Yang Yu went out of the room and inspected in the corridor. He didn't see any cats.

But before long, I heard a scream from Yang Lin.

"Not good." Yang Yu suddenly realized that it was a plan to divert the tiger from the mountain, and rushed back to the room. Fortunately, Yang Lin is still alive, but her face is very bad. The whole person seems to have seen something terrible, and her eyes are almost staring out. She is shivering in the quilt.

Yang Yu quickly closed the door, ran to Yang Lin's side, put her in his arms, stroked her hair, whispered: "it's OK, it's OK, it's OK, I'm here."

Yang Lin was still shivering and sobbing. Yang Yu didn't know what terrible scene she had seen or just experienced, but fortunately, she was still alive. There was no ghost drowning in the water like Xiaodan, and there was no water in the room.

As long as there is no water, the water devil can't live.

Yang Yu speculated that he was almost careless just now. When Yang Lin got better, Yang Yu went to pour the urine out of the window, then closed the window, drew the curtain, and locked the door, putting an end to everything related to water.

Waiting quietly.

Time, tick, tick.

Yang Yu looked at his watch. It was past zero in two minutes. We have to get through it. He hugged Yang Lin tightly and touched the cross pendant on his neck, hoping to escape the disaster. Two people are nervous, especially Yang Lin, even if the light in the room is very bright, she does not dare to see more, completely drilling in Yang Yu's arms.

Yang Yu's mind seems to be specially made for women, so comfortable and safe. How many women don't want to come out after they are in Yang Yu's arms? So does Yang Lin. she has never found this before. She only knows that Yang Yu has raped herself twice.

These two minutes, two people feel like two centuries of long, suffering.

"You see, it's OK. It's past zero." Yang Yu looked at the time, and finally passed the zero point, nothing happened.

Yang Lin just poked out a little bit of her head and looked at the room, but she was still very afraid and

asked, "will you stay with me tonight? "

Yang Yu stroked Yang Lin's cheek, raised her chin, and said:" it seems that someone is my woman now, isn't it? "

After being teased, the atmosphere became more active. Yang Lin managed to clean up her bitter gourd face, squeezed out a smile and said, "you're thinking about this. Yes, I'm your woman now. What can I do for you, sir?"

"It seems that someone said that he would serve me. Oh, my back is aching." Yang Yu deliberately stretched out and pretended to be in need of service.

"Yes, Mr. Yang." Yang Lin said and went to pinch Yang Yu's shoulder. From the shoulder to Yang Yu's chest muscle, Yang Yu was comfortable.

"That's it?" Yang Yu said with a smile, how can this work be enough.

Yang Lin white his one eye, then one mouth sealed in the past, lips sealed in Yang Yu's lips.

Women are born to serve men.

Yang Lin from the chest has been licking to the abdomen, in the abdomen stopped.

"Go on. "Yang Yu stroked Yang Lin's hair and said arrogantly.

Yang Lin raised her head and looked at Yang Yu. She continued to lower her head and lick down her abdomen, pulling her trousers down a little bit.

"Good boy. "Yang Yu praised it.

"Comfortable?" Yang Lin looks bad.

"It's more comfortable if you work harder." Yang Yu is joking, Yang Lin a listen to, came strength, accelerated frequency.

Yang Yu suddenly became very relaxed.

"Sister Lin still has two sons." Yang Yu praised.

After a long time, they were finished.

"Let's talk about something else. "Yang Yu continued with a smile:" how can the villagers in Yunv village be so indifferent? "

"Yes, no one would have done such a cruel thing." Yang Lin is very calm to return.

"But there's one thing I can't figure out. "Yang Yu said, looking at Yang Lin's eyes, her face suddenly changed.

"What's the matter? "Yang Lin asked.

"Zhou Luoyan's affair only concerns the villagers in this village, but you are not from Yunv village at all. Your parents, grandparents are not from here. How can the water devil find you? "Yang Yu couldn't understand this problem.

It should be said that these two problems perplex Yang Yu from beginning to end. Even if Yang Yu gets Zhao Wei's diary and knows the truth behind the whole water ghost, Yang Yu still doesn't understand these two problems.

First: Yang Lin, her parents and even her grandparents are not from this village. Zhou Luoyan's curse and revenge are different from Yang Lin's. how can she find Yang Lin?

Second: the death of the elder. The elder called Yang Yu to his side before he died, and untied his bra to show him. After seeing it, Yang Yu was shocked, because what Yang Yu saw at that time was that the elder's chest was a black fingerprint, which had melted into the elder's sternum and was about to melt into his heart. That's why the elder said: I'm dying, and I can't survive tonight. The elder is also from another village. He is not even on Zhao Wei's list. Although the elder's death is completely different from that of others, he has black fingerprints on his chest. Why? The black handprint as like as two peas of the black hands of other victims, is not logical and does not conform to the logic of the black blood curse of Zhou Luo Yan.

What's going on?

"I don't know if I offended her? "Yang Lin doubts of return a way, but don't forget to continue to wriggle, issued a pa pa voice.

"My classmate, Yang Chenyu, I don't know. "Yang Yu's face suddenly became serious. There was no smile. He was not joking.

Yang Lin was shocked when she heard the name "Zhou Chenyu". She stopped and twisted. Her face became pale and flustered. She squeezed out an unnatural smile and said, "I don't know what you're talking about."

"Zhou Luoyan didn't get married because of ichthyosis, but she had an illegitimate daughter. She didn't

want others to know who her father was, so she followed her mother's surname and even her name. Her name was "Zhou Chenyu", which is exactly "Chenyu Luoyan". Yang Yu looked at Yang Lin, who was riding on him, and saw that she looked very different.

"When Zhou Luoyan's accident happened, Zhou Chenyu was only two years old. He fled the village with his grandmother to avoid being affected. But after all, her grandmother was old and in poor health. Finally, she had to give her granddaughter to a family named Yang Jian, who is now Yang Lin's adoptive father." Yang Yu said every word very clearly.

"I really don't know what you're talking about. It's obvious that Yang Lin's heart is no longer shaking.

"Yang Jian later changed his name to his daughter Zhou Luoyan. His surname was Yang, and his name was Yang Lin, which is you. Regardless of Yang Lin's surprise and excuse, Yang Yu went on saying, "as you grow up, you know your life experience and even know something about your mother. I have always wondered how you could be willing to stay in such a small village as a village teacher with your education background and family background. In fact, you are here to investigate the cause of your mother's death or revenge. "

Yang Lin was silent this time. Instead of explaining, she listened to Yang Yu.

"But after all, you have a special identity, so you can only investigate in secret. Once you are found, it will be very dangerous, so you need to find someone who can investigate openly. Unfortunately, I was chosen by you. I went to the village and said, "your story is very interesting. Go on." Yang Lin is no longer defending. She also wants to hear what interesting things Yang Yu will infer.

"We met at school, and then you deliberately showed the black mark on your wrist to attract my attention. I was really cheated, so I naturally told the story of the water ghost. Then the incident of Xiao Hei's death happened. You know, I will start to investigate the incident. But in order to exclude myself and deepen the false impression of the water ghost, I even played a play for me when Christians did it, so that I could see the mysterious veil of the black mark with my own eyes. Although I still don't know how you did it." Yang Yu continued to say that it had to be reasoned and assumed. Even he did not dare to imagine it. It was more difficult and determined than when he doubted Wang Renshi.

"I didn't expect you to be so clever." Yang Lin's face changed, and there was a smile at the corner of her mouth.

"So you admit it?" Yang Yu also laughs. He doesn't need Yang Lin's recognition at all. Just like last night, he doesn't need the villagers' recognition at all. Yang Yu doesn't regard himself as a policeman, nor is he the embodiment of justice, nor is he Conan. He will die wherever he goes, and he has to catch the murderer and give it to the police.

No, Yang Yu is just a people's teacher. That's all. His responsibility is to teach.

Yang Yu didn't wait for Yang Lin's reply, so he continued: "when you think about it now, maybe you

already know what that bottle of things is when you take the aphrodisiac. Although not everyone knows Chinese medicine, you didn't hesitate to give it to me for the first time in order to connect with me more closely. Later, you half pushed me to rape. Then you have nightmares, you believe in Christ and so on, just to urge me to investigate the water ghost case. Unfortunately, in the middle of a sexual pervert case, the water ghost thing was delayed down. Last month, you saw the entrance examination, and then it would be a long summer vacation. You even worried that I would be transferred from this school next semester, so you made a deal with me, and the time just coincided with the entrance examination. In fact, there was no one to kill in a month. There are no nightmares at all. You made it up for me

"Your story is getting more and more interesting." At this time, Yang Lin pulled out and brought out a lot of juice. Then he pulled back the blanket, covered himself and Yang Yu, and leaned against the wall perpendicular to Yang Yu.

With a smile, Yang Yu continued: "with the time limit for ghosts to seek their lives and the physical transaction, I naturally tried my best to find out. Unfortunately, after finding out Zhou Luoyan, the clue was broken again. So, one night, you quietly threw me a piece of paper and pointed the clue to the former village head Zhao Wei. In fact, you know the cause of Zhao Wei's death, but you can't find his diary, so you guide me to find it. Who knows that I was knocked unconscious by the leading brothers in the incident and buried alive in the coffin. With the weight of the coffin, I couldn't get out at all. It was you who helped me push away the weight of the coffin that I escaped. "

"However, it was also a mistake. They never dreamed of it. Instead, I found the diary." Yang Yu is also helpless."I really admire your imagination." Yang Lin sneered, looking no longer the same as before, but Yang Lin never dreamed that Yang Yu's brain would be so clear, cautious, logic and reasoning ability would be so terrible.

"I went to your adoptive father and I have confirmed your identity. Let me doubt a good friend I trust, a confidant, but she uses it. Do you know how painful my heart is? " Yang Yu touched his chest, just like when he said that Wang Ren was a sadist. What a good man! How could he be a pervert?

Yang Lin has always been a moving victim, and Yang Yu has always sympathized with her experience. How can the pain of being haunted by nightmares and insomnia suddenly become the game controller behind all this?

"When did you begin to doubt me? I think I'm perfectly hidden. What's the flaw? " Yang Lin asks, she also knows that the paper can't hold fire. She knows what she has done, and she regrets using Yang Yu.

"Yes, you are more perfect than what Wang Ren has hidden. Wang Ren doesn't pretend to be a masochist and excludes himself from sadism, so that everyone doesn't doubt him. You, too, disguise yourself as the victim of the water ghost, and keep the closest relationship with me, which makes me more unable to doubt you. Even, I go to investigate the matter because I want to save you. Where can I doubt that this has been a trap in the beginning, otherwise, the person buried alive in the coffin should be you, even you have rotted in it. " Yang Yu said more excited, he not only became her tool, almost, but also died for her.

"Well! The people who threw you in the coffin should die." Yang Lin's eyes widened, and her face became very terrible.

"Yes, they do." Yang Yu also hate, originally not so hate, but even the police have no way to take this group of people, not to mention himself.

"Talk about the flaws." Yang Lin is still curious about this question.

"Your biggest flaw has been mentioned above, that is, you are not from the village, so you can't be a victim. Second, it's useless for you to disguise your fake black fingerprints. After all, there is a difference. There is a pattern on the palm of the real victim's black fingerprints, which is a unique sign of Lucifer's black cat. You certainly haven't found this detail." Yang Yu said specially looked at Yang Lin, Yang Lin a face of calm.

, in any case, as like as two peas, you can't disguise yourself. It's heredity. When I first saw the photos of the falling wild goose, I doubted that, although the photo age is far away, the decoration of the two of you is different, but your eyes are the same, but the third eyes are the mother and daughter. The fourth flaw is the typesetting on the mirror after Xiaodan's death. The typesetting is completely superfluous, and the handwriting is similar to you. Fifth, once in the attic of the school, you were talking to a man, but you lied and said no. after I entered the room, he had already escaped from the window. I was very curious, who is he? " It has to be said that Yang Yu's observation does not let go of any details in his life and dares to doubt anyone.

"According to your analysis, I killed all these people?" Yang Lin's expression became treacherous. She wanted to hear how Yang Yu answered her interesting question.

"That's not true. You didn't kill people. It's water ghosts." Yang Yu returned calmly.

Poof!

Yang Lin's blood spurted out.

"You got kicked in the head by a donkey? You are a talented undergraduate student in Guangzhou Normal University. How can you say that it's a ghost Yang Lin is really scared by Yang Yu's answer. Will Yang Yu believe in superstition? It's impossible to see. The brain is not kicked by a donkey. What is it?

Yang Yu doesn't care and starts to dress. In fact, he knows very well that Yang Lin won't be OK tonight. How can a ghost mother come to find her daughter? Even if it comes, it's also reminiscent, not life-threatening. He also knows that he can't stay here tonight.

Because the skylight has been opened to tell the truth, so before she was in such a hurry to do a shot.

Yang Lin looks at Yang Yu putting on his clothes, going out, staring at his back, but her expression has

changed, with a sense of inexplicable sadness.

Yang Yu went to the door, opened the door, looked at the dark corridor outside, breathed deeply, turned around and said: "in fact, you are not Yang Lin, you are not Zhou Chenyu, who are you?"

Yang Lin shivered and was terrified. She couldn't believe it. Yang Yu said it. However, when she looked up at Yang Yu's eyes, she was resolute and decisive. Suddenly, she was a little afraid. Is this really just an ordinary people's teacher?

How could Yang Yu have such an idea? Yang Lin is not Yang Lin, who is it? Isn't it Zhou SunYu? It's not Zhou Chenyu. Who is it?

Yang Yu thought of the words that the elder held Yang Yu's hand and said to him before he died: be careful of the woman who was with you last time in the reservoir. Be careful of her.

Why did the elder say that? Yang Yu couldn't understand.

But later, he understood.

"Sooner or later, I will find out who you are. Sooner or later, I will catch the black cat. Sooner or later, I will find out who gave me the curse." With that, Yang Yu left.

Yang Lin watched Yang Yu leave alone and said to herself, "you are the man I was destined to be. When you find out who I am, even you will be afraid and surprised, and will completely destroy your world outlook. We are all controlled by fate." Yang Lin looks at the door. There is a door in every room. There is a door in the attic of the school, in the attic of Yang Yu's family, and in Zhao's ancestral hall. In fact, there is a door in this world, which is called the ninth gate, also called the gate of hell.

The next day is also the time for the entrance examination.

Li Ruolan came to Yang Yu and said, "my father asked you to go to a place to discuss something."

Yang Yu has gone. This is the Hongmen banquet.

An old house, remote, desolate, like abandoned, an old room, the room is very dark, the place outside the room is dust.

Secretary Li, village head Zhang, director Zhao Hai, two elders, principal Chen, five people are sitting inside. These five people, together with the former village head Zhao Hai, are almost the main leaders of the original incident.

"Yang Yu, do you have any way to break the curse?" It was the second elder who spoke. In fact, the two elders believed in Christ because of this, but Christ did not love him. There was no love for the elder, and no one died more painful than the elder.

"There are ways, but..." Yang Yu of course left a hand, as long as it is a spell, it can be broken, natural cracking method is Tianyan mother-in-law told him.

"You say, we will give Zhou Luoyan the respect that he should have. It's over. Don't talk about it any more." Secretary Li has no expression on his face. As an elder, he has always been above Yang Yu. Unexpectedly, now he has to bear with Yang Yu.

That's it? Yang Yu wanted to go back like this, but he thought about it. It's been so many years. It's not clear whether it's right or wrong.

"The most fundamental solution is to find the black cat named Heitong, kill it, and let its blood flow into the reservoir to purify the black blood curse. But the cat is just a legend. Whether it exists or not is a question. It's even more mysterious. It's not easy to kill it. " Yang Yu said that it is necessary to tie the bell to relieve the curse. The curse is under the black pupil, and it also needs to be solved. And these things are the words of Tianyan's mother-in-law. No one knows whether they are true or false, and whether they are useful or not. It's nonsense that the water ghost is evil.

Now there is another black blood curse. Yang Yu is not an expert in this field, nor a scientist, nor is he a god woman or a wizard. He can only believe it. He would rather believe it. A dead horse is a living horse doctor.

But they also believe it.

"Where can I find that black cat for a while?" Village head Zhang has no choice but to shake his head, but this matter can't be dragged on like this. One more day, maybe one more person will die.

"I know where it's hidden." Zhao Hai took a breath, vomited out, and suddenly cut in.

All of them turned to look at him and waited for him.

"I've seen it at the entrance of the back mountain. It should be hiding in the back mountain." Zhao Hai returned.

"Are you kidding? Is that the back mountain where people go? It's not death to go in. " Village head Zhang replied that none of the people who have been in Houshan since ancient times have ever come out.

None of them.

"That's not good, that's not good. What do you say? I have three children in my family." Zhao Hai said angrily that he was more violent than Cui Qiang.

"As far as your family is concerned, my daughter is still taking the senior high school entrance examination." Zhang village chief refused, muttering: "it's not your original idea." Village head Zhang has no longer regarded Yang Yu and Li Ruolan as outsiders. You and I will scold each other.

"Uncle Zhang, uncle Zhao, you say less, let's think about something." Li Ruolan stopped it in a hurry, but the quarrel couldn't solve the problem.

"There is also a temporary solution." Yang Yu cut in, and the crowd immediately stopped.

"Say it." Zhao Hai asked in a hurry.

"It can be replaced by other black cats, but this method has a side effect." Yang Yu said, "the blood of the ordinary black cat can't purify the black blood curse, but it can condense the black blood curse. If anyone unfortunately drinks the water of condensing the black blood curse, it will be"

Yang Yu sold it again.

"What will happen?" Zhang and Zhao asked at the same time.

"It will become the way Zhao Wei, the former village head, was before he died!" Yang Yu said word by word.

All of a sudden, people's faces turned pale.

Isn't that one voice jumping into another? Naturally, they knew how Zhao Wei died. No one died worse than him. No, maybe it's not only death, but also another disaster for this village. It may even infect the whole village and become a sea of zombies.

"It won't work." Li Ruoshui was the first to object. It would cost him another life. He could not die any more.

"It's a coincidence. Maybe it was drunk by animals or irrigated." Zhang village head still has a fluke heart, anyway, there are so many people in the village, it is unlikely that it will be his turn.

Probability is such an interesting thing. Sometimes it's only 0.0% probability, but when it happens to you, it's 100% probability.

Five years ago, Zhao Wei, the former village head, made atonement for the people. As a result, he was safe for four years. Last year, the curse was activated again, and this year, he is even more arrogant.

"It's settled. If anything happens, I'll take care of it." Secretary Li replied that this was the hardest time in

his life.

"Dad? "Li Ruolan obviously didn't agree to take the risk. In fact, the two most guilty people are dead. The idea to find a scapegoat was originally given by Zhao Wei, the former village head, and the accomplice was naturally Zheng Ling, Lin Yina's grandmother. As for the others, they can only be ignorant. The evil spirit of the water ghost has killed so many people, and all the sins that should be redeemed have been redeemed.

Now it is Zhou Luoyan who has the deepest sin.

"Yang Yu, what do you think?" Elder Yang wants to go into the water. Yang Yu could not escape this muddy water.

"The more bad things someone does, the more blood he gets on his hands. The more the black blood curse turns to someone. To save a village with one life is to serve the people." Yang Yu is so rational, which is what Tianyan's mother-in-law told him, otherwise Yang Yu would not put this temporary solution on the table.

But no matter how bad a person is, you have not deprived him of his right to life.

The deeper the pit is dug, the more serious the disaster will be. Now, it's digging. Maybe in the future, it will cost several times to fill this pit.

Drinking poison to quench thirst is a way of no return after all.

So it was settled. Village head Zhang was responsible for looking for the black cat. In the afternoon, he went to the reservoir with Zhao Hai, killed the cat and let the cat's blood flow into the reservoir. But also to Zhou Luoyan set up a tombstone, although the bones have been found to dig up, but also finally to rest and over.

This is the end of the water ghost.

No one knows how much of the story behind it, the water ghost, the curse, is true, how much is false, how much is science, how much is superstition. Yang Yu doesn't know. Is the death of Xiaoxing and Xiaodan really caused by ghosts? Does curse really exist? Yang Yu no longer wants to care.

At least, that afternoon, after the black cat's blood entered the reservoir, there was no water ghost in the village.

Superstition is that many things in the world can't be explained by you.

However, Yang Yu is responsible for the evil spirit of the water devil, which Yang Yu did not expect. The villagers say that Yang Yu broke the curse, drove away the water devil and saved the whole village. Anyway, it's more exaggerated than the last case of sexual perversion, which has blown Yang Yu to

heaven.

It's just Yang Yu. Is it a blessing in disguise?

But whether it's the water ghost, Yang Lin or the black blood curse, Yang Yu doesn't care. What Yang Yu is most concerned about now is: summer vacation is coming, summer is coming, the girls and women in Yunv village are beginning to show their breasts in the hot summer. How can spring be called that beauty.

Chapter 250

Name : [A Sensualist's Sin](#) Author : [Rosemead](#)

[+ - Turn off](#) [Reset](#)

wow, it's just like the hot weather in the summer when the Zhizi crawls out of the village On such a hot day, young women in the village wear underpants wrapped in a shirt to cover their buttocks. Yang Yu has seen many village women in recent days. Their whole thighs are white and they can't cover their buttocks. When they bend or squat, their underpants are exposed and they can see clearly

the more they wear bras, the hotter they get Even girls like Yunxi and her cousin have abandoned this big cancer of feudal decay and hindering the progress of human civilization, If your coat is a little thin and transparent, the breasts will be visible, and the nipples will lift up the shirt, which is clearly visible. Especially when you are running or walking fast, the breasts will shake and shake, which is particularly tempting

summer is a good season for mating.

after the black blood curse is broken, there is no such thing as the phantom of water ghost This week, there was nothing about the water ghost. Everyone said that Yang Yu had saved the village. Now, the reservoir and Yunv village are safe

so the spring water of Yunv River and Taohuayuan, hot in winter and cool in summer, is the most lively place now. The village women and girls all run to enjoy the cool and swim there. Yunv river is just a paradise lost Heaven, Bai Huahua's sister, Bai Huahua's thigh, and many of her sisters are still naked. That spring is unforgettable.

when Yang Yu saw the bloody nose, he really wanted to rush in and grab a milk in one hand and a buttock in the other. That day would be romantic. Therefore, even after the summer vacation, Yang Yu was reluctant to leave here to go home, so he found a reason to grow vegetables and do business In my aunt's home, however, today, the results of the senior high school entrance examination of the third grade of junior high school came out, and everyone was present at the school, and the class was in an uproar

principal Chen and all the teachers were having a round table meeting in the office

"I want to announce two things about this meeting. In two weeks, the school will have a complete holiday, and we need to do a good job in the final examination and term summary." It's still a bit embarrassing to see Yang Yu. Zhou Luoyan is also involved in the world. It's really hard to tell the good from the bad.

Yang Yu and Yang Lin treat everything as if nothing happened in front of the public. Their private relationship is also very delicate. Now they are both enemies and lovers. Yang Lin is Yang Yu's woman and feels that they are against Yang Yu. But fortunately, Leng Xiaoxue didn't bother Yang Yu recently. Maybe it's because of the high school entrance examination. As for Li Ruoshui, her father couldn't lift her last time, but it didn't affect their relationship.

"the first thing is that the grade of the third grade of junior high school has come out, including the ranking of the whole county with the total average score. At this time of the year, when everyone didn't dare to speak, they were too ashamed to look up.

with that, President Chen handed Yang Yu his grades and ranking. Li Ruoshui wanted to go over and have a look. Let Yang Yu have a look first. However, no matter how Yang Yu and Li Ruoshui teach students in accordance with their aptitude, how they make up lessons voluntarily, and how they teach one-on-one hand, the school's faculty and students' foundation are there, and how hard they can't do other people's work r>

Yang Yu doesn't expect to get a good place, but it's better not to be the penultimate. It's better to be the penultimate. Yang Yu takes out his briefcase and takes out the ranking table of junior high school entrance examination in the county. He can't bear to look directly at it.

"first?" Yang Yu took a look at it, and then looked at it carefully. That's right. Is it really the first?

However, Yang Yu's two words didn't attract much attention from others, because the first thing they expected was what they expected. It's strange if they didn't count last.

Yang Yu raised his head, his eyes were almost staring out, and he looked at all the teachers in a panic. Suddenly, he couldn't restrain the excitement in his heart. He looked up at the sky and roared. His voice was deafening. Other people thought it was Yang Yu. "It's the positive number one, not the penultimate number one," Yang Yu roared. He slapped the ranking table on the table, which was so domineering and powerful.

People's eyes widened. At first sight, it turned out that it was the first place in the county. With the subtle advantage of 01 points, Yang Yu beat Shangtang middle school and won the first place in the county. The office exploded.

"how does the headmaster celebrate?" Everyone can't help their excitement.

"don't worry, don't worry, celebration must be celebrated. However, there is a second thing to announce." President Chen, of course, is very excited. When he is the president himself, he can finally

raise his head to be a man: "to achieve such good results, we have to rely on Mr. Yang and Mr. Li. I sincerely thank you both I know. I'll retire after this semester. "As for the new headmaster, I have applied and recommended to the higher authorities, and I recommend Mr. Yang Yu. In view of the excellent performance of this examination, I believe it will be approved soon. In the new semester, Yang Yu will be the new headmaster of our school. "Mr. Chen solemnly said that this matter really happened To everyone's expectation, especially Yang Yu, it was a bolt from the blue. He said in a hurry, "President Chen, I really can't do it. I've only graduated for one year and I've only been here for one semester. How can I have this qualification? Mr. Leng, Mr. Yang and Mr. Li are all better than me and older than me. They have to come to the position of president. I can't do it."

Yang Yu is telling the truth It's just a fantasy to be a headmaster. Isn't it a fool to offend others?

"I've asked everyone's opinions in private. They all want to find a boyfriend to marry them. They don't want to be the headmaster and devote themselves to the cause of education." headmaster Chen laughs

"headmaster, what you say is so exaggerated. It's like we can't get married." Yang Yu immediately retorts, but when he says this, his eyes are watching Yang Yu's, that means unique enough

"if you don't have any opinions, this matter will be settled, next semester, our school will come to new teachers"

this matter, there is no objection, Yang Yu really feels that the whole person is light, he should be the principal, only half a year, can he still be the Minister of education in the future? But the crux of the problem is not that. When I become the principal, isn't that the biggest problem for me? Who do I want?

Calm down, calm down. I can't tell you my dirty thoughts. I'm here to contribute to the education cause of our country. I'm not here to pick up girls. I'm not here to pick up a group of young MM's who are still developing in junior high school. Yang Yu is very excited, but I'd better tell the students the good news about my grades first Zishu, Zhang meiruo and Li Yunxi all got into Pugao. Shen Feifei, Bai Xue and Han Qingfang even got into the key high school, not to mention others. Even Ji Ming, a poor student who used to be the bottom of the class, got into Pugao. It's a great feat. And the students who are usually good at study all got into the key high school. This time, the number of students going to the key high school is even higher After school, the highest in history

"Mr. Yang, we are going to go out to play, OK, the beach." Han Qingfang is most happy. Now everyone is finally relieved. The tormented third year of junior high school has finally passed, ushering in a new senior high school

"no problem, but it's a little far from the beach, it takes a little time, it's hot, and it also costs a little money, so let's do it." It's not convenient to bring such a large group of students with you.

besides, Yang Yu also hopes that her cousin and sister LAN can go together, which will make it more fun. So he specially said some difficulties, so that some students may not go any more.

"the school will also celebrate. Those who want to go so far away from the beach can contact in private Let's go. "Yang Yu still set the trip to the beach as a private gathering of friends instead of a group spring outing. There are too many people and the team is not easy to take. Besides, it's troublesome to live so far and for such a long time. As long as you bring students like Han Qingfang, Zhang meiruo and Li Yunxi and come back at night with some tofu, you'll be very happy.

"Well, let's go home and report the good news. Let's make parents happy and remember that when we come to school the day after tomorrow afternoon, the principal is going to have a good dinner with us and celebrate. It's the last farewell." Yang Yu is also in a good mood. However, to say goodbye to these students, it's a little sad

graduation season is a sad time, but no matter how sad the words are After the students went home happily, Li Ruolan grabbed Yang Yu and said happily, "my father has something to do with you. Let's go to my house for dinner in the evening"

Yang Yu was stunned for a moment and muttered in his heart: what can Secretary Li do with me? I don't want to be angry about last time, do I? It seems that this meal is not delicious

This is Yang Yu's first visit to Secretary Li's home after the water ghost incident.

It was also the first time that I met Li Ruolan's three sisters this week. The meal was unexpected to Yang Yu. It was very plain, so I just talked about my family and brought the relationship closer. This was really unexpected to Yang Yu. I muttered in my heart: Secretary Li didn't embarrass me? Is it flattering me?

"Yang Yu, go to my study and talk to you about something." Secretary Li didn't look Yang Yu in the eye.

Yang Yu looked at Ruoshui and wondered what he was talking about. He was not talking about the marriage with Ruoshui, was he? It shouldn't be that fast, but parents are very anxious. It's really hard to say.

On the second floor, a small study was isolated opposite Li ruorong's room. Yang Yu followed Secretary Li there. Soon, her aunt brought up a cup of tea, and then closed the door, leaving Yang Yu and Secretary Li alone.

Secretary Li did not speak, Yang Yu did not dare to speak, only listen.

"Yang Yu, I'm going to retire at the end of this month." Secretary Li blew the tea and made an opening speech.

But Secretary Li's retirement has nothing to do with Yang Yu. However, Secretary Li is still the largest official in this village. Although the village committee is an autonomous organization and the head of the village is democratically elected, Secretary Li is the Secretary of the Party committee of the village and the head of the party organization of the village. Moreover, he is not only appointed by the superior Township, so he has a pension.

"If they were so good and capable, Uncle Li would be able to live in peace in his old age." Yang Yu in this private place is called uncle, and recognized that the place is called secretary.

"Chairman Mao said that the world belongs to the young people after all. I am old and I want to do the last thing when I retire." Secretary Li's words are very plain.

But Yang Yu couldn't guess what it would be? You don't want to transfer yourself, do you? Although he doesn't have the right, he has been fighting for so many years. In officialdom, there must be a way. It is estimated that he can still do this.

Yang Yu is a little nervous. Sure enough, people in this officialdom can't afford to offend him, even if he is his girlfriend's father.

"It's time for village head Zhang to take up his post this month. According to his contacts, re-election is not a problem." Secretary Li took a sip of tea and stopped to see Yang Yu's reaction.

Sometimes, Yang Yu is very smart, but sometimes he is very silly. He doubts: it has nothing to do with whether village head Zhang is due or reelected. What does secretary Li want to say?

"Now you have a good response in the village, and you have a high status in the hearts of the villagers, especially in catching the murderer of the pervert, solving the curse of the water devil, and making this session of the senior high school entrance examination the first in the county. Everything you do is deeply rooted in the hearts of the people, so I want you to compete for the village head." Secretary Li has put down his tea cup.

Poof, Yang Yu is going to vomit blood.

It's too damn sudden. I've never thought about being the village head. Besides, I've only been in the village for half a year, running for the village head. Is that exaggeration?

"Uncle Li, you see, I've only been here for half a year, and I'm not from the village. It's unrealistic to run for the village head." Yang Yu expressed his uneasiness and doubts.

Secretary Li smiled and said, "your domicile has been moved. Now you are a Bathing Woman village. Besides, your aunt has a foundation here. The village committee is an autonomous organization, and the village head is democratically elected, not a civil servant. It does not conflict with your teachers. With your popularity now, I think it's a great chance to win. This is a rare opportunity. Uncle Li just wants to ask, do you want to be a teacher? This is very important. "

Yes! Really want to!

What man doesn't want to be the village head? Although the village head has little power, in this remote valley, the village head is the local emperor.

You can do whatever you want, as long as you don't go too far, plus Secretary Li's contacts, the emperor is far away that day, and do something bad, who can do anything to you? Moreover, it is of great help to their own entrepreneurship, and at the same time, it also strengthens their position as principals. It's a perfect match.

Yang Yu suddenly thought of a piece of news: a village head said that half of the village are my children.

Yang Yu also hopes that one day, he can say: all the women in this village are Laozi's little lovers.

That's what life is all about.

Life goes up and down, NIMA's is too exciting.

"I'm afraid I don't have enough social experience to manage the village well." Of course, Yang Yu can't be crazy, let alone expose his ambition and dirty ideas, pretend to be modest and sincere, and look like a public servant of the people.

"You don't have to worry about that. Village cadres are all of their own. They will help you." Secretary Li replied.

Yang Yu thinks about it again. Why does secretary Li help himself like this? There won't be anything fishy in it? Or Secretary Li won't treat himself as a puppet and listen to politics behind the curtain? However, Yang Yu thought he was thinking too much. He was just a village head. As for? He really thought he was an emperor.

"Secretary Li is very grateful for helping me like this, but village head Zhang is there." Yang Yu wants to say that if he is not fully sure to win the current village head Zhang Dedong, then it is better not to lose face. Since he has become a candidate, he must be fair and fight with certainty."The whole election process is fair and just. Village head Zhang can't play games. It all depends on public opinion." Secretary Li knew that there were some tricks in the last village head election, although he also got some benefits.

However, village head Zhang is not very competitive. He is not only petty minded, but also greedy and does nothing. The villagers have begun to hate him. The arrival and insertion of Yang Yu's strength have overshadowed village head Zhang once and again, which is the result of public opinion.

Yang Yu has always believed in that sentence: to help others is to help yourself. They did help a lot of people in the village, such as widow Liu, Lin Yiyi, President Chen, Ji Ming left behind children's home and so on, and even left behind village women Zhao Ying and Yang Yu tried their best to help.

In addition to Yang Yu's healthy and sunny appearance, it is more popular with young girls, so it is more and more popular.

Now, Secretary Li has offered himself an opportunity to run for village head. How can Yang Yu miss it? This is the best way to take root in Yunv village. When the village head is still afraid that a few acres of vegetable land can not afford? Are you afraid of a bad career? Are you afraid that women can't get in?

I'm afraid the scenery will not work in the future.

"Then I'll try." Although Yang Yu was reluctant to agree on the surface, he was very excited in his heart.

"In the future, you should pay attention to your words and deeds in the village. I will help you with all the procedural matters. Then I will show you some important people in the village, as well as village cadres, who are also canvassing for votes. At the same time, I will go back to prepare some manuscripts. At that time, I may need to say a few words." Secretary Li's practice has already made perfect in this aspect of operation, so it's easy for Yang Yu to run this time.

In fact, Secretary Li's city hall is very deep. Although he is about to retire, how can he not arrange for himself in the village? Naturally, I like Yang Yu. Yang Yu is smart, agile, liked by the villagers, and good-natured. The most important thing is that he is still his daughter's boyfriend, so he takes the initiative to help Yang Yu. In fact, his abacus is still making money for himself.

What's more, the second daughter of the village still needs Yang Yu to take care of her. Once the new secretary comes along, the people of secretary Li in the village will be crushed, and then everything will be in vain.

Some people, retired and dying, will struggle with their own political life. I don't know whether they are sad or dedicated.

After talking about business, Yang Yu goes to the third floor to find Li Ruoshui.

Unexpectedly, the three sisters are all in Li Ruoshui's room on the third floor.

"What did my father talk to you about?" Li Ruoshui asked first.

"Nothing, you'll know soon." Yang Yu is not in a hurry to tell this story, because this kind of news from Secretary Li's mouth has more weight than Yang Yu's mouth.

"I think it must be about the marriage of the third sister." Li Ruolan joked.

"Sister, you are not married, I am not." Li Ruoshui said this, his eyes were looking at Yang Yu, and his face turned red. Marry Yang Yu, of course, she is very happy.

"Oh, by the way, Yang Yu, I listen to Ruoshui. Are you going to take the students to the beach?" Li ruorong put in a word at this time.

"Yes, but the time and number of people have not been determined yet." Yang Yu returned.

"It's not convenient for me to take Hua Yan with me." Li ruorong is directly charging Yang Yu. How can it be like seducing him?

"Of course." Since Yang Yu climbed out of the coffin, he is not afraid of Li Ruo Rong. Li Ruoshui's second elder sister, to tell you the truth, Yang Yu wants to eat her. Besides, Hua Yuyan seduced him last time. If she took her with her, wouldn't it be another good luck?

Yang Yu is happy to think about it. This trip to the seaside is really a group of beautiful women.

"By the way, sister LAN, how about you?" Yang Yu asks, if Li Ruolan also goes, hehe, you can steal again.

"I want to catch up with the draft of the water devil, and I have to go to the city to hand in the work. I'm afraid I can't go this time. Next time, I'll have another chance."

Li Ruolan also looked at Yang Yu directly. It's obvious that it's summer vacation. Don't have too many opportunities to go to the beach together. Are you afraid you won't have a chance to shoot with Yang Yu on the beach?

It's just that whether Li Ruoshui will go or not is a matter of contradiction for Yang Yu. It's good to have a chance to sleep with her or eat her tofu, but it seriously hinders his ambiguous and furtive relationship with other women, and it's not right.

however, he can't decide whether Li Ruoshui will go or not? What's more, it was Li ruorong who took her place in the last spring outing.

However, Yang Yu is really looking forward to this tour. There are too many beautiful women and too many opportunities for shooting. Which man doesn't expect such a beautiful Yanfu?

When Yang Yu went home, he was in a very good mood.

Today is sanxiyingmen. Yunxi was admitted to high school. Although it is not a key high school, the general high school is enough, and the score is much higher. This is Yunxi's super performance. Today is Yang Yu's lucky day. He may be both the headmaster and the village head.

"Cousin, why don't you go?" Yang Yu was very surprised. Originally, when he went to the seaside, he had

to take his cousin with him. It was the happiest thing for him to be with her. Especially if he wanted to see her wearing a bikini, Yang Yu would surely bleed.

Therefore, if his cousin said no, Yang Yu was in a low mood.

How can cousin not go?

"That vegetable field is so big that it needs someone to take care of it. Even I have left. My mother can't be busy staying at home alone." Li Yuanxi said, of course, this is an excuse. How can she not want to go? To walk on the beach hand in hand with her cousin, to watch the sunrise and sunset, and to swim in the sea together are the things she wants to do in her life. Where doesn't she want to go?

When Li Xiyuan walks to the beach, it will be painful for her to go to the beach with her cousin, but if she doesn't have the courage to go to the beach with her brother, it will be painful for her.

Li Yuanxi chose to escape.

"When the vegetable field is stable, shall we go alone?" When he got out of the room, Yang Yu and his cousin were left. Yang Yu asked.

Summer vacation is the best time. After school starts, there will be no time. Moreover, going to the beach in summer is the most fun thing. Naturally, Yang Yu won't miss such a wonderful chance of dating.

Li Yuanxi hesitated for a moment, then nodded.

Yang Yu immediately regained his mood and could not be calm for a long time. Finally, he had a chance to stay alone with his cousin.

Back to the room, Yang Yu plans the next summer vacation, because the entrance examination is ahead of time, so in fact, Yang Yu has two and a half months of vacation this time. This summer vacation, Yang Yu is certainly busy, the biggest thing is to start a business.

Other trivial things are just going home to visit their parents, meeting with classmates and visiting Lin Yiyi. Of course, if you become the village head, the village head will have something to manage, plan and do. There is also something to check, such as the black pupil, the side effects of black blood curse, the hidden things of Yang Lin, the design of Judas gold coin on her hand, the woman in black windbreaker in her dream, the cross pendant given by Xiao Xi, and the curse of witchcraft. Yang Yu has to check these things related to herself, religion and witchcraft.

All the rest of the time, Yang Yu only do one thing: pick up girls.

Summer is a good season for picking up girls and mating. How can Yang Yu miss so many beautiful girls in the village.

So, after the high school entrance examination and the water ghost, Yang Yu will naturally relax. Tomorrow, he will be ready to go out to hunt. He will find a tender place to nourish his nerves.

Then the day after tomorrow, I have to go to school to celebrate my graduation.

Then I took you to the beach for a few days.

Yang Yu has planned this beautiful day. He is in a good mood and everything is beautiful. Tonight, Yang Yu starts to itch. But look at the mobile phone. If there is no signal, Yang Yu will be bored. On the first day when he is the village head, we should find a way to build a mobile signal station first.

"Who do you want to fight with tonight?" Yang Yu muttered that it's inconvenient to live in my aunt's house. They should escape quietly and not let them know. When they earn money, they must build their own house in the village. It's convenient for them to ask for artillery.

But looking at the time, it was very late, so I had to sleep.

It's very bright in summer. The water drops of flowers and plants are very clear. The whole Yunv village is as fresh and natural as fairyland. It's such a beautiful place that I really don't want to live in the city after staying for a long time.

But at noon, it will be extremely hot. Because it's not good for people to swim in the sun.

It was not until three or four o'clock in the afternoon that the sun began to cool down. At this time, more and more people came out to swim and take a bath.

"Come on, Yunxi, go swimming with my cousin?" Yang Yu is ready to go. He loves swimming very much. But in the city, he can only go to the swimming pool. It's so dirty and there are so many people. It's too inconvenient.

"Ah? Don't go with your cousin. " Yun Xi vomited tongue to say.

"What? Are you going to swim naked, afraid of being seen by your cousin? Ha ha Yang Yu laughs, and his relationship with Yunxi has been restored. After the last time, Yang Yu now pays a little attention to talking with Yunxi, and dare not joke casually.

"Yes, I'll go swimming with my sister. Cousin, you can go by yourself." Yunxi said and left.

Yang Yu Leng is there, cousin he is please don't move, grabbed the back of the head, can only be oneself to go.

"Sister Wen, don't be so outspoken. It will frighten people." Feather heart is afraid of these girls too coquettish lose their face, when let Yang Yu misunderstand himself is this kind of woman, that's the end.

Yuxin introduces all the four sisters, but Yang Yu can only remember two. One is Wenwen, who is naked. Wenwen has a big butt and luxuriant hair. At first glance, he knows that she is a whore, and this kind of Whore can be on her at will. Another is Ye Yan, whose name is ordinary, but her figure is hot, especially with two dimples. She can laugh sweetly It's too late.

When Yang Yu saw that there were no other acquaintances here, especially no cousin and Li Ruoshui, who could watch his own woman, he immediately turned pale.

"Shall we come to the swimming competition?" Suddenly someone suggested.

"Is it good to win?" Wen Wen interjected.

"If you win, let's give Miss Yang to you." Feather heart returns, this words a, immediately everybody is to raise both hands to agree with, happy not blossom.

"Then you have to ask me if I agree or not. Besides, what's your advantage if I win? "When Yang Yu heard that there was a competition, would it be like that in Xie Qiuqiu's apartment last time? Of course, he was interested.

"If you win, you can choose any one of our five girls. You can do whatever you want with her, can you?" Wen Wen is looking for any chance to get close to Yang Yu. This sentence is the voice of all the girls.

Yang Yu listened, the condition opens so well, this words is not to understand. What's more, Yang Yu is a good sportsman. Swimming is such a bullshit. It's hard to find him.

"Then I'll win five in a row. You five will choose one by one. Come on, how can we compare? " Yang Yu soon joined their team.

You look at me and I look at you, the five sisters gathered together to discuss. It seems that they came prepared to embarrass Yang Yu.

A moment later, Wen Wen said, "we're in a team of five, and you're in a team of one. We'll compare speed, hold your breath, find something, float and hide and seek. The rules are set. If you win, you can choose any of our girls to do anything with you. Similarly, if you lose, you have to listen to us."

When Yang Yu heard it, he found that there were many kinds of tricks, which were good and fun. Moreover, Yang Yu was good at these five items and could not lose. Did they deliberately let themselves go on one by one? Yang Yu's heart is full of joy. Originally, he came here to pick up girls. Unexpectedly, he took five bubbles in one mouthful and made Yu Xin bubble. It's such a beautiful thing that I can't find a lantern.

"It's a deal. Don't cheat. It's anything." Yang Yu says first, can't drill a hole for them at that time.

At this time, Yang Yu always thought that the girls in their heads must be the same as themselves. They just had to find an excuse to go to bed. What a high sounding appointment.

Although Yang Jianyu is full of confidence, how can they win these events.

"We are all honest. That's it. Speed first. We sent Ye Yan to compare with you. Whoever gets to the other side first wins. " Feather heart when the referee.

So, the fun game started.

Yang Yu is fighting for picking up girls. Naturally, he is full of confidence. He can catch a woman faster than she can.

At the same time, they rushed to the opposite bank.

However, Ye Yan a hand, Yang Yu was stunned, did not expect that the girls swimming in the village so niucha, a slip of smoke, like a loach, directly rushed out, leaving Yang Yu far behind. Everyone has been cheering for a long time.

"Shit! Swim so fast Seeing that one third of the road has passed, Yang Yu is left behind. How could he lose face to a girl in high school? Yang Yu knew that his opponent was very strong and he despised him too much, so he rushed to catch up seriously.

Obviously, Ye Yan swam too fast in the early stage and lacked strength in the later stage. Yang Yu made great efforts to catch up with her and easily surpassed her on the last journey.

"Oh, Yang Yu is chasing so hard." They stamped their feet and lost. They were obviously unconvinced. Ye Yan was the best swimmer and the fastest swimmer here. How could Yang Yu be so versatile and powerful in everything.

Yang Yu got to the other bank first. At this time, the pool was the deepest place. It was several meters deep below. The water was too blue to be seen in the end. It was still a little scary. The group of women on the opposite side was tens of meters away. They had some distance. Looking at it, they only saw the head.

Yang Yu grabbed the rock by the side of the mountain, and his whole body was immersed in the water, because he couldn't climb up at all. It was a completely vertical rock. Yang Yu is stepping on the water and holding the stone in one hand to prevent himself from falling down. If he is not careful, he will drown.

Ye Yan was obviously tired. After swimming so far, Yang Yu saw that she was a little tired and quickly reached out to pull her over.

Ye Yan is breathing the atmosphere, after a full half a year did not swim, the first time this year to swim so far, hard is normal.

"How fast you swim." Ye Yan also holds the stone with one hand, and Yang Yu's big hand holds one hand. If she stays in such a deep place, she is still a little afraid. Fortunately, Yang Yu is here. "I haven't seen girls swim so fast. Have a good rest. I'll swim back later." Yang Yu didn't become a hooligan immediately. He should care about others first. Girls should be spoiled.

"But I still lost. You can choose girls. Who will you choose?" Ye Yan can't help but wonder, who is Yang Yu's favorite of the five women? Ye Yan thought to herself: Yang Yu will definitely choose Yu Xin. They have known each other for a long time, and Yu Xin is beautiful, but she may also choose Wen Wen. She is the most coquettish. She even travels naked. Men are all lusty and like whores. Maybe she will be chosen.

"Who do you want me to choose?" Yang Yu is not in a hurry to answer this question, but he wants to test Ye Yan first.

"It's not what I want to be able to achieve." Ye Yan replied with a smile.

At this time, Yang Yu looked around. It was too dangerous to hold a stone and step on the water, so he wanted to find a place nearby. It was found that there seemed to be a small cave under the vertical rock wall about ten meters away. It looked as if it could go in and hide, so it said:

"see that cave? Do you want to go there and have a look? Maybe you can swim in and have a rest. It's too deep and dangerous here. "

Ye Yan looked in the direction Yang Yu pointed out, and found a small hole. She was flustered when she floated here. The water below was unfathomable. In addition to the fact that the water ghost was so fierce before, she was still a little goose bumps in her heart, so she said:

"well, it's too flustered here."

So, Yang Yu along the cliff, holding Ye Yan's hand, a little bit of climb past. It didn't take long to get to the hole.

And the sisters on the other side are only playing and swimming, and they don't pay much attention to Yang Yu and Ye Yan under the opposite cliff. So when Yang Yu and Ye Yan swim into the cave, no one knows.

What I didn't expect was such a small hole, but it was full of hidden flowers. The size of the cave is much bigger than expected, higher and wider. What's more, there is a big smooth rock, and the light can just shine into part of the cave from the entrance, so it's not dark at all and it's very bright.

Yang Yu first climbed the marble, and then pulled Ye Yan up.

Here, the two found that the water below was sparkling and bright, and reflected on the rocks in the cave with a little sunshine. It was like stars, with romantic atmosphere.

"Wow, I haven't found such a beautiful place after swimming here for so long." Ye Yan out of the water, water along her milk, skin and down, very beautiful.

Originally, Yang Yu just wanted to have a rest. Suddenly he found that it was so spacious and quiet, and there was no one to disturb him. It was hard to avoid that he was wrong with Ye Yan, so he said:

"sit down a little."

Ye Yan listened, moved the position, with Yang Yu close together, two people face the hole, the other side of the crowd can still see, but they want to see here, it is impossible.

"If I say, who do you want me to choose, I will choose?" Yang Yanyu turned around just now and continued to talk with her tenderly.

"But I don't know what you want her to do. What if it's a disgrace?" Ye Yan's words are actually trying to test Yang Yu, because after all, she doesn't know what Yang Yu really thinks. In case what others think is different from what she thinks, what should she do? Isn't it a big shame? Besides, Yang Yu has no shortage of women.

As soon as Yang Yu heard this, he became overbearing. He directly extended his hand and stroked Ye Yan's face. He also held her face over. However, he looked directly at Ye Yan. Ye Yan was startled by the sudden action and eyes, and her heart was in a panic. She did not dare to look directly into Yang Yu's eyes and blushed.

"I want to play you here, OK?" Yang Yu asked boldly.

Chapter 254

Ye Yan a listen, did not expect Yang Yu say so rogue words, suddenly face more red, Leng there, completely do not know how to answer such an embarrassing question.

"Is that ok?" Yang Yu is aggressive. Although Ye Yan has just met him, he is still very strange, but he is very rich to ask such questions. He just wants to force Ye Yan to answer them. It's not easy to do her. You can force her directly. What can she do? Call every day should not, call the ground is not working, call the opposite side of the sister also can't hear ah, always won't really call the police?

"What do you want me to answer?" Ye Yan lowered her head and blushed like a tomato.

"Answer as you should. I'm sure I respect you." Yang Yu, of course, said it on purpose. The last sentence puts pressure on Ye Yan. If you say you don't give it to me, you won't get on with you. Of course, this is a superficial meaning, but actually Lao Tzu will get on with you.

"You blush like this, aren't you still a virgin?" Yang Yu deliberately teased her. The more embarrassed she was, the more proud Yang Yu was.

"Can't you?" Ye Yan also does not know how to answer, is the virgin so shameful?

"I'll open you up now, won't I?" Yang Yu continues to force Ye Yan, is to force her to put down self-esteem, put down the lady, put down all the embarrassing things, let her own words to say, to do absolutely.

"Ah? Don't Ye Yan's don't say is very light, mosquito call is the same, even she estimate all can't hear it.

But the more you said no, the more powerful Yang Yu was and the more interested he was, he asked, "you're not right. You're cheating. You bet before, but you said who I choose to do anything?" Yang Yu is not afraid of his own hooligans. His own reason is quite sufficient.

This is the saying, playing with the banner of love, playing without money.

Now Yang Yu is playing the banner of gambling, open the virgin bud without money, this kind of gambling really hope that the more the better.

"I don't know how to cheat." Ye Yan pouted her lips and didn't dare to look at Yang Yu. Even if she refuted, she kept her head down and didn't have enough confidence I have no experience. "

When she said these words, Ye Yan wanted to go down to the stone. It was too shameful. It seemed that she was begging Yang Yugan himself. She was not that hungry and coquettish, and she was not that wretch of Wen Wen.

"No experience, nothing. I can teach you."

Yang Yu said with a smile, around directly to touch Ye Yan.

After all, Ye Yan is wearing a bra. Yang Yu's hand is too big to touch. She says softly, "take off your bra."

Ye Yan Leng for a while, but still hard scalp, stretched out his hand to take off the bra, threw it on the marble, just his hands covering the breast, embarrassed to show.

Yang Yu didn't care about her at all. He held out his hand and kneaded it.

See Ye Yan reaction is not big, simply stood up, legs apart to sit behind Ye Yan, from behind hugged her.

Now, Ye Yan is flustered.

It's the first time that she is so close to a man. She is afraid and expecting. Happiness comes too soon, but Ye Yan is not at ease.

"It's OK. Relax." Yang Yu also leaned his head on Ye Yan's shoulder and said to her ear.

Ye Yan listen to, deep breath, try to let yourself not so nervous, and the hormone in the body is gradually burning up. "Do you feel it?" Yang Yu asked.

Ye Yan even shook her head! In fact, Ye Yan didn't know what feeling was? She didn't have any intimate experience with men before, how to answer, she can only shake her head.

Poof, Yang Yu's blood is about to spit out. If you touch her like this, she doesn't feel it? It's not scientific.

"You can't be cold, can you?" Yang Yu asked deliberately, although he knew that Ye Yan was definitely not a cold girl, but a virgin with no experience.

"Don't scare me. It's not so serious." Ye Yan retorts.

"Do you want to be a man?" Yang Yu continues to tease.

He just likes to say coquettish words from Ye Yan's mouth. But if these words come from the mouths of Pan caier, Lin Yina and Zishu, they are tasteless. Only when they come from the mouths of those shy and embarrassed virgins can Yang Yu feel tasteful and satisfy his abnormal sexual psychology.

"Yes, I do. I'm so old that I don't want to be a virgin." Ye Yan and Yang Yu have skin contact, especially, such naked contact, courage also gradually grow up, he usually think so, why should hide hide ye ye, like Wen Wen Sao, also don't think what's bad, people Sao up, there are men want her.

"I'll do you, OK?" Yang Yu blows into Ye Yan's ears, making Ye Yan itchy and numb.

"OK, but I'm afraid of pain. Can I be light?" All women are afraid of pain, so is Ye Yan.

Yang Yu nodded and moved directly.

But Yang Yu didn't dare to play too long. After all, a group of women outside were waiting for them to go back.

"How's it going? Have you slowed down? " Twenty minutes later, Yang Yu caresses Ye Yan's cheek and sees that her face is full of sweat.

"Well, Yang Yu is so powerful that I'm all floating." Ye Yan also panted, continued: "I finally know why the girls in the village want to have sex with you."

"Then you want your sister to say more good things." Of course, Yang Yu has to take the opportunity to help promote himself, let alone become the headmaster and village head. Image is very important, no matter what aspect it is.

"Sure, I'm afraid it will be addictive. What should I do?" Ye Yan did it once, tasted the forbidden fruit, and wanted to yearn for the next time.

However, Yang Yu is not his own boyfriend. He must have a good time. If he wants to, and there is no man to do himself, what should he do?

"That's not easy. Just find a man."

Yang Yu laughs. There are so many such women that he is interested in them for the first time. At least after tasting the freshness, how can he care about them.

"No, I just want to give it to you." Ye Yan returned.

Yang Yu smiles and touches her hair. The woman wants to coax her and says, "well, I know. We're going out with our underwear on. They're still waiting for us outside."

When Yang Yu and Ye Yan came out of the cave and swam back, the group of people in Yuxin had already yelled.

"Why are you so long? It's almost half an hour. Where have you been? " Feather heart can't wait, thought they were drowned: "you know how worried we are about you, thought you were caught by the water ghost."

"Sister Yuxin, we are wrong. Don't be angry. "Ye Yangang was hit by Yang Yu, so she was in a good mood.

"What else can they do? They must be hiding from us to shoot. Ye Yan, please tell me, are they budding by Yang Yu? ha-ha. "Wen Wen's mouth is the most direct, and he is not shy to say such things.

"Oh, sister Wen, what are you talking about. "Ye Yan said that she didn't have it. She secretly glanced at Yang Yu and blushed when she thought of the scene that Yang Yu had just opened her bud.

"Who are you kidding? I've worn my knees, but I don't think so. "Where can Wen Wen be cheated by this lie? She's a passer-by. Before she swam, her knees were all good. Now when she came back, her

knees were worn out. What else could she be if she wasn't hit by Yang Yu's back entry artillery?

Ye Yan see their lies were exposed, face more red, embarrassed head.

After listening to Wen Wen's words, everyone secretly glanced at Ye Yan's knee, and immediately understood that Ye Yan was really just opened by Yang Yugang. Maybe the place below is still bleeding. However, Yu Xin is the most unhappy. She is a little jealous and jealous. She takes a sneak look at Yang Yu. It is clear that she is most familiar with Yang Yu. Ye Yancai has just known her for a few minutes, but Yang Yu has sprouted her. Is it because she is not coquettish enough that Yang Yu disdains herself?

"Won't the game go on?" Yang Yu quickly changed the topic and kept talking about this atmosphere. It's very embarrassing, neither admitting nor lying.

"Of course, it goes on. If Ye Yan loses the game, it can be started, not to mention we have to win." Wen Wen said unconvinced.

So everyone continued to play in the water.

Yang Yu is ready to win his five innings in a row, even open five bracts, the taste is refreshing.

In the second inning, Yang Yu didn't play Shuipiao. Although it wasn't Yang Yu's strong point, men had enough strength and Shuipiao was naturally fierce.

"Who are you sending?" Yang Yu asked.

"Who is it? Five of us, one of you." Said Sister Wen, with a strong sense of reason.

"You're cheating, aren't you one-on-one?" Yang Yu almost burst out with a mouthful of blood. When is it five to one.

"When did I say it was one-on-one? Sisters, did I say that?" Wen Wen insists.

"No," everyone answered in unison.

Nima! Yang Yu thought, really did not say, ah, forget it, who let them be women.

"One on five, one on five, you still lose." With that, Yang Yu found a very thin piece of stone and bent down to fly out.

"1, 2, 3" Yang Yu counted, the biggest laugh, very proud, said: "a total of nine steps!"

that's a great achievement.

Then Wenwen casually took a stone and threw it out, only to hear two thumps. This is also a water drift?

I'm not sure I'll win.

As a result, at the end of the round, the most people took only five steps, far less than Yang Yu's nine.

"How's it going? Lost again?" Yang Yu is proud of himself. If he goes on like this, he can win five games without any difficulty.

However, immediately, Yang Yu was blinded again.

"Who said you won? I took two steps, feather heart five steps, Ye Yan four steps, they two three steps, the total is 13 steps, you only nine steps, pro, do you teach math by PE teacher?" Wenwen is right again. The crowd burst out laughing.

Nima, do you have that?

That Olympic long jump competition, I let 1.3 billion Chinese people jump one step every day, and then add up? You can jump to Mars. But are women reasoning animals?

"Well, you won." Yang Yu's reply is wordless. There's no need to argue with women. The more you argue, the lower your IQ will be.

As a result, this is only the beginning of tragedy.

In the third game, I ran to scratch my brother's itch. I was immediately discouraged and lost!

In the fourth inning, five of them looked for things with ten eyes. I only had two. I lost!

In the fifth game, five of them came to catch one of them. They just swam out and were surrounded by them. Lose!

Four games in a row.

"Yang Yu, you seem very unconvinced?" Wen Wen and his sisters are smiling happily.

"How dare you, my sisters and sisters, I can only say that you are too powerful. I am convinced, especially in the suffocation game, I almost choked to death. "It's entertainment, not a real game. In fact, it's the same whether you win or lose. You don't need to be serious. Just have a good time.

"Sisters, tell me what to do with Yang Yu. Now he'll listen to us. ha-ha. "Wenwen is most proud now.

"Take off your underwear first." Said Yuanyuan in the sisterhood.

Poof!

Yang Yu's blood gushed out.

"Cousin, what are you doing?" Suddenly, Yunxi didn't know when to swim.

When Yang Yu hears Yunxi's voice, he is scared out of his soul. His reaction is faster than that of the rabbit. He pulls back his pants from the water. Meanwhile, Wen Wen is so cool that he slumps in the water.

If they hadn't been pulled up by Yuxin, they might have drowned in the water.

"No, No. "Yang Yu replied awkwardly:" chatting. "

Yun Xi looked at the naked Wen Wen and thought: it's disgusting to swim naked.

"I want to go back." Yunxi is coquettish.

"Good. "Yang Yu also wanted to go back. He turned to look at Yu Xin and said," today is the end of the game. As for what I lost, you can find me in private or another day. I'm willing to admit defeat. "

This is obviously for Yu Xin.

After all, I still owe Yu Xin and Xiao Ru one thing.

Yang Yu is very happy that his cousin came in time to let him get rid of the wolf's nest, although there is no dry feather heart, more or less regret.

Dinner.

A family gets together, eating the healthiest food in the world, drinking the cleanest water in the world, breathing the freshest air. It's impossible to live a long life.

"The vegetables are growing very well, and there are no moths. Even God helps us. It is estimated that the first batch of vegetables will be harvested in two weeks." She said.

"Are we going to get rich?" Yunxi is smiling. She's the happiest in the past few days. She's admitted to high school and has a holiday. Her cousin doesn't leave home. Even if she goes to the mountains, Yunxi follows her cousin. She's just a follower of Yang Yu. I don't know how comfortable and happy she is.

"How can entrepreneurship be so simple? The hard times are still behind us. If we are not careful, we may lose all our old capital, so we should pay attention everywhere." Yang Yu is very cautious, especially when it comes to money.

"Oh, by the way, cousin, I heard that you are running for village head?" Asked the cousin, abruptly diverging from the subject.

"Ah?" Xiaoyi and Yunxi were surprised at the same time. They don't know about it yet.

"Yes. So you should support me more." Yang Yu is not afraid to admit that he hasn't started canvassing, and he doesn't know if village head Zhang will play tricks.

"Cousin, are you going to be the village head? WOW!" Yunxi is even more happy to die: "then I can show off in front of my classmates."

"that's all you can do." My aunt scolded Yunxi with a smile.

The crowd laughed.

Tomorrow, the school celebrates the high school entrance examination and gets a good result. The day after tomorrow, they go to the city to discuss the details of the channel with Xie Tianshi. They also go to see the second sister to see how she is. By the way, they want to see Lin Yiyi. Yang Yu, as a man, can't escape this responsibility.

It's a piece of cake to do two women in the daytime, but I'm very satisfied to think of it. I didn't expect that in the summer, no matter the village women are more and more indulgent. Fortunately, it's nearly ten days. There's no water ghost or evil spirit, and I haven't heard any news about the side effects of breaking the curse.

Perhaps, the water ghost evil spirit thing is really past, although this is a result of no result, although the death of Zhang Li, Xiao Xing, Xiao Dan and other victims, there is no clear truth, maybe this is the best result.

There are too many things in the world that have no answers, no explanations, and no science. That's the result.

Therefore, this is the most stable night for Yang Yu to sleep. Finally, his busy days are over.

Unfortunately, Yang Yu is wrong again.

It's also a strange dream. There is nothing in the dream, only a piece of red, as if living in a red world.

All of a sudden, ah, a scream.

Yang Yu suddenly wakes up from the nightmare and says: Yunxi's voice, what happened? Yang Yu didn't wear any trousers and clothes, so he ran to Yunxi's room on the second floor. He met his aunt and cousin at the door, and they knocked at the door at the same time.

"Yunxi, what happened?" Cried Yang Yu.

A moment later, Yunxi opened the door and threw himself into Yang Yu's arms.

"Yunxi, what's the matter?" "My aunt and cousin are concerned about it. Maybe they have nightmares again. The child is usually heartless and has no distractions. The only shadow is that the last time she was a psychopath had some trauma to her mind, which is also the reason why she is most dependent on Yang Yu.

"I had a nightmare." Yunxi hugs his cousin tightly and doesn't want to talk.

Little aunt and cousin listen to just a nightmare, comfort a few words, also went back, left Yangyu continue to comfort her.

Under Yang Yu's comfort, Yunxi lies back in bed and gets under the covers. And Zhang meiruo had already gone home after the high school entrance examination, so Yunxi had been sleeping in a room alone for a long time.

"It's all right, darling. It's just a dream. My cousin does it every day. There's nothing wrong with it." Yang Yu comforted me.

In fact, Yang Yu has seen Freud's analysis of dreams and the classic movie *Muheland Road*. He has more or less his own understanding of dreams. Dreams can't be just what he wants or doesn't want to happen, which is usually subconscious. For example, in the senior high school entrance examination, you may dream that you pee your pants and get full marks. You are eager for good marks and afraid of tension, so if you pee your pants, most of your dreams can be explained by this criterion.

So dreams are never prophecies.

"But this dream is really good, I'm afraid." Yunxi said, looking up at the room, and immediately he was afraid to retract into the quilt.

"What do you dream of?" Yang Yu asked, although this question is very stupid, it will only stimulate Yunxi more. Yang Yu's original intention is to deceive his cousin to explain this dream.

However, when Yunxi said what he had dreamed, Yang Yu couldn't say a word, not that he couldn't cheat, but that he was scared and pale.

Yunxi said: "I dream of a red, as if this room is full of blood. "

Yang Yu was as like as two peas, and his sweat was down his back. God, Yun hee had made a dream like himself. It's impossible!

Absolutely impossible. You're going to hit Freud in the face. How could that happen? The same night, the same scene, the same room.

"What's the matter with you, cousin? "Yunxi doesn't know why his cousin suddenly doesn't speak. Looking at his cousin's expression, Yunxi is even more afraid.

Yang Yu smiles.

"Silly girl, don't you see feather heart wearing pink underpants when you swim in the daytime? That's why I dream at night because I see too much of this stuff during the day. "Yang Yu casually found a reason to cheat.

"Cut, is cousin you see much, so many beautiful women around you, also don't know what, all see beautiful women's underwear. "Yunxi is amused by this explanation. As long as his cousin is by his side, he will not be afraid of anything. The nightmare just disappeared.

"Yes, it's a pity. I also saw the underwear of the third sister. Ha ha. "Yang Yu teased me.

"Cousin, you don't pay attention to you, smelly cousin. "Yunxi pretends to be angry on purpose. This kind of teasing doesn't make her angry. It's too much to touch her last time, even her cousin.

"Do you want a cousin to sleep with you? "Yang Yu said again, it's a good chance to restore the relationship with Yunxi. She was angry for a long time last time, but the relationship has not recovered to the best. If we sleep together tonight, we will be as good as ever.

"No! "As soon as Yunxi listens to it, he immediately remembers what happened that night and firmly refuses.

As soon as Yang Yu heard that there was no play, he gave up and prepared to go back to his room. However, Yang Yu just got up, the hand has not left Yunxi's hand, Yunxi pulled again.

"I'm afraid! "Yunxi bowed his head, a little embarrassed and begged his cousin. He didn't dare to look at Yang Yu in the eye. He muttered in private, "if you don't touch him, you can stay. "

" I was afraid that you would touch me. Look at my cousin, he didn't wear anything. "Yang Yu is smiling. Of course, he is wearing underpants. As soon as the joke is over, the atmosphere will be better.

He closed the door, put out the light, and got into Yunxi's quilt. Yunxi took the initiative to kiss Yang Yu on the face, got into Yang Yu's arms, and went to sleep happily.

Yang Yu tightly hugs Yun Xi, but this time, Yang Yu has to be obedient, his hands are honest, and he dare not bully his cousin. However, when he thinks that Yun Xi is a white tiger, he can't help but harden up with a white tiger in his arms.

This hard, natural top in Yunxi's belly below, but this time, Yunxi did not avoid.

Yunxi found himself wet again.

The night in the countryside is still so dark, quiet, long and terrible.

All kinds of terrible things will come out, especially those old houses where no one has lived for decades, those ancestral halls full of coffins, those houses close to tombs. It's hard to imagine how terrible the countryside is in the middle of the night.

Maybe there are two eyes looking at you in the dark, maybe there is a woman walking around next door, maybe.

Yang Yu didn't know how long he had been sleeping. He didn't know what time it was in the middle of the night.

All of a sudden.

Yang Yu was awakened by a burst of crying.

It's a woman's cry. It's very thin and strange. It's intermittent. It's full of bitterness. It's very horrible, gloomy and evil in the dark and quiet night.

Chapter 258

Name : [A Sensualist's Sin](#) Author : [Rosemead](#)

[+ -](#) [Turn off](#) [Reset](#)

Who the hell is crying in the middle of the night? Yang Yu thought to himself, feeling that the cry was in his house, but who could it be?

Yang Yu opens his eyes and finds that Yun Xi is also woken up.

"Cousin, do you hear me?" Yunxi is shaking with fright. The whole village is sleeping in the middle of the night. Suddenly, someone is crying, breaking the peace. It's a little scary.

"Cousin, go out and have a look. Stay here." Yang Yu said and gave Yunxi a kiss on the mouth.

It's hot in summer, but it's still cool in the countryside at night, because it's all mountains, and the temperature difference will be greater than that in coastal and plain areas. So Yang Yu went upstairs and put on a coat, and then found a flashlight. But at this time, the flashlight didn't have electricity. How could it be slapped and didn't light up? It was OK last night, so soon it was dead? Yang had to go downstairs at two o'clock in the morning and didn't want to see it.

Yang Yu touched the stairs on the second floor and looked out of the village.

It's dark!

There are no street lights or neon lights in the countryside, and there are no company buildings to work overtime. Even if someone goes to bed very late, they just light up their room. So once there is no moonlight in the night, they are really out of sight.

"Why is it fogging?" Yang Yu looked at the outside hazy, with fog, no moonlight, no flashlight, it is more difficult to walk, difficult to walk.

But the cry is still there.

Yang Yu takes a deep breath. Whether it's a ghost or a person, he has to go and have a look. The endless crying is too disturbing.

Yang Yu could only feel the wall and go down, looking for the cry. When Yang Yu got to the first floor, he pricked up his ears and heard that the cry was not from the kitchen on the right, but from the left. The room on the left was the same as the room where Yang Yu and his aunt slept ten years ago.

Later, the second floor was built. My aunt and cousins went to sleep on the second floor. This room became a room for storing sundries, such as wine vat, rice, potatoes, sweet potatoes, some farm tools, dustpan, hoes and so on.

Yang Yu is bold. What is there to be afraid of in his family? Can think of wrong ah, how can there be a woman crying at home?

Yang Yu's scalp is numb. If you think about it, my cousin on the second floor must have been woken up. Maybe she is afraid. She is the only man in the family. When she encounters such a strange thing in the middle of the night, she can only stand up and solve it.

After groping for a while, Yang Yu finally arrived at the door. After listening, the cry came from inside. But suddenly, Yang Yu was afraid.

Just about to reach out and push the door, Yang Yu shrinks back. He knows very well that no one can cry in his room for no reason. Besides, the door is closed and he can't get in. The more he thinks about it, the more terrifying it is. Many terrifying scenes emerge in his mind, especially the old corpse of a

mountain village.

Yang Yu knows as like as two peas, and the village is so much dirty that it is too much for the dirty things. Every time they go home, they will listen to the stories of the older generation. Some things are exactly the same as the real ones. Even Yang Yu himself has experienced several very bad things personally, though that was a long time ago.

Squeak!

It was the sound of pushing the door. Yang Yu still plucked up his courage and went away shivering.

All of a sudden.

Suddenly, a cold wind passed, and Yang Yu felt cool on his back.

At the same time, the crying stopped.

Yang Yu looks inside. It's so black that he can't see anything. The room was very big and deep. Yang Yu walked in along the wall, hoping to see a person. Most of the time, not seeing things is much more terrible than seeing things. However, there was really nothing and the crying stopped.

Am I too sensitive? Yang Yu thought in his heart, clearly no one is here. Yang Yu stopped for a moment, raised his ears. It was so quiet that he was relieved. He thought: maybe he heard wrong. Maybe someone in Li Xuerou's house next door is crying. I'll ask again tomorrow.

But Yang Yu just wanted to start and turn around. Suddenly, he stopped and was stiff there. Yang Yu suddenly felt that there was someone behind him. Just like that time in the reservoir, there was a person behind him, and he was still a woman. In an instant, Yang Yu was short of breath and his heart was beating wildly. The cold sweat from his back came down his back and his mouth was very dry. And the legs are shaking a little.

The feeling behind is gloomy and creepy. It's not the first time for Yang Yu to experience this kind of fear. Is there anyone behind? Can't you turn around and see a ghost with hair hanging on the ground, white clothes floating, limbs hanging like no joints?

Yang Yu can't keep sweating in his heart. Yang Yu suddenly took a big step forward, then turned around and looked back.

Another cold wind was coming. Yang Yu shivered, but there was nothing behind him.

But.

The cry started again.

FUCK ! There is no end! Yang Yu said angrily in his heart, I don't believe it if I don't find you out. No matter whether you are a human or a ghost, even a ghost will catch you and beat you up. Yang Yu doesn't know where he got the courage. It's ridiculous. He was almost scared to pee his pants just now. This time, Yang Yu felt that the cry came from the path outside.

Yang Yu quickly went out and opened the door. The layout of my aunt's house is different from that of others. There is no yard in the front, the yard is in the back, and there is a right side. The front is a small space, and then there is a lower step, which is naturally connected with the path below.

In fact, this path is already the main road in the village. The villagers in the lower reaches of the yunu river go up this road, but even the main road is very narrow and dangerous. It's dangerous because it's halfway up the mountain. The left side of the road is close to other people, while the right side is empty. Some places are very deep. If you fall down, you will die, but some places are OK, such as the section near my aunt's house.

It's not dangerous because there are lots of countryside and land under the road. It's only two meters high. However, if the old people fall down, they will hang up. So in the countryside, many old people fall down carelessly, and then they never get up or stay up for several months.

The path was paved with stones, so it reflected light and could be seen clearly. Yang Yu looked around for the cry.

Sure enough.

A few meters in front of the path below the vegetable field, Yang Yu saw a woman. Yang Yu quickly went up, bowed his head to the woman below and asked, "girl, are you ok?"

The girl obviously didn't pay attention to her walking. She fell down from here. Maybe she hurt herself or crumpled her foot, and there was no one to help, so she cried. At least Yang Yu thought so.

Yang Yu is on the road, and the girl is below. They are two or three meters away. Yang Yu has to look down to see them.

The woman curled up in the vegetable field, her black hair hanging straight down, had grown to hang on the ground, completely covered her face, and the woman was wearing a long white skirt, which basically covered her hands and feet. Yang Yu didn't see any skin.

Asked by Yang Yu, the woman stopped crying, but did not answer.

Another cold wind came, and Yang Yu shivered again. The fog became thicker and thicker. It was midnight again, and the visibility became lower and lower. When Yang Yu turned around, his house was almost invisible.

"Are you hurt? "Seeing that she didn't answer, Yang Yu asked again.

The woman was still motionless and silent.

Yang Yu has no way, is it hard to pass out? With Yang Yu's philanthropic mind, how can he ignore it? If someone really has something to do, what's more, he will run for the village head immediately and must always serve the people. The village head is the public servant of the people.

So Yang Yu jumped directly.

Yang Yu also wanted to ask, but suddenly stopped, because Yang Yu felt a trace of fear. He didn't think too much about it just now, but now he jumped down and was very close to the woman. Yang Yu was afraid and thought: it's already two o'clock in the morning. How can there be a woman walking at night? And looking at her figure and dress, it seems that she hasn't seen it before, if she lives in the village There are beauties. I'm sure I know them.

Yang Yu suddenly felt a little wrong, fog, midnight, women, crying, white clothes floating, a long black hair, can not see hands and feet and face, Yang Yu more think, the more flustered, always feel where wrong. Yang Yu suddenly feels his feet are very heavy.

However, things have come to this, even if she is a ghost, we can't give up all our previous achievements, but what if? What if a woman turns her head and sees a cheekless face like Xiao Xi? Or a face without a face? Or no eyes or a pair of white eyes? Isn't that scary?

Yang Yu still stepped forward and walked towards the woman step by step. It can be said that these steps are very difficult. Yang Yu never felt that it would be so hard to walk such a few steps. It's like living a long time. However, he could not endure any more, nor did he suffer from the unknown fear in his heart.

It's such a cool night, but Yang Yu's back is soaked with sweat. It's really evil.

Finally came to the woman's side, two people close at hand, Yang Yu squatted down, the woman in front of him. Yang Yu's courage and courage are really superb. If Cui Qiang was replaced, I'm afraid he would only hold his head and shiver in the quilt.

Yang Yu stretched out his hand to tap it, but his hand still stopped in the air and asked, "girl, what's the matter with you? "

the night is dreadfully quiet!

Fog, thick evil door!

Sweat on his forehead trickled down Yang Yu's nose and penetrated into the soil. Yang Yu's lips were thirsty, but he didn't even have the heart to lick them with his tongue.

At this time, the woman finally moved.

The woman gently turned her head, a wisp of breeze, the woman's hair gently blowing up.

Yang Yu saw her face clearly, and was scared out of control.

Gosh, gosh, this
