

## Secret Love 2071

### Chapter 2071: What screw did his head lose?

“Why the heck did they start fighting all of a sudden?”

...

Ye Wanwan also really wanted to know.

She frowned as she wondered: *Asura and the Nie family started fighting?*

*Why?!*

Immediately, a man's figure surfaced in Ye Wanwan's mind.

*Nameless Nie...*

*Don't tell me my extremely unreliable brother went off and caused trouble again, provoking Asura this time?*

However, after some careful consideration, Ye Wanwan realized that with his explosive temper, Nameless Nie would've charged into Asura's headquarters and started fighting with them on the spot if he got into a dispute with them. Nameless Nie would resolve all conflicts and enmities immediately and wouldn't drag it out and involve the entire Nie family.

“Asura was too irrational this time. They can provoke anyone but they just had to provoke the Nie family.”

“That's right, amongst the four great clans, the prickliest rose is the Shen family and the second is the Nie family. Especially since the Nie family has Nameless Nie. Nameless Nie's name was placed alongside Piece of Sh\*t's back then. People said only the Eldest Young Master of the Nie family could prove a match for Piece of Sh\*t in the entire Independent State. Why did Asura provoke someone like this?”

“Indeed! Eldest Young Master Nie was once called Undefeated Fighter in the Independent State!”

“That's the past. The current Eldest Young Master Nie swindles people all day long and values money more than his life. I think that if the Nie family is about to be annihilated, he'd only think about how he could grab some money from the Nie residence and escape...”

Ye Wanwan felt her head swelling while listening to them. Did they have some misunderstanding about Nameless Nie? Did they really know Nameless Nie...?

Her real brother was strong indeed, but his brain was lacking, and he was predisposed to killing himself with stupidity. If they depended on him to defend the Nie family, the Nie family would've been destroyed long ago.

Soon, Ye Wanwan walked toward the group.

“Classmate, were you serious about what you said? Is the information accurate?”

Ye Wanwan's approaching terrifying face caused that mercenary to jump in fright. He quickly recognized the newcomer to be the most sought-after celebrity at Scarlet Flames Academy lately. "Ye Wanwan... it's you! Of course this info is accurate! Anyway, it's such a big commotion, so you couldn't hide it even if you wanted to. Everyone will definitely hear about it soon!"

Based on his tone, he should be telling the truth. However, no way could she believe that Si Yehan started fighting with the Nie family for some reason.

Ye Wanwan couldn't figure out what screw was lost in Si Yehan's head. They still hadn't married, yet he was acting so insolently toward his in-laws already?

She immediately called Nameless Nie.

"For mercenary missions, please press 1."

"For other missions, please press 2."

"To hire Nameless Nie himself, the fee is doubled. To hire the team under Nameless Nie, the pay is also doubled."

"If you don't have money, please hang up. Thank you for your cooperation."

Ye Wanwan: "..."

Freaking! What kind of weird voicemail message was this?

Nameless Nie still didn't pick up his phone after half a day, and Ye Wanwan couldn't stand the awful message anymore, so she could only give up.

...

At the same time, at the Nie residence:

Members of Asura flooded the outside of the Nie residence, standing off with the Nie family guards.

The man stood outside the gates, one with the darkness. His bone-chilling gaze contained irrepressible bestial instincts, as though he wanted to swallow everything into his stomach and rip and smash everything apart.

The experts who normally guarded the Nie residence appeared from their hiding spots, and a dozen or so elderly men with heads of white hair walked out from somewhere. They all stood in front of the Nie residence.

## **Chapter 2072: She can only be his**

These elderly men weren't young but their spirit and energy were shockingly vibrant.

"Junior, leave this place."

An elderly man's apathetic gaze landed on Si Yehan. His voice wasn't loud but sent piercing pain into his listeners' eardrums.

“Scram,” calmly responded a middle-aged man standing behind Si Yehan, dressed in plain clothes.

“That’s... one of the Four Asuras in Asura, Heavenly Asura?”

Many factions had rushed to the Nie residence’s vicinity upon hearing the news. Several people were startled when they saw the middle-aged man who spoke.

Everyone knew Emperor Ji’s group had the Eight Gods while Asura’s group had the Four Asuras.

Just like how Emperor Ji’s Eight Gods represented the strongest fighters, Asura’s Four Asuras were the same and represented Asura’s top fighters.

Furthermore, the Four Asuras were very mysterious and rarely operated outside, only appearing when Asura launched a true, epic battle.

“D\*mn! Asura’s Four Asuras were dispatched!”

“Freaking! It isn’t just Asura’s Four Asuras! Those old men are the Nie family’s cabinet elders, their true top-notch fighters! Even a powerful freak like Eldest Young Master Nie has to address them as teachers!”

Soon, more and more factions arrived.

Two of the four great clans had arrived: the Shen family and the Ji family.

Eldest Young Master Shen looked at the front then looked around him before turning to his family’s elders and asking, “Can this matter be resolved with money?”

One of the Shen family elders mulled over it before shaking his head and replying, “I’m afraid it can’t. The Nie family has dispatched their cabinet elders while Asura has dispatched the Four Asuras. This is equivalent to these two great factions waging the largest-scale war. I’m afraid money can’t easily resolve it.”

Eldest Young Master Shen was startled. “D\*mn, why did we come here then? Our Shen family... has nothing but money!”

As for the Ji family, a large group also came but only lingered on the perimeters without any plans to involve themselves fully. They seemed to be observing the situation.

Amongst the four great clans, the Nie family and the Ji family had the best relationship, nearly to the point of sharing everything. Hence, the Ji Estate naturally wouldn’t stand by and do nothing if the Nie family engaged in the largest-scale war.

Right now, veins popped from Si Yehan’s forehead and dark shadows hung under his eyelashes.

He staked everything in one throw and believed her, only to obtain this kind of result.

She still recovered her memories in the end, returned to her original identity and even reunited with her and Ji Xiuran’s child, leaving him behind, leaving him to guard those promises and memories by himself, leaving him where she left him.

*I said it before...*

*I said it before that...*

*She's the only one.*

*She can only be mine.*

Yet, she violated his last bottom line, pushed his emotions into an abyss and crushed his last thread of reason.

“Kill.” Si Yehan’s low and hoarse voice was akin to the roar of a primitive beast, sending people shaking with fear.

The current Si Yehan didn’t possess any rationality anymore.

“How audacious!”

Suddenly, Patriarch Nie and Madam Nie slowly walked outside the Nie residence.

Nameless Nie, Feng Xuanyi, Spray of Flowers, Iceberg Man, and Little Sweetie were standing behind the duo.

“Who dares to provoke the Nie family?!”

A large group from the Fearless Alliance arrived on the scene with the elders in lead. Countless hall masters and higher-ups were also present.

Was Asura serious? Their President Fearless was a daughter of the Nie family. Asura making trouble with the Nie family was no different to them than making trouble with the Fearless Alliance.

Moreover, the Nie family had a thick thigh, so they weren’t afraid of offending Asura.

### **Chapter 2073: Pissed him off**

The black-suited Lord Asura coldly swept his eyes across everyone. His torrential aura was like that of a tyrant and made people unwilling to approach.

Next to Si Yehan was the extremely enigmatic Four Asuras of Asura while behind him was Lin Que, Jiang Yan, and many experts from Asura.

“Don’t act rashly. People from Prison’s other two core factions, Heavenly Hatred and Slaughter’s Gate, are nearby,” a higher-up from the Ji family warned quietly.

...

Both Patriarch Nie and Madam Nie’s expressions turned terrible instantly. An overpowering scent of gunpowder permeated the air, as though blood would wash the earth and war could ensue at a moment’s notice.

Patriarch Nie snorted. “Heh. Lord Asura is quite mighty and impressive! You actually dared to move against my Nie family?!”

In contrast to Patriarch Nie, Madam Nie was slightly calmer. For some reason, she felt like Lord Asura looked familiar.

Madam Nie said, "May I ask what Lord Asura intended by invading the Nie residence with such a parade? If you don't provide a reason today, you won't be able to leave unharmed despite being Asura."

"Hand over the person to me."

Bloody veins covered Si Yehan's eyes, and his low and hoarse voice sounded like a nightmare.

"Are you joking with me? You came to the Nie residence to demand a person?!" Patriarch Nie shouted harshly.

This Lord Asura came running to their doorstep so malevolently and demanded a person immediately. He was seriously too arrogant.

Madam Nie looked at Si Yehan in confusion. "You want someone? Who?"

As Madam Nie asked that, she glanced at her son standing behind her. This punk didn't get into some trouble on the outside again, right?

As soon as Nameless Nie saw his mom's gaze, he knew what she was thinking. He bewilderedly protested, "It has nothing to do with me, alright? Why are you looking at me? I haven't had any jobs recently and have been staying home all day long, not even leaving the house once. Why are you blaming me? How come I don't get rewarded for anything good but get blamed for everything bad? It's too awful!"

Patriarch Nie lowered his voice and snapped, "If it has anything to do with you, I'm going to give you a one-way ticket out of this house with a kick!"

Si Yehan's eyes didn't bear a trace of warmth, and the hidden mania in them could destroy the last of his control at any moment. He icily replied, "Worriless Nie."

Patriarch Nie and Madam Nie were both startled.

Madam Nie repeated, "Worriless?"

Nameless Nie jumped up instantly and yelled, "See?! See?! I told you it wasn't me! Look at what your good daughter has done!"

Patriarch Nie's face was darker than ink. "Lord Asura, the Nie family and Asura have always stayed in our own lanes. However, you came here in provocation today and spoke impetuously, wanting to harm my daughter. Aren't you overly conceited?"

Sharing a bitter hatred for a common enemy, Madam Nie also questioned, "What do you think the Nie residence is? Do you think a member of my Nie family can be taken by you merely because you want it?!"

"If you hand Worriless Nie to me, you live. You don't, you die." Si Yehan's bone-chilling gaze brushed over everyone as though he was a venomous snake lying in wait, sending everyone shivering.

Big Dipper leaned close to Seven Star and Third Elder's ears and said, "It's over, it's over! I told Sis Feng not to provoke Lord Asura! Great! She's finally pissed him off now!"

Third Elder felt distress gripping him. "Thank goodness... thank goodness we have the Nie family's support! Or else we'd be dead for sure!"

Seven Star wore a serious expression. "Asura has an intimate relationship with Prison. If Prison also attacks..."

**Chapter 2074: Hand her over and the battle will cease. Refus and blood will purge the grounds.**

The man was akin to an eternally frozen glacier, and his indescribable aura sent people shaking with fear.

Asura's reputation rang far and wide as one of Prison's three core factions, and everyone had heard of Lord Asura. However, the demonic Lord Asura today, who looked like he had just climbed out the deepest pits of hell, was a rare sight.

Although Asura was extremely notorious and was categorized as the same type of group as the Fearless Alliance, they were different from the Fearless Alliance and rarely stirred up trouble.

"I will say it again."

A penetratingly cold voice without a tinge of human emotion emitted from the man's lips.

Patriarch Nie coldly looked at Si Yehan and snorted. "Lord Asura, I have to agree that you're indeed very powerful in the Independent State... but I'm afraid you've mistaken something."

"Oh?" Si Yehan's apathetic gaze landed on Patriarch Nie. "For example?"

"For example, this is the Nie residence, not someplace where Asura can do whatever they want," Patriarch Nie replied mockingly.

There had never been any faction who dared to come to the Nie family and demand someone while presenting this attitude and posture. Moreover, they wanted his precious daughter!

Even if the three core factions of Prison came together today, they shouldn't bother thinking about taking anyone from their Nie family.

"So you won't hand her over, is that it?"

Si Yehan's icy eyes didn't contain a ripple of human emotion. It was as though the man in front of them wasn't human and was instead a fearsome primitive beast that acted solely according to their likes and instincts.

"Heh, forget about taking my daughter away today, Lord Asura. Even if you wanted a cat or dog from my Nie family, I'm afraid you would fail." Madam Nie's face gradually chilled.

Madam Nie originally thought perhaps Lord Asura had some misunderstanding with their Nie family, but it appeared that wasn't the case.

If someone unimportant truly provoked Asura and they privately discussed it, giving each other the necessary respect, the Nie family could hand over the person. However, Asura pompously encircled the Nie residence and made demands in front of the entire Independent State. In this kind of situation, even if it was a stray cat or dog, Asura shouldn't dream about taking it away, let alone a nobody.

"Eh, why the big fuss? Just call Worriless back here and see if there's been some misunderstanding," Nameless Nie suggested with a grin.

Madam Nie and Patriarch both fiercely glared at him simultaneously.

"Why are you looking at me? What if there's a misunderstanding..." Nameless Nie grumbled.

"What should we do if there isn't a misunderstanding?" Taoist Devotee asked Nameless Nie with curiosity.

"Um... If there isn't a misunderstanding, then we can only count Asura unlucky," Nameless Nie replied seriously.

"Enough rubbish!"

The middle-aged man standing next to Si Yehan shouted, "Hand her over, and the battle will cease! Refuse and blood will purge the grounds!"

Before Patriarch Nie could reply, Tangtang slowly walked out of the house.

"Little ancestor, why did you run out here?" Nameless Nie hastily walked toward the boy. "Go back, go back. Don't cause trouble for Uncle; can't you see Uncle is preparing to fight?"

"Move over, Uncle." Tangtang shot Nameless Nie a look.

Nameless Nie reflexively moved to the side but quickly regained his wits. He was this little ancestor's uncle, so why did he listen to Tangtang? Shouldn't the situation be reversed?

## **Chapter 2075: I'm not your father**

"You want to capture my mommy?"

Tangtang's tiny figure stood at the front of the Nie residence. His gaze, which was identically bone-chilling to Si Yehan's, shot toward Si Yehan.

Tangtang and Si Yehan's eyes met.

"Even if you're my daddy, there's no leeway for bullying my mommy," Tangtang declared.

"Tangtang, don't randomly address people! Who's your dad?"

Patriarch Nie furrowed his brows at Tangtang.

Si Yehan stared at Tangtang, a complicated and turmoiled emotion surfacing in his eyes before turning into a violent rage. "I. Am. Not your father."

*Indeed, this is Worriless Nie's biological son... This is Ji Xiuran's child, not mine!*

“Where is... Worriless Nie...?”

Si Yehan was teetering on the brink of losing control and couldn't seem to repress the blood-thirsty wild beast that dwelled in his heart. Tangtang's appearance evoked a terrifying roar from the beast, as though the beast wanted to crush everything into dust.

“D\*mn, Lord Asura, are you serious? The Nie family is the leader of the Independent State's four great clans. Not only did you come to besiege the Nie family, but you also demanded the Nie family to hand over Worriless Nie. Worriless Nie is Ji Xiuran's fiancée! Just how many factions does Asura want to offend at once?”

The observing Eldest Young Master Shen suddenly yelled.

However, Eldest Young Master Shen's yelling caused Si Yehan to completely lose all rationality.

“Fiancée...”

Veins popped out from the man's forehead, and blood vessels covered his eyes. His rage could burst to the heavens.

“Kill!” Si Yehan harshly shouted.

Following Si Yehan's words, the members of Asura and the Four Asuras instantly lunged toward the Nie family.

“Hmph, insolent fools!”

Patriarch Nie also waved his right arm with a shout, placing the order to start fighting.

In the blink of an eye, the sea of people transformed into a scene of slaughter, and the Nie family and Asura's fighting forces melded into one.

When the Ji family saw the two sides finally fighting, they immediately rushed over but were impeded by people from Heavenly Hatred and Slaughter's Gate.

...

Ye Wanwan had removed her makeup at rocket speed and rushed toward the Nie residence. When she arrived, this was the scene that greeted her.

Without any hesitation, Ye Wanwan drove the car straight into the crowd.

Seeing a car charging toward them, the two sides subconsciously dodged to the side. Being hit by a car for no reason wasn't a fun adventure.

Everyone's gazes were pulled toward the intruding car.

“Who is it...? Are they suicidal?”

“D\*mn! Both Asura and the Nie family are there, yet they still charged inside? I think they hit two people, right...?”

The driver's door soon opened, and Ye Wanwan stepped out.

When everyone saw the newcomer's face, they were startled.

"Sis Feng?!" Big Dipper cried quietly upon seeing her.

"It's actually Bai Feng... Wait no, it's Worriless Nie... Wait, no... What should we call her?"

She was both the President of the Fearless Alliance—Bai Feng—and also Worriless Nie of the Nie family. She had too many identities, so people didn't know what to call her.

After exiting the car, Ye Wanwan looked around her and saw a Nie family member and an Asura member rolling on the ground, covered in dust. She had accidentally flung them away with the swerve just now.

However, she didn't do it on purpose...

### **Chapter 2076: Is he blind?**

"Miss Worriless... You can hit Asura's people, but I'm from the Nie Family. Why... why did you also hit me...?" The Nie family member who was swept back by Ye Wanwan's swerve soon stood up with a limp and looked at Ye Wanwan with an aggrieved expression.

"Eh..." Ye Wanwan was embarrassed. *?I didn't want to hit a single person, alright? Why's he blaming me when he didn't run when a car came and got hit?*

A strange expression surfaced on everyone's faces when Ye Wanwan appeared.

Asura had come with such fanfare to capture her. No one expected Worriless Nie to suddenly appear when the Nie family and Asura were seconds into their fight.

"Mommy!"

Tangtang's dark eyes shone when he saw Ye Wanwan. He instantly sprinted toward Ye Wanwan and hugged her leg.

"Good Tangtang. Mommy's here."

Ye Wanwan felt her heart melting at the sight of her little darling.

"Worriless, come here quickly!" Patriarch Nie shouted.

"What's happening, Dad?" Ye Wanwan looked at Patriarch Nie, bewildered.

"What is happening?" Patriarch Nie was more baffled than Ye Wanwan because of her question.

How would he know what happened? Lord Asura came here for her.

Patriarch Nie previously thought that his precious daughter probably provoked Asura on the outside, but Worriless Nie was now asking him what happened...

Before Patriarch Nie could respond, Ye Wanwan turned to face Si Yehan. "Have you gone mad?"

The Nie family was her family, Patriarch Nie and Madam Nie were her parents, and Tangtang was her and Si Yehan's son. What did Si Yehan intend to do? Seriously attack the Nie family? Did jealousy take over his brain? What was he thinking?!

Si Yehan first looked at Ye Wanwan before surveying Tangtang, who was in her arms.

A mere glance caused the raging aura around Si Yehan to become more frightening, as though he wanted to swallow all of Ye Wanwan.

This was Ye Wanwan's first time seeing this gaze coming from Si Yehan, and it really jolted her in fright. Why was this man so unhinged?

"Take her away," Si Yehan ordered.

He gave her a chance, countless chances...

He told her they were unsuitable since she still had that man in her heart, but she denied it, and...

Since he had to go to hell, then everyone should go to hell with him!

Ye Wanwan looked at Si Yehan with exasperation. If he wanted to take her away, he just needed to call her. Why did he come so pompously to the Nie family to steal her?

Her brows slightly furrowed. Just what in the world was he thinking? Could it be because she was Worriless Nie? Because she was Ji Xiuran's fiancée? Or because he thought Tangtang was Ji Xiuran's son?

*How ridiculous! How does Tangtang resemble Ji Xiuran? Is he blind? Can't he tell Tangtang is his son?*

One of the Four Asuras made to grab Ye Wanwan and Tangtang.

"Junior, you're audacious!"

A cabinet elder from the Nie family shot forward instantly.

However, the cabinet elder was too slow. Patriarch Nie had reached Ye Wanwan already and swung his hand to force Asura back.

"Dad, don't fight," Ye Wanwan said to Patriarch Nie, who was protecting her.

"Worriless, no need to worry. Forget about Asura; even if the Heavenly Emperor came here himself today, he wouldn't be able to take you away," Patriarch Nie promised as he looked back at her.

Ye Wanwan: "..."

### **Chapter 2077: The man whose brain got hijacked by jealousy**

She really wasn't afraid of Si Yehan taking her away, but there was clearly something wrong with Si Yehan's current state.

"Sister, how did you provoke Asura?! Look at how angry you've made them, but... provoking Asura is fine. Dad, Mom, and I will seek justice for you today. If you think we aren't imposing enough, I can call

my mercenaries over here. I, your brother, can work for free, but... those mercenaries have to be paid..." Nameless Nie said after walking to her, his voice as quiet as possible so that their parents wouldn't overhear.

Ye Wanwan glanced at Nameless Nie. He really was her real brother! It was a matter of life or death, yet he was still asking her for money!

"Mommy, don't be scared. I won't allow this man to take you away."

Tangtang shot Si Yehan a cold look.

Si Yehan's gaze at Tangtang and Tangtang's gaze at Si Yehan... were both pretty scary.

Looking at this real father and son duo's mutual hostility, Ye Wanwan was exasperated. Did Si Yehan really think Tangtang was Ji Xiuran's son?

How did they look alike?

"..." Ye Wanwan wanted to tell Tangtang: *Son, that's your real dad...*

"Si Yehan, haven't you thrown a long enough tantrum?"

Si Yehan's utterly bone-chilling gaze slowly settled on Ye Wanwan. "Leave with me on your own or everyone will die because of you. Pick one."

His eyes were so terrifying. Ye Wanwan had never seen him like this. The current Si Yehan felt like a stranger to her.

Even so, Ye Wanwan was still angered to the point of laughter. A man whose brain got hijacked by jealousy was impervious to reason.

He was clearly such an intelligent person, so why was he unable to deduce such an obvious truth now?

"Die your arrogant a\*\*! Immediately apologize to my parents!" Ye Wanwan demanded with a frown.

Everyone looked at Ye Wanwan with astonishment.

Was this Miss Worryless Nie... alright in the head? Asura came to annihilate the Nie family, and Worryless Nie wanted to make Lord Asura apologize to the Nie family...?

Forget about whether there was some misunderstanding here or not. Even if there was, there was no way Asura would admit their mistake and would only fight to their last breath!

The members of Asura all burst into laughter, and contempt brimmed from the Four Asuras' eyes especially.

Lin Que looked at Ye Wanwan and sighed exasperatedly. Was Ye Wanwan still clueless about the current situation?

He knew his Ninth Brother better than anyone. His Ninth Brother could tolerate that Ye Wanwan was Ji Xiuran's fiancée, except for one point... His Ninth Brother couldn't tolerate the fact that Ye Wanwan and Ji Xiuran had a child. To Si Yehan, this child wasn't a bottom line, it was an unpardonable sin.

This child represented all his doubts between her and him.

“Apologize?” Si Yehan coldly stared at Ye Wanwan. “You... might have some misunderstanding.”

*“...”? Misunderstanding your a\*\*! You big idiot!*

“Mommy, this man deserves to die,” Tangtang said to Ye Wanwan.

Ye Wanwan frowned. “Tangtang, don’t speak nonsense.”

“I’m not speaking nonsense. This man wants to attack the Nie family and steal Mommy away.” Tangtang shook his head.

“He’s your daddy,” Ye Wanwan responded with a helpless sigh.

“He used to be. Not anymore.” Tangtang glanced at Si Yehan.

“Heh. I’m not his dad,” Si Yehan suddenly interjected.

Everyone was dumbfounded. What in the world was happening?

“Do you deserve to be my dad?” Tangtang asked the man.

“Tangtang, don’t speak nonsense. He’s your daddy...” Ye Wanwan was fretting with worry. This misunderstanding seemed to be a bit too big.

“I’ll say it again—I’m not his dad.” Veins bulged from Si Yehan’s forehead, and his eyes were bloodshot.

### **Chapter 2078: Nie Tangxiao is your biological son**

“Are you kidding me?!” Ye Wanwan was furious. “Tangtang is your son! If he’s not your son, is he my son, huh?”

Everyone was baffled. What? Was Tangtang not Worryless Nie’s son either?

“Mommy...” Tangtang looked at Ye Wanwan in shock.

Ye Wanwan slapped her head and promptly corrected herself. “Sorry, I misspoke... Blame your daddy for angering me.”

“Worryless Nie, I’ll say it one last time—he’s not my son. Don’t challenge me...”

Before Si Yehan could finish speaking, Ye Wanwan bolted forward and pulled out the DNA test result from her bag and tossed it toward Si Yehan. “Look for yourself!”

The DNA test result fluttered onto the ground, but Si Yehan didn’t have any intention to pick it up and made Jiang Yan pick it up instead.

“Don’t even think about using some trick to bewitch my Lord!” Jiang Yan shouted coldly at Ye Wanwan.

“It appears you’re unwilling to leave with me.”

Si Yehan’s voice was glacially cold. He waved his right arm. “Go.”

However, just as this order was placed, Jiang Yan was flabbergasted by what he saw on the DNA test result.

Automatically, Jiang Yan pulled Si Yehan back. "My Lord... D-d-don't... don't attack yet..."

*Freaking!?* Sweat soaked Jiang Yan's forehead. *It's over... it's all over, my Lord is over... This misunderstanding is giant!*

Jiang Yan never expected his Lord would actually have a child with this Worryless Nie! And this child was Young Master Tang from the Nie family!

After all, this DNA test result couldn't be fake... It was authenticated by the IMN Authority Organization!

A second later, Si Yehan's icy gaze landed on Jiang Yan.

Jiang Yan shivered upon seeing Si Yehan's frightening gaze but didn't dare to loosen his hold. He hastily said, "My Lord, please hold on. I think... I think it'd be better if you looked at this first."

However, Si Yehan didn't take the DNA test result from him and uttered, "Read it."

"Um... That might be a little inappropriate. How about..." Jiang Yan looked around them.

"Don't make me say it a second time."

Jiang Yan helplessly sighed before starting: "The test shows that Nie Tangxiao and your DNA shares a similarity of 99.3%. From a biological standpoint... Nie Tangxiao is... is your biological son."

Everyone was stupefied.

The Four Asuras were dumbfounded. They weren't stupid, so they naturally knew what Jiang Yan's words meant.

The people from the Nie family were also astonished. Tangtang was Lord Asura's son?

Lord Asura... was that wild man?!

Madam Nie and Patriarch Nie met each other's eyes, seeing the other person's shock and disbelief.

Si Yehan's expression shifted, and he instantly grabbed the DNA test report.

A moment later, Si Yehan put the DNA test report in his pocket, his feet rooted to the ground. He first looked at Nameless Nie then Madam Nie and Patriarch Nie then finally Ye Wanwan and Tangtang.

There weren't any changes on Si Yehan's face, but his eyes were shaken.

"How... did you have my tissue sample?" Si Yehan asked Ye Wanwan.

"So when I asked for your hair and asked for two strands, what did you think the second strand was used for?" Ye Wanwan coldly retorted, staring at him.

Si Yehan: "..."

**Chapter 2079: The matter has gotten out of hand**

Si Yehan surveyed Ye Wanwan for a few seconds before sinking into contemplation.

No wonder she asked him for his hair earlier. He simply believed the hair was for the Scarlet Flames Academy's mission and didn't think too deeply about it.

Si Yehan's gaze slowly landed on Tangtang, and his expression became complicated. Tangtang... was actually his biological son.

Si Yehan was neither mentally prepared yet in the blink of an eye, he became a father. Moreover... his son wasn't babbling out his first words and had some years to him already instead.

The more Si Yehan examined Tangtang, the more he felt like the boy looked too similar to him... Even Tangtang's personality was identical to him when he was young.

That's right. Tangtang's face and personality didn't bear a sliver of similarity to Ji Xiuran.

But... why did he stubbornly believe Tangtang was Ji Xiuran's biological son when he heard Ye Wanwan was Worriless Nie?

Currently, Si Yehan increasingly felt like his previous thoughts were too absurd.

An indescribable feeling entered Si Yehan's eyes as he turned to appraise the Nie family.

"Ninth Brother... what should we do? Did we... go too far?" Lin Que, who was standing behind Si Yehan, asked quietly.

Si Yehan shot Lin Que a look. "What do you think?"

"What should we do now? It's... it's a little too embarrassing!" An anguished smile was on Lin Que's face.

Si Yehan: "..."

"Ninth Brother, look at you! I told you not to act so impulsively! I told you that Tangtang didn't resemble Ji Xiuran at all and clearly looked identical to you, but you wouldn't stop! It's just great! We've got ourselves in deep trouble!"

Lin Que wished nothing more than to find a hole to burrow into. He might not be Si Yehan, but... it was still super embarrassing!

Every audience member froze in their spots, stunned.

Who would've expected Bai Feng to be Worriless Nie and would also have a son with Lord Asura?!

What was more preposterous was that Lord Asura was ignorant about this son and led people to attack the Nie family! This was simply too wretched!

"No! Why?!"

Despair filled Eldest Young Master Shen's face. "My heart is shattered... My goddess, my angel, my Bro Flattop—why did things turn out like this?!"

Next to him, the Shen family higher-ups looked at their Eldest Young Master and exasperatedly said, "Forget it. Money can't solve this problem. The simplest solution is to crush on someone else."

“What do you know?! I’m devotedly chaste and faithful until I die!” Eldest Young Master Shen cried sorrowfully.

...

“Mommy... this man... is my real daddy?”

Tangtang incredulously turned to Ye Wanwan.

“That’s right, but that’s the past. Right now, this man isn’t your dad anymore. Since he’s led people here to steal Mommy away and attack the Nie family, you don’t have a dad like that,” Ye Wanwan replied.

Si Yehan’s expression remained the same when he heard Ye Wanwan’s reply, but an inscrutable feeling surfaced in his eyes.

“Misunderstanding, this is a misunderstanding!” Heavenly Asura shot forward and hastily yelled, “It’s a misunderstanding! We didn’t come here to attack the Nie family! Who said we came here to attack the Nie family? No way!”

“You’re spouting nonsense! You were demanding that the Nie family hand over Miss Worriless just a second ago! If you didn’t come here to attack the Nie family, why are you here?” Eldest Young Master Shen hastily interjected.

“Actually, this was just... a drill practice!”

#### **Chapter 2080: All a misunderstanding**

Heavenly Asura thought about it and turned to his Lord. “Right...?”

Si Yehan stood in his spot and was silent for a moment before actually nodding and answering, “Yes.”

“Drill practice? I think you’re acting, right? Who the heck are you trying to deceive? I don’t even believe it; do you think other people would? You’re awesome, so fight the Nie family! Why are you standing around and doing nothing? Attack already! Purge the grounds with blood already! We guarantee we won’t act. If you really can’t, the Shen family and Ji family can lend you some people and make sure you destroy the Nie family!” Eldest Young Master Shen shouted.

Heavenly Asura: “...”

Si Yehan: “...”

Lin Que: “None of your business! Stop your blabbing. We’re practicing a drill! You won’t understand it.”

“Worriless, what in the world is going on?!”

Patriarch Nie turned to Ye Wanwan.

Ye Wanwan was dumbfounded. She also really wanted to know what was going on. They were trying to pass it off as a drill practice now and couldn’t even fool her but wanted to fool her parents?!

“Wanwan, Tangtang really is... really is his... and your son?” Madam Nie asked with a deep frown as she walked to Ye Wanwan.

“Mom, it’s a long story actually,” Ye Wanwan replied with a wry smile.

“Then make your long story short.” Madam Nie didn’t allow Ye Wanwan to slip out of it at all.

“Eh... Mom, in truth, from a biological standpoint, he is... However, after he treated us like this today and disrespected you and Dad, I’ll definitely make him give you and Dad a proper explanation!” Ye Wanwan anxiously said.

“Hmph, I don’t agree! He also needs to give me an explanation!” Nameless Nie stepped forward and shouted coldly.

Ye Wanwan: “...”? *Why are you everywhere? Why the heck do you need an explanation, huh???*

In front of everyone, Nameless Nie walked to Si Yehan and poked Si Yehan in the abdomen with his finger. “Wow, you punk, you wild man. You had a child with my sister and then? And then you fled without a word! All these years, you showed no interest in our precious Tangtang! Do you know? It was me who raised Tangtang poop by poop, acting as both the father and mother...”

Si Yehan: “...”

“Raised Young Master Tangtang poop by poop...”

Heavenly Asura wanted to say something but immediately swallowed his words after catching Si Yehan’s gaze.

It appeared all of Asura didn’t have any right to speak right now. They could only admit their wrongs and accept any beating standing up.

“I won’t waste any more words with you. But no matter what, you’re Tangtang’s father from a biological standpoint, correct?” Nameless Nie stared at Si Yehan.

“Yes...” Si Yehan replied.

“Good! As long as you admit it. For so many years, I’ve raised Tangtang poop by poop. Because of Tangtang, I’m a grown man but haven’t even found a girlfriend. My whole life has been delayed. Tell me, how do you plan to compensate me?” Nameless Nie demanded coldly.

Si Yehan: “...”

“Tell me!!!” Nameless Nie poked Si Yehan with his finger a few more times.

“Okay,” Si Yehan replied a few moments later.

“You agreed! If you dare to play tricks with me, punk, don’t dream about seeing Tangtang again for the rest of your life.”

After saying that, Nameless Nie turned to his parents. “Dad, Mom, this is actually a drill practice, and I colluded—wait no, discussed it with them beforehand. When I have time, I will explain it to you in detail!”

“Get your a\*\* back here!” Patriarch Nie’s face swelled with rage.

“Okay...”

Nameless Nie walked back with his head lowered, not daring to say anything else.
