Yang Yu didn't take Puxian Bodhisattva's words to heart, because he didn't believe that when someone came to find him three days later, what was the robbery, what was the brilliant plan, and what was the prediction of life and death, Yang Yu would not take it to heart, or put his cousin under his body and watch her scream, which made him more excited.

There is a high school in Bilian town. Although it is also in the mountains, it leads to the road and is also a necessary route to the county. Therefore, there are three senior high schools, two general high schools and one vocational high school. There are many Yang Yu students in these three high schools.

The distance is not close. The school has a dormitory, so the third sister only goes home once in a while on weekends to bring some food and money.

The beginning of high school life made her very uncomfortable, thinking about Yang Yu all the time. But Li Yunxi's pure and refined appearance made him become a class flower on the first day, and he had to take over the school flower. However, the three sisters had no interest in this honor: "if only my cousin came to see me."

Li Yunxi lies on the balcony and looks at it foolishly. The opposite building is the men's dormitory. When he sees the beauty, he immediately shouts: "beauty, beauty."

"I really envy you. If you lie down on the balcony, it will attract countless eyes. Look at me, ah, where do men hide. However, just now I met a handsome man downstairs, who was smiling at me. " A chubby girl looks like a panda, but she is Yunxi's best roommate.

"There's also a handsome guy. If you're such a pig, she's really blind." Another roommate is lying on the bed with a smile.

The fat girl gave a cold smile.

At this time, the phone rang. The chubby girl went to answer the phone. It was from her aunt downstairs.

"Yunxi, someone is coming for you." The fat girl hung up and said.

"Who is it?" Yunxi asked indifferently.

"I don't know. My aunt is fighting. It's estimated that some boy chasing you will tell you. I really envy you." The chubby girl said casually.

"Oh, I don't want to go." Yunxi is not in the mood to go, and says in his heart: cousin, why don't you

come to see me?

Chubby girl listened, coax way: "go to see, you don't want to be able to give me."

"They don't want you." The girl playing with the mobile phone laughed again.

The fat girl "you" is red with anger, just like the monkey's ass.

At this time, another girl rushed in and yelled, "there's a super handsome guy downstairs. Come and have a look. It's really handsome. God, it looks like Jin Xiuxian. "

Just now, he went down to the third floor and said with a smile, "it's true that he's talking to himself." The fat girl fell in love immediately.

And the girl on the bed also immediately got up and ran out, looked up, a face of flower crazy.

"Yunxi, come and see. It's really handsome." Chubby looks back and shouts to the embarrassed Yunxi. How can Yunxi be in the mood to see a handsome man? The fat girl came over in a hurry, took Yunxi's hand, pulled it out, and said, "look, maybe you like it. Don't think about your cousin all day long."

Li Yunxi is very reluctant to be pulled out, look down, suddenly the eye bead all fell down: "cousin?" Li Yunxi yelled and was very excited. He wanted to jump directly from the third floor.

"Cousin?" The fat girl and the girl playing with the mobile phone were stunned.

Li Yunxi out of the bedroom, regardless of more thought, put into the arms, side coquettish side crying: "cousin, necrosis, now come to see me."

Yang Yu hugged Li Yunxi in his arms and said softly, "let's go."

"Where to?" Li Yunxi asked.

"You can't be seen as a monkey here, can you?" Yang Yu said. As soon as Li Yunxi looked back, he found that the corridor of the dormitory building was surrounded by a group of handsome students. Suddenly, Li Yunxi's face turned red, and he was playing coquetry in the arms of his cousin in front of so many people.

Where else can Yang Yu take a woman? Hotel, of course. But Yang Yu has a little money now, so he can't go to a hotel. But there is no good hotel in such a broken town. Yang Yu has to find a Hanting.

"I just want to hold you and not let you go anywhere." Yunxi has been holding Yang Yu.

Yang Yu put this natural beauty cousin into bed, let her comfortable drill in his arms. Yang Yu has a lot of time to bully her, because she has no choice.

"When is cousin leaving?" Li Yunxi asked.

"I'll be with you for two weekends, tomorrow night or the morning after tomorrow." Yang Yu returned.

"Well, my cousin is holding me." Cousin Yun Xi said.

Yang Yu is watching TV and playing with his mobile phone, which can be regarded as a holiday for himself. With the people you like, time passes quickly, and in the twinkling of an eye, it's evening. Yang Yu takes Yunxi to have a good meal, and calls out three roommates to eat together.

After eating and parting, the fat girl asked, "Yunxi, are you going back to the hotel with your cousin? "You two" next to the girl playing with a mobile phone quickly stepped on the fat girl, making the fat girl scream. "Don't mention Li Yun's love for her."

After Yang Yu and Li Yunxi left, the fat girl asked, "why step on me?"

"You're stupid. Can't you have a little EQ? Can't you see that they are so ambiguous? This is not a cousin relationship, like a couple!" Said the woman playing with the mobile phone.

"How can it be? He's Yunxi's cousin. " Fat girls can't figure it out.

"Why not? What's the matter with cousin? Isn't Yunxi himself saying it? She likes her cousin Said the girl playing with the mobile phone.

"No, you said they were going to do that at night?" The fat girl looked shocked and couldn't believe it.

Yang Yu took a bath and lay on the bed like an ordinary night. When Yunxi got out of the bath, he only wrapped a bath towel and covered the key parts. Yang Yu was completely stunned. When Li Yunxi appeared in front of his cousin, he didn't panic or blush.

But very seriously came over, against Yang Yu's arms, and then looked up at Yang Yu.

Looking at each other, Yang Yu can clearly feel Yunxi's breath accelerating, look a little flustered, chest undulating, so beautiful and moving. Yang Yu can't help it any more. He reaches for Yunxi's bath towel. Unexpectedly, Yunxi doesn't stop it. Instead, he reaches out to turn off the light.

The room was dark, Yang Yu turned over, Yang Biao Mei Yun Xi pressed on him.

The night was long and the town was quiet, but in Yang Yu's and Li Yunxi's rooms, it was all rough, stormy and bloody.

Yang Yu checked out on Monday morning. It took almost 48 hours for them to check out from the hotel. In these 48 hours, they were living a sensual world. Li Yunxi's these two days let her be unforgettable.

Yang Yu also thinks that her three younger sisters have grown up a lot, and the biggest change is that her cousin is very relaxed these two nights, embracing Yang Yu heartily, enjoying the happiness that her cousin brings to her body, incomparable happiness.

After a few days, the headmaster went to the school for a walk. Zhao Hai came back to report his work and said that he had found the reservoir and the Yun River, but there was no sign. Moreover, Uncle Wu always stressed that the child would not go out.

Yang Yu could only smile bitterly, but he took it seriously. How can there be a Bodhisattva or a Buddha who knows life and death?

At dinner in the evening, Yang Yu was still smiling bitterly. The Puxian Bodhisattva said that three days later, someone would come to find himself. Today is the night of the third day, and there is no one left? It seems that no matter how accurate the Bodhisattva is, it's just superstition. It's just a belief and support of the people.

Yang Yu is very disappointed. Since this Bodhisattva has nothing to say, Yang Yu just wants to open the brocade bag and throw it away. Just then, a woman comes outside.

Women again?

All his life, Yang Yu seems to be tied to a woman.

This woman, Yang Yu, has never met before. She is not from the village. It's really rare for people from other places to come here to look for people at night, because people are more and more afraid to leave at night.

"Who are you looking for?" Little aunt interrupted first.

"Who is Yang Yu?" Said the woman.

Yang Yu is biting the meat, he did not think that this woman is to find himself. Is Puxian Bodhisattva right?

Aunt quickly took a chair to sit for her, and poured a cup of tea.

"Who are you? What can I do for you? I don't seem to know you." Yang Yu asked two questions and looked at the woman carefully. This woman is tall and thin. She is really thin, but what should protrude is still protruding. Her hair is not long or short, and her eyes are sharp. But her sitting posture is very standard. She looks like a soldier.

"You are always forgetful. Who am I!" The woman said with a smile. Her behavior and speech were very standard and gentlemanly. It seemed that she had not only been a soldier, but also had a big family.

Yang Yu looked left and right, especially at her chest and thigh. The woman quickly closed her leg.

"I still don't know. You'd better report yourself." Yang Yu impatiently said, although the other side is also a beauty, but beauty to find their own nothing good.

The woman laughed and said, "my family name is Qiu, and my father is Qiu Yongkang."

Poof! The meat Yang Yu ate on his mouth completely spurted out.

"What did you say? Are you chairman Qiu's daughter? You are the " Yang Yu stammered, eyes fell out, put down his chopsticks, stood up, went to the woman, and looked at the woman again like an animal.

"Why do you look at people like that? You don't understand any manners, girl. Don't mind." My aunt explained quickly.

But the woman was not angry at all and was smiling.

Yang Yu even wanted to say: can I touch it? But hold back, said: "it's really you, almost did not recognize, I thought you must not survive."

As soon as the words came out, the little aunt knocked Yang Yu's head again and said, "how do you speak?"

"Ha ha. "The woman was still smiling. She didn't mind Yang Yu saying," you picked up my life. "

"Let's go upstairs and have a chat. I have a lot of questions for you." Yang Yu said that he did have a lot of questions. The woman nodded, but her cousin gave Yang Yu a hard look. She didn't know who the woman was or what the relationship was, so she went to the attic.

We really can't believe in our dreams. The beauty in front of us was a zombie a few months ago! A zombie attacking himself. But now she's recovered, and she's doing well.

To the attic, Yang Yu closed the door. Yang Yu still doesn't want to let her aunt and cousin know about these things.

"There are some things that are inconvenient for my family. Please tell me. What's the matter? "Yang Yu is very curious. Qiu Li, the daughter of director Qiu, is the only one who is still alive by the devil. Originally, there was a secretary Wang, but Secretary Wang just died a few days ago, which surprised everyone. Secretary Wang decayed and died in prison. He died miserably.

Everyone is puzzled, but Yang Yu knows that this should be the side effect of being killed by the devil, but Qiu Li doesn't seem to have this side effect, and Yang Yu doesn't know why.

Then Qiu Li began to talk about her strange experience:

a few years ago, she was still in the Navy. On a mission to the sea, she encountered a big whirlpool. Their warships fought against the whirlpool for several days. Finally, the oil exhausted warship was still involved in the whirlpool. When she woke up, she found it in an underwater site. Strange thing, there was no water in it. She looked for it alone for a long time Except for her, there were no survivors. Later she met a kind of creature. Now she knows that it's a zombie, and then she can't remember anything. According to the commander and his father, Qiu Li was found by the rescue patrol on an island and brought back to the army.

However, it was no longer Qiuli, but a zombie.

The army tried many ways, but failed to cure her. In the end, her father took her away and locked her up in the villas on the island. In recent years, chairman Qiu has never heard of seeking medical advice, or even Taoist or eminent monks. However, he failed.

Until I met Yang Yu.

"Do you know who the devil is? Or, the devil behind you, your mind is still not? Do you have any memories?" Yang Yu asked, before the two elders had woken up, with two elder words describe is two souls in the fight.

At the mention of this issue, Qiu Li burst into tears.

"You don't know how terrible that feeling is, the feeling that the soul is imprisoned in an endless dark space. In this endless dark world, I have a sense, but my perception of the outside world is very low. Several times, I feel like I'm about to wake up, but I can't wake up. That feeling is very painful. Sometimes, I can hear some voices from the outside world. Sometimes, I can hear my father's cry. I have no concept of time in it, as if it has been over a hundred years." Qiuli wiped her tears with a tissue and continued, "and you are the only one who let me see." "You said you saw me in that dark, endless world?" Yang Yu asked.

"Yes, I guess it was the day when you came to see me. I don't know how happy I am to see you. I know that you are the man who will save me. In fact, after the demons are driven away, you are the only one left in my world." Qiuli said with a smile.

"Ha ha. I sound like prince charming has come to save the princess. Do you know what the devil is?" Yang Yu asked. He was very interested in this question.

Qiu Li shook her head and said, "I don't know who he is, but he is a man. Other people are no different from ordinary people. Of course, what I see is an empty translucent soul. But when I fight with him, I

find one of his characteristics."

"What characteristics?" Yang Yu asked in a hurry.

"He has a pair of wings!" Qiu Li answered firmly.

"Wings?" Yang Yu's mind suddenly thought of a person: Yang Lin. Yang Lin once showed a pair of flawless wings in front of him, pure black, very beautiful. But later Yang Yu did not ask why the wings were wrong, and Yang Lin did not answer.

"Is it black?" Yang Yu asked again.

"No, just like the soul, nothing is translucent." Said Qiuli.

Yang Yu began to think about it. The whole story sounds like a science fiction film, which is more terrifying and weird than his so-called Yin Yang eyes, witchcraft, psychic medium and so on.

"Actually, I'm here today, and there are other things." Said Qiuli.

Yang Yu Leng for a moment, looking at her in doubt.

"I know there is a strange black mark in your palm. I saw it when you exorcized me. Look, is it like this?" Qiu Li said and took a picture out of her bag. Yang Yu and Zou tightened their brows and took a look. They drew a black mark. Perfectness as like as two peas,

Yang Yu spread out his left hand.

"You have a good memory. You can draw it by looking at the palm of my hand once." Yang Yu chuckled.

"I think you misunderstood." Qiu Li said, "my pattern is not the mark on the palm of your hand. It's the pattern I saw in the underwater ruins."

Yang Yu's face changed immediately.

Chapter 471

"What do you want to express?" Yang Yu asked, he knew Qiu Li had something else to say.

"I checked this pattern. It was the thirty gold coins that Judas made profit by betraying Jesus. I checked the currency and gold coins prevailing in Jerusalem at that time, but they were not this pattern. So I suspect that these thirty gold coins may be customized. But why customize it? Don't you think it's strange? Moreover, Judas is not such a greedy man. Besides, it is said that he only gave silver coins in

those years. We don't care whether Judas betrayed Jesus or not. But after Judas hanged himself, the thirty gold coins were taken away by a businessman named Louis. After Judas died, Louis said, "sister Qiuli, I think you think too much." Yang Yu said with a smile: "you come this time, in addition to thank me, is there anything else?" Yang Yu guesses that since Qiu Li and he have so many of these things, it must be another reason.

"Don't you want to solve the mystery of the mark on your palm?" Said Qiuli, as if she were going to get to the point.

"I think you want to solve it. Ha ha. " Yang Yu leaned on the head of the bed and looked relaxed and happy.

"Of course, I want to understand that all my comrades in arms died there. I don't know how to explain to their parents that the years when I was killed were not like death. That kind of terror I remember all my life, so I want to go there again." Qiu Li said firmly.

"You're crazy. You've just recovered. You've survived. Where do you want to go? I want to die. " Yang Yu how to want to scold a, you fool ah.

"Of course I don't want to die, so I came to you. Ha ha. " At this time, Qiu Li could still laugh.

"I'm not an immortal. I have a fart to use." Yang Yu angry way, how to find their own shit, all to their own head buckle excrement basin.

"You know the strength of my family. Whatever you want, you can open your mouth. Money, women, rights and reputation can be obtained for you. Even if you want my body, I can give it to you." Qiu Li said with a smile. With that, she really went to untie her own buttons.

"No!" Yang Yu quickly pressed down: "then I'll think about it. I'll get back to you in a few days. "

"Well, I have everything ready. We need a leader like you. " Said, Qiu Li stood up, went to Yang Yu's side, slowly pressed down the body, mouth close to Yang Yu's ear, numbly said: "even if you don't want my body now, my body will be yours sooner or later."

With that, Qiu Li went out with a smile. Yang Yu Leng is there, this woman is quite enchanting. Qiu Li's helicopter stops at the reservoir at the top of the mountain. It's easy to come and go.

After Yang Yu sent Qiu Li away, his mind began to be confused. I didn't expect that Qiu Li would lose so many doubts to herself this time.

Is it necessary to take such a big risk? My life is my own. However, if Judas' thirty gold coins were really there, he might have to go once. The riddles of the mark, the devil's upper body and the wings could all be solved.

The next day, Yang Yu told the idea to three women: Leng Xiaoxue, Yang Lin and Yan Ling. These three women are indirectly involved in this.

"I'm going too. It's directly related to my fate." Cold Xiao snow or face no expression of say.

"I don't want to die. I won't go." Yan Ling expressed his attitude.

"It's about you, Yang Yu. It's none of my business." Yang Lin does not bird Yang Yu at all, let Yang Yu a face of black line.

Yang Yu doesn't want to take Leng Xiaoxue to risk, but she insists on going. Women are hard to figure out.

Yang Yu finally decided to go and explain the school and the village committee, so he called Qiu Li. Qiuli will send a helicopter to the top of the mountain to pick them up.

Tonight is the last night before Yang Yu's departure. He is a little sleepless, and Leng Xiaoxue is even more sleepless. Li Ruoshui knew that Yang Yu was going to leave for some time, so he took time to make friends with Yang Yu in the attic of the school. I said hello to some women and said that I was going to leave for a while.

At midnight, Yang Yu was still tossing and turning, when the door was suddenly pushed open.

"Cousin?" Yang Yu surprised way, cousin can never come to his room in the middle of the night. Cousin Li Yuanxi quietly closed the door. She was dressed in pajamas. She was graceful, like a fairy, tasteful and sexy. She was a beauty.

Cousin did not speak, but quietly climbed on the bed, drilled into the quilt, leaning against Yang Yu's arms. Yang Yu didn't think much about it. He hugged his cousin. Immediately, his whole body became hot, and he kissed her. Her cousin made a kind voice.

Hearing such a moving voice, Yang Yu immediately had a reaction and felt her cousin's thigh. The feeling of her thigh was slippery and elastic. It was really comfortable.

Early in the morning, dew is very thorough, reflecting the beauty of the whole countryside.

Leng Xiaoxue was ready early and waited for her at the entrance of Beishan village. My aunt and cousin came to see Yang Yu off and went all the way to the top of the mountain. Qiuli's helicopter was already waiting there.

Two people on the helicopter, a panoramic view of the whole village, good a paradise around the mountains.

Yang Yu and Leng Xiaoxue are in the same mood. Peng Bai, if you go, you'll die, but why do you want to

go?"I'll bring you back safely!" Yang Yu said, holding Leng Xiaoxue's hand.

Leng Xiaoxue seldom shows a smile and clenches Yang Yu's hand.

Qiu and naoru, who had been on the island for a long time, had been on the plane to meet Qiu. Being welcomed by the world's five hundred year old director, Yang Yu felt that he was still in a position. Besides, he had given 10 million yuan to Yang Yu before, and he was so happy that he lost all his teeth.

He arranged rooms for Yang Yu and Leng Xiaoxue, which was Japanese style, but the one who served Yang Yu was Chinese. Yang Yu took a look at the beauty and thought: it's better to make it made in China.

There was a lot of pomp at the dinner.

All the people involved in this operation were invited to come here and get together. Yang Yu heard from the grapevine that the operation was not only secret, but even military.

besides Gu Biao, archaeologist Qiu Ruihai, female general Zhou Ruihai, and archaeologist Qiu Ruihai, they all plan to go to the marine ruins.

Everyone is like a tight bow. Of course, there are some excited people, such as Niu Gu, the archaeologist. The whole person is very excited. Yang Yu has heard that he is a crazy man in the archaeology field. He is quite famous in China. He can't wait to start.

Except for Qiu Li, the eight people were all arranged in the same villa group. After the dinner, everyone was drinking tea and chatting in the courtyard of the villa group, which was a deep understanding of each other.

"Why should he lead us?" When the special forces saw that Yang Yu was so young, but he wanted to lead such an important team, they were dissatisfied. Although this was said to the sea soldier Han Xiao, everyone listened to it. The special forces from the beginning to the end with rifles, rifles on the back of the body, even eat all carry, did not take down the gun.

"I don't care about that. I only care about the cold girl? Guess if I can get her? " Han Xiao's eyes have been looking at Leng Xiaoxue.

Leng Xiaoxue's coldness is incomparable. She is also the most beautiful in the team, but no one knows what Leng Xiaoxue is doing except Yang Yu? What identity? What's your role? Will it delay us?

"I'll go back to my room first." Leng Xiaoxue doesn't pay attention to anyone's greeting, but whispers to Yang Yu.

"I hear you're an exorcist?" Biologist Zhou ruimeng is very interested in Yang Yu. In her field, biology, physics and chemistry are all scientific and technological forces, representing scientific and truth, while

Yang Yu's so-called exorcism represents superstition, feudalism and pseudoscience.

The two are conflicts and contradictions.

But Yang Yu doesn't care about this. Yang Yu is more concerned about what's the difference between this biologist taking off his clothes and other women!

Tonight, Yang Yu had a dream again, a woman, a woman again. Yang Yu's brain is a woman besides a woman, but this woman is very special. She is naked, but her skin is shining. Yang Yu was awakened by the naked light. When he woke up, he found that there was a naked woman lying beside him.

"Did you have a nightmare?" The woman wiped Yang Yu's cold sweat with a smile.

But Yang Yu took the woman in his arms and said, "let me vent my fear."

"I'm yours tonight." This woman is not someone else, but a Chinese girl who serves Yang Yu to sleep with her. Yang Yu thinks that this is the most satisfying place arranged by Lord Qiu.

The morning on the island is clearer, but the wind is strong. When the wind blows, even people can't stand.

After having breakfast, Yang Yu set out by plane to digogasi island. We'll make a boat from Cauchy island. This saves a lot of time. Ocean Group's line of business is to do the ship, so the last ship is quite domineering, also very big.

Everyone was assigned a room and had a good meal.

"I always have a doubt. You say there is a vortex over there. It's empty inside. It's like a tornado. The end of the vortex is the entrance to the site. But how can we get into the center of the vortex?" Yang Yu is blowing with Qiu Li on the deck and asks.

"The reason why our warships are destroyed is not because they can't bear the pressure, but because they are too big to enter the center of the vortex. In fact, the center of the vortex is very safe. As long as we follow the current in the vortex, it's like drifting, we will go to the bottom of the vortex." Qiu Li explains.

Yang Yu was not satisfied with this explanation.

"It's just too difficult for you to practice." Yang Yu lacks confidence in pure theory.

"We invited physicists to practice in the laboratory for hundreds of times. As long as our container can resist water pressure, everything will be OK." Qiu Li is obviously confident in her theory and practice.

The ship has been sailing for many days, facing the vast sea, many people began to be bored. But Leng Xiaoxue is still on her own. She doesn't talk to Yang Yu very much. She usually spends a lot of time in her room.

Today, I had dinner.

Yang Yu is used to lying on the deck with the wind blowing. Zhou ruimeng comes over wearing a skirt and lies beside Yang Yu.

"You lie next to me. You are not afraid to be seen gossiping." Yang Yu looks at the starry sky. The starry sky of the sea is beautiful.

"Then go to your bed, and no one will see you?" Zhou ruimeng said.

"It's a week's boat that makes you short of men." Yang Yu did not forget to satirize this kind of whore.

"Do you know how long I haven't been done by a man?" Zhou ruimeng said coquettishly.

"I'm not interested in that, but if you've been done by any man on this ship, I'm not interested in you." Yang Yu replied that this is not the second-hand reason, but the problem of eating overnight meals.

"I promise not! I haven't been fucked by a man in three years!" Zhou ruimeng said.

Yang Yu turned around and was facing Zhou ruimeng. He was surprised and said, "what have you been studying in the past three years?"

"You don't believe me, do you?" Zhou ruimeng said very flatly.

"Then I'll listen to it." Yang Yu is interested instead.

Zhou ruimeng held out a hand, stroked Yang Yu's face, looked like a female dog, and said with a smile, "I really haven't touched a man like you for a long time. I've been studying the man before Qiu Li's illness."

Yang Yu frowned. Zhou ruimeng's words still made him admire the biologist in front of him. Most scientists devote their youth, family and sex to the academic world.

"It's why I haven't touched a man for three years." Yang Yu smiles and continues to add: "let me see what a female dog looks like when she hasn't touched a man for three years?"

"I'm afraid I'll eat you up." Zhou ruimeng said, looking at Yang Yu, and then came to Yang Yu's body. Lying below, Yang Yu looks up and just follows Zhou ruimeng's skirt. He is surprised to find that Zhou

ruimeng doesn't wear underwear.

"Is it good?" Zhou ruimeng said badly.

"It's too dark to see clearly." Yang Yu has something to say.

"I'm not black. Come to the room and show you whether it's black or not." Zhou ruimeng said and went to Yang Yu's room.

Yang Yu has already been so coquettish woman started a bath fire, jumped up, ran up, see no one, a will Zhou ruimeng to embrace up, embrace into the room.

They are already hungry and thirsty. Yang Yu has been holding on for a whole week. Leng Xiaoxue doesn't want to touch her.

This week, ruimeng, a female dog, fell on Yang Yu's body as soon as she got into bed. She went to take off his sports pants and pulled them off. She didn't want to eat anything and began to eat. Yang Yu was very comfortable. Looking out of the window, he found that there was fog outside.

Yang Yu hates fog the most. The village of yunu can see it from time to time.

Yang Yu is enjoying the joy of Zhou ruimeng's mouth, suddenly, the red warning rings!Something happened.

Chapter 473

Yang Yu rushed out in a hurry, looked down at the sea level by the starlight, and was immediately frightened by the scene in front of him. Not far in front of you, there's a giant dragon, a giant tornado.

Just now, it was still calm. Suddenly, it was said that there was a storm.

This is the ocean!

Yang Yu rushed into the command room and saw that Qiu Li and other people were already here. He quickly asked, "why don't you make a detour? "

" it's too late! "Said the captain calmly.

At this time, the storm immediately up, the rain on the time of a few seconds, rolling down, the wind up to form waves enough to more than ten meters, toward the ship.

"Come back! "Hai Bing Han Xiao yelled at several Hai Bing on the deck.

There's a bang!

The ship was elated by the big wave and tilted 45 degrees!

"Ah, save "a sea soldier was engulfed directly by the big waves before he could even cry out for help. He was involved in the sea without a trace.

"We can't get through it. If we're hit by that tornado, we'll all die!" Yang Yu ran to the captain and glared at him. He wanted to catch him and throw him out to feed the fish.

"Calm down!" Qiu Li bumped over, pulled Yang Yu apart and said, "we have to go because the entrance of the vortex is in the eye of the wind. "

" what did you say? You crazy people. "Yang Yu grabbed the railing and walked out of the command room.

Looking at this vast ocean, just above my head, the dark clouds look very thick and heavy. Inside the dark clouds are thunder and lightning. The lightning is really spherical. It's terrible. If you are hit, it's estimated that the whole warship will turn into coke.

Yang Yu regretted coming here and died here before entering the site.

Big waves keep coming, and the strong wind is enough to blow people up directly. The rainstorm is pouring in, just like taking a shower.

Yang Yu grabs the iron railings and goes to the cold room.

Leng Xiaoxue obviously doesn't know what happened outside.

"Listen, you stay here. Don't go anywhere. We're going through the tornado. "Yang Yu could stand unsteadily at any time when he was holding on to the bed, but his whole body had already been drowned.

Leng Xiaoxue is obviously not calm. She is not here for death, but for treasure. Listen to Yang Yu's words, can only silently nod. When Yang Yu went out again, he met Zhou ruimeng again. The girls here are not special forces. They can only stay in the room quietly and don't make trouble.

And Yang Yu is also watching the ship toward the dragon heart, this is really looking for death, this ship really can withstand this tornado? Even if I can really bear it, how big is the eye of the wind?

Yang Yu returned to the command room again. Qiu Li, Dong Biao, Han Xiao and Zhang Qiong are all here. And the captain and two playwrights. The command room is at the top, with a clear view of the scene ahead.

"Can this warship really withstand this tornado? Do you know how powerful a tornado is?"

"Oceanographer Zhang Qiong is very clear about the destructive power of tornadoes, but he doesn't know how much pressure the warship can resist."

By this time, the warship had pointed at the tornado.

The wind and the waves got worse.

Yang Yu pulled Qiu Li over and asked softly, "are you hiding something from me? How can "

" be? You are my Savior." Qiuli answered in the affirmative.

"I hope so." Said Yang Yu.

Right here, there's a big wave ahead.

"Be careful!" Special forces Dong Biao yelled. But this huge wave is really too high. It's 20 meters. My God. When the huge wave came, it was like a lion's mouth. It was frightening. The warship was even more shaky. It was about to be welcomed, and it just survived.

The storm came, and a guardrail on the deck was immediately knocked open. A gust of wind hit, directly pulled up the guardrail, and floated like a piece of paper in front of the command room. How strong the wind was.

Suddenly, one of the bars came straight to the command room.

The speed was amazing, and people didn't react. They wanted to get down, but they were excited by a big wave. They were overweight and couldn't get down. As a result, the iron bar hit the command room directly, and only heard a crack, penetrating the glass.

The captain was stunned, and everyone was stunned.

"Oh, no," Dong Biao said with emotion.

I saw that the iron bar was impartial, straight through the captain's body, entering from the front chest and coming out from the back. The crowd was stunned for a moment. After a while, the blood suddenly spurted out and dyed the whole commander red.

The sudden change made everyone pale. The two game controllers were also panicked. They had been following the captain for so many years, but they didn't expect such an outcome.

But it's too late.

The Tornado had already hit the warship head-on. In an instant, there was a thunderclap. Everyone shuashed a few times and was hit by inertia. Suddenly, people felt that the whole warship was suspended. Then, a flash of lightning seemed to strike the warship. Yang Yu felt that it was dark before his eyes and fainted. Yang Yu did not know how long he had fainted. When I wake up, my head is very painful, and I seem to be lying on a stone. Legs seem to be immersed in water, and the sound of water seems to crash behind.

"Where is this?" Is Yang Yu confused. Looking at it, I found that it was a cave, and a blue water flowed forward.

Yang Yu feels that he is dreaming. How can the water emit blue light? He reached for it in a hurry.

All of a sudden.

Just at the place where Yang Yu fished for water, a head burst out.

"Ah!" Yang Yu was immediately startled by the sudden head. He was surprised to see that it was Dong Biao's head.

Yang Yu wanted to touch his head with his hand to see if it was connected to his body. Suddenly, his eyes opened.

Special forces Dong Biao came out of the blue water.

"What about them?" Yang Yu asked in a hurry.

"I don't know. I just woke up in the water." Dong Biao said calmly. He touched his face and began to look around.

"Xiao Xue? Qiu Li?" Yang Yu yelled, looked behind him and said, "there's light in the back. We may have rushed in from there."

Dong Biao touched the water and the mud above his head and said, "are we in the undersea tunnel?"

Yang Yu didn't answer. What he is most concerned about now is where the others are?

Yang Yu made a few steps in the water. He didn't see a single person floating in the water. Yang Yu quickly ran forward and turned him over. This time, Yang Yu vomited instantly. The whole belly was cut open by a sharp object, and all the internal organs flowed out.

It's disgusting. Don't think about it. It must be dead. Dong Biao's psychological quality is very strong. Seeing such a disgusting way of death, he did not blink an eye and dragged the body to the shore. Continue to walk a little way, you see an exit, exit light is very bright.

It's just that the exit is above, like a big well.

The edge of the well is constantly washed down by water. Yang Yu concludes that he should have been washed in from this hole.

But it's a bit high. The rock wall is washed smooth by the sea, and it can't climb up at all.

You look at me and I look at you.

At this time, the wellhead suddenly sticking out a head, impressively is Qiu Li.

"I'll find the rope!" Qiu Li yelled at the big mouth of the well. After waiting for a few minutes, a rope came down. Dong Biao climbed up first.

Just as Yang Yu was about to grasp the rope to climb, Yang Yu suddenly felt something moving in the deep cave. After a close look, the body of the game controller had disappeared. Yang Yu is scared to climb up.

When Yang Yu climbed out of the cave with the rope, he was shocked by the scene.

This is the most beautiful scenery he has ever seen in his life, which he will never forget.

In front of us were several football field sized flat lands. The flat land was full of yellow mud, small puddles, and wet. The ground was full of fish bodies, all kinds of strange sea creatures, and of course people's. Yang Yu could see that it was his partner on the warship.

Not far away, his warship 360 turned over and buckled to the ground, already in pieces.

And the most beautiful thing is that around the space, there is a water wall. The water wall is desperately moving, forming a vortex. Up, thousands of meters high, it seems to have been out of the sea level, where there is black, thunder, it is a huge tornado.

"We are in the eye of tornado, but also in the center of vortex?" Yang Yu can't believe that this huge tornado has rolled up the whole sea, forming an empty cylinder in the center and going directly to the bottom of the sea. You can imagine how terrible the power of this tornado is!

"What about them?" Yang Yu looked at Qiu Li and asked.

"They saved people on the warship to see if there were any survivors." Said Qiuli.

The three men ran to the warship.

When Leng Xiaoxue saw Yang Yu, she rushed over and said in a soft voice, "I'll be relieved if you're OK."

Yang Yu hugs her tightly, and then sees Zhou ruimeng.

At the end of the day, all the people who are alive come together.

"Just seven of us? What about Zhang Qiong? And them?" Yang Yu asked. Unexpectedly, there were only seven people left, Yang Yu, Qiu Li, Leng Xiaoxue, Zhou ruimeng, Dong Biao, Han Xiao and Niu Gu. And a lot of people were injured.

"They're all dead. "Qiuli didn't want to say that, but she did.

Everyone bowed their heads.

"When we set out, there were more than 30 warships including Marines. How many of us were left?" Yang Yu's eyes are red and he wants to cry without tears.

"The bigger problem is, how can we get back without warships?" Special forces Dong Biao said coldly.

"We can't go back. "Said Qiuli.

"Is that what you promised us?" Yang Yu glares at Qiu Li, feeling that he has been cheated.

"Listen, this is a deal between us. I'll give you money. You work for me!" Qiu Li is not frightened by Yang Yu's deterrence. "So what do we do now?" Zhou ruimeng asked, she suffered a little injury, but fortunately, the key is that she can't go back, there is no way home, which makes everyone anxious.

Yang Yu looks back at the warship and wants to turn it over. Ten cranes are not enough. Even if it turns over, how can it get to sea level? It's thousands of meters up there.

I can't go back, that is to say, everyone is dead.

"We're all going to die here. "Leng Xiaoxue said this reality cruelly.

"I heard that we are going to the ruins!" Qiuli has not forgotten the task.

"FUCK ! Go to your mother's ruins. What's the use of finding the site now? We can't go back, we'll die here!" Yang Yu roared angrily. No fresh water, a week at most.

"If the warship disappears, someone will come to the rescue. Besides, there are satellite phones on the warship. "Said Qiuli.

Yang Yu listened with a sneer. In a week, even if the aircraft carrier comes to rescue, it will be too late to say whether it can withstand the whirlpool and tornado.

"Yang Yu, the minority is subordinate to the majority. I asked you to lead us to find the ruins, not to

argue with me. Now, vote on a show of hands. Those who agree to go to the site raise their hands. Those who stay to die don't have to raise their hands. "Qiuli is very tough.

This is what Yang Yu didn't expect. After all, this is the attitude of soldiers.

Yang Yu can be unexpected things, in addition to Yang Yu, all hands up.

"We're on a mission? "The views of Dong Biao and Han Xiao.

"I came from the ruins. "Crazy Niu Gu and Zhou ruimeng are both for studying dreams.

Yang Yu looks at Leng Xiaoxue. Leng Xiaoxue has lived for the thirty gold coins all her life. She can't go. These people all have a clear purpose, but Yang Yu didn't. He was cheated by Qiu Li. What can I do to solve the mystery of the mark? What can I give you? I've lost my life and brought it into the coffin?

Seeing that Yang Yu was full of anger, Qiu Li said with a smile, "go back to rest and get ready first. Let's have a good meal, have a good sleep, and then start. "Everyone came to pat Yang Yu on the shoulder. He seemed to be optimistic. Yang Yu is puzzled. Are they not afraid of death?

When all the others are gone, Qiu Li pulls Yang Yu back to a room of the warship.

Although the whole warship has been turned over, the room can still be used. It's just the opposite. Qiuli closed the door with a smile on her face.

"Don't be angry. Take it as it comes. "With that, Qiu Li put her hands around Yang Yu's neck and put her arms around him. Suddenly, the whole person changed from a strong woman to a fox with a little bird." You've tricked me into living like death! "

of course, Yang Yu's anger has not gone away.

"I'm so angry. OK, I'll let you vent, right? "Said Qiuli, and went to unbutton herself.

"No mood! "Where does Yang Yu still have to play with women? Even if she's the daughter of a billionaire.

Qiu Li is smiling, like a good wife and mother, still very gentle, just take off their clothes, a moment later, all naked in front of Yang Yu, the whole person naked body pressure on Yang Yu's body, embracing Yang Yu's neck, father said: "Oh, you do me a meal, all vent to my body, is not it? Just take it easy. "

" is that how you coax men? "Yang Yu is wry smile, looked down at Qiu Li's chest, thought: things have come to this point, complaining is useless, vertical and horizontal are dead, just be a happy ghost. After thinking about it, I picked up Qiuli and pressed her on the wall.

As soon as Yang Yu's trousers and clothes were pulled, Qiu Li's legs clamped Yang Yu's waist, her back

against the wall, her buttocks were lifted by Yang Yu, and her whole body was suspended in the air.

In this way, Yang Yu vent all his anger to Qiu Li.

After half an hour, Yang Yu felt comfortable all over.

Qiu Li, lying naked on Yang Yu's body, said with a smile, "now you are not angry. If you are still angry, I can continue to serve you." Then Qiu Li began to kiss Yang Yu's neck again.

The night at the bottom of the sea is not so quiet. There is the sound of running water outside, but everyone seems to sleep soundly.

Yang Yu suddenly wakes up from his dream. See Qiu Li is naked lying on his body, but how can't remember just that dream. It seems that in his dream, someone said something to him, but Yang Yu couldn't remember.

Early in the morning.

Suddenly, the sun shines into the bottom of the sea, forming a wonder. There are rainbows everywhere.

The seven men were also on standby, with food, water, weapons, ropes, lighting, and all kinds of equipment. Everyone carried a bag and a gun just in case.

Then he made a deep bow to the mountain of corpses and went to the cave.

This cave is the entrance to the site.

They all went down to the cave and left a rope to hang there, but the cave was not dark at all. The luminous water made the cave dark blue.

"There is a kind of plankton in the water, called Noctiluca. They are so small that we can hardly see them with the naked eye, but their bodies emit light, like fireflies, so it looks like the water is emitting light. "Biologists are worthy of being biologists. Obviously they have done their homework and explained to the luminous water source. People began to walk into the deep cave tunnel.

The warships outside the cave are quietly locked there, with corpses piled up beside them. Some corpses even start to stink, attracting some small creatures on the flat sea to climb over and eat the decaying corpses like a zombie. Suddenly, the corpses are dead.

This group of black water jump Sao seems to see something terrible, have run away.

At this time.

The eyes of a carrion suddenly opened.

Yang Yu people continue to move forward, Qiu Li and Yang Yu walk in the front, because she once came, fuzzy some memory. After Han Xiao and Dong Biao, Niu Gu, Leng Xiaoxue and Zhou ruimeng walk in the middle. When Yang Yu passed that place just now, his eyes specially observed that he didn't take the corpse of the game controller.

Was it dragged to eat by some benthic creature? Yang Yu was puzzled.

The tunnel is very long.

"Wait a minute. What's going on ahead?" Qiu Li stopped suddenly.

The crowd immediately became sharp, and Yang Yu immediately fell on the ground and began to listen.

"It's like something's coming towards us." Yang Yu lay on the ground and said, "no, wait a minute. It seems to be a group. The number is huge!"

"Is it a mouse?" Dong Biao asked.

"This is the bottom of the sea. There can't be mice." Qiu Li replied.

What would that be? But the sound is getting closer and closer. From the sound, it's like a dense group, just like the ant colony, where the ant colony passes by will be barren.

"There is also a possibility that" biologist Zhou ruimeng suddenly talks. When people look past, they see that Zhou ruimeng's face is pale and seems to have been scared out of his wits. What on earth is so terrible?

Chapter 474

[+ - Turn off](#) [Reset](#)

Seeing that Zhou ruimeng's face was so ugly, Yang Yu also had a premonition of the horror of this creature. Maybe it was just as disgusting as the ghouls who had penetrated into his body to eat viscera before. This time, Yang Yu guessed right.

"Tell me quickly. I'm very anxious." Qiu Li asked.

"You all know the ant colony. The creatures swallowed by the ant colony will basically be eaten in a few seconds, leaving only white bones. But the ant colony is on land, and there is such a creature in the mysterious ocean, called mouthworm. They're one of the most terrifying creatures in the ocean, even when you see thousands of them Biologist Zhou ruimeng explained.

"It's just your guess. Is there any basis?" Yang Yu asked.

"Do you forget what I was studying? I once found such a bug in you. There's a big characteristic of this insect Zhou ruimeng looks at Qiu Li, and everyone is waiting for her to explain.

"When they see a hole, they will drill in first from the mouth, ears, nostrils, assholes and girls, so they are called mouth worms."

After hearing this, Leng Xiaoxue felt sick. If that thing crawls all over her body and then gets in from her, it's really disgusting.

"Tens of thousands of worms? So what are we doing? Run Dong Biao has been anxious for a long time.

"It's too late to run. There's nothing to hide in front of them. Their speed is much faster than ours." Zhou ruimeng explained.

I saw that the sound was like a rainbow, rushing here like a volcanic eruption. It seemed that they smelled the smell of human beings, and the speed was faster and faster. It made the cave feel like it was going to collapse, and mud kept falling down.

"What do you say? You can't stand here and die? " Han Xiao was in a hurry. His rifle suddenly shot into the dark and deep inside.

As soon as the gun was fired, people felt that it was moving faster.

"You are crazy!" Qiu Li scolded.

"There's a way we can try, and that's the only way." Zhou ruimeng didn't know whether he was showing off his knowledge or pretending to be forced. His speed of speaking made people anxious to death.

"Say it quickly." Han Xiao is the most urgent. He doesn't want to be eaten as soon as he starts.

"Take out the flashlights. They are afraid of light. They may avoid us." When Zhou ruimeng finished, the crowd rushed to get the flashlight and the illuminator.

And the shaking sound was getting closer and closer. Just as the people lit up their feet, a mouthworm appeared, and then tens of thousands of people filled almost half of the caves. It was like the Great Wall coming towards the people.

Seeing such a huge scale, everyone is also taking a cold breath. It's very polite to be engulfed by this creature and have white bones left. People see, legs are soft, especially Han Xiao, legs shake the most, almost scared to pee pants, but a few girls in addition to covering the mouth nausea, but also calm.

When Yang Yu saw this group of individual creatures, his heart also vomited. Is there any creature in the world that looks so disgusting? The skin was oily white, moist and smooth, sticky, just like the skin of a

freshly peeled taro. It looked a bit like a tadpole, and the big mouth of the head almost occupied the whole body.

This is standard food.

When they saw the dark wall, they walked around naturally. Watching these white and disgusting creatures go away from their feet, people can only say thank God that they escaped from death.

However, as soon as he finished, Han Xiao's flashlight suddenly darkened. Before anyone else could react, the white insects had already gone.

"Save "Han Xiao's help has not yet time to shout out, a pile of mouth insects have penetrated into his mouth.

All of a sudden, people were dumbfounded.

In an instant, he was drowned by the white bug. Dong Biao wanted to reach out to catch him and quickly drew back. Everyone watched the darkness and Han Xiao was engulfed by the white bug. Han Xiao was inundated by hundreds of insects and got into his mouth, asshole, ears and nostrils. Before he died, he struggled desperately and shot directly at the rifle on the top of the cave, but after a few shots, he couldn't shoot any more.

Han Xiao's eyes stare, stare, stare at the crowd, finally fell out, and was eaten in an instant.

Everyone was stupid.

In particular, Dong Biao, who stood by and saw the whole process clearly, was even paler. In the process just now, even he, a special soldier, felt fear. He watched Han Xiao be skinned and eaten layer by layer, until his flesh and blood became blurred, and even his internal organs were clean. It was a crazy creature.

"Han Xiao? "Qiu Li yelled. Han Xiao only had a pile of bones, rifles, clothes and backpacks.

The population has passed.

The crowd was stunned and silent. A minute ago, Han Xiao was a lively young man. All of a sudden, he was left with a pile of bones. No one could accept it.

"Let's keep going. "Qiu Li said coldly.

"You are so cold-blooded! "Yang Yu glared at Qiu Li angrily and went ahead first. Only Dong Biao said a few words of mourning and had to keep up with the team. The team went on, but no one said anything.

This time, we walked for nearly 20 minutes, and finally walked out of the tunnel. The front of the tunnel

was open. It was a huge hole. There were puddles on the ground, and there were also small rivers. The blue light lit up the whole cave.

"This should be the entrance to the site. Look at that." Said Qiuli, pointing to a boat.

As soon as Qiu Li finished, Niu Gu, the archaeologist, rushed forward and went straight to the boat, looking very excited. The crowd followed.

The ship ran aground here, but no one knew how it got in. The shape of the boat is very unique, but after years of erosion, it is already broken, it seems that the touch of a finger may turn to ashes.

"Yes, this is the Virgin Mary, the ship of Louis, and the wealth of Jesus' life, including Judas' thirty gold coins." Niu Gu, a lunatic, wears presbyopic glasses. He's crazy. There's nothing more exciting for archaeologists to see the relics of two thousand years.

"I'm going in. Maybe I can solve many mysteries about the Bible." The madman stared at the crowd and got on the boat first.

This boat is not big. It's pure wood. It's too different from the current boat. Yang Yu looks at Leng Xiaoxue and steps into the boat.

"Hehe, there must be a lot of treasure." Special forces Dong Biao was obviously most interested in money and rushed in. Only Qiu Li stood outside with a cold smile. She was not interested in money. She couldn't put more money in her family. She was even less interested in history and religion.

The crowd went from the deck to the cabin. It's dark, with a musty smell and white bones of all kinds of creatures. It's normal. Before the tornado came into being, it should have been completely submerged by the sea. Naturally, there are fish swimming here.

But after all, it was 2000 years ago. Even if there was something, it was basically rotten.

The cabin is quite empty. Occasionally I see some strange things on the wall or on the table. When I touch them, they either break into powder or turn into ashes. They have no reference value and can't be taken away.

It's the madman's surprise and excitement. He seems willing to die here. People quietly continue to go inside, gradually feel gloomy, with the smell of water. Suddenly, Yang Yu felt a shadow passing by.

"Who?" Yang Yu called. Everyone turned their heads one after another, but there was nothing behind.

"How can there be people here? It's almost like a turtle crawling." Dong Biao said jokingly.

Yang Yu didn't speak. From the disappearance of the corpse of the game controller, to the insects escaping, and even the sensitivity just now, Yang Yu faintly felt that they were not the only ones here.

"There's a box!" Dong Biao yelled from a room, and the crowd immediately squeezed in.

This room looks more luxurious. It's probably Captain Louis's room.

On the floor of the room, there were several boxes, which were locked. However, even if the iron had been eroded for thousands of years, there was only powder left. So Dong Biao gently pinched the lock and it broke. The shape of the box is special, with some strange patterns carved, but it is eroded by water and grass, and the surface is slippery and green.

Niu Gu touched it again and said, "look at this pattern. Are you familiar with it?"

Yang Yu took a look and found that it was very similar to the mark on his hand, but it was different. Could it be used to exorcise evil spirits?

At this time, Niu Gu opened the box. The crowd's eyes widened.

"Is it really gold?" Dong Biao can't believe it.

This surprised everyone. It's like a TV play. It's impossible. But when you see that, it's gold coins, a box of gold coins. Niu Gu opened another box, but it wasn't gold coins. It was something similar to cowhide. It seemed that he had carved words, but Niu Gu's hand touched it and it was gone. Niu Gu felt sorry, but he grabbed some powder and put it in his pocket. He was really an interesting person.

"I want these gold coins. How about you?" Said Dong Biao.

"Do I have Judas' thirty?" Leng Xiaoxue finally spoke.

They poured out the gold coins, looked for them, and found that there was no custom-made 30 gold coins. Just then, a scream came from outside the ship.

"It's Qiuli's voice!" Yang Yu shouts. It's not good to scream in his heart. He always feels that there is something else here. Is Qiu Li killed? Yang Yu dare not think, rushed out of the cabin.

There was no one outside the boat. There was not a shadow of Qiuli!

Don't worry about the next half of his life.

"There's blood." Yang Yu looked at it, and his guess scared him even more.

"There's something else here." Zhou Ruimeng seems to feel the terror in the dark, but he doesn't know what it is. No one knows whether Qiuli is alive or dead.

Yang Yu looked around and found that the door of a wall in the cave had been opened.

"Qiuli should have been brought in by something. We should go in." Yang Yu said to the crowd.

"You don't want gold?" Dong Biao said, "it's incredible that these people didn't take gold coins." "You can take it if you want." Yang Yu said lightly. Although I hate Qiu Li a little, it's the people in the team after all, and it's her who brings everyone here. If something happens to her, she always feels empty in her heart.

However, when people entered the entrance and saw the scene in front of them, they were once again dumbfounded.

It's an abyss. It's dark below. Here's the abyss. This abyss is fifty or sixty meters wide. Apart from a stone bridge in the middle, there are rock walls on both sides, and I don't know how far it is. This area is so wide that it seems very small when people stand on the opening.

But people still did not dare to look down, not only dark and profound, but also emitting a stench, and even some strange voices.

"You see, there are pictures on the cliff." "The madman's eyes are sharp. Although it's dark here, there are reflections on the rock wall.

"What do you think will be down here?" Zhou ruimeng said, looking down, the girl is more sensitive, this deep abyss makes him uneasy.

"Let's go over first and see if Qiuli is on the other side." Yang Yu said, taking the lead and taking the lead.

This single wooden bridge is not cold but crumbling. I don't know how many years it has been built here. The main reason is that the abyss on both sides is frightening.

Yang Yu takes Leng Xiaoxue's hand and moves forward little by little. The stone bridge is very narrow. It can only pass one person at a time. Yang Yu explored it step by step. He was afraid that if the stone steps were unstable, the whole bridge would be over.

All of a sudden, Zhou ruimeng's foot slipped and he fell into the abyss.

"Ah!" Zhou ruimeng yelled. He tried his best to catch something with both hands, but he didn't catch anything. Instead, he caught one foot, Leng Xiaoxue's foot. All of a sudden, the chain reaction, Leng Xiaoxue was directly pulled down, the whole person also fell down.

Fortunately, Yang Yu holds Leng Xiaoxue's hand, but this sudden change is too fast. With a slap, Yang Yu fell on the stone bridge, one hand holding the stone bridge, and the other hand holding Leng Xiaoxue. Leng Xiaoxue was already hanging in the outer space. And there is a man under the cold snow, Zhou ruimeng.

How much strength does Zhou ruimeng have to grasp Leng Xiaoxue's leg? He doesn't have much strength to fall.

"Hold on! "Yang Yu, biting his teeth, yelled and pulled up, but the stone bridge was too narrow for him to stand steadily. Fortunately, there was Dong Biao. The cold snow was pulled up.

"Come on, come on, there's something down there, there's something down there! "Zhou ruimeng cried. She couldn't hold on.

Fortunately, they were pulled up, and people were relieved.

"What's down there? "Dong Biao stood on the stone bridge and looked down. He was dark and could see nothing.

"I don't know what it is, but I'm sure there's something down there. "Zhou ruimeng turned pale with fright.

"Don't stay in the middle of the bridge. Let's go. "Said Yang Yu.

People stood up and went on.

But I didn't take a few steps. Suddenly, the stone bridge shook, making everyone unstable. At this time, Dong Biao looked back and yelled that the bridge was about to collapse.

After all, the bridge was so old that it began to collapse from behind.

"Run, the bridge is going to collapse. "Dong Biao was the most afraid. He was at the back, shouting to the people in front to run quickly, but no matter how fast, the two women's movements were a little slower. Seeing that people are about to fall, people really rush to them. Finally, Dong Biao just caught hold of the cliff and almost fell into the abyss with the stone bridge.

Yang Yu pulled Dong Biao up and looked at the endless dark abyss. The bridge collapsed and there was no road.

"The gold coin you carry will kill you sooner or later! "Yang Yu said jokingly.

Dong Biao is also indifferent to a smile, Niu Gu but looking at the opposite mural. Yang Yu didn't care what he drew. They went on. This time, they walked for a while. At the exit, they saw the site.

In front of everyone's eyes is a magnificent city.

"Where is this? "Asked Zhou ruimeng.

"Jerusalem. "Niu Gu said calmly.

"What international joke are you making? Jerusalem is in Israel and Asia." Dong Biao sneered that he felt that the archaeologist had broken his mind.

"No, this is the real Jerusalem. Israel's Jerusalem is just imitation." Said Niu Gu.

People are very puzzled, this is ridiculous.

"See that sculpture? The Church of the holy sepulchre. This is the real holy land." The madman's eyes shine again.

"What church? I don't know, but I saw a funny sculpture. Don't tell me, it's also a sign of Jerusalem?" Dong Biao suddenly pointed to a building on his left. People looked, and saw a crow, strange thing, crow's neck with a cross.

And there seem to be four such buildings, Southeast, northwest.

"Our destination has arrived. It's impossible that there are still people living here. Everyone's goals are different. I'm looking for treasure. You're an old archaeologist. What are you two looking for? Let's separate." Dong Biao suggested. "It's too dangerous to separate. It's a big city. Lost, it's difficult to get back together, and Qiu Li hasn't found it yet." Said Yang Yu.

"That's your business. I'm looking for treasure. We'll meet at the church anyway." With that, Dong Biao left on his own.

"I'm going to the Church of the holy sepulchre, which for me is an archaeological paradise." Crazy Niu Gu didn't care. He rushed out.

Yang Yu looked back and saw that he was the only one left in the team, Leng Xiaoxue and Zhou ruimeng.

"I'm tired. I want to have a rest." Zhou ruimeng and Leng Xiaoxue said almost at the same time. Yang Yu also felt that he was too tired to walk. His bag was heavy and he took a rifle. He was hungry, sleepy and thirsty.

"Well, let's find a place to eat and sleep." Said Yang Yu.

At this time, people will only care about themselves. When Qiu Li is gone, no one will care about looking for her.

Yang Yu and the two girls found a room and wiped the floor. They sat on it, ate something and had a rest.

Maybe it was too tired. In two minutes, everyone fell asleep.

Is this really Jerusalem?

Chapter 475

When Yang Yu wakes up, he finds that Zhou ruimeng is sleeping in his arms, while Leng Xiaoxue is sleeping in another corner.

Who can sleep well in this environment? Zhou ruimeng also woke up. Looking up at Yang Yu with delicate eyes, he said softly, "we don't know if we can go back alive. Don't you want to do something?"

Yang Yu pursed a smile. It's still Zhou Rui's dream.

Now, if you want to get out of here alive, the probability is 0, even if you really solved so many mysteries, what?

"And what do you want to do?" Yang Yu reaches out and grabs Zhou ruimeng's small chin, and says it's bad.

"Do what you men want to do most!" Zhou ruimeng is also bad said.

Yang Yu thought about it and said, "play dota?"

Zhou ruimeng gives Yang Yu a white look, turns over and tilts his buttocks. Yang Yu sees the buttocks and looks at Leng Xiaoxue who is asleep. He turns over and takes off Zhou ruimeng's trousers, and then takes off his own trousers.

Finally, he leans to his side and sticks to it, blending with Zhou ruimeng's body.

In the ruins of 2000 years ago, Yang Yu is very satisfied that he can do such a good job. He can also be regarded as his own "son" who has come here.

After that, they had another sleep, and then they had enough energy.

However, there is still no sign of Dong Biao and Niu Gu, nor any news from Qiu Li.

"Where are we going?" Zhou ruimeng asked.

"The Church of the holy sepulchre." Yang Yu said, so the three went to Jerusalem's greatest holy church.

It seems that the ruins of the city are empty and have nothing. On the contrary, the buildings are magnificent. They are all made of stones and are very exquisite. When they entered the church, they

were still deeply impressed by the special dignity and solemnity of this holy land, and could not help but feel nervous.

Then as soon as I entered the church, I saw Niu Gu. Niu Gu stood in front of the church, staring at the front, motionless.

"Professor Niu?" Yang Yu called softly.

Niu Gu didn't speak. Yang Yu felt something was wrong. In the past, he patted it lightly. Niu Gu responded and made a hush gesture in a hurry. Yang Yu three people along the direction of Professor Niu looked forward, saw a cross. It's normal that all churches have crosses in front of them.

Nothing unusual.

Why is Professor Niu so obsessed with the cross?

Yang Yu also stares at for a while, more see more not right.

"Who is he?" Leng Xiaoxue also seemed to see the fame, and her face suddenly changed and became very ugly.

Yang Yu was still puzzled and looked at it for a while. Suddenly, a bold and terrible idea came into being in his mind and said, "you say, he is?"

"Yes, he is Jesus. The cross is real. " Niu Gu said, although his tone was very calm, his lips moved, obviously he didn't know how excited he was.

Is this the real Jesus of Good Friday 2000 years ago?

Is that ridiculous?

What was it like to see God for the first time?

Just then there was a whoosh in the church. Yang Yu is not interested in this Jesus. He is looking for the gold coin. Looking up, it was dark. I didn't seem to see anything, but how did the sound come from?

Suddenly, just outside, there was a loud gunshot.

"It's Dong Biao!" Yang Yu rushed out. On the road outside, Dong Biao was running towards himself.

"What's the matter?" Yang Yu yelled.

"Run, something is coming to us." Dong Biao's face is very ugly and his lips are dry. What scares him like this?

Yang Yu can't even think about what special forces are afraid of. It must be terrible. Yang Yu ran into the church again, picked up Niu Gu and said, "we have to go."

But, can't pull Niu gu!

"You go." Niu Gu said.

"What did you say?" Yang Yu was surprised.

Niu Gu turned his head, looked at Yang Yu and said calmly, "I've been pursuing these things all my life. Now I'm in front of you. How can I go?"

"This cultural relic can't be used as food. You have to go out alive." Yang Yu can't understand. He doesn't want life. What else can he want? Is the professor's ideological boundary too high?

"We can't live." For the first time Niu Gu didn't talk like a madman.

"There's still hope. We'll always try?" Yang Yu is trying his best to persuade him. Qiu Li said that he is the leader and wants to lead everyone. Now in this team, he has nothing with him and has no responsibility.

Niu Gu turned around, looked at Yang Yu and said, "I misunderstood what I meant. When I said I couldn't live, I didn't mean here, but outside. The end is coming."

"What are you talking about?" Yang Yu asked again.

"Do you remember the abyss? Those murals? " Niu Gu's eyes began to get confused and said, "I finally understood everything. I've been studying these things all my life. Now I finally understood everything. The Bible really told us everything." "What are you trying to say?" Yang Yu feels puzzled. It seems that Professor Niu is really crazy.

"It's a mass grave, the black death of 1340, revelation of the Bible. It's a conspiracy, but none of us can escape it." Niu Gu held Yang Yu, handed him a note, and continued, "here are Judas' thirty gold coins. Find it."

Dong Biao had already got angry. He came in and roared: "he died here, he died here. Let's go!"

Looking at Professor Niu, Yang Yu has made up his mind. You really can't understand the ideological state of some great people. Yang Yu Xin a horizontal, said take care, pull up cold Xiao snow, change to the other direction of the city and go.

While running, Yang Yu asked, "what is it?" Yang Yu is a little curious. Seeing the height of a small slope in front of him, he runs up the slope and looks back.

"Oh, no!" There is no last hope for Yang Yu to survive. Dong Biao, Leng Xiaoxue and Zhou ruimeng also followed and looked towards the entrance. Everyone's faces changed.

"What are they?" Asked the cold snow.

"I finally know what was under the endless abyss when I crossed the stone bridge just now." Zhou ruimeng was also scared to death by the terrible phenomenon.

On the horizon of the city, a lot of things are emerging. The quantity is terrible.

Yang Yu suddenly understood the meaning of what Niu Gu said just now. Everything is connected.

Chapter 476

[+ - Turn off](#) [Reset](#)

"You don't want to play riddles. Come on, what's going on?" The cold snow doesn't know yet.

"In 2000, there should have been a plague here. All the people in the city died. The abyss outside is a mass grave, and tens of thousands of corpses should be thrown under it." Yang Yu said, looking at the distant scene.

In front of my eyes, on the west side of the city, there are thousands of kilometers of horizon, black, and zombies. These people should be the people who died and survived from the plague. They all look like skin and bones. If you look at them carefully, you will find that they are all white, smooth and sticky, very similar to the previous mouth worms.

This should be a long-term survival in the dark seabed and the environment adapts to change.

"Hurry to find a way to leave here, or we will be eaten, this amount" Dong Biao is not cold and millet, this amount is too terrible.

People really did not dare to see it any more. This time they really started running.

Yang Yu's mind is still thinking about a question: How did the plague happen two thousand years ago? A thousand years later, in 1340, there was a plague? Now it's almost another thousand years. Will there be plague? Fortunately, this is the bottom of the sea. If these zombies go out from here, it will be the end of the war.

However, it seems that these ten thousand zombies were originally aimed at Yang Yu, and they were very fast. They are four legged. Yang Yu has only two legs.

"To catch up, how to do?" Zhou ruimeng and Leng Xiaoxue can't run at all.

At this time, one of them ran very fast and was behind Yang Yu. Seeing that zombie coming at the back, Dong Biao raised his rifle without saying a word, aiming at bang bang. As a result, the zombie was impartial and landed on the muzzle of the rifle.

He was beaten through, beaten into meat sauce, and his blood was black.

The crowd watched the zombie closely. The zombie has white skin. The blood vessels on the skin are clearly visible. The skin is very smooth and full of mucus. It's like the talc that flushes water all the year round. If you touch it, it's like touching yam.

The head of the zombie is also very special. Just like the head of the alien, the eyes are almost useless in this kind of black place, and the degeneration is disappearing. But the mouth has evolved to be extremely developed, just opened like a snake, occupying the whole space of the head, teeth such as blade, are fangs, good at tearing.

"Don't look. Run." Yang Yu pulled Zhou ruimeng. Zhou ruimeng is a biologist. When he saw such an interesting mutant, he committed an occupational disease and wanted to take it back to the laboratory for research.

Yang Yu looked at the location, pointed to the direction, said, to run there.

Everyone ran into a small lane, and Yang Yu took the lead in running into an empty courtyard. There is a tree in the yard. How can it survive? It has withered and dried up for a long time.

"What are you doing here?" Dong Biao asked suspiciously.

"Professor Niu said that this was Judas's house in those days, and this tree was the place where he hanged himself." Yang Yu said softly.

"You said the gold coin might be here?" Asked the cold snow.

"Wasn't that taken away by Louis?" Zhou ruimeng, after thinking about it, said: "this logic is not right, isn't Louis from Israel? How could it be? "

"No, Louis started from here. He escaped by boat because of the plague, but after circling in the Indian Ocean, he came back, and the boat ran aground outside the city." Yang Yu explains that although half of it is speculation.

"Not all right. Louis may have come back to find an antidote. He came back to save people. Unfortunately, it's too late. " Leng Xiaoxue added.

Yang Yu is surprised how Leng Xiaoxue knows these things.

"You fool, you didn't take a pile of gold coins on the ship just now. Now the zombies are besieged. Now

you know how to look for gold coins?" Dong Biao sneered that he obviously didn't know the truth about Judas' gold coins.

Leng Xiaoxue didn't think much about it, so she ran into the inner room to find it. Yang Yu looked at the whole yard and guessed where it might be if there was one?

Finally, Yang Yu found a place, that is the root. This tree is very big, especially the root. No one can hold it, but there seems to be a hole under the root. Yang Yu went over, reached in and took out a gold coin for a long time.

then blew as like as two peas, and then rubbed the soil. The pattern of gold coins was compared with that of the palm of his palm.

"Found it." Yang Yu called.

Leng Xiaoxue ran out in a hurry, took the gold coin like a treasure and asked, "how can I get one?" Then he went inside and dug for a long time. He dug a lot of soil, but he didn't dig more.

"Oh, don't dally. Let's go." Dong Biao couldn't wait any longer. He stamped his feet in a hurry.

At this time, people also feel that something is wrong.

Suddenly, the world is quiet.

People looked at the wall, staring at dozens of seconds, suddenly, a group of zombies suddenly appeared in all directions, jumped on the wall, glaring at Yang Yu. "Oh, no, we're surrounded." Dong Biao was also moved and frightened.

The zombies are all surrounded in all directions, sniffing towards this side. This kind of feeling is not cold but millet. It's very frightening.

As soon as Yang Yu saw it, he couldn't escape and was surrounded. He looked up at the house and said, "go upstairs!" All the people rushed upstairs. This house is made of stone. It's very high. Compared with the house, it's much more magnificent.

When the crowd ran into the house, the zombies had already come, swarming like ants through the gate and window.

"Come on Yang Yu shot at the back.

But these creatures could not die. A few bullets were nothing to them at all. After shaking their bodies, the one who was shot got up again and continued to rush towards them.

Yang Yu and Dong Biao can't resist at all. On the other side, the zombies rushing up the stairs were

shooting, black blood splashing, which was terrible.

Zhou ruimeng is already scared to cry and runs up desperately.

At this time, suddenly a zombie rushed in from the window of the stairs. Yang Yu and Dong Biao had no time to react. The zombie rushed straight at Dong Biao. Dong Biao had just run out of bullets.

The zombie threw Dong Biao to the ground and bit him at the neck. Dong Biao was also a special forces soldier. He was very sensitive and quickly used his hands to stop him. However, the mouth of the zombie was so terrible, and his whole head had no hair. He was completely smooth, and the zombie had great strength.

Dong Biao was bitten down, a special forces, in front of the zombie, unexpectedly no resistance.

All of a sudden.

The Zombie's in bloom! Yang Yu aimed at the zombie in a rage.

"Go Yang Yu roared, one hand to pull Dong Biao, pull up, zombie crazy behind, constantly rush up.

Two people are rolling, on the roof of the roof.

Yang Yu and Dong Biao come out of the roof. Leng Xiaoxue and Zhou ruimeng close the door in a hurry.

"The door won't hold up. Stone it." Yang Yu looked around and saw that there were many stones on one side of the balcony, so he went to get the stones while shouting.

Together, they put the stone on the door.

"You were bitten?" Zhou Rui dreams that Dong Biao's neck is full of blood and asks in fear.

Dong Biao nodded and said, "fortunately, I haven't bitten the artery yet. I can't die." But Zhou ruimeng looked at Dong Biao, but she didn't think so. From her biologist's point of view, the survival of these creatures must be related to the original plague. The pathogen should still be in the body, and it can't be infectious!

Will Dong Biao become a zombie? This made a big question mark in Zhou ruimeng's mind.

One by one, the zombies are pounding against the door crazily. This side is already full of stones. Finally, the entrance is blocked.

The crowd sat down and leaned against the wall, relieved.

"Will they climb up?" Cold Xiao snow asks a way.

It's four or five stories high. It's nearly 20 meters high. There's no place to catch the wall outside. It's not supposed to be able to climb up. But if there are enough zombies to accumulate, it's not impossible.

"It seems that we are going to die here, ha ha." Dong Biao did some treatment for his wound. He said to himself, leaning against the wall, he closed his eyes and had a rest.

Yang Yu took out the gold coin and watched it, but he didn't know what it was for? Looking at Leng Xiaoxue, she said with a bitter smile, "there is only one. You need thirty to get married. It seems that you can't marry me again. Ha ha. "

Cold Xiao Xue listened to but rarely show a smile, took gold coin from Yang Yu's hand, looked at it, said: "one is enough."

"You're still in the mood for love!" Zhou ruimeng interjected.

Yang Yu drank, ate a chocolate, went to the edge and looked down.

God, it's horrible. It's like an ant. It's dense.

Just then, on the roof next door, Yang Yu saw a man, who also waved to Yang Yu! It's Jolie.

But both of them dare not speak. The Zombie's sensitivity to light is very weak. Even if he stands in front of him, he may not be able to see, but he is very sensitive to sound. He can distinguish any sound.

Dong Biao and others got up in a hurry and saw a church opposite. On the roof of the church, there was a woman, Qiu Li. Seeing that Qiuli was still alive, everyone was very happy.

At this time, Qiu Li desperately strokes something.

Yang Yu can't see sign language, but Dong Biao, who was born in the special forces, certainly can. This is the special combat sign language of the special forces.

"She said, there's a secret passage in the church. Let's pass." Dong Biao said.

"But it's more than ten meters wide. How can I get there?" As soon as Zhou ruimeng finished, he saw that Dong Biao had already taken out the rope. He tied a stone to the rope. The distance of more than ten meters is nothing to a special soldier. This throw is thrown in the past, Qiu Li tied the rope over there, Dong Biao tied it over here.

"Let's climb over." Dong Biao said.

Zhou ruimeng looked down. He was scared to pee and said, "it's too high. I can't climb down." "If you don't climb, you'll die. Choose for yourself." Dong Biao said mercilessly.

"I'll climb first." Leng Xiaoxue swallowed deeply and was ready to get on the rope. The height of 20 meters is really not low, but in the face of life and death, where to give you so much hesitation. Dong Biao once said how to climb, and even demonstrated the next action.

The cold snow went up.

Although it's only ten meters, it's much more difficult to get up than you think. The zombies below seem to smell something and rush up the wall desperately, which makes people feel very scared. When Leng Xiaoxue was halfway up, she stopped for a while to calm down, but she still crawled over.

"It's your turn." Dong Biao said to Zhou ruimeng.

"I can't do it!" Zhou ruimeng cried.

"If you don't, we'll climb over. You stay here." Dong Biao's words are really useful. Zhou ruimeng sticks to his head and starts to cry.

Zhou ruimeng was lack of exercise, and his strength was obviously insufficient. As soon as he got up, he couldn't shout. Yang Yu and others are looking at her with a burning heart. They can only give her a lot of gas. When Zhou ruimeng climbed to the middle, he looked down. Suddenly, his eyes were dark and his feet didn't hook. The man fell down.

"FUCK ! " Yang Yu yells, wants to go to save, but is pulled by Dong Biao, said: "the rope can't bear the weight of two people."

They watched Zhou ruimeng struggle on the rope, and even couldn't bear to see it. It was determined to fall. But Zhou ruimeng didn't cry. He just came back. You can't imagine the explosive power of human survival. Zhou ruimeng climbed over like a ghost, even she couldn't believe it.

"You climb first, the door will not hold." Yang Yuchao said to Dong Biao. Dong Biao's face was very ugly. He wanted to get up, but he stopped and put down his bag. He said with a bitter smile: "I didn't expect that I could not take back so much gold! Ha ha. "

"Life is the most important thing!" Yang Yu said, looking at the bags of Zhou ruimeng and Leng Xiaoxue on the ground, all the things can only be thrown here.

At this time, Dong Biao took out a bottle from his bag, put it in his hand, grinned bitterly, and said to himself, "do you know? This is what I came for. My superiors sent me for a separate secret mission. This is what I came for. "

Yang Yu was surprised and took a look at the bottle. The bottle was well sealed. He asked tentatively, "don't tell me, it's a virus?"

"Yes, it's the Black Death virus. There's a lab in this city. In fact, this operation is an action of the military, which is to take this bottle of virus back to develop biochemical weapons." Dong Biao said with a smile.

Yang Yu feels that he has been cheated again. The warship, the Navy and such a huge tornado are about to rush in. This is clearly a secret military operation. What are you doing here?

"Why are you telling me that?" Yang Yu asked.

"I've been bitten. I won't last long. I'll soon become a zombie. You know that. This gold, this bottle of virus, is meaningless to me." Dong Biao has been resisting the changes of his body and keeping his mind. This is the endurance that a soldier should have.

"You don't want me to take this virus back for you, do you?" Yang Yu was surprised. This is not his task.

"Ha ha." Dong Biao took the bottle back, reached out and said, "I don't want my family and wife to be like them one day." Then he let go and the bottle fell.

"If you can get out alive, bring me a few last words." Dong Biao finished. Yang Yu sorted out a few light necessities, carried a bag and a rope.

By this time, the door had been smashed to pieces, and the zombies were coming.

Yang Yu is still in the middle of the rope and quickens his pace. Qiu Li, Leng Xiaoxue and others are very anxious about the ants on the hot pot.

Dong Biao raised his two rifles to the door and shot wildly. The zombies were riddled with wounds and splattered with flesh and blood.

"Come on up here!" When Yang Yu climbed to the opposite side, he yelled at Dong Biao.

Dong Biao at this time, the bullets also shot out, quickly flew on the rope, desperately climb past. And at this time, the zombie also surged in, and jumped in the direction of the rope.

"Come on The crowd cried at the same time. Seeing the zombie coming, Dong Biao was still in the middle.

Dong Biao's heart suddenly had a sharp pain and stopped.

"Come on, what are you stopping for?" Yang Yu roared. With this hesitation, the zombies at the back came up and jumped into the air one after another to rush towards the rope. Two of the zombie ropes.

There was a crack.

The rope is broken!

"Dong Biao!" Yang Yu yelled. People are watching Dong Biao fall into the zombie group.

It disappeared in an instant.

The crowd was stunned and their eyes were ruddy.

"Well, we still have an exit." Said Qiuli. People wipe tears, carefully from the roof to the inside beam into.

"Where have you been?" Yang Yu asked.

"I was also captured by them, but I escaped and hid here. I know you will come, so I'll wait here." Qiuli told her whole story. "Did you get bitten?" Yang Yu asked.

"Ah? No, I checked Said Qiuli.

"If you're OK, we can rest assured." Yang Yu said.

Now, there is one less person in the team. Yang Yu is walking with three weak women, without weapons or food.

"I just found a secret passage here. Maybe it can help us get to the exit." Said Qiuli.

Yang Yu can only smile bitterly in the heart, export? This is the bottom of the sea. What if there is an exit? Thousands of meters deep. How terrible is water pressure? There is only one possibility to get out alive. The military sent submarines to rescue. But submarines can't help it.

The whirlpool is so big that if the submarine comes in, it will be torn up.

Everyone knows the difference between early death and late death when they can't go home. Now, it's just a dying struggle to give yourself some false hope of survival.

The zombies were outside when they climbed down from the church beam, but they could escape as long as they didn't make a sound.

The open church, under the cross in front of it, did find a secret passage.

But where does this tunnel lead to? No one knows.

But I have to climb in, because I'm surrounded by zombies and can't get out, so I can only venture to the unknown area to continue.

Chapter 477

Yang Yu several people climbed into the moist, narrow dark road again. Yang Yu took out the only flashlight to shine, just hope not to shine a zombie, then they can only die, because there is no room to turn around in this place.

The crowd crawled forward on all fours.

"Is the road really open? We've been climbing for so long Zhou ruimeng said in fear.

The secret passage is completely closed. There is not enough oxygen. I can't breathe. It's depressing. Yang Yu, who is climbing in the front, can't answer this question. He doesn't know how far away it is and what it will be.

"I'm sure I can get out." Qiu Li comforts everyone so much.

Really, after climbing dozens of meters, I saw the light in front. People excited out of the dark road, the front open to open, and a cave.

"Here it is," Zhou said.

Now that Professor Niu Gu is away, many things Yang Yu, a layman, must not know.

"It's like an altar." Xiao Xue guessed.

as like as two peas in the middle of the crowd, the seal is exactly the same as the mark on Yang Yu's hand.

"Yang Yu!" Zhou ruimeng was afraid again. He hid behind Yang Yu and called softly.

"What's the matter?" Yang Yu flashed his flashlight at the big seal and asked,

"I feel there are people around us." Zhou ruimeng is really a sensitive woman.

On hearing this, Yang Yu quickly took a picture of his flashlight. With this picture, the souls of all the people were scared away.

On the ceiling, the zombies were hanging upside down like bats, motionless, as if sleeping. Fortunately, they were not sensitive to light. I didn't find people in the first place.

"Listen, let's get out quietly!" Yang Yu began to step back. Everyone's heart was mentioned again, and they were very nervous. The greater the hope, the greater the disappointment. I thought it would be an exit, but I didn't expect it to be an entrance.

"Yang, Yang" Zhou ruimeng stammered again.

Yang Yu turned around and looked in the direction of their vision. God, the exit was blocked. What blocked the exit was not a big stone, but a pile of zombies. The group of zombies were crowded in the place where Yang Yu had just entered.

"We were caught in a jar." Yang Yu laughed at himself.

Then all the zombies moved. They were besieged by the people and came in all directions.

"What to do?" Zhou ruimeng stammered again. When he saw such dense things around him, he was scared to pee his pants.

Yang Yu all can only retreat to the middle, has retreated to the big seal inside.

At this time, a strange thing happened. The zombies didn't choose to bite them. Instead, they were lying on the ground, on the edge of the seal, guarding. Finally, all the edges of the big seal were surrounded, but they didn't come in. Yang Yu and others are trapped in the seal.

"What's the matter? They didn't seem to attack us Qiu Li asked,

"they are afraid of the seal." Yang Yu replied, obviously, but why? Is this seal so attractive? Can it deter the zombies?

"But we are trapped here. If they don't leave, we will starve to death here." Zhou ruimeng said.

"I have to wait to die!" Yang Yu sat down and said something dejected. Now this scene, he really can't help it. Tired, the heart is tired, also run tired, really regret to come to this kind of ghost place, died here, the relatives outside can't even find the bones.

Just sitting and lying, without speaking, Zhou ruimeng was sobbing all the time, and everyone was afraid of death. What's more, the four are still young. Now, I don't know what to do with the gold coin.

At this time, Qiu Li seemed to touch something and looked at it curiously.

"Doesn't it mean that the gold coin can activate your exorcism? Why don't you try? Maybe you can struggle Said Qiuli.

"How to use it?" Yang Yu asked, not thinking too much about Qiu Li's words.

"You see, there seems to be a round hole in the middle of the seal. According to the shape, the gold coin can be put down just right, and there are patterns on it." Said Qiuli. After listening, Yang Yu hurried to check it. As a result, he took out the gold coin again and compared it. It was the right size and the

pattern was completely right.

Yang Yu hesitated with the gold coin.

"Why do you hesitate? All three of us are in your hands." Said Qiuli.

Yang Yu hesitated. It seems that the hole is very deep. If you put it in, you can't take it out. You only have this one. What if it's useless? But if you don't try it, this gold coin has no meaning to you.

"Xiao Xue, it's up to you. This gold coin is what I want to give you." Yang Yu said with a smile that this gold coin is a token of love for Leng Xiaoxue. With that, Yang Yu handed the gold coin to Leng Xiaoxue.

When Leng Xiaoxue takes the gold coin, suddenly, Qiu Li pounces on her and wants to take Leng Xiaoxue's gold coin, but Yang Yu grabs it. Yang Yu says coldly, "what do you want? I said, this gold coin belongs to Leng Xiaoxue. She will make the decision." Qiu Li stares at Yang Yu angrily and shrinks her hand back, so she has to coax Leng Xiaoxue: "sister Xiaoxue, put it in."

Leng Xiaoxue doesn't know Qiu Li well, and she doesn't like this woman. If you let her go, I won't let her go. Cold snow is also very strong sometimes.

Yang Yu lay down again. He didn't expect the gold coin to save their lives. It was just a false hope and a dream. It's better to die peacefully, not to mention three beauties. With that, Yang Yu reached into his pocket.

At this time, Yang Yu felt a soft thing from his pocket and took it out to see that it was the brocade bag of Puxian Bodhisattva.

"I brought this thing here?" Yang Yu really didn't remember. That day, what he wanted to throw was put into his pocket. Who knows he brought it? The Bodhisattva said, can this brocade bag save one's life? wait. Yang Yu suddenly thought of something: three days later someone came to me, there was a disaster. Is Bodhisattva right about all these things?

What's in it? Yang Yu suddenly became curious. So he opened it and found a note inside.

Open a note to see, Yang Yu's face pale, Yang Yu put the note into his mouth, to eat. What on earth is written on this paper? Let Yang Yu so careful not to say, but also look so ugly.

"I'm looking for death, do I have to? Is it worth it?" Yang Yu said it suddenly. I don't know to whom.

"It's worth it." Qiu Li replied that this activity was organized by him, although it was intended by the military.

"Dong Biao is a special forces soldier. When he was knocked down by a zombie, there was no room for struggle. How did you escape? No damage yet." Asked Yang Yu.

"Didn't I say that? in luck. "Qiuli replied impatiently.

"We wouldn't have been trapped here. You're the one who led us. "Yang Yu asked again.

"It's sleepy outside. I don't know what it's like to come in. Are you blaming me now? "A little angry. Yang Yu now puts everyone's responsibility on her.

"When the mouth bug attacked us, your light was on the back, which made some feet in front of us in the dark. But strangely, the mouth bug didn't attack you. Han Xiao flashed the light a little and became a white bone. "Yang Yu asked again.

"What do you want to say? "Qiu Li asked suspiciously.

"Your previous injury is so serious, how can you recover in a month? "Yang Yu asked again. At this time, Zhou ruimeng and Leng Xiaoxue are completely confused. What does Yang Yu want to say.

"Look at these zombies. Do they look intelligent? But their behavior is as orderly as ants. If you want to attack, you can attack us in the abyss. " Yang Yu said,

"I'm confused too. What do you want to say, Yang Yu?" Zhou ruimeng asked suspiciously.

"How did the plague of two thousand years ago, the plague of 1340, happen? Will 2014 happen now? In fact, Professor Niu has already told me that this is a conspiracy. He's already seen it. " Yang Yu talks to himself a little.

Qiu Li was silent. She was listening to Yang Yu.

"Where is this? I'll make a bold guess. " Yang Yu suddenly stood up and said, "maybe this is the place where Jesus suffered in those days, the place where Xing Xing was. It is also the place where the soul of Jesus ascended and came. Is it just about the seal? "

The three of them didn't speak, and they didn't know what Yang Yu was talking to himself.

"I want to do a bold experiment." Yang Yu suddenly said, looking at Qiu Li, and going towards the edge of the seal. Zhou ruimeng and Leng Xiaoxue immediately get nervous and shout: "Yang Yu, you are crazy. What do you want to do?"

Just finished, Yang Yu's foot stepped out of the seal, and then the whole body was out of the seal.

However, everyone else was shocked that the zombies did not attack him.

"It's strange that they didn't bite me?" Yang Yu laughs.

"Yang Yu, what are you trying to say? Why can't we understand?" Zhou ruimeng is worried. What's the matter?

"What I want to say is." Yang Yu raised his hand, pointed to Qiu Li and said, "you are not Qiu Li at all. The real Qiu Li may be sealed in this seal by you."

This sentence, Zhou ruimeng and cold Xiao Xue's face changed.

"How could it be?" Zhou ruimeng wonders.

"We were all cheated by her. Of course, I was the one she wanted to cheat most. The mystery of the mark, the devil and thirty gold coins are all words that deceive me. Right? Qiu Li Looking at Qiu Li, Yang Yu stares at Qiu Li and asks again, "who are you?"

This time, Zhou ruimeng and Leng Xiaoxue move their positions at the same time, keep a distance from Qiu Li, and move to Yang Yu.

The three and Qiuli formed two factions.

"I don't know what you're talking about. How could I lie to you? " Qiu Li was still sitting there, laughing and crying at Yang Yu's illogical reasoning.

"Yes, she's stuck here like us, and she's going to die." Zhou ruimeng still doesn't understand the relationship. "Yang Yu means that she's with the zombies." Leng Xiaoxue added.

"Well, how is that possible?" Zhou ruimeng did not believe such a ridiculous guess: "why?"

"To get these tens of thousands of zombies out. And, of course, that bottle of black death. These people died of the black death. Sleeping in the abyss all the time. She needs a big ship to get out of the whirlpool, a secret special forces to take the virus out, archaeologists and biologists to cover up, and most importantly, they need containers. " Yang Yu said.

"Container?" Zhou ruimeng asked again.

"Yes, the soul vessel, just like Qiuli now, is a living person. That's why he seduced me into putting in gold coins. Why didn't the zombies attack me? Why do you have to bring me here? Why must we be brought into this seal. Do you think these zombies are really afraid of this seal? No, "he said Yang Yu said with a sneer.

Qiuli was silent. She was silent for a moment and spoke. But when he spoke, the faces of the people changed again.

"Why are you so smart?" Qiu Li made a man's voice.

Yang Yu's face turned white. He had heard the voice, the voice, the voice.

"It's you?" Yang Yu asked.

"Yes, it's me, Yang Yu. We meet again." Said the man in Qiuli.

"Haven't you been taken care of by mother-in-law Tianyan?" Yang Yu wondered. The voice as like as two peas in the two elders. The mother-in-law of Tianyan died in his hands.

"Do you think the mark on your palm is really for exorcism? No, on the contrary, it just brings us back to our world. In other words, the big seal we are sitting on and the seal in the palm of your hand are just a channel between our two worlds. It's like a black hole. But I'm also curious. How do you suspect me? My plan is seamless. " Said Qiuli.

"I don't doubt you, from the beginning to the end. I'm just testing you. I lied to you, too. " Yang Yu sneered.

Qiuli's face became ugly.

"But I'm also curious. The devil in Qiuli's body has already been driven away by me. Why are you still in her body?" Yang Yu asked again.

"Just like you, I lied to you. In the beginning, there were two in Qiuli's body, otherwise how can I cheat you? " Qiu Li said with a smile.

"Now that the ship is gone, I'm afraid your zombie army can't get out. You can't take out the Black Death virus. " Yang Yu said.

"Yes? How do you know the virus didn't go out? Didn't I go to the world once? " Qiuli asked.

"What did you say?" Yang Yu's face changed again. Has the Black Death virus been taken out? Does it mean that the outside world has changed?

"Why do I have to have my body?" Yang Yu is still confused.

"Not everyone's body can hold God's upper body? And you are the chosen Exorcist. The plan was originally handed in by yourself, but now it seems that it will be hard. " Said Qiuli. Yang Yu understands that the former village head and the second elder, Qiu Li, are all rotten and eventually die. It's not only a matter of compatibility, but also a matter of endurance.

Qiu Li just finished, suddenly, the group of zombies came.

Yang Yu could only fight hard, and his left hand burst out in an instant, struggling with the zombies. However, there are too many zombies and they are extremely fierce. Yang Yu can't protect Zhou

ruimeng and Leng Xiaoxue at all. When several zombies rushed over, the two weak women had no way at all. Zhou ruimeng was torn apart by the zombies on the spot, and all the zombies ate the viscera crazily.

Leng Xiaoxue hides behind Yang Yu and tries to protect him.

However, the number of zombies is so huge that Yang Yu can't bear the number of zombies in the cave, and there are still a steady stream of zombies coming at the entrance. And Qiuli stands in the group of zombies and grins coldly. But this group of zombies pounced on him and chose to bite him or split him up like Zhou ruimeng. This also allows Yang Yu to show his skills. Unfortunately, he lacks Yan Chixia's Xuanyuan sword.

Leng Xiaoxue saw that Yang Yu couldn't make it. She took out the gold coin and threw it into the small round hole in the middle of the big seal.

"Let's go out and let them get dirty." Leng Xiaoxue shouts to Yang Yu.

Yang Yu understood right away, grabbed Leng Xiaoxue with his right hand and rushed out of the seal. At this time, dozens of zombies were in the big seal. See, the seal of the lines suddenly blood red up, and then, the lines a fury, rushed to the ceiling, the ceiling suddenly collapsed.

There was sunshine.

Yang Yu immediately reacts. He holds Leng Xiaoxue in his right hand and climbs to the ceiling in his left.

"Want to run?" Qiuli said coldly. All of a sudden, her body burst up and became several times larger. Then, from the beginning, she slowly retreated like a snake, showing a human like creature. Yang Yu and Leng Xiaoxue look down from above.

When I saw Qiu Li's real body, I was also stunned. Finally, Qiu Li suddenly transformed into a white angel, with two extremely beautiful wings and shining all over her body, just like an elf, extremely beautiful, but he is a man.

"Angels?" Yang Yu was surprised and couldn't believe what he saw. He said: isn't it a devil? What is an angel?

It's not the devil, it's the angel?

At this time, Yang Yu had tried his best to climb out of the top, and the angel also flew towards him.

It turned out that this was the bottom of the whirlpool, and the warship was not far away from them. Yang Yu has no other choice but to lead Leng Xiaoxue to the warship.

The red light of the big seal has been shooting into the sky, into the tornado, suddenly lightning and

thunder, on the infinite space outside the earth, suddenly formed a black hole of the same size as the seal. Do Yang Yunna care about these mysterious things?

Behind the angels flying to follow, and the collapse place constantly have zombies climb out, emerge.

Run for your life, everyone can run fast! Yang Yu and Leng Xiaoxue enter the warship. Without thinking much, they find out two laser guns and aim at the angel and the surging zombie. They are shooting wildly.

In the red column aperture of the opposite seal, zombies kept rising to the sky, but when they were all half up, their bodies exploded and their blood splashed, and none of them rose to the sky. Just then, a super lightning bolt came down and fell on the land, followed by the thunder.

At this time, everyone was stunned, even the zombie stopped.

Because something more terrible happened.

The black hole is gone, the red cylinder aperture is gone, at the same time, the tornado is also gradually smaller, the tornado is smaller, then the power of the vortex can not be maintained, and the water walls on both sides gradually move inward.

"God, we're going to be submerged." Yang Yu said to himself. The power of nature is terrible.

No one can be against nature.

Seeing that the water walls on both sides come quickly, zombies have been involved in the water wall and disappeared without a trace. This area will be completely submerged.

"It's too late. Go to the rescue capsule." Yang Yu roars, puts down his gun and climbs to the tail of the warship. Leng Xiaoxue follows.

Warships are not submarines. They can't float. Even if it's a boat, once a person enters the sea, it will explode immediately under the water pressure, which has been vividly shown on the zombies. However, there is no other place to sit in a warship except to find some air cushion lifeboats.

This kind of hovercraft can be used at sea, at the bottom of the sea? ha-ha.

"It's got to be a rescue capsule. It can hold the water pressure. It's useless." Yang Yu holding the forehead, the head is big, anxious straight Circle: "how to do, how to do."

Yang Yu felt desperate.

"Here's one!" Leng Xiaoxue came out of another room and said excitedly.

At this time, Yang Yu had seen the dark blue water wall coming black, and the sky was already dim.

"It's too late. Get in!" Yang Yu yelled.

Two people rushed into the room, but Grandma's, this thing, Yang Yu has never used, even how to open. Yang Yu looked out of the window and saw the glass crack and the water surge. At the same time, the whole warship began to sway and was slowly involved in the vortex.

"FUCK ! FUCK ! " Yang Yu is already crazy. The more anxious he is, the more mistakes he makes. In a rage, Yang Yu pressed all kinds of buttons. As a result, the door opened with a hiss. Yang Yu pushes Leng Xiaoxue in, but the water is surging into the room. Yang Yu quickly drills in and closes the door.

Just as Yang Yu closed the door, the warship was completely involved in the whirlpool, and the warship began to spin 360 degrees. The rescue capsule also revolves around the room. Suddenly, a huge impact, the capsule flew out of the room, completely into the sea.

In the whirlpool, I don't know how many turns it took for the rescue capsule to slow down and go up the whirlpool smoothly.

Through the pressure resistant glass, Yang Yu found that the bottom of the sea had been completely submerged, countless zombies burst out of their chests and heads, and the super mysterious tunnel of the red column had gradually disappeared. The pure white angel in Qiu Li's body is also missing, but Yang Yu knows that he will die.

The entire undersea site was submerged, the warships sank to the bottom of the sea, and the Jerusalem site returned to the quiet, dark abyss of the sea.

After several hours, the tornado disappeared completely, the whirlpool disappeared, and the rescue capsule floated out of the sea.

Yang Yu and Leng Xiaoxue are dizzy and swollen, and they recover slowly.

"Have we escaped?" Cold Xiao Xue said with a smile.

"Ha ha, I see you smile for the first time, you smile more beautiful." Yang Yu also said with a smile. It's really dangerous to escape from death this time. We can only say that God is looking after them. But at the same time, except for Yang Yu and Leng Xiaoxue, all the others were buried at the bottom of the sea.

The team and the sea soldiers on the warships, dozens of people, only two of them came back alive.

Unexpectedly, after hearing this, Leng Xiaoxue pounced on Yang Yu, put her arms around Yang Yu's neck, and said, "I will be your woman in the future. "

" but the gold coins are gone. "Yang Yu was very happy to hear this, but he didn't have the only gold coin.

However, Leng Xiaoxue took out a gold coin from the back of her pocket to show off in front of Yang Yu. Yang Yu grabbed it as like as two peas.

"Where did you come from? "Yang Yu asked suspiciously.

"This one has been handed down from generation to generation in my family. Plus this one, there are 29 in my family! "Leng Xiaoxue said with a smile.

"You're hiding so deep, so we were all cheated by you? So it's not true that you need 30 gold coins to get married? Why? "Yang Yu doesn't understand.

"I don't know. Maybe it's the unexpected wealth of my ancestors. The rules of marriage are not made by me. They are family rules. "Leng Xiaoxue seems to be in a good mood. She looks like a normal woman at last.

I'm not interested in her family. I'm not interested in anything.

"You said it was me? "Yang Yu said badly and took off Leng Xiaoxue's clothes by force.

Unexpectedly, Leng Xiaoxue doesn't stop it at all, but she caters to Yang Yu. They go crazy together and kiss each other. In this narrow space, Yang Yu gives Leng Xiaoxue a hard job. However, here is the vast sea, in the center of the Indian Ocean, there is no water and food in the rescue capsule, how many days can we live?

Since God let them escape from death, they would not die in the rescue capsule. Two days later, the rescue capsule was washed to the beach of an island.

Yang Yu and Leng Xiaoxue survived the crisis with fish and fresh water on the island. Then they lived in the wild like Robinson on the island. Fortunately, both of them had good constitution and strong resistance, so they survived.

Of course, when Yang Yu and Leng Xiaoxue have nothing to do, they don't forget to sit on the beach, waiting for rescue while playing piston sports. After two weeks of such a "rich" life, they are also very optimistic. They regard it as a honeymoon, and the frequency of doing it is also very high. In these two weeks, Leng Xiaoxue has been visited nearly 20 times by Yang Yu.

Until the third week, they were lucky to wait until an Australian fishing boat was rescued and finally

returned to the motherland.

Yang Yu hid a lot about this experience and made up another story about the shipwreck, which deceived reporters and the military. Yang Yu said that he was sorry that he didn't bring his daughter back.

Chairman Qiu seems to have been prepared for this for a long time. In fact, he has already guessed that Qiu Li is not his daughter.

After a month, Yang Yu returned to Yunv village again. Of course, parents, aunts and cousins are worried to death.

The happy thing is that the villa has been built and decorated. There is a large lawn in front of it. There are trees beside it. The upstairs is covered with flowers and plants. The beautiful Nordic style is unique.

When people asked about the expedition, Yang Yu just didn't mention it. In the dead of night, Yang Yu lay on his bed and thought for himself. As for what Puxian Bodhisattva had written to Yang Yu, only Yang Yu himself knew.

The night in yunu village is quiet.

Chapter 479

A week later.

Yang Yu bought furniture, sofas, beds, gas stoves and other equipment. He also held a home ceremony, set off firecrackers and bamboo. Although there are two homes, Yang Yu is sleeping on both sides and eating on both sides. The villagers also sent a lot of things to Yang Yu and congratulated him one after another.

Chen Yunmei, who came from the city, saw Yang Yu and said, "let me have a room."

"That's no good. My house is not for rent. Besides, if I rent it to you, I will live with you. Ha ha." Yang Yu did not forget to tease when he refused.

"Cohabitation is cohabitation. I don't mind. Even if you usually bring women, I don't think I see them. Isn't that ok?" Chen Yunmei has become coquettish.

"No。 " Yang Yu answered firmly, and then added: "however, if you find it inconvenient to take a bath and go to the toilet, you can come here for me."

Chen Yunmei is very disappointed with this refusal.

But for different people, Yang Yu's attitude is different, such as Xiaomei. Yang Yu said to Xiaomei: "sometimes when school is late and you dare not climb the night road, you can go to miss yang to sleep. I'll call your mother and tell her

After listening to this, Xiaomei's heart is very happy. Yang Yu is very fond of Xiaomei. So Xiaomei has some brand in her heart. When she grows up, she must be Miss Yang's girlfriend.

After a few days of rest, Yang Yu's mood and mentality have recovered.

After school, Mrs. Xu came to find herself.

"Village head, my pig was killed today. It's more than 200 Jin. I must come to my house to eat in the evening." Xu Sao even said with a pull.

Yang Yu has done a lot for the village and helped a lot of people. Now everyone likes him and respects him. Anyone who kills a pig or sets up a banquet has to ask Yang Yu to eat. Yang Yu sometimes supports, sometimes does not support, looks at the relations and the mood.

Yang Yu, the sister-in-law of Xu, is going to eat. Last time he helped her, they even sent her eggs. This is a good deal of reciprocity. Besides, sister-in-law Xu is a beautiful village woman. Many men in the village stared at her. Her man was also a weak person. Has the family has the final say?

However, that time in the attic, Mrs. Xu had a spring in front of Yang Yu. Yang Yu was still itching. If this beautiful village woman didn't do it, she was uncomfortable. Yang Yu agreed to go.

At dinner time, Yang Yu went to find that there were many guests at Mrs. Xu's home.

This meal, also eat very late, see sister-in-law Xu is very busy, so many guests at home to greet, Yang Yu also can't say anything, this said hello, just out of a few steps, sister-in-law Xu catch up, yelled.

"Is there anything else for Mrs. Xu?" Yang Yu asked with a smile.

"Oh, well, there are a lot of guests in my family, but there is no place to sleep. There are some rooms in your new home. I don't know if it's OK," said Mrs. Xu.

Yang Yu immediately understood the meaning and put in a sentence directly: "do you come to sleep, sister Xu?"

On hearing this, Mrs. Xu looked at Yang Yu awkwardly, then nodded, blushed and went back.

Yang Yu was so happy that he took a bath and lay comfortably on the sofa enjoying the happiness of his new home.

At this time, my cousin came.

"Why, if you have a new home, you don't want me, do you?" Cousin a person is also very boring, see cousin's home light, naturally know he came back, thinking of cousin, came with cousin. As soon as Yang Yu saw it, the family had no aunt, no second sister, no third sister, and he could come boldly?

As soon as she passed, she picked up her cousin for the princess.

"Hello! Put down your cousin. " My cousin Li Yuanxi yelled.

"I'm not here. What are you afraid of, sister? Kiss one." Yang Yu immediately exposed the fox's tail.

"Kiss you on the head." Then he picked up the pillow on the sofa and stuffed it. They flirted on the sofa, and time passed quickly. It was ten o'clock in the twinkling of an eye.

At this time, someone knocked on the door. It was sister-in-law Xu.

When Yang Yu opened the door, he found that Xu's sister-in-law had brought two women. They were younger than Yang Yu.

"This is my brother's daughter. I'll bring you here to sleep." Mrs. Xu stood outside the door and said, looking inside, she found that Li Yuanxi was also there. She immediately said, "Yuanxi, you are also there."

"I'm almost back, sister-in-law Xu. You can sleep here. We've already made the bed." Li Yuanxi said with a smile.

"Sister, I'll take you back." Yang Yu said and sent her cousin downstairs.

Out of the lawn, to the road, Li Yuanxi see no one, turned back and said: "go back, just two steps." With that, Li Yuanxi padded the bottom corner and gave Yang Yu a big kiss on the face.

When Yang Yu returned to the living room on the second floor, Mrs. Xu and the two girls were still standing in the living room. Obviously, she was a little timid about such a big house with such luxurious decoration.

"Why are you still standing? Let me show you to your room." Yang Yu said with a smile. Then I showed them the bathroom and the room."There's another room upstairs. Sister Xu, would you like to sleep upstairs?" Yang Yu said that this arrangement was completely intentional. He slept on the third floor by himself, so he separated his sister-in-law Xu from the other two girls.

Mrs. Xu didn't expect Yang Yu to think like this. If she knew, she would not dare to sleep on the third floor.

Yang Yu took sister-in-law Xu to her room on the third floor and said, "I sleep opposite you, so if there's

anything wrong, just call me." With that, Yang Yu was embarrassed to stay in the room. Now I didn't want to sleep, so I went down to the living room to watch TV.

Who knows, as soon as I arrived in the living room, I saw a picture I shouldn't have seen.

A niece of sister-in-law Xu is naked, covering her key parts with a towel, but how big is that towel? How much can it cover? The back is empty. The girl didn't expect that Yang Yu would come down again. Seeing this scene, the girl was not very shy. She just said with a smile, "I want to take a bath, so..."

The other side is not shy, Yang Yu naturally there is no need to be embarrassed, pointed to the bathroom said: "go, there is hot water."

The girl just went to hell. Yang Yu shook his head and thought it was very interesting.

At night, peace is restored.

Now it's two o'clock in the morning, and almost everyone in Yunv village has gone to sleep. This time is also the time when people are sleepest and sleep best.

But a man got out of bed quietly, barefoot, afraid of making any noise. He still has a key in his hand. It's no one else. It's Yang Yu.

Yang Yu has never been so bold. Just because he had never tried, this time, Yang Yu had the courage to do something exciting to stimulate himself.

Gently opened the door, went to the opposite, Yang Yu took out the key, quietly opened the door, a woman asleep in the room, sister-in-law Xu.

Mrs. Xu was sleeping soundly. She had no idea that a man had come into her room.

Yang Yu closed the door, which made him feel very uneasy. His heart was beating wildly. However, when he saw Xu's beautiful legs on the bed, Yang Yu made up his mind completely. Yang Yu quietly climbed into bed, did not choose a very fierce way to wake each other, but with his mouth from sister Xu's legs began to kiss.

Yang Yu almost kisses Xu's sister-in-law where she is exposed. It takes him about ten minutes. At this time, sister-in-law Xu turns around, and Yang Yu is startled. But looking at sister-in-law Xu on the bed, she is full of femininity and brutality. Yang Yu reaches out to take off sister-in-law Xu's clothes, and then her underwear.

Then, Yang Yu kisses all the places he shouldn't kiss. This time, sister Xu makes a sound.

Then, Yang Yu pressed up!

Of course, under Yang Yu's movement, sister Xu woke up and whispered, "no, no, Yang Yu, no..."

But Yang Yu kept on pressing sister-in-law Xu.

Mrs. Xu didn't dare to shout out at all!

Early in the morning.

A beautiful morning. There are always dewdrops on the flowers and grass in the countryside. These dewdrops are very thorough, which are different from the sweat women shed at night.

When Mrs. Xu left Yang Yu's home in the early morning, her eyes were still red. It seemed that she had cried for a long time last night and had many dark circles under her eyes. She didn't seem to sleep all night.

What happened to the two girls? You haven't slept well in such a comfortable bed? Mrs. Xu managed to squeeze out a smile and replied that she was not used to it. Yang Yu knows that sister-in-law Xu still blames herself for what happened last night, but the taste of sister-in-law Yang Yu thinks is very beautiful, and he also knows that sister-in-law Xu won't say it out. Last night, she even yelled as softly as a mosquito.

Looking at sister-in-law Xu leaving, hand has been inserted in the waist, Yang Yu guessed whether he was really too fierce last night.

I went to school and had classes.

When Chen Yunmei said that these children were frogs in the well, Yang Yu suddenly remembered something. After school, Yang Yu went straight to Wu Kun's home.

"What's the matter, village head Yang? What's the rush?" Wu Kun saw that Yang Yu had brought some strong men from the village committee, and the rope. He asked curiously.

"I know where your son is." Yang Yu said.

Wu Kun was surprised and asked, "where is it?"

Yang Yu said word by word: "in the well in your backyard."

"I've never been to the village head for decades, but I've never been to the village head for a hundred years." Wu Kun's daughter-in-law came out of the inner room. Hearing the conversation, she immediately retorted.

"I think so too, but it's OK for us to check?" Yang Yu never talks to death.

"Uncle Wu, we are all here, and the rope has also been brought. Just check it by the way. Anyway, I don't believe it. How can it be. But I've been with village head Yang for so long, and I believe in him. " Zhao Hai said. Zhao Hai is a good follower of Yang Yu now.

"But the well was sealed. My grandfather asked the Taoist priest to seal it. It's easy to open it, isn't it?" Wu Kun is a superstitious ghost. He is very taboo about these things. How can this sealed thing be opened at will? What's more, the child can't be in the well. He can't move the stone. Even if he can, he will fall into the well. Who sealed the stone intact? This logic doesn't make sense.

"Uncle Wu, you are right. I think so, too. I don't believe it. How could this child be in that well? But the child is in the well. That's not my guess Is Yang Yuxin's child in the well? Of course not. How can I believe it?

How does a child move a stone? How is the stone sealed? It doesn't make sense.

"Who said that?" Uncle Wu asked curiously.

"It's Bodhisattva." Yang Yu did not say that it was the divination of the Bodhisattva. He just mentioned the Bodhisattva.

Puxian Bodhisattva said that there was water. If Wu Er didn't go out, there was only one place where there was water, that was the well! Yang Yu must open this well to see if the Bodhisattva is so accurate and magical!

Chapter 480

"Why was the lock opened again?" Uncle Wu was surprised.

When they came to the backyard, they found that the lock of the door was open again. The last time Yang Yu came, they saw the lock with their own eyes. Who opened it? The keys are all on you, and your wife won't take care of them. The two children have not been at home recently.

Uncle Wu took the firewood knife and simply cut the weeds, which could be eaten by the cattle. So the well is clearly visible.

They also bowed. Uncle Wu also ordered three incense sticks and put them in the well. Whether you believe it or not, you have to respect some things.

"All right, let's go." Yang Yu said a word, people began to help bind the stone, and then together with force, the piece of marble to lift out. A fishy smell of water came to my face. Yang Yu looked into the well. It was deep and dark. He couldn't see the bottom of the well. He didn't even see the water.

"Uncle Wu, how deep is the well? Why can't you see the water?" Zhao Hai asked.

"I don't know. When I was a child, the well was sealed." Uncle Wu also took a look in the well and drew back his head in fear, a chill.

"Find a bamboo pole, tie up the flashlight and stretch it down to have a look." Yang Yu's brain turned very fast, and immediately thought of a way.

After a while, the bamboo pole and flashlight were all finished. Yang Yu and Zhao Hai hold the bamboo pole together and slowly stretch it into the well. The wall of the well is slowly illuminated. As the bamboo pole goes in, you can see the water. The dark water seems to have been dead water, but it has not dried up.

They took the bamboo pole and inserted it in the water for a long time, but they didn't see anything. They inserted something.

"Village head, I don't think the child is in it." Zhao Hai said.

"I'll tell you, it's impossible for a child to fall here." Wu Shu also returned.

Everyone looked at Yang Yu. Although they didn't understand and ridiculed Yang Yu's behavior, they didn't think much about it. Yang Yu thought again, not that he believed in the words of Puxian Bodhisattva now, but that the child could not disappear here for no reason.

It's hard to be buried in this yard. If not, we have to dig three feet.

"Live to see people, die to see corpses, people can't say no to no, dig the whole Yunv village three feet, I also want to find him out." Yang Yu sometimes has this stubbornness, even if it is to give me a pseudoscientific explanation, it is acceptable, but this kind of thing that can not be mentioned, Yang Yu must make it clear.

Yang Yu thought again and said, "I'll go down."

They all looked at Yang Yu incomprehensibly and said in surprise: "village head, you don't still believe that the child is in the well, do you?"

"Come on, everyone. I'll go down and have a look. Help me tie it up and hang it up." Yang Yu orders a way, but the words of village head, everybody still listens to.

The rope was very long. He tied Yang Yu from the waist and around his thighs. Then they tied him up firmly. When they pulled him, Yang Yu began to go down the well. It's cool in the well. This is Yang Yu's first feeling when he goes down. As he slowly hangs down. It's getting darker and darker inside, and the shaft wall is getting slippery and smelly.

Yang Yu turns on the flashlight and keeps observing the well wall, but his heart is getting more and more nervous. Is Wu er's body really not in this well? Did the Bodhisattva finally miscalculate?

This time, it had fallen down very deep. Yang Yu looked up and saw that the mouth of the well was only as big as the mouth of the bowl. There was really no light in it. Yang Yu takes a flashlight to shine on the bottom again, and suddenly his blood starts to creep.

Yang Yu took a deep breath and soon reached the surface of the water. The depth of the water had been measured with a bamboo pole before, just like the deep part of his thigh. So Yang Yu directly stood in the water. Suddenly, a chill came, and Yang Yu shivered.

"Will the child be in this well?" Yang Yu didn't dare to think that in such a narrow space, if there was a swollen, white body, living in the same room, anyone would be crazy.

But Yang Yu held back his fear and put his hand into the bottom of the water. He slowly felt it. If it was a real body, it should float, unless it was tied or stuck by a stone.

This touch startled Yang Yu. He actually touched something smooth. Yang Yu took it out and saw that it was a white bone.

However, in addition to the bones, Yang Yu touched another thing and secretly stuffed it into his pocket.

"How about village head?" People at the mouth of the well can't see what happened to Yang Yu at the bottom of the well.

"Pull me up." Cried Yang Yu.

When Yang Yu was pulled up, he secretly took out a head, and everyone was startled.

"Just a few days, it's rotten to white bone?" Uncle Wu asked foolishly.

"Uncle Wu, this head is so big, of course it's not your son's." Without waiting for Yang Yu to explain, Zhao Hai broke in first.

"I think this head should be the reason why the well was really sealed off." Yang Yu said.

"The village head means, this is a murder?" Zhao Hai said, did not expect to investigate the missing case, found out another murder. I have to call the police about this.

The people of the previous generation, if you put it in a bad way, are almost all dead. If there are still people alive, at least they are over 90 years old. Yang Yu, who is interested in managing it, should give it to the police. But he wants to manage Wu er's disappearance. This is his territory. There are no people in his jurisdiction.

Seeing that it was completely dark, everyone went home.

Naturally, Yang Yu went back to his aunt's house to eat and sleep on both sides. After dinner, his aunt and cousin went out to visit him. Yang Yu was at home. At this time, someone came to find him.

"You two?" Yang Yu was surprised. Here are his two female students, Lin Zhiyu and Zhang Ziru.

"Mr. Yang, why are you so surprised? Ziru wanted to thank you for the zombie incident last time." Lin Zhiyu said with a smile.

"What? You want to see Mr. Yang's new house. Everything will come to me." Zhang Ziru replied that since the last incident, Zhang Ziru and Yang Yu have been closely related.

However, they were students of grade one in junior high school. They didn't even develop well. Lin Zhiyu developed a little earlier and his chest was already bulging. But Ziru's chest was flat. And these two people are short, just like pudding, which is in great contrast with Yang Yu's burly figure.

"Do you have time in the evening? Just read the meeting book more. There are a lot of dirty things in the countryside at night. Be careful and don't run around." Yang Yu took out the headmaster's dignity and said politely.

"Hum, if I don't come to you, I'll teach you." Lin Zhiyu deliberately pretends to be angry.

Yang Yu shakes his head, takes a flashlight and takes them to his villa. This villa is relatively independent. My aunt's family used to pass by widow Liu's house and then go to Taohuayuan. It's just at the entrance of Qianshan village. The terrain is just in the middle, and the geomantic omen is very good.

Lin Zhiyu and Zhang Ziru have never seen such a beautiful house. The style and layout of the outside is very beautiful, and the interior decoration is more fashionable and elegant. The lighting and wall effect are even more beautiful. Staying in such a house, I feel much more comfortable.

Two girls see such a big sofa, soft, and a lot of various shapes of pillow, see the eyes are straight.

In fact, it didn't cost Yang Yu much to build such a villa in the countryside. The decoration was introduced by the mayor with half a discount, but it was the top design. On the contrary, the furniture bought Yang Yu a lot of money. But the spring night club's income is more expensive.

Yang Yu's parents already know about the house, and Yang Yu has also paid a lot of money to his parents. Yang Yu's father joked: "son, this villa will be your wedding house. Dad won't build it for you. Please find a daughter-in-law for Dad. Then mom and dad went back to their hometown. They were still used to living there.

Yang Yu brought a bottle of drink and some snacks to the two lively little girls, and turned on the TV for them to watch. Although there is still less entertainment in this rural area, there is no Internet

connection, and there is no KTV nightclub, but at least there is TV and mobile signal, so we are satisfied.

"Miss Yang, Zi Ru, she wants to stay here to sleep with you at night." Lin Zhiyu said with a laugh.

"Hey, don't talk nonsense. I didn't say that. You want to stay and sleep." Zhang Ziru quickly retorted that Lin Zhiyu pushed everything to herself. In fact, it was all her own thoughts.

"You two like it, so stay and sleep." Yang Yu leaned on the sofa, watching TV and said.

"No, I don't want to be bullied by Mr. Yang. Zi Ru is bullied by you. She wanted to make a promise with her body, ha ha." Lin Zhiyu is very good at speaking.

After listening to these words, Yang Yu didn't like it. Lin Zhiyu was too fake, so he said, "Lin Zhiyu is going back at night. What about you, Zi ru?"

"Ah?" Zhang Ziru didn't react for a moment. After looking at Yang Yu and Lin Zhiyu, he hesitated and said, "I want to sleep here, but Mr. Yang, you will bully me."

Yang Yu a pat forehead, a face of black line, this does not bully you bully who? You are fourteen years old.

"You don't have to pretend. You masturbate in bed, just to let Mr. Yang satisfy you. Ha ha Lin Zhiyu, who came from Hongxing Village, is precocious and dare to talk nonsense.

"What, I don't have it. You think you are a man." Zhang Ziru counterattacks a way, pick up a pillow to hit her, two people scuffle on sofa together.

Yang Yu couldn't tell for a moment which one owed Japan? Or both?

"Lin Zhiyu, I'll show you upstairs." Yang Yu deliberately said that if he wanted to separate them, someone would tell the truth, right? Therefore, Yang Yu deliberately called only one person, Zhang Ziru's reaction was slower, holding a pillow, eating snacks, watching TV.

Lin Zhiyu followed Yang Yu to the third floor.

When Zhang Ziru wasn't around, Yang Yu pulled Lin Zhiyu, pressed her on the wall and asked, "what do you want?"

"What, what?" Lin Zhiyu also pretended to be stupid.

"Didn't you do ideological work for her?" Yang Yu asked.

"Yes, she'd like to stay for you." Lin Zhiyu returned. Yang Yu didn't believe it. Lin Zhiyu is a big kid, can lie and has good acting skills. Yang Yu feels that he is still led by her nose as an adult."And you? There's no

one here. Just tell the teacher the truth. " Yang Yu asked, forcing Lin Zhiyu to tell the truth.

"I don't want it." Lin Zhiyu said, look at her look, quite serious, Yang Yu also don't know whether this girl is telling the truth.

"You stay here. I'll go downstairs and ask Zi Ru." Yang Yu said that he would invite one of the two girls tonight to taste the taste of a little girl like Xiaomei. Yang Yu went downstairs. Zhang Ziru was watching TV with relish.

Yang Yu specially sat down beside Zhang Ziru, and then asked, "Lin Zhiyu wants to go back in the evening. What about you?"

Zhang Ziru was asked, looked at such a place, for her, is a very yearning place, said: "I want to stay to sleep, but"

"but, I'm afraid of Mr. Yang you," Zhang Ziru faltered.

"You don't agree. How can Mr. Yang bully you? Am I such a unreasonable person?" Yang Yu said so, but in fact, he is such a unreasonable person in such matters. Otherwise, how could sister Xu suffer last night?

Mrs. Xu couldn't push Yang Yu away last night. She didn't dare to shout for fear of being heard. What's more, her relatives were still sleeping here last night, but they struggled. They were so hard pressed by Yang Yu that they couldn't move. They were forced to vent for a long time.

Finally, Mrs. Xu cried, and Yang Yu didn't know what Mrs. Xu's cry meant last night, whether it was a sad cry or she couldn't stand it. Yang Yu was wet last night, but I'm sure it was too much.

"I still don't dare." Zhang Ziru lowered his head and said with embarrassment.

This, Yang Yu letter, and then asked: "that Lin Zhiyu?"

"She? She's all pretending and pushing everything on me. In fact, she often masturbates. Sometimes she makes a sound and says that she can't do it. In fact, even if you break her by force, Miss Yang, she'll just scold her and fight against her. I'm sure she's still happy. " Zhang Ziru said.

"What are you saying about me?" Lin Zhiyu came down from upstairs. She heard these words clearly. She looked at Yang Yu and said, "it's very late. We're going back to the dormitory."

Lin Zhiyu took Zhang Ziru's hand and was ready to go back. Yang Yuling was there, with fog at his head. What medicine was sold in the gourd?

Yang Yu couldn't feel his head. He watched them leave downstairs. But as soon as they left, Yang Yu saw a familiar figure coming towards him. He was very surprised that it was sister Xu.

Now Yang Yu doesn't understand. What does Mrs. Xu want to do here? It's not going to be the police, is it? Yang Yu just thought so. After that, he saw that there was a man behind Xu's wife. It was no one else. It was her husband Liu Tian. Liu Tian had a firewood knife in his hand.

Frightened, Yang Yu said to himself, "no way." You can see that Yang Yu has played with his wife. Now her husband comes to Yang Yu with a firewood knife. Unexpectedly, Liu Tian looks very weak. He gets angry and dares to do anything? You really want to cut people with a knife?

Without saying a word, Yang Yu quickly went upstairs, closed the door, and then turned off the light.

"Village head Yang?" Liu Tian with a knife, shouting downstairs.

How dare Yang Yu answer? He didn't hear anything. He hid in his room and didn't dare to fart. He killed his sister-in-law and other people's wife. What else can he do except hide?

"Strange, just now the light is still on, we all see people, how suddenly disappeared?" Liu Tian held a firewood knife and talked to himself.

"You scare people away with your knife in the middle of the night?" Said Mrs. Xu.

"Why. "Liu Tian replied and called upstairs again:" village head Yang, I know you are inside. Come out. "

after listening to this, Yang Yu smiles bitterly. It seems that it's impossible not to show up. Today, he's here and can't find himself. Maybe tomorrow, he'll go to his aunt's house to look for him. At that time, he will be even more shameful and ugly. Thinking about this, Yang Yu has to open the curtain, lean out his head and say foolishly:

"uncle Liu, do you call me? "

isn't that bullshit?

"What are you hiding from. "Liu Tian laughs.

Yang Yu can say, I don't hide, do you still want you to chop, return Yang Yu or pretend not to know what, bitter face, asked: "so late, uncle Liu to find me what? "

" what happened last night "is only half of what Liu Tian said.

As soon as Yang Yu heard "what happened last night", he cried out that it was not good. As expected, he came to the end of last night. He explained in a hurry, "uncle Liu, what happened last night is really a misunderstanding. I thought"

Yang Yu's words were only half said. Sister Xu interrupted in a hurry: "my husband is here to thank you

for letting my relatives sleep last night. "

" ah? "Yang Yumu was so stunned that he didn't do it for you last night? Yang Yu pats his forehead, but fortunately, his sister-in-law Xu interrupts him, otherwise he almost won't admit himself.

"My room is empty, thank you, but uncle Liu, what are you doing with the knife? "Yang Yu was frightened by this knife. Sure enough, it's reasonable to travel all over the world. It's hard to move without reason."Oh, you say this knife. I went out to cut some grass for the cattle on my way. The cattle have been hungry for two days. ha-ha. "Liu Tian explained with a smile.

Yang Yu patted his forehead again. He really scared himself.

"However, my daughter-in-law will have to spend the night with you. Tomorrow, all the relatives will be gone. "Liu Tian continued.

For the third time, Yang Yu patted on the forehead and yelled that I would go!

"I'll come down and open the door. "Yang Yu was almost killed by playing. He went downstairs to open the door.

"Daughter in law, go in and go to bed early. I went to cut some grass for the cattle, and I went back. don't worry. Hehe, village head, you are a good man. "Liu Tian laughs. Yang Yu has a feeling that his daughter-in-law was sold and helped Yang Yu count money.

Yang Yu looks at Mrs. Xu. She avoids her eyes and lowers her head.
