Yang Yu didn't expect that things would suddenly turn out like this. He was overjoyed.

"Sister Xu, come up quickly." Yang Yu kindly said, and Xu's husband Liu Tian has gone far. Xu sister-in-law gently, followed Yang Yu. At this time, Yang Yu has the bottom of his heart. She did this to her last night. Will she come tonight? Isn't that obvious? It's not plugged in.

In the living room, the atmosphere became awkward again.

"I want to take a bath." Mrs. Xu said softly, never daring to look at Yang Yu.

"Oh, the bathroom is there. There's hot water. Help yourself. I'll go upstairs." Yang Yu said with a smile, ready to leave this awkward place, or turn off the light into a beast more used to ah.

Yang Yu just went to the stairs, then turned around and asked: "sister-in-law, shall I bring you a bath towel?"

Sister Xu nodded. This can be on the words, Yang Yu's heart is happy, Xu sister-in-law's heart and not too blame themselves. Yang Yu was not in a hurry. He took the bath towel and sat on the sofa in the living room. When it was almost the same, Yang Yu knocked on the door.

"Sister in law, here's the bath towel." Yang Yu asked standing at the door.

Mrs. Xu didn't answer. After a while, she opened it and stretched out a hand to take it. Yang Yu saw that Xu's sister-in-law was completely naked, but she didn't rush in. It was too obscene. Yang Yu was waiting at the door. After a while, sister-in-law Xu came out wrapped up.

Two people looked at each other, sister-in-law Xu did not move too much. At this time, Yang Yu made an action, will Xu sister-in-law to hold up, Princess hold. Mrs. Xu did not struggle or speak. She just lowered her head and let Yang Yu hold her. Yang Yu now finally knows that he conquered his sister-in-law last night. It's home delivery tonight.

Yang Yu gently took Mrs. Xu to the room on the third floor. The light didn't turn on and he kicked the door with his feet. When she got into bed, she didn't speak or dare to look at Yang Yu. However, when Yang Yu pressed over to kiss her neck, she slowly put her hand around Yang Yu's neck.

Two people in the dark night, in the quiet village villa, in bed slowly, slowly lingering up.

When Mrs. Xu's husband Liu Tian cut the grass, he saw that the lights had gone out, so he didn't shout. He just looked at the room, but he didn't see through his eyes, and he couldn't see his wife's intense exercise in bed with the village head.

If you see his wife is sweating by the village head, and his wife is crying, I don't know what he thinks. Yang Yu should be glad that this time he didn't leave the root of the trouble like Lin Yina. The taste of sister-in-law makes Yang Yu have endless aftertaste.

The next day.

Yang Yu, the principal, didn't do his duty well, so he decided to hold an activity to bring some happiness to the students and teachers. So, in the morning play, Yang Yu suddenly announced the event, and the prize is super rich. With the help of the relationship between the mayor's brother and the officials and enterprises who were funded by the higher authorities and flattered by Yang Yu, plus a little money of his own, there are many prizes this time.

In order to make everyone happy, Yang Yu guarantees that almost everyone has prizes, including teachers.

After the news was announced, the students were crazy, and the atmosphere of the campus suddenly became lively again.

"Headmaster Yang, why don't you discuss such an important matter with us?" Li Ruoshui is very angry on purpose.

"Don't I want to give you a surprise?" Yang Yu said with a smile.

"Last teacher's day, the headmaster didn't give us any presents." Meilian pouted. Now, there are more teachers, and the new teachers are not welcome, so Yang Yu has to flatter them. It's best to coax them with gifts.

"So, this time, our teachers will also participate in activities and competitions. Prizes are also very rich, mobile phones, cosmetics, Taobao shopping vouchers, and so on. With these words, the happiest person is Meilian. She was originally a money worshiper. Recently, she was short of mobile phones and cosmetics. The prize of headmaster Yang was so good. After this, Meilian went straight to Yang Yu's arms and gave Yang Yu a big kiss on the face.

You know, Li Ruoshui was at the scene.

Meilian is also aware of her gaffe. However, the girl's brain is turning fast, so she quickly turns around and says: "ha ha, if sister Shui is sorry, she kisses your boyfriend. "

after being teased by Meilian, everyone laughed and the atmosphere was not embarrassed.

Li Ruoshui also replied with a joke: "he is so romantic, where can I control him. "

after listening, Yang Yu felt the back of his head and laughed foolishly. Every time he met this kind of

thing, Yang Yu was so foolishly trying to muddle through.

"It doesn't matter whether headmaster Yang is romantic or not. Men are bad!" Chen Yunmei also added fuel to the fire. When she said "it's all bad", she also gave Yang Yu a special look. It seems that these two words are meant for all the female teachers present. That means: be careful, principal Yang will be attacked by you all.

But before Chen Yunmei finished her words, she looked at Li Ruoshui and said, "if it's bad, it's bad. As long as you can satisfy sister Ruoshui, it's OK." This words a, Yang Yu is a face of black line, mercilessly white eye Chen Yunmei, this Niang exactly want to say what? It sounds like a joke, but it's obvious that there's something in it. As long as you are a smart person, you can hear the implication.

But this time, Li Ruoshui was also spoiled by these bad girls. He said with a smile, "my boyfriend is not good at anything, but he's really a better one in that aspect. If he can't even do that, I'll give him up early."

after listening, Yang Yu burst out with a mouthful of old blood. What do you mean? If water is to Amnesty itself?

Although Li Ruoshui doesn't know that her best friend Yang Lin and her two elder sisters have gone to bed with Yang Yu, she also knows that under the temptation of such wretches as Meilian and Chen Yunmei, her boyfriend can't resist. Instead of tying the rope so tightly, let him go, man, which one is not? Isn't it true that romantic love proves his ability?

If Li Ruoshui can think like this, Yang Yu is moved, or this girl friend is good, this blood is thicker than water, love grows with time.

"Wow, if sister Shui, how can you be so good and say that you want to contribute your boyfriend to our sisters, don't blame my sisters. Oh, I will seduce your boyfriend." Chen Yunmei obviously wants to fight against Li Ruoshui and speak so straightly. Of course, she is also using this tool to speak more clearly.

"If you seduce me, I'm afraid he will attack you first." Li Ruoshui looked at Yang Yu and said.

Yang Yu feels that he is wronged. This topic can't be dragged on any more. If it goes on, something will happen.

"Stop, it's my treat tonight. Let's have a drink and make up for teachers' day." Yang Yu digs off the topic in a hurry. Three women make a play. What's more, there are so many female teachers who want to rebel?

It's not easy for one person to manage a school, but also to manage so many female teachers and so many sister-in-law in the village. One Li ruorong and one Chen Yunmei will die.

On the way back, I happened to meet Uncle Wu's eldest son. Yang Yu stopped him.

"Wu Da, look, is this your brother's?" Yang Yu asked. Wu Da went out a few days ago and was not at home. His younger brother was missing. He came back to find out. Although he is mentally retarded, his heart is also very painful.

"This jade seems to belong to my brother. It's a talisman my father asked for from Bodhisattva. There are two strokes on the back of the jade. I know it. It must be right. Where is Yang Yu from?" Wu university is already 18 years old. He made a mistake and went to work in the city and came back occasionally.

"The village head picked it up. I'll return it to you next time. I'll keep it for a few days. Don't tell your parents about it." Yang Yu said to Wu Da. Wu Da nodded.

On the way back, Yang Yu kept thinking about it. He couldn't figure it out. Yang Yu did pick up the jade, but he picked it up from the well. But Wu er's body was not in the well. Where would it be?

Tonight, Yang Yu sleeps at home alone. Originally, he sleeps at his aunt's house. His cousin once called him, and Yang Yu is ready to go. But who knows, he leans on the sofa and falls asleep.

When I wake up, I don't know what time it is.

The living room lights out, and the TV set is full of stars. Yang Yu breathes and looks at the time. At midnight, he gets up and turns off the TV and goes upstairs to sleep.

I was about to press the TV switch when suddenly a sound came from outside the room.

"Village head Yang?"

Yang Yu was scared one day. The villa was cold and quiet. At night, he was alone in the empty room, and there was no neighbor nearby. There was a widow Liu below. Who would come here at half past three to call himself? Or a woman? When he thought about it, Yang Yu got a little creepy. He pricked up his ears and began to listen.

"Village head Yang?" The woman outside called again.

This time, Yang Yu heard clearly that a woman screamed in the middle of the night. It was really disturbing. How urgent it was to find himself at this time?

Yang Yu put on a coat, turned off the TV, went downstairs and quietly opened the door.

Night, dead silence.

There is a woman standing outside the door. She is very anxious with a flashlight.

"Who are you?" Yang Yu narrowed his eyes and looked at it carefully, but he didn't recognize it.

"I'm Aunt Xue." Said the woman with a smile.

Yang Yu searched in his mind for a while, finally remembered and said, "it's Aunt Xue. Why did she come to me so late?" Aunt Xue's home is in the northwest of the village, which is also a very isolated old house. At the same time, Aunt Xue, like Zhao Ying, is a left behind woman.

Aunt Xue has two daughters. The eldest daughter is in Yang Yu's class. She is on the first day of junior high school, and the youngest daughter is only five years old. She is at home. The last time he was seeking welfare for the widows and left behind women in the village, Yang Yu went to their home to learn more about the situation, and the children were his own students, so Yang Yu remembered.

However, it's true that Yang Yu has nothing to do with Aunt Xue. This is also very strange, there are always men running to widow Liu's house, but never men running to Aunt Xue's house. Yang Yu is very confused about this.

I heard that Aunt Xue and her uncle were still relatives in four generations, so Yang Yu followed suit. "If it were not for the emergency, I would not have come to you." Said Aunt Xue.

Yang Yu walked a few steps to come over, saw eye snow aunt, ask a way: "what matter so urgent?"

"It's a long story. I'll talk to you another day. Now, can you go to my house and sleep?" Snow aunt said directly.

After hearing this, Yang Yu almost spurted blood. What does that mean?

"Aunt Chen, isn't that appropriate?" Yang Yu felt the back of his head, a little embarrassed. If every widow or left behind woman comes to Yang Yu in this way, Yang Yu will not live a long life and will accompany other people's daughter-in-law.

Who knows that Aunt Chen Xue takes Yang Yu and goes out. What's the order of this man and woman? Or by a left behind woman?

"Aunt Chen, do you have anything to say? Don't be like that Yang Yu is in a hurry.

"I'll tell you tomorrow. If I can't make it clear for a moment, you can come and sleep with Aunt Xue for one night." Chen Xue said.

"Ah? This Yang Yu wants to cry without tears. He has seen Sao, but he has never seen such a domineering village woman, and he is so direct.

"Don't worry about it. Aunt Xue will give you a night's sleep and you will take advantage of it. What else can you say?" Chen Xue just pulls Yang Yu to her home.

If it wasn't for midnight, there would be no one on the road. Otherwise, it would be so bad to be seen. Yang Yu was also very helpless. No matter how thirsty she was, she didn't pull people so directly. But let's go now. I don't know if it's a blessing or a curse?

This led to a bit of road, Yunv village is still so silent. At the door of Aunt Chen Xueyi's house, Yang Yu suddenly feels that it's not right. He feels that it's not cold but millet.

"What's the matter?" Chen Xue asked in a hurry, looking a little ugly.

"No, Aunt Xue, why did you bring me here?" Yang Yu asked suspiciously.

"Can I give you a night's sleep?" Chen Xue said. Yang Yu shook his head, said: "snow aunt, you have something to hide from me, absolutely not so simple."

"Oh, please, can I give you all my body? I'll sleep with you one night Aunt Chen Xueyi is almost begging. But the more so, Yang Yu's heart is more uneasy, because it's too sudden, this aunt usually meet with him to say hello, nothing to do with, unlike widow Liu, sister Xu, sister Han, they usually contact more, also familiar.

"Aunt Chen, isn't uncle at home? Then your two daughters are at home, too." Yang Yu asked.

"You go inside." Chen Xue takes Yang Yu and runs to the inner room. The room of the inner room is in the back. It goes in from the inner room. And there's no light. It's like there's no electricity.

When she got to the bedroom, Aunt Xue took a picture of Yang Yu on the bed and almost called him out. Unexpectedly, there were two girls on the bed, Chen Xue's two daughters. They didn't sleep. They were hiding in the corner, holding each other and curling up in fear.

What's going on? How did you get so scared? Yang Yu is very confused.

Seeing Yang Yu coming, the two sisters reluctantly showed a trace of stability.

"Aunt Chen, where can I sleep?" Yang Yu asked, although the bed is big enough for several people to sleep, Yang Yu may also sleep with the three of them.

"Sleep together." Chen Xue said.

"Ah?" Yang Yu almost called out. How could it be so bloody? What's the matter? What kind of medicine is sold in Aunt Chen Xueyi's gourd? Yang Yu is still in doubt. Aunt Chen Xueyi has already pulled Yang Yu to the bed.

When Zhang Min saw Yang Yu, he said with a smile, "Mr. Yang." This sound teacher Yang Yu's heart all cried out. Yang Yu also smiles and takes a special look at Zhang min. he sees that Zhang Min is very

naked, with a small protuberance on his chest, which is obviously still developing. He only wears a pair of underpants on his lower body. Next to her, her six-year-old daughter, nestled in the quilt, only showed one eye and looked at the world strangely.

"Miss Yang sleeps here tonight, your mother." Yang Yu's words just said generally, Zhang Min broke in and said: "I know, I asked my mother to call you here. Mr. Yang Lin said, "Mr. Yang can exorcise demons. Ghosts are afraid of you."

Yang Yu listens to the black line on his face and looks at Aunt Xue. Chen Xue feels embarrassed. Yang Yu took off his clothes, got into bed and got into bed.

"Miss Yang, you should sleep outside." Snow aunt said.

Yang Yugang hum a, but found snow aunt in take off clothes, this take off, Yang Yu is deeply swallow breath, did not expect that snow aunt's body so white. Seeing Yang Yu looking at himself, he turned his back and changed into a belly bag, which, as the name suggests, can only cover his stomach.

Modern people don't use this thing for a long time, but some women in remote rural areas still use it. This big village woman, wearing a red belly bag, Yang Yu suddenly felt that Aunt Xue had a taste. In particular, the belly pocket does not cover the back or the buttocks.

Aunt Xue turns around in embarrassment and finds that Yang Yu is still looking at her body. She keeps looking at her chest and thighs. Aunt Xue's face turns red slowly. Then he went to bed, turned off the flashlight and lay in Yang Yu's room.

Sleeping with three women, one child, one girl and one woman, made Yang Yu suddenly unable to sleep. At this time, Aunt Xue turned over and touched Yang Yu's chest with one hand. Although Yang Yu thought to himself, he didn't know why he was taken advantage of when he fell asleep?

Think, also side past, with snow aunt face to face, and then a hand touched her buttocks, snow aunt to press over.

"Well. "Aunt Xue made a little hum. Yang Yu listened and hugged him more tightly.

But after all, there were still two children. Yang Yu didn't dare to go too far, so he touched Aunt Xue's ass and went to sleep.

At night, peace is restored.

Early in the morning.

It's finally dawning. For some people, it seems that they have been looking forward to it for a long time.

When Zhang Min went to school, his six-year-old daughter was playing outside. Yang Yu was alone with

Aunt Xue. Yang Yu asked, "Aunt Xue, can you tell me what happened last night?"

After hearing this, Aunt Xue put down her work, looked at her six-year-old daughter, took two stools, and they sat together. Then Aunt Xue said, "village head, have you ever heard of mass graves?"

"Mass graves?" Yang Yu repeated, puzzled.

"Yes, generally there are mass graves in villages. Especially in the past, during the Anti Japanese period, there were many people who died. How could they have the money and energy to do funerals? They all went to mass graves and were finished as soon as they were buried." Chen Xue said.

Yang Yuxin said that most rural areas do have mass graves. For example, during the Vietnam War, the United States invested a large number of biochemical weapons in Vietnam, which led to the fact that Vietnam's land was full of deformities. Many of those deformities were still in mass graves. In fact, it was the same in the countryside before. When the child died young, it was impossible to make a coffin for him. They were all still in the mass grave, but it was all in the past.

Nowadays, there are very few mass graves, some of which are left over from the past.

Before, the government issued many policies, especially after promoting cremation, some mass graves were reorganized.

"In fact, our village also has a mass grave!" Aunt Chen Xue said.

Yang Yu was stunned for a moment and asked, "does our village have one? I really don't know. Where is the mass grave in our village? "

Aunt Chen Xue smiles awkwardly, stops for a moment, and then looks at Yang Yu. Instead of speaking, she points to the land below. Yang Yu didn't react at first. When he did, he was startled and jumped up from his seat.

"What did you say? Here is the mass grave? " Yang Yu felt that his eyes were about to fall.

Aunt Chen Xue nodded.

"How do you build your house on this? What a bad geomancy. " Yang Yu had goose bumps when he remembered that he had slept in the mass grave last night.

"This piece of land belonged to my husband's family before. When I married him, I didn't have the money to build a house. The village committee said that they contributed to build it, but it had to be

built here. My husband didn't agree at that time, but he did have the money. Other places were far away, so he agreed." Aunt Chen Xue talks about the past.

Yang Yu understands that the mass grave was originally an ominous place and a gathering place for the evil spirits. The village committee's plan is right, but it can build fish ponds, orchards and so on. How can we build houses? When the capital of the house was built, I didn't want to say anything more.

"Then what happened?" Yang Yu asked curiously. At this time, Yang Yu finally understood why the men in the village seldom came here. It turned out that they were afraid.

"The house was built and I got married, but it's haunted every night. My husband just told me what's going on. We also invited a lot of Taoists and eminent monks to come here, but we were safe for a while, and after a while, we started to be haunted again. It's endless. " Aunt Chen Xue said.

"How can people live in this haunted house? Why don't you report it to the village committee?" Yang Yu didn't know about it all the time, and the old men of the village committee never reflected it.

"All the houses were built by the village committee, and we were too embarrassed to expect anything, so the father of the child went out to work to earn some money and build a new house. I raised the child at home." Aunt Chen Xue said. It's not easy to say that it's all tears.

One woman with two babies.

"What happened last night?" Yang Yu asked.

Aunt Chen Xue wiped her eyes and continued: "although it's always haunted here, nothing happened. Our whole family is healthy, but the situation has changed since my second daughter came out. She always entertains herself like this. Sometimes I ask her, she will say that she's playing with a little boy, and I don't care at first. After all, my family hasn't been haunted for a long time. Later, however, things got worse. Let's say last night. She kept saying that there was an aunt and the boy in the room. You say, how do I sleep? I'll come to you. "

Yang Yu Oh, roughly understand the situation.

"I didn't tell you last night for fear of scaring you too." Aunt Chen Xue said awkwardly.

"It really scared me. Hehe, I had a night's sleep on the mass grave. Fortunately, my Yin and Yang eyes were gone, otherwise, I would really be," Yang Yu said with a smile, and continued: "why did Auntie come to me? You're not afraid of gossip? I'm not afraid I've taken advantage of my aunt? "

Yang Yu asked, Aunt Chen Xue's face turned red, lowered her head and said awkwardly: "sometimes, I don't think so much."

As soon as Yang Yu saw that Aunt Chen's face was still red, he immediately put aside the matter of the

mass burial mound, but he still teased and asked, "how long has Uncle Zhang not come back?"

"More than half a year." Chen Xue replied.

"Oh, Aunt Chen hasn't had sex in the past six months?" Yang Yu teases.

"What are you talking about?" Chen Xue's face is more red, but also deliberately turned around.

"Doesn't Auntie want to be a man?" Yang Yu continues to press questions.

"Oh, village head, don't ask these questions." Aunt Chen Xue was anxious, and stood up and brought back her second daughter who was playing.

Yang Yu took a look at the little girl and continued to press Aunt Chen Xue: "if Aunt Chen wants to be a man at night, I will be rude to her tonight."

"Village head, oh." Aunt Chen Xue's face is more red.

"Anyway, my aunt's man is not at home, and I don't know if he has been done by other men. If I sleep here next time, I'll force you to do it, won't I?" Yang Yu is so ugly. It's a hooligan. "Village head you" Aunt Chen Xue was not able to say a word.

"Auntie, if you don't agree, I'll take it as your tacit consent to do it with me. Hey, hey. " Yang Yu said to himself that he was dead. Seeing that Aunt Chen Xue wanted to cut in, Yang Yu quickly hugged his second daughter and coaxed the little girl to say, "little Minmin, tell Uncle, who are you playing with?"

"A brother." Xiaominmin very simple said, four-year-old children, where will lie.

"Is that brother here now?" Yang Yu asked again.

Xiaominmin shakes her head again.

"Next time you see them, ask your uncle if they need any help?" Yang Yu coaxes xiaominmin, and then takes a candy to her. Xiaominmin smiles and nods. Yang Yu is not surprised and sighs that the little girl is clever. At this age, it's almost 24 hours.

Yang Yu left Aunt Chen Xue's home. As for whether he would come here to sleep at night, no one would know. After all, if he went to sleep in a left behind woman's home, he would still be gossiping. But Aunt Chen Xue left a lot of impression on Yang Yu when she wore that kind of belly bag last night.

Yang Yu stands at a high place and looks at the village. Now, driven by village head Yang Yu, the economy has greatly improved. Although he is still in this deserted village and can't walk out, it is much better than before. Some people earn money outside the city and come back to build new houses, such as Niu's.

It happened that Yang Yu passed by Niu's family. The family name was Niu, and his strength was as strong as Niu.

"Brother Niu, this stone is more than 100 Jin. Can you resist it?" Yang Yu is as powerful as a cow when he sees brother Niu. It's said that because of his great strength, he made some money in the city and came back to build a new house half a year ago.

"Village head, you see I'm too busy to see you." Brother Niu said. Yang Yu looked at brother Niu. He was as strong as an ox.

"I passed by. Ha ha." Yang Yu said hello and left. Further on, it's Wu Kun's house. Wu Kun's son hasn't been found yet. Yang Yu always feels stuck in his heart. He looks back at brother Niu.

I went to work at school. Arranged every link of the next activity, in the afternoon to give the children physical education, relaxed a lot.

But Zhang Min was a little at a loss. The girl must have understood everything. She also slept together last night. It's impossible that she didn't have any idea. So in this PE class, Yang Yu wanted to know about the girl, so he deliberately played volleyball with these girls.

"It's not fair, Mr. Yang. Where you are, you win." Lin Zhiyu has been shouting for a long time.

"Well, the teacher quit." Yang Yu couldn't resist Lin Zhiyu. By the way, he said, "Zhang Min, how about helping the teacher get the water cup from the office?"

Zhang Min ran to get it. Yang Yu deliberately found a lawn to sit down and wait for Zhang Min to come.

Zhang Min came, said: "sit next to the teacher to chat, ask you something." Zhang Min nodded.

"Why did your mother let the teacher sleep in your house last night?" Yang Yu asked.

"We are afraid of being haunted." Zhang Min replied.

But Yang Yu didn't ask about being haunted. He had to talk about it. He asked, "I heard that your father hasn't been home for half a year. Did your mother steal a man?"

Zhang Min heard this question, some at a loss, replied: "mother does not steal men."

"Mom doesn't steal. Have you ever stolen a man in your class?" Yang Yu deliberately asked such a sensitive place.

"No way." Zhang Min sat with his head down.

"Why, don't you want a man?" Yang Yu asked.

"Why do I want to be a man when I'm so young?" Zhang Min asked in reverse.

"No, you are 14 years old. At this age, you can steal from men." Yang Yu is brainwashing the little girl again, but also washing unhealthy thoughts. What a beast.

"Miss Yang wants to steal from my mother?" Zhang Min suddenly opened the topic and asked.

Yang Yu a listen, the other side take the initiative to attack, but replied: "Yang teacher want to steal with you, last night to see you below, seems to have long hair?"

"A little bit." Zhang Min answers shyly.

"It's really a little bit, but I saw a lot of black last night." Of course, Yang Yu lied. He turned out the light without seeing anything last night. Unexpectedly, Zhang Min replied: "Mr. Yang, you are looking at my mother. I don't have it. Lin Zhiyu is very prosperous."

Yang Yu didn't expect that Zhang Min was still very open to this aspect, so he tried to say: "at night, Mr. Yang will go to your place to sleep. Do you want Mr. Yang to feel it?"

"Ah? Don't Zhang Min returned, looking into the distance, biting his lips.

They didn't expect to talk a lot about this. They had to make Yang Yu feel that the girl who played with Lin Zhiyu was probably spoiled by her. She really knew everything and didn't want to say anything. This is a good thing for Yang Yu, but it's not a good thing for these young girls.

Yang Yu arranged the activity this weekend, and he has been busy with it recently.

In the evening, Yang Yu is still waiting to go to Aunt Chen Xue's house. Aunt Chen Xue doesn't know if she will come to find herself. Anyway, if it was called in the middle of last night, Yang Yu would be embarrassed to go, because she was sleeping here tonight. Aunt Chen Xue took a bath and went to bed early. I hope her second daughter, Xiao Minmin, won't talk and scare them tonight. There are no men at home. These three women are terrible. Although xiaominmin didn't speak, her behavior was even more abnormal.

"Baby, what are you doing?" Chen Xue asked her little daughter.

"My brother said, dad is gone. I'm helping him find dad." Chen Xue didn't know who she was afraid of or who she was seeing.

As soon as Chen Xue sees it, she is flustered and hugs her daughter to bed. At this time, the light bursts with a click. Chen Xue holds her daughter, three people hide in the foot of the bed, the room is dark. Suddenly, the door creaked and opened itself.

Toward the outside, Xiaomin flew up.

"Minmin?" Chen Xue saw, panic, ran out in a hurry, to chase his daughter, said: "Zhang Min, to call teacher Yang."

When Chen Xue catches up with Xiao Minmin, she suddenly feels a strong feeling pulling her daughter. Although Chen Xue is scared, she still holds on to her mother's love and shouts: "let go of my daughter." There are no old houses in a deserted village, even the neighbors next door. No one can hear the cry.

All of a sudden, a flash, Chen Xue saw a terrible face, this shock, let go, xiaominmin was taken away. Chen Xue does not give up the pursuit of the past, but did not chase a few steps, she suddenly found that the house has changed, here does not feel her home.

When Chen Xue finally sees xiaominmin, she is taken into a room. Chen Xue rushes in, but there is no shadow of xiaominmin in the room. Chen Xue turned pale and as like as two peas in the street, but he could not walk out of the house. There was a house exactly the same door.

Xiaominmin is gone.

Chen Xue fainted. When she woke up, she found that Yang Yu was watching her by the bed, the light in the room was also on, and her two daughters were here.

"What's the matter with me?" Chen Xuwen held her two daughters in her arms and said, "they want to take my daughter."

"When I came here, you were walking around the room all the time. Your two daughters were scared. Maybe you were under too much mental pressure. Take it easy." Yang Yu said.

"Really? I met a ghost hit the wall?" Chen Xue asked, as long as the two daughters are OK, and looked at Yang Yu, a face of gratitude, said: "I saw a face, a terrible face."

"I've already asked your daughter." Yang Yu said with a smile.

Although he smiles on his face, he is scared in his heart, because according to Xiao Minmin's description, it is a mother and son. Yang Yu guesses that it is the mother and son he met before. He also follows him for a long time. At that time, Yang Yu is also scared. After the disappearance of yin and Yang eyes, he can't see them. Unexpectedly, he doesn't know.

Listen to small Minmin ambiguous expression, as if to find his husband. Yang Yu guessed that this should be the reason why they are haunted. As long as they find their husband, they may be able to solve it. However, how can they find someone for a pair of ghosts? It's too difficult. No name, no address, no appearance. How can I find it?

After thinking about it, Yang Yu had to go to the village committee tomorrow to ask for help.

"It should be all right tonight. I'd better go to Puxian Bodhisattva for an amulet some other day. A Bodhisattva at home can protect you." Yang Yu said with a smile.

Chen Xue nodded, did not expect that at this time Zhang Min said: "teacher Yang, you stay to sleep, my father is not at home anyway, I, the mouth is very tight."

"What are you talking about?" Chen Xue gives her daughter a hard pat and takes a look at Yang Yu. Yang Yu smiles. Zhang Min is really his own student. He is too sensible. Zhang Min gives Yang Yu a reassurance. She doesn't have to worry about being caught by her husband.

"Your mother hasn't been done by a man for such a long time. Should she miss a man?" Yang Yu's words are said by Zhang Min, and the content is obviously for Chen Xue. Yang Yu said this, then went to touch Chen Xue's chest.

"Miss Yang, don't" Chen Xue shouts in a hurry, retracting her whole body.

Yang Yu grabs her steamed bread and touches it. Chen Xue is struggling on the bed. Fortunately, the bed is big. Yang Yu is on the bed. He hugs Chen Xue from behind, touches her chest for a long time, and then directly touches her crotch.

"Zhang Min, look, this is your mother's stuff!" Yang Yu deliberately takes out his wet finger to Zhang min.

Zhang Min knows about men and women, but he has never seen them. Seeing her mother being bullied by teacher Yang on the spot, she looked at it foolishly. She couldn't go anywhere, and she couldn't sleep. Xiaominmin was only four years old and didn't know anything.

"My mother missed men." Zhang Min said with a smile.

"Turn out the light, don't let me in front of my daughter," Chen Xue pleaded.

"Aunt Chen is not obedient, I can only" Yang Yu's words just said half, Chen Xue replied that I listen to you.

As soon as the light went out, the room went dark. Zhang Min couldn't see teacher Yang and her mother at all.

Yang Yu directly took off his clothes, took off Aunt Chen clean, and then pressed up, suddenly came a gasp."Mom stole the man." Zhang Min also said happily.

The night in yunu village is still like that. The whole village is very quiet and dark. Looking down from the top of the mountain, there is no light at all. The dark houses and the rooms of every family are also very

dark. However, people outside really don't know what they are doing in the rooms.

There are too many wives who steal from the man. At present, widow Liu is also being pressed by men. After being a widow for so long, she can't help it. Aunt Chen Xue's body has been itching for a long time.

Early in the morning.

Yang Yu is very satisfied with the taste of his sister-in-law and aunt recently.

But an idea came out of Yang Yu's mind: since there are so many stealing sisters in the village, how many have been found? Is there no dispute about what is found? No way. Cui Qiang wants his own life directly.

Will Wu Kun's wife steal? Yang Yu wants to get to know this woman.

Wu Kun's wife is a good wife and mother. The whole village won't believe that she stole a man, but Yang Yu is ready to test such a good wife and mother!

Originally, Yang Yu really wanted to see Puxian Bodhisattva this weekend. How could she be so accurate. Is it really a Bodhisattva?

However, school outings still have to be held.

From students to teachers, and even parents to logistics, many people participated in the competition. According to the point system, the more points, the better the prizes. However, there are not many students in the whole school, so the money is still affordable. There are also many competitions and games, and teachers act as referees.

There are also collective ones, which have been held for a whole day and tired people. The Festival doesn't end until eight o'clock in the evening. The joy of winning a good prize is better than whose. It's hard for the logistics personnel, and it's a toss. At this time, Yang Yu saw a familiar figure, Wu Kun's wife Zhang Feng.

Because of the lack of logistics, Yang Yu invited several villagers to help, and Zhang Feng was one of them. I'm busy now. I'm going back. Yang Yu finds that Zhang Feng has gone quietly with another man and is heading for the woods behind the school. The man Yang Yu knows is not her husband.

Yang Yu carefully followed the path, followed the woods, hiding in a pile of weeds to peep, did not expect, this Feng actually started the piston movement with that man. Originally, this kind of thing is very common in Yunv village. When Taohuayuan was still there, there was an endless stream. Now half

of Taohuayuan is left, and the other half is planted with vegetables. Yang Yu now think about it, if the good peach tree cut down to grow vegetables, it is a very stupid behavior, vegetables did not sell much, peaches are gone, there is no place to steal.

But Zhang Feng's reputation has always been very good. She has never heard of her gossip. Unexpectedly, she also steals men behind her back, which makes Yang Yu have to shake his head. It seems that this woman can't hold her breath when she is a tiger.

For such a good spring, Yang Yu didn't look too long, but left in a hurry.

When I get to my new home, I find someone waiting for me at the door. Besides the hungry and thirsty women, who else will there be?

"Itching again?" Yang Yu asked.

The woman nodded.

After entering the living room, the light didn't turn on, so Yang Yu took the thirsty woman to the sofa and satisfied her.

The next day, Yang Yu slept in.

Then I went to the village committee on duty and held a meeting.

"Village head, this is ridiculous. It's a wonder to help a pair of ghosts find relatives." Some cadres laughed.

"If your house was built on a mass grave, you wouldn't think so." Yang Yu went back to the top, and the cadre couldn't laugh at once.

"But we have to find a psychic for this, or we'll invite the psychic that master Mu invited last time back?" Zhao Hai suggested. Yang Yu thought about it. He didn't have Yin and Yang eyes. The girl was only four years old and couldn't speak clearly. It seemed that it was a good choice to ask the psychic to come back, so he nodded and agreed.

At this time, someone pushed the door in and said, "village head, there are police looking for you outside."

"Well, let's break up first. I'll leave it to Director Zhao. And come to Uncle Wu's with me. " Yang Yu said that after sorting out the documents, he went out with Zhao hai to meet the police.

"We are still investigating the skeleton in the village." It's Lin xueru.

"When you become a full-time official, your tone has changed and you have become arrogant." Yang Yu

said with a smile.

Lin xueru was just born. If she didn't follow officer Lei, how could she develop so well? You see, she now has two police officers in the back.

"Go, get down to business. It's not easy to come." Lin xueru joked.

"Nothing serious. Help with some farm work." Yang Yu said with a smile.

Lin xueru's head grew bigger and said angrily, "I'm very busy. I've been back and forth to your village for one day. Don't fool me."

"It's really farm work. I've already got hoes ready for you." With that, Yang Yu really took out two hoes and handed them to Lin xueru. Lin xueru was mad on the spot.

"Why can't you be so calm? I don't want to give you a chance to do meritorious service." Yang Yu taught a lesson.

As soon as Lin xueru heard that he had a chance to do meritorious service, she thought that Yang Yu might solve the case, quickly took the hoe, divided it, and said with a smile, "does the skeleton in the well know who killed it?"

Yang Yu laughed and said, "come with me."

Lin xueru follows Yang Yu and goes to Wu Kun's home. Wu Kun, his wife Zhang Feng and his eldest son Wu Dadu are at home. Unexpectedly, brother Niu is also at Wu Kun's home. Seeing that Yang Yu brought several policemen to his home with a hoe, Wu Kun was bored and asked, "village head, what does that mean?"

Yang Yu laughed and said, "Uncle Wu, I've seen a lot of evil things. I've even seen ghosts. I've really seen them. But this man can't be killed and disappeared for no reason. I don't believe this evil. Today, even if I tear down the foundation of your family and dig three feet, I'll find your son."

Yang Yu's words are inexplicable to Lin xueru. After listening to Wu Kun, he was also grateful and helpless. He thought to himself: why is the village head so stubborn? Even I'm not ready to find him. He still wants to find him. At this time, Wu Kun's wife Zhang Feng came up in a hurry and said with a smile, "village head Yang, we've found all the places we should look for. No one. We're also in a hurry. I wonder if we'll really climb out and get lost." "Yes, could it have been caught by a trafficker?" Zhao Hai also increasingly thinks that this is more likely.

"Uncle Wu, I said the same thing at the beginning. If you don't believe me, you think the child is at home and death is at home. As a village head, I don't want to meddle in such matters, but I've already done it, so I have to do it to the end. I'm here today, and the hoe is ready. I'm going to dig three feet to show you whether the child is at home or not." Yang Yu said this to everyone.

"My house is still under construction, so I'll go back first." Brother Niu, seeing what happened here, has nothing to do with himself and is ready to leave.

Yang Yu stopped him and said with a smile, "brother Niu, you can't go. You have to be our witness, so as not to say that I am the village head bullying Uncle Wu." With that, Yang Yu said to Lin xueru, "what are you doing, digging?"

"What a dig?" The two policemen also dug up bodies, but they didn't dig them that way.

"Just dig in the backyard." Yang Yu himself took the lead, went to the backyard, raised his hoe, and began to dig. He didn't believe in evil. How could the child be missing? He's going to dig out three feet of ground.

When the other two policemen saw this, they started digging along with them. Zhao Hai looked at it and had no choice but to dig along with the village head. But Zhao Hai did not believe that the child would be buried in the ground.

Wu Shuhe and Zhang Feng looked on, at a loss. It's not to stop, it's not to stop, it's really uncertain to dig down the house like this.

After digging a hole here and there in the backyard for only ten minutes, Yang Yu was very tired. Of course, nothing was found. How could there be a corpse? Jokes.

"I don't think there will be a backyard. I really don't believe it. Let's go and dig in the backyard." Yang Yu said, just got up and left, found that the door of the courtyard was locked.

As soon as Uncle Wu saw it, the backyard had been dug, so let it go. But Yang Feng said, "it's been several decades since you went here? Isn't that right? "

"Sister Feng, the bones were dug out in your well last time. I'm sorry to say that you are both suspects now. Officer Lin, am I right? " Yang Yu asked.

"Yes. The skeleton is found in your house, and the well belongs to your family. So at present, you are all suspects, but we are still testing the skeleton. We will find you to investigate and collect evidence at any time. " Lin xueru full of a detective's tone, more and more appearance.

Yang Yu snorted coldly, raised his hoe and smashed the lock with a slap.

This time, Yang Yu and the police were more energetic. It took nearly 20 minutes to dig, but there was nothing. Lin xueru couldn't see it any more. She went to Yang Yu and asked softly, "brother Yang Yu, what are you doing? Are there any bodies here?"

Lin xueru's words just finished, suddenly, a policeman called: "xueru elder sister, you come to have a

look."

This shout, all people surrounded in the past, only Yang Yu did not past. All of a sudden, a stench came.

"Wu Er, is it really Wu er?" Wu Kun's eyes are about to fall out, followed by a burst of crying. Zhang Feng is also like this. Seeing her son here, she cried even more.

"Aren't you all surprised? How can a child be buried here?" Yang Yu asked with his back to the crowd.

"Mr. Yang, what's going on? I'm confused. " Zhao Hai asked.

"It's like a secret room. The door is locked outside. On the one hand, it can't climb up the back mountain. On the other hand, it can't go down the wall, which is dozens of meters high. The only wall has no sign of climbing. There is an old lady sitting outside all day, and she hasn't seen anyone. So, there are three possibilities in this secret room. First, Uncle Wu is lying. The child doesn't have this room. " When Yang Yu said this possibility, he specially took a look at Uncle Wu.

"Wu Er is Uncle Wu's child. How can Uncle Wu lie?" Zhao Hai helps answer a way.

"I'm not sure. Look at this jade." Yang Yu suddenly grabbed a piece of jade from his pocket and said, "I asked Wu Da about this jade. He said it belongs to his younger brother." Yang Yu said and showed Wu Da the jade.

"It's really my brother's. There's a two behind jade, which means Wu er." Wu said it again.

Yang Yu picked up the jade and looked at it again. He said, "there are two marks on the back of the jade. I thought it was two. But when I look at it carefully, I find that there are two very weak strokes on the two, one skimming and one erecting. Isn't that the word Niu?"

With these words, many people's faces changed, especially those of Niu Ge and Zhang Feng.

"Mr. Yang, you can't talk nonsense." When brother Niu heard this, it was obvious that Yang Yu was insinuating. He said immediately.

"If I were Uncle Wu, if I suspected that my son was not my own son, I might make up a story to deceive you. I'm not sure." Yang Yu glanced at Uncle Wu and saw that Uncle Wu did not cry. His face was very ugly. It seemed that there was a burst of anger.

"If I knew that this son was the seed of my wife and other men, plus Wu er's stupefied head, I might kill him!" Yang Yu put the word "kill" very seriously."Village head Yang, you can't talk nonsense. With a jade, what can you say? Whose child is? I know best. I didn't steal any man behind my husband's back. Don't spill your guts. How could my husband kill his son? " Zhang Feng is angry. Village head Yang is guessing out of thin air. How can she be so vilified?

Uncle Wu's face was even worse. He clenched his fists in both hands, like a lion that might explode at any time.

Zhao Hai, Lin xueru in this atmosphere, do not know how to interrupt, just quietly listening.

"Do you know where I found this jade?" Yang Yu asked. Seeing that no one asked directly, he continued: "it's in the well. We came to inspect the well that day. When I went down, I accidentally touched it."

Zhao haizou frowned, and he was there that day, but Yang Yu never said that.

"How could this jade be in this well? The well has been sealed for decades. I don't believe it either, but Puxian Bodhisattva said that the child is in the place where there is water. I think about it and think about it. Only this well has water. Unexpectedly, I found this jade." Said Yang Yu.

After hearing this, Zhao Hai asked, "village head Yang, did you say that Wu ER was in this well before?"

Yang Yu nodded.

"Then why weren't we there when we were checking the well? Why move the body?" Asked Zhao Hai.

"I think that's because the murderer knew that I was suspicious of the well. In particular, I asked you to go to Yunv village and other places to find out where there was water. This may have alarmed the snake, so the murderer took the risk to move the body. The body was retrieved from the well and buried here." Yang Yu explained.

"How do you know, village head, that children will be buried here? Not buried outside?" Zhao Hai asked again.

"I don't know. I'm just betting. It's just that I'm lucky to get it." Yang Yu said again.

"Who's the killer?" Lin xueru asked directly.

"Uncle Wu, Wu Er is a bit silly, but he is not mentally retarded. Why do you always lock him at home? According to Wu Da, you often beat him. Did you know that he was not your own son, so you killed him? It's easy to understand the hatred in the heart." Yang Yu asked.

"I didn't." Uncle Wu said simply.

"I believe that Uncle Wu can't move the stones in this well, but brother Niu, you should be able to carry them, right?" Yang Yu suddenly pointed at brother Niu.

This caught brother Niu by surprise, and Yang Yu suddenly mentioned his name.

"Mr. Yang, don't talk about it. It's murder. Besides, what's my motivation? "Brother Niu didn't expect that village head Yang would doubt himself.

"Wu ER was locked at home one night. What would happen if you cheated with Sister Feng and were seen by Wu er? "Yang Yu is guessing again.

"Village head Yang, you can either come up with the evidence. If you don't have the evidence, don't smear my innocence here. "Zhang Feng has become very fierce. The rabbit bites when it's urgent.

"Evidence? What do I need evidence for. If the murderer is really you two, if Wu Er is really your brother Niu's son, you two are more painful to live than to die. "Yang Yu angrily said, went to Lin xueru, whispered:" the rest to you, can you handle it? "

Lin xueru said with a smile," do you think I'm useless? "

without saying much more, Yang Yu went out of the door of Wu Kun's house and looked at the Yunv village. There was a knife on the color head. Zhao Hai also followed out in a hurry.

Lin xueru looked at the people present and said, "do you think we really have no evidence? There should be your fingerprints on the rope that fished the body out of the well, right? Maybe your fingerprints are on that rock, too? As soon as the coroner's office has issued a warrant, I'll check the cause of death. Of course, I will check Wu er's DNA to see whose child he is, brother Niu. I hope it's not yours, or you will kill your own child yourself. "

brother Niu's face is black again.

Zhao Hai followed Yang Yu and admired him. He said, "village head Yang, I really admire you. How can you expect things so well, and you are so bold to guess. I didn't expect it to be like this. "

" director Zhao, it's human life. It's more heartbreaking to wrongly someone than to kill someone. How can I guess? "Yang Yu said with a smile.

"Then why did you come up with the idea that brother Niu and Sister Feng stole it? How can you guess that they killed Wu er? You know, Wu Er is Sister Feng's own son! "Zhao Hai still doesn't understand.

"Last night, Sister Feng and brother Niu were caught stealing in the woods behind the school. The stone of that well is not something that ordinary people can resist. Of course, the most important thing is that on the day of Wu er's accident, someone saw Sister Feng coming back from her mother's house and brother Niu sneaking into Sister Feng's house. This is one of the conditions for my bold reasoning. As for why I would treat my own son It's a mistake, I think. You can imagine a scene in which Wu Er sees his mother and uncle Niu doing a lot of work in bed. He is trying to tell his father that brother Niu won't let him. On the spur of the moment, he may push and beat him. With brother Niu's strength, Wu Er can't stop him. "Yang Yu also thought about all kinds of scenes in his mind, but he was most likely to be killed by mistake.Of course, the final results also need forensic and on-site identification results. But nine

times out of ten, the truth can't be wrong.

"Village head, I still have a question in my heart. "Zhao Hai asked again:" I heard Uncle Wu say that he asked for his son's autograph and calculated his life and death. It's true that Puxian Bodhisattva is accurate. But the missing time and Puxian Bodhisattva's calculation time have been one week. Do you think that Puxian Bodhisattva's calculation is wrong? "

" ha ha, Bodhisattva Puxian did not miscalculate. "Yang Yu said with a smile and strode forward. He is also more and more curious about this Bodhisattva.

Zhao Hai Leng in situ, do not understand, not wrong? How could it be seven days different? All of a sudden, Zhao Hai suddenly realized that a thought that was not cold but millet came out and said to himself, "is it true that Wu Er didn't die after he was thrown down the well? But lived in a well for seven days and died? "

this time, Zhao Hai was so scared that his eyes fell off.

Everyone in Wu Kun's courtyard was busy digging up the corpse. The well, which had been sealed for dozens of years, did not move. Through the big stone, he entered the dark bottom of the well. The bottom of the well was tens of meters. It was as silent as death. Here a boy was lying in the water, his leg was broken, and there was a wound bleeding on his head. He looked up and looked up, and it was sealed by the stone.

He wanted to shout, but he didn't have the strength. When he cried out, there was no sound outside, and no one would pass by.

He wanted to climb up. His nails dipped into the well wall, and all he grasped was blood. There were scratches on the well wall. He slowly felt hopeless, and his life passed by little by little. This well became his final destination, and he also spent the most painful seven days in his life.

But what made him more miserable was that he never went out of his own home and played with other children. He didn't even have childhood.

Yang Yu once came here and looked at the well. At that time, Wu ER was still in the well and had the last trace of life. However, Yang Yu passed him by.

This afternoon, Yang Yu just wanted to take a nap, but he answered the phone. Su Yan called, the purpose is very simple, want to invite Yang Yu to dinner.

Yang Yu doesn't dare to go. You know, I'm afraid of aunt Dong Lin. now that I don't worry about the

sales channel, I naturally don't want to have anything to do with aunt Dong Lin. However, Su Yan said at any rate, Yang Yu also had no way, at any rate before Su Jian's reign, also helped himself.

Su Yan said that in the hotel, Yang Yu drove a car and went. Originally, he thought that Su Yan was the only one who went. He knew that Su Jian and aunt Dong Lin were there. Yang Yu immediately had the bottom of his mind.

Yang Yu said hello and sat down beside Su Yan, but his eyes didn't dare to look at Aunt Dong Lin.

This meal is very common, of course, the food is very delicious.

It seems that Yang Yu and his younger generation don't know how to call themselves "Jian"? Call elder brother, age is wrong, oneself can do his father, Yang Yu has no official position, title cannot call.

"Brother Yang Yu, my father, I want to ask you to help me." Or Suyan see Dad's embarrassment, said words for Dad.

"Me? What can you do for me? However, uncle Su said, "whatever I can help, I will try my best to help." When Yang Yu came here, he knew that Su Jian must have something to ask himself, otherwise Su Yan would have come by himself, but what can he do for him? Yang Yu didn't know what to do, and he didn't become a senior official.

"It's like this." Su Jian coughed and said, "as you know, I was with the Secretary of the municipal Party committee and was framed by Secretary Wang. Now the main culprit is the mayor. If the mayor doesn't mind the past, he will see if he can give me this official position"

after listening to this, Yang Yu knows on the spot that Su Jian wants to restore his original position. Is Yang Yu still framed I really don't know, but it's secretary Wang who made it.

"Uncle Su, you know, I'm not a man in the officialdom. Although the mayor is my brother, you should understand that some things are all superficial." Yang Yu wants to say that some things are superficial, even if they are brothers. In fact, there is no real "love" in them. A lot of things are for outsiders to see.

Su Jian is a veteran. Of course he can understand that.

"I know brother Yang is going to open a nightclub. Although I can't help him, I've been in the officialdom for a long time, but I have some connections that I can support him." Su Jian knows that there is a trade in everything. If you don't give others any advantages, how can others help you?

"Uncle Su, I'm a serious nightclub. I'm afraid it's not enough for you. Ha ha, drink the bar." Yang Yu said and raised his glass.

As soon as Su Jian saw it, Yang Yu raised his glass, which means that it was done. He also raised his glass in a hurry, and Su Yan and aunt Dong Lin raised their glasses with him.

"As for you, drink and play again. I'll go back with your mother first." Seeing that the matter was settled, Su Jian paid the money wisely and left with his wife.

The rest of her daughter is here to get in touch with Yang Yu.

"We've had enough to eat and enough to drink. Where's our next stop?" Su Yan said with a smile.

Yang Yu can't say the word "open a house".

"Sing, I haven't sung for a long time." Yang Yu said.

Su Yan looked at the time. It was only half past eight, and he said, "are we two, or do I call my sister out? Be lively. "

"Your father allows you to play outside now?" Yang Yu asked.

"No, my father allows me to play with you now. I haven't been high with them for a long time." Su Yan said.

Yang Yu actually doesn't matter. How better women come.

"Anyone I know?" Yang Yu asked.

"Ye Qinqin, Xia Tong, these two you know, there is one, see if she comes." Su Yan said.

"All right, there are so many people." Yang Yu replied.

So, decided to go to KTV singing, Yang Yu has not been so relaxed for a long time, there are a few girls waiting, why not?

At nine o'clock, Su Yan opened the room first and kept the room all night. Then she waited for Su Yan's sister to come. Listen to Su Yan say, ye Qinqin and Xia Tong have a boyfriend. Another sister, Yang Yu, had never met, but she arrived first.

"Ah, girl, are you coming?" Su Yan obviously had a good relationship with her. She rushed over and then introduced her: "Yang Yu, this is my best friend Chen Niu. You can call her chick. This is my friend, Yang Yu. "

"Hello, Su Yan always mentioned you and said how handsome you are. Now I finally see you." Chen Niu's eyes have been looking at Yang Yu.

"Then I'll let you down." Yang Yu also said modestly, looking at this woman called Chen Niu, it's really tasteful, especially the dress style, unique, the figure is also great, painted light makeup, just right.

"No, more handsome than I thought." Chen Niu is very easygoing.

This side just finished, ye Qinqin and Xia Tong also came, did not bring the boyfriend to come."Yang Yu, long time no see. I heard that you are the mayor's brother now? " Yang Qinyu pushed her way, but she had to know as soon as she ate.

"You're well informed." Yang Yu said with a smile.

"It's just a little wine. How can it be enough? It's called wine As soon as ye Qinqin came, the atmosphere became active.

"You'd better drink less. Last time you were drunk at KTV, even your boyfriend admitted that he was wrong." Xia Tong said with a smile.

So, everyone was drinking and singing in the box, and the atmosphere was good. Yang Yu peeks at these three women from time to time. Ye Qinqin is really uninterested. Xia Tong is OK, but Chen Niu is the most tasteful. It's said that she is also single.

"Qinqin, you have a boyfriend. Don't lean on Yang Yu." Su Yan said, see ye Qinqin to Yang Yu or so ambiguous, a little can't see past, but there is no way, this bitch has always been like this.

"You are jealous. My boyfriend is not here. What are you afraid of? " Ye Qinqin has always been such a character. Moreover, he loves to drink. He gets drunk every time. When he gets drunk, he goes crazy and does everything.

"You'd better drink less, or you'll take off your clothes again later." Xia Tong also added.

Yang Qinyu's bitter smile is true.

"What's the matter? My boyfriend and I did it in this KTV last time. Xia Tong, it seems that you were there that night, too? We spent the night in the box. Didn't your boyfriend? " Ye Qinqin has begun to get a little bit on top.

"Hey, what are you talking about? It's you. I don't have it." Xia Tong quickly explained.

"Yang Yu, is Su Yan your girlfriend?" Ye Qinqin suddenly took on Yang Yu all the time and said, "if so, it's exciting to do it here. Ha ha

"Hey, you're drunk. Shut up." Su Yan's face is red.

Yang Yu can't listen any more. He's going to go to the toilet. These louts are really better than those village women in the group.

It was drunk until zero, and everyone was a little drunk. Especially the three people, their faces are flushed with drink. Ye Qinqin falls into Yang Yu's arms and shouts to drink. Su Yan has been leaning to sleep.

"I'm going to pee." Chen Niu also drank a lot, stood up to go to the toilet, the whole person staggering, almost fell. Yang Yu quickly held her and said, "I'd better send you there."

So Yang Yu helped Chen Niu, who was a little drunk, to the women's room.

Originally, she helped her to the door, but Chen Niu still couldn't stand steadily. When Yang Yu saw that there was no one in the women's toilet, he simply helped Chen Niu into the women's toilet and found a box for her.

"Come on, I'll wait for you outside." Yang Yu just finished, ready to leave.

Chen Niu grabbed Yang Yu, put her arms around Yang Yu's neck, and closed the door of the box by the way.

"You're drunk." Yang Yu said. Want to try to open Chen Niu's hands, but Chen Niu's whole person is stuck to Yang Yu's body.

"Do you think I look drunk? We all come out to play. I heard that ye Qinqin had eaten under you. " Chen Niu knew about it. After playing together for such a long time, there are many secrets between the sisters, especially the secrets of men.

"You want to eat, too?" Yang Yu asked with a smile.

"Well. But I don't like to take the initiative. " Chen Niu said.

Yang Yu did not understand for a moment, which woman does not like to eat? Is it active or passive?

"How do you eat that?" Yang Yu asked.

Chen Niu put her ear to Yang Yu's ear and said softly, "I like to be forced to eat by you in the KTV box."

"You like to be raped?" Yang Yu seems to have heard the meaning of this. The taste is very special. Yang Yu also likes this kind of taste. In front of your sisters? It's a little abnormal in my heart, but Yang Yu likes it.

"Well, don't you dare? In front of my sister. " Chen Niu must play this, only this can make her happy.

Yang Yu took a look at Chen Niu and looked at her figure. She was very strong and full of femininity. But in front of the sisters, there are still some risks. Although I played in Xie Qiuqiu once before, this time I have an ambiguous relationship with Su Yan. It's developing towards men and women. If she rapes her sister in front of her, maybe this man and woman can't be her friends.

"I dare not." Yang Yu said.

"Are you worried about Su Yan?" Chen Niu asked. Yang Yu nodded. Chen Niu thinks that Su Yan is her best friend after all. Although Yang Yu is not her best friend's boyfriend, they are in love. If they have a relationship with her best friend's boyfriend to be, they can't be her sister.

"Well, if you come to me tomorrow, I'll make you happy." Chen Niu said. Yang Yu nodded. They went back to the box. Almost all three women fell on the sofa. It's hard to send them back. I'm afraid they can only stay here like this.

Yang Yu sits beside Su Yan and takes the initiative to hold Su Ya in his arms. Su Yan opened his eyes to see one eye, is Yang Yu, also did not speak, the whole person pressed on his body.

Chen Niu's energy is good, still singing, wriggling in front of Yang Yu, still staring at Yang Yu. Xia Tong wakes up occasionally, also roll in the corner of sofa to continue to sleep. Ye Qinqin began to snore. It's said that Yang Yu didn't feel it.

At this time, Yang Yu stretched out his hand and went in from his clothes.

Everyone in this KTV all night crazy one night, the next day are dizzy to go back to rest.

Before leaving, Chen Niu also seduced: "remember to rape me."

Yang Yu shook his head with a wry smile and drove to his own spring night club. Early in the morning, it was time for them to close down. Yang Yu bathed and slept in his suite. When I woke up, I called the mayor. Although I was a little embarrassed, the mayor just wanted to talk to Yang Yu about things, so I waited for Yang Yu to go home for dinner after work.

Yang Yu arranges and checks all kinds of work in the nightclub in the afternoon. Before that, he put all his energy on the vegetable basket. As a result, he has become a chicken rib. He can't make it up or down, and now he's just messing around. Moreover, even the money invested in the machine hasn't been earned back. Last time, it was made and lost.

So, now Yang Yu put his mind on the nightclub. A chain of nightclubs is being renovated and is expected to open next month. But it is still a big problem to run on both sides of the country and the city. If the nightclub is really open, maybe I will quit my job in the school and become a teacher? It's only a few yuan. It's true that I can't bear the girls and village women there.

That house is considered as a pension, not to mention the aunt family can live.

"Director, do you want to go to the chain store?" General manager Liu Guangqiang asked.

"Next time, let's talk about recruitment." Yang Yu said: "I want to transfer one-third of the people here to go there. There will be new recruits here, and there will be new recruits there, so that the old employees can bring each other. There are leaders. Do you have any suitable candidates? "

"I'll discuss it with the personnel department. I really agree with the director's arrangement. " Liu Guangqiang thought to himself: this wise man is young, but he still has an overall view.

"One more thing, I'm not familiar with the recruitment of waiters?" Yang Yu originally wanted to say "Miss", but after thinking about it, he was doing a serious job. How could he say "Miss", so he changed to a waiter. Of course, Liu Guangqiang understood the meaning of the waiter and said with a smile, "we do have some channels in this area. If the director wants to know about it, he can do it."

"Tell me about it." Yang Yu leaned back on his chair and was really interested in listening to this.

"Ordinary channels are similar to general recruitment, advertising stickers everywhere and posting on the Internet, but for recruitment in schools, young model circles and entertainment circles, we all have secret channels and cooperate with each other. The quality of recruitment is also high. At the same time, we also have contact and cooperation with the girls in the red light district." Liu Guangqiang gave a general introduction. Yang Yu is very interested in this special channel, but he is not in a hurry. He slowly understands it and goes on to say: "we are still the slogan of the past. Service and safety are the first, especially the safety. There must be no loss. We must have a regular physical examination for sexually transmitted diseases. If there is a problem, we should go to the treatment, and the rate found in the recruitment should not be the same."

Yang Yu is also most afraid of sexually transmitted diseases. He is afraid to go to the red light district. The biggest knot in his heart is here. If he fails, he will be hated forever. Therefore, if he really wants to do this business, safety must be the first, otherwise, he may be caught.

"Yes, but on the government side," he stammered.

Yang Yu can understand a little bit, do this line, there is no backing up certainly not, but before who is the backing? Yang Yu doesn't know, but now that he has changed his boss, Yang Yu has to go and greet him.

"What used to be?" Yang Yu has no experience in this field.

"Generally, the directors of the Public Security Bureau, the Cultural Bureau and the industrial and commercial bureau all have to walk around. There are also some people who can walk around and give something away every year. However, the most important thing is the Secretary of the provincial Party committee. " Liu Guangqiang said with a smile that he knew something about this kind of thing in the past. People from COSCO were behind the scenes.

When Yang Yu patted his forehead, he didn't expect so much. What's more, the biggest supporter was the Secretary of the provincial Party committee. No wonder Secretary Wang couldn't do anything with the spring night club and didn't dare to provoke. So it is.

"OK, I'm going to have dinner with the mayor tonight. I'll find out what the mayor says first. I'll go to see the Secretary of the provincial Party committee some other time. As for other bureaus, we'll go to visit when we have something to look forward to." Yang Yu said.

Liu Guangqiang was worried that he could not understand the old saying. As a subordinate, sometimes I'm afraid that the boss can't handle it. In that case, I'm not steady at work. You know, I may be arrested every day. How can I serve the guests well?

Yang Yu spent the whole afternoon understanding and arranging his work here. In the evening, Yang Yu bought some ordinary specialties and went to the mayor's house.

"Sister in law." It's sister-in-law who opens the door. This sister-in-law, Yang Yu does not dare to have an idea. Before aunt Dong Lin took the initiative to do it with Yang Yu, Yang Yu was scared to death. This brother is the mayor's wife, and Yang Yu does not dare to have an idea.

"Uncle, here you are." The mayor has a daughter. It looks like I'm in my sixties. This time, when the family got together, the mayor felt that half of the credit was given by Yang Yu. A 16-year-old girl is very mature. She is no different from a woman in other aspects except tenderness.

The mayor's daughter also inherited the spirit of her sister-in-law. She was a very clear girl. The children of high-ranking officials have high literacy.

While his sister-in-law was cooking dinner there, Yang Yu and his niece Hou Qingqing were watching TV on the sofa, chatting and waiting for the mayor to come back. Until eight o'clock, the mayor came home.

"I'm so busy every day. Yang Yu, you're here. It's rare to get together." Mayor Hou Weinan is still very kind and regards Yang Yu as a member of his family.

The mayor is not a local, so his parents and relatives are all in other provinces. The whole family is here, and his sister-in-law and daughter are taken over by the mayor after his recovery.

At the dinner, the mayor had another drink.

"Well, you don't know how I've been through these years. I have a mind, but I'm not controlled by myself. My family comes to see me, but I can't say a word. My body is my own, but I can't control him." Every time the mayor thought about these years, he felt pain in his heart, his eyes were red, and he drank a cup of Shaojiu.

"That day you came to me, I still don't know who you are, but when I saw the thing in your palm, I was

shocked. I know that you can save my life, you are my life-saving straw." The mayor thought of that day, still let him very excited, that day he desperately struggle, results in the evening, spit out a few insects.

"For me, some things have gradually become my job." Yang Yu said that many experiences are unimaginable and strange.

"But there was something from Secretary Wang. Forget about the past. Come on, do it. We'll all be our own people from now on. " The mayor is very satisfied with his present life and regrets that he has listened to villains. This is a bloody lesson.

"But today, I want to talk to my brother about something." Yang Yu said, although the words are a little straightforward, but still have to speak out.

"It's about the nightclub, isn't it?" The mayor said with a smile.

"Brother, I'm very good at predicting things." Yang Yu replied with a smile that since the mayor said so, Yang Yu was relieved.

"I've thought about it, but it has to be a serious business. Entertainment is OK. The government's policy doesn't say it won't support it. But if it involves pornography, gambling and drugs, I can't guarantee you." The mayor said with a smile. To this sentence, Yang Yu is not easy to understand.

Brother is the mayor, so it must be said, but does it mean that he is allowed to do it himself? If so, where is the degree? How big is this degree? Yang Yu did not dare to guess.

After thinking about it, Yang Yu immediately said: "my younger brother will definitely not do this illegal thing. Everything is in accordance with the national laws and regulations. We are just accompanying our guests, relieving their boredom, playing games, massaging and so on, or performing on the stage. But this gambling and drugs, certainly will not touch, it is a waste of money, but this yellow, certainly can not, also resolutely crack down on, just Yang Yu wants to say, you say yellow, then what is yellow? Is my stripper yellow? Is my serious companion Huang? There is no such standard in it.

"Ha ha, you drive first, then I'll check it for you. If it's too late, I'll do things according to law. This public security bureau, industrial and commercial bureau, Cultural Bureau, I will go to say hello. This time the Murong group has fallen, it needs someone to take over and plug in. " Said the mayor.

After listening to this, Yang Yu knew it.

After coming out of the mayor's house, Yang Yu made a phone call to Liu Guangqiang in a hurry to show his attitude about what to do, what to do and what to pay attention to. Let him speed up the chain arrangement.

But Yang Yu is still thinking about a question: what should he give to the mayor who has given him benefits?

Yang Yu thought about it and came up with an idea: shares. It's really a good choice to use shares to hold these people. Once an accident happens, everyone will suffer, but they also have a backing. But the only bad thing is that these people's shares are in vain. Yang Yu is a little reluctant to take it out. You know, it's all money.

But if you want to build an iron triangle, the tighter the connection, the more stable the tripod will be.

Yang Yu wants to call Zhang Liang and brother scar and get together to see how the brothers are developing, but it's a little late. Yang Yu thinks about it, or go to find Chen Niu?

Chen Niu's taste can't satisfy her any more. Yang Yu is thinking, how about something exciting? Doesn't that girl like violence? Then give me some violence? It seems that violence alone is not enough. It's not realistic enough. It's not really beating people, and the other party is not really resisting. If you want to be real, you have to play a real trick. It's difficult.

After thinking about it, it turns out that women's fate is too good and they have too many choices, which is also a sin. Finally, Yang Yu went to Luoxi, where the girl had the best ability to serve men. Besides, Yang Yu wanted the model car to work in his nightclub.

"Go to a nightclub? Do you want help?" Luo Xi is very surprised, listen to Yang Yu say, want her to go to night club to work, the first reaction is like this.

"Foreman. Generally, I don't need to. I can't protect you if there are guests of high status who like you" Yang Yu said.

"I'm not going to pick up the guests." Said Luo Xi.

"Once in a while, you mainly take care of the group of waiters." Yang Yu said.

"Well, I'm your woman now. I'll listen to you." Said Luo Xi with a smile. Yang Yu is like so obedient, said: "come on, bitch, serve me."

Luoxi pulled Yang Yu up, pushed him to the toilet and said, "Oh, you go to take a bath first. I'll eat your whole body later. You've seen my tongue. "

There's such a woman as a slave to herself, but it's good, and it's also a sex slave, the kind you can abuse.

After taking a bath, Luoxi did eat Yang Yu all over again, which was called a cool. When Yang Yu was satisfied with the meal, he became violent, grabbed Luoxi's head and pressed himself desperately. Luoxi had only been abused, so he didn't dare to resist. Finally, Yang Yu forced Luoxi's head down, stuck it in his throat, and then peed in.

Luo Xi struggled with his life, but Yang Yu held him down. There was no way.

"You are a good slave." Yang Shuang pees from Meiluo river.

Some women are born to be slaves.

The next day, Yang Yu wanted to go back to the village. He was a little tired from such a busy life. I didn't expect such a turning point in my career before. I really can't plan my life. It seems that the beautiful rural life of yunu village will be used to provide for the aged.

Or when you marry three wives and four concubines, it's good to go back to live.

Along the way, Yang Yu went to see Zhang Liang and scar brother to see how their underworld developed.

"Our team is constantly expanding, but it's a bit chaotic without brother Shan and the Black Hawk gang. Now there are a lot of people who want to be the big brother. It's a bit like the Warring States period." Zhang Liang said.

"What? Isn't your appeal enough? " Yang Yu asked curiously.

"Young people are crazy now. Just teach them a lesson." Scar is optimistic.

"I've said hello to the mayor. My nightclub, gambling and drugs definitely don't work, so if you want to work in these two fields, I have to get rid of you. I'm also going to open a nightclub in the county." Yang Yu said.

"Brother Yang, you can open a nightclub without gambling or drugs, but we gangsters can't do without gambling or drugs. The money from nightclubs is not enough for brothers. But if we don't open a nightclub as a front, how can we get along? " Zhang Liang told the truth.

The pornography, gambling and drugs are bound together. If we don't open nightclubs, how can we engage in gambling and drugs?

"I will not do this illegal thing. You have to find another way. " Yang Yu's attitude is very firm. He doesn't want to put his lower body in.

Since Yang Yu doesn't want to do illegal things, Zhang Liang and brother scar have to come by themselves. Brother Shan was gambling before. Brother scar's heart is a lot harder. He wants to do poison. This poison is more harmful than gambling. But it's the harm that makes money. Yang Yu wants to develop the iron triangle, but for the underworld, he just wants an umbrella. If something goes wrong, he can have the backing of someone to do it. You say, if you directly let him do something illegal with the underworld, Yang Yu will not do it. In this way, it will become a business between Murong group and Black Hawk gang.

If one side collapses, the whole tower will collapse. Yang Yu thinks that if one side collapses, he can still move, but if others want to move him, there are two sides to help him.

The abacus is very good, but not everyone is a donkey.

Yang Yu likes the bright style of city girls and the dark style of country women. It's better to live in the countryside and have fun in the city.

"The psychic will be here tomorrow." Zhao Hai said when he saw Yang Yu. Yang Yu nodded and asked him to prepare for the reception. Yang Yu himself went to Aunt Chen Xue's home and told her the story again, so that she would have a psychological preparation tomorrow night.

This psychic medium is very powerful. If it wasn't for his help, something really happened in the last ghost marriage. Yang Yu's experience of that ghost marriage also left him with a lingering fear. I hope this time, don't make a mistake. Then I went to school.

"Miss Yang? "After school, Lin Zhiyu stopped Yang Yu.

"What's the matter?" Yang Yu asked.

"Next weekend, our village is the milk Festival. Would you like to come?" Lin Zhiyu said.

Poof! Yang Yu hasn't vomited blood like this for a long time.

"What festival?" Yang Yu stares and asks again.

Lin Zhiyu did not miss a word of the answer: "touch milk Festival! A man can touch anyone's chest in the village. And women are willing. "

"There are all kinds of strange things in the world, and this kind of festival?" Yang Yu said to himself.

"It's a traditional festival in our village. If you want to touch me, please remember to come here. If you have a pair of eyes, you can go straight to the woods. " Lin Zhiyu laughs and makes a face at Yang Yu.

Yang Yu Leng is there, this festival is good, this festival he likes. Quickly opened the mobile phone, google up. In the Sui and Tang Dynasties, many men died in battle without even holding a woman's hand. Therefore, in order to give some welfare to the dead, they held a memorial ceremony to touch their milk.

But why is there such a festival in Hongxing Village? But in the twinkling of an eye, also right, such a Sao village, no Sao point Festival how to line? The ratio of men and women is out of balance. In this village, how can we not give men some benefits?

Even if Yang Yu is tied up, he has to climb to participate in this festival. And in Yang Yu's mind, he already wants to touch the two women's things, Lin Zhiyu and Ziying. Ziying, in particular, is a woman of nearly 20 years old, but she is still very shy. She doesn't look like the coquettish girl in Hongxing Village at all. I don't know if I can touch her?

Yang Yu is looking forward to this festival.

The wind is high and the moon is dark. The moon is half covered by dark clouds. Those who hide dare not show their heads.

According to the Yellow calendar, today is a good day, full of Yang Qi, but Yang Yu didn't feel it.

The psychic is here. It's the last time. Yang Yu is right. His surname is Mao. But Mao Fang is not a posterity.

"Master Mao, this is it. It used to be a mass grave. There are a lot of ghosts." Yang Yu takes the psychic to Aunt Chen Xue's home. Chen Xue had already taken her two daughters to meet her at the door. Seeing the master coming, she rushed to send tea.

The psychic took the tea and took a look. Suddenly, it spilled out. This spill is nothing, but people were scared, it seems that just splashed something, white flash.

Chen Xue was stunned. She didn't know whether to continue to deliver the tea.

After observing the whole house, the psychic said, "whose soul are you going to recruit?"

"This house has been haunted. I've invited Taoists and eminent monks to drive away ghosts. However, it's only for a while. Recently, another mother and son came out, saying that they wanted to find her husband and always pester her. I was wondering if I could invite her to ask for the truth and return her wish, so as not to disturb us. Then I couldn't sleep." Yang Yu explained the situation.

"How do you know it's mother and son?" Psychic reaction is very quick, eyes sharp aimed at Yang Yu one eye, asked.

Yang Yu quietly put his mouth to the ear of the psychic medium and said softly, "it seems that the little girl has Yin and Yang eyes. She can see something." Yang Yu doesn't want to say that he has seen it.

The psychic did not speak, but walked around the house.

"Is that the devil?" Zhao Hai asked quietly after him.

No one answered him.

"When you built the house here, didn't you deal with the corpses and invite the soul?" Asked the psychic.

Yang Yu looked at Chen Xue. He couldn't answer this question. Chen Xue looked at Zhao Hai again and said, "my husband is not at home. When I got married, it was already built. My husband said that the village committee is responsible for all the handling."

As soon as Zhao Hai saw it, everyone's eyes peeped at him again, and he quickly waved his hand and said, "this is a long time ago. It was the work of the previous generation of village committee. Almost all the people of that generation died."

Yang Yu patted on the forehead, but also to wipe their ass.

The psychic's face became ugly. At this time, he found two eyes from the cowhide bag, which made everyone startled. Then he looked at the eyes carefully. Isn't it the cat's eyes? It's said that cat's eyes can see dirty things, so it's unlucky for a cat to come to the door.

The psychic took the cat's eye beads and thrust them into his eyes. Everyone was stunned. He didn't see the action clearly, so he just put them in. How could it be put in?

The psychic's eyes were fitted with cat's eyes, then walked around the house, finally took the cat's eyes and said, "no, it's a ghost's night."

"Ghosts travel at night?" Everyone repeats these four words.

What's the meaning of this ghost night trip?

The psychic finds a chair and sits down. As soon as Chen Xue sees it, she hands over the tea again. This time, master Mao blows the tea and drinks it.

"Master Mao, can this mass grave be cleared once?" Yang Yu can probably guess the meaning. It's no use even giving the mother and son a wish. This is a mass grave. I don't know how many ghosts there are. How can you come here? That's why Yang Yu asked.

The psychic shook his head and said, "it's too late. This mass grave was originally the land of the Yin family. When the earth was broken, they didn't invite a soul to set up a home for them. Now, even their bones are estimated to be gone, and they won't leave. Moreover, the people of the Yang have lived here for many years, and they have been absorbed by the Yang every night, which makes these ghosts more active. Now, the old house is a haunted place. Where can I move? " "Master Mao, what's the impact of the night travel of ghosts?" Aunt Chen Xue asked, what she is most concerned about is whether the people from the underworld will come to the underworld to make trouble.

"Hum!" Master Mao snorted and sneered at these ignorant people. He said coldly, "influence? Now the barren village has been shrouded by these ghosts. When it's ferocious, these unjust ghosts will break through the boundary of yin and Yang. At that time, they will absorb the Yang Qi of the whole village, and you will all become Yin dead. Why don't you run? "

" Yin dead? What is it? "Zhao Hai was so scared that he trembled.

"The Yin dead is that you are still alive and have life characteristics, but because you don't have enough yang to support your soul, you will be dead. "Master Mao explained.

Yang Yu listened and thought, isn't that a vegetable?

It's true that we often see the ghost on TV sucking Yang Qi, and then the living person dies. It turns out that he didn't die, but he just lost Yang Qi.

Zhengyang, Shenjing and Yangjing are not only used in traditional Chinese religion, but also in traditional Chinese medicine. This fortune teller often says that dark circles under the eyes, Yin Tang blackening and so on are all caused by the ghost's absorption of Yang Qi while sleeping. In traditional Chinese medicine, there is a saying of tonifying yang and nourishing yin. In fact, it is tonifying this Qi. Everything is universal.

"Master Mao always has a way, right? "Yang Yu asked. Although it was said that it was terrible, it has been a long time since the mass burial. It has been peaceful all the time. Why did all ghosts suddenly leave at night?

Master Mao made a divination with his fingers and said, "I'm afraid it's too late. Tomorrow night is the day of overcast. If the moon is still covered, it's the day of disaster for the whole village. Even if we start to layout now, it's too late. Besides, I don't know if it's OK. "

" if you can't, you have to have a try. No one will leave the village now. Everyone's roots are here. "Zhao Hai said eagerly.

"There's another way, if you really want to take a risk, but "the psychic touched his chin and said.

"But what? "Zhao Hai is the most urgent," he asked.

"But one person has to be sacrificed! "Said master Mao. This words a, all people are Leng, who will voluntarily die? No one has such awareness yet.

Yang Yu certainly doesn't want to die. It's such a wonderful day and there are so many women. This weekend is still the milk festival in Hongxing Village. How can he be willing to die?

Zhao Hai is also silent, and he doesn't want to be a ghost.

When everyone was silent, suddenly, a voice came from the night: "you are all reluctant to protect the village, so let me come."

"people were surprised to see her!

"Yang Lin? "Cried Yang Yu.

Zhao Hai's eyes are straight. You know, Yang Lin is not from this village. She has no need to step forward. She can leave the village and go home. Why should she stand up and think?

Yang Yu steps forward, pulls Yang Lin up, goes to one side and whispers.

"What do you want? Didn't master Mao say that he would die? "Yang Yu said in a hurry. He didn't want Yang Lin to die. It's not her turn to sacrifice.

"Well, who else? Do you like it? "Yang Lin asked with a smile.

Yang Yu was asked to be silent. He was not a saint, so he would not do such stupid things. But the women in the village really needed to be protected, especially many of his beloved women, cousins, cousins, aunts, lovers, and his schoolgirls.

"I know you dare not, because you still want to pick up girls. Of course, there is no free lunch in the world. You have to promise me one thing before I am willing to sacrifice. "Said Yang Lin.

"What's up? "Yang Yu asked.

"Promise me first. "Yang Lin put her finger on Yang Yu's lips and looked at him seductively.

"But you don't have to "Yang Yu thinks there must be other ways, even if you really want to sacrifice a person, you don't have to be Yang Lin.

"I've made up my mind. Just remember what you promised me. "Then Yang Lin went to master Mao.

When I saw master Zou Lin, I saw Yang Lin's eyebrows. "

do Yang Lin and master Mao know each other? Yang Yu had this idea in his mind.

When master Mao saw Yang Lin, he seemed very surprised. He was stunned and finally said, "it's you! "

no one understands the conversation.

"Village head Yang, if you don't have any suggestions, this matter will be settled first, and I'll make arrangements? "The psychic said to Yang Yu.

Yang Yu thought for a moment, time does not wait, can not do nothing, do not sacrifice Yang Lin, perhaps there is a chance to recover, said: "first arrange things." "

Master Mao nodded and said, "the first step is to take the southeast and northwest of the village entrance as the point, and start to paste a symbol every 50 meters to encircle the whole village. Then, take the old house as the center, and paste a road to drive the ghosts of the whole village here. The second step is to surround the house with sandalwood ashes, sprinkle dog blood and leave a hole. The third step, at 0 o'clock tomorrow night, is the peak of Yin Qi. Everyone will stay outside the room, except her. I'll take care of the rest. "

after listening to these words, Yang Yu has a general idea in his mind. Master Mao wants to drive all the ghosts into the mass grave first, and then use Yang Lin as bait. It's not clear whether to accept the ghosts or kill them or let them reincarnate.

"What if something goes wrong? "Yang Yu does things very carefully. In case of an accident, he has to think clearly about the alternative plan.

"When they know that this is a trap, they will choose to escape or hide. The best way to escape and hide is to choose the upper body of ghosts. If something goes wrong, these ghosts will choose the upper body of Yang people one after another, and the village will be in chaos. "Said master Mao.

The whole village is possessed by ghosts. Isn't that a disaster?

"Can you save yourself by being possessed by ghosts? "Zhao Hai asked. He thought, what if I was possessed by a ghost?

"Almost can't, because your body has been out of your control, but some strong willed people, if the ghost can't control you, he will come out by himself. "Said master Mao.

"Is there any other way to get rid of ghosts? "Yang Yu asked.

"Yes, first of all, it's exorcism. Second, by divine power, that is, sunshine. As soon as the sun shines, the ghost will come out by itself. But the ghost also knows this truth, afraid that he will hide in a dark place to avoid this disaster. "Master Mao explained again."So if you don't succeed, you will be benevolent! It can only be successful. "Said Yang Yu.

Master Mao nodded.

Yang Yu hurried back to the village committee, called everyone together, held a meeting, let everyone begin to prepare Fu, sandalwood ash, and dog blood tonight, and go up the mountain to paste Fu tomorrow morning.

When all these preparations are busy, it's already zero. Yang Yu also wants to go to Yang Lin and ask him why he did it and what he wanted to do? How did she get to know Master Mao? But when we got to the

door of the dormitory, we still didn't dare to knock on the door. Everyone fell asleep.

At this time, Yang Yu just wanted to turn around and walk, the door suddenly opened and Yang Lin came out.

From the day Yang Yu entered the village, the woman who had a little relationship with him was calm and natural, but full of mystery.

"I will come to you." Yang Lin said softly.

Yang Yu wants to ask, but he also knows that if Yang Lin wants to say it, she will tell her. She wants to say it but stops.

"After this, I will tell you the truth, and you have to promise me." It seems that Yang Lin is not worried about this exorcism at all.

"Master Mao has said that he will die. Why are you so arrogant?" Yang Yu said with a smile.

"Death is predestined." Yang Lin can see through it better than anyone else.

Yang Yu can only nod and sacrifice one person to save the whole village. Is it really a wise choice? hear nothing of.

"Can you accompany me in the evening?" Yang Lin said suddenly.

Yang Yu was stunned for a moment. His relationship with Yang Lin has always been so inexplicable. From taking the aphrodisiac by mistake, to the water ghost ferocious spirit, to killing the old demon of Houshan, he has an indistinct relationship with Yang Lin. The ambiguity between the two people is also very strange, that is, accepting and resisting, which is the existence of such a unity of contradiction.

Yang Yu often thinks that Yang Lin is not Yang Lin, but Yang Lin again.

"You seldom ask for it on your own initiative?" Yang Yu said with a smile.

"Because this is my last night. Not necessarily alive tomorrow night." Yang Lin replied with a smile. She really seldom asks for this kind of request. Unlike Li Ruolan, every time Lan Jie and Yang Yu have sex, she takes the initiative to ask for love. Yang Yu now knows that Li Ruolan is a big whore, while Li Ruorong looks very coquettish, but in essence she is a very serious girl.

People can't see through the surface. Yang Lin and Yang Yu can't see through.

Yang Yu listened, took a step, took the initiative to pick up Yang Lin, and went to the attic of the school. For the first time, Yang Lin was neither coquettish nor rebellious. She appeared in front of Yang Yu like a lady. Yang Lin stripped herself layer by layer, and then entangled with Yang Yu.

In the attic of the school came the cry again.

"How's it going?" Yang Yu asked. For two days, the naked loach hugged face to face on the bed.

"It's so comfortable. I haven't done it for a long time." Yang Lin replied.

"Then why don't you ask me to do it?" Yang Yu asked.

"I'm afraid you think I'm coquettish." Yang Lin replied.

"And you don't?"

"I'll be in bed."

"Then I'll see how coquettish you are in bed."

Downstairs, Lin Zhiyu covered his ears and said, "don't cry, teacher. It's hard to die.". Zhang Ziru bit his lips and stroked himself. On one side, Chen Yunmei listened to the voice and said to herself, "I didn't expect that teacher Yang Lin and Yang Yu had an affair, which is more exaggerated than me." However, Chen Yunmei was so flustered by the sound that she couldn't help it.

The night in the barren village is lonely for the village women and girls. If there is no man in the lonely night, there will only be fingers.

The next day.

At dawn, Yang Yu got up and went to the village committee. When the village cadres and master Mao came one after another, he separated and pasted signs in all directions of the village entrance. When the villagers saw this gesture, they heard it and disappeared long ago. They said that something had happened to Chen Xuejia's mass grave. Now it's a night of ghosts. After hearing this, they all went to find the amulet and pasted up the doors and windows.

It was busy until the afternoon, and the whole village was immersed in yellow runes.

Yang Yu ordered that no one should go out at will. Chen Xueyu and some of the village's cadres are gathered in the courtyard tonight. Everyone has a dry mouth and a cool back.

It was getting dark and the moon was only half out. The wind is not strong, but the dark clouds are very dense, especially there are a few dark clouds, which are very dark. I'm afraid that the moon will also hide in at zero, which means that there will be more evil than good.

The amulets on the mountain and in the village kept shaking. Some village women hid in their rooms, holding their children in their arms. They were too scared to get angry. They are also not allowed to take

students out of the dormitory. Yunu village is quiet and dark as never before.

This has been waiting, waiting, until eleven o'clock, the last thing happened. The moon really hid in the dark clouds.

The only light in the barren village is gone. The whole Yunv village is like a crow.

Village cadres have been waiting for more and more panic, around more and more gloomy, this kind of gloomy hair. I know that if there are hundreds of ghosts gathering here slowly, the people who are under the pressure of Yin Qi will not be able to breathe. It turns out that there is Yin pressure in the world. It's just that it's usually too light to feel it, but now when ghosts travel at night, the creepy feeling is frightening all the village cadres.

"I'm going back." One of the village cadres could not resist the gloomy spirit and said with a tremble.

Yang Yu turned his head and glared at the village cadre. His crotch was wet.

"It's more dangerous to go back now. If you're alone on the road, you'll get into trouble with ghosts. What are you afraid of when master Mao is here?" Yang Yu said coldly.

The village cadre listened, moved two steps and hid behind master Mao.

"Are you ready, Yang Lin?" Master Mao took a look at Yang Lin. Yang Lin was very calm and calm, so she went to the old house. Yang Yu grabbed her hand and said, "be careful."

"Remember what you promised me last night." Yang Lin light said, broke away from the hand, looked at Yang Yu, alone to the mass grave.

Last night, Yang Lin did make a request, but Yang Yu did not understand what it meant. Looking at Yang Lin's back, everyone's heart was raised to his throat.

Not long after Yang Lin entered the old house, her face changed. From ruddy to black, and finally black to white. The white one is like a floating corpse soaked in water.

No one dared to look down.

Gradually, Yang Lin fell to the ground, without any vitality. She had become a dead woman.

"Yang Lin?" Yang Yu yelled.

At this time, master Mao took out a gossip and threw it on Yang Lin. suddenly, the gossip was shining and spinning. Then, Yang Yu seems to see some white shadows absorbed by the eight trigrams. The eight trigrams revolved for more than half an hour. Finally, they fell to the ground with a bang. Master Mao quickly went up and grabbed the eight trigrams. He saw a small plate on the eight trigrams. It was like a key and was locked up.

"Ha ha, most ghosts have been sucked into the gossip, and the mass grave is clean now." Said master Mao.

Yang Yu quickly steps to help Yang Lin, and finds that Yang Lin's whole body is soft, like falling apart, but her body is still warm. This is the so-called absorption of Yang, which is equivalent to no soul, where can she live without soul?

"Since you have that gossip, why do you need Yang Lin as bait?" Yang Yu finally saw it. Master Mao's plan is to catch all the ghosts in the mass grave, then gather them together with Yang Lin's Yang Qi, and finally collect them with the treasure. But since this baby is so powerful, why sacrifice himself?

"You don't know. My baby has a very limited range of action. If I want to use it once, I have to invite the kids back first. In this way, I can't catch so many at once. I can only use living people as bait to gather them all together." Said master Mao.

"Can she be saved? Bring her back or pass on our yang to her Yang Yu is very sad. Yang Lin died for this village, but also for the mistakes made by the village committee.

Everyone was silent.

But at this time, master Mao laughed and said, "now we have to rely on ourselves. Although the Yang Qi between people can't be transmitted to each other, it can only be transmitted between yin and Yang, but there is Yang Qi in nature itself, which can be absorbed by the Yin dead. When the absorption is sufficient, we will naturally live. But this process is very long, for ordinary people, short decades, hundreds of years, how can people live so long? However, Yang Lin is different. According to my estimation, she will wake up in the morning and be taken as having a sleep. "

"Really? Yang Lin won't die? Why? " Yang Yu and others are both surprised and happy, but why is Yang Lin different?

"Why don't you let her tell you?" Master Mao said with a smile.

Yang Yu did not ask more. He Zhong village cadres carried Yang Lin to Yang Yu's villa, and then everyone dispersed.

This night, Yang Yu has been guarding Yang Lin, the enigmatic woman.

It's getting light.

When Yang Lin wakes up, she finds that Yang Yu is lying on the head of her bed. She smiles and touches Yang Yu's head. With this touch, Yang Yu naturally woke up. Found that Yang Lin really alive, face is also ruddy, eyes are still water Ling Ling, with no different before.

"What's going on? "Yang Yu asked eagerly.

"I'm hungry. "Yang Lin said only two words.

Fortunately, Yang Yu's family still prepared some food, so he gave Yang Lin a bowl of hot noodles.

"Do you really want to know why? "Yang Lin asked. Although she seemed to be laughing, she looked very serious.

"Of course. "Yang Yu answered in the affirmative.

Yang Lin put the bowl aside, got up, opened the window, took a breath, turned her back to Yang Yu, and said slowly, "that's because there is a devil living in my body. "

after hearing this, Yang Yu's face turned blue.

"What are you talking about? "Yang Yu is looking at Yang Lin's back.

Yang Lin turned around and continued: "I have two souls. What I was sucked away last night is the Yang Qi of one soul. Although the Yang Qi can't be transmitted between people, it can be transmitted between soul and soul. So I didn't die. I lost the Yang Qi of the other soul to the other one who was sucked dry last night. Although my Yin Qi is very heavy now, in a few days, if you mend your body, you can recover. "

Yang Yu understood all of a sudden. No wonder master Mao said that Yang Lin would be OK. In this way, master Mao knew that there would be two souls in Yang Lin's body for a long time.

"Who's the devil in you? "Yang Yu asked.

"Ha ha. "Yang Lin suddenly laughed and said," it seems that you still don't understand. "

Yang Yu is puzzled. What does Yang Lin mean?

"Now, what I'm talking to you is the devil you're talking about. The real Yang Lin, no, it should be Zhou Luoyan. She's in my body now. "Yang Lin said again.

Yang Yu's face was black again. Instinctively, he stepped back two steps. Staring at Yang Lin, he stammered, "are you a devil? "

Yang Lin nodded. As soon as Yang Yu saw it, his left hand suddenly wanted to explode. The black mark on his palm even began to melt, but he was still caught by his right hand.

"You seem nervous and scared?" Yang Lin is smiling all the time, seems not afraid of Yang Yu completely, continue to say: "how? You want to take me in with your exorcism? You just bite the hand that feeds you? How to treat your benefactor?"

the more Yang Yu listens, the more confused he becomes. What's the life-saving benefactor?

"Why don't you understand? Have you ever heard of the split of the world with science?"

split personality? Yang Yu repeated in his heart that this special term is no stranger to Yang Yu. From "fatal ID" to "detective" to "fight club", and even "beautiful heart" adapted from real people's stories, all of them are interpreting the definition of split personality.

"Split personality, you call a person, multiple personality, but in fact, the real reason is that a person has multiple souls. Personality can show each other, or different personality under certain conditions, occupy the body. So is Yang Lin and I. Do you understand now?" Yang Lin explained.

After listening to these words, Yang Yu went through all the process of knowing Yang Lin in his mind, and finally came to a full realization.

Yang Lin's hiding is too deep, too terrible.

"You and Yang Lin have been constantly changing soul life? The first person I met in the pool was you? Not Yang Lin? In the reservoir that black mark into lava woman is also you? My grandfather and I saved your life that night? I wonder, Yang Lin, an ordinary person, how can you have a pair of wings, that pair of black wings are yours?" In retrospect, Yang Yu said that all this made sense, and the devil had wings.

"No, part of it is right. However, I'm not the one who is under your pressure to vent." Yang Lin replied.

Yang Yu finally linked all these together. Before, it was all intermittent. He just felt that there was something wrong with Yang Lin. now he has a thorough understanding. So it is. But there are still a lot of doubts.

"But there are still many things I don't understand." Yang Yu asked.

"Say." Yang Lin leaned back and replied with a smile.

"First, are we enemies or friends? Second, what are you here for? Your purpose. Thirdly, in the ninth gate, the illustration of blessing seems to open the gate of hell. In that picture, there are six headed monsters and you. I've also heard people say that the purpose of my combination with your body is to unlock my exorcism seal? What's going on? This seal belongs to Jesus. You are a devil. You are in a land where fire and water cannot tolerate. How can it be your turn to unseal it? Fourth, the time when I was

poisoned, I saw you in my dream, and there was a man who also had black wings. Who was he? Fifthly, as far as I know, demons are demons. They eat people, kill people, bring the black death and viruses. Everywhere they go, life is ruined. Is that your goal? If so, I'll get rid of you now. Sixth, I met a man with white wings in exorcism. Who is he? Is that your partner? What do you people in that world want? What are you doing here? "Yang Yu asked so many questions in one breath. Every question is very important and destroys the world outlook. He doesn't know what the other world is, how it exists, or whether it exists. At least in science, even in parallel space, there is not much support.

But whether it's science or superstition, or whether it's just a dream or a religious meaning, Yang Yu doesn't care. It's a scientist's business. He doesn't care. He just cares about the "facts" that happen around him.

It's said that the eyes of ants and cows are two-dimensional, but the world is actually three-dimensional. Do ants know? Human eyes are three-dimensional, but maybe the world is more dimensional? Does anyone know? Ants come out to look for food, and people trample on it. It thinks that God is making a fool of it. People walking on the road, all of a sudden, they were killed by a car. Maybe it's just some unknown civilization on the one side of people's lives.

The unknown does not mean that he is unscientific, nor does it mean that he does not exist.

"First, if we are enemies, what should I do to save you? Second, I'm here to find someone, a black cat. Third, we are really incompatible with angels. The exorcism force of this seal really belongs to Jesus, but it doesn't mean that we can't use it to exorcise demons and exorcise angels. Fourth, we saved you at that time. Your Gu really solved. It was just the body, but the soul was displaced. We invited you back. He was my master and your master. His name was Lucifer. Fifth, we are really demons. We do eat people, kill people, bring disasters and viruses, and destroy human beings. But it has nothing to do with us. It's just a natural law, just like Newton's law. For example, it's like walking and trampling an ant to death. For an ant, it's a disaster, but for you What is it? Sixth, those with white wings are our eternal enemies and our opposites. They are angels, the messengers of God. "Yang Lin also answered all six questions.

It's better not to explain. Yang Yu is even more bored with this explanation. His first reaction is that Yang Lin, the devil, is fooling him. There is no real answer here. Yang Yu thought about it in his heart: he didn't care about his friends and enemies first. The other side really saved himself. Yang Yu hasn't seen the black cat for a long time. He hasn't seen it since the water ghost. He doesn't know where he has gone. But the black cat must exist. You should know that the seal on Yang Yu's hand is the claw seal of the black cat named Heitong. What does Yang Lin want to do with Heitong? At this time, Yang Yu suddenly thought of the source of this black pupil, Lucifer and the son of heaven Jihad, black pupil brave and good at fighting, even the son of angels are afraid of his bravery, Yang Lin is Lucifer's people, to find this black pupil reasonable, and so on? Black pupil in the world? The black cat that appeared in the village before?

The last man I saw with black wings was Lucifer? The devil king?

These Yang Yu doubts are not big, also believe what Yang Lin said. But the biggest question is that those

with white wings are angels.

This sentence is revolutionary and destroys the three outlooks.

These white, transparent, nihilistic people who can even display pure feather wings are angels. Yang Yu really doesn't believe it. How could Qiu Li's demon be an angel? That's the devil! It's very aggressive. It bites at the sight of people and turns the body into zombies. What's more, it brings the Black Death virus to the world. Is it the angel's job to cheat millions of zombies into the world by warship? This is the real devil, the miserable devil!

"You say they're angels, that's impossible! "Yang Yu has the greatest opinion on this issue.

"You can see with your own eyes what the angels exorcized by you do. You have to think clearly that our demons have pure black wings, their angels have pure white wings. The souls exorcized by you are all white and transparent with pure white wings. Don't you believe what you can see with your own eyes?" Yang Lin asked again.

No! Yang Yu didn't believe it even when he was killed. What's wrong with the world? The angel of benevolence becomes the devil, the devil of cruelty becomes the angel? These three outlooks were destroyed.

"If you think about it, how did mother Tianyan die? Why is mother-in-law Tianyan so surprised Before she dies? She was staring before she died. She asked three identical questions in succession: how could it be you? How could it be you? How could it be you? Do you think she needs to make such a fuss if she sees a demon? Because like you, she was shocked by the fact that she destroyed the Three Outlooks!" Yang Lin is very serious this time.

Yang Yu did not expect that Yang Lin even knew the death of Tianyan's mother-in-law. This matter has always been Yang Yu's secret, and he was also very puzzled. At that time, Tianyan's mother-in-law seemed to have met incredible people, but Yang Yu really, really never doubted that those people would be angels?

"So why are you talking to me now?" Yang Yu asked.

"I told you so. Would you believe it? This time, I took the initiative to sacrifice in order to win your trust, but I helped you save the lives of the whole village." Said Yang Lin.

This fact Yang Yu has to admit, Yang Yu's three views began to waver, he did not know who to believe. However, one day, Yang Yu can be sure that those on his upper body, whether angels or demons, are what Yang Yu hates. At the same time, Yang Lin did not do anything bad, even if there is, Yang Yu does not know.

"These words, I will not believe you for a moment, I will go to verify myself, but if I know that you have done something bad, I will certainly deal with you." Yang Yu glared and said.

Yang Lin nodded with a smile and said, "but there's one thing you have to know. "

" what's up? "Asked Yang Yu.

"Since last night, there is no difference between Zhou Luoyan and Yang Lin. Zhou Luoyan's soul is dead, and I can't save her, but my soul has inherited all her memories. Now I have no split personality. I'm a complex of Yang Lin and Zhou Luoyan. "When Yang Lin said this, she didn't know whether she was sad or happy.

Yang Yu's heart aches.

"I went back first. Remember what you promised me. "Said Yang Lin.

After Yang Lin left, Yang Yu's mind was very confused. He thought that he had solved a lot of mysteries, but it led to more mysteries. No wonder the more he knew, the less he knew.

Yang Yu is puzzled by the request he promised Yang Lin. what does Yang Lin mean? Yang Yu promised, but he will keep his word.

When Yang Lin left, she said, "soon, you will believe me. "

as soon as Yang Yu's brain explodes, he doesn't think about these things, but starts to think about women, venting the unsolvable mysteries on women. So, on this day, after Yang Yu went to school, he took advantage of his girlfriend's class and called Chen Yunmei to the attic of the school, and gave her a good beating.

On this day, Chen Yunmei was vented several times by Yang Yu. Chen Yunmei was embarrassed. Next to her was the school. She covered her mouth and did not dare to call out for fear that she would be heard by the students and teachers. You know, the body is so cool, can't call out, for her, is a very torture thing.

When Chen Yunmei finished school, she went to bed in her bedroom to have a rest. Her waist was sore. Only then did she know that Yang Yu was really fierce. Only then did she know why the girls and women in the school liked him. Only then did she know that if Shui Mingming knew that her boyfriend was stealing women outside, she would turn a blind eye, because she couldn't bear the happiness her boyfriend brought to her. This day, look forward to, but the weekend to look forward to.

"Miss Yang, remember to come to our village tomorrow. It's very lively. Feel free to touch it. "When Lin Zhiyu was ready to go home on Friday night, he also went out of his way to hook up with Yang Yu.

"Do you want to touch it? "Yang Yu asked curiously.

"I already told you, any man can. We women don't have a problem. "Lin Zhiyu said badly.

Next to Zhang Ziru did not speak, just looking at Yang Yu a little blush, pulling Lin Zhiyu to go home.

Yang Yu looks at the back of the two girls and thinks about this special festival in his heart. He is still worried and is ready to ask Ziying on his mobile phone immediately. Ziying can't tell a lie. By the way, I'll try out her attitude and meaning.

## Chapter 488

Hongxing Village is a famous Sao village.

It's true that there are many prostitutes in Sao village. Women start to be coquettish when they are 14 years old, and they steal a lot after they get married. But this kind of Sao was not voluntary before. Because of some unknown reasons, the ratio of men and women in this Sao village is out of balance. Women are almost half more than men, and men go out to open it again, so the ratio is even greater. Therefore, the girl is coquettish, in order to catch the man, seduce the man, otherwise she may not get married.

And this milk Festival is born, is from the girl's seduction of men. There are a lot of festivals like this in Hongxing Village, as well as the open buttocks Festival and the more powerful wife changing Festival.

Yang Yu hates why he didn't go to this village to be the village head.

At ten o'clock in the evening, Yang Yu was lying in bed, thinking about tomorrow's festival and excited. He sent a wechat to Ziying and asked, "do you really have a milk festival tomorrow?"

Ziying is still worried about tomorrow's festival. She has never been touched by others, and she doesn't want to be touched by those old men and children in the village. But all the people in the village have to participate in this festival, and they are not allowed to refuse. That's against the will of their ancestors and they will be punished.

Ziying is looking forward to Yang Yu's coming and giving him 100000 wishes.

"Yes, will you come?" Ziying asks anxiously, expecting Yang Yu's answer.

Yang Yu is to climb over ah, this heart again wretched, surface Yang Yu or want to be a gentleman, so said: "I don't know if someone give me touch, if not, it's not very shameful?"

"No, everyone gave it." Ziying is afraid that Yang Yu won't come.

"If they don't, will you?" Yang Yu really mentioned this problem, with half of the molestation.

After listening to this question, Ziying was shy and didn't know how to answer it. Finally, she endured the embarrassment and replied with one word: HMM.

"If I go to the woods, I will be touched by the girl?" Yang Yu asked again.

Ziying didn't expect that Yang Yu knew a lot about it. It's not a rule of the game, it's an additional rule. The two sides agreed that it's OK. You can't force it, but the front one can force it. This is what Ziying is afraid of. She doesn't want to be touched by so many people, although her sister Zishu doesn't know how many times she has been touched.

"Well, there are games to play." Ziying said.

"What game?" Yang Yu asked.

"You'll know tomorrow. Ha ha. " On the contrary, Ziying gives Yang Yu an appetite.

Being said that, Yang Yu wants to go even more.

In the morning, Yang Yu got up early in the morning. If you do this kind of bad thing, you don't want to be known by your cousin, especially if he knows that he runs to the next village to touch other people's things. She won't kill Yang Yu. Fortunately, Ziying gave Yang Yu a time point and said it was the best time to go after lunch.

Yang yuhen got up early and had to wait until he had lunch.

"What are you doing in the field in the afternoon? I'm going to collect the vegetables." My cousin said to Yang Yu after dinner.

"Ah?" There's a reason for Yang naoyu to find a place to bury the dead in the afternoon

"For that?" My cousin Li Yuanxi took a look at Yang Yu and immediately saw through this cousin and said, "do you want to go to the next village for the festival?"

Yang Yu has a black face. How can this cousin guess right every time. Yang Yu touched the back of his head and didn't know whether to continue to lie or to be honest.

"Go, and don't come back." Cousin Li Yuanxi looks angry.

Yang Yu cried. If he dares to offend her, but his cousin really dares not to offend her. It's the flesh in his heart. How dare Yang Yu go if his cousin doesn't let him?

See this cousin a worry not exhibition, Li Yuanxi endure almost smile, said: "see you still have a little listen to me, let you go."

"Ah? Ha ha. " Yang Yu's mood of the roller coaster fell together. He was flustered and quickly confirmed: "really?"

Li Yuanxi didn't speak and left.

Yang Yu Leng is there, touched the head for a long time, finally slipped out. Where can a man stand the temptation.

When Yang Yu was walking on Beishan Road, there were many pedestrians on the road going to Hongxing Village, both men and women. It seemed that they were going to participate in the festival, and many village women were going there. When one of them saw a handsome young man like Yang Yu, she straightened her chest and said, "do you want to touch it?"

Yang Yu really took a look. God, this woman's is big, but he still shook his head. The village woman looked at Yang Yu contemptuously and said, "what else do you pretend to do? You go to Hongxing Village just to touch me."

That's a big truth.

When I went to the entrance of the village, I found it was quite quiet. It didn't look like the atmosphere and appearance of a big festival at all.

Yang Yu was still wondering, was he cheated? Yang Yu continued to walk towards the center of the village. He turned into the village and gradually heard some voices. When he arrived at the square in the center of the village, Yang Yu was stunned immediately. There is a square in the center of the village. A small river passes through the square. The square has steps to go down the river. There are a lot of people here. Although it's early autumn, it's still hot these days. The sun is burning. Some of the village women are splashing water, some are swimming in the river, some are organizing activities, playing games, and some are playing cards.

These are not lively enough. What makes Yang Yu's nose bleed is that many village women, especially those who are playing in the water, don't wear a shirt at all. Even if they have one, they don't wear a bra. A shirt will do it. Moreover, Yang Yu found that many young men, when they see women, reach out and touch them for a long time, holding one in one hand, while women still laugh.

This is a paradise in the open air. Yang Yu has experienced this kind of treatment in the cave of Taohuayuan, but it's also furtive. It's not so bold. It's too much in broad daylight.

"Hello, handsome boy!"

As soon as Yang Yu entered the center of the village, he was spotted by a group of women. Tall and handsome men like Yang Yu always shine like fireflies in the night, always attracting the eyes of a group of village women and girls.

When the woman met Yang Yu, she had already met him. She was dressed, but when she arrived in front of Yang Yu, her shirt was opened and her whole chest was exposed.

"Handsome, first time? Do you want to touch it? It's soft and elastic. " The village woman said with a smile.

Yang Yu took a look, God, two big steamed buns, the skin on the chest is white, especially the one standing out from the crowd.

Yang Yu's heart is still tangled. Can he reach for it directly? Yang Yu took a look not far away and found that some men were really touching. He was about to reach out. Suddenly, there was a voice.

"Sister Liu, don't do that. You'll scare my friends. Ha ha. " At this time, Ziyang didn't know where she came from.

Yang Yu looks at Ziyang. She hasn't seen Ziyang since the last open-air movie. Ziyang also went out to work in the middle. Ziyang is a very quiet and pure girl. Her clarity is the cleanness of her soul, especially that eye, which is the same as Li Yunxi's. It's estimated that there is no third pair in the world.

Ziyang secretly takes a look at Yang Yu. Yang Yu is also looking good. They get an electric shock immediately. Not everyone can get an electric shock. A clean soul can also get an electric shock, such as Lin Zhiyu, Chen Yunmei and Luoxi. Even if you stare at her eyes for a few hours, you can't get an electric shock.

But some people, you are naturally easy to get an electric shock with her.

"Oh, it's Ziyang's friend. No wonder she's so handsome. It's a pity. I want him to feel it." The woman laughed and looked at Yang Yu, and said, "really handsome."

But at this time, a man came out again, looking at Ziyang's sister foolishly. His hand was still moving irregularly, and his eyes were still shining. When he saw this, he knew that he wanted to touch Ziyang's chest.

"Can you touch Ziyang? Go, go! I'll give you enough. " Then the village woman pushed the old man away.

Yang Yu and Ziyang smile.

"It's very lively." Yang Yu said with a smile.

"Would you like to come over and play with me?" Ziyang said.

"Sister Ziyang, you" Yang Yu stuttered a little, but looked at Ziyang and said, "have you been touched?"

Purple Ying listened, face a little red, but did not answer directly, but pull Yang Yu to the crowd inside.

Yang Yu was puzzled and thought: there are so many erotic men and Ziyang is so pure and beautiful. Everyone wants to touch her. She must have been touched.

When Yang Yu was pulled into a group of beautiful women by Ziyang, suddenly, a woman raised a bucket and poured it over Yang Yu's head. Suddenly, Yang Yu was wet all over. By this sudden attack, Yang Yu is also Leng for a long time.

See a group of girls dressed very barefaced, laughing at Yang Yu.

At this time, Ziyang put her mouth together and whispered in Yang Yu's ear, "she's not touched. Go and touch her." Yang Yu turns to see Ziyang, and Ziyang looks at herself with beautiful big eyes. Yang Yu looks at the girl who splashes water on herself.

Heart a horizontal, he is to play, ah, also afraid of hands and feet why? As a result, the short sleeve dragged, threw aside, and rushed towards the woman. The woman's reaction was quick and she hid in a hurry. After hiding in the crowd for a while, where could she run faster than Yang Yu?

He was caught, and Yang Yu held her in his arms.

"Touch, touch, touch." At this time, the women around coax, coax together, the woman's struggle is more severe. Yang Yu is also to listen to the strength, will reach out to prepare to touch, but the woman also resist. At this moment, the women couldn't look down and said, "Zhang Qi, if you resist again and don't get touched, I'll tell the village Discipline Inspection Commission to go, and you'll be punished. Ha ha

Zhang Qi, the "you" girl, was so angry that she stamped her feet. The village Discipline Inspection Committee was still afraid. It was said that people who did not observe the traditional festival would be punished, and it was not an ordinary punishment. It was said that the way of punishing people was very special, which was to take them to every household in the village and be touched by every man.

This kind of punishment can really be said to be fighting violence with violence and fighting poison with poison. That female listened to, immediately obedient, turn round, facing Yang Yu, say, you want to touch.

"If you don't untie your shirt, how can I touch it?" Yang Yu said with a smile.

There was another burst of laughter. The girl reluctantly untied the shirt, and then opened the shirt, revealing a pair of steamed bread, white. Yang Yu is not polite either, so he reaches out his hand and grabs it.

Regardless of the crowd, he felt it.

"When are you going to feel it?" That Zhang Qi sees Yang Yu touched again and again, haven't stopped meaning, ask a way.

"Is there a time limit for touching this?" Yang Yu asked Ziyang. Ziyang shook her head and said, "no, you can touch it as long as you want."

"I've already been touched by Ziyang." Zhang Qi frowned and said.

"It's not me. Why are you begging me?" Ziyang returned.

Zhang Qi had to turn her head, look at Yang Yu and ask, "when do you want to touch it? I'm going to play. "

Yang Yu put his head close to Zhang Qi's ear and asked softly, "don't you feel touched like this?" With that, Yang Yu sighed and took out his hand. Looking at Zhang Qi with a depressed expression. Zhang Qi doesn't know whether to cry or laugh.

At this time, Yang Yu also took a bucket, suddenly lifted it up and fell on Ziyang's head. Suddenly, Ziyang was all wet. This time, Zhang Qi is happy.

All of a sudden, everyone played together and splashed water on each other. Needless to say, Yang Yu almost touched all of these women's, but she had never touched Ziyang's. The game of the game, splashing water, touch the touch, is not happy.

"It's strange why they didn't respond when I touched them?" Yang Yu said to himself.

"How can it be!" Ziyang listened and replied.

Yang Yu looked back at Ziyang. Ziyang's face turned red immediately. At this time, Yang Yu took Ziyang's hand and said, "find a place where there is no one."

"What are you doing?" Ziyang asked a little knowingly, thinking: if you want to touch it, you can also touch it here. If you go there, do you want to touch it by the way.

"I've touched more than a dozen women, but I haven't touched you yet." Yang Yu said directly.

"Why touch me?" Ziyang did not dare to answer well or not.

"You don't care. If you don't touch me, you'll be touched by all the men in the village." Yang Yu takes out the punishment to scare Ziyang.

"Just scare me. Are you willing to be touched? Come with me With that, Ziyang went to Yang Yu's hand and ran to an old house. Here is the bustling, around a few small lane, into a broken old house. The old house is full of dust. No one has lived in it for a long time.

Purple Ying gently pushed open a door, squeak, into the house, which is full of cobwebs and dust. It's

empty inside. There's only one pot cover left. Ziyong gently closed the door and the window was shining. Although it's very open here, basically no one will come.

When all around quiet down, the atmosphere will be embarrassed.

"Shall I have a good touch?" Yang Yu said directly.

Ziyong knows she can't refuse, so she nods, but she doesn't dare to look up at Yang Yu. Yang Yu looked around and found that there was no place to sit and lie down, and there was no place to help. After thinking about it, he pulled Ziyong to a corner. Then Yang Yu directly sat down and sat on the ground.

The sun just passed through the window above Yang Yu's head. Yang Yu sits on the ground in the corner, leaning against the wall, while Ziyong sits face to face on Yang Yu's legs with her legs separated. Face is beating gongs and drums, lively, it should be the time of the game.

But in this old house, a pair of men and women can only hear each other's breathing, heartbeat, and the outside world formed a sharp contrast.

Ziyong embraces Yang Yu's neck and looks at Yang Yu. Yang Yu also looks at her, and reaches out to Ziyong's chest and begins to untie Ziyong's shirt. Ziyong looked at her shirt buttons being untied one by one. Then, Yang Yu opened her hand and suddenly showed it.

It's so beautiful. Yang Yu's heart is beating. It's about to jump out.

Purple Ying was seen face red, a hug in the past, the whole head will rely on Yang Yu's back. Yang Yu's hand came in from below and grasped it. Suddenly, Ziyong made a hum.

It's so soft. It feels great.

"It's my first time." Ziyong bit her lip and said softly.

"I'll make you forget it all your life." Yang Yu says, used force.

The festival outside is lively, the abandoned old house is quiet, a dead corner of the old house is passionate, a pair of naked men and women, two buttocks collide with each other, making a crackling sound, in this abandoned old house is very special style.

It took more than an hour for Ziyong to be quiet again. Ziyong was covered with sweat beads, rolling down. She was paralyzed in Yang Yu's arms.

After another half an hour, Yang Yu and Ziyong came out of the house and rejoined in the joy of the festival. By this time, it was almost dusk and the festival was coming to an end. When Yang Yu wanted to go back, he saw Lin Zhiyu's shadow. However, with Ziyong, Yang Yu's interest is not so strong.

"Can you come and see me when you're free?" Ziying has sent Yang Yu to the reservoir. A little further down, it's Yunv village. She still says something. You know, just over an hour ago, I gave my first time to this man.

"Of course, silly girl, we are not far apart. If you miss me, just tell me on your mobile phone. I'll come to you." Yang Yu touched Ziying's forehead and coaxed her.

Looking at Yang Yu's back, Ziying's eyes are red. When Ziying went back, she supported her waist with one hand, but it hurt a little. Yang Yu was too fierce just now.

For this special festival, Yang Yu is full of emotion. How can there be no such festival in Yunv village? Go back to ask Zhao hai to see if there is any special folk custom in Yunv village.

Spring paradise nightclub chain.

The location of the second chain store is in the bustling Jiangbin Road. Across the Oujiang River is Yongzhou county. Jiangbin Road is also an important development area for the government, which the mayor told him. Now a large number of high-rise buildings are under construction, and the ferry here is also a place with close population flow. People from the other side of the river can also come here.

"Director, there will be a group of girls coming to interview today. Would you like to screen them yourself?" Bai Xiang said. Bai Xiang was promoted by Liu Guangqiang. He has been with Liu Guangqiang for many years. Although he is only in his thirties, he is more agile than Liu Guangqiang. Especially young people have ideas.

"These girls are all part-time students from different colleges, junior and senior. With this blood, our ads are easy to hit and attractive enough. " Bai Xiang said.

"You want to start with the students?" Yang Yu asked.

"Yes, students are cheap, have plenty of time and are easy to teach. And the young model is already familiar with this circle, pampered, the lion big mouth, we open up, so I want to start from low-cost college students Bai Xiang said.

"I'm afraid that the students' younger sister has no experience and can't satisfy those stubborn people, but I support your plan. Another point, guests are not allowed to take away, to accompany on our hotel room to accompany. Develop our hotel side business. But be careful not to do sensitive things. " Yang Yu said that he was afraid that the nightclub would turn into a red light district. At that time, he would say that the target would be hit, and the gun would hit the head.

"Yes, yes." Bai Xiang nodded.

Yang Yu talked with Bai Xiang a lot, and finally held a meeting. The people from finance, accounting, personnel and public relations all called. At the end of the meeting, a well-dressed girl came up to tell Yang Yu that many students had come.

"Let them go to the hall and get ready. I'll come as soon as I go to the toilet." Yang Yu said.

The hall is the main hall of the nightclub, with only one entrance door and one door to the elevator. It's like a cinema. So naturally, it's very dark. There's only a small light on, and there are some unsealed sofas. These sofas are full of people. All the beauties are very sexy, almost showing their legs and grooves.

The legs were thin and white.

When Yang Yu passed the hall, all the girls looked at Yang Yu.

"The director is so young? Oh, my God Some female students expressed their feelings.

"How handsome."

"Wow, it's so young and promising. It's so charming."

The group of female students who came to apply for the job as waiters sent out all kinds of exclamations and feelings.

"Mayor Dong, let's go to the box." Personnel manager Zhong Qing said to Yang Yu. Around the front desk of the hall are a row of boxes, which are large and small, fine and luxurious, and also theme boxes. For example, the boxes are decorated into hospital wards, classrooms, outdoor lawns and so on, all of which are to increase interest and meet the tastes and requirements of different people.

In this regard, the selling point of chain store 2 is much larger than that of the head office. If Yang Yu wants to build his second nightclub into a famous theme nightclub in the whole city and even in the whole province, it will take time and energy to reach the height of heaven and earth. Still need hard to blacken backstage.

Yang Yu casually entered a box, followed by general manager Bai Xiang and Zhong Qing. This is a box with the theme of wild forest. It has artistic conception and special decoration.

"Let them in one by one." Yang Yu said to Zhong Qing. He sat on the lawn, leaning against a tree. Of course, the grass and trees are fake, but the bonsai decoration is real. This kind of interview is very special.

"Mr. Bai, you have experience in this aspect. You can lead the interview. I hope to find some coquettish,

sexy and obedient girls." Yang Yu said.

As soon as the words were finished, a girl came in. Yang Yu was immediately attracted by the leg.

The girl looked at the room and was surprised at the dress. Yang Yu asked her to sit down.

"Introduce yourself." Yang Yu said.

"My name is Xue Ru. I'm a senior in Communication University. I want to earn some pocket money part-time." The girl is still a little shy and afraid. After all, she didn't know what she would do when she came to the nightclub for the first time.

"Do you know what our people need to do?" Bai Xiang asked.

"Accompany guests to drink, coax them happy, and" cut Ru some words dare not say, asked: "want to accompany to bed?"

Both Yang Yu and Bai Xiang laughed.

"What's your position? We're going to position you. " Bai Xiang said.

The girl let out a cry.

"May I see your figure?" Bai Xiang said.

This words a, even Yang Yu all vomit blood, can be like this? This is a great job as an interviewer.

The girl hesitated for a moment, looked at them, then stood up, took off her clothes in front of Yang Yu and Bai Xiang, and left her underwear.

"Are you going to show this to the guests?" Bai Xiang asked.

The girl understood the meaning, but was a little embarrassed. Yang Yu thinks that Bai Xiang's question is very good, because he has to find a coquettish and sexy woman to attract guests. At the same time, he has to be obedient to facilitate humanized management to deal with all kinds of emergencies, such as surprise checks. Then, Yang Yu saw Xue Ru take off her underwear and stand naked beside them. At this time, Bai Xiang said, "director, why don't you go up and have a look at this figure?"

Poof! Yang Yu spat out blood.

This Bai Xiang is a bit interesting. He is trying to please himself on purpose. This way of flattering is too clever.

"You don't have to be nervous, we are very normal interview, not you," Bai Xiang said politely, also give

the girl a shot. After listening to this, Yang Yu was polite? So he stood up and touched the beautiful ketone body, especially the two sensitive parts. He smelled it specially and touched it twice with his hand. What Ren Yang Yu didn't expect, Xue Ru actually realized.

In this way, about 15 minutes after the interview, I asked a lot of questions, such as whether I have a boyfriend, what's the sex life like, what's the view of men and women, and so on. Finally, he asked another question: "if we are guests and you are waiters, how can you serve the guests in this room? You can use words and actions. "

This problem is to examine the degree and action of the other party's Sao. Xue Ru just said something, but did not take action.

In the end, Yang Yu said some very official words according to the Convention. It's just that we are looking for the top team and we want to build the best nightclub in the country. It's empty but inspiring. Xue Ru just went out dressed.

After Xue Ru went out, some girls gathered around her and asked, "how's it going? What questions do you ask? "

Xue Ru just said: "I want to take off my clothes for an interview."

Yes, the girl Yang Yu who came in from behind asked her to take off her clothes directly, and then had a physical examination. Of course, some girls don't want to take off, and they don't want to. Some girls have already heard the news outside. They take off their clothes directly before they wait for Yang Yu and Bai Xiang to speak.

When asked about the sex life, the answer is more varied, there are about gun, there are stealthy, there are fixed, but most of the sex life is very chaotic.

The last problem is that some girls directly hook Yang Yu, and even lie on Yang Yu's body to kiss Yang Yu, which makes Yang Yu unable to survive. After all the girls had met for a round, it was already dusk. Yang Yu and Bai Xiang sorted out the girl's data again, screened and classified them.

When I'm busy, it's evening.

"Mayor Dong, let's have dinner together." Zhong Qing came and said with a smile. Like Bai Xiang, Yang Yu had known Zhong Qing before. They were all transferred from the head office.

"Yes, once, but not tonight. It's an appointment. " Yang Yu made an appointment for dinner, but he went to Su Xinqi. After hearing this, Zhong Qing would not embarrass Yang Yu any more. Yang Yu himself went to the garage, got on the car and was ready to go.

The car just drove a few steps, suddenly a person rushed out, startled Yang Yu, almost hit, quickly got off the car, to check.

"Are you all right?" Yang Yu asked.

Of course, the other party is OK. It's not damaged.

"Chairman, I'm waiting for you." Said the girl.

Yang Yu took a look, a little familiar, asked: "are you the girl who just came to interview? "

the girl nodded and said with a smile, " I'm Huixi, the one you hold up to show me. There are a lot of  
"Huixi is a little embarrassed to say that she was touched by Yang Yu for a while, but it overflowed.  
When Yang Yu touched her, her whole hand was full of water, so she picked it up to show her.

"I have an impression of you. "Yang Yu said with a smile, his eyes involuntarily looked down at Huixi and asked," what's the matter? "

" can the director take me back to school? My school is a little far away. "Said Huixi.

Yang Yu took another look and thought: is it to bribe himself? Or what? You don't want to chase me, do you?

"What school? "Yang Yu asked.

"Foreign language." Said Huixi. Yang Yu looked at the time, school is on the way, said: "get on the bus."

Huixi got in the car and drove towards the school.

On the way.

Huixi has been peeking at Yang Yu, and they are chatting at will.

"Do you have a boyfriend?" Yang Yu asked. Huixi shook her head.

"Why do you come out and do this?" Yang Yu asked again.

"I didn't learn my major well. Now I'm a senior. If I don't have a job, I'll have no money. What can I do? I think beautiful girls go to night clubs to work with high wages. I think it's very good." Huixi replied.

"The salary is high, but the reputation is not good. Moreover, old men always want to take advantage of it, and they have to go to bed to serve. This money is more painful than any industry." Yang Yu said.

"I know. But do you think ordinary work is not done? It's not the same with men. Many girls in our class are living together. What's the difference with working in a nightclub? The essence is the same. It's all done by men. " Huixi seems to be very open-minded. She has already reached a high level of thinking

when she comes to this line.

Yang Yu nodded, which he agreed with.

After driving for half an hour, I finally got to school. Yang Yu drove the car into the school. The lighting of the school was not good, but the campus was very big. Huiqian points out the way to Yang Yu, but the more she drives, the more she deviates. As a result, she drives to the back of the school's deserted experimental building. At night, the laboratory building was completely black, and there were no street lights. "Is that the way?" Yang Yu asked.

"Pull over." Said Huixi. Yang Yu thought she was going to the toilet, so she stopped at the side of the road. As soon as the car stopped, Huixi rode on Yang Yu. He put his hands around Yang Yu's neck and said with a smile: "Chairman, can I accept it?"

Yang Yu smiles. This girl doesn't really want to bribe herself with her body.

"Admission is no problem, but we are hierarchical, the better the quality and appearance of people, the more rich people we serve." Yang Yu said with a smile.

On hearing this, Huixi put her mouth close to Yang Yu's ear and licked it to her earlobe. While licking it, she said, "can the director divide me a little higher

Yang Yu pushed Huixi away and said, "are you a sexual bribe?"

"Can you bribe like this?" Huixi asked back.

Yang Yu thought about it. He had never been bribed like this, especially with his body. He said, "yes." Huixi listened, without saying a word, came down from Yang Yu, put her head under Yang Yu's crotch, untied Yang Yu's zipper, and ate.

"It depends on your skill. If you have good skill, I will give it to your guests." Yang Yu touched Huixi's head and said. When Huixi heard this, she ate harder.

On the road behind the experimental building of the Institute of foreign languages, an Audi stopped.

In the car, a pair of men and women are naked, and the woman is sitting on the man's body in front of him, twisting his body like a flexible snake.

More than half an hour later.

Huixi arranged her clothes and said with a smile, "is mayor Dong satisfied?"

"The technology is good, can give you a good grade." Yang Yu replied. After hearing this, Huixi threw herself into Yang Yu's arms and gave him a kiss. She said seductively, "if mayor Dong thinks my

technology is good, I can often serve the chairman of the board."

"There's a chance." Yang Yu said.

Huixi got out of the car and went to the dormitory building. Yang Yu looks at Huixi's ass and thinks that the girl is coquettish and can be cultivated, so he drives the car.

When we arrived at Su Xinqi's apartment, it was already eight o'clock. Su Xinqi had already cooked the food and was waiting. This makes Yang Yu feel very warm. After dinner, they nestled on the sofa watching TV.

"Is your nightclub formal?" Su Xinqi asked.

"There are formal and informal." Yang Yu replied, "why, do you have any sisters who want to go to my place?"

"Yes, we are models. We also watch the weather. If there is an auto show and an advertisement, we can go there to earn some money. If there is no advertisement, we can drink everything. Anyway, nightclubs are full-time and fixed." Su Xinqi said.

Yang Yu thought about it, and said: "we do have recruitment for young model circle. If your sister is interested, you can come to me."

"Do you want that?" Su Xinqi asked.

"Which one?" Yang Yu pretends not to know.

"Do you want to sleep with the guests?" Su Xinqi asked.

"It's generally necessary, but there are positions that can be avoided." Yang Yu replied. This nightclub, you said not to accompany guests to bed, that said no one believe. This is a matter of degree. Of course, it's against the law. Yang Yu doesn't want to touch on breaking the law, but most of the time he can't help it.

Two people saw ten o'clock, after taking a bath, Su Xinqi suddenly coquetry said: "husband, to a certain time."

"When?" Yang Yu pretends again.

"Oh, you know that." Su Xinqi became coquettish. Yang Yu picked her up, turned off the light and threw her on the sofa. Then the two became passionate on the sofa.

Su Xinqi has not been moistened for a long time. She can be very coquettish.

On Wednesday night after returning to Yunv village, zero. This evening, there are many stars. The sky is beautiful.

Yang Lin came to find the villas in the countryside so late. Of course, he understood why.

"Do you remember what I said I was here for?" Yang Lin asked.

"Look for the black cat." Of course Yang Yu remembers. But the black cat didn't show up for a long time.

"Let's go." Yang Lin said and went to the south of the village. Yang Yu followed her. Last time, Yang Yu promised Yang Lin one thing. Now he wants to show his promise.

Yang Lin took Yang Yu to the place of the altar in Taohuayuan. The altar just echoes with the opposite church. On the top of the church, there is a great crusader. On this night, under the moonlight, it is particularly conspicuous, just like looking straight at here.

Yang Lin and Yang Yu climbed to the center of the altar. At this time, Yang Lin began to take off her clothes, and then took them off completely.

"Why don't you tell me, what will happen?" Yang Yu asked. Yang Lin's request at that time was very simple, that is to do it with Yang Yu once, and she chose the time and place, but there was one condition: when Yang Yu was doing it, he had to take the initiative to stimulate the Exorcism in his body, that is, to blow out his left hand at the same time. This puzzled Yang Yu.

But seeing that Yang Lin had taken off her clothes, it was obvious that she was serious.

"In order to let you have a better play, I have to Sao." With that, Yang Lin knelt down in front of Yang Yu and began to take off Yang Yu's clothes.

Yang Yu has been very lucky recently. It's really unique to be seduced by Yang Lin.

Soon, the two joined together, right in the middle of the altar.

But suddenly, Yang Lin's lower body shrinks, and Yang Yu is clamped tightly. Then, Yang Lin grabs Yang Yu's left hand, bites his finger, and drops blood on the black mark on the palm of Yang Yu's left hand.

The blood flowed along the lines of the mark, and the black lines became blood lines. Gradually, they began to melt. At this time, Yang Yu felt that he couldn't control his strength, so his left hand burst.

Before long, the left hand became a huge mutant hand.

But at this time, more strange things happened. Yang Yu felt that there was a force in his lower body, and this force was the same as that of his left hand, but the force was huge and could not be controlled.

Yang Yu suddenly panicked.

That force from the lower body up, straight to the left hand to drill past.

"I can't control it!" Yang Yu yelled.

## Chapter 490

Yang Yu wants to leave this fusion, but he promised Yang Lin to stick to it until the end.

The left hand has already mutated, but the problem is that now the force continues to pass through the arm to the body. Yang Yu is a little afraid. Is it going to mutate with the body? This just want to finish, in a flash, that strength is like totem, only rush to the heart, Yang Yu can't control any more.

Yang Yu's whole body and head burst out, and his clothes burst open. Like a werewolf seeing the full moon, Yang Yu's muscles burst out, his bones became bigger and wider, and some parts of his body grew hairy, which changed his face beyond recognition.

In the end, he became a black cat. A cat man, like a werewolf, stands up nearly three meters high. His body has expanded several times, and even the root of his life has become bigger.

Without any clothes on, Yang Lin looked up and said, "do you see who you are now?"

Yang Yu reaches out his hand and looks at himself. He turns into a monster.

"You are Heitong. The black cat in our village is you. I'm here for you." Yang Lin said seriously.

"It's impossible." Yang Yu murmurs a way, oneself clearly once a black cat of black pupil, how can be oneself?

"It's all your subconscious instinct. In fact, to be exact, you are still Yang Yu, and the seal in your palm represents the black cat, so you can become a black pupil." Yang Lin replied. Yang Yu thinks that he doesn't have a demon or a double soul. All his consciousness is his own. He is still himself. He just becomes powerful because of the power of the seal and changes his appearance.

After a long time, Yang Yu let himself calm down, and slowly changed back to the original human form.

"Do you know now whether we are enemies or friends?" Yang Lin said again.

Yang Yu's mind also flashed some fragments of the war, these fragments are really bloody terror, miserable.

"I heard that no matter who I am, I live my own life. Don't try to rely on it. Let me work for you." Yang Yu picked up the broken clothes, barely covered his sensitive parts and went back to his apartment. I don't know whether it's a blow or an inspiration for him, but it's definitely not a good thing. I'm the black cat I'm looking for?

This is unexpected.

Even if they can mutate into black pupil and how? Working for Lucifer? What is the holy war of heaven? That's none of my business. I know how to pick up girls and shoot guns. Want to open a few nightclubs, sit on countless beautiful women, let me do business? Can only say: I bah!

The more Yang Yu thinks about it, the more upset he is. It's all the fault of the old woman. Why do you give me this? Do you like Lei Feng? It's useless for women, and their own guys are big enough.

"Tomorrow, I'll go to see sister Xu to suppress the shock." Yang Yu mumbled that he wanted to stimulate his life. He took out his mobile phone and sent a text message to Mrs. Xu.

So late, Xu's sister-in-law naturally went to bed. Even if she didn't sleep, her husband would not dare to play with her mobile phone.

In the early morning, Yang Yu received a text message: "village head, don't be like this. It's miserable to be seen by my husband. "

"as soon as you see, I'm the head of the village. I'm the biggest one in the village. When does your husband go to work in the mountains?" Yang Yu asked.

"Village head, if you really don't come, something will happen." Mrs. Xu replied.

"I'll see you in the afternoon." Yang Yu's domineering way back. Mrs. Xu is having breakfast with her mobile phone. Liu Tian took a look and asked suspiciously, "who are you texting with in the morning. "

Mrs. Xu quickly put away her mobile phone, and Liu Tian looked at it with suspicion.

Yang Yu went to school in the morning. Instead of sleeping in the attic after lunch, he went to the rest bar of the village committee to sleep.

After half an hour's sleep, the mobile phone rang again. It was a text message from sister-in-law Xu: "don't come this afternoon. My husband won't go to the mountain. "

Yang Yu looked at it with a smile and thought: sister Xu is so scared, which is even more frightening.

"I'm in the rest room of the village committee now. Come here, or I'll go to you." Yang Yu threatened.

Mrs. Xu read the message and quickly deleted it to avoid being seen by her husband. Mrs. Xu looked at

her husband, who was lying on the bamboo mat in the yard. She thought to herself: Yang Yu is so bold, and he is also the village head. If he really comes to his home to do that, it will be dangerous. How can he do it? He can't be allowed to come.

Mrs. Xu looked at her husband again, took care of her clothes, and went to the village committee to find Yang Yu. Of course, she went to ask Yang Yu not to come. She didn't want Yang Yu to come.

At noon, the village committee is very quiet. Usually, people come on duty at three or four o'clock in the morning or in the afternoon. Anyway, there is nothing wrong with it, so when Mrs. Xu comes here, she doesn't see anyone. I went to the village head's lounge, knocked on the door and pushed it forward. The door was unlocked.

Yang Yu is lying on the bed asleep, see Xu sister-in-law unexpectedly came, jumped up, very surprised, in the past directly to hold Xu sister-in-law.

"Village head, don't, don't "sister Xu wriggles to come down.

Yang Yu didn't even close the door, so he threw Mrs. Xu to the bed. Then, take off your clothes.

"The village chief's other doors are still open. "Sister Xu is in a hurry. She's going to be seen."There is no one in the village committee at noon. Don't worry. "Yang Yu pounced like a wolf. Xu's sister-in-law was still struggling at the beginning. She was touched twice by Yang Yu, and then she became weak on the spot.

"Hehe, my sister-in-law wanted it so much. Is that what I want? "Yang Yu said, looking at her broken body.

"No! Village head, don't worry, it will be seen that "sister-in-law Xu is still struggling. Because Yang Yu didn't exert herself, she didn't expect that sister-in-law Xu would still struggle. She knew that she was pretending, so she didn't exert too much pressure. The village woman had a lot of strength and turned over. May allow sister-in-law has been taken off pants, want to go back to take pants, a Yang Yu to grasp the heel.

Yang Yu a pull, Xu sister-in-law to pull back, and then aimed at the bottom of the white flower is a burst of attack, immediately Xu sister-in-law again soft, Wah Wah called.

Liu Tian is very suspicious of his wife's two phone calls. When he wakes up from his nap, he finds that his wife is not there. He immediately becomes suspicious and casually asks a neighbor, who says he is going towards the village committee. Liu Tian goes in a hurry. They all say that there are two old lusters in the village committee who always bully the women in the village. Liu Tian is very worried, but he doesn't believe that Yang Yu is the one who is doing his wife now.

When Liu Tiancai came to the stairs of the village committee, he had already heard his wife's cry. He was very angry at that time! Left look, right look, found a stick, rushed upstairs.

"Beast, let go of my wife!" Liu Tian rushes into the rest room and shouts when he sees that the door is not closed.

In front of the scene or let him angry, this look, his wife is right, but did not expect that the man will be the village head Yang Yu.

"Husband!" Sister Xu's eyes all fall out, but she forgets that her body is still crossed by Yang Yu.

When Yang Yu saw it, he knew he was in trouble.

"Village head Yang, are you playing with my wife? I'll fight with you!" With that, Liu Tian rushed up, and Mu Gen smashed at Yang Yu crazily.

"Uncle Liu, calm down." When Yang Yu saw him, he hid in a hurry, but the place was so big. How could he hide? Naked body, regardless of wear, hiding in the room.

"Calm down. Your wife's been killed. Can you calm down? I said, why did you hide from me that night? My wife slept with you for two nights, and her eyes were red when she came home. I wonder that she was sullied by you! I today, I today!" Liu Tian has been out of control. Chao Yang Yu rushed to him.

As a result, Yang Yu didn't escape. With a bang, the stick hit Yang Yu's back. Yang Yu screamed in pain and took the opportunity to escape. Liu Tian chased him outside. Sister Xu also cried. She was caught cheating with the village head. What a shame.

Yang Yu trots naked all the way. On the way, the village woman laughs when she sees him. Liu Tian is in hot pursuit behind him. Everyone knows that it must be Yang Yu who stole Liu Tian's wife.

"Village head, did you steal other people's wives? ha-ha." The villagers laughed. Yang Yu never felt so humiliated. He didn't even have a piece of clothes to cover him up. He walked around the path and ran home. But Liu Tian didn't let it go. He went all the way to Yang Yu's villa.

Yang Yu locked the door.

"Village head Yang, you die and steal my wife? I want you to steal my wife!" Liu Tian is so anxious that he takes a stone and smashes the glass of Yang Yu's house.

Many people gathered around to watch the noise.

Yang Yu knew that this time he really lost his face, and his aunt also came.

"Uncle Liu, what's the matter?" My aunt came and asked.

"What's going on? Ask your grandson, steal my wife, I have to fight with him." Liu Tian didn't expect to

make trouble. He was so arrogant and didn't want to die.

As soon as she saw it, she knew that the grandson was very romantic at ordinary times, and now she stole the village woman. But after all, the grandson was a grandson, and she was one of her own. She said in a hurry, "uncle Liu, you see, it's a funny thing. The village head is not ashamed, and you are also ashamed. Your wife was given that, isn't it a disgrace to you? How do you meet the villagers in the future. "

when his aunt said that, Liu Tiancai took a breath and turned to have a look. A group of onlookers came from behind, and someone was still there shouting, " uncle Liu, your wife was sleeping by the village head? ha-ha. "

" this green hat is very big. Sister Xu is a beautiful girl. Ha ha. "

when these villagers see this kind of thing, they all come to see the excitement. At this time, sister-in-law Xu also came quietly in her clothes.

"Oh, sister Xu, you are here. "

" sister-in-law, I didn't expect that you would steal from a man in broad daylight. I told you earlier that you wanted to steal from me. "

this group of villagers talk is more and more difficult to hear. Mrs. Xu covers her face, passes by in a hurry, runs to her husband Liu Tianbian, and whispers, " you've made such a big deal, you're so shameful. "

when Liu Tian heard this, he became even more angry and said, " you know how to lose face. You've been fooled and put a green hat on me. How can I behave in the future? "Liu Tian's mood has not calmed down obviously, but Yang yuwo wants to cry in the room.

Liu Tian is in a hurry. Seeing that he can't beat Yang Yu, he sends his anger to his wife. He picks up the stick and goes to Mrs. Xu: "you wretch, I want you to steal the man, I want you to steal" This dozen, sister-in-law Xu quickly hid behind aunt Si Xiaoyun. The little aunt grabbed the stick in a hurry and yelled, "if you have something to say, don't hit people. Can I shout out my grandson? We need to solve the problem with harmony. "

after being advised by my aunt for many times, Liu Tiancai recovered and lost his face.

"Yang Yu, go downstairs and open the door. "Cried the little aunt.

Yang Yu was sitting in the corner, thinking: it's hard to steal a sister-in-law. But Yang Yu had to listen to the little aunt's words. Standing up obediently, he poked his head out of the window and said, "uncle Liu, have something to say.

"when I saw Yang Yu, I was angry with you again. "

after listening, Yang Yu did not dare to come down again.

"Come down, open the door." Little aunt said a word. Yang Yu had no choice but to go downstairs to open the door.

As soon as the door opened, Liu Tian rushed in.

"Uncle Liu, you have something to say!" Yang Yu ran and hid, shouting.

The little aunt quickly locked the door, and Mrs. Xu also rushed to pull her husband.

In the living room, the crowd froze.

Yang Yu hiding behind the sofa, Liu Tian holding a stick, want to grasp and can't grasp, don't grasp, heart and fire.

"Sit down first." The little aunt got angry and yelled, go to pull LiuTian, and then go to pull Yangyu. He got stuck in the middle and let four people sit down: "sister Xu, what's the matter with you?"

Mrs. Xu didn't know what to say. If she was forced, Yang Yu broke the law. Her husband would sue him, and the village head would be destroyed. But if she was voluntary, she would steal a man, lose face to her husband, and wear a green hat. She couldn't look up in the future.

"Wife, do you think Mr. Yang forced you? Did he rape you? Just say it Liu Tian is not afraid. He is usually a wimp, but when his wife is given to him, he can't bear it. Yang Yu thinks that Liu Tian is a loser at ordinary times. Unexpectedly, the rabbit jumps over the wall in a hurry.

Mrs. Xu glanced at Yang Yu and said nothing. The first time that night, she was raped by village head Yang. But that time, she was dry. The last two times, she was half pushed.

"No, I volunteered." Mrs. Xu said so many words.

At this time, Liu Tian's face turned white. He couldn't believe it. Looking at his wife, he trembled and said, "what did you say? "Of your own free will?"

Mrs. Xu talked about it all. How could Yang Yu not stand up like a man and quickly said, "uncle Liu, it's my fault. It's none of my sister-in-law's business. I seduced my sister-in-law and she was forced by me. Hit me if you want to, and scold me if you want to! "

"All right. Anyway, things happen, regardless of right and wrong, uncle Liu, you see, how to solve this? Yang Yu is definitely wrong. I'll teach him a lesson later. It's my aunt who didn't discipline him well. I'll ask him to give you an account. " She said.

"How to explain? My wife has been in trouble. Can you give me some water Liu Tian knows that the matter has come to this point, and it must be impossible to recover it.

"Uncle Liu, it's my fault. I'll give you a good apology. Don't you always quarrel with the neighbor's old Wang about the small fish pond in the backyard? Otherwise, in this way, the small fish pond belongs to you, and I'll go to work with Lao Wang. What do you think?" Yang Yu immediately benefited.

"Hum!" Liu Tianleng snorted, thinking: on my wife, you just send me? Send beggars.

When Yang Yu saw that it was not enough, he thought about it and said, "I have a lot of dishes at home. I'll carry the burden for you tomorrow."

"Hum!" Liu Tian snorted coldly again. This time, he said, "do I want your money?"

"Of course not." Yang Yu replied in a hurry, but he couldn't come up with anything. How about a red envelope? But I didn't hear that. I went to someone else's wife and stuffed it with red envelopes.

"Uncle Liu, what do you want to do to forgive me?" Yang Yu asked directly.

"Forgive you? There are no doors. " Liu Tian himself is also in conflict. His wife has been raped, but he is still willing. He can't call the police. But the big problem is that he has lost all his face. His ancestors have lost all their faces. This is the thorn in Liu Tian's heart. He's too embarrassed to say that he doesn't know how to pull back his face.

Or does my aunt know what uncle Liu is thinking? After thinking about it, Yang Yu can't go too far, otherwise he will lose his face and save his face? After thinking about it, he said:

"uncle Liu, after all, this is a disgraceful thing. Now the villagers know that you are also disgraced and our family is disgraced. Otherwise, Yang Yu is the head of the village. Let him explain to the villagers that this is a misunderstanding. If he didn't go to your wife at all, he said that he was going to see a gynecological disease. Let Doctor Wu come out and say something. Maybe the villagers will believe it, you and me No shame. "

This, said Liu Tian's heart.

"Sister Yun, it's very nice of you to say that. But it can't be over. " Liu Tian said that even if the villager cheated him, his wife was given to him by village head Yang. This is a fact. He saw it with his own eyes. Lai can't get rid of it."Don't you want to repair your old house again, or let Yang Yu help you. You can just repair another bedroom from your main hall." She said. There are two things that are extremely important for people to think highly of in the countryside.

First, we should have a son to carry on the family line;

Second, we should build a house with a heart.

Liu Tian's new house hasn't been built, his old house is not broken, and he can live in it. His son hasn't been able to find a house, so he's not in a hurry. But now he really lacks a room. It's very good to build one with tiles.

After hearing this, Liu Tian said nothing. He thought: Yang Yu is rich and powerful, and he is also the village head. In the future, many things will depend on him. He can't make trouble. Everything has happened. Let's do it like this.

Liu Tian didn't object, so the matter was settled.

Yang Yu was also relieved and looked at Mrs. Xu again. He thought to himself, "I'm a beautiful young woman for nothing."

Yang Yu was also proud that he had a beautiful sister-in-law, and nothing happened. But unexpectedly, all this became the beginning of Yang Yu's emotional dispute. There's a whole bunch of emotions. The next day, Yang Yu was called home by Secretary Li.

"Xiaoyu." Secretary Li is still used to calling him like this, showing his dignity and status: "I heard that you have an affair with Liu's daughter-in-law?"

All the people in the Li family were present. Li Ruoshui could not smile. Li ruorong doesn't care. Li Ruolan was also a little worried. Fortunately, her sleeping with Yang Yu had not been revealed. Otherwise, her parents would have to be angry.

"Uncle Li, that's a misunderstanding." Yang Yu said, his face is not very good-looking, because it is difficult to hide what has happened.

"Misunderstanding? Ha ha, they believe that I have been a Secretary for so many years, but I don't know what happened in the village? " After Secretary Li drank tea, the others didn't say anything: "do you know how to spread it outside? They don't mean village head Yang or headmaster Yang. They say that my future son-in-law of the Li family is having an affair with the village wife in broad daylight. "

Yang Yu listened and lowered his head. Although his words were not so exaggerated, it was true that this incident had disgraced Secretary Li.

Secretary Li is a very important person!

Such a shameful person will never allow such a disgraceful thing to happen to him. This is a disgrace to

all ancestors!

"Forget about you and my daughter." Secretary Li said lightly.

"Dad?" Li Ruoshui was the first to call out.

Yang Yu looked up at Li Ruoshui first, and then said, "Uncle Li, I'm wrong this time, but I've been together with Ruoshui for so long after all. It doesn't mean that we should be separated."

Does Li Ruoshui mind this? Of course. Now someone outside is talking about her like this behind her back, saying that her boyfriend stole fishy things from the village woman outside and didn't even know that she was wearing a hat. Now she loves and hates Yang Yu, and she doesn't know what to do.

"Dad, this is my business with him." before Li Ruoshui finished, Secretary Li yelled, "shut up! Don't you disgrace me enough? "

Secretary Li stood up and glared at Yang Yu. Yang Yu didn't dare to look up all the time. He was wrong and couldn't move. That's true.

"It's settled!" Secretary Li said fiercely. With that, he went to the bedroom in the inner room.

"Dad? Dad Li Ruoshui yelled.

The atmosphere inside was a little awkward.

After a long silence, Ruoshui's mother came and said, "Xiaoyu, why don't you two be quiet first, and I'll persuade my wife after this." Then he left.

Yang Yu wants to talk to Li Ruoshui, but finds that he has no face to talk. Instead, Li Ruoshui took the initiative and said, "I think I need to calm down. Go back." With that, Li Ruoshui also went upstairs, but with tears in his eyes.

Li Ruolan wanted to comfort his sister, but at this time, he probably couldn't listen to anything, so he had to find Yang Yu and say, "it's OK. My father loves face. If it's water, I'll help you persuade him." With that, Li Ruolan also went upstairs.

"They're all gone, aren't you? Ha ha. " Li ruorong is the most indifferent, but also took the opportunity to damage: "let you steal a woman outside, steal your girlfriend.". But if my father knew we had sex, he would kill you. " At this time, the smart Li ruorong does not want to go through the muddy water.

"You can be proud." Yang Yu said, had to go back first.

However, unexpectedly, the breakup between Yang Yu and Li Ruoshui spread like a virus in the whole village. Some people are happy, others are worried.

Yang Yu alone to find a fast lawn, quiet lying. It must be wrong to cheat on yourself, but man, just like this, it's not the first time to steal. It's not the first time to break up. Otherwise, I always feel sorry for Ruoshui. However, I've been with Li Ruoshui for so long, and I have feelings. It's always sad to break up.

Yang Yu is lustful and amorous, but human beings are sentimental animals after all. Li Ruoshui is hiding in his room and crying secretly. Yang Yu is also full of tears. Usually, when two people are together, they don't feel much. Whether they have this girlfriend or not also feels the same. But once they are separated, they always feel that there are fewer people. This kind of feeling is very bad.

"Don't you just split up? Why are you so depressed? You're not married to my father. My sister doesn't want you. My sister wants you. "

Yang Yu looked up and said, "how do you know I'm here?"

"Why do you feel guilty for stealing so many sisters in law?" Li ruorong's words are really to the point.

"I've been together for so long, anyway." Yang Yu is really uncomfortable.

Li ruorong didn't know whether she was here to enlighten or to harm others. She said heartlessly: "ah, if you marry a man like you, you can't avoid cheating outside. I don't care about it. You like to go secretly."

Yang Yu shakes his head and grins bitterly. How can a woman think so?

"Who says you can only like one person in your life? What is marriage? It's just a kind of order. As long as the order is still there, there will be no chaos and marriage can be broken naturally. " Li said. I didn't expect that Li's speech was so deep.

"Well, don't lie down. The family planning team of the town has come to see you. The village still needs you." Li said.

"Ah." Yang Yu sighed deeply, stood up, patted his ass and said, "looking for me? I don't have a baby. Why are you looking for me? "

"Not for you, of course. The daughter of master Xiao's family came to his mother's house to steal a baby and was reported. Now the family planning team is at the door of Xiao's family and is going to pull his daughter to have an abortion. " Li said and pulled Yang Yu away.

When she came to the center of the village, she met granny Liu, master Xiao's wife who was waiting. As soon as she saw her, Granny Liu knelt down to Yang Yu and cried, "village head Yang, you must help me, but don't let them take my daughter away."

As soon as Yang Yu saw this posture, he didn't lose his life. He quickly picked it up and ran to master Xiao's house.

"You don't want to take my daughter, you dare to come here, I'll fight with him!" Master Xiao is nearly 60 years old, but he is still very strong. He is confronting five family planning teams with a kitchen knife. Those five family planning people just can't help him.

And his daughter Xiao Fang is hiding in the room inside crying.

"I'm the village head here. If you have anything to do with me, master Xiao, put down the knife first." Yang Yu came, a few words to suppress the formation.

When master Xiao saw that village head Yang had come, he felt more confident, but he still refused to put down the kitchen knife: "I won't put it down. They rush to catch people? "

"If I ask you to let it go, just let it go!" Yang Yu suddenly roared. It scared everyone. Village head Yang has never been so fierce. Master Xiao is still worried about Yang Yu, so he has to put down the knife.

"It's great that the village head is here. We are from the family planning department of the town. We have received a report that Xiao Fang gave birth secretly. According to the national policy, the child is going to have an abortion." The leader said with a smile to the mayor and handed a cigarette to Yang Yu. Usually, the village head gave them a cigarette.

"Xiao Fang married outside the city, even if you want to manage the illegal birth, it's not your turn, right? You are going beyond your authority." Yang Yu said lightly.

"Ha ha, village head Yang, then you are wrong. Their municipal Family Planning Bureau specially called us and asked us to arrest people and send them to us." The head of the village said impolitely, thinking: the head of the village is obviously carrying the burden with us. I'm afraid that the head of the village will not succeed?

Yang Yu immediately changed his face and said, "well, this national policy is supposed to respond. As a village head, I strongly support it." People who have heard about family planning will know.

"Village head Yang, you are such a dog. You collude with outsiders to arrest my daughter. I Pooh!" Then master Xiao raised his kitchen knife again.

"Master Xiao, it's not right to steal your life. The state has regulations. You steal your life, and he does. How many people will this country have to give birth to? Right?" When Yang Yu spoke, he specially asked the Ministry of family planning for advice.

The five men nodded.

"No matter what policy I have? What I eat is my own rice, and I pay taxes to the state. Why don't I have children!" Master Xiao doesn't know the law, but he also knows family planning, which is a random talk.

Yang Yu pondered and said, "Dear leaders, I don't think it's OK to continue this confrontation. We can't arrest people by force. In case master Xiao cuts you, it's not worth the loss. "Those people keep saying yes.

"But they are old after all. How long can they hold on to the confrontation? In this way, you haven't had lunch yet. Go to my house. I'll help you persuade you in the afternoon. I don't believe it. Master Xiao dares to break the law! "Said Yang Yu.

Those people are really hungry. They have been crawling so far up the mountain and coming to this kind of barren village to catch people. Just want to catch people, hurry back to eat, didn't expect, not smooth, confrontation, now it's one o'clock, haven't eaten, hungry can't.

"We're gone. What if they run away? "Said one of them.

"Then you stay and watch. "Said the pair. With that, they followed Yang Yu. Yang Yu took the family planning troops to his aunt's home and gave them a good treat.

"The team leader came to drink happily. "

" what? "The couple clapped their heads, put down their glasses and ran over.

Yang Yu followed him to the Xiao family. Li ruorong comes quietly and takes a look at Yang Yu. Yang Yu asked anxiously, "how about it?

"what else? A little wink at him twice, I was fascinated, Xiao Fang family hide. I lied to them and told them to run to the north mountain and let them chase them quickly. "Li said.

"Hiding is not the way. I don't think I can find anyone. I have to come back and let Xiao Fang hide again. This and family planning people have to fight guerrilla warfare. "Said Yang Yu. See that group of family planning people have run to the north mountain. When we got to the top of the mountain, the couple thought, no, it's the village head's plan.

"So what? People must be hiding. I can't find it when I go back. Why don't I come back another day? "Said the player."It's not because you, like a pig, let you look at people. What's the result? "He said angrily.

"Hehe, that girl is really beautiful. "The pig like teammate felt the back of his head and said sheepishly.

The head of the village was also very depressed. He thought that the head of the village must be with him and support the national policy. Unexpectedly, he was countered. Is it going back or not?

"Yes, although Xiao Fang is from our town, she married there. That's what happened there. Why don't we ask for trouble? Tell them that if they run away, they can catch them by themselves. "Another colleague said.

We all agreed that we would never come back.

When Yang Yu saw that they didn't come back, he called Xiao Fang out.

"Hehe, village head Yang, I'm really sorry just now. I thought you told them hehe. "Master Xiao knows that he misunderstood the village head, so he apologizes in a hurry.

"It's OK. Don't speak ill of me behind my back in the future, especially about my affair with sister Xu. "Which pot Yang Yu didn't open? He didn't know what he said.

"Ah, what the village head said is that the village head is handsome and the village women like you. It's right to steal. How can we have so many opinions. "Xiao Fang came out with a big stomach and said it roundly. Yang Yu felt his head, but he was embarrassed. When is it reasonable for him to steal?

"I think the family planning people may come back later. You should find a place to hide in advance. Children can be born without being caught. "Said Yang Yu.

"As far as I know, next time, they may come to demolish the house with a hoe. "Li said. That's the truth. It's always been the case. The group of family planning puppies who can't catch people tear down their houses. The Yunv village doesn't know how many households have been demolished, just like the demolition team.

"As long as I'm in this village for a day, if they dare to tear it down, I'll fight! "Said Yang Yu.

This is the heart of the Xiao family. After leaving Xiao's house, I met Yang Yu on the way, but the village heads were still as usual, with a lot less gossip. Yang Yu also went to Mrs. Xu's house in person to help uncle Liu repair the house. This kind of feeling is very strange, stole other people's wife, as a result went to other people's home aboveboard repair house, this matter can have follow-up?

"Can you steal with sister Xu next time? "When Yang Yu was repairing the house, he secretly teased Mrs. Xu. Mrs. Xu took a look at Yang Yu and said, "don't be a liar. Now the whole village knows that I've been done by you. I'm ashamed to death. It's like I'm a whore. "

sister Xu is not a real whore. If it had not been for Yang Yu's indulgence that night, it would not have been like this, but it was not a red apricot.

"Just because we've done it, we all know what we're afraid of. "Yang Yu didn't pay attention to this. It's wrong.

"You'd better go and get other people's sister-in-law. I think widow Liu suits you very well. "Sister Xu looked white and went to work.

Yang Yu paid a small price for this cheating. It's nothing compared to Cui Qiang who nearly killed himself.

It's known to the whole village that Yang Yu broke up. Unexpectedly, more than twice as many people came to play with Yang Yu this evening than usual.

Without Han Qingfang, Yang Yu is really lonely. Li ruoreng and Li Ruolan are two sisters. Yang Yu dare not steal them. Secretary Li is not a fuel-efficient lamp. What I didn't expect was that Secretary Li wanted to change the village head Yang Yu.

It turned out to be very simple. Yang Yu was not obedient and didn't say anything, and he lost face.

"Do something for Yang Yu and get him down. "Secretary Li called some of the former village cadres' confidants and held another meeting in private.

"Secretary Li, we can't do it now. It's said that the mayor is the brother of village head Yang. We can't afford to offend him. "

" in addition, we are very convinced that village head Yang is the village head. He is dedicated to serving the villagers and they all love him. It's hard to change his position at the moment. "

" Secretary Li, I'm sorry to say that you have retired. We won't listen to you for some things. "

after listening to these words, Secretary Li's lungs exploded. These guys, I didn't expect to disown so soon. But he was old and helpless.

Chen Yunmei came to Yang Yu, seduced him, and said, "you don't have a girlfriend now. Can you be your girlfriend openly? "

Yang Yu shook his head. As a result, Chen Yun's beauty exploded. My colleague Meilian also came to find Yang Yu. Yang Yu shook his head even if he didn't want to. The girlfriend is gone, but the lover must have one. Yang Yu thinks about it, but it's still unreliable to find the students in the class. The original people have gone out.

Later, Yang Yu thought of a great beauty: Hua Yuyan.

Hua Yuyan hasn't had much communication with Yang Yu recently, because she has something to do at home, but she has to go out to work when she has nothing to do at home, so she can't stay at home to eat. Fortunately, she has a small business at home, so she can help with it. I didn't go to work in the city.

"Why did you call me here so late. "Hua Yuyan is still very surprised. Yang Yu asked him to come. After all, I haven't been in touch for a long time.

Yang Yu directly pulls Hua Yuyan upstairs.

"It's said that you gave Mrs. Xu to me? "Hua Yuyan naturally heard about it and lost Yang Yu."Just a few words. I just asked you to accompany me. "Said Yang Yu.

"No way. "Hua Yuyan replied. Yang Yu Leng for a moment, is this a refusal? Shit, rejected?

"Why? "Yang Yu asked, now that she is single, Hua Yuyan doesn't need to care too much.

"I'm not your one. Why should I accompany you. "Hua Yuyan doesn't know what she said.

"Which one? I've seen and touched your body. What else can I do? "Yang Yu asked.

"I can't, because my grandmother is dying, my father invited a soul raiser, at any time may want to cry, so I have to accompany. "Hua Yuyan said.

Soul calling? It's the first time Yang Yu has heard this term.

"What is this soul calling? "Yang Yu asked.

"It's soul calling. It can bring people back from the dead. "Hua Yuyan said.

Yang Yu is shocked. How can he come back from the dead? So powerful? It's strange that there should be something unheard of in the countryside. Is the resurrection also a living death? It's not very scary.

"Then I have to open my eyes. "Said Yang Yu.

Just follow Hua Yuyan and walk towards his home. Christ believes in the soul. After death, the soul will go to heaven or hell. But if the soul is called back in the process, the person can live for another three years.

This is called soul calling. Soul calling people are a kind of occupation, just like psychic mediums, divines, fortune tellers, demagogues and exorcists.
