front of him.

"Okay."

She looked down at him and readily agreed.

Huo Yuye's little friend also obediently let her hold her, not to mention how well-behaved her little face is.

Wen Xuxu finally let the servants at home take them to school with confidence.

The children's affairs were all settled, and Wen Xuxu was also preparing to work at home. He planned to visit several factories of Shen's family, but at this moment, another person suddenly came outside Guanhaitai.

"Mrs. God, are you going out?"

"Yu Fei? It's okay, come in quickly, have you eaten?" Seeing that it was this person, Wen Xuxu quickly invited her into the room.

Jing Yufei was not polite, and strode in.

"That's right, Mrs. God, I received a call from my brother this morning, saying that Tingting's father had woken up from a dangerous period in country M, and the operation was successful, so what they meant was to let her He came back to recuperate, but ordinary flights usually don't take patients who haven't been discharged from the hospital, and they're afraid of taking risks, so..."

Jing Yufei may also be in a hurry, after drinking a sip of water, she hurriedly said her intentions Say it.

However, at the end of the sentence, her tone became a little hesitant to speak.

Wen Xuxu is a very smart person. When she heard this, how could she not understand?

"It's alright, I'll let my children's father arrange it, and I'll be able to pick them up right away. By the way, what about Tingting? How is she? Did you take a look at it this time?"

She asked this again.

But I don't know, it's fine that she didn't mention this, but when she mentioned it, Jing Yufei's face collapsed.

"I didn't see it, Xiaoqin had already asked her, and wanted her to have a look there, but she strongly refused. She said that she didn't want her father to know about it right after the operation, and he was hit. God, isn't this a cold war again."

"Huh?" As soon as those

words fell, Wen Xuxu's brows twitched.

It's normal for Zhu Tingting to have this idea, but since Jing Qin already knows, the two of them can actually go to check and treat without the knowledge of Zhu's father and Zhu's mother.

Returning from the Dead His Secret Lover Chapter 1764

Women are actually very easy to satisfy

Why refuse it?

Wen Xuxu had a bad feeling.

"Yufei, your younger brother and sister's illness, when you went to the hospital to review her medical records, did you ask the doctor carefully? What's the situation like?"

"Yes, the doctor said it was late."

Jing Yu As soon as Fei said this, his mood became even worse, and even his face was full of gloom and gloom.

Late...

Wen Xuxu didn't know what to say for a while.

According to the current medical level, the disease of liver cancer can actually be diagnosed, which is almost a certainty, but Wen Xuxu still wants to give it a try.

At least, she didn't want to see this woman who had been struggling for five years and finally left with regret.

On the same day, Wen Xuxu personally sent a message to the poor woman.

[Wen Xuxu: Tingting, I have heard about you. I want to ask you, would you like to come to me and try Chinese medicine and acupuncture?]

[Zhu Tingting: ...] It took

at least four or five minutes for this message to be sent out, and the dialog box could see that "inputting..." was displayed for a

while, but there was no reply.

One can imagine how the woman on the other end of the phone was feeling at this time?

Like a ray of light suddenly seen in the dark?

Or is it like a dying fish that has finally caught a life-saving straw?

Zhu Tingting couldn't describe the feeling, but what she could feel was that the heart that was already ashes in her chest seemed to be beating suddenly again.

Let her tremble slightly.

[Zhu Tingting: ...What do you mean?]

[Wen Xuxu: As you know, my husband even declared that he could not be treated in the hospital. In the end, I grabbed him from the gate of hell, so I think you can give it a try.]

[Zhu Tingting: ...]

[Wen Xuxu: By the way, in fact, I found something wrong with your illness early in the morning. When Yufei went to adjust your medical records, I told her that our traditional Chinese medicine is not like Western medicine. , rely on seeing, hearing, asking, and since you have reached this point now, let me give it a try.]

Wen Xuxu was afraid that she would disagree, so she didn't hesitate to tell everything that she was the first to discover her illness.

Immediately, after Zhu Tingting saw the news, she stood in the hospital corridor, only to feel a huge ecstasy pouring out of her chest.

She couldn't control it any longer, she squatted on the ground with her phone in her hands and cried.

No one can describe the feeling.

This is a cluster of flames that appeared in the darkness after all her hope was lost.

Jing Qin hurried over from the doctor's office after hearing the movement outside. When he came out, he saw a woman squatting and crying in the corridor.

Immediately, his expression changed.

"What's the matter with you? Are you uncomfortable?"

He thought she was having a seizure, but when he squatted down in front of her, he didn't even notice it, his tone was full of anxiety and tension.

Just now, what he was talking about with the doctor was actually the same thing.

He was thinking, if the woman didn't cooperate, he would use force to make her dizzy, check and treat first.

Jing Qin grabbed her arm hard.

But he found that after waiting for a while, the woman who was crying suddenly raised her head in front of him, revealing the face that was crying so much.

"God... Mrs. God said she wants... to give me treatment."

"What?"

Jing Qin was also stunned.

In the end, the two agreed to go back to Wen Xuxu for treatment, and when the decision was made, Zhu Tingting's mood was much better, and she could finally see a smile on her pale face.

After Jing Qin saw this scene, he was even more relieved.

He was busy doing the discharge procedures for his father-in-law, and then he took their family on a private plane arranged by Huo Sijue and flew back from country M.

“After you go back, don’t worry too much about the family affairs, and concentrate on letting Wen Xuxu treat you.”

On the plane, while the two old people were asleep, Jing Qin came over and told Zhu Tingting.

Zhu Tingting was sitting there peeling apples at that time. When she heard this, she paused and did not respond to him, but her drooping eyes were wet again.

Jing Qin: “Jing Yuqiong, I won’t let her live in Jing’s house in the future, and Jing Yulan’s trash, don’t worry, she won’t appear in front of you again when you go back.”

Zhu Tingting: “...”

After a few more seconds, she raised her eyes and slowly looked at him.

“Wouldn’t it be so good? They are all your sisters.”

“It’s because you have this kind of thinking that you will be eaten by them in the past few years. You have served them for so many years, but you haven’t served them yet. Enough?”

When Jing Qin heard this, his anger surged up again.

In all these years, he actually disliked her the most, which was that she was too weak. The two women in the family were simply moths of the Jing family, but she had been enduring it for so many years.

endure what?

She doesn’t know how to deal with that kind of person, she should be ruthless when she should be ruthless?

Jing Qin hated the iron and stared at this woman...

Returning from the Dead His Secret Lover Chapter 1765

Live a good life

Zhu Tingting didn't say anything in the end, and she fell asleep on the plane later.

In the evening, they finally arrived in the capital.

"Tingting, are you all right? How is your uncle?"

Jing Yufei, who received the news, had been waiting there for a long time. Seeing that they had finally arrived, she hurried over to greet them.

During this period of time, the Jing family was thanks to this Jing Yufei. From the discovery of Zhu Tingting's illness to the time she scolded Jingqin to go abroad to find her, she was able to stabilize the family, and it was all thanks to her.

Jing Qin was naturally very grateful to her.

"He's fine, just take him to the hospital."

"Okay, I've already contacted the hospital, and the ward has been arranged, so I can send him there right away." When

Jing Yufei heard this, she was holding her luggage again. Make arrangements quickly.

Everything is really arranged properly.

Zhu Tingting was also moved. After she came down, she hugged the eldest sister's arm and sincerely thanked: "Eldest sister, thank you."

Jing Yufei: "Thank you for what? It's all a family."

The woman smiled, and then soon arranged for someone to send Zhu's father to the hospital again.

When I finally returned to Jing's house, the servants at home had already prepared the meals, and the two noisy women were not at home at this time, except for their mother.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

This Jing family is really clean and tidy like never before.

Zhu Tingting's eyes were even brighter.

After everyone finished eating, Jing Yufei took advantage of Zhu Tingting to take a bath, she dragged Jing Qin and went to her room.

“Xiao Qin, since Mrs. God has now agreed to treat Tingting, during this time, you should remember to be sensible, care more about her, and take more care of family affairs, and don't keep running outside. “

“Why do I always run outside? I have something to do with it.”

Jing Qin didn't admit to this elder sister's complaint at all.

Seeing this, Jing Yufei waved his hand and gave it to him!

“You are still arguing in front of me? Let me tell you, I don't care about this matter. I will go to Y province in two days. I have asked for a lot of days off for the two of you. If you're not obedient, see how I deal with you.”

Finally, she really looked like a sister.

In the past, perhaps because of the awkward parental relationship between her sister and brother, she would still have some scruples and could not let go, but after so many years, she has completely lost her ability to adapt.

This brother, if she is not obedient, she will beat her whenever she should, and she will scold her whenever she needs to.

In the face of all this, Jing Qin would not fight back.

He hugged his hurt arm and asked, “Why are you going back so quickly? Have you seen Liao Guanjie?”

“What Liao Guanjie?”

Jing Yufei immediately raised his head and glared at him.

“I tell you, don't take care of my affairs, just take care of yourself now, take good care of Tingting, and her dad's more snacks, with Mrs. God's treatment, there may be hope. “

After that, she snorted angrily, threw her hands and went out.

Jing Qin: “...”

Really, why is it more and more like a tigress now.

No wonder she got married.

—

Viewing the Sea Terrace.

Wen Xuxu also heard the news of Zhu Tingting's return, so she turned through many medical books overnight.

Huo Sijue: "Can you cure the cancer in the advanced stage?"

Wen Xuxu: "I don't know, it's better for a dead horse to be a living horse doctor than waiting for her to die there."

Wen Xuxu told the truth in front of her husband.

When Huo Sijue saw this, he didn't ask any questions, and continued to look at some documents sent by Lin Ziyang from Huo's side on the computer.

Qiao Shiqian is busy taking care of Qianyuan Laiye now, so he definitely doesn't have time, and since things are still so difficult, I'm afraid he doesn't have the mood to deal with them.

Therefore, the affairs on Huo's side are basically directed by Huo Sijue from a distance.

He watched for a while.

However, it was found that there was no sign of growth in the reports for the past few months. Moreover, the sectors were divided into very fine detail, and the reports of one department were even divided into several divisions.

What's all this mess?

Is that guy so incompetent?

Huo Sijue picked up the phone.

"President..."

"I ask you, is the report submitted like this all along?"

Huo Sijue asked after hearing the voice of the former assistant, staring at the document on the screen and opening his mouth.

Lin Ziyang nodded hurriedly: "Yes, President, is there any problem?"

He suddenly felt that kind of nervousness again, which was absolutely nothing in front of Qiao Shiqian.

Sure enough, as soon as he finished speaking, the man inside said very rudely: "What are you doing with so little attention? You have nothing to do when you are full? Show me everything after you have gathered it up!"

“Yes, President!”

Lin Ziyang exasperated Without daring to say a word, he immediately agreed.

Wen Xuxu had been in the bedroom the whole time, and when she heard the man’s tone suddenly become so severe, she was stunned, and came over when he finished the call.

“What happened? Is there a problem with the company?”

“I don’t know. The data that is handed in is very detailed now. How do you know how the surnamed Qiao usually makes them do things?”

Returning from the Dead His Secret Lover Chapter 1766

Boldness

It was still a man with a bad-looking face. After opening a file, he motioned the woman who came over to read it for himself, and then he got up and poured water to drink.

Wen Xuxu was originally a financial genius. She would understand these things without having to say more.

She sat down.

Sure enough, after looking at it for about four or five minutes, she also saw the problem.

“If it’s not the person in charge of these things who is not good at this, then it’s deliberately confusing. A piece of land, from the data handed in, is actually divided into auction, planning, and construction...”

Wen Xuxu also looked wrinkled. eyebrows.

The expression on Huo Sijue’s face became even colder.

However, because further verification was needed, the couple didn’t say anything that night, but when the lights were out, Wen Xuxu was lying in this man’s arms, and she suddenly thought of her son.

“By the way, isn’t Yinyin in charge of a project at the school now? How is his situation? In this data, did the operation department submit the plan there?”

“I didn’t see...”

In the darkness, the man with his hands wandering on the woman replied absentmindedly.

Wen Xuxu: “...”

Can’t you be more serious?

That’s a son!

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

However, this request is obviously useless to the man at this time. After a while, after he kissed her with ease, the man grabbed her and took her directly.

“Well...”

“Wife, it’s finally over, let’s play some new tricks, shall we?”

In the darkness that made people blush and heartbeat, this guy actually said such a sentence in Wen Xuxu’s ear.

New tricks?

He was playing the old one that time! ! !

Wen Xuxu was tossed around in the middle of the night, and only fell asleep when it was almost dawn.

At eight o’clock, Lin Ziyang, who went to work on time in City A, sent over the summary report that those people had sorted out last night, and waited until Huo Sijue woke up to read.

It’s already ten o’clock.

The man who has been released is in a much better mood than last night.

So, when he opened those files and saw the summary, he didn’t pick out any faults, that is, he just replied lightly here: “I will do this in the future.”

Lin Ziyang: “Yes!”

Since then, the Huo Group has Here, I finally breathed a sigh of relief.

“Mr. Zhang, what do you mean when the president suddenly asked us to compile the report overnight?” At the

board meeting, just after the meeting, several shareholders went to the lounge, and they began to discuss the matter.

Shareholder surnamed Zhang: “What’s the point? Have you forgotten? He likes neat and tidy things. In the past few years, Qiao Shiqian has been in power. We are used to refinement and forget the original president’s preferences.”

He A very casual explanation.

When the shareholders heard this, they breathed a sigh of relief.

Then they left.

Ten minutes later, the shareholder surnamed Zhang also left, but when he arrived at the parking lot, he took out his mobile phone, which showed that he had already received several messages.

[Vice President Wang of the Sales Department: President Zhang, did President Huo discover something about what happened last night?]

【Mr. Zhang: I was just about to ask you about those reports. You knew that he was going to temporarily take over the position of the Huo family’s person in power during this period of time, so why didn’t you make preparations earlier?]

[Vice President Wang: No, President Zhang, those reports have already been sent to the finance department. I thought about asking them to withdraw and redo them, but the finance department said that their monthly reports were ready, so I just... ...]

[President Zhang: Waste!]

This shareholder surnamed Zhang started scolding when he opened his mouth in the car.

The company executives over there did not dare to speak out.

Just at this moment, someone called again. Seeing this, this person answered with a gloomy face.

“Hello?”

“Old Zhang, in the lounge just now, I saw Huang Liansheng and the others asking you about this, and I was not good at speaking. What do you think about this matter?”

It turned out, Another shareholder.

Huo's shareholders, in fact, have been reshuffled since Huo Sijue's incident in Yang Yao.

At that time, she controlled Qiao Shiqian and wanted to swallow the Huo family with Xijing Company and forcibly acquired the shares held by Kong Zhenhua, Huang Liansheng and others. Later, Wen Xuxu and Huo Sixing tried their best to keep those equity books.

In the end, when Huo Sijue returned, he smashed the plan of the temptress and took back all the shares of the Huo family.

Therefore, at that time, Huo's shareholders had already been shuffled and were forcibly taken away by Xijing. After Huo Sijue took it back, he betrayed Huo's shareholders, and he would definitely be kicked out of the game.

Then in the shareholders meeting, the only old shareholders left now are Huang Liansheng, Kong Zhenhua, and this Zhang Yao.

The rest were developed after Qiao Shiqian took power in recent years.

“What can I think? Isn't it obvious? Huo Sijue is not Qiao Shiqian, do you think he is so easy to fool?” After a few

words, the man scolded again in the car.

Suddenly, the shareholders on the phone heard it, and their faces turned pale.

Returning from the Dead His Secret Lover Chapter 1767

Huo Yin is mine!

“Then what should we do? If he finds out about this, then we will all die!”

“What are you anxious about? What have we done? Isn’t it just to break down the project a little bit so that the company’s expenditure can be seen more clearly? What do you have to worry about?” I

never expected that Zhang Yao would suddenly drop such a sentence as soon as he changed his words.

The people over there were stunned.

Are they...really so? However, they have clearly come into their pockets all these years...

“You calm me down a little, don’t you have nothing to do, people are already in a mess, I tell you, even if it’s the last step, isn’t there still Kong Jiaming standing there? ?”

Zhang Yao cursed in the car.

Kong Jiaming is the son of Kong Zhenhua.

Over the years, Kong Zhenhua was getting older, and after relegating to the second line, he let his son on top.

Hearing that, the person over the phone finally lost his heart.

“Yes, Lao Zhang, what you said is reasonable, then... what about the case that the operation department handed over to Huo Yin? Last night Mo Yan sent me a message, saying that the little

thing is not a big person, but it is very refined. , he doesn’t listen to us at all.”

After the man mentioned this on the phone, he was still a little bit furious.

Yes, they lost 20 million in vain just because this stinky boy mixed it up.

Zhang Yao: “Okay, don’t think about it anymore at this juncture. It’s just a small profit. When he leaves, there will be less waiting for you?”

“What do you mean...that place will still invest more. Big?”

The shareholder immediately burst into ecstasy after hearing this.

People like them, in the past few years, have actually never stopped accumulating money.

However, Qiao Shiqian is also very shrewd. When a project is completed, from acquisition to successful development, he will send people to watch, so the only chance is to make an idea before the acquisition is successful.

For example, the building that Manager Mo told Huo Yin yesterday.

It hasn't been in Huo's hands yet, then, no matter how the seller goes up and how to operate, they can't find it. Once it succeeds, the things in the pocket will not be able to escape.

That's why they do so many accounts.

Because, I am afraid that they will be directly investigated, and their relationship with the seller must not be exposed.

The shareholder finally understood what he meant.

Immediately, he hung up the phone, hummed a little tune, and went back.

Zhang Yao, who was in the car here, also put down his mobile phone and drove away from here.

kid?

It doesn't matter, let him have a good time first.

After a period of time, let him truly experience the cruelty of the workplace, and he will definitely give up. Doesn't it mean that he came to the company to improve his character flaws?

Just like his dad used to be.

The corners of this person's mouth are full of confident smiles...

——School

.

Huo Yin had a relatively smooth day.

I don't know if it was because he was injured with gauze wrapped around his feet, or because his performance in the last class yesterday had shocked those people.

In short, no one bothered him that day.

“Huo Yin, your foot is injured, do you want me to help you to the cafeteria?”

Ning Xiner was still as enthusiastic as ever. Seeing that Huo Yin's leg was injured and it was inconvenient to move, she came to him immediately after class and wanted to help him go to the cafeteria to eat together.

But how could Huo Yin let her help?

After he packed his schoolbag, he walked out of the desk.

"Huo Yin?"

"Student Huo Yin, are you going to the cafeteria? Come, let's go there together." At the critical moment, the secretary of the Communist Youth League came to look for him. When he saw Huo Yin was about to leave, he took a man beside him with him. The girl quickly came to him.

The girl is Cen Yu'an.

So Huo Yin was finally taken out by the group secretary, who took Huo Yin on a bicycle.

Cen Yu'an and Ning Xin'er were next to them.

"Yuan, do you have anything to do with the Party Secretary? Is there any activity in our department?"

"No."

Cen Yuan's attitude was very cold.

Ning Xiner was so scolded, she suddenly lost her face.

There is no activity, so why have you been following along? Go on your own, didn't you see that Ning Xiner was already here?

Ning Xiner didn't like this girl very much. She was beautiful and had good grades. Originally, Ning Xiner could have become a flower in the finance department.

But as soon as this Cen Yu'an appeared, she was gone.

Ning Xiner stared at her, seeing that the cafeteria was in front of her, and the food she had arranged was about to be served. She finally couldn't help but stop the girl.

"Since it's all right, then you can eat elsewhere."

"What did you say?"

“Yu’an, you’ve been following the league secretary like this, so we thought you liked him. Let me tell you the truth, I have ordered a big meal in the cafeteria, and I want to invite Huo Yin to eat. I don’t want to be disturbed. “

It’s the rich lady, after seeing that the girl didn’t understand what she meant, she directly ordered the eviction order.

Cen Yu’an: “...”

Huo Yin?

She stared at the boy in front who was being dragged into the cafeteria by the regiment secretary, and finally made a “squeak—“!

She stopped there on her bike!

Returning from the Dead His Secret Lover Chapter 1768

Close

Cen Yuan finally went back.

Ning Xiner was very happy, she ran over excitedly after following the two boys in front.

“Senior, we won’t cook here anymore. I’ve asked my aunt and the others to make it again. You wait here, I’ll bring it over.”

When she got to the cafeteria, she saw that the group secretary had brought Huo Yin to the table. Down, so quickly told them not to go to the meal.

The group secretary smiled at her: “So good? Then I’ll have a good time.”

He was their senior, of course, he knew what the little girl meant at a glance.

Soon, Ning Xiner brought the aunt and brought the dishes enthusiastically, including braised pork trotters, steamed fish, and a pot of fragrant chicken soup.

This meal, in the university cafeteria, can be said to be quite good.

The Secretary of the Communist Party of China was drooling when he saw it.

But just when Ning Xiner called over the meal, she found that the tall and cold beautiful young man sitting at the table didn't even look at these things at all.

He is playing with his cell phone.

"Huo Yin, do you want to eat? Eat your meal first, and then check your phone later."

"Yes, Huo Yin, eat quickly, otherwise the food will be cold." The

Party Secretary also advised.

But Huo Yin just glanced at the table lightly and said, "No, my aunt will come over later." The

group secretary: "..."

Ning Xiner: "..."

For almost a minute, the two of them sitting there completely not knowing how to answer this?

This kind of reply can actually be said to be very different. At least, a normal person would not do this, or he would accept it happily.

Or, even if you don't eat, you will politely refuse and then give your reasons.

But this boy is not.

He almost refused in the most direct and indifferent way, and then just sat there and continued to play with his phone while waiting like someone who had nothing to do with him.

Ning Xiner froze as she sat there on the spot.

Because, when she invited this teenager to dinner, she had already hyped it up in her sister group.

At this moment, they are all watching not far away, what should she do? How can I face them in the future?

Ning Xiner was about to cry.

The party secretary: "..."

He glanced at the girl, and finally, he couldn't stand it any longer, and persuaded: "Student Huo Yin, since classmate Ning Xiner has already made it, then you can eat it first.

" No need!"

He said mercilessly.

At this time, even the Secretary of the Communist Youth League didn't know what to say.

At this moment, at the entrance of the cafeteria, Shen Shanshan came over, holding an umbrella and a thermal lunch box in her hand, and trotted here.

Ning Xiner: "..."

Before she could react, the young man on the opposite side, who was looking at his phone, suddenly saw that he seemed to have caught something, and turned his head to look at the door.

"Little aunt, here."

After standing up from the seat with a tall and slightly thin figure, this young man who was obviously so inhuman in the eyes of everyone, actually shouted loudly.

The voice fell, and many people in the cafeteria looked at the two of them.

Including Ning Xiner herself.

That was the first time she saw him smile, those beautiful eyes were curved like crescent moons, like a glazed cup full of brilliance, and the facial features were even more handsome and handsome, unlike ordinary people.

The whole dining hall was quiet.

And Shen Shanshan also felt that something was wrong, and suddenly, she stood there very embarrassed.

However, the young man running towards her seemed to be unable to see these at all. He tripped one of his feet and jumped after him.

Looking at this little aunt in her eyes that were so clean and not stained with any impurities, there was only full expectation and joy left.

That's how he, because of his character flaws, can be cold and rude to strangers when you don't exist.

But if it was someone he knew, he would show his most sincere side to her.

Shen Shanshan looked at his innocent and longing smile, and suddenly felt that she was a little too much, too selfish.

"You haven't eaten yet? I'm sorry, it's raining today, and I'm a little late."

"It's okay."

Huo Yin, who had been staring at the lunch box in her hand, really had an expression of indifference.

It's just that his unblinking gaze also revealed that he was indeed hungry at the moment.

God Shanshan smiled.

Immediately, she supported him and went in.

"Little aunt, this way, we're here."

I don't know when, Ning Xiner also came over. After seeing the two of them looking for a position, the little girl actually adjusted again.

Very warmly invited the two of them to continue to sit there.

When Shen Shanshan saw it, of course he would not refuse.

So, Huo Yin followed her and finally sat back to the previous position.

When Ning Xiner saw it, her joy returned to her heart. After she hurriedly went to get a pair of tableware for this aunt, she said very obediently, "Auntie, let's eat together."

Shen Shanshan said, "Okay. "

Then, she took out the food in the insulation box and put it in front of Huo Yin.

And Huo Yin, what she made for lunch that day.

Returning from the Dead His Secret Lover Chapter 1769

Is he sick?

Huo Yin is indeed a very picky eater.

When he was a child, when his mother Wen Xuxu first saw him, she discovered this secret, and then in order to please him and let herself stay by her side, it can be said that she spent a lot of thought on cooking for him. of.

Therefore, Shen Shanshan, as a family member of the gods, will of course remember what this nephew eats.

Moreover, in order to take good care of him, she even asked this sister-in-law for advice. ,

Huo Yin eats with relish.

And Shen Shanshan eats the food prepared by Ning Xiner, and her appetite is quite good.

After the meal was over, Huo Yin went to work in the library as usual. Shen Shanshan saw him and wanted to send him there, but unexpectedly Ning Xiner came over again.

“Auntie, let me take him there, I have a car.”

“Car?”

Shen Shanshan looked at her in surprise.

That’s right, she forgot, this Ning Xiner seems to be quite wealthy at home, and quite a few people say that she always has a special car to pick her up from school.

Taking into account Huo Yin’s feet, Shen Shanshan finally agreed.

“Yinyin, then you can go to the library with Xiner. I still have a little work to do on my side. I will finish my work earlier, and I will pick you up in the afternoon.”

“Well.”

Although Huo Yin is not so much willing.

But when he heard that the meeting would make concessions, and he could go back early after class in the afternoon, he agreed.

Of course, Ning Xiner was overjoyed.

At noon that day, she finally took the boy to the library, and the two of them went all the way. The students in the school who witnessed their scene with their own eyes also started talking on the campus.

“So, the famous Ning family eldest in our school has finally found a boyfriend?”

“Yeah, it’s the guy who just came in from their finance department. Someone saw him at noon today. He’s already got into this Ning Xiner’s car.”

“Minato, who the hell is this guy? That ‘s it for such a rich eldest lady.”

“I guess...that face?”

In just a few hours, this was what was talked about on campus.

And at the end of their discussion, they were all disdainful of Huo Yin, thinking that it was because of his face that he had the shit luck, and Ning Xiner took a fancy to him.

Cen Yuan only heard about this when he came out of the Internet cafe.

After yesterday’s library incident, she had a shadow in her heart, so she stopped going there to study, but went to an Internet cafe to do some market simulation research.

As a result, I heard the news again.

Ning Xiner was with that big ice cube?

When she heard it, she didn’t know how she felt. The first thing she drew in the corner of her mouth without the slightest warmth was a sneer.

One is neuropathy.

One is mindless.

It’s a perfect match!

Cen Yuan came out of the Internet cafe, carrying a schoolbag, and was about to go to class, when she suddenly saw a boy with gauze on his feet, walking out of the path diagonally across from him limping.

Isn’t this Huo Yin?

As soon as Cen Yu'an saw this person, she ignored it, and withdrew her gaze coldly, and she was ready to leave. "What are you talking about? Did

n't I already remind you? Don't pay attention to them. What are you doing in such a hurry? Is it me or you who are responsible for this case?"

The air around them seemed to drop a lot at once.

Cen Yuan'an slowed down.

Huo Yin: "Don't explain to me, come to school to pick me up immediately!"

He informed the person on the phone in an almost imperative tone.

Mo Yan: "Young Master Huo Yin, don't be angry, we actually called you a lot at noon about this matter, it was too urgent, but your call has been unable to get through, so we will kill it first and then play it! "

Hehe..."

Hearing such a sophistry, the boy who was extremely angry only sneered.

They underestimated his intelligence.

They thought he was Xiao Cheng?

Huo Yin pinched off the phone and looked up. He wanted to find out if there was any way to let him go out.

As a result...

"Cen Yu'an!"

"—Huh?"

Cen Yu'an, who was already walking forward, stopped and looked back at the person who stopped her inexplicably.

How could he still remember her name?

Really honored.

"Don't you know how to ride a bicycle? Take me out." Huo Yin ordered again, without the attitude of asking others for help.

Cen Yuan: "..."

After a few seconds, after confirming that she did not hear it wrong, she walked towards this person.

“You... let me go out with you?”

“Yes!”

“What’s the reason?”

“I have something to do!”

Huo Yin still kept his expressionless face, and after seeing that the girl still didn’t move, His pretty and handsome face was already starting to get a little impatient.

Why are these people so stupid, they can’t understand such simple words?

Cen Yuan: “...”

Taking a deep breath, she turned around and left.

He is really sick!

At this time, the attitude of asking for help?

Also, why should she help him? Don’t forget that yesterday he embarrassed her so much that everyone saw him scold her.

Cen Yu’an was too lazy to deal with this inexplicable person.

Returning from the Dead His Secret Lover Chapter 1770

Little milk dog VS little wolf dog?

Huo Yin saw it from behind and was stunned for a while, probably not expecting that the girl would leave without saying a word.

“Cen Yu’an, what do you mean? Where are you going?”

“It has nothing to do with you.

“Want money? OK, send me out and give you 100,000. “The young master of the Huo family, who doesn’t know about firewood, rice, oil, and salt, opened his mouth and spat out a number.

Cen Yu’an: “...”

The steps under his feet became even faster.

This is really a lunatic!

“200,000! “

“...”

“Three hundred thousand!” “

“...”

“Forty...”

Before he could finish a sentence, finally, Huo Yin, who was standing there, saw the girl turn around. In a blink of an eye, she was like a tigress who was completely pissed off. , tore up to him.

“Are you rich? !! “

...”

Huo Yin had never seen such a vicious woman before. For a moment, he stared at the girl who was about to pounce on him. Those beautiful pupils

shrank back. Everyone took a step back.

She’s crazy!

“Say, how much money do you have in your family? I want a million, do you have it? “

Cen Yu’an is purely venting.

Because she really wants to scratch the ears of this abnormal guy, hundreds of thousands? Why didn’t he say that he would directly hit her with a mountain of gold and silver? Did

he find her Cen Yu'an happy ? Are you already addicted?

Cen Yuan stared at him fiercely.

Unexpectedly, the young man calmed down after a while, and actually showed an expression that seemed to be carefully considering her condition.

“Okay.”

“What did you say?”

“Om...buzz...” The

phone vibrated again in Huo Yin's hands.

When Huo Yin heard it, he ripped the girl who grabbed his collar impolitely away, and went to the side with the phone.

“Hello?”

“Young Master Huo Yin, our car has already arrived at the school gate. They won't let me in, so do you want to come out?”

It was Mo Yan who just called him. She had already arrived at the school.

Huo Yin heard this, and his face finally eased: “I see, you wait.”

Then he hung up the phone and was ready to leave.

It's not far from here to the school gate. Even if he hurts one foot, he doesn't need to worry.

It's just that this stupid girl lost the chance to earn a million in vain.

Huo Yin turned around and left.

Leaving Cen Yu'an standing there, he didn't take a breath, and was almost suffocated there.

She has lost control of her emotions in the past two days, and it is really all thanks to her. Does he really have a problem with his brain?

The girl who was dazed by her anger stared at the far-away back. She just wanted to leave, but when she lowered her head, she suddenly saw something on the ground.

“What's this?”

She bent down and picked it up, only to find that it turned out to be a USB flash drive for storing files –

Huo Yin was taken to the front of the building.

Fusheng Building is indeed a promising building in this city, because it was originally an old town, and this building has also been brilliant.

But over the years, with the development of the economy, the business district has gradually arrived in the new urban area.

Here, even if it falls.

Therefore, if you buy this building, renovate it, and develop it into a more distinctive business district, it will definitely make a lot of money here.

Huo Yin got out of the car and saw the seller waiting for him at the door of the building at a glance.

“This is Young Master Huo, right? I heard that you are still in school, so you can actually leave this matter to the managers of your company. You don’t need to go there yourself.”

The person in charge saw him after seeing him. , the tone is still very polite.

But the words didn’t sound so good.

It means that Huo Yin is still young, these things just go through the motions and don’t care about the rest.

Huo Yin glanced coldly behind him.

“Where’s the contract?”

“Here,”

Mo Yan hurriedly handed over the contract she just signed.

Carrying a schoolbag and wearing the clothes of college students, such a young man, no matter how he looks at it, doesn’t want to look like he wants to talk about hundreds of millions of business with people.

The seller just waited there with a perfunctory and impatient look.

Unexpectedly, after the young man watched for a while, he suddenly tore up the contract in front of everyone.

“Master Huo Yin, you—”

“Master Huo, what’s the matter with you? Why did you tear up the contract? Are you too childish? How can this contract be torn?”

” Out of breath.

However, after the young man raised his hand and threw all the shredded pieces of the contract onto this man, he opened his mouth coldly.

“First, I am not a child, I am in the Huo family, and I am in charge of this case; second, since I am the person in charge, this contract will be deemed invalid without my signature. I won’t recognize it.”

He finished these two sentences word by word.

The voice fell, everyone present was speechless, and a face was slapped, red and white, white and blue... It was

wonderful!

This is Huo Sijue’s son, and he really isn’t that easy to fool.

And Cen Yuan has just arrived here.
