Turn off

Mrs. Yang said and quickly put on her trousers.

"Sister Yang, where's your man?" Yang Yu asked deliberately.

"He works outside and doesn't come back several times a year." Mrs. Yang straightened her clothes and looked around to see if there was anyone. Then she took a look at Yang Yu and asked, "did you see my sister-in-law pee just now?"

Yang Yu nodded.

Mrs. Yang's face is even more red, and she's seen her ass and peed by a man. What a shame.

"Don't tell anyone about it. It's a shame." Yang sister-in-law arranged her clothes. She was so embarrassed that she did not dare to look at Yang Yu. She muttered, "sister-in-law, let's go first. Thank you."

Yang Yu let out a cry, but his eyes were looking at his sister-in-law's chest. The familiar woman's chest was so big that he worried about her. If the shirt was torn and inflated, she would lose face again.

Yang Yu watched as his sister-in-law left. This was the second time that he encountered this kind of thing when he entered this barren village.

Where on earth is this village?

Why are there so many fat left behind village women?

Yang Yu just graduated from normal university and got the teacher qualification certificate. The county openly recruited teachers, and Yang Yu was lucky to win the exam.

I thought I could teach in the developed towns in the county. But when I got the assignment, I made a mistake and was assigned to yunu village, where there was no village in front and no shop in the back. It was too late to know. I could not change it, so I had to admit it.

Yang Yu recalled the first day he came to the village.

At that time, he did not know the way, but also found a local guide to lead the way.

"Take a rest. I can't walk. How long does it take to get to Yunv village? "

Yang Yu is too tired to breathe. This is the third mountain he has climbed. Although he is a good sportsman, he is too tired to carry such a big luggage.

"Two more, see? It's on the other side of the mountain. " The elder brother of the tour guide pointed to the mountain surrounded by thick fog in the distance and said that it looked like a fairyland on earth.

Yang Yu complained in his heart that the road to yunu village was really winding. It was just a detour. He had climbed so many mountains, and the road was blocked. He was completely isolated from the world.

Yang Yu sighed in a sad voice. It's so strange that he didn't win. His luck is too bad.

I thought I could stay in the city, but I didn't expect to come to such a remote village.

In fact, Yang Yu came to yunu village once when he was a child. His relative and aunt lived in this village. This aunt was not related by blood, but was picked up by her grandmother. Therefore, she has not seen her for more than ten years. She only knows that she has three daughters.

The eldest daughter, that is, her cousin Yang Yu, played together when she was a child, while the other two cousins Yang Yu really didn't see each other. Since her little aunt married far away, she had less contact.

Yang Yu had no choice but to bite his teeth, drink a mouthful of sweet spring and carry on with his luggage. Where is this mountain road? It is overgrown with weeds. It is estimated that few people come out of the village.

It took more than an hour to get the shadow of Yunv village.

Looking down from the dense fog on the top of the mountain, yunu village is located on both sides of the valley. There is a river in the middle. The river is called yunu river. Because the water is clear and sweet, many villagers often bathe in the river. Therefore, the name of yunu village comes from it.

It is said that the women in yunu village have better skin than snow. Their skin is water and perfect. It is also because the water is sweet and clean.

At first, all the girls in the village objected to it. After a long time, they gradually accepted it.

The front mountain of the village is full of peach trees. It's spring. Peach blossoms are all over the mountain and reflect red, like a girl in spring. The back mountain is a forest with luxuriant trees, which is more like a girl's characteristic.

"I'll take you here. I have to go back. You can come down the mountain road." The guide wiped his sweat. It's getting late. If he doesn't go back, it's dangerous. There are many wild animals on the mountain.

Yang Yu gave a tip and went to the village with his tired body.

At the bottom of the road, Yang Yu was already connected to the yunu river. Halfway through the road, Yang Yu was already sweating. Seeing that there was a pool in front of him, he went down the river to wash his face.

The water was really comfortable. After washing her face, she suddenly felt comfortable and cool. When she looked up into the pool, she suddenly found that there was a woman bathing in the pool.

The woman's skin is clean and flawless. She is immersed in the water, and the water just submerges her chest. There are several drops of water dripping on the plump chest. Yang Yu is shocked by the water.

There is such a beautiful thing in this world!
