Turn off

Yang Yu swallowed, wiped his eyes, and then had a closer look. Yes, it was Lin Yina, or a naked Lin Yina. The window of the bathroom on the second floor next door is just aimed at Yang Yu's attic, and the attic is on the third floor. If you look at it like this, you can see it clearly.

The window is hung with curtains, which are half open. It's estimated that Lin Yina doesn't know, and Yang Yu is still sleeping on it.

In rural areas, there are no such high-grade products as shower. They are all boiled water and washed with towel. What's more comfortable is to find a special wooden bucket for bathing, and then people sit in it, just like bathing.

In front of her, Lin Yina is already naked and sitting in a bucket. She is taking a towel to take a shower. The bucket emits heat, and the bathroom is filled with heat. Yang Yu can see it vaguely.

Lin Yina is almost facing the window, her chest standing up, a ring of reddish brown is very conspicuous, like a pine fruit.

Strangely, the mysterious area is very clean. Is it a white tiger?

Yang Yu is secretly happy that white tiger is the best thing in a thousand years. But when Lin Yina raised her hand, her armpit was covered with hair. Yang Yu immediately gave up the idea and saw that the sister had been scraped off.

Lin Yina slowly wipes her body from top to bottom with a towel. Yang Yu sees it with great passion. What's hateful is that the heat is getting stronger and stronger, hiding Lin Yina's ketone body. Yang Yu hates that he has bought less telescopes and must bring one back quietly next time he goes to town.

Yang Yu stretched out his head hard, hoping to see more clearly. However, even though the light was weak and the heat was thick, it was really oppressive. Even so, Yang Yu was still interested in peeping. He hadn't peeped at a woman's bath for a long time. When he was still in primary school, he peeped at the landlord's children. He was almost caught by the landlord that time.

Peeping is a kind of human desire for unknown things or things that don't belong to him. Yang Yu is also very strong. When he was in high school, he once hid in the women's toilet and used his mobile phone to take pictures of his female sister's urine. As a result, he was caught by the head teacher. Fortunately, he didn't publicize the whole school. Later, the head teacher threatened him with this, saying that if he couldn't pass the exam, he would spread it out.

After that, Yang Yu worked hard every day and made great progress in his studies. He became a top student from a poor student in the bottom of the school. All the other students looked at him with new eyes. But no one knew that Yang Yu had a hard time in his heart.

Ah, Yang Yu sighed, the past can't bear to look back, think how many tears.

But just when Yang Yu was distracted, Lin Yina did not know when she had stood up from the barrel. Maybe the heat was too strong, so she went to open the window. As soon as it opened, she found that Yang Yu was looking at here in confusion.

They find each other almost at the same time. Yang Yu wants to hide. It's too late.

Yang Yu touches his forehead to hide his embarrassed expression. He laughs and peeks at the girl being caught in the bath. How shameful it would be if his cousins knew about it.

Yang Yu had expected that even if Lin Yina didn't shout, she would tell his aunt in private.

"If you want to see me, why are you so secretive? Do you want to see this Said, Lin Yina unexpectedly own hands held up that plump, also squeezed out a deep ditch.

Yang Yu's nose bleeds out, which is beyond his expectation. The pure color is all over the garden. As the saying goes, it is the true portrayal of sitting on the wall waiting for red apricots.

Yang Yu is about to say good to the milk, Lin Yina first said: "if you want to see it, come and see it, and give it back to you. What's the meaning of lying in the window?" Then a curtain was closed.

Yang Yu Leng is there, don't know her words is serious or joke, immediately contradictory, if it is false, go, don't show also be ridiculed some also just, if meet her fiance, that just can't say clearly. But if it's true, isn't it the pie that falls from the world? How many times in life does the pie fall on your head? This hit you, do you want to be coquettish? Isn't this a whore's archway.

Yang Yu tangled for a long time, saw that the bathroom lights out, there was no shadow, and there was no movement next door, the whole countryside was quiet, Yang Yu had to convince himself, gave up the idea, shook his head, a pity.

The night weather in the countryside is cool, magnificent and comfortable. The weather is fresh and the temperature is suitable. As soon as Yang Yu lies down, he falls asleep. I don't know how long I slept. Yang Yu was awakened by a stream of urine.

But on the third floor, there is no toilet. It's too sloppy to pee directly from the window. I feel sleepy, feel the night, get off the wooden ladder, cross the corridor, and go downstairs. I'm ready to solve the weeds in the backyard at will.

Can just down the stairs, a flashlight in front of dangling.

"Ouch, Xiaoyu, you are scared to death. Why don't you turn on the light?" Of course, the one with the flashlight can't be a ghost. Since it's a human, Yang Yu is not afraid of touching it. This meeting turned out to be my aunt.

The little aunt passed on the silk nightgown, but the Nightgown was obviously short and didn't cover her buttocks. Half of her lace underpants were exposed, and the lace underpants were still translucent. In this way, half of her private parts were exposed.

As soon as Yang Yu saw the spring, whether you are a little aunt or not, he suddenly woke up. Men are such lovely lower half animals. "I'm up to pee." Yang Yu deliberately wiped his eyes to hide his eyes.

"So is my aunt. Come on, I'll take you." With that, aunt sixiaoyun took Yang Yu's hand and went to the toilet together.

Rural areas are usually thatched cottages, and there are few toilets equipped with ceramic toilets. This is because there are too many girls in my aunt's family, and the three sisters love to clean up. Under the urging of my three cousins, my uncle bought a ceramic toilet from the town the year before last, built a toilet, and took a shower.

When the three sisters went to the toilet before, there were always some abnormal people in the village who wanted to see the privacy of the three beauties. They always hid and watched them go to the hut, which made the three sisters very depressed every time they went to the hut.

Several times my cousin went to the toilet, and a pervert rushed out directly. She sat in front of her cousin and watched her pull, which made her neither pull nor not.

Only then had today this independent toilet.

"I'm suffocating. Let me go first. Come on, take the flashlight." My aunt handed me the flashlight and didn't know where to take it.

And the little aunt stood in front of her, with her back to the toilet. Yang Yu was in a daze. She didn't know whether to go out or stand in the same place. Whether the flashlight was shining on the little aunt or on the outside, Yang Yu was in a dilemma.

What's the matter? Why don't I just pee? Why am I so embarrassed? Yang Yu suddenly figured out that he was leaning against the wall, facing my aunt, and the flashlight was shining on the wall, and the right side of the light was my aunt.

My little aunt was choking her urine. She handed me a flashlight. Without saying a word, she took down her underpants and sat down. As soon as she sat down, she heard the sound of peeing in her ears.

The sound of urination was loud, rapid and powerful, surging out.

Yang Yu takes a look at her. She opens her legs, takes off her underpants to her ankles, and covers her nightgown in the dark, covering the place between her legs.

"Xiaoyu, do you have a girlfriend?" The little aunt asked questions while peeing.

Yang Yu had to shake his head.

"It's OK. I'll introduce one to you tomorrow. I'll make sure you're satisfied. It's not good if you're suffocated." It took my aunt a long time to finish urinating.

my aunt was not shy at all. She really took Xiaoyu as a child.

Yang Yu was still very embarrassed. As soon as she said that, she was very happy. She thought, why don't you introduce your three children to me?
