

Returning from the Dead His Secret Lover Chapter 1921

The young masters of the rich are pitiful

“Then what?”

“Then...” Just like that, her little face in the dim light turned even redder.

“Your mommy and your daddy... It seems that there is no problem, Yinyin, I know everything about you. I’m really sorry. I didn’t expect my mother to do such a thing to you.”

Suddenly, Her voice was low on the phone, and she could faintly hear a deep choked sob of guilt.

Huo Yin: “...”

What is she talking about?

What did his mother do to him again?

The young man’s memory has not recovered, and he can’t remember what happened at that time.

However, when he heard that she was sad, he said subconsciously: “It’s okay, I won’t take it to heart.”

Lan Shanshan: “...”

In an instant, something seemed to hit her heart heavily on her chest. , the tears in the eye sockets could no longer be held back, and just fell down.

“Yinyin...”

“...Is it your mother who disagrees?” Huo Yin listened to her cry, and squeezed his pale fingers tightly. Finally, he heard his pale face and asked. sentence.

But the voice fell, and the girl inside immediately shook her head.

“No, Yinyin, don’t think so much, I’ll let her agree. Originally, I didn’t want to take care of her, but your mom said that only if she agrees, the two of us will be happy, so, I decided to talk to her.”

“...Okay.”

In the end, the boy could only return to this word on the phone.

How can he be?

He doesn't know the outcome of the matter now, nor the process. Even if he wants to dispatch himself, it is not the best choice, and it may destroy the girl's plan.

So, all he can do is wait.

But one thing he was sure of was that what happened to them in the living room that day was real, not a dream.

Huo Yin finally got a good night's sleep that night.

the next day.

When he got up, Sixteen had already made breakfast outside, and Ruoruo also got up and was feeding the little lotus downstairs.

"Brother, are you up? Wow, you finally look better. Did you sleep well last night?"

The little girl in a little pink pajamas saw that her brother finally looked much better this morning. , she was also very happy.

Huo Yin turned his head a little unnaturally and looked to the other side.

"Aren't you going to change your clothes? You're leaving later."

"Oh, right now."

Ruoruo ran back.

After a while, the three finished breakfast and set off for school.

"By the way, have you read the news this morning?"

When Huo Yin was about to pick up the car when he arrived downstairs, suddenly, Lu Jin asked next to him.

news?

Huo Yin frowned slightly and looked at him: "What news?"

Lu Jin raised his eyebrows: "Gossip, it is said that because of the Lan family incident, news came from the White House yesterday, it seems to want your Shen family to follow the Lan family. Marriage, I don't know if it's real or fake?"

“ ”
... ”

Almost immediately, he took out his mobile phone from his pocket and turned on the screen.

During this time, she didn't actually go to see these things. He was not keen at all. In addition to going to school, he had to take care of the Huo Group on weekends.

But, about the news on the Internet, he really doesn't pay attention.

However, he saw that as soon as this webpage was opened, he searched for domestic news, and it was true that he saw the news of the Lan family at a glance. It may be that the disturbances were fiercer two days ago, and the popularity hadn't been pushed yet.

“Suicide?”

He looked at those harsh words, and in just a few seconds, his expression became quite ugly.

But soon, as he continued to flip, he saw the follow-up development of this incident. It turned out that someone posted on the Internet in person, saying that this incident had nothing to do with their family of gods.

Nothing to do with his mom.

[The person who made this statement seems to be Miss Lan's family. She so firmly denied that his mother's accident had nothing to do with the Shen family. That should be true, right?]

[It should be, in fact, it's a bit rhythmic. Now this Miss Lan family is sensitive, so many people in the capital want to climb Wangjiaolou, and it's normal to deliberately drag the Shen family into it.]

[Yeah, as long as the relationship between the two of them is broken down, it will be easier for the Lan family to cling to each other in the future.]

[...]

With the release of this statement, many people began to point out that the direction of public opinion was not directed at the God family, but had to analyze the matter theoretically.

This statement, however, is very standard and very timely.

Huo Yin sighed in relief.

Continuing to look down, I found that most of them were analysis of those noble families in the capital. They agreed that the reason why the Lan family has become the sweet pastry that everyone wants to get.

It was because they saw that they could rise to several levels at once by virtue of their status.

There is no real power, but it can also make a lot of profits.

And along with this analysis, the Shen family, which is now the first family in the capital, has naturally become the object of their rejection. Through those Weibo, it can be felt that the entire capital is afraid that the Shen family will have a relationship with the Lan family.

Until this morning, there was a gossip that these two really want to get married!

Returning from the Dead His Secret Lover Chapter 1922

Mommy, can you calm down first?

【are you crazy? They are still married, so why not let people live? This Shen family is already a powerful family, and if they marry the Lan family, they will be invincible in the world! 】

【No, who came up with this idea? 】

[...]

Everyone is outraged and strongly opposed to this matter.

However, not long after, another news came, saying that this matter was brought up by the old man of the Shen family who personally went to the White House to find the person in power. He very strongly asked the Lan family to become his in-law family.

dying!

The entire network is about to go down.

Huo Yin also watched for a long time and his mind was buzzing.

He doesn't know if this is true? But based on what he knew about their old man, he shouldn't have done such a thing. Besides, with the current power of the Shen family, there is no need to forcibly bind the Lan family.

Huo Yin went to school with an uneasy heart.

When this incident broke out, he was finishing his class and taking notes in the classroom, when suddenly a group of students came to watch him outside the classroom.

"Look, isn't that the young master of the Shen family?"

"Yeah, it's him, I really didn't expect that he was going to marry the exchange student from the Department of Finance and Accounting. Wasn't they aunt and nephew in the beginning? "

No, didn't you see the statement issued by their domestic official unit? That exchange student is the descendant of the Lan family, the Lan family, but their country's great leader family."

"..." The

students were talking outside. .

They stared at Huo Yin inside, expressing both shock and sympathy.

A few classmates who usually said a few words to Huo Yin, or came to ask him questions, couldn't help but came in and walked in front of him.

"Huo, I heard that you were forced to marry that exchange student soon?"

"..."

"Huo, you are so sad, as a family member like yours, are you unable to control such important life events ? Look, your girlfriend hasn't appeared in this period of time, hey."

"Yes, I just remembered this question, that girl named Lian Xiling, then, Huo, you are really pitiful. "

In just a few minutes, everyone surrounded Huo Yin and felt sorry. They looked at him with sympathy and began to comfort him.

Huo Yin: "..."

After staring at them for a while, he heard him ask: "Where did you know this news?"

Classmate A: "Oh my God, he doesn't know it yet, it's too pitiful." Classmate

B: "Yeah, how can his parents do this? Huo, you are so sympathetic. Since you don't know, don't go to see it, right?"

All red.

Huo Yin is about to explode.

Immediately took out his mobile phone, and as soon as he put away the textbook on the table, he pushed these guys away and ran quickly.

Everyone: "..."

Forgot, Huo has been stimulated like this, do you want to go look at him? What if you do something stupid?

——Huo

Yin finally found out about it.

However, he didn't know about it by watching the news on the Internet, but through a sudden call from Mommy.

"Yinyin, have you seen the news? Did Mommy do it beautifully?"

"..."

The boy who was rolling in his head like a turbulent wave, was so complicated that he couldn't reply to his mommy. .

"What's the matter? Why don't you speak? Are you out of joy?" Wen Xuxu heard on the phone that the son had been silent, and immediately laughed again.

"..."

"Mummy, before you do this kind of thing in the future, can you discuss it with me?"

Finally, Huo Yin spoke, with a life of helplessness and lingering fears.

Wen Xuxu smiled.

“Okay, Mommy remembered, are you satisfied with this arrangement now? I came up with this idea from your great grandfather, Yinyin, great grandfather, he is always a person from that era, It’s normal to have a bit of feudal thinking. Besides, he has been powerful all his life, and he always saves face, so this situation is the best.”

After she calmed down, she explained the matter to her son and finally ended in this way way to announce the reason.

She really did her best, for these two little guys.

Huo Yin nodded quickly over there.

“Well, I know, thank you Mommy.”

“You don’t have to be so polite, but I still need to ask your opinion about the next thing. Now the White House has announced this matter. When you are only 19 years old, if it’s an engagement...”

“Does she agree?”

Before Wen Xuxu finished speaking, the son on the phone immediately asked urgently.

Wen Xuxu was stunned.

“Why don’t you agree? Let me tell you, with this result, Shanshan has contributed a lot, and we have always respected her. After we told her last night, we waited for the news from her side in the morning. Dare to let your great-grandfather go to the White House.”

Wen Xuxu explained again with a smile.

That’s right, this morning’s statement, they did wait until Lan Shanshan said that Zhou Xiuying had agreed, and then they asked Shenzongyu to go to the White House to find someone.

That girl is really capable.

“Son, how is it? Do you want to get engaged first? Let me tell you, when your great-grandfather came back from the White House in the morning, he was so excited that he had already made a lot of posts in the study, and he wanted to give it to his comrades and let them drink it. Wedding wine.”

“...”

“Also, your grandfather, your uncle Qiao and the others have all come to ask about this matter, and when the date is set, so that they can come to participate, oh yes, your grandfather has called Come here.”

“Mummy, can you calm down first? You haven’t asked her?”

Huo Yin finally interjected weakly on the phone.

Wen Xuxu: “...”

After a long while, she finally realized: “You are right, why did I forget? Okay, then it’s fine to find your daughter-in-law for this matter, and you go to school there obediently. Right .”

Then, she actually hung up the phone with a “pop”.

Leaving Huo Yin on the other side of the phone is a messy forehead with blue veins jumping in the wind...

Who is engaged?

He is the son, the son! ! !
