Yang Yu rushed in. He hated these rapists most in his life. All the beauties were arched by pigs!

Yang Yu kicked off the man.

The man tripped over his pants, fell to the ground and ate shit.

The man looked back and saw that it was just a child. He pulled up his trousers with a smile and cried, "little boy, you are still a hero saving beauty. Die."

Yang Yu a sneer, fight depends on is ruthless, can not put his eyes.

"Yang Yu, you run to call people, don't try to be brave." Even if she doesn't like this poor student any more, she is still worried about her students at this time.

That man rushed over first, that disdain appearance obviously didn't put Yang Yu this middle school student in the eye.

Yang Yu can clearly remember the Thai Boxing he practiced in high school. He clenched his fist and rushed over.

Teacher Si's nervous heart was raised in her throat.

Yang Yu skilfully avoided a punch, his own punch hit his jaw bone from the bottom up, and then a foot side kick, directly hit his head.

The man kicked to the ground on the spot, dizzy, he was surprised, this boy has the ability.

The villain took a dagger from his waist, and his eyes became ferocious.

In Wenzhou City in 2000, the public order was extremely chaotic, the police basically didn't care, and there were too many migrant workers in developed cities. Robbery, rape, theft, murder and underworld were very common.

"Run, Yang Yu. He has a knife." Teacher Si's face turned white. This villain seems to be a gangster, obviously a recidivist. This kind of person is at the end of his life. If he says to stab you, he will stab you.

Yang Yu saw the murderer in the man's eyes. He knew what the eyes were. What the eyes left for Yang Yu was not fear, but anger.

Yang Yu took the initiative to walk step by step, and his aura was like a king in the world, which scared

the gangster. For the first time, he saw a junior high school student with such a frightened look, as if he were a devil from hell.

The gangster suddenly got a little scared and said, "you are lucky today, grandma."

After that, the gangster ran away.

Teacher Si was stunned there.

Yang Yu then turned to check the situation of teacher Si. This look, silly, silk teacher's clothes have been completely torn, pieces, that bra has been torn, underwear have been torn.

Yang Yu completely saw the naked milk and the thick black forest.

As soon as she looked at herself like this, she quickly took her clothes to cover her, but the clothes were all torn apart and couldn't stop it. She was good at blocking it, but only a little bit. The milk and thigh, the black forest, couldn't stop it.

This makes teacher silk embarrassed to find a gap to drill down, too shameful.

Yang Yu found that silk teacher's milk is very big, at least 34d, what size is d? For the petite silk teacher, D's milk takes up all her breasts.

Yang Yu is lustful, but not lewd, not to mention obscene. He quickly takes off his short sleeve and puts it on teacher Si. At the same time, he tears away the broken clothes directly, but the short sleeve still can't cover her triangle.

Yang Yu picked up teacher Si.

Teacher Si's face was red, his hands around Yang Yu's neck, and the black triangle was completely exposed.

Yang Yu takes advantage of the school's security to patrol, and then carries teacher Si into the school to avoid gossip.

Miss Si looks at Yang Yu, a very poor student she hates most. A few days ago, she teased her to see her milk and vomited her lungs. But at this moment, she can't be born at all. She is even attracted by Yang Yu's masculine behavior. The other party is clearly a junior high school student or her own student. In her eyes, she is just a child. Why What's the feeling of being a man and a woman to him?

This makes teacher Si's heart thumping, thinking: I won't like my students, right?

Yang Yu sent teacher Si to her dormitory room and put her on the bed.

Teacher Si found the clothes, changed them on, and then took out the short sleeves and gave them back to Yang Yu. She was afraid to look at Yang Yu. After all, her body was completely seen by the student: "thank you, teacher, you shouldn't have said you were a waste before. I'm sorry

Yang Yu took the short sleeve, put it on and said, "teacher Si, it's me who makes you angry. I didn't understand before, but I won't do it later."

Yang Yu thought of a sentence: maturity is a kind of pain, you may not get it, but you will lose it.

Teacher Si was very surprised that the student changed his personality overnight.

"Miss silk, I'll go first. You can rest assured that I won't tell you what happened just now. Besides, I didn't see anything." Yang Yu didn't say it was ok, but he said that teacher Si's face was even more red.

"Why don't you stay and talk to the teacher?" Teacher Si has no boyfriend. She is prepared to say that she has one. However, her boyfriend seldom comes to see her in other places. Because of different places, they are trying to break up, but they come and go, and there is no division for the time being. "Forget it. If men and women are alone, there will be something." Yang Yu was alone with a woman twice. Su Qi and her cousin had sex with each other. If she stayed, she might have nothing to do with Miss Si.

"What are you talking about? The teacher didn't tell you to sleep." Teacher Si's face is even more red. She wonders how she feels about Yang Yu!

Seeing that it was still early, Yang Yu casually found a topic to talk about: "teacher Si, I heard Ye Qinqin say, is this dormitory haunted?"

"Listen to who?" The silk teacher doubts of ask.

"My deskmate Ye Qinqin." Yang Yu took the chair, sat down and chatted with the teacher.

"Oh." Mr. Si frowned and said, "in the past, there were mass graves in the back, and the dormitory building was the first batch of houses. It was very gloomy. But you said it was haunted, but I never met it. However, the school has a rule that only the first floor and the second floor can be provided for teachers, while the third floor is sealed, and no one is allowed to enter."

"Oh." Yang Yu said, and couldn't find any other topic, so he looked at the room.

The atmosphere was a bit awkward. Miss Si was also holding on to her skirt. She didn't know what to say: "when you meet bad people in the future, don't be so reckless. Those people are all reckless and can do anything."

"Well, I can't watch Miss silk being bullied by bad people, can I? Then I'm not as good as a man. Mr. silk, I'm the one who will guard with my life. " Yang Yu answered her sincerely.

"You have a sweet mouth." After listening to this, the teacher felt very warm.

At this time, teacher Si got up and poured a cup of hot water for Yang Yu and handed it to him.

"Miss silk, do you have any money?" Yang Yu asked suddenly.

"You borrow money?" The teacher answered.

"Yes."

"How much?"

"A lot, a few hundred thousand." Yang Yu replied. In 2000, there were hundreds of thousands, which was astronomical for the average working family. At that time, the teacher's salary was only 800 yuan.

Teacher Si was obviously frightened: "why do you want so much money?"

"Nothing." Yang Yu didn't answer and took a sip of boiled water.

But this morning, Su Lingqi had been taking a bath.

Suqi felt that there were some blisters in her buttocks and somewhere, which was disgusting.

"How could that be?" Suqi was worried that nothing could go wrong with such a comfortable ketone body.

Sookie immediately ran to the hospital for examination.

The words given by the hospital made her silly.

"We tested it. It's not a virus or a bacterium. It feels like a parasite. If it's not, it's an allergy." The doctor said seriously.

"Doctor, I don't understand." How strange Sookie sounds to this. This is already the best hospital in the city. Why can't we know what the disease is?

"You look like a venereal disease, but I haven't seen it before. It's like a corpse poison. Have you had sex with anyone recently?" Asked the doctor.

Sookie's brain suddenly stuffy, venereal disease? Yang Yu has venereal disease? what the hell.

Su Qi muddled back to the rental room, Yang Yu has not come back, he was opened bud on the move? Suqi felt regret for delivering the goods to her home.

It's getting dark.

Yang Yu pulls his girlfriend, and Li Bi, a ban Hua, goes to the woods. This grove is directly connected to the mountain without Purse Seine. It has been developed by the school and has become the only after dinner leisure walk area for students except playing outside.

But I'm afraid even the school itself did not expect that the leisure forest has turned into a cannon forest. It's autumn, it's not cold, and the fallen leaves are all over the forest floor, which is very beautiful.

Under the night, a bit of dark clouds, the moon flickering suddenly, coupled with a little bit of fog, let the forest become a bit strange and gloomy.

As soon as he went in, Yang Yu heard a woman gasping. Although we can only see the shadow, the girls are lying there, and the boys are still in a clear position from the back.

But this is not convenient to take off clothes, this position has become the most popular position of students.

"I didn't find that there were such big girls in our school before." Yang Yu muttered.

"You sleep on your desk during the day and run away after school. If you don't live in school, where do you know the scenery at night?" What Li Bi means is that these boys and girls who live on campus are happy here at night.

At this time, Yang Yu met an acquaintance Chen Bin.

Chen Bin, holding his big white buttocks in his hands, was frantically ploughing.

The girl bent over and looked up at Yang Yu and Li Bi, who were passing by. She was very embarrassed.

Yang Yu recognized that she was the next class bus, recognized that anyone can get on the woman.

"Oh, Yang Yu, you are so lucky. Why don't you bring the class flowers to play? Li Bi can't be touched by any other man. I really envy you. Look at this under me. I'll pay for it. " Chen Bin is very interesting.

The bus turned around and gave Chen Bin a hard look. It's public to give her money, but she still felt very shameful.

"Don't go inside. It's full of graves. It's not good. How about here? " Chen Bin's abacus is very good. If

they are here, they can enjoy ban Hua's big ass.

Li Bi is a very good girl. She is a good-looking girl. She has a lovely face. Her big breasts also make men want to be immortal and die.

"Go inside, let's be embarrassed." Li Bi said softly that she was nervous about doing that in the wild for the first time, but she also felt ashamed.

Yang Yu and Li Bi find a place to hide. The ground is full of fallen leaves. It's very dry and can be used as a cushion. The position is excellent.

"Lie down." Yang Yu said and patted the buttocks of a flower.

Li Bi looked around. No one saw this position, so she knelt down on the leaves, then fell on the ground like a dog, and raised her ass.

Yang Yu touched ban Hua's big ass with both hands and said with a smile, "you said you were only in the third grade of junior high school. How could your ass be so big?"

"I don't know. It's natural. My mother's ass and milk are big, too." Li Bi explained.

"Go and see your mother some other day." Yang Yu said with a smile.

"What." Li Bi is speechless.

At this time, Yang Yu opened the button of Li Bi's jeans, and pulled her jeans down a little bit, revealing a big butt like a peach.

The bottom of the two peach petals is a big semicircle, with a deep gap in the middle. The whole is like a big triangle.

Li Bi is well trained by herself.

Yang Yu took off his pants and then fell on Li Bi's back like a male dog. One hand went through her clothes and found a milk in it. The other hand supported her body.

And his brother, like an independent creature, consciously went to look for the honey stained hole, and then tried his best to drill into it as if he had found a new world.

"Yes, yes." Li Bi immediately woke up.

Li Bi felt more comfortable than ever before. She also understood why so many girls in the class sneaked away to make friends with boys. It was so comfortable. Li Bi, who has just eaten forbidden fruit, can't extricate herself.

About half an hour later, Yang Yu pulled it out and put it in Li Bi's mouth.

This time, Li Bi is very obedient to swallow clean, but also with the tongue, head Yang Yu's things clean again.

Yang Yu touched her head and said, "you are more and more good."

At the same time, police detective Xiao Qing reported that she had seen Yang Yu and a couple who seemed to have been to the experimental building that night.

Xiao Qing judged that the dead should be the male of the couple, so as long as we find the female, we can know what happened that night.

And who is that woman? The police hope fell on Yang Yu. Now Xiao Qing is looking for Yang Yu in the school.

So when Yang Yu and Li Bi came out of the woods, they met female police officer Xiao Qing.

"Is your name Yang Yu?" Xiao Qing looked at Li Bi next to Yang Yu in large quantities. She heard some girl students in the woods calling and the sound of bed. She suddenly understood something and asked, "are you 14 years old? If not, it's against the law. "

"I'm 14 years old." Li Bi quickly explained that she was very embarrassed.

"It's precocious enough to mess with men and women when she's just a little big. She's got a big chest." A valet policeman whispered.

Li Bi lowered her head even more. However, the students have experienced these things, and feel nothing.

"What can I do for you?" Yang Yu interrupted their whisper, and he had already guessed eight or nine points in his heart.

Xiao Qing took a look at Li Bi and asked, "you should know about the murder. Some witnesses saw you wandering at the door of the experimental building that night. Did you go there that night? Why go there? With whom? "

Xiao Qing asked three questions in a row.

Li Bi looked up at Yang Yu and thought: to go to the experimental building is to take girls to play. It's no man's land. It's not suitable to play. It's also an open secret, but no one dares to go there except those who are bold and reckless.

"What else can I do there? Play the game. The dead boy, eight out of ten, nine also took his female classmates to play in the toilet." Yang Yu said directly and clearly.

"Did you see any suspicious people?" Xiao Qing asked.

Yang Yu thought for a moment and said coldly, "I saw a girl student in school uniform and red cloth shoes. Her long hair covered her face. Her body was dry and her hands were as cold as the dead."

"Isn't that the ghost of red cloth shoes in the rumor?" A policeman said very thoughtlessly.

With that, he realized what he had said, and everyone's face turned white.

"Nonsense, there is no ghost in the world!" Xiao Qing scolded, and then she turned to look at Yang Yu, bluffing way: "children, sister remind you, provide false confession is to bear criminal responsibility."

Yang Yu laughed and said, "sister Jinghua, many things in the world are not what you think. There are many unknown mysterious forces beyond your imagination."

"What do you call me? You still teach me? Children Xiao Qing has a sneer.

As the leader of the city's crime squad, what strange cases have you never seen? In the end, all the so-called heresies are caused by people or people's hearts. She doesn't believe in heresies. She is a firm materialist.

Yang Yu fuzzy, thought he was the adult, involuntarily called other people's sister, who let the mind did not change, looking at a beautiful policewoman flower so confident, he knew she would suffer. Yang Yu sighed and said a classic sentence: "Hey, how can human explain human existence with a sperm?"

Xiao Qing doesn't like Yang Yu's student very much. She is so big and seems to speak like an adult. Can she still be frightened by him?

"Let's go to the laboratory building in the middle of the night and see what the hell it is? Hum Xiao Qing is very confident with the small brother to the laboratory building.

When they're gone.

Li bicai pulled Yang Yu's skirt and asked jealously, "who are you going to play with in the experimental building?"

"Yeqingqin." Yang Yu's casual reply.

When she heard these three words, Li Bi's face turned white.

"What's the matter?" Yang Yu asked.

"Did you scare me?" Li Bi looks like a ghost.

"What's the matter with you?" Yang Yu felt as if she had been frightened by something. He also looked back to see that there was nothing behind him.

Li Bi swallowed her saliva deeply and said word by word: "Ye Qinqin died at the beginning of this semester, don't you know?"

Hearing this, Yang Yu's pupils contracted instantly, and his eyes widened. Li Bi's pale face told him that she was not joking. She meant it.

"Ye Qinqin is dead?"

"You don't know that?" Li Bi is even more surprised. You are her deskmate. How can you not know?

Yang Yu patted his head. It's impossible. I saw her yesterday? On the first day when I came back here, she was sitting next to her. And that night, we were clearly making friends in the toilet on the second floor of the experimental building. How could it be fake?

"Didn't you see her?" Yang Yu asked carefully.

Li Bi shakes her head and looks at Yang Yu in horror.

Yang Yu is deeply afraid. It's impossible. Has his Yin and Yang eyes come back? Is Ye Qinqin a ghost? Wait, did you have sex with a ghost that night?

Think of this, Yang Yu has a kind of creepy feeling.

I always feel that something is wrong with that night. I always feel that ye Qinqin's wriggling appearance on her body is very strange. I always feel that I am holding her hand. If I haven't let go of it, it turns into that horrible picture?

Yang Yu swallowed his saliva deeply. God, he was scared.

Yang Yu recalls Ye Qinqin's performance in recent days. Yes, it seems that no one has ever talked to her, and she has never asked for anyone to talk to her. And when they talk to her, the people next to them always look at themselves in surprise. That's because they don't see ye Qinqin at all.

This kind of feeling makes Yang Yu experience fear again.

I didn't expect that when I went back to the first day in the past, I met such a terrible thing?

"Are you?" Li Bi didn't dare to say it. She wanted to say, did you have sex with a dead woman? If come, she is not indirect and female ghost also contacted?

"It's not clear yet. Don't be nervous Yang Yu comforted her.

It seems that this case is related to himself. He has to figure it out.

Yang Yu looked at the time, let Li Bi go back first, let her pay attention to safety on the road. Pay attention to safety, is Yang Yu specially ordered, now did not make clear before, no one can be sure, will it be ghost revenge?

Yang Yu looks at the experimental building. It's dark. Xiao Qing and several policemen are walking in.

"It's not that evil." Yang Yu turned around and went in another direction, that is, teacher Si's dormitory.

This dormitory building is very humid, and there are few teachers living in it. It also gives people a gloomy feeling.

Yang Yu even has the illusion that is it really a teacher's dormitory? Do you really live with teachers? Yang Yu knocked.

The teacher came and opened the door.

Yang Yu found that Miss Si was dressed a little differently tonight. Before making up lessons, she was wearing jeans, short sleeves and other casual formal clothes, but tonight, she was wearing pajamas.

Although it's not like Suqi, the schoolsister, wearing that kind of naked suspender nightdress, the silk nightdress of Miss Si is also very sexy, just like a young woman. Although she is not as old as a young woman, she has a different femininity.

"Come in." Teacher Si took the initiative to reach out and hold Yang Yu's hand.

Yang Yu went out of his way to feel the temperature of his hands. Now he even doubts that what he sees are people and ghosts?

Miss silk's hand is very slippery.

After entering the room, Miss silk closed the door and asked him to sit at the table.

There are textbooks and exercise books on the desk. Do you really want to make up lessons for yourself? Yang Yu thinks of Chen Bin's words and turns to have a look. Teacher Si was standing there, pouring

boiling water for herself. Yang Yu looked at her back, buttocks very cocky, thighs very white, stand straight, like a chicken that has not been opened, bud.

Teacher Si turned around and saw Yang Yu looking at him and asked with a smile, "what's the matter?"

Then he handed over the water.

"It's really sexy to wear Miss Si like this. I'm a famous jerk in my class. Isn't miss Si afraid of my crime? If it's not good, I'll make Mr. silk strong and cheat him. " Yang Yu tentatively said, Chen Bin let himself tentatively, listen to him once, mouth Sao a little, see the teacher's reaction.

"What nonsense? I didn't think about all that." Miss Si sat next to Yang Yu, took out his textbook and opened it.

Yang Yu is following his vision to see in the past, teacher Si's erect chest completely props up Sichuan pajamas. Yang Yu can see her hard milk and head.

Yang Yu is not stupid. She is a woman with milk and a hard head. It only shows one kind of situation, that is, estrus.

Is it true that teacher Murphys has not been moistened for a long time because her boyfriend is away from home?

"Why are you looking at me like that?" Silk teacher said, specially cover cover the chest, let the chest of pajamas close a little, so as not to go, light.

"Why haven't you seen my teacher? You've seen more than I have Yang Yu said very sullenly.

Teacher Si's face turned red, biting her little lip, and she didn't know what to say, because Yang Yu said it was a big truth. He had seen her milk, zihebi.

"Miss silk, it's not exciting just to make up lessons. It's better for me to do a right question. If you take off your clothes, if I do a wrong question, I'll take off my clothes." Yang Yu said with a smile, this kind of ghost idea he dares to say to the teacher?

Silk teacher a face of black line, but the tone does not seem to be angry, and even a little coquetry feeling: "you think not, the teacher is not set."

Yang Yu see no effect, for a strategy, said: "that way, I guess your past life."

"Now you can not only solve problems, but also tell fortune?" The teacher said with a smile.

"Do you dare?" Yang Yu is going to visit her soon.

"You also said that you have seen my body. You've seen the most secret places. What are you afraid of?"
When Miss Si said this, her face turned red. It seemed that she was not angry with this male student at all since that night: "you guess, but I have one condition. If you guess wrong, you will come to the teacher on Monday, Wednesday and Friday nights in the future."

"Yes." Yang Yu can't wait to get it, especially teacher Si didn't say that he was coming to make up lessons, so there must be other benefits.

Is this teacher really lonely and missing a man? Are you hungry? Not even your own boys?

"It's a deal. You can't break the appointment, otherwise." Teacher Si's expression is very serious, even a little strange.

"Or what? The teacher ate me Yang Yu said with a smile.

Silk teacher did not answer, just revealed in the bones is a chilly cold.

"Well, guess it. The teacher only wears two pieces. If you guess correctly twice, the teacher will take them off Teacher Si's look came back and said sweetly.

Two years? Miss silk didn't wear a bra, did she? As long as you guess right once, you can appreciate the beauty of teacher Si?

After thinking about it, Yang Yu recalled in his mind the gossip about Mr. Si. It seems that at the end of this semester, the students talked about something and organized it in their mind. Then he said: "Mr. Si's boyfriend is a rich second generation. He should not have come to see the teacher for three months. I guess he has cheated, but you don't know yet, that little three silk teacher may still know. "

Before Yang Yu's words were finished, teacher Si suddenly picked up her nightgown and looked at Yang Yu and fished up little by little.

Yang Yu's blood is boiling and his nose is bleeding. Although he saw it once, it was the teacher who took the initiative this time. He felt different.

Silk teacher a little bit of joy, revealed a big semicircular ball, the radian is particularly beautiful.

"Miss silk, I'm talking about the future." Yang Yu also wants to explain that this has not happened yet. How can he confirm that he is right? I was in a hurry to take off my clothes.

"I just learned about it today. You are really good at fortune telling." Said Miss silk, taking off the whole

nightgown.

Yang Yu was stunned.

It was too dark that night. Yang Yu didn't see clearly, and he didn't look carefully.

Now it's full of light, the milk, round, very good-looking, just like football, and the skin is white as snow, plus the red lips, wearing black t-shaped pants, the pants are only a piece of cloth, two belts, sexy.

Mr. Si always gives Yang Yu the impression of a pure lady, but now it seems that she is sexy with a little coquettish.

This perfect body alone is enough to make a man commit a crime.

Silk teacher is still a little embarrassed, with his hands to cover his own milk, milk, head, this cover appears to be more people fancy.

"What you have just guessed is a past life, or a present life?" The teacher said sweetly.

Yang Yu was stunned for a moment, but didn't reflect the real meaning of this. He thought it was the past and the future. After thinking about it, anyway, teacher Si had already taken off like this. The inner trousers were not important, and they couldn't cover anything.

"Miss Si likes a boy like me. Maybe she can be my wife in the future." Yang Yu joked on purpose.

The teacher just smiles and says, "you guessed wrong this time. You'll come over one, three, five nights later. "

Yang Yu doesn't know whether to cry or laugh. It's better than guessing right!

"No problem, Miss silk is so beautiful. I can come every day." Yang Yu said with a smile.

"Don't regret it." She said with a smile.

Miss silk has a beautiful smile.

When Yang Yu reaches out his hand and is ready to help open teacher Si's hand. The teacher suddenly stretched out a beautiful curve on the bed, and then turned it in a beautiful circle.

Yang Yu was stupefied. Under the weak light, the translucent mosquito net loomed, and the beautiful ketone body of teacher Si loomed. Yang Yu seemed to see Nie Xiaoqian himself with the white beauty, the legs, the protruding big milk and the baby.

"Come on." The teacher said.

Yang Yu breathed, male hormone that is soaring ah, tonight, even if strong, rape sentence no period, he also want to teacher silk to strong, rape. Yang Yu directly took off his pants, the man is really the next half of the animal, immediately rushed to the past.

Teacher Si turns over, and Yang Yu pours, but he still catches teacher Si, pulls her over, and then presses her up.

.....

It's about ten o'clock in the evening when the school is touching.

Silk teacher covered his mouth with his hand, said with a smile: "Pro teacher, can be against the secular Oh, you should go back."

"No? I've taken off my pants. " Yang Yu said with a bitter smile.

"You can't eat hot tofu in a hurry. You often come here in the future. Are you afraid you won't have a chance to touch the teacher? Good Teacher Si said and gave Yang Yu a big kiss on the lips.

Yang Yu is very helpless. It's hard below. You let soft go back. Now he really wants to know how many years will be sentenced to be a strong traitor?

See Yang Yu so reluctant appearance, silk teacher said: "I haven't come out of betrayal, give me some time, let me like you, you don't like, with violence, force to get the teacher?"

Teacher Si's words make Yang Yu's heart soften. Once his girlfriend Ruoshui, they are all voluntary. If Shuishui has countless opportunities to directly rape her, even if she is strong, Ruoshui will be his girlfriend, but he doesn't do that. He should respect others.

Yang Yu nodded, this can not get the silk teacher, let his heart more itchy.

Xiao Qing took several policemen into the experimental building to check the situation. At the beginning, they met nothing.

"What's the point? Isn't it just a bit dark, a little old, and a little moldy? " Xiao Qing doesn't believe in evil. There's no ghost. It's funny.

But as they walked, they felt the sound of footsteps behind them, so they looked back with a flashlight, but there was nothing behind them.

Several times in a row, but none.

"Who's in the back? Get out of here! We are the police" Xiao Qing said very childishly.

As soon as I turned around, suddenly the flashlight didn't work.

Xiao Qing clapped the flashlight desperately, but it didn't light up.

"Captain Xiao, let's go back. It seems that I saw a pair of red cloth shoes just now." A policeman shivered and said.

Not to mention that it's OK. When it comes to disturbing the morale of the army, several other policemen are also afraid.

"Let's go out. It's really gloomy here." It has been suggested to.

"Yes, officer Xiao, go back."

"A group of useless guys, you go out, I'll go upstairs to have a look." Xiao Qing doesn't give up.

The other policemen, you look at me, I look at you, and I decide to go back and wait.

They felt the wall and went out, but they didn't find the stairs.

"Don't touch me. I feel numb." Said the policeman at the back.

The two policemen in front turned back at the same time.

The last policeman's face turned black. His companion was in front of him. Who was touching him at the back?

"Captain Xiao, don't scare me." The last policeman didn't dare to look back. The two policemen in front looked at him strangely and turned pale.

"What do you see? Is it captain Xiao" Asked the policeman.

As soon as he finished, his companion in front of him immediately ran away.

The policeman was stunned. He felt that there was a hand on his shoulder behind him. He did not dare to look back. He secretly lowered his head and looked back from below. He saw a pair of red cloth shoes.

The bright red blood drops on that pair of shoes, which seems to be extremely frightening.

"Ah The policeman screamed in horror.

Screams resounded through the campus.

On the way back, Yang Yu had already recovered from teacher Si's surprise.

Just now and silk teacher's a series of experience as if oneself entered "the meat Pu garden".

But his thoughts immediately returned to Ye Qinqin. Tomorrow, he must find his classmates to confirm it.

Yang Yu suspected that he had Yin and Yang eyes, which also made him encounter countless gorgeous ghosts in his later life experience. At the same time, he was also haunted by lusters and could not extricate himself.

When Yang Yu came out, he ran into many policemen running out of the experimental building, including Xiao Qing.

"Where's Xiao Zhao?" Xiao Qing asked.

"I don't know. We came out first. He, he, he."

"What is he?" Xiao Daoqing.

"There's a ghost woman standing behind him." Another policeman shivered into the conversation.

After listening, Yang Yu went forward, looked at Xiao Qing, and cried, "go in and have a look."

The crowd ran in again. This time, they quickly found Xiao Zhao.

Xiao Zhao stood there, motionless, and all the people could see was his back.

"Xiao Zhao?" Xiao Qing came forward and called, patting him on the shoulder.

Police Xiao Zhao fell down, his face staring at the front, as if he saw something very terrible.

"He's dead." Yang Yu checked his pulse.

Xiao Qing suddenly collapsed on the ground, the other two policemen are pale.

"It looks like I was scared to death." Yang Yu added this sentence.

Xiao Qing couldn't believe it.

"I said, you should respect the dead, respect every dead soul. There are many unknown areas in the world that human beings can't understand. Open them up. " Yang Yu is not lecturing the young policewoman Hua, but telling himself.

I don't know what happened in my previous life.

"Follow me and carry him out. Don't believe in your eyes. Believe in what you really touch, or you will encounter a ghost." Yang Yu walked in front of him. He touched the wall and came out.

They called an ambulance and carried the body away.

"Little brother, you seem to know this very well. Where did you learn it? Can you tell me about it? " Xiao Qing asked reluctantly this time.

"You call it brother first." Yang Yu said.

"Hey, little brother, you are only the third year of junior high school. You are so much younger than me. Let me call you brother? You're good at taking advantage of people. " Xiao Qing said, his brow locked, obviously very unhappy.

Yang Yu ignored it and went straight away. Now he is neither an exorcist nor a ghost catcher. He has no obligation to manage so many ghosts. At first sight, the red shoe ghost is very fierce. From the moon sky above the experimental building, we can see that his resentment is very deep, and he has no way. It is the best policy to go."You." Xiao Qing is not willing to shout. She is so angry that she stomps her feet.

Yang Yu returns to the rental room. In the corridor, Su Qi, her elder sister, is waiting for him with the door open.

"You're back at last? Go to your room. I have something important to ask you Su Qi, a student sister, directly takes Yang Yu to his room.

"You don't have to be in such a hurry, Xuejie. There's a long way to go." Yang Yu jokingly took out the key and opened the door.

As soon as the door closed, Su Qi asked, "are you sick?"

Yang Yu Leng for a while, did not respond: "what?"

"I ask if you have Xing's disease?" Suki called again.

Yang Yu saw that she was so frightened and serious that she couldn't smile and said, "it's impossible. I'm not sick. What's the matter?"

Su Qi pulled off her trousers, cried and said in fear, "the doctor said it's Xing's disease."

Yang Yu looked at the beautiful ketone body of Xuejie. On her skin, there are some things like blisters. They are disgusting, one by one.

Yang Yu quickly checked his body, there is no such thing.

"What did the doctor say? Is it viral?" Yang Yu asked, if it's viral, it's over.

"The doctor couldn't find out what it was. He said he hadn't seen it before. He prescribed some anti-inflammatory drugs to take and smear again." Sookie replied.

"Is it your roommate? She's so unruly. I don't think there are dozens of boys who have relations with her. Will she pass it on?" Yang Yu speculated.

"I've seen her in the morning, but she hasn't. I've only done it with you. Please think of something for me. I'm crazy." Suki is going crazy!

The first time you've had sex? Why do you have to do it by yourself? Are roommates and schoolmates OK? Is there an incubation period?

"Don't worry. We'll go to the hospital tomorrow and make sure." Yang Yu comforted.

Su Qi pushed him away and yelled, "you're promiscuous."

Then he went back to his room and howled.

The next day.

Yang Yu went to the doctor again with her sister, and got the same answer: I don't know what the disease is. I suggest going to a hospital in Shanghai or Beijing.

This conclusion makes both of them collapse. Where is the undetectable Xing disease?

After leaving the hospital, Yang Yu comforted: "Xuejie, if you really spread this disease from me, I will be responsible to the end."

Su Qi mercilessly white Yang Yu one eye: "if discover to have something to do with you, you are dead."

Suqi said to go to school first.

Yang Yu is also very depressed, infectious diseases? Is it about yourself? It must have been her lousy roommate, right? That thousand riders can't miss the trick.

Yang Yu went to school, passing his own rental community, found a familiar figure, Xiao Qing.

Yang Yu comes forward.

"What happened to our community?" Yang Yu asked.

Xiao Qing took a look and asked, "do you live here?"

"Yes." Yang Yu replied: "this is a farmer's house. A large number of refitted houses are specially rented to nearby students."

Xiao Qing took a hard look at Yang Yu and said, "you're only in the third year of junior high school. Do you rent a house and live with girls outside?"

Yang Yu looks embarrassed. At this time, the body is lifted down and a hand is exposed. Inadvertently, he finds some blisters on the body's arm.

Yang Yu's eyes widened, so familiar with the blister, which is very similar to Su Qi's blister!

Yang Yu directly crossed the warning line.

"Hello? What are you doing? " Cried captain Xiao from behind.

Yang Yu's speed was very fast, and the police in front didn't stop him. In front of the body, Yang Yu raised Bai Buxin.

The disgusting scene directly made Yang Yu vomit!

It's disgusting!

The body is a male, looks like a middle-aged uncle, 40 years old, no clothes, the body's skin has been torn apart by himself, thousands of holes, inside the meat are rotten out, smelly hair pus!

The meat is going to fall off piece by piece, just like the living rotten.

"How long have you been dead? How did you die? " Yang Yu asked a female forensic doctor in front of him.

Of course, the forensic woman won't tell him.

Xiao Qing ran over and didn't stop Yang Yu's behavior.

"It's like an infectious disease. It's been less than three hours. It is what disease should wait for assay result specifically. But I suggest that we disinfect the whole community here. Maybe it's a highly contagious disease. I have to wait until I go back to test it." The female medical examiner, wearing a mask, explained.

Xiao Qing waved her hand and the body was carried away.

Yang Yu has a heavy complexion.

"Do you know something? Why else are you so nervous?" Xiao Qing became the team leader when she was young. She must have real ability.

"How did it rot like this when I just died?" Yang Yu seems to see Su Qi's end. What's wrong with her? You should help yourself with both feeling and reason. The school sister's office is still opened by herself. In case there is something unknown about the incubation period of Xing's disease, you may have been infected.

Yang Yu turned his head and said to sister Xiao Qing with a smile, "sister Xiao Qing, can I join you in this case?"

"You?" Xiao Qing looks at it in amazement. She looks very mature and mentally mature, but no matter what, it's only the third day of junior high school!

Yang Yu changed his address, just to curry favor with him.

"Sister Xiao Qing, maybe I really know something. If you don't let me participate, I won't say it." Yang Yu bought a pass.

Xiao Qing was dubious. Maybe he really knew something, so he agreed.

"Sister Qing, let's go to his room." Yang Yu is very active in running online.

Xiao Qing has no choice but to smile bitterly. This schoolboy takes himself seriously, but he also follows up.

To the dead man's room, a stench, extremely smelly.

But this is not the biggest feature of the room. The walls of the room are full of various patterns and words, which are distorted, just like abstract "starry sky".

"It's so weird. It's like he's hallucinating. Look, at least you can see that he was scared, very scared Yang Yu looks at the distorted picture on the wall and imagines his mental activities. Assuming that it's an

infectious disease, a virus and hallucination, what will be left behind?

"This is the secret room. When our police came in, they were all closed. We ruled out the possibility of murder. He's more like a suicide." Xiao Qing explained.

Yang Yu searched in the only room. Under the desk, he found a notebook with two words on the first page: virus.

Yang Yu browsed through all the log books and found a lot of clues hidden in them. The general situation is as follows:

? No.7:

everything started with the girl student. I drove her back to the community and shot in the car.

#No.8:

after that night, the nightmare began. I started looking for all kinds of blisters on my body. I went to her and she said she didn't know. This damned bitch, it's a bus, pass on Xing's disease to me!

#No.9:

I seem to see a woman wearing red cloth shoes. She walks like me and dreams of her every night. I'm going crazy!

#21:

I know I'm going to die. Death left me only two weeks.

"The woman in red cloth shoes?" When Xiao Qing saw this, she also turned pale: "isn't that the ghost girl in your school?"

Xiao Qing subconsciously seems to have accepted the ghost, just ask.

"Yes, how can this matter be related to the female ghosts in our school's experimental building?" Yang Yu is also very confused, how is this related?

Xiao Qing pointed to her words in the diary and said, "who she is is the key."

Although Xiao Qing is an adult policeman, she has more than one head short in front of Yang Yu. When she points at her words, she has to pad her toes. Therefore, it's not so awkward for Yang Yu to call her sister.

Yang Yu closed the diary and handed it to Xiao Qing. This is important material evidence. Then he said,

"we must find out the identity of the female ghost. Only in this way can we solve this series of female ghost murders and stop her from continuing to murder."

Xiao Qing nodded, but immediately said again: "there is no ghost in this world, it's just people who make trouble."

"Have you got the autopsy results of Xiao Zhao? Is it acute myocardial infarction?" Yang Yu asked with a smile.

"How do you know?" Xiao Qing is more and more admiring this younger student. How did he guess?

Yang Yu said with a smile, "because I believed in the fierce ghost at the beginning. We have to hurry up. I'll go to the school and ask the principal if there were female students who died unjustly in the experimental building before. You can go to the police station to check the case files and find out the cases that happened in the experimental building before Wen No.9 middle school. The key is: Female students, red cloth shoes. "

"I still need you to tell me what to do?" Xiao Qing is not used to being so bossed by a child. How can this boy be so mature? He doesn't look like a junior high school student at all.

Xiao Qing asked her subordinates to go back to check the historical records and go back to school with Yang Yu.

Xiao Qing is wearing a uniform. She is valiant and has short hair. But Yang Yu's eyes stay on her chest. She props up her uniform like two big watermelons. She is really worried that the police uniform will crack!

"Another giant, milk?" Yang Yu muttered.

"What did you say?" Xiao Qing didn't respond.

"Sister Xiao Qing." Yang Yu thinks that since he is only in the third grade of junior high school, no one will believe him even if he pretends to be an adult. Who will believe that he is going back to the past in the future? Instead of this, in front of these elder sisters, you can pretend to be younger brother. Maybe you can get the hidden welfare like your cousin. When you are young, you can say, "elder sister Xiaoqing, you are so big that you can catch the bad guys when you run with a shake?"

"You Xiao Qing's face suddenly turned red. How could the younger brother talk like this? He replied, "what do you know, little child?"

"I don't understand? Will my sister take me to the hot spring at night Yang Yugui has a lot of ideas.

Xiao Qing turned her head and looked down at Yang Yu's trousers and crotch. The outline was revealed. She thought to herself: this younger brother is only the third year of junior high school, so precocious, where is the outline so big?

"You think so." Xiao Qing replied.

To the headmaster's office.

It was the police who came to ask questions. They were very cooperative.

"Comrades of the police, you should solve the case quickly. This matter has caused a storm all over the city. The students are all in a panic. I am responsible for the safety of all the teachers and students in the school." The old headmaster has been crying because of this. Now some radical parents, especially the families of the dead, are blocking the school gate.

"Did you see the banner at the school gate? I'll help you all to solve the case now. I won't beat you out. " The old headmaster took off his reading glasses and burst into tears.

Xiao Qing comforted, and then asked: "over there in the experimental building, have there been any other homicide cases before? The victim was a woman, wearing red cloth shoes. "

"Ah?" The old headmaster put on presbyopic glasses and asked them to sit on the sofa. At the same time, he poured tea for them: "what do you want to ask?"

"We suspect that the mastermind of the serial murders may have been a fierce ghost who locked his life. There must have been some injustice. It was only when the hero's soul did not disperse and the resentment had been deep that the human world was harmed. So find out who she is Yang Yu interrupted.

The headmaster looked at the naive boy, frowned and said, "aren't you the very poor student in class 6? Why do you come here when you don't go to class? "

Well! Yang Yu a face black line, own bad reputation can let old headmaster remember oneself?

"Headmaster, you also said that it's the same for poor students whether they go to class or not." Yang Yu said with a smile.

The old headmaster didn't care about it for the time being. He thought about it, but he couldn't think of anything. He said, "no, it's just the recent two homicides."

"I heard the school used to be a mass grave?" Yang Yu asked again.

"Do you really believe in ghosts?" The old headmaster was obviously very dissatisfied: "every inch of land and money in this city, but for the cheap burials, this school might not even have a piece of land."

Leaving the headmaster's office, Yang Yu shook his head desperately.

"The headmaster is lying to us. He must know something, but why don't he tell us?" Yang Yu is helpless.

Xiao Qing is really dizzy by this case now. She doesn't believe in ghosts for her life. How can there be such an evil thing? But judging from several cases, she has no clue.

"Sister Xiao Qing, go back and help me to check three things: first, whether anything happened in the experimental building before; second, search again in the database of the man who died of an infectious disease to see if there is a case of the same death. You can go to the hospital or epidemic station to have a look; third, help me to check a person named Ye Qinqin." Yang Yu finished three things in one breath.

"I said, do you really take yourself seriously? You're a cop? Are you my leader How does Xiao Qing feel to be led by a little brother?"

"Trust my judgment." Yang Yu's answer is also very simple: "I'm going to class."

Looking at Yang Yu's back, Xiao Qing felt like an adult, unable to express her feelings.

Yang Yu returned to the classroom, and sure enough, his deskmate seat was empty. Last time, Li Bi said that she died at the beginning of the semester. This must be asked clearly.

After class, Yang Yu patted the girl Li ran at the front desk and asked, "where's Ye Qinqin?"

"How long has it been since you came to class? Ye Qinqin disappeared last year. At the beginning of this semester, his parents also gave up, when the death was announced Li Ran explained.

In line with Li Bi's confession, Yang Yu is in a cold sweat. He has sex with a female ghost. Is he married?

The more I thought about it, the more I was afraid. I didn't pay attention to it at that time. Was her body hot or cold?

"Disappeared last year? She didn't come at the beginning of the semester. All the students thought she was dead?" Yang Yu mumbled, thinking about it all the time.

At the end of class, Li Bi came over again. Now she is a definite girlfriend.

Li Bi sat on the seat of Ye Qinqin and said secretly, "do you want to go to my house at night?" "To see you, my mother's milk, my son?" Yang Yu said with a smile.

"Nonsense, she worked overtime today and got off work late." Li Bi said secretly.

Go to her home that hint of very direct ah, even if don't hint Yang Yu can aboveboard make her.

After Xiao Qing went back, she immediately arranged personnel to look for similar cases from a large number of files.

In the case of the popularity of this computer database, such work is extremely cumbersome and requires a lot of human energy.

Starting from the city, move forward in chronological order, and pull out the people with similar causes of death of the latest dead.

Soon, a police officer found a similar death case of infectious diseases, which shocked Xiao Qing's heart. Yang Yu was so powerful that he was right!

Yang Yu managed to stay up until school. When he was ready to compete with Li Bi, the class flower, when he came home to play with her, Yang Yu suddenly felt that he saw some red shadows in the drawer of his desk mate.

Yang Yu is very sensitive to bend his head to see.

This observation, Yang Yu's soul is scared, that is a pair of red cloth shoes!

Yang Yu looked up for the figure of the students. Most of them were busy finishing school. No one paid attention to it or saw any strangers.

Yang Yu frowned and thought: who put it here? Why is there a pair of red cloth shoes in yeqinqin's drawer? These shoes are definitely the same cloth shoes of the female ghost in the experimental building?

Yang Yu took his shoes and smelled them under his nose. There was a strong smell of blood.

Yang Yu thought for a while, picked up the shoes or put them in his schoolbag.

"Let's go." Li Bi came over and took Yang Yu's hand: "what do you put in?"

"Nothing. Let's go. " Yang Yu pretends nothing.

In Li Bi's single parent family, her father gave the house to her mother and daughter, and her life was guaranteed.

Li Bi's mother is a salesman. When she is lucky, her income is good.

"It's not easy for your mother to run the business. I heard that all the business people have to be compared by the customers, isn't it?" After Yang Yu arrived at her home, he hugged his girlfriend from behind,.

Li Bi obviously does not exclude men touching themselves, replied: "I don't know about my mother, maybe."

"Your mother divorced, what about her physiological needs? Have you ever taken a man home to play Yang Yu is very interested in her mother. If mother and daughter come together, they can fly together.

"Yes." Li Bi seems to have no resistance in front of Yang Yu and answers everything.

Yang Yu's hand opened Li Bi's chest cover. It was really enjoyable.

"My sex and lust are inherited from my mother." Li Bi is very gossipy. She doesn't seem to talk about her mother.

But when Li Bi was experiencing the excitement crazily, her mother suddenly opened the door and came in.

To be honest, this is the most embarrassing thing Li Bi has ever met in her life.

My mother's sudden appearance is obviously a surprise to her. Doesn't it mean that I leave work very late tonight? Why did you come back early?

"You? My daughter, you Li Bi's mother, Liu yueni, was stunned and looked at everything in front of her.

This is the first time that Liu yueni saw such a big man's things, just like the niggers in the movies in Europe and America!

Liu yueni deep swallow saliva, heart thumping straight jump, legs inadvertently closed for a while, in front of this boy is very young, a look is the daughter's classmate!

Yang Yu also reacted quickly, but he deliberately did not leave Li Bi's body, pretending to be very embarrassed and yelled to Li Bi's mother Liu yueni: "Hello, aunt."

Liu yueni this just reaction come over, so unbearable one eye, really let her some shock, hurriedly way: "you just three days, how can, ah, quickly put on clothes."

But Yang Yu is not in a hurry to leave, but said: "legs a little numb."

"Poof poof." Li Bi made a sound, but she couldn't say anything. When her mother saw her unbearable scene, she really wanted to die. She pushed her boyfriend several times, but she didn't push him away. She was angry and resentful. It was also very interesting.

"Hurry up, it's dead." But Yang Yueyu kept looking at the guy in her mouth.

Li Bi got up in a hurry, covered her lower part with her clothes, and hit Yang Yu hard at the same time. The expression was very interesting. It was clear that she said: you did it on purpose.

Li Bibian wore pants, but she didn't dare to look her mother in the eye.

Liu yueni sat on the stool with an angry face.

"Mom, let me introduce him to you. He is my boyfriend Yang Yu and my classmate." Li Bi didn't know how to explain such an embarrassing scene to her mother.

Liu yueni took a look at her daughter and said to herself: this daughter is more thirsty than herself.

Liu yueni's heart seems to be a little envious of her daughter, so small, you can enjoy the moistening of a big man.

"How old are you? What about having a big belly?" Liu yueni poses as a parent.

"Auntie, I'll pay attention." Yang Yu replied.

"There are accidents, and you." Liu yueni was a little embarrassed to say it. Just now, her daughter saw her expression and obviously enjoyed it very much. She was out in the wind for so long, but she never thought that she could still be like this? Today's boys and girls really have tricks: "how can you learn such disgusting posture when you are just a little old"

"Mom, my boyfriend, what's dirty." Li Bi bowed her head and answered with embarrassment.

"Auntie, it's all my fault. Don't blame Li Bi. I'm too overbearing, so I'll punish us if I clean up for you." Yang Yu must give her aunt a chance to go down the stairs. Otherwise, she will not admit her mistake and let her aunt approve her behavior just now? Definitely not. This is where Yang Yu's EQ is high.

Liu yueni obviously understood Yang Yu's meaning and said, "well, after all, you are my daughter's classmate. You are also a guest at home. My aunt is going to cook and cook. Stay and eat together. You'd better clean up and go to the room to do your homework."

"Thank you, mom." Li Bi just showed a happy smile, and finally the scene of embarrassment passed.

Yang Bi pulls Li Yu out of the room and is extremely embarrassed.

Li Bi's room is still very girly, and there are dolls on the bed, decorated in pink, which is a little woman's mentality.

Li Bi closed the door, leaving a little gap, so that mother would not doubt it again.

"Didn't you say your mother worked overtime? How embarrassing that was Yang Yu pretends to be very embarrassed. In fact, what's embarrassing about a big man? Which village woman in yunu village hasn't seen her own hanging?"

"I didn't know all about it. What does she think of me in the future? I'm afraid that if I have to be forbidden in the future, I will have no freedom. " Li Bi sat on the bed coquettishly.

Yang Yu stepped forward, stood in front of her and said, "I'm still stiff. Just now, it stopped suddenly. You have to help me to relieve the fire."

Two people again disorderly.

More than ten minutes later, Liu yueni outside called out: "daughter?"

Li Bi vomited out in a hurry, and Yang Yu had to put it back. At this time, Liu yueni pushed the door in.

"What's the matter with mom?" Li Bi asked.

"There's no soy sauce at home. Stir fried meat is not fresh without soy sauce. You can buy a bottle of soy sauce for me. " Although Liu yueni said to her daughter, her eyes were peeping at Yang Yu's pants and crotch.

Li Bi had to go out to buy soy sauce.

"Auntie, what can I do for you?" Yang Yu asked casually.

"Why don't you come to the kitchen and help my aunt wash the dishes?" Liu yueni said.

"Yes."

Yang Yu follows Li Bi's mother and looks at her aunt's big butt.

Yang Yu looks at the single mother again. Her overall figure is a little plump, but her chest and buttocks are big, but her waist is thin. Even if she is plump, her figure is excellent.

Wearing a blue work uniform, similar to a stewardess, you can see that she is in business.

Liu yueni's skin is very white and not flabby. Her whole body exudes the smell of a ripe woman, which reminds Yang Yu of widow Liu and sister Ying in yunu village.

"Auntie, you have a big butt." Yang Yu looked at her aunt's big ass and sighed.

"Poor mouth." Liu yueni didn't get angry at all. Instead, she asked, "is my aunt's big or my daughter's big?"

"That aunt's ass is much bigger." Yang Yu replied with a smile: "ha ha."

"Have you measured it? How do you know that Auntie's is older than my daughter?" Liu yueni replied.

"Aunt, take my measurements." Yang Yu picks, teases the way.

"Poor mouth. Is that how you got to my daughter Aunt Liu yueni handed over a bag of celery and asked Yang Yu to help pick the leaves.

Yang Yu took the dish, washed it in the sink and picked up the leaves. His eyes were really staring at his aunt's chest, but he couldn't see anything in his uniform.

"Auntie, where's your man?" Yang Yu asked.

"Divorced, didn't Li Bi tell you?" Aunt Liu replied.

"How can Auntie solve her physiological needs? Li Bi said that Auntie's demand for sex is great. " Yang Yu really dares to ask anything.

Liu yueni's face turned red and murmured, "this child really says everything."

"Auntie, hold it." Liu's answer is very embarrassed.

"You have to find a man to vent the fire." Yang Yu said while picking leaves.

"There are no men. Single mothers are under a lot of pressure to raise their children. They can't take care of them." Liu yueni thought, this boy is really mature.

Yang Yu thinks about it.

At this time, Aunt Liu yueni reached for something, because it was on Yang Yu's side, so Aunt Liu stuck to Yang Yu's body to get it.

Aunt Liu's chest is close to Yang Yu's back. Yang Yu can clearly feel the outline of Aunt Liu's big chest. It's very big and soft. She sticks to him like a meat ball. Moreover, she can obviously feel that she doesn't

have a chest and a hood. Yang Yu estimates the size. It has to be D, ripe, and the woman is really ripe.

Yang Yu smell, Aunt Liu body a strong smell of women, attracting male animals. Yang Yu took a deep breath.

But Liu yueni deliberately can't get things, and still rubs Yang Yu's body with his big milk.

Dinner.

Aunt Liu's food is quite good. But Aunt Liu sat beside Yang Yu.

"Eat more beef." Liu yueni put some beef in Yang Yu's bowl. He leaned over and rubbed his leg against Yang Yu's.

Yang Yu didn't feel the hint, but the meat of his legs was very comfortable.

Yang Yu's chopsticks fell to the ground and picked them up. He inadvertently looked at Aunt Liu's beautiful legs beside his eyes.

The silk stockings of Aunt Liu are very attractive.

Unexpectedly, Aunt Liu opened her legs unintentionally. But Yang Yu still didn't see anything and was disappointed.

Because their parents are at home, it is not convenient for Yang Yu and Li Bi to do anything more in their room.

"Auntie, Li Bi, then I'll go back." Yang Yu feels bored, and there are still some things to do.

Li Bi is not willing to be alone with her boyfriend, but she is also upset by her mother.

"What are you doing back there? Isn't there any class tomorrow? I'll sleep here at night and study together. Anyway, there's an empty room for you to sleep in." Aunt Liu said.

Liu yueni's ex husband left the house with three bedrooms and one living room. In this era when commercial housing has not been fully opened, such a downtown house is quite valuable.

"Yes, you go back to the rental house. Why don't you sleep here?" Li Bi also wanted to stay.

Yang Yu thought that he could sneak into Li Bi's room at night to shoot her. He thought it was good, so

he agreed to come down.

I have been reading with Li Bi in my room, and the time has passed unconsciously.

Yang Yu's mind has been sorting out the case and the voice of that crossing.

"Li Bi, go and take a bath." Aunt Liu yueni came over with a pair of underwear and a Chinese style short sleeve in her hand and said, "Yang Yu, you can wear this one later. The underwear and clothes will be changed and your aunt will wash them for you. Tomorrow morning. "

"Oh." Yang Yu Oh, took the clothes to find something wrong.

Aunt Liu has already taken a bath and is wearing a nightgown. It's not that the Nightgown is too ostensible, but that Aunt Liu's milk is too big. Hold up the Nightgown completely because it's too big. Half of the milk on the top can't be covered completely. The thighs on the bottom and half of the body are also very ostensible, and the buttocks are very cocky.

"Aunt Liu, you are so full and feminine. Especially your milk. It's beautiful. " Yang Yu joked that he was only in the third year of junior high school. What could his aunt do to her?

"Be careful, auntie, you are so old." Obviously, Liu yueni can't be angry, but she can't take his words as the kind of tease of the adult world.

"Aunt Liu, why don't you come to my room at night and let me see your milk." Yang Yu took advantage of the identity of the junior high school kid, but also while his girlfriend is no longer, quickly tease.

Aunt Liu can not be hungry and thirsty, as long as give her a hint, maybe she is brave enough to have good luck in the evening.

"You child." It's the first time that Liu yueni has been teased and teased by a male student who can be her own son.

"Or at night, auntie, your room is open and I'll go to you." Yang Yu continues to cover the aunt.

"You said that, my aunt ignored you." Liu yueni is also coquetry, a mature woman and a boy. The scene is also very interesting.

After three people have taken a bath and the time is almost the same.

Yang Yu is going back to his room to sleep.

"Don't lock the door at night. I'll go to sleep with you in the middle of the night." Li Bi said to Yang Yu secretly.

In fact, Yang Yu is not very willing. Compared with Li Bi, he thinks her taste is better, but he can only reluctantly nod.

"Yang Yu, Auntie has made your bed well. You can rest assured to go to bed." Liu yueni came and cried.

After waiting for Yang Yu to pass by, Liu yueni told her daughter, "don't slip into her boyfriend's room at night. How old is it? How old will it be in the future?"

Li Bi is very embarrassed and depressed. She wants to reply: it's still your inheritance.

Yang Yu lying on the bed, to the bag inspection, found that the pair of red cloth shoes can not be found, how to find also can not find: "it is really strange."

There are many folk sayings that ghosts often cling to some of her favorite things, such as umbrellas, red clothes and red shoes. Red has always been a symbol of resentment, the most attractive thing in the underworld. Yang Yu brought the shoes back because he thought they belonged to Ye Qinqin.

"Isn't Ye Qinqin the red cloth shoes ghost of the experimental building? That night, I had sex with the ghost of the experimental building? " When Yang Yu thought of this, he was covered with goose bumps and chilly hair. What is Su Qi's infectious disease?

Yang Yu couldn't figure it out, so he quickly took the sheet over his head and was ready to go to bed.

What's going to happen tonight?

Will it be the affair of gorgeous ghost or peach blossom luck? Or is it mother and daughter? Yang Yu went to sleep unconsciously.

At midnight, the room was dark and silent. In his sleep, Yang Yu feels that someone is around him and wakes up in a daze. Because people in the quilt, no light, but when he opened his eyes, he found that the quilt, there is a woman next to him!

This woman has hair and can't see her face!

She was also wearing a school uniform.

"Ah Yang Yu wakes up with fright. The room was dark. She opened the quilt and looked at it. There was nothing!

Did you get dizzy just now?

Yang Yu was scared out in a cold sweat. Was that a female ghost just now?

Just then, the door made a Shua Shua sound, and someone opened it.

Yang Yu pretended to go back to sleep.

Yang Yu felt that a person came in gently. It felt like he was floating in.

The woman went to the bed and stood for a while.

Yang Yu can feel a woman standing outside the quilt. Could it be ye Qinqin?

At this time, the woman came in.

After the woman came in, she directly kisses Yang Yu's mouth, soft tongue, head, with temperature. At least it's not a ghost's tongue, head!

"Li Bi, you wretch!" Yang Yu reaches directly into Li Bi's clothes and grabs her milk.

But I feel that the size and weight are obviously wrong.

Yang Yu opened his eyes and was startled.

"Aunt Liu?" Yang Yu surprised way, unexpectedly is not Li Bi?

Liu yueni's tongue, big and soft, runs rampant in Yang Yu's mouth. The two people's saliva mingles and sucks each other.

Liu yueni looks like a mother and a dog. Her eyes are blurred, her whole body is hot and her tongue is spitting. Her head looks like a mother and a dog.

"Auntie is in heat. Will you give it to your aunt?" Liu yueni pressed the lamp directly, and the room lit up immediately.

Liu yueni takes off her pajamas, and suddenly her plump figure is completely exposed in front of Yang Yu.

Yang Yu was stunned. The taste of women is different.

"Aunt Liu, what are you doing?" Does Yang Yu need to ask?

"Auntie wants to play with you." The way Liu yueni talks is more like praying, hungry and thirsty.

"Aunt Liu, I'm your daughter's boyfriend. If I get married later, I'll be your son." Yang Yu did not expect that Aunt Liu would not let go of her daughter's boyfriend?

Aunt Liu yueni is very hungry and thirsty. This night, Yang Yu feels drained by the monster.

Liu yueni didn't sneak back to her room until four o'clock in the morning.

Because of going to school, Yang Yu had to get up early again. I found Aunt Liu cooking noodles in the kitchen. Seeing that Li Bi had not yet got up, Yang Yu went to the kitchen and hugged Aunt Liu's waist from the back,

at the same time, he patted his fellow behind Aunt Liu's buttocks.

"Oh, you child, your aunt didn't feed you last night?" Aunt Liu is sweet in her heart. It seems that she is very happy to serve him as her daughter's boyfriend.

That's for sure. It's ripe. It's warm and thick. I don't know how comfortable it is. The whole guy is soaked in it for moistening, not to mention a little boy. Even if you are experienced in the battlefield for a long time and meet such familiar women, you are also willing to surrender and addicted.

"I'm sorry I didn't feed my aunt." Yang Yu joked.

At this time, Li Bi heard her mother's cry outside the living room. She was not a fool. Of course, she guessed what she was doing.

"Mom is also really, my boyfriend and I are at home, she also early in the morning to find a man to do this kind of thing in the living room, Yang Yu saw how bad." Li Bi muttered that she would get up in her clothes, not to steal

but to get up at school.

Li Bi was numb when she heard her mother's stirring cry and the sound of the bed. Last night, she had been there, but she fell asleep until dawn. However, in a daze, she heard her boyfriend's room next door creaking, like the sound of shaking the bed. She didn't care too much.

The voice outside is more and more exaggerated. Li Bi is afraid to go out. She is afraid of being embarrassed, but she has to go out and say something about it. When Yang Yu gets up, what will he think when his mother is seen like this? It's more embarrassing.

Li Bi opened the door of the room and went out to the living room.

Li Bi can't believe what she saw.

Her mother, Liu yueni, is lying on the chair. The man behind her is her boyfriend, Yang Yu.

Seeing all this, Li Bi was completely dumbfounded: "Yang Yu, you?"

At this time, Liu yueni and Yang Yucai found Li Bi standing in front of them at the same time. She looked like eating excrement.

Liu yueni looked back and looked at her daughter. On the spot, she was ashamed. She wanted to find a crack to drill down. She had never seen such an embarrassing scene in her life.

"Daughter, I'm sorry, it's mom who's not good, it's mom who's not good. Don't blame Yang Yu. It's mom who's hooking up with your boyfriend. If you want to blame, blame mom. If mom doesn't control herself, blame mom!" Liu yueni is very sincere. Now

she can only say so. Anyway, she has lost her face.

"Ma, you Li Bi was so angry that she stamped her feet. Her face turned red. Her mother ate her boyfriend secretly: "Mom, it's spread out."

"So you can't tell me about your daughter, just the three of us." Liu yueni was biting her teeth. After all, she was very comfortable. It was very difficult to say a word. She seemed to be shaking.

Li Bi's helpless face is just like yesterday, when her mother saw that she was stuck in her mouth by her boyfriend.

"Then stop it." Li Bi advised.

"Daughter, I can't do it. Mom is hiding. You should help mom once, OK?" Liu yueni opened her mouth, and her expression was exaggerated to death.

Li Bi saw the expression of her mother's death, what else can she say? Make your boyfriend stop?
