Liu Zixin was still crying, but after looking at Yang Yu, he suddenly became silly and thought: God, how big is it? Am I making money or losing money?

Yang Yu sits on the stone and points his head at Liu Zixin. As expected, Liu Zixin was very good. She separated her legs to Yang Yu's two sides and sat up. She put her hands on Yang Yu's neck, but her eyes didn't dare to look at him.

They fell in love.

After a quarter of an hour's rest, they recovered.

"You won't really treat me as a pervert and throw you into the sea, will you?" Yang Yu asked with a smile.

"I know you're not. I seduced you on purpose Liu Zixin even put out her tongue. When Yang Yu slaps on the forehead, am I fooled? A woman's heart is like a needle. Is that ok?"

"No wonder you work so hard." Yang Yu said, fortunately fun Liu Zixin is also very enjoyable.

So they put on their clothes and went back.

Yang Yu did not send Liu Zixin back to her own tent. I went straight back to my tent and went to bed. I really enjoyed my work and was a little tired.

I didn't know how long I had a big sleep. I was awakened by a stream of urine. I was surprised to find a woman in the quilt. Yang Yu was startled on the spot, fixed his eyes on it, and then swayed away. It turned out that it was Li Yunxi, his cousin, who was relieved. Immediately also understood. This is a strange place. For Yun Xi, who lacks a sense of security, it's normal that she can't sleep, so she will come and sleep in Yang Yu's arms. Only in this way can she sleep.

Yang Yu looked at Yunxi has been sleeping very sweet, very lovely, natural also dare not wake her. Quietly out of bed, out of the tent, to the back, and then take out the black thick on the wind and urine. At this time, it was 23:00 in the morning. There was almost no one on the beach. There were still some people drinking in the reception center in the distance.

Yang Yu found that his black and thick became hard again after urinating. He thought to himself: Liu Zixin just dried up a few hours ago, how can he get up so quickly? This summer night, men's sexual desire is often very strong, let alone Yang Yu. Since the strange insect bite, the guy becomes bigger, thicker, harder and longer, the sexual desire has doubled.

Yang Yu wanted to forget it. When he got to the door of the tent, his evil thoughts began again. After looking at the three tents, Li ruorong and Hua Yuyan want to sneak in, but after they go in, can they really do it for three people? It's estimated that they are not so brave. The rest are Zhang meiruo and Han Qingfang. They can sneak into the tent. Han Qingfang is his little lover, and he also helps to persuade Zhang meiruo. Even if they work in the tent, Zhang meiruo may be OK. But Zhang meiruo is a woman with too strong temperament and doesn't give her any aphrodisiac. She's afraid to shout and wake up the people. What's more, it's not good for her to promise to catch crabs at night No, you should be more careful when you do this.

Yang Yu finally looks at Shen Feifei's tent. Shen Feifei is a good girl with an introverted personality. Now she sleeps alone occasionally, so it's better to start. Even if she is raped, she is probably the kind of girl who is dumb and dare not talk.

Yang Yu looked at the vast sea level, finally took a deep breath and slipped into Shen Feifei's tent. Now Yang Yu is really a thief. He can't wake others up. Fortunately, Shen Feifei sleeps soundly. When Yang Yu sneaks in, no one knows. Yang Yu gently pulled up the zipper of the tent, and cautiously picked up the sheet and went in. The movement was very light.

Naturally, the tent is very dark, but it's still a little brighter than that in yunu village. Yang Yu can't explain why. Maybe it's related to the reflection of the water. The temperature is much warmer than outside. Shen Feifei is afraid of the heat, too. On his side, his white thigh is being exposed.

Yang Yu's blood was boiling.

Shen Feifei is falling asleep, completely unaware that what is in the tent now is not her classmate Li Yunxi, but her color teacher Yang Yu. If she knew, I'm afraid she would cry out in her dream. Yang Yu stretched out his hand and glided gently across Shen Feifei's cheek. His skin was smooth and tender.

Yang Yu and Shen Feifei don't have much contact and communication. In the whole semester, only that basketball match spent the most time together. Shen Feifei gave Yang Yu the impression that she was soft on the outside and hard on the inside, while Yunxi was soft on the outside and soft on the inside. Yang Yu has never looked at Shen Feifei so closely. In that basketball training, he once turned his head from behind and had a close relationship with Shen Feifei.

To tell the truth, Yang Yu does not dare to touch the beauty in front of her. How can Yang Yu, such a good girl, spoil her? If you want to spoil Zhang meiruo, you should also spoil her. However, when he saw Shen Feifei's beautiful leg, Yang Yu was moved again and became harder.

Yang Yu stretched out his hand and touched Shen Feifei's thigh. Shen Feifei's thighs are very elastic, white and heartbreaking. Yang Yu never thought Shen Feifei was so beautiful. Touching her beautiful

legs, Yang Yu wanted to touch Shen Feifei's underpants, but the underpants were so tight that Yang Yu couldn't reach in.

All of a sudden, Shen Feifei turns over. Yang Yu is startled, and quickly retracts his hand.

Surprised with a cold sweat, fortunately Shen Feifei did not wake up, but this turn, legs apart, Yang Yu's evil idea is more intense.

Just as Yang Yu bent over and was ready to kiss Shen Feifei's thigh with his mouth, suddenly.

Suddenly, the tent zipped down.

Who? Li Yunxi? Yang Yu thought that no one could come to the tent except Li Yunxi, but Li Yunxi was sleeping soundly. Was he a thief?

Yang Yu wants to hide, but finds no place to hide.

The zipper was completely opened, and a head came in. It turned out to be Han Qingfang.

When Han Qingfang sees Yang Yu, he seems not surprised at all. He gouges his fingers, which means to let Yang Yu come out. Yang Yu had to go out quietly.

"What's the matter?" Yang Yu asked.

"What's the matter? I should ask you. What are you doing in Shen Feifei's tent? Don't you think "Han Qingfang is not a fool, and you don't know what's in Yang Yu's mind"? Yang Yu has been working for two months, basically two or three times a week. To sum up, Han Qingfang has played with Yang Yu at least 20 or 30 times.

"I'm going to see if Yunxi is sleeping." Yang Yu lied casually.

"Who believe it? Yunxi is sleeping in your tent. Besides, do you need to get into someone else's bed to see Yunxi? Do you need to touch someone's thigh? " Han Qingfang exposed Yang Yu's lies.

Yang Yu's face was embarrassed. Fortunately, it was only Han Qingfang. Just a few words of coaxing, he just asked with a silly smile: "how do you know I'm in it? Why don't you go to bed? "

"I see you are not in your tent, and Yunxi is in your tent. You can't go to other places so late, so I guess you must have gone to Shen Feifei's tent. It's in it. I'm not looking for a woman for you. " Han Qingfang doesn't believe it. Why is he so nice to this lascivious boyfriend? He is just his undisclosed little girlfriend. His first wife is Li Ruoshui.

"Well, honey, I'm wrong. Kiss me." Yang Yu coaxes a few more words, and kisses Han Qingfang several times on the face. Han Qingfang has a big advantage, which is easy to coax. As long as sincere coax on a

few words, will turn to cry for smile.

"Don't you want to go to Zhang meiruo? Now is the chance. She is sleeping soundly Han Qingfang said.

Yang Yu wants to spray blood again. Han Qingfang's little girlfriend is really rare in the world. Yang Yu suddenly feels that she is very sorry for Han Qingfang. At the beginning, she was given aphrodisiac before she was given it. Later, she worked for two months without any name. Finally, she begged to give her a little bit of fame. Now she even finds a woman to do it for herself.

Yang Yu suddenly wants to cry. A few days ago, when Ji Ming confessed to himself, he also wants to cry.

In this world, there are few people who are good to themselves, and Yang Yu has few confidants in his whole Xuehai career. Han Hu is one of them, and he even blocks his knife and dies for himself. The little aunt is also good to herself. At home, all the delicious food is reserved for her. Sometimes the second sister is always angry about it. She always feels that Yang Yu has taken away her mother's love. This is the real reason why the second sister has such a bad attitude towards herself.

Yang Yu has indeed been chased by many women, but it's also a flash in the pan. He has experienced obstacles from his parents, betrayal from his girlfriend, death of his brother, and being cheated. As he grows up, there are fewer and fewer people who treat him better. Therefore, when Ji Ming secretly cares about himself and falls in love with him, Yang Yu is very moved.

Finally, I can experience the feeling of being loved. Men, from beginning to end, are active in love and play the role of love. Li Yuanxi, Li Yunxi and Li Ruoshui are all like this. But these women who also like themselves have never paid for anything.

Love and being loved, sometimes it's really fun.

Yang Yu is not willing to give everything, even his life, for his cousin's family. Is Han Qingfang the same?

Han Qingfang, who is just a little lover, is so kind to himself that Yang Yu is not a ruthless animal. Yang Yu suddenly hugs Han Qingfang tightly.

"Oh, I can't breathe. Why?" Han Qingfang is puzzled by Yang Yu's sudden embrace, but she can feel the warmth of this embrace, which is different from the previous hugs.

Yang Yu released his hand with a smile and said, "no, I'll be with you tonight."

"You what, such a good opportunity, I just did a lot of ideological work for her, now you go in to rape her, she must be OK, besides, she is not a virgin." Han Qingfang still thinks that if Zhang meiruo has a boyfriend, or that she has already been married by a man, and that like herself, she will often have sex with Yang Yu. So she thinks it's OK for a non virgin to be attacked by a man. Besides, Yang Yu is so thick. As long as she goes in and smokes, Zhang meiruo can't stand it.

"I want to do you more now." Yang Yu said sweet words with a smile.

Han Qingfang turns her eyes. On such a romantic night, on an island, the sky is especially pure, brighter than in the countryside. In front of her is the vast sea, golden sand beach, and breeze. Where can I find such a good scene of love? So Han Qingfang certainly thinks that this is also a rare good time.

"Well. Well, I'll go to Zhang meiruo after I'm done." Han Qingfang took Yang Yu's hand and ran to the seaside.

Shit! Yang Yu is happy, three women in one night?

When they got close to the sea, they stopped. There was no one on the beach, and they were lazy to go far away. Yang Yu took off his pants and sat down facing the sea. Just like Liu Zixin, Han Qingfang took off all his clothes and underwear, and sat down facing Yang Yu with his legs apart.

Han Qingfang's figure is much better than Liu Zixin's, her breasts are much bigger, her breasts are much rounder, her breasts are more elastic, and her height is much higher than that of Liu Zixin's.

In this way, face-to-face Guanyin sitting lotus, Han Qingfang's butt on a dry up and down.

"Husband, it's so comfortable, it's so comfortable." Although Han Qingfang is just a little girl friend, she prefers to call Yang Yu husband when she loves her. She knows that Yang Yu is very playful and has Li Ruoshui. It's not easy to maintain their relationship. Han Qingfang broke that night, has been completely conquered, that night, Han Qingfang has fallen in love with Yang Yu, that night's pleasure and several climaxes in a row, Han Qingfang thoroughly to the sky.

This meal is more than half an hour.

"Husband, I'm full. How about you?" Han Qingfang has another climax. Every time he has sex with Yang Yu, he has a climax. This climax is inseparable from Yang Yu. Now he is nestling on Yang Yu's shoulder like a bird, and his lower body is still inserted by Yang Yu.

"I haven't vented enough. What should I do?" Yang Yu stopped twitching and looked at Han Qingfang, the beautiful girl in front of her. Yang Yu has doubted many times how Zhang meiruo was chosen as the school flower. Although Zhang meiruo is really beautiful and impeccable, Yang Yu thinks Han Qingfang is more beautiful.

"Fool, go to Zhang meiruo. He conquered her like he conquered me. In the future, we will wait on you and let you vent." Han Qingfang said with a smile.

"You said that. I'll go now." It's true that Yang Yu was aroused by Han Qingfang's desire. It's a great achievement to rape Zhang meiruo on such a beautiful beach night. Say dry dry, Yang Yu put on underwear, two people go back. Han Qingfang goes to sleep in Shen Feifei's tent.

All sounds are quiet, the starry sky is bright, and the sea is vast.

Yang Yu's heart leaps and bounds and rapes Zhang meiruo. He is still a little nervous. Yang Yu is not even confident that he can conquer this fierce and naughty school flower. However, as a man, if he wants to be brave and dare not be a woman, how can he go to see the Secretary of the municipal Party committee and kill the Murong group?

Yang Yu breathed deeply, squatted down carefully, and quietly went to open Zhang meiruo's tent.

Zhang meiruo's sleeping posture is described by an idiom: uncanny craftsmanship. This posture seems to be practicing peerless martial arts. But those beautiful legs are not really built. Slender, white, fresh, smooth, soft, the more to the inner thigh, the more people can't stop.

Zhang meiruo lay flat, legs apart, like a frog. Her underwear barely covered the black forest, but it still loomed. I really don't know what kind of stream is under the black forest. Yang Yu pulled up the tent and gently bent down. Instead of lying on the side, he lay under Zhang meiruo's thigh and curled up there. Then he put his head close to Zhang meiruo's skin as far as possible.

If it is said that entering the tent is already a thief, Yang Yu is now an agent. That is to say, it is not so easy to wake up Zhang Mei and eat something cheap. I don't know if meiruo is sleeping deeply. Yang Yu wants to test it first. He puts his head on the underwear on the inside of his thigh and smells it. A sour fragrance comes to his nose.

Is this the smell of school flowers? Or the smell of virginity?

Yang Yu couldn't help looking up. Her breasts were round. Because she was lying flat, they didn't bulge so much, but the outline was also quite beautiful. Yang Yu lay prone, put his mouth close to him, put out his tongue and licked it on Zhang meiruo's thigh. When his tongue touched Zhang meiruo's thigh skin, the feeling of softness made people salivate.

Yang Yu licked Zhang meiruo's thigh, mainly Zhang meiruo's reaction, seemed to sleep well, no reaction, so he was more bold. When Yang Yu heard that he couldn't kiss the inside of his thigh, he licked Zhang meiruo's underpants, and the bath fire in his body suddenly started again. Han Qingfang was obviously not satisfied.

Yang Yu has a bold idea, reaches out his hands, ready to take off Zhang meiruo's underwear. Yang Yu can't wait to lick Zhang meiruo's Brook. This is Zhang meiruo's welfare. Yang Yu doesn't eat women's private parts. There are two conditions for Yang Yu to eat a woman's private parts: first, virginity; second, coquettish taste.

The more coquettish Yang Yu tastes, the more he likes to eat it. It's Yang Yu's eccentricity, so Yang Yu likes to eat mutton because it's so coquettish.

Yang Yugang just smelled the coquettish smell of Zhang meiruo, and Zhang meiruo had no boyfriend at all. He was absolutely a virgin. Yang Yu knew about it.

Yang Yu must be careful not to wake up this guy. Otherwise, because of her bad temper, peeling off her skin is small, and waking everyone up is a big thing.

In the dark tent, everything was quiet. See Yang Yu lie on Zhang meiruo's body, stir up.

All of a sudden.

Zhang meiruo wakes up.

"Ah? Who? Mr. Yang, what are you doing? "

Zhang meiruo wipes her hazy eyes and suddenly feels pressed by a man..

Suddenly, Zhang meiruo was stunned. At the same time, her body moved back involuntarily, trying to leave Yang Yu's mouth.

But Yang Yu put his hands around Zhang meiruo's pelvis and pressed it down. No matter Zhang meiruo had woken up, he continued to eat crazily.

Zhang meiruo blushed at the sight.

In the evening, Yang Yu came three times, exhausted and unable to work for Zhang meiruo, just wanted to have a good sleep.

In the early morning, a ray of sunlight shines out from the gap of the tent. Yang Yu wakes up in a daze, knowing that he has missed watching the sunrise, and Zhang meiruo is no longer in the room.

After putting on his trousers, Yang Yu's face is still full of coquettish smell. He goes to wash his face and runs to the beach not far away.

The sun has gradually risen from the sea level. On the beach, there are many photography enthusiasts with tripods to shoot the sunrise and tourists who come to watch the sunrise like Yang Yu.

"Why don't you wake me up? The sun has risen. " Yang Yu watched the six beauties sitting in a row, watching the rising sun on the sea level.

Watching the sunrise on the sea is a beautiful and romantic place.

"Cousin, I've called you several times and pushed you several times. You just didn't wake up. What did you do last night, cousin? Are you tired of catching crabs?" Li Yunxi replied, in fact, she was very puzzled. Why didn't she sleep with her cousin last night? And how is cousin sleeping in Zhang meiruo's tent.

Zhang meiruo wakes up when she hears Li Yunxi's cry outside. She quickly puts on her pants and clothes, covers Yang Yu with a quilt, and then comes out awkwardly and tells Li Yunxi that your cousin is inside.

Li Yunxi's brain is very simple, not think so much, and other people except Han Qingfang, don't know it at all.

Yang Yu crowded a seat beside Hua Yuyan and sat down. She also looked at Zhang meiruo. Zhang meiruo also looked over. They had a pair of vision. Zhang meiruo hurriedly avoided the vision and looked flustered. She only hoped that no one would know what happened last night. After watching sunrise, everyone was busy cooking breakfast.

Zhang meiruo takes the initiative to wash the vegetables. Han Qingfang talks to Yang Yu for a few words. Knowing what happened last night, Han Qingfang moves towards Zhang meiruo.

"How did you feel last night?" Han Qingfang leans down and helps Zhang meiruo wash the vegetables."How about what?" Zhang meiruo immediately pretended to know nothing.

"Don't pretend. Mr. Yang told me what happened last night. Did you enjoy your meal?" Han Qingfang is elated. Is she coming to challenge Zhang meiruo?

"Ah? Mr. Yang, what did he say? Asshole! You're trying to humiliate me. " Zhang meiruo was very angry with Zou.

"Oh, don't worry. As far as I know, tell me quickly. Is the 69 style delicious?" Han Qingfang wants to open Zhang meiruo's mouth.

Zhang meiruo had no reservation in front of Han Qingfang, and she didn't care about her privacy. Besides, her good friends already knew what happened last night, so she turned her eyes and thought about it seriously.

"Well." Zhang meiruo replied one word.

"Well, what?" Han Tianshuang said, "I don't know if I've ever laughed. Ha ha

"Why are you so happy? Yes, I'm so happy, OK?" Zhang meiruo made a face.

All of a sudden, Zhang meiruo's mind turned around and thought of a problem.

"Wait, it's not right." Zhang meiruo turned to Han Qingfang and said, "why did Mr. Yang tell you what

happened last night? Where did you go last night? Didn't I sleep with you? "You" Zhang meiruo pointed to Han Qingfang's face and didn't figure it out, but soon Zhang meiruo's brain turned around again. After all, she is not Li Yunxi, and her reaction is quick.

"I see. Miss Yang is your boyfriend that you tell me every day? The man you said to fight with you once a few days is Mr. Yang? " Zhang meiruo's eyes widened. She couldn't believe it. She hoped it was fake. However, the more she thought about it, the more she felt it was true. She looked at her good sister in surprise.

"I'm sorry, I didn't mean to hide it from you, but I don't know how to say it. I was an underground lover with him. During the basketball match, I had sex with him. I'm sorry I lied to you Han Qingfang told the truth.

Zhang meiruo feels silly.

## Chapter 286

"You" Zhang Mei if don't know how to say, this matter is too beyond her expectation, but he also cheated Han Qingfang. Zhang meiruo said: "in fact, I lied to you too. I don't have a boyfriend. I lied to you. I'm still a virgin."

"What? You "Han Qingfang is also stare anxious eyes, there is such a surprise, Zhang meiruo even cheat yourself?

Zhang meiruo is very embarrassed smirk, this matter, she felt too shameful.

"Who told you to keep it from me? Forget it. We've settled the matter." Zhang meiruo hurriedly tells her what she has said. In fact, she is not comfortable cheating her sisters. As for Han Qingfang, who is teacher Yang's little lover, she doesn't care much. Anyway, Yang Yu is not her boyfriend and she is not jealous.

After breakfast, we strolled around the island along the rocks. The scenery was beautiful and magnificent, just like Hawaii.

And in the afternoon, the sun is hot again, the breeze is blowing again, that's cool!

Basically, everyone went to the sea to swim, and Yang Yu followed. Li ruorong and Hua Yuyan swam for a while and then went ashore, lying on the beach, ready to take a sunbath.

"Hey, Yang Yu, come and help us apply sunscreen." Cried Li ruorong.

Yang Yu a listen, this is not can take advantage of? Happy, quickly ran past.

The sun was very strong, and it was at noon.

"Two beauties, can I help you?" Yang Yu asked.

"Go to our tent and get sunscreen." Li ruorong ordered that she was the commander.

Yang Yu wanted to ask, is there any advantage? However, there is no need to say. After taking the sunscreen, Yang Yu is ready to apply it to sister Rong first. Li ruorong has been lying flat on the beach, showing his jade back.

Yang Ruoyu put on the sunscreen and crouched next to it.

Li ruorong's back is really beautiful.

"Take off your bra for me!" Li said.

"Ah?" Yang Yu was stunned on the spot, thinking: do you want to apply milk?

"What are you doing? It's not like you're going to be suckling. " Li did not feel embarrassed at all.

Yang Yu had no choice but to untie Li ruorong's bra, but his heart was thumping. Unexpectedly, as soon as he untied the button, Li ruorong reached in and pulled out his bra and put it beside him. As soon as Yang Yu saw it, he swallowed deeply and began to apply it again. He wanted to touch it in his heart, but he didn't dare. Is it true to apply milk? I can't get it in the sun.

But in such a scene, Yang Yu can't stand it? No matter three seven twenty-one, both hands from both sides of the jade back below touch down, this touch really touched Li ruorong's milk.

Li ruorong's milk is really elastic, soft and soft. It's much more comfortable than kneading it on steamed bread.

"Where do you feel? I don't dry my milk. " Li ruorong returned with white eyes.

"Who makes sister Rong's milk so soft?" Yang Yu giggled. Say, a hand completely grasp the milk of Rong elder sister in the hand.

"Last time I asked you to touch it, you didn't have the courage to touch it. Now you come here, far away from my sister, so you have the courage, don't you?" Li ruorong did not hide or resist, just felt his own milk in Yang Yu.

"Yes, I have the courage to touch you when I go back." Did Yang Yu really eat the gall of a leopard? Not afraid of the temptation of Ruo Rong?

"I'll take that and see what you do to me when you go back." Li said with a smile.

After painting Li ruorong's milk and buttocks, Yang Yu went to paint Hua Yuyan.

Hua YuYan's milk is not really blowing. It's big. Although it's big, it's not as tender as Han Qingfang's.

"You don't want to touch my tits, do you?" Hua Yuyan asked with a smile.

"Do you need to feel your milk secretly?" Yang Yu also smiles to return a way.

"I didn't see you touch me openly?" The flower language Yan returns a way.

"Don't you sleep with sister Rong? If you're alone, don't touch it. I'll do you five or six times a night. " Sister Yang Yurong didn't want to be heard.

"Five or six times a night, are you so good?" Hua Yuyan, of course, is deliberately following Yang Yu's words. She was touched on her ass last time, but this time she took advantage of others' danger to touch her own milk.

"Don't you believe it? Would you like to try it in the evening? " Yang Yu said that he fired three shots last night, but somehow he didn't do it to Zhang meiruo. He still had some regrets. Zhang meiruo didn't have to do it at night, so he had to find Hua Yuyan.

"Do you really want to do me?" Yan Hua Yu asked suddenly.

"Yuyan is so beautiful. Which man doesn't want to do it? Hey, hey. " Yang Yu also boasted. Women must boast.

"I won't do it for you. I'll suffocate you." Hua Yuyan is also mischievous.

Poof! Yang Yu is vomiting blood.

"Then I'll be strong." Yang Yu does not show weakness. Recently, she has become more and more daring. Women dare to be strong. Last night, she was like Zhang meiruo.

But Yang Yu's dream was broken immediately.

In the afternoon, Yang Yu followed a group of women to play volleyball on the beach. But just when everyone was having the most fun, Yang Yu was still looking forward to finding another woman to have fun in the evening. Suddenly, the reception office gave a notice that there was a storm in the evening and everyone had to withdraw from the island.

Yang Yu suddenly became silly, but in the face of danger, he had to put the overall situation first, so he had to pack up his things and go back at dusk.

"We haven't had enough." Li Yunxi and Han Qingfang are all like this, but there is no way.

Yang Yu had to drive all night, and then went back to the county. He wanted to stay in a hotel, but it was still early. He had to ask Zhang Liang to drive everyone back. When he got home, it was already 12 o'clock. Sure enough, not long after he got home, it began to rain.

Another evil rain, at least Yang Yu thinks so. However, it's better to come back one day ahead of time. The election of village head will be held in a few days. Yang Yu really has to prepare for it.

The summer rainstorm is coming, but when Yang Yu just got into bed, Li Yunxi, the third sister, was standing in front of the attic on the third floor in her pajamas with a doll.

"What's the matter, baby?" Yang Yu asked.

"I'm afraid of ray, cousin, you know." Yunxi stood at the door, pouting and swaying, feeling contradictory and wanting.

There was a roar of lightning and thunder.

Yunxi immediately scared curl together, she is such a timid girl, afraid of the dark, afraid of thunder, afraid of life.

"Are you not afraid of your cousin's bullying you?" Yang Yu is still not in a hurry to let Li Yunxi in, although she has taken the initiative to sleep with herself while sleeping on the beach.

Yun Xi turned his eyes to Zhu Zi and thought for a while. Then he shook his head and said, "I'm not afraid."

Yang Yu is very puzzled, Yunxi is not like this before.

Another thunder.

"Close the door and come here. Silly girl Yang Yu said with a smile, but in his heart Yang Yu knows that he can't touch his cousin tonight? Because of trust. Cousin trust him, he must give her enough trust, can't do that big sex wolf.

Yunxi is very happy to come, closed the door, put out the light, drilled into Yang Yu's arms. Yang Yu hugged him tightly.

There was lightning and thunder outside.

The rain felt like the evil rain when the elder of the reservoir exorcised the devil that day. The evil rain almost drowned his cousin Yuanxi. There was such a rainstorm 20 years ago, which brought disaster to

the village.

But the disaster was just the beginning. Yang Yu didn't know that there was no rain on Tanshan island in Xiangshan County.

It's amazing.

The horizontal line of the reservoir is rising higher and higher, just as it was 20 years ago. I just don't know whether it will break the dam and whether it will surge down. Now it's late at night. Once the dam breaks, it will repeat the same mistakes and tragedies.

Of course, Yang Yu will not know what fate will leave him.

However, Yunxi is very quiet in Yang Yu's arms, at least for this moment, the quilt is full of warmth.

"What are you staring at? Are you still afraid in your cousin's arms Yang Yu looks at Yunxi in front of her. She is so beautiful tonight.

"I'm not afraid. "I" Yunxi stammered, thinking of all the things in this trip, she was so happy that she suddenly wanted to cherish it.

"What do you want to say?" Yang Yu asked.

Yunxi's eyes suddenly firm up, staring at Yang Yu, said: "cousin, I like you." "I know." Yang Yu returned with a smile.

"It's not like cousins, it's like lovers." Cousin Yunxi just finished, but before Yang Yu could answer, she let it go.

Yang Yu immediately Leng, heart skipping, really did not expect Yunxi will be so active.

This kiss, Yang Yu nature is to greet, two people again in quilt passion kiss up. Yang Yu wants to touch his cousin's ditch again. The flawless ditch, the ditch without any hair, the ditch that has been called the best in the world.

A few days later, the village head ran for office.

It was held in the administrative building of the village committee. The election was very lively. I don't know if it was the popularity Yang Yu brought, especially the village women. The representative of secretary Li made a speech first. Then there are the speeches of the two candidates.

The first one who went up was the former village chief Zhang, whose speech was vulgar. Four words: vulgar.

It's the things that have been talked about for decades, the implementation of the party's policies and the 18th National Congress of the Communist Party of China, the construction of spiritual civilization, what we don't want and what we want.

"Mr. Zhang, what are you going to do after your re-election?" Asked a villager.

"Er," murmured village head Zhang, "if you want to build a road, if this road gets through, our village will be developed." Village head Zhang said a lot of empty words in his voice. To put it bluntly, he just played with the concept, and all the policies could not be implemented. His speech was very beautiful. In fact, he could not satisfy his thirst.

Village head Zhang said a lot, and some villagers will naturally be brainwashed and applauded.

It's Yang Yu's turn.

Secretary Li first introduced Yang Yu, especially his educational background, which village head Zhang could not compare. Therefore, Secretary Li emphasized many times, and then talked about what he had done for the village in the past six months.

Yang Yu took a deep breath, went to the platform and let Bo Zi speak boldly:

"not long after I came to the village, I was taken care of by the Secretary and the village head, as well as the care and care of the villagers. Thank you very much." Yang Yu prepared to play the emotional card first, and continued: "this is my second hometown. I stayed here for a long time when I was a child. My aunts and cousins are here. I love them."

After hearing this, Li Yunxi immediately clapped, and everyone clapped.

"Although I am inexperienced, my heart is full of flesh. In the past six months, I can deeply understand what you need. I will simply talk about what I have to do if I am a village head." Yang Yu stopped for a moment, then straightened out his thinking and continued: "I'm not very good at speaking. I'll talk about the concrete implementation. First, I want to go to the county hospital every year to arrange a physical examination for everyone, especially the elderly and women. "

As soon as this remark came out, there was a lot of discussion. In order to support Yang Yu this time, widow Liu also came here. After hearing this, it was clear that she was working for her welfare. Last time she had gynecological disease, but she was in a hurry. Later, she was examined by Yang Yu and applied ointment. As expected, she was really good.

"Good!" Widow Liu stood up excitedly and clapped.

Of course, women and the elderly are not fools. This is a good welfare. The villagers have never had such welfare before. There is only one doctor Wu in the village. It's far away from the town. It's really a big problem to see a doctor.

If you have a physical examination every year, it's just a precaution.

"If I could, I'd like to get you some more medical insurance. The government has already made policies on this part. It seems that our village has not started to do it. It's a big event at the moment." Yang Yu's words are true. In fact, the rural medical insurance policy has been issued for many years. But Yang Yu asked her aunt, she didn't know.

The villagers were naturally excited.

Yang Yu continued: "the second thing is allowance. There are a lot of left behind children, widows and left behind elderly people in the village. They have a very hard life and are struggling. I want to give them some allowance to make life easier."

In fact, young lady and young lady Liu are left behind people who are suffering.

Widow Liu's eyes are wet. Why is this welfare aimed at her?

In fact, Yang Yu is seeking welfare for students.

Yang Yu's whole process is based on facts. There are still some things, such as repairing school meals, building a street lamp in the center of the village, and building a mobile signal tower. Of course, he also mentioned road repair. As the saying goes, if you want to get rich, you need to repair the road first.

Although we all know the truth, it's impossible to carry it out in Yunv village. Five mountains, pro, caves, roads can't be built, it's a huge sum of money. So Yang Yu slightly put forward an idea, that is, the corridor bridge, which is the only way Yang Yu wants to solve his food transportation problem.

Then he also talked about getting rich, such as planting mushrooms, raising fish in reservoirs, selling water and other related measures, hoping to lead the villagers to get rich, but Yang Yu still stressed that the foundation is agriculture. In such a completely closed Valley, we should first solve the problem of food and clothing.

Yang Yu talked about a lot of small ideas, and applause broke out again and again in the hall.

"College students are college students. The idea is that they are different from us, and they are all good things for the welfare of the people. We should promote them." Yang Yu is also busy saying good things for the secretary.

"Yang Yu, you are the village head. Ha ha, we all choose you." Widow Liu's ticket is flying.

Han's sister-in-law, Yu's sister-in-law, Liu's widow, Bai Xue's second sister-in-law, eldest sister-in-law, headmaster, Zhao Hai, Li Ruoshui's family and aunt's family all support Yang Yu.

Yang Yu really deeply experienced that helping others is helping himself. Those who have helped themselves now stand up and vote for themselves at this point. The procedure finally came to the voting stage. Villagers lined up to vote. Some did not come. Village members even went home to look for them. They were democratic and legal.

By 4 p.m., the result was finally reached, and Yang Yu became the village head with an overwhelming advantage.

Just as everyone was celebrating, suddenly someone came to the village committee and yelled, "village head, it's not good." This person did not know that Yang Yu was the new village head, so he said this to Secretary Li and the former village head.

When Secretary Li heard that, don't worry about anything. You can't yell any more. He said in a hurry, "in the future, Yang Yu will be the head of the new village."

Yang Yu was a little embarrassed. After all, the former village head was also there, and the atmosphere was a little embarrassed.

"Yang Yu, it's up to you." Zhang Deming, the former village head, is still wise. He knows that if he loses, he will lose. It's no use if he doesn't understand. Who let Secretary Li come forward in this election.

Yang Yu had to take out some official power and asked, "what happened?"

Yang Yu didn't know the person who came to report the case. He felt familiar and didn't know what to call him.

"There's something wrong with elder two. You have to go, village head Yang." Said the middle-aged villager.

Yang Yu and Zou frowned.

"Hu Zhou, what's the matter?" Secretary Li asked. Hu Zhou is the neighbor of the two elders.

The second elder is not the elder. The second elder is from this village, but his children are working outside, and his wife has gone earlier, so he is at home alone.

"It's inconvenient to say, you'd better go and see for yourself." Hu Zhou replied, but his face was extremely ugly. Maybe something really happened.

Yang Yu had no choice but to run with Hu Zhou first, followed by others.

Hu Zhou only let a few people into the house. Yang Yu, Secretary Li, Zhao Hai, and former village chief Zhang Deming followed Hu Zhou. A total of five people entered the house. The others were shut out.

Yang Yu is curious. What is it? So cautious?

However, when people saw SANA of the second elder, they were completely flustered.

Two elder, unexpectedly, unexpectedly became a zombie!

The second elder was very scared. He was as thin as firewood, and there was only skin and bone left. He had no meat at all. His skin was dark and shriveled, as if he had been hungry for several months. He was almost the same as the African refugees. His eyes glared out like a light bulb, and his hair almost fell off, leaving a little hair.

Fingernails are very long, teeth are very sharp, has been drooling, saw the crowd directly rushed over, but was chained.

In this way, like Zhao Wei, the former village head described by Zhao Su before he died, he was possessed by ghosts.

There is also a cross pendant on the neck of the two elders, on which Jesus obviously did not help him.

"When did it happen?" Yang Yu asked. Looking at elder two, it's obvious that he has been ill for a long time. How can no one know?

"I don't know. Anyway, I haven't seen the second elder for nearly two weeks, and I haven't been to the church, so the believers are curious and come to him. When they see that the door is closed, they can't help it. I pry the window in to check, and I see this. I'll call you right away. " Hu said.

"Who tied that chain?" Zhao Hai asked again.

"Then I don't know." Hu Zhou replied, "village head, do you want to call doctor Wu? "

" the doctor couldn't help him. He was possessed by a ghost. "Look, Mr. Yang," said Secretary Li.

"If it's right, it should be the side effect of black blood curse. Ordinary black cats can't cure it. I think we have to ask mother-in-law Tianyan to exorcise the devil. "Yang Yu replied.

This is the result that no one wants to see. However, later, the black cat disappeared, although did not stop looking for traces of the black cat. Black pupil can't find, but the side effect of black blood curse is really coming. Now, the blessing is to hope that the curse is not contagious, or it will really become the end of the country.

Yang Yu can only find Tianyan's mother-in-law. This method is given by her. This is the third time to find this mysterious mother-in-law. Yang Yu didn't believe it before, but now he has to. Many things don't develop towards his world outlook.

It's getting late.

"Prepare something as I tell you." Tianyan's mother-in-law was invited to come, followed by the black cat. Yang Yuzhen as like as two peas, is there really such a cat in the world? Although Tianyan's mother-in-law is blind, she does not walk vaguely.

Does the eye of heaven have eyes? Where are the eyes? Yang Yu thought wildly.

"I want a bowl of dog blood, fresh, and then charcoal ash. It must be birch tree, and a big mirror," said Yang Yu, who couldn't really see the age of Tianyan's mother-in-law. He felt like a master in the shadow of fire, so he was very crisp.

Yang Yu nodded and hurried to prepare these things.

Except for the charcoal ash of birch, everything else was ready. There were few such trees in Jiangnan. It was 11 a.m. that the ash was found. The dog blood was killed on the spot.

"Yang Yu, you come in with me, the others are waiting outside." Tianyan's mother-in-law is on crutches and seems to walk by nose.

The room was dark, with an incandescent lamp. The whole room was completely covered. The windows had been nailed up by wooden boards. Yang Yu didn't know who nailed these boards. But on the surface, it looked more like the second elder nailed them himself. Even the chains on his body, Yang Yu suspected that he might have nailed them himself when his reason still existed I locked myself up.

And the second elder saw Tianyan's mother-in-law at that moment, he suddenly became furious, and his eyes felt that he was about to fall down, and the chain was rattled by him.

"What? Scared?" Tianyan's mother-in-law said that she didn't say this to Yang Yu, but to the second elder.

Yang Yu stood behind him with the dog's blood and ashes in one hand and the big mirror in the other. Specially looked at the two elders, he knew that this was no longer the two elders, the two elders wanted to pounce, but was entangled by the iron chain. Yang Yu knows that he has no reason. The two elders in front of him are no longer human. They have long been cold corpses or a new kind of creature.

Just after exorcism, are the two elders still alive?

"Although you are a Christian and I am a Buddhist, all things belong to God, and eventually the whole world will melt on that basis. Unfortunately, you met me today." Tianyan's mother-in-law said that it was the first time that Yang Yu had ever met a zombie.

Just this creature in front of him, can he understand? Does he have an IQ?

"Yang Yu stood up the mirror and aimed it at him." Heaven eye mother-in-law ordered.

Yang Yu took the mirror. The mirror was half Yang Yu's height, which was enough to completely reflect the two elders. Two elders see the mirror, just like baby is full of curiosity about the unknown world, staring at his own shadow in the mirror.

But at this time, Tianyan mother-in-law picked up the dog's blood and splashed it. Yang Yu fixed his eyes and was shocked. The dog's blood spilled a circular seal Rune on the ground, which happened to surround the zombie inside the seal.

Is that dog blood alive? Otherwise, how can you draw a seal? It's amazing. It's like magic. The second elder, who was staring at the mirror just now, could not move. He seemed to have a natural fear of the seal.

Then, mother-in-law Tianyan grabbed a hand of ash and blew it to the zombie. The ash was in mother-in-law Tianyan's hand and was alive. It rolled several times on the hand ring to form a shape. It looked like skeletons and Arhats, and went straight to the two elders.

This is more magical than Liu Qian's magic.

As soon as the ash of the birch tree touched the skin of the zombie, it was a scream. The scream immediately rang through the Yunv village, which was even more desolate and terrifying than the mountain ghosts in the back mountain.

The villagers outside the house were even more frightened. Yang Yu holding a mirror, hand is shaking, the unknown world, who are full of fear.

The two elders were crazy and stretched out their heads to yell at them. Their appearance changed completely. It seemed that there was only one mouth left in the whole head. The mouth occupied half of the head, and even the corner of the mouth had cracked. There was some black saliva flowing in the mouth. It was disgusting and terrible.

Tianyan's mother-in-law smiles, but sneers.

Suddenly, pan sat down and the black cat meowed. Tianyan's mother-in-law read it in her mouth. She

didn't know what she read. It sounded like some Buddhist scriptures.

When Tianyan's mother-in-law read the word, the ashes on the zombie burned up at the same time, as red as the previous black fingerprints into the bone marrow, which was torture. The zombie screamed even worse, and he began to struggle, the ring of the chain.

As mother-in-law Tianyan's Scripture became faster and faster, the ash burned more fiercely, and the whole zombie turned red, as if it had fallen into the magma and melted. At this time, Yang Yu saw an incredible thing: the soul.

This is what really surprised Yang Yu, soul? This thing is vague around the body of the zombie. It's very magical.

Oh, my God? Do ghosts and souls really exist in this world?

Is elder two really possessed?

Although the ash burned badly, but did not smell any burning smell, two elder's body did not burn up? It's amazing.

Yang Yu has more and more admiration for religion. There are too many mysterious things that can't be explained by science, or things that are called superstition. Yang Yu has more and more doubts about the world. Have you read my brother's book for nothing?

Naturally, Yang Yu doesn't doubt himself now, and he finally knows what the mirror is for. The vague, white and transparent shadow is attracted towards the mirror. It turns out that the mirror wants to draw the soul or ghost into the mirror world.

Granny Tianyan knew that the devil was driven, but she wanted to see who the dirty thing was? Although she has no eyes.

Meow! Black pupil called.

The body of the zombie has been twisted, the whole person is lying on the seal, all limbs are on the ground, and the forelimbs, which are called hands, have been twisted 360 degrees. Is this even yoga?

Seeing that the white soul was about to enter the mirror, Yang Yu looked at the soul carefully and looked familiar. It seemed that she had seen it somewhere. Was she Zhou Luoyan?

Just then, more strange things happened.

The soul's back trembled a little. Yang Yu didn't know what happened. Suddenly, with a pop, Tianyan's mother-in-law vomited blood.

All of a sudden, the mirror cracked and broke.

The zombie roared, and the burning ashes gradually disappeared, but the two elders didn't walk out of the seal circle.

"Granny Tianyan, how are you?" Yang Yu used to help her mother-in-law Tianyan. She turned pale, her eyes sunken, and her skin wrinkled. Suddenly, she was as old as a few decades old. She had black hair and turned white instantly.

"No way, no way, no way. You are you. You can't be you." Tianyan's mother-in-law died before she finished her words.

Yang Yu panicked.

The black cat just wanted to run, but the zombie flew away. The iron chain was broken in an instant, and it was patted down with one hand. The black cat became a mass of meat cake. The large intestine of the black cat was exposed, and the blood was black. The zombie grabbed a handful of black cat's large intestine and stuffed it into his mouth and ate it with relish.

Yang Yu's heart jumped out. I don't know why things suddenly turned out like this. Tianyan's mother-in-law died, and the zombie broke away from the chain. What a great strength it was. Yang Yu's first reaction was to escape. But if the zombies escape, isn't that a catastrophe?

Just when Yang Yu was so scared that he didn't know what to do, the zombie suddenly turned his head. His mouth was full of black blood, and he was gnawing his large intestine to look at Yang Yu.

Yang Yu swallowed deeply.

Yang Yu stares at the woman from beginning to end until the end.

"Have we met somewhere?" The woman came over and saw that Yang Yu had been staring at her for several hours.

"No, No." Yang Yu quickly vetoed it. If he knew that he had dreamed of her countless times, he didn't know what he would think.

"I'm not comfortable with you staring at me like that." The woman answered with a smile.

"Maybe you're too beautiful or you look special." Yang Yu not only refers to her black windbreaker, but also the big cross behind her. Yang Yu can see clearly from a close distance now. It turns out that the cross is just a few pieces of cloth sewn on the clothes and connected together. He thought it was wood, otherwise it would weigh a lot.

"Ha ha, you are Yang Yu." Although the woman looked cold and proud, she spoke gently.

"How do you know that they say you are the Holy Spirit? What are you doing here?" In fact, Yang Yu wants to know the purpose of her coming here. They all say that big people of this level will not come easily. Secondly, since she has come, it is definitely not so easy to teach. Is it for the Holy tree?

"The second elder told me about you, saying that you are very predestined with Christ. Why are you not interested in joining the church?" Asked the woman.

"Ha ha, look at fate. It hasn't arrived yet. I'm also the village head here. Do you have a place to live? " Yang Yu thought it would be more reasonable to talk to her as a village head, and he also had a little posture.

"My name is Yanling. You can call me Linger, but depending on your age, it's more appropriate for you to call me Lingjie. I come here for a long time. There are so many things related to our Christ in this village. Naturally, the higher authorities have some ideas, so I'm here to take charge of the work here for the time being. As for the residence, Christ has arranged it for me. Yanling's words were plain and clear. He was estimated to be about 2526 years old. He was also dressed in black and had the taste of an old lady.

"Well, if you have any difficulties, you can come to me at any time. "It's really fast for Yang Yu to enter the opera. He really takes himself as the village head, but he is, ha ha. Then Yang Yu wanted to go back first. It was late. When he got out of the door, he thought of a question and asked Yanling, "do you know how much use that tree has?"

Yang Yu said that this tree is the strange looking tree in the direction of the church. Yang Yu also specially said that there is a kind of tree in the world called cross tree, also known as fork leaf tree, which is distributed in Taiwan and Guangzhou. Its trunk can reach three to six meters. In front of us, this tree is only about one and a half meters, which is estimated to be small.

"Ha ha, this tree is our Christian treasure. In our city, you can't find a second one. Do you think it's important?" Yanling obviously avoided the point, this sentence is obviously a nonsense.

Yang Yu naturally doesn't talk nonsense with her. When he has checked, he is ready to go.

But a voice came from behind.

"At the beginning, Judas betrayed Jesus for thirty gold coins. Later Judas repented and hanged himself. The tree he hanged at that time was the tree of the cross at the door of his house." Yanling suddenly said such a paragraph behind Yang Yu.

This passage makes Yang Yu feel cold, because in the dark, he feels that he always has something connected with Judas.

Yanling looks at Yang Yu's back and looks dignified. In fact, the second elder never mentioned Yang Yu to her at all. When she saw Yang Yu, she was even more surprised than when Yang Yu saw her, because the man she dreamed of repeatedly met here.

It's just that Yang Yu in her dream is not dressed like this.

When Yang Yu arrived at home, he thought of himself again. Su Xiaoxiao, this woman was really like a ghost, and disappeared again. Yang Yu went to look for it during the day, but the house was really empty. Either Su Xiaoxiao deceives him again, or Su Xiaoxiao is not a human being.

But Yang Yu, like Acacia, is full of her beautiful shadow. It's too beautiful to forget. Yang Yu always feels that she has a way to Su Xiaoxiao. Even if she is really a ghost, Yang Yu is ready to meet this gorgeous ghost.

Midnight.

Yang Yuzhen's brain was kicked by the donkey, clamped by the door, got out of bed, and walked towards the old house in the middle of the night.

Fortunately, there is no fog tonight and it doesn't look so gloomy.

This time, Yang Yu passed through the front door, so he didn't have to go around the haunted house. He walked straight up to the door of Su Xiaoxiao's house. Naturally, the big wooden door was tightly closed. Although Yang Yu went in privately once, he felt completely different during the day and at night.

Yang Yu doesn't need to knock at all. It's no use knocking. There's no one inside. Yang Yu just listened, but there was no sound. Looking at the time, it's a quarter past zero. There is no small shadow of Su, can I just brush past her like this? Yang Yu regretted not coming to the date that night.

Quiet, Yunv village is becoming terrible again.

It's windy.

Yang Yu shivered and looked at the door. He wanted to look into the courtyard through the crack. So he put his eyes close to the door and looked inside through the crack. There was nothing in it.

Nothing.

Yang Yu touched his head and thought that it seemed that he had come in vain again. Maybe he had hallucination that night. Maybe he didn't meet the woman named Su Xiaoxiao at all. It's all a dream. Yang Yu turned and left.

All of a sudden, there was a creaking sound of opening the door.

Yang Yu was startled and turned to look back.

Unexpectedly, unexpectedly, there is really a woman, a woman in white, who is Su Xiaoxiao.

Yang Yu's eyes are staring out.

"You come to me?" When Su Xiaoxiao spoke, her eyes were bright and beautiful. She felt that they were talking.

Yang Yu Leng was there. He felt that Su Xiaoxiao had a kind of magic. This kind of magic attracted a kind

of creature called man. This kind of magic was bigger than the temptation of Yang Yu to show his black and thick in front of women. Besides, Yang Yu had seen countless women, so he was a little reserved.

But, No.

Yang Yu's whole body is possessed by magic, and iron is attracted by magnet. If Su Xiaoxiao lets Yang Yu jump directly from here, Yang Yu will jump from here without hesitation.

Yang Yu felt that he did not belong to himself.

"Hello, talking to you?" Yang Yu shook his hand and chuckled.

"I ha ha" Yang Yu touched the back of his head. When he saw the beauty's gaffe just now, he was almost drooling. He also knew how embarrassed he was. He said, "last time I had something to pigeon you, so I came to take a chance. I didn't expect to meet you."

"It's OK. I have to thank you for last time." Su small novel, this smile, move a static, let men obsessed.

"Yes, you live here?" Yang Yu originally wanted to ask, it seems that no one lives here, or jokingly said: you can't be a ghost, right? But Yang Yu didn't think so at all in his heart. How could there be such a beautiful ghost in the world?

There is only one Nie Xiaoqian in the world.

"I said, I'll be here after 12 o'clock. I won't be here any other time." Su Xiaoxiao didn't go into more detail.

The ghost is the ghost. The peony flowers die. Being a ghost is romantic. Even if it is a ghost, she must be a good ghost. Yang Yu thinks so in the heart, also don't ask much, all go with her, maybe she has a problem.

"We don't want to take a walk." Yang Yu really doesn't know what to do in the middle of the night.

"Or let's climb back." Su Xiaoxiao suggested.

Back? Yang Yu was stunned for a moment. The back mountain is a forbidden area. How can it be? Is that where people go?

However, the peony flowers die, the ghost is also romantic ah.

This dark night, climb up, do not hold hands how to line, so Yang Yu very gentlemanly stretched out his hand. Su Xiaoxiao takes a look, laughs and hands it to Yang Yu. Yang Yu felt that Su Xiaoxiao's hand was not cold, but warm. Where is the ghost.

Just now, Yang Yu thought it was a good thing for me to eat.

The date in the middle of the night is so tasteful and romantic.

"We can't go any further. In front of us is the entrance of the back mountain. Grab a stone here and sit down." Yang Yu suggested.

Fog filled the entrance of the back hill. There is often heavy fog in Yunv village. It is estimated that it is all diffused down from the back mountain. If you enter the entrance, you will never want to come out in your life. At least that's what the villagers say.

Two people are sitting on a stone, enjoying the night scene, chatting, looking at the stars, there are other flavors.

Suddenly, Yang Yu heard a rustling sound.

"What sound? Do you hear me Yang Yu raised his ears to listen, thinking: is it a snake? This summer, there are many snakes on the mountain. Poisonous snakes are non-toxic. If you are bitten, you can't do it. Yang Yu just wants to turn to check, suddenly.

Suddenly, Su Xiaoxiao put his arms around Yang Yu's hand and leaned on his shoulder.

Yang Yu can clearly feel something crawling out of the entrance of the back mountain and crawling towards himself, but Su Xiaoxiao is very gentle on Yang Yu's shoulder, and that feeling makes Yang Yu floating again.

Yang Yu has forgotten how he came back last night, but what he confirms is that there is something in the back mountain. Yang Yu doesn't know what it is, but what he knows is that Su Xiaoxiao is definitely not a ghost, and they are very ambiguous. Yang Yu is in full bloom.

Su Xiaoxiao told him that if he wanted to find her, he would go to the old room. After 12 a.m., he would knock on the three glottis, and she would naturally appear. Yang Yu was very magical.

When he became the head of the village, Yang Yu's status in the village rose. When he met the villagers on the road, he said hello. It was a good feeling. Yang Yu first went to the village committee to report and went through the procedures. Although he didn't have to go to work in the village committee, sometimes he still needed to be on duty, so he was busy.

The village head of yunu village has his own independent office. Although it is open and empty, there is nothing, but the former village head Zhang still has something to hand over.

This is not, just came to the office on duty not long, knocked on the door to come in the village woman.

The village woman is very smart. She seldom wears it in summer. She has white thighs and a white shirt. If you look carefully, you can see the nipples inside the shirt. She looks like she is in her twenties.

"What's the matter?" Yang Yu asked.

"Well, there is a small piece of land behind my home. It was originally mine, and the village committee also admitted it to me, but the documents of the village committee have not been approved. The land has been empty for several months, which is a waste. I want to approve some things earlier." The village woman just stood there and said that she was not familiar with Yang Yu, the new village head. She had been here many times before, and village head Zhang was perfunctory, so she entrusted her for several months.

Yang Yu felt that it was not difficult. Why didn't village head Zhang approve? Then he found the documents, searched all the documents, and finally found them.

Yang Yu looked at it and found that there was no problem. He wanted to find the reason why the former village head Zhang didn't approve, but he felt that it was not right. However, if it is approved directly, in case there is something fishy in it, it is easy to cause conflicts. Especially in rural areas, land disputes are very common and troublesome.

Seeing that Yang Yu was in a dilemma, the village woman quickly asked, "is there a problem?"

"No problem, it's just" Yang Yu doesn't know what kind of reason to look for.

After listening, the village woman thought that village head Yang wanted benefits. She said in a hurry, "village head Yang, I have nothing at home. How many eggs can I send you?" This egg has been sent several times by the village woman to the former village head Zhang, but it still hasn't been approved.

When Yang Yu heard that it was a bribe, he thought to himself: he wants to be an honest and good official. Naturally, he doesn't accept this gift. If you give me a gift, you might as well give it to Laozi. Of course, it's a joke.

It's not good for Yang Yu to give his head to the village head, but she can't give it to him.

"I'd like to know more about it. I'll let you know." Yang Yu can only say so. It's very important to approve the documents. Of course, you should be very observant. Besides, you really don't know the reasons behind it.

The village woman is not a fool. It's obvious that it's official language. The former village head Zhang has told her this official language many times. As soon as she leaves, I don't know when the document will have a background.

"Village head, I really need this land. I will do whatever you want me to do." The village woman really had to kneel down.

How much power does the village head have? Yang Yu thought to himself, suddenly he wanted to try how much power he had. Although he was only a village head, in this closed countryside, he was just a local emperor. The mountains were high and the emperor was far away. The county and the city couldn't control you at all.

"It's OK to approve the documents, but I haven't played with women for a long time recently. If my sister-in-law gives vent to me, I can consider it." Yang Yu can really say it. Anyway, it's just a trial. He doesn't take the reason seriously.

The village woman looked embarrassed and said, "village head, I can't do this. I have a husband. If my husband knows, how can I be a man. The villagers will gossip. "

"Either you give me a shot on the spot, or you go home and wait for the news. You choose for yourself. " Yang Yu suddenly put cruel words, every interview, the interviewer will always say go home and wait for news, wait for NIMA.

The village woman is really going to cry. If she sells her body to get a small piece of land, it certainly can't work.

This is a fair and aboveboard trade of power and sex. If it's said, Yang Yu, the village head, will be a village head for a long time.

"This" village women are very contradictory, neither on the left nor on the right. But the mother-in-law at home urged it, her husband is not at home, she is stuck in the middle, both sides are not people. The mother-in-law at home for this small matter, repeatedly with her, the village woman is also very disappointed.

It's hard to pull a child at home and take care of two old people.

I didn't expect that it was just a small piece of land in the side yard of my family. It was so hard for the village head, who was dressed like a bird and beast, to get it by himself.

"Well, I'll give it to you." Then the village woman quietly closed the door and locked it.

This is beyond Yang Yu's expectation. Can it be like this? The village head is very interesting.

"Take it off." Yang Yu has a serious face and a happy heart. The village woman is a little embarrassed. Although the village head is young and handsome, and her husband has gone to work in the county town for a year and a half, she has no sex for a year, and she is as old as a tiger. But after all, it's a power sex trade. It's always wrong. Moreover, she was done by other men. What should her husband do when

he knows? What should my mother-in-law do when she knows?

"But you can't let others know about it, or I'll be miserable." Said the woman.

"Sister Bai, you can rest assured about this. If you tell me about it, it's not easy for me to be the head of the village. You can take it as if we've made an appointment and stolen a gun." Yang Yu said, the woman's name is white peony, which is the name seen in the document.

Yang Yu reassures Bai's sister-in-law, then stands up, walks down the back of Bai Mudan and pushes her to her desk.

"Will you or will I?" Yang Yu asked.

White peony a little regret, but the words have been said out, she would rather be other men dry a gun, do not want to go home, looking at her mother-in-law's face, pointing to her forehead scold her useless appearance more let her bear.

White peony himself bent down, bent down on the desk, and the butt high up, and then stretched out his right hand to pull his pants.

This summer, the pants are very thin, very simple, a pull off, suddenly white buttocks exposed.

Yang Yu saw that the two big buttocks were very white, big and dry. The ditch in the middle of the buttocks was also very obvious. It was a little black. The ditch went down, and then there were two petals. The petals were a little black. It was incomparable with Han Qingfang and Zhang meiruo, but the village women had the taste of village women.

Petals in the bottom, is a poke hair out, very long, very black, very dense, this is also a familiar village woman's unique sign, although Yang Lin and Leng Xiao snow hair is also many, but compared to this village woman is much more dense.

"Up high. "Yang Yu is teasing on purpose.

White sister-in-law moved back, back down pressure, and then the buttocks more warped.

Yang Yu reached out and touched the ditch. When he saw that it was dry, he pretended to be very angry and said, "you are all dry. How can I do it? "

the village women are in a dilemma, and no one touches them. How can they say that they are wet? At least there must be a process.

"It seems that you don't want to do it for me. Forget about it. Go back. "Yang Yu deliberately threatened.

"No, village head. "Sister Bai is in a hurry. She has taken off her trousers and is ready to be dried. You suddenly say it's yellow, and that's even worse. But Bai was embarrassed to say: you touch me or give me something to eat.

In fact, Yang Yu did it on purpose, for no reason. They are not familiar with each other, and they are not really dating each other. How can they say that they are wet.

"But you did it. How can I do it? "Yang Yu pretends to be very angry.

"Either, or you give it to me, I'll get wet as soon as I eat it. "Sister Bai blushed when she said that.

This really made Yang Yu happy, but on the surface he was really calm.

"You can't do things like this. It's unreasonable that you ask me to do things, and now you want me to help you get wet. What's more, I'm the head of the village. You can eat as you say. I'm so shameless. My guy only gives food to his girlfriend. "Yang Yu is still making trouble for the village women.

"Ah? What do you say, village head? "Aunt Bai knows that the head of the village is a senior official. In this village, he is the biggest. If she offends him, she will cry. No one can help her then.

"I'll try my best to give you one, but you'll have to pay it back this time. "Yang Yu talks one by one, and he doesn't know whether it's his erudition or the ignorance of the village women in dashangou. He always feels like he's a good liar.

"Why? "Asked Mrs. white.

"What else can I do? Of course, with the body again. I have suffered a loss. Why don't you agree? "Yang Yu is very aggressive.

## **Chapter 292**

What do you want sister Bai to say? Nodded, anyway, do twice and do once, that is no difference.

Yang Yu said with a smile, "I'll be happy tonight. If I'm not happy, I won't approve this place."

As soon as Yang Yu said this, Bai's sister-in-law took the initiative. She was afraid that if the village head didn't approve the documents, she would be busy.

"Where's your husband? How long has it been since I fucked you? " Yang Yu asked.

"My husband has gone to the county." Sister Bai didn't talk much.

Pop! Yang Yu slapped his bottom.

"White sister-in-law's buttocks are white and big. It's a pity that no man can do it." Yang Yu began to move and was very busy.

Bai Sao's heart was sour when she heard this. What the village head said was the truth.

"Is your husband good or am I good?" Yang Yu hasn't molested an old girl yet. Usually, he molested Zhang meiruo and Xiao Mei, junior high school students. He molested those who were several years older than himself, such as Li ruorong and Hua Yuyan. Yang Yu always felt that he couldn't molest and was always molested.

Bai Sao really thinks about it, but she doesn't know how to answer it. One is her husband, the other is the head of the village. The head of the village is not her husband, so she wants to vent her anger. If the head of the village is powerful, how sorry she is for her husband. However, the fact is that the head of the village is much more powerful than her husband.

It took Yang Yu half an hour to release Bai Sao.

White sister-in-law is very embarrassed to put back pants, red face, said: "the village head is still satisfied?"

"It's not enough." Yang Yu is so embarrassed that he doesn't feel pain in the back when he stands.

"What about me?" Sister Bai is afraid that she will be done, and if she doesn't do something, she will lose a lot.

"I've approved your land. Go back and feel free to use it. " Yang Yu returned.

Bai's sister-in-law was very happy when she heard about it, and she managed it well. Yang Yu is also happy in his heart. It's so fuckin 'good to have "rights". Can you still be like this if you want to be a woman? No wonder everyone wants to be an official, although he is not an official. But in this village, Laozi is now the biggest.

On the way back, Yang Yu seldom met Ji Ming.

"Ji Ming?" Yang Yu called her in a hurry.

Ji Ming wanted to go, but she stopped, turned her back to Yang Yu and said, "teacher Yang, what's the matter?"

"My vegetable field needs manpower. You are free in summer vacation. Would you like to help me?" Yang Yu also said straight to the point: "how about 15 yuan at a time?" Yang Yu knows that Ji Ming's family needs money. Although Ji Ming has a lot of farm work at home during the summer vacation,

those farm work can only solve the problem of eating, not making money.

Yang Yu's vegetable field needs a few people. Naturally, Cui Qiang, a powerful man like Yang Yu, has invited him to help. All of them are paid. Not only that, Yang Yu has said hello to the poor families like widow Liu and Zhao Ying. He can come if he can.

Yang Yu has also decided that if the first batch of vegetables sell well, he will cut half of Taohuayuan and use it to grow vegetables.

"I don't know." Ji Ming changed her tone. Instead of the past, she would scold her directly: go to you, stupid fork, I'm not interested.

"That's settled. I'll call you when I need help." Yang Yu says, also went home to have lunch.

Lunch.

The first batch of vegetables have been sent out. They are all carried out by hand. Now wait for this batch of vegetables to be sold, and hope to make a good start. So when Yang Yu became the head of the village, he was supposed to celebrate. After a good meal, he was also exempted.

These days, Yang Yu had planned to go out alone with her cousin, but Yunxi, the third sister, depended on herself for everything, and she had just become the village head, so she had to behave herself.

However, today is also the end of the first and second semester of junior high school. And the official documents of the Education Bureau also came down. Yang Yuzhen became the principal of Yunv village, and principal Chen also officially retired. In the future, Yang Yu will be in charge of the school.

Everything has its advantages and disadvantages.

Yang Yu doesn't know whether to cry or laugh. There are too many things to cry about. The village head has the village head's business, the headmaster has the headmaster's business, the vegetable basket's business, the religion's business, and the most important thing is to pick up girls.

When it comes to the real thing, there's a problem.

Just after the semester ceremony, everyone is ready to go home. Leng Xiaoxue comes to find Yang Yu.

"My business, how are you?" Cold Xiao snow asks a way, the tone is still so cold.

"What's the matter with you?" Yang Yu pretends to be a fool in a hurry. Of course, he knows what it is. He finds 30 gold coins and marries her. It's all about what. It's true that Leng Xiaoxue is a super beauty. Everyone wants to marry her, and Yang Yu is no exception. However, it's not that she just wants to marry her. She still wants to go to her cousin.

"Don't pretend. You have to marry me anyway. " How can Leng Xiaoxue be as unreasonable as Zhang meiruo.

"But where can I find you gold coins? My vegetable field hasn't started to earn money yet." Yang Yu replied, "how much is your 30 gold coins? The bride price is too high."

"It could be in the back hill." Leng Xiaoxue turned around and looked at the back mountain. The mysterious mountain forest is a place where the villagers are afraid. But Leng Xiaoxue wanted to go, and she also wanted more brave villagers to go, because she heard that 30 gold coins might be in the back mountain."Back hill, is that where people go? Besides, why do I have to ask for those thirty gold coins? " Yang Yu still can't understand. Why does Leng Xiaoxue want the thirty gold coins? How can she have one tendon? Thanks to her beautiful woman.

You really think you are Zixia. Zixia's ending is very miserable.

For the first time, Yang Yu regretted being a woman. He was still a woman after drinking.

This cold Xiao Xue really shouldn't go.

"Anyway, you can do it. I'll marry you alone, and no one will marry me. Who let you break me, and I have to ask for the thirty gold coins to marry someone, otherwise you'll have me for the rest of your life." Leng Xiaoxue said and turned away.

I'm not a treasure. Go to Houshan to fight monsters?

Yang Yu is in a dilemma. He only blames his own black and thick, and he doesn't strive for success. When he meets a woman, he will stand up and quench his thirst. Ah, tragedy, it's not a big problem to be entangled by Leng Xiaoxue for a lifetime. The big problem is that he can't find 30 gold coins for a lifetime.

Yang Yu looked at the mountain behind. It was covered with fog. The people who went in never came out. Who had enough to go there.

However, there are also things that make Yang Yu happy. Li Ruolan comes back and his girlfriend Li Ruoshui has time to live with him. Yang Yu is so proud that he immediately forgets about Leng Xiaoxue.

"Where are you going alone with me? I'm free now. " Li Ruoshui is coquettish.

It's rare to go out with your girlfriend. Of course, you need to find a romantic and comfortable place. It's time to open your girlfriend.

"Go." Li Ruoshui took Yang Yu and said.

"Where to?" Yang Yu looks curious.

"Go to my room."

Yang Yu's eyebrows curled up for a while. Is Li Ruoshui impatient?

### Chapter 293

When they meet Li Ruolan and Li ruorong on the stairs, Yang Yu just nods and is pulled into the room by Li Ruoshui.

"Why? In such a hurry. " Yang Yu is not sure that Li Ruoshui is not a woman who is hungry for sex.

But Yang Yu's accident, Li Ruoshui into the room the first sentence is: "are you cheating with my sister?"

Yang Yu's face was very blue on the spot. But looking at Li Ruoshui, he was still smiling. He must have been joking. He pretended to be silly and said, "how can I be loyal to you? Besides, didn't sister LAN go to the newspaper?"

"I'm talking about my second sister. It seems that you didn't tell yourself about going to the beach this time?" Li Ruoshui looks suspicious.

Yang Yu shook his head in a hurry. He was scared to death. He almost told the story about sister LAN. It turned out to be sister Rong. That's good: "no, although your second sister is very sexy, I dare not touch it."

"Ha ha, do you want to touch it in your heart?" Li Ruoshui seems to be in a good mood.

"How dare I, you don't eat me! Ha ha Yang Yu joked, and it's best to answer this kind of question.

"I think you want it in your heart." Li Ruoshui has a charming face.

"But I'll take you first." With that, Yang Yu picked up Li Ruolan and threw her to the bed: "I'm here."

"Wait!" Li Ruoshui reached out to stop him.

Yang Yu just wanted to say what he was waiting for, but I couldn't help it. But Li Ruoshui got up on his knees and began to take off his clothes. He looked at Yang Yu with a charming face. This seductive look is sexier than Li ruorong, especially the eyes, which are just like fox spirits.

So Li Ruoshui has such a side?

Soon he took off his clothes. It was the first time that Li Ruoshui was so exposed in front of her

boyfriend. His face turned red and he was still a little shy. He involuntarily covered his chest.

Yang Yu silly look, this girlfriend really a little girlfriend look.

Li Ruoshui looked up at Yang Yu. His face was still red and his eyes were still shy.

Yang Yu pounced directly.

Li Ruoshui has never been so close to a man. This is her first time to have skin contact with the opposite sex. Suddenly, the female hormone burst out. They were kissing and gasping.

Both of them have lost their senses and completely controlled themselves.

They didn't even know that someone was knocking at the door. When people outside saw that there was no response inside, they directly pushed the door in.

Yang Yu felt that there was a man standing at the door. He turned his head to have a look and was startled.

"Ah? When did you come?" Yang Yu quickly pulled the quilt and covered Li Ruoshui.

Being called like this, Li Ruoshui reacts and finds his elder sister Li Ruolan and village committee director Zhao Hai standing outside the door.

"Why don't you knock?"

Li Ruo died of fire and water. He didn't know when they came in or how much he had been seen. He quickly pulled the quilt over and covered it. He immediately calmed down and recalled his coquettish energy just now.

I want to find a crack to drill down.

"We knocked on the door many times, but you didn't answer, so you came in." Zhao Hai is also very embarrassed, low head back way, although he saw a lot of spring.

"What can I do for you?" Yang yubai took a look at them. He really hated them. At such a good chance, he bothered his girlfriend.

"Something urgent." Zhao Hai answered.

"No matter how urgent it is, you can't come in like this." Li Ruoshui was angry. What's the rush? How urgent can it be?

"Speak quickly." Yang Yu's implication is that he quickly said to get out, and Lao Tzu will continue.

"Village head Yang, I heard that you approved the land of the white peony family." Zhao Hai asked.

"Yes, what's the problem? I follow the process, and the land is really owned by the white peony family. " Yang Yu was impatient, and his voice was very impolite. He has read the documents on this piece of land, but he doesn't see any disputes. Can't he approve that piece of land? No wonder village head Zhang has not approved. There is really a problem.

That's bad. I didn't expect to make mistakes when I became the village head?

It's a knife on the head of the color word. It's really right. We shouldn't trade power and color. It seems that something really happened.

"There's something wrong with that piece of land, and there's something big going on." Zhao Hai looks nervous.

What else can happen to a piece of land? Make a fuss, no matter how big it is, nothing is bigger than my girlfriend's business.

"A thousand year old ginseng has grown in the field?" Of course, Yang Yu used it as a joke. He was very angry to disturb himself.

"Ginseng did not pour, afternoon white sister-in-law to loosen the soil, ready to plant something, the result dug out a skeleton." Zhao Hai said, thought Yang Yu would be scared to jump up, who knows Yang Yu calm not, even disdain.

Why?

What's the fuss about digging bones in the countryside? It's perfectly normal. After the death of the Yunv village, they were still buried in the earth. There is no cremation. So many tombs on the mountain, especially those of the previous generations, have disappeared. Maybe this Bai Sao's land was a tomb before. It's not surprising whose ancestors were dug up. I can only admit that the ancestor is in bad luck.

"And then? It must have been someone's ancestor. It can't have been murder, can it? " Yang Yu also casually said, in his eyes, feel this is a small matter, how even if Lan also follow to coax.

"I don't think it will be murder. That's what I told them. It must be someone's ancestor who was buried here before. Just find a place or cemetery to bury him again." Zhao Hai returns a way, actually oneself also not anxious, anxious is Bai Sao.

"That will do. You can handle it. I'm still busy. " Yang Yu still wants to continue to do it, although the atmosphere has long gone, the interest has gone.

"I can deal with it. The problem is that Bai's mother-in-law bites off that the skeleton belongs to her son.

She says that she must have been killed by her daughter-in-law. If they want justice, they have a big fight. No one can stop them. They have to come to you." Zhao Hai said that although he was much older than Yang Yu, he had been in the officialdom for a long time, and he had his own understanding of the officials who killed him, so he was respectful in front of Yang Yu.

"It's too fake. Forget it, I'll go and have a look. " After listening to Zhao Hai's words, Yang Yu knows that he'd better go by himself.

In fact, there's nothing. It's just that the relationship between mother-in-law and daughter-in-law is not good. The old woman finds fault and embarrasses her daughter-in-law. It's just such a simple matter. I used to persuade her to get along well with her family.

It's sunny outside.

There are a lot of people around Bai Sao's house, but Yang Yu didn't see the skeleton, so he probably is still in the field.

When people saw village head Yang coming, they made way one after another.

Before Yang Yu began to speak, the old woman knelt down for Yang Yu and roared, "village head, you must make the decision for me. My son hasn't been home for a year. He must have been killed by his daughter-in-law and buried in the miscellaneous ground. It's hard for my baby."

With that, the old woman began to cry. Although she was already sixty or seventy years old, she was no different from a child. She fell on the ground and cried. The white sister-in-law over there sat there, stupefied. It seemed that she had just had a big fight.

How does Yang Yu feel that this land has been wrongly approved?

"Grandma, you get up first, I'll make the decision for you." Yang Yu comforts the old man first. After all, she is an elder. She has to vent her anger on the younger generation. However, Yang Yu is a reasonable person after all.

As expected, the grandmother stopped crying and sat up, but she still said that her daughter-in-law was not here.

"Granny, will you listen to my analysis?" Yang Yu began to reason.

If you are not reasonable, you have to be reasonable, not to mention being the village head. Yang Yu first told Zhao Hai in his ear that he should go to the back to dig out the skeleton, and then save it as evidence.

"Granny, how long has your son not contacted you." Yang Yu asked slowly.

"It's almost a year and a half. I didn't come back last year. I didn't contact us, either. The old woman sighed. She didn't know what happened when her son was away. She didn't know whether he was alive or dead. This situation is very similar to that of Zhao Ying, a left behind woman, except that there is no such mother-in-law in her family.

"Yes, your son went to work in the county. He can't be here. So, the skeleton is definitely not your son's. You can rest assured." Yang Yu returned.

In fact, of course, the old lady knew that the skeleton was not her son's. She just saw that her daughter-in-law was upset and had no reason to embarrass her. When she was old, her brain was hard to use. Is it necessary? She thinks there is. That's what old people are like.

"That's not necessarily. I've seen her having an affair with Liu Anguo next door several times. She must have an affair and then conspired to kill my son." The old woman put on a face and spoke impolitely. They all said that the ugliness of the family should not be publicized. How could the old woman blow up her own ugliness?

Can Yang Yu listen to this, how to feel strange, how to emerge a Liu Anguo? Isn't Liu Anguo pan caier's husband? Hasn't he been missing for a year and a half? What's going on? Yang Yu felt that there might be a story in it.

"You're bullshit. I have nothing to do with brother Liu. They just came to borrow things several times." Bai Sao can't do it now. It's nothing but slander her.

"Yes, granny, even if this skeleton is really your son, it's really sister-in-law Bai who killed it, then she won't be a fool to cry out to catch a thief and dig out the skeleton herself? There is no such stupid person, so it must have nothing to do with your daughter-in-law." Yang Yu is very patient to help Bai Sao speak. At least this woman has just been killed by herself. If she offends Bai Sao, maybe she will give up the power and sex trade with her. That's the end.

"Hum!" The old woman snorted coldly: "who knows, she is so poisonous in her heart that she can't do anything."

Yang Yu sees that it's not very easy to reason with the old woman. It's easy to follow the procedure.

"Well, since you think the skeleton is your son, let's just identify it. If not, it's over, OK?" Yang Yu doesn't want to be such a big man to be a peacemaker, but he can't help it. He is the head of the village and has to take care of everything. If it's not for the vegetable plot, he really doesn't want to be a peacemaker. He doesn't get the benefits and has to be a good man every day.

If the old lady didn't say a word, Mrs. Bai naturally didn't suggest it.

"Then I'll call the police. If Lan's high school classmate, officer Lei, is very familiar with this, I'll ask him to do it. We'll take back the skeleton first." Yang Yu didn't expect that this family quarrel would make the police fight. He felt ashamed. However, it's good to check. What if?

Nothing is right.

Anyway, now the technology is very developed. It doesn't matter whether the skeleton is in the body, DNA or skull recovery.

With Yang Yu's painstaking efforts, he finally managed to make peace on the surface, wasting half an afternoon of Yang Yu's time as a girlfriend. Yang Yu really wants to spread his anger on sister LAN because he can't spread it on Zhao Hai.

On the way home, Yang Yu held sister LAN.

"What subject will you write this time?" Yang Yu said.

"Are you trying to make fun of me because I disturb you?" Li Ruolan is also very crisp in summer. She especially likes to wear ultra short jeans. All kinds of ultra short jeans are worn in different styles.

"You can handle this. Why do you have to come to me? It's my first time with your sister! What do you say?" Yang Yu is still worried about it.

"You are the head of the village now. You have to take care of everything. Before I thought it, I went there for a few days, and you became the village head." Li Ruoshui also has a bad smile.

"Do I care about your blind date?" Yang Yu retorts.

"Yes, I'm going to the county for a blind date tomorrow. Are you going?" Li Ruoshui returned.

"I'm so handsome. I'm afraid the other party's inferiority will affect your blind date. How bad the result will be. Ha ha Yang Yu laughed.

"You're so beautiful. They're the second generation of the rich." Li Ruoshui cocked her head. In fact, she didn't want to go on a blind date at all, but she had to.

"Pull it down. You'll settle the account for what just bothered me." Yang Yu said with a bad smile.

"You want to vent on me again, don't you. If I don't give it to you, I'll hold it for myself." Li Ruolan turned away.

Yang Yu looks at Li Ruolan's back and feels like a duck is flying.

However, as soon as he got home, Yang Yu met a beautiful woman, whom Yang Yu had never seen before. She didn't seem to belong to this village.

The girl was stunned for a moment, and she was scared with a smile. However, she didn't know who Yang Yu was. She thought that Yang Yu was coming to talk to her aunt and went out. Yang Yu touched the forehead, some confused, this also want to ask: who are you? I haven't seen it before. But the girl has gone far.

Yang Yu goes into the house. Her aunt is cooking dinner. Her cousin seems to be washing things in the backyard, while her cousin is burning firewood. However, Yang Yu's face turns pale.

Because he saw another woman.

What's a woman to be afraid of? Is it so beautiful that it's disgusting or so beautiful that it's ghost axe?

None of them.

, as like as two peas in the same girl who just went out.

Yang Yu wiped his eyes and thought he was wrong, but he was not really dreaming and his eyes were bright.

"Didn't you just go out?" Yang Yu looked at the girl in amazement.

As a result, people laughed.

"Ha ha, that's my sister. We're twins." The girl chuckled.

Yang Yu's face just shakes over. He is really scared to death. Recently, he has always seen something he shouldn't have seen. His nerves are allergic. However, Yang Yu still didn't know who she was. Until dinner, her sister came back. It turned out that she was going out to buy salt for her aunt.

"Let me introduce you, Xiaoyu." She said.

Yang Yu had already guessed that it might be a relative, otherwise it would be impossible to stay for dinner like this.

"They are your uncle's and sister's daughters. They come to our house for summer vacation. The big one is called WeiMiao, and the small one is called Weixiao. I can't tell who is big and who is small. " She said.

Yang Yu thought that since he was a relative of his uncle's family, he had no blood relationship with me. If he had no blood relationship, wouldn't he dare to tease me?

"I'm big, so I'm also called cousin?" The two are as like as two peas, even the same clothes. How do we divide them?

Yang Yu looked at them carefully. Apart from the fact that they are the same, the biggest feature is that there are small dimples at the corners of their mouths. They are really small, but they are especially beautiful when they laugh. Both of them have long black hair. The length of their hair is the same. They have melon shaped faces. It's a sign that although they don't drink the water from Yunu village, they are only a freshman this year. Therefore, their skin is flawless, bright red and pink. They are still in the same university and major. They are really speechless. As for this kind of heart, there is a soul.

If you look at them together, this kind of beauty is really the uncanny work of nature, and the name is really lifelike.

This is that  $1 + 1$  is greater than 2. Yang Yu is looking at the two beauties in front of him. If the two beauties are here, they will certainly curse Yang Yu. Yang Yu's two twins are blushing.

"How long are you going to stay? We need people in the vegetable field. Why don't we stay longer?" Yang Yu knows that this question should not have been asked, but it's OK to say it. I really don't know how long they will stay.

Weixiao, WeiMiao really didn't know that there was a handsome Yang Yu in her aunt's home when she came here. It was really beyond their expectation. They didn't find a boyfriend in the University. The idea was that twins would do everything together, so they had to take a bath and poop.

I must have slept together that night. The second sister's room is just empty.

Suddenly, there are two more people in the family, which makes it a lot more lively, especially five people. They can play cards together. This is also the only entertainment in the countryside at night.

"Cousin, I heard that there is a haunted house in this village. Shall we go and play?" Lin WeiMiao said. This time they came, mainly because their uncle was in prison, so they came to see my aunt. Moreover, they would have come to play every year. They played the best with the second sister, and their character and age were similar.

Yang Yu soon mixed up with them.

"No, it's terrible." Li Yunxi is timid. Going to the haunted house is like killing her.

"There are five of us. What are we afraid of?" Weixiao also added.

Yang Yu thought, it's really boring at night in the countryside.

"What do you think, cousin?" Yang Yu asked her cousin what she meant.

"There are ghosts in that old house. If my mother knows how to take you there, she'll have to kill me." Cousin Li Yuanxi said that the legend of the haunted house grew up with her. Although she was also full of curiosity, she did not dare to go after all.

The idea is that adults are too strict with this.

"How can there be a ghost? We don't believe it." Lin WeiMiao replied that, after all, he is also a college student. Naturally, he doesn't believe this.

"Cousin, I heard that you are an undergraduate. You don't believe in ghosts, do you?" Lin Weixiao added to the story.

In fact, the twins have come to this village many times. Every year when they come to pay a new year's visit, they arouse their curiosity, but they never go. This time, naturally, they don't forget it. What's more, this time there is another cousin Yang Yu.

Can Yang Yu say I believe it? After coming to this village, I have seen many mysterious things. Even Yang Yu has seen them with his own eyes. What else can I not doubt.

What if there's a ghost in that old house? Is it really life-threatening? Isn't that a big responsibility.

However, to be honest, Yang Yu also wants to go.

"Then by day?" Yang Yu has been in during the day. He is not afraid of danger.

"It's boring during the day, but interesting at night."

"Yes, yes." The twins are still coquettish with Yang Yu. Although they only know each other today, they are not relatives, but they are from their own family after all. They know each other very well.

"You two have a lot of guts. Well, tomorrow night, I'll ask others to see if there's anyone together. There are many people, and ghosts are afraid." Yang Yu is so entangled by these two living treasures that he can't help it. However, it's OK to explore and find some excitement for his life.

Even if there are ghosts, they have their logic and thinking, and they have dignity. For example, they don't come out of the toilet.

As long as you go, the twins will have no problem.

"That's true." Li Yunxi didn't dare to go, but he was itchy to see that everyone wanted to go.

Tomorrow, Yang Yu is going to ask sister LAN if she is interested in going with her. She is a reporter. In case, in case of a ghost, maybe she will publish a paper, then she will wait for the Nobel Prize.

Did not expect this matter, under the attack of two twins suddenly, so given? Explore the haunted house tomorrow night? Yang Yu felt a fever in his head at this time, so he made up his mind.

The next day, Yang Yu felt that it was too sloppy, so he rushed to ask sister LAN for help.

"In fact, I also want to see the haunted house. I was nagged by my parents all day long that I couldn't go to the haunted house. I've been curious for a long time. It's good to take this opportunity to explore." Lan Jie actually stood on the side of the ignorant twins.

"I asked you to persuade them not to go. Why do you agree to go?" Yang Yu patted on the forehead, I went!

"Are you afraid?" Li Ruolan deliberately satirizes. Although Li Ruolan has seen a lot of dirty things and magical things, it's not bad if he can really see living ghosts in his lifetime.

"But that haunted house really died. Last time, those two donkey friends really died." Yang Yu said, if you can do it alone, now it's a family. Those women have to be responsible for their own affairs. My aunt doesn't scold herself to death.

"Don't be afraid. I'm here." Lan said with a smile. Shit!
