

## Sensualist's

### Chapter 187

It's OK for Yang Yu to sing a song, but it's ugly to dance.

"As for us, dancing is not a problem, the key is whether you can do it?" The girls called by Li ruorong can dance a little and sing a little. Originally, Li ruorong didn't want to let Yang Yu come. After all, it's all girls here.

It's Hua Yuyan and several other girls who have to call a boy over, otherwise it's too monotonous. Li ruorong thinks about it. How many men in this village can get into Hua YuYan's eyes? Had to call Yang Yu, in order to set off the masculine.

So at the beginning, he made it clear that Yang Yu was his sister's boyfriend. He didn't want to make any bad ideas. He was afraid that these girls would fall in love with Yang Yu at that time. Although Yang Yu couldn't get into Li ruoreng's eyes, his sisters might be hungry?

Yang Yu touched his head. It's a problem. After thinking about it, he didn't dance much. He couldn't do anything.

"On New Year's day in high school, I rehearsed Michael Jackson's classic song and dance" dangerous "with some of the boys in the school. There was nothing else, but it was boys."

"Who said you boys danced? Is there a video?" Asked Li.

Yang Yu touched the mobile phone, then thought that the music that might be used in the mobile phone would be brought, so he found out the classic MV of Michael that year and showed it to the public.

"It's very stylish. I think it can be. I don't know if this program is in line with the so-called cultural exchange." This is everybody's idea.

"It's all right. If I lose my official position, I'll invite you to dinner." Li ruorong won't dance that kind of homely dance. Of course, it's fashionable.

So, they really decided to rehearse the dance. Yang Yu sang and danced. He didn't worry about singing, but he had forgotten the dance for a long time, but it was OK. After all, he had learned the dance and practiced it again very quickly.

"All right, sisters, take off your clothes. That's the line." Li said, then went to the sofa and took off his coat.

Poof!

Yang Yu's nose suddenly bleeds.

My God, Li ruorong only wears a bra. Li ruorong alone is enough for Yang Yu to restrain his love for spring. Besides, there are seven beauties here. All of them have changed their clothes. Li ruorong, Li Yuanxi, ice beauty Leng Xiaoxue, rushenhuayuyan, Barbie baby feather heart and so on, whatever you pull out, it's the figure and appearance of the school flower.

Yang Yu suddenly felt that he was living in a cluster of flowers. Life is really beautiful.

But Yang Yu's excitement is not only that. Her cousin Li Yuanxi also takes off her coat and wears a vest. Although she doesn't completely expose her abdomen like Li ruorong, her strong and abrupt breasts and upturned hips make Yang Yu infatuated.

"I'll beat it. Let's break it down first." Li is the most experienced dancer here. After all, she graduated from Communication University. This kind of dance is a piece of cake in front of her.

Poof!

When watching the seven beauties wriggling their hips and dancing, Yang Yu really wants to vomit blood.

"Yang Yu, what are you doing? Stand behind us and learn to jump together." Li ruorong breaks down the movements while beating the time and teaches everyone how to do it.

Yang Yu also hurried to the back, but he didn't want to learn how to dance. He just looked at the buttocks of the beauties. He wanted to take off his pants and insert them one by one. Then he compared them one by one to see which one would be the most comfortable.

Yang Xiyu, of course, has her own cousin in mind.

"Mr. Yang, don't stare at our buttocks. Be careful your girlfriend knows." Feather heart and Yang Yu standing in the same row, found that this boy only patronize the front of Hua YuYan's ass, immediately jealous, thinking: my ass is also very warped ah, why don't you look at me?

As soon as everyone heard that, Li Yuanxi first turned her head and looked at Yang Yu. Yang Yu immediately waved his hand, as if to say: cousin, I really didn't peep at their buttocks.

"If you want to see your ass, I'll show you next time. Now let me practice dancing first." Li ruorong said with a speechless face, thinking: in front of so many beauties, Yang Yu will definitely be in the mood of spring, which is good. I'm afraid that he will be single-minded. As long as he is mentally derailed, I'm afraid that he can't be seduced by the body?

"Sister Rong, sister Hua, sister Xue and cousin are waiting for you to dance very well, very sex!" Yang Yu's words are from the bottom of his heart. Sister Rong, sister Hua and her cousins twist their buttocks and dance this part of romantic. It's too sexy and feminine. Yang Yu is totally attracted and can't hold it.

It's not a country girl. It's as good as the dancers in the city's singing halls. Of course, it's pure and pure. It's even as good as the professional dancers on the stage when the stars hold concerts.

"It's true. You're beautiful and feminine. It's perfect. We must be number one." Yang Yu is very confident.

After listening to this, all the beauties felt comfortable, and were boasted to be with us Cousin Li Yuanxi said with a smile.

"Yes Yang Yu loves his cousin's words most. It took about 40 minutes to practice, and everyone was tired. A row of people sat on the sofa to have a rest.

Yang Yu's eyes secretly aim at the milk God Hua Yuyan. As a result, Hua Yuyan is also looking good. They look at each other with four eyes, and are immediately caught. Fortunately, Hua Yuyan is very polite and has a smile back.

"Mr. Yang, if you bring all your guitars, just play with us. Maybe one of our beauties will be attracted by you Li ruorong tilted her legs and leaned back on the sofa like a queen.

"In front of you, I don't have the confidence to sing. I usually sing for the students." If Yang Yu were to sing in front of these seven beauties, he would not be so brave and nervous.

Especially when he saw rushen huayuyan, Yang Yu was careful. He was jumping.

"It seems that you haven't sung in front of your cousin. I also want to hear my cousin's singing level." Li Yuanxi is also in a good mood tonight. She has a good time with everyone. The night light is full of atmosphere and interest. She really wants to listen to her cousin's singing.

"Cousin, I can sing to you anytime I want to." Yang Yu didn't listen to anyone but his cousin.

"Oh, goose bumps, so ambiguous." Feather heart put back the coat, a face speechless said.

"A few of us dare not sing in front of us. There will be so many county leaders under the stage. What can you do?" Li ruorong scolded.

Of course, Yang Yu is talking about the scene. He just sings a song, but he won't die. If he doesn't dare, how can he stand up to the guitar?

"What do you want to hear, cousin?" Yang Yu looks at her cousin Li Yuanxi with the same electric discharge in her eyes. Although, in terms of appearance and taste, her cousin can only rank third. The two fox spirits, Li ruorong and Hua Yuyan, are much more perfect than Li Yuanxi in terms of body shape, appearance and the smell of women emanating from her bones.

But even if Yang Yu is completely attracted by these two sexy beauties, even if the guy who is attracted is tough, it can't change his cousin's position in his heart, the irreplaceable position, and the position in his heart will always belong to his cousin alone.

Therefore, what cousin wants, Yang Yu even if it is to pay life, eyes will not blink to implement.

Some people's lives are far more important than their own.

There are only two kinds of awareness: blood or love.

"Well, I like Adele, especially the song someone like you." When Yang Xiyu talks about the phrase "like you", it seems that she says it on purpose.

"Yes. Then I'll sing it to my cousin. " It's still very difficult for Yang Yu to master English songs. He is still two points short of CET-4. However, what does his cousin want him to sing? Even if he can't sing completely and everyone can't laugh or cry, he still has to sing.

We all heard the thick of flirting ambiguous, but also know that they are cousins, so naturally will not doubt the other.

When Yang Yu picked up the guitar, he would give his soul to the song.

"I heard, that your settled down"

as Yang Yu sang, he was completely immersed in the music, and his eyes were staring at his cousin all the time. He was affectionate and touched, as if his heart had passed to his cousin's heart with the song.

It's a sad song.

When Yang Yu sings these lyrics, he suddenly feels scared. He is afraid that one day, the relationship between his cousin and himself will become like this: someone like you.

Li ruorong is a woman with queen temperament, but when she heard the touching in Yang Yu's song, she also calmed down and listened carefully.

In the room, only Yang Yu's singing is left.

However, Li Yuanxi's eyes are red, and she is also afraid. Maybe one day, her cousin in front of her will become the feeling of someone like you in her heart, which is the feeling that Li Yuanxi is afraid of.

Li Yuanxi also looks at Yang Yu without taboo. The two people's eyes look at each other like this. There is only one person in each other's eyes.

At this moment, Li Yuanxi felt very happy. She knew that she was completely in love with her cousin.

Why is Yang Yu not? Ten years ago, he fell in love. Ten years ago, at the age when he was completely hazy about love and the opposite sex, Yang Yu loved his cousin. He had never changed his mind.

In the dead of night, the fog in Yunv village finally receded.

Yang Yu and Li Yuanxi are on their way home. The night is very dark and quiet. The breeze blows and caresses Li Yuanxi's hair.

Yang Yu was so worried that he summoned up the courage to hold his cousin's hand.

Li Yuanxi broke away.

Yang Yu is not reconciled, and to lead, and this time, is dead to seize the cousin's hand.

Cousin Li Yuanxi pulled a few times, did not break away, Yang Yu was dead in the hand, the heart suddenly happy, this feeling, very strange, very strange, let people from the heart of joy, from the heart of ease. Never had a man given her such a feeling, only cousin Yang Yu.

Two people hold hands, all the way, did not say a word, walking in the quiet rural path, only a sense of happiness filling each other's hearts.

## **Chapter 188**

Friday.

The fog had receded, and the thing called "Ri" came out again.

When I came home from school for lunch, an unexpected guest came to my home. The arrival of the guest blinded Yang Yu.

"Director Xie, why are you here?" Yang Yu's surprised eyes are almost staring out.

Today's "day" is coming out in the west?

"You're surprised." Xie Tianshi takes a cup of tea in his hand and drinks it. Yang Yu's surprise is what he expected.

Xie Tianshi, the director of Kangyuan food company, is also the father of Xie Qiuqiu, Yang Yu's high school classmate. When he asked him to help with the sales channel last time, he not only drove him out, but also insulted him in public.

Yang Yu made up his mind to turn over Kangyuan group.

"I don't know why director Xie is here?" Yang Yu knew that he had something to do with it.

"Then I'll come straight to the point. Later, I thought about your plan and thought it was feasible. You are young and energetic, and you are my daughter's classmate. I think you should help me with this. " On the surface, Xie Tianshi said that he was sincere, but in his heart he was totally different. He thought: I don't know what Murong Fei wants. I have to help him. How can he be promising if he looks stupid?

After listening to this, my aunt and cousin were very happy, but now the family is dominated by Yang Yu. If Yang Yu doesn't speak, they dare not say anything casually, for fear of saying something wrong. Anyway, Yang Yu will have plans.

When Yang Yu heard these words, he was still surprised. He thought to himself: Xie Tianshi is not a fuel-efficient lamp. Last time, his attitude was so obvious that he suddenly agreed to help me. It's too unexpected. It's not so simple. What's the purpose of this? Is Xie Qiuqiu secretly helping me? Or what?

"Teacher Xie is so generous, I don't know how to thank you, how suddenly." Yang Yu knows that this is the fastest way to get rich. With Xie Tianshi's help, he will take ten years less. How can Yang Yu miss this opportunity?

Whatever the reason, even if he knew it was a trap, Yang Yu decided to go through it without hesitation.

However, Yang Yu still wants to explore Xie Tianshi's words first. What makes him change his attitude?

"You know, our business people are very cautious. Although you are my daughter's classmate, I can't make such a hasty decision that business belongs to business. After you go back, I actually asked someone to come here to investigate. It's really a good place to grow vegetables. Then I changed my strategy and cooperated with Yang Yu. There's a saying that everyone should earn money together. "Xie Tianshi said with a smile. What he said is reasonable. Actually, it's all made up in order to cheat Yang Yu.

My cousin heard that, so it is. I admire boss Xie's determination and city government.

Only Yang Yu knows that there's a conspiracy here, but he's really poor. There's nothing cheap for him to take. Does Xie Tianshi really want to cooperate with him?

"Boss Xie, you've helped me so much. I'm sure Yang Yu will remember your kindness. I owe you a big favor. "Compared with acting, Yang Yu is also good at acting. When he said this, Yang Yu's eyes were red, and his tears were about to come out.

Then I'll use your channel. When your channel is used up, hum, I'll swallow you slowly. Yang Yu's wishful thinking is that the market is dangerous, the jungle is the law of the jungle, and there's only life and death.

If I am kind, I will die miserably. I may not know how to die.

"Well, why don't we talk about the details?" Xie Tianshi said in a hurry that he had to go back to

murongfei to do this, but he didn't dare to be careless and did it earlier.

"Well, let's go to my room and talk about it." Yang Yu said please and went to the attic with director Xie Tianshi.

"Mom, are we going to send it? "Er Mei has been listening all the time. When she heard that someone was helping us, she was very happy. She only thought about money.

"I'll give you a head. Go and kill the old hen. We'll treat her well for lunch. "It's time for Li Xiyuan to look at the attic, but she doesn't think about it.

Obviously, Li Yuanxi is much calmer than her second sister, Li Yaxi.

The attic.

Yang Yu and Xie Tianshi talked about cooperation in detail.

There are two issues of principle, which are also the cornerstone of positioning famous brands. Yang Yu will never compromise.

First, we are food suppliers, but the food we sell is sold in the name of Chunyu Food Co., Ltd., not the trademark and packaging of Kangyuan group. I only use your human resources and resources to package my own food, and I also use your sales channels to sell it.

Second, the vegetable food I sell is absolutely green, no pesticide, no artificial fertilizer, no additives, no preservatives and so on. The customer group I face is the upper class society. I guarantee my quality, but it is also high price. What I sell is health and reputation.

What is Yang Yu most afraid of? It's not that Xie Tianshi sells at a high price, but that Xie Tianshi sells vegetables under the banner of our company, which are not provided by me, or that harmful substances are added to the packaging process. But Yang Yu can't prevent this unless you help him live in the company and supervise all the time.

"There's no problem. It's just that we've spent so much manpower, material resources and channels. I want 73 points. I'm seven and you're three. Four of them is my manpower and material resources. The remaining six are shared equally by us. They're also my channel fees, so you get three points." Even though Xie Tianshi knew that he had been ordered by Murong Fei to talk about it, he did not forget to take money from it. Anyway, he was not at a loss. He could sell it but not sell it. The hoarding of goods was all Yang Yu's. I had no risk. I just gave some manpower. The channel was already there.

Yang Yu's face suddenly changed when he heard the score. It was a robbery.

My 10 yuan dish profit, you want to take 7 yuan, the remaining 3 yuan to me?

Brother, three yuan is not enough for my cost?

Xie Tianshi knows that Yang Yu's face is very ugly, but he can make a point in his heart. Anyway, Murong Fei won't know how much he can get. He can get as much as he can. At that time, he will tell Murong Fei that it's three or seven points, I'll get three or seven.

Yang Yu naturally hesitated. It was just like the sales share given by Mr. Qin. Mr. Qin's score was almost 91 points. Mr. Yang Yu was nine, Mr. Qin was one, and Mr. Qin could not lose money at most.

"Brother Yang, in fact, don't worry at all. The reason why I ask such a high price is to control the risk. Although I trust you very much, if the cooperation is not pleasant, I will leave a way for myself. As long as we establish a trust and mutual benefit relationship, we will change the share immediately. Then you will have seven, I will have three, no problem." Xie Tianshi is really an old fox. First he throws out an olive branch to arouse your appetite. But who knows what will happen in the future?

"Yes." Yang Yu actually agreed to the overlord treaty.

Thank you for being silly. Are you really stupid? Sure enough, Yang Nen Yu thought that he was too impulsive to be a new man.

Xie Tianshi's wishful thinking is that although he has made efforts in manpower, material resources and channels, it is no harm to Baili, because I don't have to worry about the hoarding of goods, because it's your stuff, and I don't have to worry about the problems with my goods, because it's your stuff, so I can do something behind your back, because your goods are processed by me, but the goods are not enough. It has nothing to do with your brand. It has nothing to do with your brand.

Although Xie Tianshi invested in resources, Murong Fei gave human resources subsidies. Xie Tianshi earned the money in vain.

This operation is like an intermediary or a shell company, charging high fees, but if something goes wrong, it has nothing to do with my life.

Xie Tianshi likes this kind of business. There is no risk, and there is oil and water to be fished out.

Perfect!

"Brother Yang is really a happy person. I'll get the contract ready and send it back. We'll contact you by phone at that time." Xie Tianshi is very happy. Unexpectedly, he has made double money in this business. Yang Yu's share and Murong Fei's share make Xie Tianshi unable to sleep at night.

After dinner, Yang Yu personally escorts Xie Tianshi away.

"How was the conversation, cousin?" The second sister is very curious about everything. She asks in a hurry. In fact, she wants to know more about it. How much money can she earn?

"Everything goes well. Tomorrow I'll find someone or the village head to contract the land." Yang Yu said faintly, in fact, he had no bottom in his heart.

Naturally, she won't tell them about the "73 points". If the second sister wants to know, she will jump out and scold herself for being a big fool. Yang Yu doesn't want to think about it with them. In fact, he just doesn't want them to resist this responsibility. He signs his own name on the contract, and if something goes wrong or if he is in debt, it's his own business. It has nothing to do with his aunts and cousins, and it won't affect them Their lives.

"Well! I think my cousin wants to make money secretly. My sister and I are working very hard. At that time, we don't know how much money we will share with each other. Last time, Lord Qin didn't give me the money he took. " The second sister threw down her chopsticks and left angrily.

Yang Yu has a black face.

### **Chapter 189**

Yang Yu has been busy with his class all afternoon.

This weekend, Yang Yu will be more busy with business, and make-up lessons may be a lot of trouble.

However, Zhang meiruo and San Meiyun make up too many lessons. Although their grades have improved, they do not help the average score of the whole class significantly. They still want everyone to make progress together.

After school, Yang Yu stops Han Qingfang, Bai Xue, Shen Feifei and Ji Ming.

"Come to Miss Yang's home to make up lessons after dinner in the evening." Yang Yu knows that he will be busy with business and investigation of water ghosts this weekend, so he will make up more lessons for them tonight, and the senior high school entrance exam is getting closer and closer.

"I'm not coming." Ji Ming tilts her head. She's tired of class. Do you want to make up for it? It's better to kill her.

"You have to come." Yang Yu scolded that it's useless for Ji Ming to be soft. Of course, if you are hard, then, hehe, you will die more miserably.

"I won't come if I can't say it." Ji Ming turned around and left. She didn't pay attention to Yang Yu.

Your younger sister's, Yang Yu in the heart mutters, this wench is really difficult to cure, it seems that must use the aphrodisiac, see she still tries to be brave? Yang Yu thought so.

Tonight, my aunt's house is very busy, not only everyone is at home, but also there are six female students.

Ji Ming is not happy to come.

Everyone crowded in Yunxi's room, set a table and sat in a circle.

Although they are all Yang Yu's students, the relationship and feelings are subtle.

Both Bai Xue and Han Qingfang have gone to bed with Yang Yu. Shen Feifei is in love with Yang Yu secretly. Yunxi is Yang Yu's cousin. Zhang meiruo, a school flower, also lives here. Like Ji Ming, she hates Yang Yu, but Ji Ming is more direct.

There is another layer of relationship, is embarrassing, that is snow and Zhang meiruo.

Last time, Bai Xue and Yang Yu had sex in the teacher, Zhang meiruo saw them all. This makes Yang Yu, Bai Xue and Zhang meiruo feel very embarrassed when they are alone. Therefore, Bai Xue and Zhang meiruo are separated by several positions and dare not speak to her. So is Zhang meiruo.

Now in Zhang meiruo's eyes, Bai Xue is a fox and a bitch. She even goes to bed with her teacher. At the same time, she thinks that Miss Yang is not a good thing, even her students.

It seems that the image of Bai Xue and Yang Yu in front of Zhang meiruo is completely destroyed. Anyway, Zhang meiruo's original favor for Yang Yu is gone. As soon as they speak, they will get angry and quarrel.

What's more, Zhang meiruo doesn't like making up lessons at all and doesn't want to live here, but her father has to live here by herself.

The drawer in the attic upstairs is quiet. There is a bottle of Chinese patent medicine called "Yuxian die". Sometimes, Yang Yu wants to conquer these people who hate him. When you give me a bud, do you still hate me?

Summer is near.

These six female students have already worn relatively thin casual clothes. In another month, it is estimated that they will even take off these thin clothes.

In addition to Ji Ming's manly character, she lacks a little womanliness in her dress. The other five are all little beauties.

If Zhang Mei is a school flower, she is naturally beautiful. Han Qingfang, who is in great shape, is just like the tender model in the TV advertisement. The fox spirit Bai Xue is not so tall, but her face is extremely charming. These three girls and men all want to commit crimes.

Yunxi, who is spoiled by Yang Yu, is not as feminine as the three of them. However, in terms of

appearance, she is the most beautiful girl here, especially her skin, which is flawless, tender as baby, and white in red. Just like Yuxin last night, she is a Barbie doll, but Yunxi lacks some female charm. After all, she is sexy Tact and meekness.

Although Shen Feifei is much inferior to Zhang meiruo and Han Qingfang, she is still a beauty.

Yang Yu makes up lessons for these five beauties, which is very eye-catching.

"Take a five minute break. My cousin is making cakes downstairs. I'll give them to you later." Yang Yu had a class and was going to give everyone a few minutes to rest.

"Zhang meiruo, did you sleep in this bed?" Ji Ming wants to have a rest for a long time, so she lies on Zhang meiruo's bed.

"Yes." Zhang meiruo yawned and answered.

"That's dangerous." Ji Ming said, cocking the ceiling.

Suddenly everyone was curious and asked in unison, "what's the danger?"

Ji Ming said word by word: "there is a big sex wolf living in this building. Who dares to sleep at night?"

"I'll lock the door, so I won't let the coyote in." Zhang meiruo replied.

Poof!

Yang Yu just drank saliva, immediately spurted out.

"I said Ji Ming, I never seem to provoke you. It's the first time I met you. I caught you skipping class, and you've ruined my whole semester?" Yang Yu's nameless fire, he usually this she is really obedient ah, even the dignity of the teacher are put down, for this girl to work hard, in the end, or was damaged like this.

Suddenly, the room was quiet."Well, forget it, you'll graduate in a month, and then everyone will go their own way, and the teacher won't be in charge of you. If you don't like me, you'll only have one month left. " When Yang Yu said this, he looked at Ji Ming and Zhang meiruo.

Then he sighed and went downstairs to get the dessert.

Everyone did not expect that Mr. Yang would suddenly say such a sentence. Except for Han Qingfang and Shen Feifei, other people didn't think about it at all.

Even, they can't understand, after all, what does it mean to graduate from junior high school?

All of a sudden, everyone was silent.

Ji Ming stopped talking all of a sudden.

"In fact, Mr. Yang is very good to us, better than any teacher before." Snow White broke the immersion: "as you all know, I like singing very much, and I even want to be a singer. Everyone laughs at me, including you, but Mr. Yang doesn't. He also teaches me to sing, and tells me to enter a good high school and a good music university to realize my dream." When Bai Xue said this, her eyes were red, because teacher Yang had a different status in her heart. Bai Xue even gave her first night to him.

"Yes, do you remember the last basketball match? No one thought that they would win, but we won. You killed them, Ji Ming. But teacher Yang taught us all this." Han added.

"And the study of our class is advancing by leaps and bounds. Although the last midterm exam was the worst in the county, Mr. Yang is the most sad. Have we forgotten?" Shen Feifei also recalled that Yang Yu leaned on his shoulder, stuck on his face and taught him to shoot.

"Last time Zhang Mei was arrested by that pervert, it was Mr. Yang who rescued you. Did you forget?" Han Qingfang has a good relationship with Zhang meiruo, so he is not afraid to say something about her.

If Zhang meiruo is silent, how can she forget? At that time, she was scared to pee. It was teacher Yang who saved her. She was lying in Yang Yu's arms. She would never forget that feeling.

Yunxi already tears in his eyes, are about to fall down, leave cousin? This problem she never thought about, no cousin pet feeling very unhappy.

"Do your homework." I don't know who said that. Even Ji Ming got up and did her homework seriously.

Of course, Yang Yu can't hear these words.

This time, he is really angry. People always have emotions. Ji Ming has been fighting against herself for almost a semester. She usually follows her too much, but now she is more arrogant.

Zhang meiruo is the same. Isn't it that the last time you read erotic magazines, you were gossip? I can't blame you for that. Last time I was in the classroom with snow white, didn't you enjoy watching it?

Yang Yu shook his head, these female students spoil too much, hold a stomach of gas.

Yang Yu went into the kitchen and found that only his cousin was on fire. He quietly walked over from behind. He even gave his cousin a big kiss on her face when she didn't pay attention.

"Yang Yu, you scared the hell out of me. Kiss me. I want to die." My cousin took chopsticks to knock Yang Yu's head. Yang Yu immediately began to act silly and quickly changed the topic: "how's the cake steamed? I'm greedy."

"It'll be ready in a minute." Cousin said, was stolen a kiss, but the mood is better.

Two minutes later, the cake is ready.

Yang Yu took one, handed it to his cousin and said, "open your mouth, cousin, try it."

As soon as Li Yuanxi saw it, he reached for it. Yang Yu shrank back and said with a smile, "mouth, feed you."

Li Yuanxi gave him a white look, but still opened his mouth. Yang Yu sent the cake into Li Yuanxi's mouth.

When Yang Yu went upstairs to the room with a cake, the group of female students actually wrote the title seriously one by one, which was really unexpected.

After making up the lesson, we have to go back.

Yang Yu took a coat and flashlight, said: "teacher Yang sent you back, rest assured, will not take advantage of you." Yang Yu also made a special remark.

It's just to ensure the safety of the students. However, Yang Yu hopes to have a separate chance to work with Bai Xue or Han Qingfang. He hasn't done it with Bai Xue for a long time. Han Qingfang does it occasionally. It's just that Yang Yu's bath fire is very strong in spring and summer.

In fact, it's not just Yang Yu, every student here has a strong fire, especially snow white, but not everyone shows it.

After sending Shen Feifei and Ji Ming to Bai Xue's home.

White snow that envy hate, if she is the last, maybe you can stay alone with teacher Yang, but, who let oneself live is not the farthest one.

Only to send Han Qingfang back.

"Miss Yang, I don't want to go back. Anyway, tomorrow is Saturday, and I don't have to get up early." Han Qingfang said that he had not been alone with Yang Yu for several days.

## **Chapter 190**

In fact, Han Qingfang's home is not the farthest, but Yang Yu specially arranged to send her the last. Han Qingfang's home is not in the same direction as everyone else's, so she left her for the last time.

In fact, there is a shortcut from Xiaoyi's home to Han Qingfang's home, that is, the main road in the center of the village. You can go straight through the terraces and climb up.

If you go back from Bai Xue's home now, you must have to take the main road.

"Miss Yang will take you to a place." Yang Yu said that if it was before, he would take Han Qingfang to the attic of the school and have a big fight. But now, Yang Yu has a closer and more convenient place.

Han thought, why don't I take my teacher with me?

It's half past nine.

The starry sky is bright.

Han Qingfang motioned several times that Yang Yu could hold her hand, but Yang Yu was still afraid that the villagers would see her, and he was afraid that he could not say clearly.

I walked for more than ten minutes.

To the straw house under yusao's house.

"Here? This is a straw house. " Although Han Qingfang was disappointed, it was better to have a nest than to fight outside.

Yang Yu then went to take Han Qingfang's hand and pulled into the straw house.

"Climb up." Yang Yu pulls Han Qingfang around to the back of the straw pile, drags Han Qingfang's butt and pushes her up. Han Qingfang's strength is not so big. It's much harder to get up than yusao. Fortunately, Yang Yu is dragging himself below.

They climbed up to the second floor. Yang Yu turned on his flashlight and put it into the straw pile. The light came out like a ball, which immediately brightened up the straw nest.

"Ha ha, I didn't expect there was a nest here." Han Qingfang originally thought that he was just lying in the straw pile to dry, but after climbing up, he found that it was not only quiet here, the walls covered the wind and rain, the temperature was much higher than outside, the straw pile was not easy to dissipate heat, sitting on it was very warm.

"Wait, let's make it better." Yang Yu said that he wanted to tidy up and arrange the straw nest.

Now sitting position is still very cold, Yang Yu pulled a lot of straw over, and then mat under, so whether sitting or lying on top are very soft, suddenly had the feeling of bed.

Then the last time I was making out with sister-in-law Yu, I was leaning on a pile of straw. It was too soft to rely on. Yang Yu moved the center of the nest again, and there was just a roof beam. Then the two sides and the top were made, forming an inward concave nest, like a bird's nest embedded in the wall, like a cave, straw hole, enough for two people to stay inside.

"We're all birdmen. Ha ha Han Qingfang found that after being straightened out, it was really beautiful, hidden and warm. It was very emotional: "if only I could cover the hole."

Yang Yu took off his coat and put it under Han Qingfang to make it cleaner.

"No one is afraid to see you." Yang Yu goes to pull Han Qingfang and signals her to move over.

In this kind of place, Han Qingfang is still a little shy, or he will look at Yang Yu. You know, just now, I was still tutoring myself, but now I have to

"we haven't loved each other for a few days?" Yang Yu deliberately seeks this kind of topic to chat.

"It's been a week." Han Qingfang turned her eyes and thought about it for a long time.

"It's been such a long time. Ah, there's only one month left. What if we don't get involved?" Yang Yu said and laughed on purpose.

"There are still two months of summer vacation." Han Qingfang thinks it's not so easy to be black.

"Teacher, how dark is it now?" Yang Yu secretly teases the way.

Han Qingfang glared at Yang Yu and said, "No. It's not that fast. "

"Do you like to be black?" Yang Yu steals music.

"Didn't you ask? Anyway, sooner or later, it will be blacked out by men. It's better to be blacked out by men who break their own place. " Han Qingfang said it very lightly, so she could hear it clearly.

Yang Yu really wants to make Li Ruolan black. Last time he made her, although he didn't look at her carefully, he seemed to be quite pink.

Of course, the most tender one is Xiaomei. She doesn't even have hair. Maybe Yang Yu will go to Xiaomei's house tomorrow.

Yang Yu leaned against the beam in the straw nest and flashed the flashlight from the outside to the inside. In this way, the light inside was brighter and the light outside was less transmitted.

Then he said to Han Qingfang, "sit up."

Han Qingfang lowered her head. It seemed that after so many times of work, she was a little shy when she was fighting outside for the first time. Then she sat on Yang Yu's thigh with her legs apart, and put her hands around Yang Yu's neck.

Yang Yu reaches into Han Qingfang's clothes to unbutton her bra.

"Can you keep your clothes on? I'm afraid of the cold." Han Qingfang thinks it's safer to put on some clothes.

In fact, Yang Yu wants to feel it. He doesn't take off his clothes, but he always takes off his trousers.

"I'll take off your pants, you take off my pants. Hee hee." Han Qingfang said with a smile, then lowered his head and went to pull Yang Yu's pants. Yang Yu has been prepared for a long time. Of course, he won't wear jeans that are tight and difficult to take off. Instead, he likes to wear sports pants in his leisure time. He just pulls them down. "Mr. Yang, why are you so big?" Han Qingfang asked shyly.

"Natural." Yang Yudao.

"The first time, it really hurt me. I still hurt for a day when I went back." It's fun for Han Qingfang to touch his face.

Yang Yu likes such girls.

She is beautiful in appearance and very sexy in figure. She is usually serious, clever and docile. She is not abusive and does not talk about her friends and girlfriends. However, she is open-minded. When she gets to bed, she will be coquettish, especially when she is only open to you.

In front of others, she is a good girl, an affectionate girl.

Before long, the two became ambiguous, doing indescribable things.

## **Chapter 191**

Weekend is the favorite day for teachers, students and office workers.

After several consecutive days of overcast weather, the Lord of heaven has given face in these two days. It's a good day again.

Last night, Han Qingfang was so dry that she wanted to cry without tears. After that, she was crying and patting Yang Yu, shouting: "asshole, asshole, asshole, I told you to stop."

Yang Yu has been coaxing her, coaxing for a long time, she was dispirited.

"Why not next time?" Yang Yu coaxed and laughed.

"You've done me such a good job. Do you want me to give it or not?" Han Qingfang tilted her mouth and looked like a coquettish little woman for the first time. It was a bit like Yunxi.

Yang Yu kisses Han Qingfang on the forehead.

"Mr. Yang, you are really good. I guess you will conquer all the women who sleep with you." Han Qingfang said this, I don't know whether it is full of jealousy or jealousy.

"No matter how powerful it is, you can't force it on." Yang Yu must be modest, low-key, low-key, quietly dry woman.

"I don't want to fight any more. After being conquered by Mr. Yang, I'm sure I will. I'm a woman. I understand. You believe me Han Qingfang said that she really understands women.

Yang Yu is still puzzled, isn't he? I can't see that, Yang Lin and Han Jing, they don't have it. After they do it, they are more fierce to themselves.

Good work last night, good sleep at night, or get up early.

There are two things to do this weekend.

First, find the village head to find a way to contract some land.

Second, investigate the water ghost.

However, before you go to the village head, you have to go to widow Liu.

Widow Liu was very grateful to Yang Yu. She saved her son's life and gave him a chance to go to school. She drove away Zhang Yang and uncle Ming, two hooligans who always wanted to give her advice. She also cured her gynecological disease and thought for herself.

Liu was willing to thank the widow later.

"Is Mr. Yang looking for me to vent?" Widow Liu sees that Yang Yu has come to find herself. Will she come to vent her anger? I didn't expect to ask directly.

Yang Yu, embarrassed, shook his head in a hurry and explained: "Aunt Liu, no, it's not. I'm looking for you to talk about something trivial."

On hearing this, widow Liu was disappointed.

"Does Aunt Liu have any fields left vacant? If so, I'd like to rent some. " Yang Yu thought, widow Liu, a woman, how many fields can she plant? There must be a lot of space left. It's best to rent it to grow your own vegetables.

"The land is empty. Just take it and plant it. It's just, what do you want to grow? I think your family has grown a lot of dishes. " Widow Liu sighed that Yang Yu was willing to help her with everything she said, unconditional.

"Ha ha, it's like this. Planting a la carte and selling it in the city can earn a small sum of money, so you have to pay off the debt for a variety of dishes." Of course, Yang Yu doesn't say it's to start a business. Instead, he says it's to pay off debts. When you earn money, many people will come to fight for your job.

Widow Liu let out a sigh of sympathy. Yang Yu's uncle is in prison. In fact, Si Xiaoyun is the same as herself, but she is much luckier. She has three grown-up daughters and Yang Yu's help.

"Brother Yang, you should eat our dishes. They are delicious." Stupid two cows didn't know where they came from.

"Er Niu, what's the matter? Are your dishes grown with ginseng? Better than others? Ha ha." Yang Yu touched Er Niu's head. Since he went to school, he found that he had become clever.

"Yes." Two cattle unexpectedly return a, return a way seriously.

The child said he was stupid. It was stupid.

"At school, how about it? Did anyone bully you?" Yang Yu squats down and asks about Er Niu at school. In fact, Er Niu is really big. He only entered the first grade of primary school when he was ten years old. Is that because he was stupid?

Rural school late, after all, his birth month is big, originally last year was to go to school, the result met that thing, silly, fool still go to school?

"He doesn't understand. Why don't I go to the vegetable field and pluck some for you to eat?" Widow Liu really didn't have anything to send. Erniu said that the food was delicious, so she just said so.

"No, my family is short of everything, but there is no shortage of vegetables." Yang Yu joked that there was a lack of meat at home, and there were too many vegetables to eat.

Widow Liu was not embarrassed. She took two Chinese cabbages directly from the yard and handed them over: "they were picked in the morning, too. Take them and have a look. They are the same dishes. Maybe they have different tastes."

Of course, Yang Yu wants to refuse, but this sentence says that he has gone to the bottom of his heart. Everything has good and bad, good and good. Is there no vegetable?

"Yes, thank you. Thank you." Yang Yu took the dish and quickly said thanks. In fact, it's nothing to thank for taking two cabbages, but it's not this that Yang Yu thanks. It's widow Liu's words that remind Yang Yu.

If the green vegetables I provide are not only healthy, but also more delicious than others? Then the competition will be more powerful.

returned home, as like as two peas, Yang Yu asked aunt to make two identical dishes, one was her own dish, the other was Liu's widow's home. My aunt was stunned.

Before lunch, Yang Yu goes to Li Ruolan to find her investigation.

"There are countless people drowned in the reservoir in the past ten years. Most of them are children and men, and few are women. Take a look." Li Ruolan handed over the materials and looked at them one by one.

Yang Yu spent half an hour watching it and frowned.

"Did anyone die unjustly? Such as murder, or forced, or, anyway, not drowned in a normal accident. " Yang Yu asked, these people are normal accidental death, there is no doubt.

"I collected it from the death department, and I specially confirmed it with the village head. It's very accurate, and I went to the police station to lie down and pull down the information. However, there should be no information you want. Do you still believe in water ghosts?" Li Ruolan is smiling, elated, catching ghosts? This is the wrong way.

"It shouldn't be. Is there any omission?" Yang Yu is in a dilemma.

It's a weird case to start with.

No trace, no fingerprint, no motive, no regularity, no personal shadow, no clue, looking for a needle in a haystack.

"Even if there are omissions, we can't find them." Li Ruolan knew that with the energy of two people, not to mention Yang Yu was still so busy, it would be impossible to look for a needle in a haystack.

"If we can't find out, we have to change our thinking direction." Yang Yu is also in a dilemma. He just has a better logical thinking. After all, he is a math teacher, but he is not a detective and has no experience.

"Shall we check the source of the fingerprints? Is it related to religion? And why to cut off eyelids? What does it represent? " Li Ruolan began to meditate. These two problems have been bothering her all the time.

It's like a pair of strange hands that Yang Jue out of the hell to deal with, but it's like a pair of mysterious hands that he can't explain.

How old is the motive? How old is the old man? It doesn't matter.

Yang Yu's head wants to explode.

Will the water devil really come to claim Yang Lin's life? Impossible.

Yang Yu came home with a lot of questions, just in time for lunch.

"Mom, how do you cook two bowls of cabbage? Is our family so poor? " Far away, Yang Yu heard the second sister shouting at the dinner table.

"I asked my aunt to cook it. Let's try it. Which bowl tastes better." Yang Yu said.

"Is that true? I must have grown something delicious. " With that, they all ate two bowls of cabbage.

"How's it going?" Yang Yu is not in a hurry to eat, want to see their meaning first: "Yunxi, you say first, which is delicious?"

"No, it's much sweeter than that." Yun Xi points to a bowl without thinking and says.

"The taste of this dish is really different. It's definitely not from our family. It's much sweeter than ours." Cousin Li Yuanxi also expressed her views.

Yang Yu is really curious. It's impossible for the same cabbage to have such a big gap, isn't it?

"Is it because we are tired of our own food that we can taste other people's food?" Yang Yu said that this is the common heart of people. Other people always feel thirsty for things in their bowls. Other people's girlfriends always feel more beautiful than their girlfriends.

"Xiaoyu, you can eat it. It's delicious. I've eaten all kinds of cabbages for so long. It's this bowl. The taste is really different. Where do you come from?" Aunt is also savoring.

"I really don't believe it. It's impossible. There's such a big difference. I'll eat it myself." Yang Yu is curious, but also feel incredible, only their own taste.

## **Chapter 192**

Yang Yucai took a taste, put down his chopsticks and ran out.

Everyone was in a daze.

"My cousin's psychosis again?" The second sister is really forthright.

Yang Yu ran all the way to widow Liu's house. He answered that sentence and didn't want to insert Liu Chengyin. Widow Liu had just had a good meal when she saw that Yang Yu was puffing and staring, and she was scared.

"Xiaoyu, what's the matter with you?" Widow Liu doubts a way.

"Widow Liu, how do you grow cabbage? It's different from our family. " Yang Yu only took a bite, and felt that the taste of the cabbage was different. It was not only a little sweet, but also a little delicious.

It tastes like seafood soup. It's fresh, sweet and fragrant. It's full of water and tender. It tastes totally different. How do you grow such delicious cabbage?

Yang Yu can't wait to know the answer.

"I didn't put anything, just like you. I guess it's the river in the front mountain." widow Liu also found it by accident.

Yang Yu ran out of the road and looked towards the small river in the front mountain.

the mountains on the north and west sides of yunu village are very high, with an altitude of more than 1000 meters. Yunu faces north from Henan, The river flows all the year round, and this one in Qianshan is a small river. It will dry up in winter. The source of the river seems to flow out of the rock crevice in Qianshan. Yang Yu guesses that after washing the rock, it should be very sweet and rich in minerals.

Yang Yu guessed that the reason why the cabbages are so sweet and delicious is that the river has been washed and infiltrated by these rocks for a long time. No one in the village has found such a great opportunity to earn money?

Yang Yu looked at the land on both sides of the river. It was empty in the middle and upper reaches of Qianshan. It was originally a mountain. Until the lower reaches, there were terraces on the right side of the river and some rice was planted.

On the left side of the river, it is also a piece of uncultivated open space. Not far from the left, the middle reaches of the river is the familiar Taohuayuan, but the distance between Taohuayuan and the river is still a distance and open space.

"I don't know whose this wasteland belongs to. Why doesn't it grow anything? The key is the downstream terrace. As long as the terrace is contracted, maybe I can find the village head to contract all the land on both sides of the river. Now with the help of Xie Tianshi's sales channel, the whole food company can operate. Maybe it's really hopeful. "

Yang Yu muttered in his heart.

But now, what needs to be confirmed is that the cabbage is so sweet. Is it the reason for this mysterious river? Yang Yu was so excited that he quickly went back to widow Liu and said, "Aunt Liu, don't tell anyone about this for the time being, so as not to let the villains in the village get into trouble. Do you still have the seeds of your dish? I want to take some back. "

Yang Yu said with a smile that people who teach mathematics are very logical. Maybe it's not water at all. Maybe this dish itself is different?

Therefore, Yang Yu is going to do an experiment first, and then talk about the contract with the village head in detail. Moreover, the contract must be won quietly. If there is no money, he must borrow from Lord Qin and earn a lot of money. That's the king's way.

In this way, you don't have to go to the village head to discuss the contract. First, wait two weeks, and then start after the experiment is confirmed. Then, you spend a week planting vegetables first. When the seedlings grow up, you can catch up with the summer vacation. At that time, you will have a lot of time to start a business.

Now let's go and find out who owns the land and which belong to the village.

Back home, Yang Yu personally planted the vegetable seeds from widow Liu's home, and then he also planted his own vegetables on widow Liu's land.

In the past, Yang Yu also thought that widow Liu was a bad luck star. But now, Yang Yu thinks that the nightmare brought by widow Liu is a blessing in disguise every time.

His uncle slashed her son and put him in prison. Only in this way can Yang Yu take charge of everything in his aunt's house, and then he can tease his cousin Zhang Yang to bully her. After he runs away, Zhang Yang catches Li Ruoshui, holds his daughter back, and steals her with his girlfriend's sister.

Now, if you really contract to grow such delicious cabbages, you are going to grow them. You are all proud of widow Liu's answer: helping others is helping yourself.

It seems that we should do more good and less cheating in the future.

But every time I think of Li Ruolan's figure, her coquettish energy, and her girlfriend's sister, Yang Yu can't restrain her animal impulse, and Han Qingfang, how can she not be black? However, what Yang Yu thinks in his mind now is actually the figure of the milk God Hua Yuyan.

He's a real romantic. Sooner or later, he'll die of lust.

In the afternoon, if Zhang Meiyu had the chance to learn about the land policy, he would be the first to talk with the village head.

"Ah!" the village head sighed: "the Peach Blossom Land in the village has been harmed. People have run away, and they owe the government a lot of debt. The Peach Blossom Land is also deserted. Now no one is in charge of it. The villagers are picking and eating it casually. Now the village is very strict in the management of land contract." "Yes, yes." Yang Yu said with a smile, "I've been making up lessons for Zhang meiruo recently, but my foundation is too poor and I'm afraid it's not so easy to go to high school."

When village head Zhang heard this, he became nervous. In the morning, he had a chat with the high

school principal in the county and asked them to reserve a place for his daughter. However, they said that the most basic general high school score line must pass first, otherwise they would not be able to.

When village head Zhang heard that Yang Yu didn't hope to go to high school, he immediately panicked.

"Mr. Yang, you have to help my daughter get into high school anyway. If you contract land in the village in the future, just ask me. I'll help you with everything."

Yang Yu's play hard to get is really useful. First, tell Zhang meiruo that she can't pass the exam. If she does, it's all my credit. Can't you reward me?

"If you want to go to senior high school, you must try your best to please the village head."

"Oh, there's another thing. Do you have any impression of the village head? Has there been any special injustice in the past few decades? Leading to the death or drowning of the highest victim in the reservoir? " Yang Yu, by the way, asked if there would be a ghost drowning in the reservoir and becoming a water ghost.

"Ah." The village head sighed again, shook his head and said, "this matter, I'm just going to find you."

As soon as Yang Yu heard it, he was interested in it. Did he want a story?

"I've heard the horrible legend of the water ghost in the reservoir for nearly ten years. At first, I didn't believe it, but it's really too evil. You can't help but believe it. Every summer, the water ghost makes a lot of trouble. There are more people drowning in our Yunv Village, and it's useless to warn them again and again. This year, the trouble is more fierce than in previous years. All the water we villagers eat and drink comes from the reservoir, now Well, this water ghost invades every household directly, which makes the villagers nervous. But, we can't do it. We worship and exorcise the devil. A few days ago, we invited an expert. It's useless. Yang Yu, you solved the case of sexual perversion last time. Would you like to give me a move? This is not the way to go on after all. "

"So, I'm also looking for the water devil. I believe that as long as I find out her identity, it will be easy to do."

Yang Yu knows that the biggest problem now is not knowing the identity of the female ghost.

"I don't know what the water ghost is like. I haven't been a village head for several years, and I don't know much about the past." village head Zhang is still young, and his daughter is only in the third year of junior high school. Secretary Li is older, but Yang Yu doesn't dare to tell him, because his daughter is his own girlfriend. Like half a father-in-law, Yang Yu feels very uncomfortable.

"You could have asked the former village head. He has been the village head for many years, but it's a pity." Village head Zhang sighed again. In the past few years when he was the village head, he had not been very peaceful, so he did not lead a few days of stable life.

"What's the matter?" Yang Yushun asked his mind.

"It's a pity that evil spirits haunted me and then committed suicide." Every time village head Zhang thinks about it, it's still creepy. The former village head's death is really terrifying.

"Isn't it, haunted by evil spirits?" Where does Yang Yu believe in such a thing? In fact, he doesn't believe in water ghosts. The reason why he looks for water ghosts is that he thinks that the real 'killer' behind the scenes must be related to water ghosts, such as revenge.

That's why he said he wanted to catch ghosts in front of Li Ruolan. It's just a superficial meaning. Where can there be real ghosts and ghosts? The more you talk, the more evil you are.

"I've really seen it. The ghost's upper body and whole body are rotten, but people are still alive. If the zombie can only be locked in an iron cage, he has to declare suicide. I really know this." the village head recalled some scenes at that time, just like a movie. Those scenes were still in sight, such as rot, deformity, zombie, boundless power, gluttony, bloody, sleepless Language in the head of the village head beat, often think of let him vomit nausea, this is the most terrible thing he has ever seen in his life.

It's incredible that there will be ghosts in the world.

If Yang Yu didn't see it with his own eyes, he would not believe it. Even if he saw it with his own eyes, it can only be said that science can't explain it, and he can't prove the existence of ghosts.

There are no ghosts in this world. This is the truth. The unshakable truth of materialism is deeply rooted in Yang Yu's thoughts.

"Village head, who else in the village may know more about this?" Yang Yu continued to consult, and found that the village head still had a lot of village materials.

"Before, there was a goddess in the village, but she knew a lot about it, but she died this year. Even if there were no other people living next door to your house," the village head said.

Yang Yu Leng for a moment, the first half of the sentence heard clearly, the second half did not respond, what is living next door to my house? You mean Lin Yina's grandmother? She was a godmother? No wonder my aunt said she was weird.

After half an afternoon of asking, I didn't find out anything. It's really impossible to find a needle in a haystack. I have to go to see how Li Ruolan's black fingerprints are.

Yang Yu walked on the country road and looked at the time. Now his girlfriend either made up lessons for the students at home or went to the students' home.

If not, isn't it? Hehe, Yang Yu's heart has already begun to gloat. The last time I was caught cheating, it

was just a matter in front of me. I immediately forgot my lesson. This is the virtue of men.

Here I want to steal with Li Ruolan, there I also want to have a chance to have an affair with ruoshen huayuyan at night.

### **Chapter 193**

"To my sister again." In the yard, I met Li ruorong: "when will you come to me?"

"I'm looking for sister LAN because of the case." Yang Yu also specially emphasized the "case" to avoid getting too close to sister LAN and being suspected by Li ruorong.

Li ruorong is in the yard, repairing flowers and plants.

Rich people in the countryside that life is quite Ziwei.

"Yes? I think you two are very close. Are you having an affair? " Although Li is wild, she is careful and sensitive.

"Sister Rong, don't make such a joke. If Ruoshui hears me, I will die." Yang Yu is in a hurry to get rid of the relationship. Sister LAN and I are innocent.

At this time, Li Ruolan came out of the inner room.

"What are you talking about?" Li Ruolan had already seen Yang Yu in his room. He wanted to hear what they were talking about. But when he heard that, you, the second sister, had already been suspicious. She came out in a hurry to avoid suspicion.

Ruolan's sister doesn't know her very well.

"We are talking about that you two spend more time together than the third sister, so don't make any sparks." Li ruorong really dares to speak. This girl is not afraid of anything, and she has no cover.

"I wish I had such a young boyfriend, your sister. Even if I like Yang Yu, people still think I'm old, right, Yang Yu." Li Ruolan is ready to fight head-on. If he avoids or covers up, he will be doubted by the suspicious second sister. He will simply point out and take the facts as a joke.

"Sister LAN and sister Rong are so beautiful and talented. How can they take a fancy to my kind of rambling village teacher?" Yang Yu's IQ is high and his EQ is not so low. Although he often pretends to be stupid, he also knows what to say in any scene.

As long as Li ruorong is here one day, Yang Yu must always be on guard.

That is to prevent themselves from being found cheating with Li Ronglan, but also to prevent themselves from being seduced in the past.

Li Ruolan found a stool to sit down in the yard, and Yang Yu also sat down in the past. Li ruoreng was repairing flowers and plants in the yard.

"How are you doing?" Li Ruolan spoke first.

"Needle in a haystack, no clue. what about you?" Yang Yu is a little depressed. He has no clue and no breakthrough. The murderer is hiding so well.

"At least I found out the source of the black fingerprints." Li Ruolan is full of self-confidence, dare to pay attention to Uncle Marx?

"Well, you said you wanted to catch ghosts. Besides, what's so strange? It must have been another Christian who deliberately made the suspense to confuse our eyes. "It's strange that Li Ruolan has seen so many things before. She can't be scared by such a few broken things.

"But the question is, is that a clue?" Yang Yu feels that she has been fooled by sister LAN. How can she commit such a high IQ crime and kill a person by studying the Bible first? Are you tired?

"It's better to solve a little mystery than to find out nothing." Li Ruolan thought that Yang Yu would praise himself after listening to his investigation. Who knows, he even gave him a look on his face and immediately became angry:" check it yourself. "

get up and go.

"Sister LAN?" Yang Yu yelled all over and wanted to apologize. His tone just now was really over. Isn't that because sister Lan said it was too sci-fi.

However, then again, there are such people in reality. For example, the most famous "seven deadly sins" is to kill people according to their original sin, and the reason for his killing is extremely incomprehensible.

It can only be said that there are too many unknowns in the field of human spirit.

Yang Yu wanted to go in and apologize, but he thought about it. When he left, he went to find Li ruorong and said, "sister Rong, I'll go back first. Later, I'll apologize to sister LAN. I'm wrong. "

Li ruorong is bending over to spray water. She is in a good mood. She is doing lazy work in the afternoon.

Yang Yu looked across the flowers and plants from this angle, just saw Li ruorong's cleavage. Suddenly, his heart was shocked, and he was not surprised to sigh: what a beautiful baby.

Li ruorong suddenly raised his head, just met with Yang Yu's vision, and found that Yang Yu was peeping at his Mimi.

"Last time I said I would take off my clothes and touch you. Now I'm peeping at my milk. Are you serious." Li said with a smile. Her eyes were straight.

Yang Yu found that he had been helped. He could only dress in a daze and smirk. Then he said foolishly, "sister Rong's milk is really beautiful, but you are Ruoshui's sister, so "

" so you dare not touch it?" Li ruorong pursed her mouth deliberately, and said in a coquettish tone.

"To tell you the truth, which man wants to be so sexy." Yang Yu is a fool, so he should continue to be a fool.

"Ha ha." Li ruorong laughed, and seemed to be very happy with Yang Yu's exaggerated smile: "this is the happiest thing you have said since I met you. Then you say, I am beautiful or my sister is beautiful?"

Yang Yu hesitated. No matter how to answer this question.

"If you say I'm beautiful, I'll tell Ruoshui to go." Li Ruo Rong is afraid that Yang Yu will do something in front of him. If he does something in front of the water, he has to force him to tell the truth. "To tell you the truth, sister Rong, you are beautiful. Really, I'm not afraid to tell Ruoshui that you are beautiful.

"Yang Yu must say that sister Rong is beautiful. If she gets angry, she can be coaxed in private, and it's much better than sister Rong.

After hearing this, Li ruorong was in full bloom and even more aggressive: "next time I give you milk, do you dare to touch it?"

"dare not." Yang Yu is determined to return.

Li's face suddenly changed.

Yang Yu immediately added: "I'm a normal man. Sister Rong's milk is so beautiful and attractive. I'm afraid that if I can't hold it, I'll be guilty if I do something criminal."

"ha ha, you are really good at speaking. OK, let you go and remember to come over to rehearse in the evening."

## **Chapter 194**

On the way home, Yang Yu is still thinking about Li Ruolan's words. Although it sounds like a fantasy, he feels that something is wrong, such as black cat. The last time I went to find Xie Qiuqiu, the black cat from the next door neighbor's young model family attacked me. At night, I still stood outside the window. The last time I followed a pervert, I saw a black cat in Lin Yina's house, still black pupil.

Black cat is evil again. Are these really just coincidences?

However, this week passed, and there were only three weeks left from what Yang Lin said in her dream. No matter how ridiculous it was, Yang Yu didn't want to take the risk. What if it really happened?

There is no medicine for regret.

There is no regret medicine, but the aphrodisiac is a pile.

When Yang Yu got home and went to the attic, he found that the second batch of aphrodisiac flowers had come to fruition. Sometimes these folk remedies are very useful, especially in the back mountain of Yunu village. It's like a primeval forest. No matter how mysterious it is, Yang Yu already feels that there are many treasures in the back mountain, aphrodisiac flowers and strange insects biting his second son.

When you have consciousness, you must go in and see what else you have. If only you could make a moonlight box, hermit, clairvoyant and mind reading. Of course, Yang Yu thinks too much and dreams again in the daytime.

Yang Yu has tried the aphrodisiac twice, but it's not so good. She has two beautiful virgins in vain. It's just for breaking the place. Those girls who have no sexual experience and are over 14 years old also hurt the shy little Lori, those young women with moral shackles, those women with boyfriends, even stars and models. I don't think you will give in?

However, there are still many drawbacks in Cui Qinghua's desire for immortality. Yang Yu is going to study and improve it, so that it will have more stamina and slow attack in the early stage. In this way, it can be silent, so as not to be directly seen through by Yang Lin like the first time.

It's easy to have an accident.

"Miss Yang, what kind of flower is that?" Zhang Meiruo didn't know when she climbed into the attic and quietly stood behind Yang Yu, with her exercise book in her hand. This was her first time in teacher Yang's room.

Yang Yu was just daydreaming and was startled.

"No, no, the teacher is trying to make up for you." Yang Yu felt guilty and quickly opened up the topic. But Zhang Meiruo still stares at the strange flower. It's the first time in her life that she sees it. The fruit looks like a woman's private organ. This is her first feeling.

"Oh, I can't do a problem." When Zhang Meiruo heard about making up lessons, she didn't show irritability, which surprised Yang Yu.

What happened to the child?

It's already hot in May, especially in the afternoon. Zhang Meiruo wears very thin clothes, and her

breasts push up her short sleeves. Moreover, at home, Zhang meiruo has already worn shorts, and her white thighs make Yang Yu flustered.

"Your father has high expectations for you. Mr. Yang will help you get into high school anyway. It's not for the sake of fame or bonus. It's just that if you don't go to high school, what's the way to go?" Yang Yu does ideological work for Zhang meiruo while making up lessons. In fact, she is also a smart girl, just spoiled.

"I know you hate teachers. It's only been a month." It's the first time that Yang Yu talks to Zhang meiruo from the bottom of his heart. If Zhang meiruo is a school flower, she is not so beautiful. Yang Yu doesn't want to be a bubble? That's a fake. But if people don't like you, what's the point of being strong? Men's courage is not experienced by violence alone.

"I don't hate you. It's just that sometimes it's too willful." One thing last night made Zhang meiruo feel very much. It was the first time he met Mr. Yang and got angry. A month later, everyone went their own way. What else do you hate?

Yang Yu suddenly feels that Zhang meiruo has become a lot more sensible.

"Last time snow white..." Yang Yu is most worried about this matter, deeply afraid of Zhang meiruo gossip out.

"I don't care about your sleeping with the girl students. I won't tell anyone about what you like." Zhang meiruo wrote the title and peeped at Miss Yang twice. She felt strange about Miss Yang.

Yang Yu immediately took a reassuring pill.

"You are so beautiful, don't you want a boyfriend?" Now that Yang Yu has opened this topic, he feels as relieved as Zhang meiruo. Just now, he talked about it.

Zhang meiruo listened to this and thought it was nonsense? I am a campus belle. In the school, the boys in the village are all woodlouse woodlouse.

"High school." Zhang meiruo said perfunctorily.

"You may not be able to enter high school. How can you find it?" By the way, Yang Yu excites the general. However, it seems that if meiruo doesn't have any interest in herself, she may not be able to get it. I can only trust her to be admitted to high school, and then go to the village head to contract the land, and then grow vegetables to earn a lot of money, and then, hehe, go to high school or university to take care of school expenses.

"Who said I couldn't get into high school?" If Zhang meiruo is unconvinced, now she thinks that Miss Yang is right. She can't pass the exam. In this rural area, she can't even find a boyfriend. No wonder Bai Xue will love Miss Yang. Zhang meiruo suddenly understands. Yang Yu also wanted to enlighten and

brainwash Zhang meiruo. For example, it's too early to break. High school is too late, and junior three is the best. However, looking at Zhang meiruo's look, Yang Yu can't make a joke.

"Miss Yang, are you a virgin or not, or are you ridiculed?" Zhang meiruo suddenly asked such a puzzling question.

It's no wonder that in this village, there are no sex education classes at all, and there are no convenient sex physiology classes for girls, such as development, holidays, wearing bras, love, kissing, love, which should be told when they are at a hazy age. It's normal to have doubts.

As soon as Yang Yu heard this, although it was an excellent opportunity to brainwash, as a teacher, of course, he had to educate correct values.

"Of course not. Zhenwan is a holy thing for women. It can't be given casually. It must be left to the beloved man. Let you have no regrets that man Yang Yu said it was sacred on the surface, but he cried in his heart. He didn't think so in his heart. In his heart, he wanted to say: a woman must be broken at the age of 16, or she will be an old maid. How can Yang Yu say that?"

I'm a teacher of the people. How can I say that?

"Then why did Snow White cheat on you? Is it her first time?" If Zhang Mei doesn't understand, is Bai Xue in love with teacher Yang?

Poof!

Isn't that obvious? You said it yourself. You love what I want.

"Well, it's her first time." Yang Yu avoids the first question and answers the second one. Although she doesn't know why Zhang meiruo asks these questions, she is the biggest now. What if she gets angry and shakes out her own scandal?

"That they say the first time very painful you" Zhang meiruo stuttered, in fact, the heart is to ask: Mr. Yang, you guys are so big, snow white is so petite, how can you get in? Even if she goes in, it will hurt to death. How can she stand it? She is so painful. Miss Yang, will you screw her for the first time?

Although Zhang meiruo has no sexual experience, she doesn't understand it. Last time I saw Mr. Yang's guy in the toilet, and also saw the scene of Mr. Yang's crazy work on students, so she wondered, since it's all so painful, how can Bai Xue agree with you when you are still so crazy about her for the first time?

If you change yourself, you will not be allowed to continue to work. How painful it is.

Zhang meiruo is very afraid of pain, quite afraid of pain.

But if Zhang Mei doesn't dare to ask these questions, she usually can't ask others. All her classmates are

virgins, her parents and teachers don't teach her these things, and there are no computers and prestige in the countryside. Who can popularize her knowledge?

Like most rural female students, Zhang meiruo is curious about the unknown world, but they are afraid.

In this kind of want to try and dare not try the contradictions tangled, struggling.

The shackles of feudal morality are firmly around their necks, but this generation is different after all. At least what Yang Yu teaches them is that people have the right to enjoy the freedom of sexual love, and of course they have to be responsible for the outcome.

"Are you afraid of pain?" Yang Yu could not guess what Zhang meiruo wanted to ask and express, so he could only guess. But Yang Yu is puzzled. How dare Zhang meiruo talk about these sexual topics with herself in the afternoon? When she mentions this kind of thing a little, even if it's just a joke, Zhang meiruo will train herself like a shrewd second sister.

Yang Yu's heart is jumping like a white rabbit. These topics can be talked about by people with general relations? How did meiruo talk to herself about these things? Do you? Do you? Do you?

"Well, I'm afraid of pain. I'm most afraid of injections." Zhang meiruo is in a good mood today. Originally, she didn't hate Yang Yu so much. It's not because he disclosed that he read pornographic magazines, and that he was in the toilet and in the classroom with his female students, which made her feel that Yang Yu's perfect image was destroyed.

But Mr. Yang is always very good to himself. He likes himself very much. He lives here. He talks about him and scolds him every day. He just smiles and never feels at ease. Last night, Mr. Yang was in a bad mood, and Zhang meiruo suddenly felt her heart tremble.

She found that when Miss Yang was unhappy, she was not as happy as she imagined, but also unhappy.

"Fool, because of the pain, I will remember the man who entered your body for the first time in my whole life. The first time is only once, and the pain will give it more sacred meaning." Yang Yu even doubted that he was a philosopher and how to say such philosophical words.

It turns out that it makes sense to talk about life with my sister.

Zhang meiruo was stunned for a moment, thinking: I don't know where the first man who entered my body is now? Snow has broken, but I don't even have a boyfriend. I'm a school flower. Forget it, it's too embarrassing not to ask Mr. Yang. Next time, ask Han Qingfang, she should understand.

## **Chapter 195**

Yang Yu is very happy to have a close relationship with Zhang meiruo. Although he has been a prostitute, if he puts Zhang meiruo, who is a fierce, grumpy, and noble princess, under pressure, and is vented by himself, he is just thinking about it. Like Li ruorong, he does not dare to expect too much.

Speaking of Li ruorong, Yang Yu really loves and hates this woman.

Seriously, this woman and man really want to commit a crime.

Just because she is the sister of her girlfriend, Yang Yu dare not provoke or touch her. Tonight, the beauty dance company has to rehearse, so she can't escape.

"Hold my waist." Li ruorong is half stuck in Yang Yu's body.

Li ruorong has the foundation of dance. She thinks the dance is a bit monotonous, and should add some interesting content like the live version. So, during rehearsal tonight, Li ruorong came up with an eight beat, which is to surround Yang Yu and seduce him. Then Yang Yu hugs her waist, touches her chest, and looks at her with lust.

"Sister Rong, I really want to do this." It's a bit shy of Yang Yu to hug Li ruorong's waist in front of so many people.

"It's just a line dance. It's not real. What are you afraid of?" Li ruorong doesn't think it's any good.

Yang Yu looked at his cousin Li Yuanxi. He was afraid that she might misunderstand or be jealous. Here he only cared about her feelings.

"Sister Rong is a beautiful woman in our village. Many men in the village dream of cuddling. Sister Rong is in such a good mood today. She's taking advantage of you, and you've installed it." Hua Yuyan didn't expect that Yang Yu would be shy and feel very cute. She thought that Yang Yu would rush up like a wolf. Although she said so on the surface, she was suspicious in her heart: Yang Yu didn't even move sister Rong. Is it a gay or impotence?

If Yang Yu wants to know that Hua Yuyan thinks so in her heart, she will be so sad. Dare to say that I am impotent? I don't want you to kneel and beg for mercy?

I had to put my hand around Li ruorong's waist, but I didn't dare to look her in the eye. I'm afraid I can't hold her. That's a crime.

Li ruorong's waist is very thin and soft. It's really comfortable to hold it.

"Now you are playing to seduce me. If you want to look at me, you must have a good expression when you dance." Li ruorong stooped back and fell on Yang Yu's hand. When he found that Yang Yu's eyes above completely avoided him, he was not happy. He taught him how to express the charm of dance.

Yang Yu where dare to see ah, had to secretly look at, immediately nose blood to spray out.

Because Li ruorong is lying on his hands, it's like being pressed by himself. Suddenly, a shower fire surges

up and his face is hot.

"Look at me." Li ruorong is to force Yang Yu to see himself in front of everyone.

Yang Yu couldn't help it, so he had to take a hard look. Li ruorong's eyes were not as sharp and domineering as usual. Suddenly, they were as soft as a lady, looking at herself affectionately.

That look really can let a person commit a crime, looking back a smile hundred Mei lives.

Yang Yu took a deep breath and was stunned. For the first time in his life, he looked directly into Li ruorong's eyes. The first time he looked at each other was nothing special, but the more he looked at each other, the more wrong he was. Ten seconds later, suddenly, he got an electric shock. For a moment, they moved their vision away almost at the same time.

God, how can I get an electric shock with Li ruorong? Yang Yu's heart was beating, and he was still flustered. What happened at that moment? How does the current sweep the whole body?

If Yang Yu is shocked, then Li ruorong is really frightened. She specially arranged such an intercalation dance. In fact, she originally wanted to tease and seduce Yang Yu, but what Li ruorong never dreamed of was that she got an electric shock.

God, how could this happen? I rob my sister's boyfriend not because I like her, but because I am angry and not satisfied.

Li ruorong left Yang Yu's arms in a hurry, turned around and did not dare to face the crowd because his face was red.

"I'll go to the bathroom. Let's have a rest." Then Li Ruo Rong left the room.

Just out of the room, seeing no one, Li ruorong leaned against the dark wall, thumped her chest and said to herself, "what happened just now? I got an electric shock with my sister's boyfriend? I seduce him just for fun. I don't want to seduce my sister's boyfriend. "

Li ruorong suddenly got upset.

In fact, Yang Yu has been restraining Li Ruo Rong from seducing her. From the first day when she went to Secretary Li's house for dinner, Li Ruo Rong seduced her with words, body and eyes. She exposed her thighs and even milk in front of Yang Yu. She said that she was numb and had goose bumps. It was really painful for Yang Yu because Li Ruo Rong was too sex.

Which man can stop it? But Yang Yu thought that he could be indifferent to Li ruorong's seduction, but he still moved the animal desire and ordinary heart.

However, you can get the lust for anyone, but not for Li ruorong.

It's hard just now!! I don't know if other people have seen their indecent behavior, especially my cousin, but don't find that they were hard when they were holding Li ruorong just now. It's really hard to wash by jumping into the Yellow River. Yang Yu felt that he did not dare to see Hua Yuyan and his cousin, for fear of embarrassment.

"I don't feel at ease when I go to the toilet. Just now, an old man was hiding in the toilet peeping. It scared me to death." Li ruorong just calmed down and went to the toilet to pee. Who knew that there was an old man standing outside the window of the women's room peeping. Fortunately, he found out.

"It must be the bad old man Liu Yong. I met him last time. It's disgusting." Feather heart on hearing this, immediately think of the last time he was peeping on the toilet.

"I dare not go to the toilet when you say it. Li Yuanxi, shall we go together?" Hua Yuyan just had a good chat with everyone. She suddenly forgot about going to the toilet. Now when she was mentioned, she suddenly wanted to pee.

"I don't want to be peeped. I don't want to go." Li Yuanxi is very strict with her body and doesn't want to be seen by any man.

"You two, go with me?" Hua Yuyan is also called the other two.

"No The two girls shook their heads hard. It was cold and snowy tonight.

"I'll go by myself. I'm afraid. I'm not a ghost." Hua Yuyan is angry, but as soon as she comes out of the room, it's dark outside. Although the toilet is not far away, it's very desolate there. This night, the administrative building is cold and clear, and there is no one left. She immediately shrinks back.

"Yang Yu, go with me. "Hua Yuyan has no choice but to let Yang Yu accompany her.

"Me? Yuyan elder sister, my male, inconvenient. "Yang Yu touched his head. If he changed his cousin, he would follow him without calling. But now, people call him, always have to take into account the feelings of cousin ah.

Yang Yu turned to look at her cousin and found that she was chatting with them happily.

Who knows, Yang Yu is still hesitating, milk God flower language Yan directly come over, pull up Yang Yu to go out to the dark toilet.

Outside, the moon is frost.

Tonight, it's strange that there's no breeze, dry weather.

Hua Yuyan takes Yang Yu's arm and looks east and West. She is afraid to see the voyeurist. She is a little

afraid. In addition, Hua Yuyan is even more afraid of the recent ghost incident in the village. Fortunately, Yang Yu is with her.

Along the way, Yang Yu didn't speak, so he became a companion. After waiting outside the women's toilet, Yang Yu stopped and found that there was no light in the women's toilet at all.

"Sister Yuyan, here's the flashlight. I'll wait for you outside." Said Yang Yu.

Hua Yuyan stepped into the toilet, even pressed the switch several times, the toilet light is not on. I looked up and took a picture inside. The women's room was quiet and dark. Although it was not far from Li ruorong's rehearsal room, it was also separated from the house. It was so dark outside the countryside that I felt completely independent.

Suddenly, a cold wind hit, flower Yan hit a shiver, feel very gloomy.

Ran out in a hurry, Yang Yu was standing outside and muttering about Li ruorong just now. Seeing Hua Yuyan coming out so soon, he asked, "so soon?"

"I'm afraid, you go in with me." Hua Yuyan twisted her body. With this twist, the milk in her chest swayed with her body. Yang Yu saw that her nose was bleeding.

The milk God is the milk God. If you twist your body, the milk will shake? Yang Yu would like to jump in and eat enough.

"Isn't it right for me to go in?" Yang Yu said this on the surface, but in his heart he thought: it's time to let me in. There's no one here, and it's so dark inside. It's better to let my brother go into the box with you. Hehe, it's good to listen to the voice of the milk God peeing. But on the surface, Yang Yu has to act and disguise as a gentleman. It's really inconvenient for me to enter the women's toilet.

It's not convenient, mom! Life into the play, all depends on acting.

"There's no one inside. What's wrong? There's no light. I'm afraid you can come in." Hua Yuyan said, directly to pull Yang Yu's arm. Yang Yu pretended to be very embarrassed and didn't want to go in. In fact, his two legs almost ran in.

Since ancient times, women's toilets have been gloomy, not to mention in the countryside, or in a lonely village which is haunted one after another.

Yang Yu can't help shivering. Unexpectedly, there is a big mirror in the women's toilet of the administration building. The mirror at night always makes people feel uneasy. The toilet in the administration building is different. It is not a cottage, but an urban squatting urinal.

Hua Yuyan chooses a box in the middle and closes the door. Yang Yu stands outside.

Yang Yu looked around. Although a big man has nothing to be afraid of, the countryside at night is really terrible. Damn, I'm here to protect the milk God. How about being a man? Wait, why is there no sound in the box?

Do you want to peep? As long as you're a man, you'll have this idea. The milk God is peeing in the box. Yang Yu was struggling in his heart. He reached out quietly to open the door of the box next door, but the door still creaked.

Hua Yuyan is standing inside. She just puts a flashlight in place and is about to take off her pants when she suddenly hears a "squeak".

"Who?" Hua Yuyan yelled.

### **Chapter 196**

On hearing this, Yang Yu stops the action of opening the door. He thinks that he has been found and he is in a cold sweat. This is just a matter of fear, even if it's just peeping at a woman's urine.

But Yang Yu doesn't speak and scares Hua Yuyan. Is Yang Yu gone? "Yang Yu, are you outside?"

Of course, Yang Yu is outside and can hear clearly, but she just doesn't speak, which makes you anxious.

"Hello, are you outside?" Hua Yuyan yelled again, but no one answered. All of a sudden, Hua YuYan's fear swept all over her body. She was just outside. Why did she suddenly disappear?

Woo! Flower language Yan immediately urgent cry, this which still have mood pee?

He quietly opened the door of the toilet box and poked his head out. Yang Yu was standing outside.

"Where did you die just now? Why don't you answer me when I call you? " Hua Yuyan is certainly angry. Yang Yuming is deliberately frightening herself.

"I've been standing here. I didn't hear you call me." Yang Yu deliberately put on, how can not hear, not deaf. Looking at Hua YuYan's disbelieving face, Yang Yu specially showed his extraordinary superhuman acting skills: "sister Yuyan, I really didn't hear anything just now. I just heard someone open the door and" squeak. "

"You heard me, too? "Hua Yuyan specially looked around. There was silence in the toilet.

Nonsense! Of course I heard. I opened the door. But Yang Yu pretended to be frightened and scared, and deliberately played up the atmosphere: "is there anyone else in the toilet? "

" don't scare me! "Hua Yuyan patted Yang Yu on the shoulder, and then continued:" you come in with me. "

poof!

I made a list. I'll wait for you!

"Sister Yu Yan, this is not suitable. "Yang Yu started to put it on again, and he also put it on like a model.

"I don't mind. What else do you mind if I stain your innocence? Damn it. "In this village, she is the most popular goddess in the whole village except Li ruorong. She doesn't look at many men following her. Every time she goes out with Li ruorong at the same time, the only road in the village is going to be blocked. This is not alarmist.

Yang Yu had no choice but to follow him into the box.

Shut the door.

The box was very small and crowded. They were all close together.

"You have a flashlight. "Hua Yuyan said and handed it over. The space of the box was too narrow, but it was better than being scared to death.

Yang Yu took the flashlight and looked at Hua Yuyan. They looked at each other, a little embarrassed. But Yang Yu suddenly found that Hua YuYan's giant milk was just in front of his eyes. Yang Yu swallowed deeply. In the dark, he could see that the milk was white and shining.

Hua Yuyan is going to take off her pants, but she feels a little embarrassed. After all, she urinates in front of a man for the first time.

Yang Yu stood there foolishly. He didn't know where to shine the light of his flashlight. He felt that it was not suitable to shine anywhere. It was because he couldn't shine on the place where he should shine, such as Hua YuYan's milk or buttocks.

Hua Yuyan pulls down her pants and squats down. Yang Yu takes a sneak look.

Poof!

Yang Yu's blood gushed out.

Sure enough, two seconds later, Yang Yu heard the sound of splashing urine.

Hua Yuyan is also quite embarrassed at this time. She pees like an old lady. She is not a lady at all. She is so reserved that she can go back and pee slowly. Then she looks up at Yang Yu and finds that the boy is staring at her ass.

All of a sudden, Hua Yuyan feels more humiliated. By a man looking at himself squatting here to pee and

staring at his buttocks, his face turned red.

But at this time, all of a sudden, came the sound of water clattering.

Yang Yu looked down at Hua Yuyan, and the expression seemed to say: elder sister, you really piss a lot. Hua Yuyan saw that she was misunderstood and was about to cry. She quickly shook her hands and then pointed to the outside, which means: the sound of water is not the sound of my urination, it's from the outside.

Two people look at each other with four eyes. At the same time, they wonder, is there anyone outside? It can't be Leng Xiaoxue. Are they the peepers in the toilet?

Then there was a cat cry, and suddenly the sound of running water stopped, and then came the sound of slapping and kicking, as if someone was struggling outside.

"I'll go out and have a look." Yang Yu said softly that he was not afraid of losing face in the women's room. Anyway, he accompanied Hua Yuyan and didn't do anything wrong.

Yang Huayu said: "don't be afraid of me. "

the voice suddenly stopped.

Hua Yuyan also prepares, only then discovers did not take the paper towel, just peed fiercely, moistened that place completely.

"Do you have a tissue?" Hua Yuyan is sorry to ask Yang Yu for this. It's not appropriate for Yang Yu to accompany him to pee. He also pulls him into the box and listens to the sound of peeing. It's already very embarrassing. Now he's even more embarrassed to ask him for a tissue to wipe his bottom. So this sentence is very light. Yang Yu started from the sound of running water outside just now, but he didn't pay attention to Hua Yuyan. He felt that there would be no one outside.

But if there is no one, where does the sound come from?

After hearing it, Yang Huayu thought that she would not go back to take a bath. Then he got up and quickly put on his trousers. He was afraid that Yang Yu would suddenly turn his head or shine a flashlight on himself and see his dense black forest.

Hua Yuyan put on her trousers and pulled Yang Yu. Yang Yu just swayed.

"Pee?" Yang Yu asked.

"Well, what are you doing?" The flower language Yan sees Yang Yu just to be in a daze, asked a sentence.

"No, I'm fascinated by YuYan's beautiful ass, ha ha. "Yang Yu touched his head and laughed foolishly. At first, he was really looking at Hua YuYan's big ass and imagining the content under the ass. later, he was disturbed by the sound of water and thought about the outside.

However, Yang Yu is not in a hurry to get out of the box. The box is so small that they are crowded together. How romantic it is.

"You, go home and see your Ruoshui. Her ass is more beautiful than mine. "Hua Yuyan is smiling, such a small tease, immediately the sense of fear completely disappeared.

"But it's certainly not as big as Yuyan. "Yang Yu laughs foolishly. In fact, these two sentences are tentative. They are not explicit. They should be taken as a joke, and they don't affect her image. I want to test the taste and temperament of the woman with the nickname of milk God.

Flower language Yan listened to white her one eye, prepare to open the door to go out, result, NIMA, small trip for a while, the whole person all of a sudden uncontrollable rushed to Yang Yu body. Yang Yu didn't expect that Hua Yuyan would trip over suddenly. In such a narrow space, he directly rushed over.

Hua Yuyan is 175 + tall, while Yang Yu is leaning against the wooden wall, so she is a few centimeters short.

This flutter, not crooked, everything is like God arranged the same, flower language Yan the whole person all fell in Yang Yu's arms, the more deadly thing, two mouths unexpectedly sealed together.

Hua YuYan's lips and Yang Yu's lips perfectly touch each other, and they can feel each other's breath. Hua Yuyan suddenly widens her eyes, and Yang Yu is also frightened, looking straight at Hua YuYan's eyes.

You look at me, I look at you, forget what to do.

This situation came too suddenly. Yang Yu only felt that his chest was pressed by a soft and elastic meatball. The size was terrible. He was pressed by such a milk God. The guy under Yang Yu brushed hard and directly resisted Hua YuYan's belly.

By this top, flower language Yan just reaction come over, and at this time, two people have four eyes to see each other for nearly a minute.

How can Hua Yuyan be supported by such a big guy? The whole body is blazing up, and the face is red.

In this way, the two did not mean to leave each other's mouth.

If Yang Yu throws off the hooligans now and goes on, it's estimated that rushen huayuyan will give herself some tofu. Rushen's tofu can't be eaten by anyone.

But suddenly, the sound of the tap outside stopped.

So suddenly stopped, the toilet and restore the quiet, two people this just reflected each other. Hua Yuyan lowers her head and dares not look directly into Yang Yu's eyes.

"They're still waiting. Let's get out." Hua Yuyan fished her hair, glanced at Yang Yu and said.

Yang Yu knew that if he stayed longer, he thought they would come and shout. He laughed foolishly to ease the awkward atmosphere just now. Before going out, he touched her head again and said foolishly, "YuYan's milk is really big and soft."

"Tonight, you've taken all the advantages, you've seen your butt, you've kissed your mouth, and you've taken all the milk." Hua Yuyan is not angry, but she is shy. It's not like her usual style. Instead of her usual style, she's just like Li ruorong, kicking it.

"I didn't touch the milk." Yang Yu's hands were outspread, and he answered quickly.

"You want to touch it." Hua Yuyan joked, sounding more like a coquettish, and pushed open the door of the box toilet.

Ah!

Flower language Yan see the moment of the scene outside, said a resounding scream throughout the village.

In the washbasin outside the toilet, there was a woman lying on her stomach. Her whole head was soaked in the water, her hair fell down and she didn't move. Her feet collapsed straight, as if she had struggled desperately before she died. The posture of her hands was very strange, as if she wanted to bend her hands to pull the person behind her, as if someone was pressing her.

"It's Xiaodan." Hua Yuyan covers her mouth and looks pale. She is scared by the scene. She recognizes it through her clothes. It's Xiaodan from the beauty dance company. Just a few minutes ago, she was dancing with everyone.

Yang Yu rushed out for the first time, but what he saw first was the big mirror.

The mirror is bloody, with blood dripping on it and a line written: cursed village, you will all die.

## **Chapter 197**

Yang Yu doesn't care about the mirror.

Although in the heart extremely afraid, but still hastily helped Xiaodan's head from the water. Xiaodan's whole body is spread on the ground. Yang Yu pulls out the hair that covers Xiaodan's face, and the whole face is exposed.

Ah!

This time, even Yang Yu was scared. He was so scared that he climbed back several times. One of them stumbled and fell to the ground. Even the flashlight rolled down. He rolled to Xiaodan's side and illuminated the terrible picture.

The eyes of this face had no eyelids. The whole eyelids were completely cut open, revealing large hole like eyes. The eyes protruded out, looking extremely disgusting and terrifying.

And the expression is very strange, seems to see something terrible, a ferocious.

Hua Yuyan had already scared her legs to be weak. Her legs were as heavy as shot put. She couldn't lift them up. She cried when she hid in that box.

Yang Yu swallowed deeply. He had seen a lot of terrible things, but when he was staring at you, Yang Yu suddenly remembered Wang Ren's words: I am looking at you in the dark.

The rest of the toilet was dark except where the flashlight was shining.

Yang Yu took a deep breath and tried to calm himself down. He kept telling himself to be calm and calm. Then he slowly crawled over without looking at the face and the eyes.

Waiting for Xiaodan, he reached out and felt his pulse. He had already lost his heart beat. His whole body was stiff and cold, and he was dead.

Yang Yu just remembered that the voice a few minutes ago should be her struggle before she died, but he still flirted with Hua Yuyan and passed the murderer?

The next afternoon, Sunday.

Yunv village about the water ghost evil spirit of the matter is spread, all said that the village was cursed. People are flustered. The villagers who look at them dare not touch the water. They all say that where there is water, the water ghost can pass through and pull you directly into the water to drown.

That's why the fingerprints are on the back of the neck. It's the hand of the water ghost that comes out of the water and presses your head to drown you.

"Officer ray, what do you think?" Li Ruolan asked.

Police officer Lei came to the scene last night and sealed the scene. This morning, the relevant police also came to collect evidence and fingerprints.

Now police officer Lei and two police officers, Yang Yu, cousin, Li Ruolan, Li ruorong, Li Ruoshui, Hua

Yuyan and village head, are all in the courtyard of secretary Li's house discussing this matter.

Hua Yuyan is lying on Li ruorong's shoulder and crying all the time. Xiaodan is their good sister. How can she say she's gone.

"I found the old man at the gate of the administration building, that is, the voyeur you said. He said that he didn't see anyone else go in and out except you last night. Moreover, he specially cleaned the women's toilet during the day. In the morning, we took our fingerprints and found that there were no fingerprints of anyone except you. At the same time, there are no footprints or traces of crime. " This is as like as two peas in the same way as the water devil, who has no strange fingerprints, and no trace of the scene. This is almost impossible for man to do.

"Officer ray, do you mean it's really a water devil?" Village head Zhang looks scared. There have been four cases of water ghosts this year, and there have been three in a row this month. He is under more pressure than anyone else.

If we can't solve the mystery, I'm afraid his black hat will be lost.

"I really can't find any artificial signs, I'm afraid it's really a water ghost." police officer Lei felt guilty even though he had been a policeman for so many years. He even said such feudal superstition. Is it right to get up in this uniform?

"Think about it, why do you want to cut off your eyelids?" Yang Yu suddenly cuts in his mouth. Last time he tried to find out the identity of the water ghost, he got nothing. Li Ruolan found out the source of the black mark, but it seems that the case has nothing to do with it and can't provide any clues. He can't go to the second elder to pray for Jesus to find out Lucifer and ask where his pet cat is?

The biggest remaining doubt is that the eyelids have been removed. This is true of widow Liu's husband, Xiao Xing and the three victims recently. What does the eyelids mean?

"I think the killer wants the dead to see the world clearly, even after death." Li Ruolan replied that many people nodded in agreement with this answer.

It seems that there is no other reasonable explanation.

"But what does he want us to see? Dirty? FALSE? Lust? "Darkness?" Yang Yu asked. I know there must be another meaning. Just like the last supper mural without Jesus in Wang Ren's painting, it is definitely more than just a superficial meaning.

For Yang Yu said these words, everyone was silent. Everyone has a dark side.

"Why don't we go to Tianyan's mother-in-law in the next village?" Li Ruolan asked. She still believed in the mother-in-law of Tianyan. Besides, the source of the black mark was also related to a black cat named Heitong. It happened that mother-in-law of Tianyan had such a cat.

"Well, you can go to elder sister LAN tomorrow. By the way, officer Lei, if there is no clue, we can only look for a needle in a haystack. All the victims are from our village. The truth of the murderer behind the scenes, even if it is a water ghost, should also be from our village. You can check the information of all the women who are 18 to 30 years old and who have disappeared or died abnormally in recent decades." Yang Yu said that now he can only bet the clue on luck. Li Ruolan and officer Lei ordered some.

"If it doesn't work, we can only" Yang Yu pauses. The following sentence is not what he wants to say, but he must try in any situation.

"Only what? Mr. Yang, tell me quickly. " Village head Zhang is the most urgent person.

"If it's really the water ghost of the reservoir, then the body of the water ghost should still be in the reservoir. We'll find someone to dive and find her. With the existing technology, if there are human bones, we should be able to restore her appearance and maybe know her identity." Yang Yu's words are helpless, because he doesn't believe in ghosts in his heart, but it's also a good way to get rid of ghosts.

As long as it is man-made, and then seamless, will eventually leave traces.

"Well, I'll arrange it. This case has been delayed for several years. I really don't believe it." Police officer Lei is a very energetic and good police officer. Although he is a little weak in reasoning and observation, he works very hard. Especially when he solved the case of sexual perversion last time, the leaders attach more importance to him. So this time, no one in the bureau is willing to take over the cold case of an old case. As soon as police officer Lei sees that he is from Yunv village again, he simply takes it. Maybe he can be promoted Well.

The seminar ended like this. The accidental death of Xiaodan made everyone feel bad, and the rehearsal arrangements were canceled first. Let's wait for Xiaodan to enter the country.

The evil spirit of the water ghost also made Yang Yu very depressed. He had a good time last night. As a result, ah. Now Yang Yu is also very busy. When he gets home, he goes to the vegetable field and goes up the mountain to cut firewood. When he gets home, it's already dark.

No matter what happened, my life should continue to live bravely.

When Yang Yu came back from the mountain, they had already had a good meal, so they took a cold shower outside and went upstairs with only a pair of underpants. They directly opened Yunxi's door to see what they were doing in the room.

But this push, Yang Yu startled, the room full of people.

Li Yunxi, the third sister, Zhang meiruo, Han Qingfang, Bai Xue, Shen Feifei and Ji Ming are all here.

Yang Yu didn't ask them to come. He just said that he would make up for Yunxi's lessons in the evening.

Anyone who wants to listen to the class and do homework together can come. Unexpectedly, even Ji Ming came on his own? Oh, my God, is the sun coming out in the west?

But Yang Yu was naked and only wore a pair of underpants. The outline of the big guy completely opened the underpants. These female students all went to the place where Yang Yu was.

When Yang Yu was seen like this, he was almost hardened.

If it's hard, isn't it embarrassing to die?

Shen Feifei and Ji Ming are the first time to see teacher Yang's strong and majestic body. Shen Feifei's face is red. They quickly lower their heads and dare not look at it. But Ji Ming just gave a white look and didn't care at all.

It's not the first time that Zhang meiruo has seen Yang Yu naked, because Yang Yu only wears underpants after taking a bath and walks around. She has met her several times. Each time, Zhang meiruo and her two younger sisters call her a pervert and exposure maniac.

Yunxi, let alone, but every time he saw Yang Yu naked, he would be embarrassed and blush. Even a few times when he looked at his cousin's thick place, he would get wet quietly.

"Mr. Yang, go and change your clothes quickly. What's the matter? Do you want to lose face?" Or Zhang meiruo direct, see teacher Yang as usual, naked body, but this time so many female students present.

Yang Yu immediately pretended to smirk and hurried upstairs to get dressed.

Tonight's make-up class, we are very active, and very energetic.

Unknowingly, it's already 10:30, and aunts, cousins and second sisters have already gone to bed.

"Wow, it's so late." Yang Yu looked at his watch and then at them, and found that they were all sleepy. Yang Yu thought about it and said, "it's very late. Let's go back. Han Qingfang and Shen Feifei, you two live far away. Why don't you stay and sleep? Squeeze with both of them. "

## **Chapter 198**

"Ah! Mr. Yang, No. "Bai Xue struggles with her hands and tries to pull Yang Yu's hand. But Bai Xue's strength is just like that of a lamb. How can she fight with a wolf? Bai Xue wriggles and claps her hands, but she is still pressed by Yang Yu.

But just as they were opening, suddenly, there was a knock on the door.

Why do women bother me every time? Can you give me some free space? Last time I did snow white, I was found by Zhang meiruo. This time I seldom did it again, and there will be no one to disturb me, right? It's midnight. Can you sleep?

Although Yang Yu thought so in his mind, he was already flustered in his heart. They stopped at once and put up their ears to listen.

Bai Xue is the most flustered. Fortunately, only her classmates were found by Miss Yang last time. But this time, if she was found, it might be her parents or elder brother. The situation suddenly changed.

Dong Dong!

There's a real knock at the door!

Snow White's hands and feet are flustered. Don't let anyone come in. Yang Yu is quite used to it. With Yang Lin, Li Ruolan, and Lin Yina, which time did you risk your life? But this time, it's different. The people who come here this time are probably Bai Xue's parents. If her parents know that they are going to get his daughter as a "people's teacher", it's not too hot?

Why don't you just cut me to death with a firewood knife?

The room was silent. Yang Yu held his breath. The guy below was still there. The whole atmosphere became tense.

"Who? I'm already in bed With the light on in the room, it's impossible to install nobody. Besides, parents still have the key to the room, so they can force in directly. I can only say that I'll go to bed and let people outside not come in.

"It's me, second sister-in-law. Open the door. My sister-in-law will come to sleep with you tonight." The man outside returned.

What!! Yang Yu and Bai Xue are really flustered. How dare they open the door? He secretly mated with Mr. Yang here in the middle of the night, and was found to have got it.

"Get dressed." Snow immediately pulled out, extremely nervous, quietly said to Yang Yu.

Yang Yu is speechless. Why do you have to come here to sleep when you have a bed? Can see, snow this door is had to open, wait how to answer? What's the excuse? At the beginning, I followed Han's sister-in-law to go to Taohuayuan to steal. I met Li Ruolan, but it took me a long time to come up with an excuse.

But now, it's more than eleven o'clock, a big boy is still in the girl's room, still locked the door, still silent, who doesn't doubt there's something fishy in it?

Bai Xue has already put on her underwear. Yang Yu has just stood up and is ready to put on her underwear. Suddenly, the second sister-in-law outside the door shouts again.

"Are you asleep? It's OK. Don't get up. The second sister-in-law has the key and drives in by herself. "  
The second sister-in-law outside said.

Yang Yu heard that it was too late, and he was still naked.

White snow a listen, suddenly pale face, oneself and teacher Yang are naked body.
