

## Returning from the Dead His Secret Lover Chapter 1771

Peaceful distance between two worlds

Gen Zian saw this young man standing in front of the building, and he didn't know what he said. In the end, the faces of those people turned green.

Especially the one in front of him, after glaring at him very angrily, he walked away.

Gen Zian: "..."

What is he doing?

Could it be that this is the job he was looking for outside? And this person, because he didn't do a good job, did he treat him like this?

The girl's pretty face turned gloomy.

She often does part-time work, and her family is not well-off. In order to reduce the burden on the family, she had to go out to find a job during the holidays.

It is also common to encounter arrears of wages.

The girl was so angry that she even forgot that he had a grudge against this guy.

"What are you doing? Be careful, I'm calling the police!"

She rushed out, like the one who killed a hero to save "Mei" halfway, and stopped directly in front of Huo Yin.

Huo Yin was stunned.

Including those from the Huo Group, after seeing the girl who suddenly appeared, they didn't react for a long time.

What's going on?

Call the police? What to call the police?

"Little girl, you—"

"Don't talk, I know what you want to do. It's just that you don't want to pay us wages because we haven't reached our age yet. I tell you, no way, if you don't give him your

wages today , I will call the police and report to the labor bureau, so that your shop can no longer be opened!"

Cen Yuan interrupted the woman directly, and warned sharply with a pretty face.

...

and another silent silence.

Until Mo Yan reacted, staring at the girl with upturned eyebrows to explain. At this time, Huo Yin, who also recovered from behind the girl, spoke first.

"Let's go."

"Yes."

These people hurriedly left.

Cen Yuan, who was standing in front of him, saw it, turned his head angrily and glared at him: "Go? Why did you let them go? You haven't got your salary yet."

Huo Yin: "..."

Salary?

What's all this mess? No brain?

Huo Yin didn't want to pay attention to her, so he turned around and prepared to go back.

Unexpectedly, as soon as he moved, this nasty girl actually dragged him back.

Huo Yin: "..."

Cen Yu'an: "...Okay, I won't talk about you anymore. When you go out, do you remember to be more mindful? Pay attention next time. I'll take you back."

"Go back?"

"What? You don't want to go back? Then what are you going to do? Do you still want to find those people yourself?"

The girl's pretty face turned gloomy again immediately.

Therefore, girls like creatures sometimes have very rich imaginations, and they don't know how their brains are structured, but they can completely escape the thinking of a normal person.

Huo Yin was finally taken away by this girl forcibly.

His foot was injured and it was inconvenient.

So the girl didn't shy away, and after holding his arm, she dragged him to a bus stop not far from the building.

Huo Yin was so angry...

"Don't worry, I will help you get the money back!"

"..."

With that said, Huo Yin, who was originally full of anger, looked down at the girl who was helping him tie his shoelaces. The fire seemed to be stuck in his throat and could no longer come out.

His shoe was on the injured foot.

Because of the gauze, when I came out of the apartment, the shoelaces could only be tied loosely. Just now, after I was forcibly pulled over by the girl, the shoelaces loosened.

Huo Yin stared blankly at her tying him.

After that, she took him on the bus and found another seat for him to sit down.

During the whole process, he was dazed, until he sat down, he suddenly saw so many people around him, and the environment was completely unfamiliar to him. Suddenly, a strong uneasiness rose from his chest. , he began to tense all over and began to sweat.

"Bang!"

He finally stood up and was about to rush out of the car.

But at this time, the bus just started to start, and suddenly, he was unsteady and fell forward.

"Hey, what are you doing, this guy? It's very dangerous to drive the car."

"That's right, what are you doing?"

The people in the bus saw him and pulled him in a hurry, blaming him.

Huo Yin's expression became even more frightening.

His face was as white as paper, with a pair of beautiful jet-black pupils, but under his sweaty forehead, he showed a very terrifying look.

It seems that the next moment, if he stops him again, he will jump out of the car.

"Is he sick? Why does he look so scary?"

"Yeah, or... let's call the police, is he crazy?"

"Don't touch him!"

When everyone saw him like this, they avoided it as if they had encountered the plague.

Huo Yin began to tremble violently.

In the nick of time, a pair of slender and white wrists grabbed him. She stopped in front of him and shouted at these people: "What are you talking about? He is motion sickness, pay attention to his words!"

"The scolding, plus the girl herself is a person with extremely cold facial features.

These people finally shut up and no one dared to say anything.

Only then did Cen Yuan hold the boy tightly with one hand, and hurriedly rang the get-off bell.

Strange feeling

When the two got off the bus, Huo Yin was soaked all over.

This situation is actually a typical symptom of autism, because he is afraid of staying in the same space with most people, he is nervous, he is afraid, he is flustered... In

the end, it will cause him to do this.

Cen Yuan didn't know the truth, but seeing him like this, he still realized something was wrong.

"You sit here for a while, and I'll buy you a bottle of water."

She saw that he was sitting there as if he had been fished out of water, his face was even more pale and scary, she turned and went to the bus. Bought a bottle of water at the convenience store behind the station.

"2 yuan."

"Okay, by the way, boss, do you still sell motion sickness medicine here? Or, something that can relieve motion sickness."

When she paid, she thought of this, and asked this specifically boss.

She thought that the boy's appearance just now was because of his motion sickness.

The boss ended up selling her a box of Green Arrow gum.

Cen Yu'an was a little silent.

She came over with water and chewing gum. She handed the water to the guy. When he twisted it open and took a sip, she hesitated and handed over the chewing gum in her hand.

Sure enough, the young man turned his head to look at her, showing a trace of doubt.

Cen Yu'an: "Buy water for delivery..."

Huo Yin: "..."

How much does a bottle of water cost?

He still knows this. When he was studying at the base before, when he went out with Tong Hui, he would also buy water for him to drink, which seemed to be a few dollars.

A few dollars for something, and something else to send?

He lowered his eyes, and he didn't know whether it was because he didn't quite believe this sentence, or because he thought of his friend who had been dead for many years, his eyes became a little dim.

“I don’t eat candy.”

“...”

It seemed that this was the first time he spoke to himself calmly.

Although, it still sounds a little tired, as if the mood has not recovered.

Cen Yuan didn’t ask any more questions. After peeling off a piece of chewing gum and stuffing it into her mouth, she put the rest in her pocket.

“Then go back. When I came here, I saw a battery car rental over there.”

“?”

Huo Yin looked at her again.

Battery car?

What is that?

Until, not long after, the girl really came over on a shared moped and came to him.

“Come up.”

Her tone was a little stiff, with a fair and beautiful face, which looked a little unnatural at this time.

Huo Yin sat there and looked at her.

This is the second time that he can’t understand the brain circuit of a girl, and the girl in front of him is said to be a top student in their finance department, so is IQ just a display?

Huo Yin finally stood up and stopped a taxi on the street.

Cen Yuan: “...”

Until the boy got into the car, stared at her and asked, “Why are you still standing there?”

She then came back to her senses, and put the moped aside, and then she was confused. went up.

She had to be quiet and sort out what kind of situation this was.

Speeding all the way, the two finally returned to school.

“Master, how much is it?”

“56 yuan.”

The taxi driver’s watch creaked.

Cen Yu’an, who was already sober, suddenly felt a pain in her flesh. 56, she was about to catch up with her daily living expenses.

She lowered her head and opened her bag.

But at this moment, the boy next to him suddenly took out a red bill from his body.

“You don’t have to look for it.”

“Okay, thank you young man.” The master was overjoyed.

so rich?

Cen Yu’an, who was spending money on the side, was stunned when he saw this scene.

Hurrying to get out of the car, she carried the small bag on her back and caught up with the teenager walking in front: “Huo Yin, what’s the matter with you? You haven’t received your salary yet, why are you so generous?”

“...”

No people take care of her.

The crippled young man walked forward with a blank expression while looking at his phone.

When Cen Yuanan saw it, she finally couldn’t hold back, she reached out and grabbed him.

“Huo Yin, did you hear me? What’s the matter with you now?”

“?”

Huo Yin, who was forced to stop, stared at the girl with a completely inexplicable expression.

Gen Yu'an: "I mean your salary, what do you plan to do? Do you still want to come back? If you want, then I will help you. Don't worry, I have had such experience before and can definitely help you get it back. "

..."

After a long time, Huo Yin finally put down his phone, and he looked at this man seriously.

"why?"

"How can there be so many whys? We are classmates and we should help each other, so don't be depressed, don't do something like this next time, everyone will encounter many setbacks in their life, if you just lost it Once the salary is broken, the jar will be broken like this, then what will you do when you step into the society? Are you dead?"

She pointed to Huo Yin's bag, and talked a lot.

Huo Yin was stunned.

He stood there, looking at his bag for a while, and then again at this girl who was so sincere and completely different from the first time he met, he didn't say a word for a long time.

## **Returning from the Dead His Secret Lover Chapter 1773**

Little aunt, are you girls like this?

So, she thought that he just took a taxi, because he lost his salary and his mentality collapsed? Self-defeating?

Then, are you worried about him now?

A person who was indifferent to her at first sight, as if the whole world had nothing to do with her, now worry about him?

Huo Yin suddenly had a very strange feeling in his heart.

“Experience? Have you been cheated of your salary before?”

“Yes.” Cen Yuan admitted generously.

“How much did you cheat? Are you coming back in the end?”

Huo Yin became interested, not for anything else, but because he suddenly wanted to know what her “factory settings” were for this creature who has never had an IQ online. of?

“Not much, two hundred yuan, of course I’m coming back. I major in finance and take law as an elective, can I still come back?”

Cen Yu’an snorted coldly.

She is indeed a top student in the finance department. All subjects have excellent grades, and the law class is naturally not too bad.

Huo Yin gave her face and cast a look of approval.

“So, you don’t have to worry, I will definitely help you get your salary back. You just need to tell me where the company is, and how much salary they haven’t paid to you?”

“...”

So For a second, according to Huo Yin’s previous temper, he would walk in with a flick of his hand.

This is a fool.

How could Huo Yin be cheated of wages? That’s all his people, okay?

However, for some unknown reason, he pursed his lips when he saw the pair of moist apricot eyes looking at him full of enthusiasm and a sense of justice in front of him, and suddenly suppressed those words.

“I...was deceived a thousand.”

“One thousand?!!” The girl’s eyes widened when she heard the number.

“It’s too much, so much money, are you stupid? Let them deduct so much? Is it your first time to go out looking for a job?”

“...Well.”

“That’s right, some unscrupulous companies are In this way, college students like us are specially selected to squeeze free labor. So, you made this USB flash drive for them? Today, you hurried over there, just to give them jobs? “

After Cen Yu’an finished speaking, from He took out the U-disk he found.

U disk?

When Huo Yin saw it, his face changed slightly on the spot.

But soon, when he saw that the girl was completely magnanimous, his expression relaxed again.

“Well.”

He reached out and took the U disk into his hand.

This USB flash drive is actually the planning book he made for the project in his hand in the past few days. If she sees it, his identity will be completely exposed.

When Huo Yin finally returned to school, he used his mobile phone to notify Mo Yan and the others that he would go to work in the office building on weekends.

Mo Yan was shocked when she saw it.

Didn’t this ancestor come to study? Why did she come here on weekends?

She could only quickly sort out the documents in the office building and prepare an office for this young master.

But soon, his message came again.

[Huo Yin: Just arrange an employee position. ]

【Mo Yan: Young Master? 】

[Huo Yin: Also, prepare 1,000 yuan. Someone has found out that I am working outside. I am not yet eighteen years old, and I am a minor. She will go with me on weekends to get wages. ]

【Mo Yan: ... 】

What’s all this mess?

However, she soon thought that the identity of this little ancestor at the school was indeed not disclosed. According to the current law, people under the age of 18 cannot be employed.

So, if he did this, maybe he was really discovered.

Then, in order not to get into trouble for the office building, I deliberately acted like this.

What's the matter!

Just read it well, and even come to participate in the company's affairs, doesn't this cause trouble?

Mo Yan could only try her best to cooperate.

In the evening, Shen Shanshan also came.

She found the Department of Finance. She originally wanted to find Huo Yin directly, but when she first arrived in this teaching building, she met Ning Xiner who was waiting there.

"Little aunt, are you here? Are you here to pick up Huo Yin?"

"Well, good afternoon Xiner, have you finished class?"

Shen Shanshan still had a good impression of this girl. He was so enthusiastic that he replied two sentences.

Unexpectedly, as soon as she finished speaking, Ning Xiner came over and hugged her arm more intimately.

"Little aunt, where do you live? I also want to visit your place, okay?"

"Ah?"

Shen Shanshan was stunned.

It's not necessary, it's a bit excessive.

Shen Shanshan glanced at the boy in the classroom who was packing his schoolbag, and finally, her attitude became lighter.

"I have to ask our family Yinyin. He lives in that place. I didn't live there. If you want to go, you can ask him first."

She is also a very smart person, and

sure enough, the voice Falling down, this Ning Xiner's face collapsed.

Asking Huo Yin, isn't that the same as saying no?

In the end, Ning Xiner failed to do so.

However, when Shen Shanshan took Huo Yin back, on the road, he suddenly saw a row of mopeds parked on the campus, and he stopped.

Guard

"Little aunt, have you ever ridden that kind of car?"

"Huh?"

Shen Shanshan followed his line of sight.

"You mean a moped? Yes, but that one requires a card and is charged. If there is no electricity in the middle of the road, it will be very troublesome."

Shen Shanshan didn't know why this nephew suddenly felt a sense of this means of transportation. Interested, she patiently explained it to him.

But she saw that after she finished speaking, there was a hint of disappointment in the young man's eyes.

"Oh..."

"Huh?"

Oh?

what does that mean?

Shen Shanshan didn't see it and understood, but because he was in a hurry to take him back, he didn't have time to think about it. Remember that

when the two of them arrived at the apartment, Shen Tianhao didn't come back for dinner that day because the school had late repairs. After Shen Shanshan was ready, only the aunt and nephew were sitting at the dining table to eat.

"Little aunt, I heard that all college students go out to work when they are in school?"

Curious baby started to ask questions again.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

Shen Shanshan smiled and put a large piece of crispy pork ribs in his bowl, and replied, "Yes, because some people's families are not so wealthy, they will go to school for tuition and living. Some work."

"What do you usually do?"

"Well, some work as tutors, and some work in the company. They are all hourly workers."

Of course Shen Shanshan wouldn't tell this young man, she herself came here like this.

Their family lives in Shujingzhai, but they don't live as well as people outside imagined. First of all, Shenrong and his wife are not the kind of people who like to rely on Guanhaitai to live their lives.

Another reason is that Shenrong hopes that their sister and brother will become independent sooner rather than later.

At this point, it seems that he has been preparing for a long time, in case he has an accident one day, the home will collapse, and in fact it proves that he is right.

The siblings are doing well now.

Huo Yin fell into thought again.

He is a teenager who is used to being pampered and cannot experience this kind of life.

"Then tell me, I'll let Cen Yu'an do things for me, okay?"

"What did you say?"

Shen Shanshan, who was sitting opposite him and was eating, finally choked and coughed. It took a long time to calm down.

Cen Yuan?

Is that the girl who said he was scolded last time?

Why so suddenly? This progress seems to be faster than that of Ning Xiner. Did that girl use a method again? It made this young man suddenly make such a decision.

Shen Shanshan did not let go.

She plans to check this girl named Cen Yu'an after she arrives at school the next day.

—

The next day.

When the two arrived at the school, Huo Yin also went to class, while Shen Shanshan came to the Finance Department and began to inquire about Cen Yu'an with the people here.

As a result, it was so coincidental that she met the secretary of the Communist League.

"You said Cen Yu'an, she is a very good girl. She is excellent in all subjects. However, because of her personality, very few people are close to her. She is a loner.

" A wry smile.

Shen Shanshan: "Yeah, where is she from? I heard that she often goes out to work and study abroad?" The

League Party Secretary: "Well, her family is relatively difficult. She is from Xixiang. I don't know, but after seeing her coming, she went to our school to apply for financial aid."

The party secretary didn't hide it, and told Cen Yuan's family in detail.

Xixiang?

Shen Shanshan's face changed.

She didn't ask anything else, turned around and hurried away.

In fact, Shen Shanshan is not really ignorant of family affairs, she is too smart, so smart that sometimes she can find clues about her father, but his father is unaware.

For example, when she was 18 years old, she just graduated from high school, and when she came home two days early, she saw a person hurried out of their house.

After a while, when she went in, she saw that her father was very angry and tore a piece of paper into shreds and threw it into the wastepaper basket.

“It’s simply inhuman!”

her father scolded at the time!

Later, when she waited for her father to leave, she went to the wastebasket to turn over the shredded paper, and after splicing it together, she found that there was a list on it.

And the people on the list are not very old, their birth years are not a few years younger than her, and most of them are from Xixiang.

Shen Shanshan returned to the classroom restlessly.

After that, all day long, she was distracted and didn’t listen to any lessons.

“Shanshan, what have you been doing all day? You are always absent-minded in class, what are you thinking about?”

“Nothing.” Shen Shanshan casually said.

Seeing this, the girl came over and hugged her arm affectionately: “Then let’s go out to play, today is Friday, tomorrow is the weekend, and finally we don’t have to go to class.”

Shen Shanshan: “...”

Suddenly, she was like As if thinking of something, he immediately stood up from the desk.

“Sorry, I still have something to do, I’ll go first.”

Then she hurriedly left the classroom and walked quickly towards the finance department.

If she really guessed that, then she must not let that girl approach Huo Yin again. When she gets here, she will never let anything happen to him.

Shen Shanshan ran very fast.

However, when she arrived at the finance department, she still saw a very beautiful and tall girl who was riding a moped before the boy.

“Huo Yin, let’s go, let’s go to the place where you work now.”

“...”

## Returning from the Dead His Secret Lover Chapter 1775

Little Ancestor

In the end, Shen Shanshan did not stop the two.

Because she wants to see if this girl is what she guessed? Also, does she really have any purpose in approaching Huo Yin?

Shen Shanshan also called a car and followed behind.

However, it was found that after Cen Zian left the school with Huo Yin in a power-assisted vehicle, the two entered the city and actually arrived at the office building opened by the few people Huo Yin brought.

“Is this the place?”

Seeing that he had finally reached his destination, Cen Zian stopped the car, looked up and asked.

Huo Yin in the back did not make a sound.

He was still immersed in the weird emotions of riding this kind of transportation for the first time, especially when he stopped and found that he was actually holding the girl's waist with both hands.

He retracted it more like an electric shock.

How can there be such a strange tool in this world?

Also, he's actually sitting up there.

“Huo Yin? Talking to you, what are you thinking? “

Cen Zian was already a little impatient. Hearing that the teenager behind her ignored her for a long time, she looked behind her with frowning.

Huo Yin: “...”

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

He hurriedly looked back, and he got off the car.

“Well, it’s here.” “Okay

, then you wait here first, I’ll park the car, and we’ll go up.”

Then the girl pushed the moped and parked next to it.

Huo Yin stood there and didn’t move.

It wasn’t until he saw the girl coming over again that he pursed his lips and subconsciously took out his mobile phone, ready to notify the people above.

“What are you doing? I tell you, don’t be afraid, they can’t run today with me.”

Cen Yuan saw it.

Immediately, she snatched his mobile phone from her hatred again, and after stuffing it into his bag, she grabbed his wrist and went directly into the building.

Shen Shanshan, who was not far away, was speechless for a while.

This Cen Yu’an is too bold, isn’t she afraid that the teenager in front of her will throw her out?

You know, this little young master of their god family is notoriously cold-hearted, and his temper is no different from his father’s, if someone he doesn’t know touches him.

Just got thrown out.

But now... this guy doesn’t seem to have much reaction?

Shen Shanshan was astonished, and quickly followed.

in the building.

Huo Yin and Cen Yu’an have already entered the elevator.

Cen Yu’an: “You came over today and notified them in advance?”

She saw that the boy standing next to her didn’t say anything after the two came in, so she took the initiative to ask about the other party’s situation, so that when the meeting arrived, she could Be prepared.

Huo Yin swallowed his saliva.

“Well...”

“That’s good. We’ll get to the top later. If they’re ready to give you the salary, then forget about it. If not, we’ll take the second option.”

“And... The second option?”

Huo Yin finally looked at her with two sets of eyes.

Cen Yu’an took it for granted: “That’s for sure, to deal with this kind of person, what if you don’t have both hands ready? Don’t worry, I have already greeted a senior. If we encounter trouble here, I will press this. If you press the shortcut key, he will immediately call the police, and the people from the labor bureau will come together, and they will be the ones who will be in trouble.”

I never imagined that a girl in her twenties would have such a meticulous arrangement.

Huo Yin stopped talking.

He was thinking, should he immediately notify Mo Yan upstairs? Is it better to let them put the money and leave?

But time was too late. When they arrived at the office building, Mo Yan, who was already waiting there, brought the few people under her to the show.

“Do you still want a salary? You are not yet eighteen years old. We hired you and gave you a few hundred dollars. It’s not bad. How dare you bring someone to ask us to ask for it again?”

“That is, we have paid all. The salary is given to you according to the contract, and when you came, we agreed.”

The assistant next to him also echoed.

The corners of Huo Yin’s eyes twitched, and he lost his face to look any longer, and silently turned his head to look to the other side.

The change in this plot was actually confirmed by Mo Yan after he sent a message to communicate with him later, because in her opinion, if Huo Yin really came to work here and was discovered, it would involve minors.

Otherwise, it will cause real trouble in the future.

When Cen Yuanan heard it, he was really angry.

Her pretty face was ashen, with black and white eyes, she glared at these people without any fear: "What you said is really funny, so you are hitting on him as a minor?"

"What did you say? "

I'm wrong? I know he's not an adult yet, but I still sign a contract with him. I'll tell you what this is called in law? It's called deception, you won't give it, right? Okay, let's go directly to the labor bureau for a walk. Just go ."

"You—"

Mo Yan was so angry that her face turned green on the spot.

What's the matter with this young master? How did you get such a troublesome person? How to do it now?

Mo Yan looked at their little ancestor.

Then, she saw the little ancestor standing there and said lightly: "Don't be so troublesome, just give the money."

## Returning from the Dead His Secret Lover Chapter 1776

He is very happy

Mo Yan: "..."

Cen Yu'an: "..."

In the end, the money was just returned.

After the two left, the people who stayed in the office looked at their backs, and an assistant suddenly asked, "Manager Mo, what's going on with this young master? Why do I look a little weird?"

Weird?

Mo Yan suddenly seemed to be reminded of something.

She immediately went to the window and looked at the two people who had already gone down. She never thought that she would see the girl riding a moped upstairs at a glance, and the little ancestor of their family was behind her.

Mo Yan: "..."

So, does this young master fall in love with this girl?

That's a good thing. In this case, he shouldn't have any mind to take care of them. The boys and girls in love just think about the romance all day long?

The woman smiled...

—

Downstairs.

Shen Shanshan also saw the girl carrying Huo Yin away again.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

She walked under the building, raised her head and glanced at it, and after a while, she still went in and went directly to the office building.

"Hello, who are you...?"

"I'm sorry, I just came to have a look, I'm a big T."

Shen Shanshan didn't reveal her identity, but after she came up, she observed it for herself.

Huo Yin came to school at T University, and Huo Sijue didn't tell the people of the company so much. However, there are family members of God in the school, and they didn't know about it.

Shen Shanshan checked this floor carefully for several times. She originally wanted to see if Cen Yuan would leave anything here, but unexpectedly, when she passed this office building for the second time, she heard the discussion inside. .

"Manager Mo, in that case, young master Huo Yin really likes the girl just now?"

"It should be, look at him, a pampered man, who would actually follow her on that kind of transportation. , and also, when she was protecting him here just now, I could see this young master looking very happy."

"Really?"

The people inside immediately exclaimed.

And Shen Shanshan also stopped.

maintain?

Was Cen Yuan'an protecting him here just now? If so, can it rule out the possibility that she is a dangerous person?

She breathed a sigh of relief.

Going downstairs.

At this time, the voice inside came out again.

"Then do we need to contact the seller again? Huo Yin is already infatuated with women, shouldn't he have time for us? He doesn't let us sign the contract, and we have suffered a heavy loss."

"I also think it is..."

Several people are echoing.

Shen Shanshan stopped. After a while, she stood there and heard a woman's cold voice: "Okay, then contact the seller. As for the contract, just find Xiao Cheng."

"Director Xiao?"

"Well, didn't Huo Yin say that he is the person in charge of this project? Then let's go to Xiao Cheng directly. He is the director of the operation department. If he signs it, Huo Yin is not qualified to stop him."

This is Mo Yan. The woman, finally said insidiously.

Shen Shanshan left.

She went back to school and was going to find Huo Yin immediately.

But when she arrived at the Finance Department, someone told her that Huo Yin never came back, including Cen Yu'an.

Shen Shanshan's face was not very good-looking.

When I saw this boy again, it was the next Saturday. Originally, there were no classes on that day, but Shen Shanshan knew that this boy would also go to the library, so he also brought a bento and rode a bicycle to find him.

As a result, when she got to the library, she didn't see anyone at all.

"Little aunt, Huo Yin is working at Cen Yu'an's side."

Suddenly, Ning Xiner came over, she ran to Shen Shanshan and complained angrily.

work to earn a living?

Shen Shanshan was shocked.

Why is this guy working? He holds their Huo's projects in his own hands, is he busy?

Shen Shanshan couldn't understand this kind of behavior at all, and what she was more worried about was that this simple young man was more deceived than others. She had heard of his past events in Shen's house.

At that time, I heard that he thought that his friend almost had a big accident.

Shen Shanshan hurriedly went outside the school to look for this guy.

Really, when she arrived at the milk tea shop where Cen Yuan worked, she saw two people wearing aprons standing behind the counter at a glance. At this moment, Cen Yuan was teaching the boy how to make milk tea.

"Don't worry, this milk tea needs to be shaken to make it taste better." The

girl was actually very patient.

After she stood beside the boy and told him what to do, she was very considerate and put some berries she had prepared in his cup, and told him to shake it.

Shen Shanshan froze for a moment.

She didn't move forward anymore, because she suddenly saw that this young man's expression was so relaxed.

He was like the iceberg that finally began to show signs of being melted. Although his facial features were still tense, he saw a particularly dazzling light in the corners of his mouth and in those beautiful dark pupils.

Even she couldn't bear to bother anymore.

"Did you...do this every day?"

"Yeah, it will come on weekends, with a salary of 100 yuan a day, and drinking milk tea, isn't it worth it?"

## Returning from the Dead His Secret Lover Chapter 1777

Huo Yin, can we not fall in love first?

Gen Yuan raised his head and looked at the young man.

Her expression is also bright at this time, no one is born to like a cold face, sometimes it is because of emotions, sometimes it may be because of life.

Have fun every day.

who does not like?

Shen Shanshan finally went back, she cooked a sumptuous meal in the apartment, and then quietly waited for the boy to come back.

It was about nine o'clock. Finally, Huo Yin was sent back.

His feet were much better, but after Shen Shanshan heard the sound, she immediately opened the door and went down to pick him up.

"Little aunt?"

Huo Yin was a little surprised. It was so late that little aunt was still here.

God Shanshan smiled.

"Well, I've prepared a meal for you. I'll eat it when you come back. I'm tired today. I heard from your classmates, today you went to experience life, how do you feel?"

This is really a very smart girl, In order not to embarrass the young man, she actually thought of such a rhetoric.

Huo Yin's ears turned slightly red.

"Well, it's alright."

“What do you do?”

“Make milk tea, little aunt, I learned it. If you want to drink it, I can make it for you.” He raised his head, a pair that was as bright as the stars. Ordinarily beautiful eyes, look at the god Shanshan is shaking.

Can she say he is filial?

The first time I learned something from others, I thought of honoring her.

Shen Shanshan also became very happy.

“Okay, if you have time, you can make it for me. You won’t need it tonight if you’re too tired, but Huo Yin, if you make milk tea? What about the company in your hands? Don’t you care?”

She finally asked this.

But soon, she found that as soon as she asked this question, the young man in front of him immediately restrained his relaxed attitude and returned to his usual cold and unsmiling appearance.

“Of course not, the contract will be signed in a few days.”

“How many days?”

Shen Shanshan felt anxious when she remembered what she overheard his subordinates yesterday.

“Why do it take a few more days? Since you’ve already taken a fancy to it, why don’t you sign it first?”

“The seller has to start with a price of 20 million yuan. I’ll let him go.” Huo Yin didn’t hide it. This aunt, said all of this in 1510.

The voice fell, and Shen Shanshan, who was also extremely smart here, understood.

So, those people should just want 20 million, are they so rampant? This young man is the young master of the Huo Group, how dare they do this under his nose?

God Shanshan a fire rose up.

She didn’t talk to the boy so much, but after eating, she took out her mobile phone on the way back: “Hello, I want to check the phone number of Room 1106 in Jinmao Building.”

“Okay, please. Wait a minute...”

“...”

After more than ten seconds, a phone number was sent to her mobile phone.

Seeing this, she dialed the phone number again.

“Hello?”

“I want to remind you that the amount of 20 million is enough for you to be sentenced to life imprisonment. If you think the prison meal is delicious, I don’t mind sending you in.”

Walking in the dark with an umbrella The girl is like a ghost wandering in this dark night. She took the phone and said coldly, word by word, in just a few seconds, the soul of the other party will be blown up.

Who is this?

Mo Yan, who answered the phone, turned pale in shock, and immediately looked at the phone screen.

However, it is very strange that this screen shows an unknown incoming call! !

Unknown caller?

What concept is this? Especially when the other party is clearly holding an ordinary mobile phone.

Therefore, some talents are really inherited. Even if this girl is unwilling to admit that she is a descendant of the Lan family, the genes in her bones have been inherited perfectly.

And this, when she found out Cen Yu’an’s true identity by herself, made people even more compelled to believe it.

---

“Yinyin, can my little aunt make a request to you?” On

Monday morning, when Shen Shanshan came to the apartment with breakfast, she hesitated for a while while helping him tidy up in the boy’s bedroom. Finally said something.

Huo Yin would be brushing his teeth in the bathroom. Hearing this, he stuck his head out and looked at the aunt quietly while brushing his teeth.

He was really relaxed in front of her.

It was as if he was at home, and he could be seen in various ways without any scruples.

Shen Shanshan: "...that is, I heard that you are in love with a girl, right? Yinyin, we are here to study, can we not talk about this in a hurry and go to school first?

" Cough..."

Huo Yin finally coughed violently with his mouth full of toothpaste bubbles.

fall in love?

What is the little aunt thinking? How could he be in love?

The boy's white face was almost dripping with blood, and after finally calming down, he rinsed his mouth and hurriedly denied it.

"Little aunt, I didn't."

"No? Then you and that Cen Yu'an..."

"I have nothing to do with her, just... I think some things are very new to her. I've never been in contact with her before. It's very interesting. Little aunt, why do you think so?"  
The

calm boy expressed his truest thoughts in his heart. When he came out, at the same time, he looked a little dazed at this little aunt.

It's like I don't understand why she thinks of herself so much?

## Returning from the Dead His Secret Lover Chapter 1778

Cen Yu'an's Secret

In the end, Shen Shanshan was a little embarrassed to see such eyes.

She actually asked about this, purely because after she found out Cen Yu'an's identity, she was worried that if the two were really in love, he would be hurt in the future.

He is not an ordinary person and can't bear so many blows.

Shen Shanshan's heart fell temporarily.

Back at school, after she personally sent the boy to the finance department, she went to class herself.

At twelve o'clock, the get out of class was finally over. Shen Shanshan took the meal card and umbrella. After she came out of the classroom, she did not go to the cafeteria, but came to the Finance Department again.

"Sister, are you here to find Huo Yin? He has already gone to dinner." Once

here, everyone knew her because of the frequent visits. As soon as they saw her, they took the initiative to tell her that Huo Yin had already come here. Not in the classroom building.

But this time, Shen Shanshan didn't come to Huo Yin.

"Sister Yu'an, is class over? Do you want to go to the cafeteria together?"

"Ah?"

Cen Yu'an, who had just run out of the staircase, was stunned for a moment when he saw the senior who called him.

Take her to the cafeteria?

Isn't she Huo Yin's little aunt? How did you date her? Don't you want to go with Huo Yin?

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

Cen Yuan came over with full of doubts: "Class is over, but, senior, didn't you come to see Huo Yin? He should be in the classroom. I just went to the student union for something and ran away, otherwise I'll call him for you. ?"

She was still very enthusiastic.

Shen Shanshan shook her head hurriedly.

"No, he's already gone to the cafeteria. I saw you and wanted to go there with you. Have you eaten yet?"

“Oh, no.”

Cen Yuan finally understood, and suddenly felt relieved.

She actually didn't know why, ever since she knew that she was that guy's little aunt, she always felt a little nervous when she saw her.

Fortunately, she just dropped by.

Cen Yu'an carried a schoolbag on his back, and walked with this senior sister a little restrained all the way.

“Junior Yu'an, where are you from? I heard Yinyin say that day that you helped him get his salary back. You are really amazing.”

“No, no.” Cen Yuan was praised even more. The little face turned red.

“I only helped him a little, that is, I used to look for a job outside often, and I have experience, and then I can help him this time.”

She hurriedly explained.

However, she didn't know that Huo Yin actually didn't tell the girl next to her about this matter. She guessed everything based on his clues.

“Really? Then where are you from? You often go out to find a job because it's more difficult at home?”

Sure enough, as soon as Cen Yuan's voice fell, Shen Shanshan next to him immediately asked, as if she had just in other words, she just said it on purpose to confuse her.

Why does Cen Yuan think so much?

“Yes, my family is from Xixiang. My father died early, and only my mother and I depended on each other. Over the years, it has been very difficult for her to provide me with education. I thought of reducing her burden after college. “

She gave a detailed introduction to the situation at home, but she did not hide it because the conditions at home were not good, but was very generous.

After Shen Shanshan heard this, she immediately showed a trace of admiration.

“You're amazing. You've relieved the family's burden just after you went to college. By the way, why did your father pass away so early? Was it because of illness?”

“No, my dad had an accident with my brother.” Speaking of this, the girl finally showed a hint of sadness and gloom on her pretty face.

It was as if the bright light suddenly dimmed.

An accident with her brother?

In that case, it’s two lives...

Shen Shanshan didn’t speak anymore. At this moment, she walked forward, holding the sunshade with both hands, but even her knuckles were slightly white.

“My brother was kidnapped when he was a child. At that time, the sky of our house was about to collapse. Later, my father kept looking outside, and my mother took me at home. But unfortunately, my father did not find my brother. , and finally took her own life.”

Cen Yu’an didn’t pay attention to the change in the face of the senior next to her, she continued to speak.

For her family, this history is actually a bloody scar. After so many years, their mother and daughter have dared to mention it, but she Cen Yu’an can’t even think about it.

Therefore, she can only work hard and study hard now, hoping to find a good job after graduation in the future.

And then had a little better life with her mother.

“Then... do you hate the person who kidnapped your brother?”

Suddenly, walking away from the girl next to her, she heard her ask softly.

As soon as Cen Yuan heard it, a strong hatred surged up in his eyes: “Of course, this is why I choose to study law, because I think that if I find that beast one day, I will definitely send them to prison! “

Shen Shanshan: “...”

Later, until the cafeteria, the two did not communicate anymore.

## Returning from the Dead His Secret Lover Chapter 1779

### Cohabitation

Huo Yin had already gone back. This time, Shen Tianhao brought him here. After eating, the two went back to the apartment. At noon that day, Huo Yin was going to have a video conference with Mo Yan and the others.

Shen Tianhao specially accompanied him back.

After Shen Shanshan finished eating, she returned to the dormitory in a daze. After lying down, she was full of this matter.

That's right, Cen Yu'an is actually Tong Hui's sister.

After recalling the list she had seen that day, she went to the Xixiang police station and asked for a list of all the children who had disappeared in those years.

Then, based on her strong memory, she matched Tong Hui from that list.

Tong Hui, he didn't call him this name back then, his name was Cen Shengshi, their Cen family should be the first of a scholarly family, and their sons and daughters are all very good at getting names.

When you give peace and prosperity...

when you give you peace, you must be the queen of peace and prosperity.

It's a pity that this family was finally destroyed because of that maddened devil, and Sheng Shi is no longer there. Then this Yu'an, she can still be the same as her parents gave her this name, will she accept this matter calmly and calmly?

Shen Shanshan dare not think about it.

However, after lying in the dormitory for an afternoon this afternoon, by the evening, she still made a decision.

"Yinyin, I thought about it carefully. If you are always in charge of the company, you still want me to stay by your side. Tianhao is too careless and can't take care of many things. So, I plan to move to your apartment as well. Go live, what do you think?"

Shen Shanshan called the boy.

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

A little nervous and a little red at the roots of my ears.

After all, she was only in her early twenties, and she was still a very young girl.

Fortunately, Huo Yin, who has always trusted her very much, quickly agreed: "Okay, when will you move? Do you want me to help?"

He actually sounded a little happy.

Immediately, the burden in Shen Shanshan's heart was relieved.

"Then... well, come over and help me move it, don't worry, I will tell your father and mother about this."

"Needless to say, just move here."

Huo Yin lightly refused.

Soon, after class, he went out with his schoolbag on his back.

Just at this time, Cen Yuan came over. After seeing him, she remembered that if he had any work in the future, he could ask him to go with him, so she called out, "Huo Yin, where are you going?"

"?"

Huo Yin stopped Down, turned to look at her.

"Is something wrong?" "...No, didn't you say before that you wanted to go to work-study with me? I just found a job as a tutor. Would you like to go with me?" a moment.

As a result, after she finished speaking, the boy's eyes would light up as long as he heard that she had these novelties two days ago. Today, he didn't respond.

"Don't go."

"Huh?"

The girl who was waiting was a little unresponsive when she replied with these neat and tidy words.

But when she woke up, the boy in front of her had already gone far.

If you don't go, don't go, what are you pulling?

She won't call him next time!

The girl with good intentions was also a little annoyed after being poured down by a basin of cold water. After stomping her feet, she soon left here too.

Huo Yin went to the Department of Commerce and Industry.

For those girls who had never seen him before, when they saw that Shen Shanshan's nephew was such a beautiful young man, the whole dormitory was boiling, making Shen Shanshan afraid of scaring him.

But the fact is that Huo Yin completely ignored them.

This boy with a flawed personality once again brought his mind different from normal people to the extreme in front of these people. What he didn't like, disgusted...

was completely isolated from his world by him.

The aunt and nephew moved some simple things to the apartment, and Shen Shanshan went shopping non-stop.

"Yinyin, don't move it here. I'll clean up when I come back. I'll go buy food and cook first. If you have something to do, I'll do your job first."

"Okay."

Huo Yin agreed again obediently.

Afterwards, until Shen Shanshan came back with the groceries and cooked the food, this guy was still sitting in his room busy with his work.

This model seems to be correct.

"Yinyin, I've eaten, let's do it later."

"Well..."

Huo Yin agreed and came out.

Just right, Shen Tianhao, who was playing basketball outside, also came back with sweat all over his body. When he saw that his sister was actually here, he even cooked a table full of hearty meals. He croaked and said, "Sister, are you too partial? How come you've never cooked

such a delicious meal for me?”

.

As soon as Shen Shanshan saw it, he came over and slapped his hand away.

“Go wash your hands, it’s so dirty, how can people eat?”

“Oh.”

“Yinyin, have you washed your hands? After washing, come out to eat.”

“Okay...”

“...” The

atmosphere was warm and everyone got along very happily.

At this moment, Shen Shanshan’s heart finally fell, and she slept well in the new room that night.

## **Returning from the Dead His Secret Lover Chapter 1780**

White Rose and Red Rose

In the next period of time, it seemed that this matter had settled down, thinking that after Shen Shanshan lived in the apartment, she would come to the Finance Department to pick up Huo Yin every day on the grounds that she wanted to go back together.

That Cen Yuan, naturally, had no chance to approach him.

It’s been fine for a few months.

Until that day, the building that Huo Yin bought was finally about to be developed. He was going to go to the site to see how to plan it. Near the building, he actually met Cen Yu’an who came out of it.

“Huo Yin, why are you here again?”

She stopped him first.

After a few months without much contact, the girl lost some weight. After seeing Huo Yin, she held a document bag in her hand, and her face was also full of exhaustion.

Huo Yin stopped.

He must be here for this building, so what is she going to do? How do you get out of it?

He stared at the file bag in her hand.

“I’m going to hand out flyers. This building is about to be redeveloped. The tenants here are going to move out. The agency I found is now desperately advertising the rent and sale of the people inside.”

She explained , and the exhaustion in his voice could not be concealed.

Huo Yin frowned.

In that instant, when he saw how she looked like being beaten by frost, the indefatigable attitude she had always used to emerge in his mind, and he blurted out: “Then don’t do it, follow me.”

This chapter is provided by [naijdate.com](http://naijdate.com). Visit [naijdate.com](http://naijdate.com) for daily update.

“Huh? “

Cen Yuan’s eyes suddenly widened.

follow him?

Did she hear it wrong?

Cen Yu’an felt that this guy was probably out of his mind again, maybe because she didn’t spur him on in the past few months.

However, half an hour later.

“Manager Huo, the plan has come out, you can take a look.”

“Manager Huo, the construction team has also negotiated it, and it can start in a few days.”

“Manager Huo...”

“ ... ”

The office with bright windows and clean windows Inside, Cen Yu'an stared dumbfounded as these people kept coming in and out of the office, reporting work to this guy.

Shocked!

What has he done these past few months? To be able to sit in such a position in one fell swoop, did he hang up?

Cen Yu'an's eyes were about to fall out.

It wasn't until after those people finished reporting, they all went out, and she immediately walked to the boy's desk.

"What's the matter? Are you... a manager now?" To

be honest, she was a little jealous.

Because, she has never found such a good job, decent and high salary, how did this guy do it?

"Well, but you don't have to think so much, it's just an assistant. I'm working for the boss who bought this building, just a small clerk."

What a smart person Huo Yin is.

At a glance, he could see the envy and frustration in the girl's eyes, so he explained calmly.

Sure enough, when the voice fell, the girl's expression softened.

"So that's the case, then you are really lucky. I heard that the person who bought this building is the famous Huo Group. This company, many people in our finance department dream of after graduation is to think Go to it."

"Really?"

"Yeah, such a big company is the ceiling."

When Cen Yuan said this, there was another undisguised desire in his eyes.

Huo Yin: "..."

Sitting in the chair for a few seconds, he said again: "Then you can stay with me."

Cen Yu'an: "What?"

Huo Yin: "I'm already here Mr. Huo, if you perform well this time, you can sign a formal contract, and you can sign it together as my assistant."

Huo Yin never imagined that one day he would panic and even lose his eyelids. Blink.

So, Cen Yu'an finally agreed happily.

The two had been busy in the building all day. In the evening, Shen Shanshan called and asked Huo Yin when he would go back? Huo Yin opened his mouth and said, "He and Cen Yu'an came back after finishing their work."

Shen Shanshan: "..."

It was as if she was stung again by something, and her nerves just relaxed were tense again. .

Why is this Cen Yu'an staying with Yin Yin again?

Shen Shanshan had a headache, especially when she saw the two coming back at night, and it was Cen Yuan who rode a moped back with Huo Yin, and went directly to the downstairs of the apartment.

"Okay, it's already here, then you can go up."

Cen Yuan was still quite measured, and didn't plan to go to someone else's house.

But after Huo Yin got down, he glanced at the watch on his wrist, but gave another order: "Together, things haven't been done yet, eat and continue."

Then he went up on his own.

Cen Yu'an: "..."

Shen Shanshan upstairs: "..."

In the end, Cen Yu'an stayed in the apartment for dinner.

And when the two of them finished eating, they went down to Huo Yin's room under Shen Shanshan's eyelids, a desk, and the two of them worked face to face like this.

The annoyance in Shen Shanshan's chest made her breathless.

Not looking any further, after she tidied up the kitchen, she went out, wearing a pair of headphones, and wearing that spacious home uniform, walking aimlessly in the garden of the upstairs community.
