Turn off

This is early spring, the season when all things start to be in heat.

It has been several days since Yang Yu came to this village to teach. At noon, he lay cool under the big tree on the mountain behind the school and heard the hissing sound in front of him. Yang Yu thought that he had met a snake, so he quickly took a look at the grass.

At this point, Yang Yu's nose is bleeding.

A village woman, with her back to her, took off her pants and squatted down to pee. The women in the countryside are open. They squat down to pee in broad daylight. It's really unrestrained.

"Isn't this Mrs. Yang, Fangfang's mother?"

Yang Yu recognized that Fangfang was a student in her class. On the first day of school, it was sister-in-law Yang who sent her, so she was a little impressed.

At that time, looking at Mrs. Yang, she was plump and fair skinned, which is very rare. Yang Yu has a little impression. Today, I didn't expect to see Mrs. Yang's big buttocks. The village is really charming.

Yang Yu was looking at it vigorously. Suddenly, he heard sister-in-law Yang's scream: "ah, snake!"

Yang Yu ran over in a hurry and asked, "sister Yang, what's the matter?"

Mrs. Yang looked up and blushed on the spot. She peed here and was being watched. She was really ashamed. She pulled up her pants and blushed. She was embarrassed and said, "it seems that she was bitten by a snake."

Yang Yu looked around, and sure enough, he saw a snake and ran away.

"Sister Yang, I think the snake's head is triangular, like a poisonous snake!" Yang Yu explained.

When Mrs. Yang heard that she was a poisonous snake, she turned white: "poisonous snake? What about that? "

"It'll take hours to go to town. If it's really a poisonous snake, I'm afraid it's too late." Yang Yu doesn't mean to scare sister Yang. The poisonous snakes are very poisonous. They attack very quickly. If they are not treated in time, they will be in danger of life.

Of course, Mrs. Yang knows this. Every year, people in the village are killed by snakes.

"What about that?" Yang sister-in-law is thirsty, very anxious, thought for a while, embarrassed said: "or, you help sister-in-law suck out?"

"Here it is Yang Yu was stunned for a moment. It was a matter of virtue to save people. If you don't swallow the drug, it should be OK, so he said, "Cheng, sister-in-law, where did you bite?"

Hearing the bite, the sister-in-law was obviously embarrassed and stammered: "bite in..."

"Sister-in-law, tell me quickly!" Yang Yu is worried.

Yang Sao's face is more red, way: "bit on buttock."

Poof!

Yang Yu is bleeding again! It is destiny.

"Life matters, sister-in-law." Yang Yu explains, at this time, don't care where to bite, suck to save people important.

Sister Yang nodded, blushed, and did not dare to look at Yang Yu, but she took off her trousers in embarrassment.

Yang Yu looked at it and said with a smile, "sister-in-law, your butt is really big!"

"Poor mouth." Mrs. Yang was even more embarrassed.

Yang Yu bent down and looked at the big white buttocks of his sister-in-law. Why are all the village women white buttocks? So are their aunts and cousins.

Yang Yu looked at the white ass, looked for a long time to think of business, looking for it again.

"Sister Yang, I didn't find it!" Yang Yu didn't find the place where he was bitten by the snake.

Yang sister-in-law is embarrassed of turn head, say: "again below a bit."

Yang Yu looked down and saw a wound.

Found the wound, mouth will go to drug.

"Ah Sister Yang made a voice.

"What's the matter, sister-in-law?" Yang Yu asked.

"No, No." Mrs. Yang is blushing. She really wants to find a way to get down. Fortunately, there is no one else here, otherwise she will be seen. That's a shame.

But Yang Yu's mouth is very strong, which makes her feel uncomfortable or itchy.

Young men like Yang Yu have been working in this village for a long time. There are only some children and old men left in the village. A group of left behind village women lie on the bed every night. They feel empty and lonely. How can they accept Yang Yu's action.

"Ah, Yang Yu, stop smoking." Mrs. Yang was afraid that she would not be able to control the fire in her heart.

Yang Yu really sucked out a little poisonous blood. Looking at the teeth impression that he still left on sister Yang, he wiped his mouth and laughed.

Yang Sao's face flushed, embarrassed: "you didn't look at my other places?"

"No Yang Yu very serious answer to her, originally is to save people, do serious things: "sister Yang, do you feel better?"

"I don't know. I feel dizzy." Sister Yang was dizzy. It was a hot blood reflux, which made her excited brain congested.
