

# A Sensualist's Sin

## Chapter 22

Name : [A Sensualist's Sin](#) Author : [Rosemead](#)

Turn off

As night fell, the whole Yunv village was submerged in the darkness.

At the top of the mountain, the villagers dug a deep reservoir and built a hydropower station of several square meters, which is self-sufficient. However, this power generation can only barely maintain the power of the whole village's electric lights. Even the 100 watt light bulb, the village head won't let you use it. Later, with the help of energy-saving lights, the power supply was better, but it was still in short supply and the power was cut every so often.

Why doesn't the county transmit electricity? The power poles in the poor ravine have to cross many mountains, which costs a lot of money, so no one cares about it. Even electricity is a problem, not to mention the network, mobile signal, cable TV, modern civilization, there is nothing here but poverty and backwardness. Rice is rich in resources, but the land is not expensive.

Yang Yu put the flashlight into his pocket and stood in the dark peach garden. He made an appointment with Li Ruoshui, a beautiful teacher. I'll see you here tonight.

In the countryside, because it's dark, it's like nobody at any station, so it's common to fight in the countryside, and it's also very convenient to have an affair. Anyway, it's dark everywhere. When you bend down, you'll go in. Maybe your husband is still in the room, but when your wife comes out to a hut, you'll be fooled.

This is not, Yang Yu just stood here for two minutes, somewhere in the peach garden came the sound of bed calling, just like some remote grass in the university campus. Yang Yu originally followed the voice to have a look, only saw the beautiful teacher Li Ruoshui

came.

"It's a little late. I don't recommend it." Li Ruoshui's dress tonight makes Yang Yu feel a little excited. Her long black skirt and long hair are more tasteful than before, and she is tall. She has more charm than her cousin and can capture men's heart. No wonder Li Ruoshui is a village flower. If you think that a village flower must be a village girl or a village woman, you are wrong.

If you think that the village women are feudal and conservative, then you are wrong. Who has no idea about the marriage based on the arrangement of their parents? Village women in rural areas will not make as much publicity as they do in cities. They are all underground workers.

This is the same as twins. The city dweller is the one who all over the world knows that he has been given up. The country dweller is another one who has been given up every day, but people all over the world don't know. This is the real country.

"It's OK. I've just arrived." This is Yang Yu's first date in the countryside. If you wear a suit, people will treat you as a fool in the countryside.

The groans nearby were more exciting, and Li Ruoshui could hear them clearly. He was embarrassed. In fact, this was Li Ruoshui's first date. Although all the young men who asked her from the countryside lined up in the next village, they refused.

Had it not been for Yang Yu's banner of discussing life, she would not have come out.

"Otherwise, let's change the place. Here," Li Ruoshui said awkwardly, "if you go up, there will be a small mound. On the top of the mound is a piece of lawn. You can see the whole village and the starry sky. Why don't you go there?"

Of course, Yang Yu doesn't have any problem. After a few steps, Yang Yu's flashlight shakes wildly. As a result, a lot of dogs and men are in the old man's cart! How come it's not a brothel all day.

The dog man and woman were photographed, and they got angry. The man stepped up and scolded, "where are you going to take photos? Get out of the way and disturb me

"Uncle Ming, we are just passing by. Sorry!" Li Ruoshui pulls Yang Yu and wants to go.

Uncle Ming saw that she was Li Ruoshui, the most beautiful woman in the village. He immediately changed his attitude: "it's sister Ruoshui. Are you here too?" Said, pointing to Yang Yu two people.

In Uncle Ming's eyes, those who come to Taohuayuan are all for shooting, and they are all for stealing. No matter who you meet in Taohuayuan, you should treat them as if you didn't see them. This is a tacit rule of the village women.

Li Ruoshui, of course, knew what uncle Ming meant. He was so angry that he stamped his feet: "Uncle Ming, don't talk nonsense in the village. We are just passing by here!" Li Ruoshui is not only angry. If it's spread out, his reputation will be gone. He pulls Yang Yu away in a hurry.

Seeing that Yang Yu and his wife had gone far away, the village woman came up from the darkness and said, "I thought the village flowers were so pure. They didn't come here to steal from each other! Still pretending to be high, I Pooh

Seeing that uncle Ming was still standing there, the village woman stepped on her feet angrily as if she had lost her soul: "do you want to chase the fox spirit?"

Uncle Ming was severely trampled on and cried with pain. He laughed foolishly: "ha ha, sister Ruoshui is so beautiful! But who is that man? I haven't seen it before. "

"If you don't, I'll go back!"

"I'll do it. Can't I do it?" They disappeared into the darkness again.

Yang Yu was dragged for a long time, but Li Ruoshui slowed down.

"Sorry, I didn't know it was like this." Yang Yu is telling the truth. He doesn't know the scene in the Peach Blossom Land, otherwise he won't be killed. Then he remembers that Li Ruoshui's face was so uncomfortable and didn't want to come when he asked about Li Ruoshui that day. The reason is that Yang Yu asked about the wrong place.

"It's OK. She's a well-known whore in the village. I don't know how many men have made her. It's really shameful!" Li Ruoshui is still worried about the publicity of this evening's event, but he keeps himself clean and doesn't do anything with Mr. Yang. He is not afraid of the shadow. Yang Yu knew that the woman who was cheating was Cai Er, the woman Yang Yu talked to on her first day in the village. Every time she saw Yang Yu, the woman would come up and tease her.

Yang Yu thought of it with nausea: "is she a widow or a left behind woman?"

"She has a husband, but the husband is too honest. The whole village knows caier's coquettish nature, but he just doesn't believe it. How can people be so stupid?" Li Ruoshui has no choice but to shake his head. In the future, he must marry a man of culture.

They quickly climbed up the hill pier and sat down on the lawn. The lawn on the top of the hill pier is the size of a suite. Sitting here, you can see the appearance of the whole village by moonlight, and you can see the starry sky by looking up!

"Like you, I was born in the countryside and grew up in the city. After graduating from technical secondary school, I came to my hometown to support education. I gradually like here and hate the noise and depression of the city. I don't want to leave one day when the school is gone. I love here." Looking at the land where she was born, Li Ruoshui sighed with emotion that her eyes were wet. He turned to look at Yang Yu and said, "how can we keep the school open and let the children have books to read?"

"The foundation of these children is really very poor, but they are very smart. They don't want to study or study unconditionally for various reasons. These are what I want to do."

"Well!" Li Ruoshui listened quietly. Although she and Yang Yujiao were in the same class, they were not so close. Because Yang Yu came from the city, city people could not understand the hardships and helplessness of the countryside.

Yang Yu, a city dweller with such a high degree, must not be able to stay here for a week, because too many city dwellers can not stay here for three days, and there are at least dozens of them. On the first day, when the students heard that there were new teachers from the city, they knew what was going on, because none of them survived three days, so they hated them and used them Prank means to vent their dissatisfaction.

But gradually, Li Ruoshui and the children found out that they were wrong. Yang Yu not only stayed up for a week, but also liked the children. At lunch, they all ate cold pickles with the students, which were hard to swallow. They couldn't believe that Yang Yu was a city dweller.

"I like them, too." Yang Yu turns his head and looks at Li Ruoshui. He feels more and more that Li Ruoshui is beautiful. He looks very feminine, even a little fox spirit. However, Yang Yu finds that people are really ugly.

Junior high school students are dressed like chickens, chickens are dressed like junior high school students.

But Yang Yu didn't think so at all. First, I can pick up girls. Second, if I teach the worst students in the county, it's the best evidence to prove my strength, and I'm also beating the County Education Bureau in the face.

The most important thing is that Yang Yu loves to "go up" his cousin. This "go up" is not that "go up".

"My idea is, first, to help them from their families, second, to change

their learning methods, and third, to let them realize from the bottom of their hearts that knowledge changes their destiny." To solve any problem, Yang Yu likes to collect data first, then analyze the data, find the root of the problem, and then solve it.

"Well!" Li Ruoshui nodded in agreement.

Then Yang Yu talked to Li Ruoshui about the details, the implementation plan, the feasibility of the plan, what school to grow vegetables to improve food, go to the city to have a look, spring outing and so on. He also took out a piece of paper to count all the students' problems and difficulties! Li Ruoshui was stunned. I really want to say, brother, are you really here to teach? Not for espionage?

But more of it is admiration.

"I've heard that if they don't take the last place in the county, you're going to run around naked?" Li Ruoshui joked with a smile.

"You know that, too?" Yang Yu just said it casually. He didn't know anyone else was interested in it?

"All the students and teachers know that they want to see your face." Li Ruoshui laughs. She hasn't talked so happily with a man for a long time.

"You want to see it, too?" Yang Yu deliberately turns his head and laughs.

"If you dare to run naked, I dare to see it!" Li Ruoshui cocked his head and looked like I was not afraid.

Yang Yu suddenly stood up, ready to take off his clothes: "then I'll take off now, don't you see?" Yang Yu was not afraid of being a hooligan, so he began to take off his clothes on purpose.

However, Li Ruoshui didn't scream and didn't close his eyes. Instead, he stared at him: "OK, you take off!"

This time it's Yang Yu's turn to be stunned. How could he not be

frightened? Of course, Yang Yu won't really take off. If he does, he will be a real hooligan. Obviously, Li Ruoshui will never like such a man. Yang Yu is very accurate in judging people and women, because he reads countless women.

The two chatted in laughter all night. It's even a bit late to meet each other. When I went home, I passed by the potholes several times, and Yang Yu deliberately went to hold her hand, but several times, Li Ruoshui broke away.

Yang Yu very gentlemanly will be beautiful teacher Li Ruoshui to the door, some do not give up.

"I had a good chat with you in the evening. See you tomorrow! Be careful on the way back. " Li Ruoshui looks at Yang Yu and smiles."Well! See you tomorrow Yang Yu smiles in return. When Li Ruoshui turned and walked away, his face was full of laughter, just like falling in love.

## Chapter 23

Turn off

early morning!

Because Yang Yu was tired for two days, he overslept. His three cousins were generally earlier than Yang Yu, because there were many early self-study students. Coincidentally, he met Li Ruoshui at the school gate.

Li Ruoshui took the initiative to say hello to Yang Yu. Usually she is not so good. They walked into the office together, and everyone looked up at them.

"The rumor is true! Woo Zheng Xinyi pretends to be very sad and looks at Yang Yu.

"Why are you all looking at us like this?" Li Ruoshui feels puzzled. Even Leng Xiaoxue, the ice queen who has always been cold and

uneasy, holds her chin and looks at them.

"Baby, who bullied you? Tell brother Yang, I'll beat him up! " Yang Yu must have been bullied when he saw Zheng Xinyi's appearance. Although Yang Yu is not interested in her, he still has a close relationship with her friends. Moreover, Zheng Xinyi's pursuit of Yang Yu is recognized by the whole school.

"Well! I don't believe you any more. It's still developing so fast to engage in underground love behind our back! " Zheng Xinyi pouts her mouth and continues to cry.

Yang Yu looks at Li Ruoshui, and Li Ruoshui looks at Yang Yu. Both of them are confused and say in one voice: "are we in love? Who are you listening to? "

Yang Lin picked up the textbook and was ready to walk to the classroom. When passing by Yang Yu, she said by the way: "the whole village knows that you went to Taohuayuan last night. What else can you do there? Come here in the morning! "

Yang Lin looks at Li Ruoshui and refuses to laugh. Yang Yu looks shocked and looks back at Yang Lin, who is going out. His butt twists and turns. Whenever Yang Yu sees Yang Lin's butt, he can't help but think of the spring color of peeping at her pink lips that day, but today he has no imagination.

"Uncle Ming, I told him not to talk! Now the whole village thinks that "Li ruo's feet are stomping, but the second half of the sentence doesn't come out, but the meaning is very obvious. The whole village thinks that they were given grass by Yang Yu last night.

"Did you really go to Taohuayuan?" Zheng Xinyi had a chance, hoping that it was not true, but Li Ruoshui actually admitted that it was true, crying even more sad.

Yang Yu realized that the gossip in the countryside spread faster than that in the city, but his situation was different from that of Li Ruoshui, because he was a man. It was a great honor for him to spend last night in the village, but Li Ruoshui couldn't get off the

stage.

Yang Yu suddenly put his hand around Li Ruoshui's waist and said with a smile, "yes, we are really in love. Li Ruoshui is my girlfriend now!" Li Ruoshui turns his head and stares at Yang Yu, but Yang Yu pretends to be innocent.

Li Ruoshui wants to deny it, but he can't deny it. The more he denies it, the more discredited it will be. In the end, he will give Yang Yu a piece of grass for nothing. He will lose face even more. He has no choice but to follow Yang Yu's will to perform a fake play.

"Happy event, you are the first couple in the history of our school. I will go to the back room this morning to prepare a room for you. At noon, I can go there to have a rest, so as not to run to Taohuayuan. Ha ha. "The headmaster was so happy that he was in love.

"Headmaster, isn't that good?" Li Ruoshui thinks this is a bit exaggerated. There is something in the headmaster's words. Li Ruoshui usually goes home for lunch and nap at noon. It's very convenient to take a girl student, a village woman, a female teacher or something in private. I just don't have a place to live. I can't take a woman to my aunt's home. Besides, I can't fight in the field every time.

"What's wrong? Young people, hunger and thirst are normal! So was my wife and I at that time. "

"Hunger and thirst?" Li Ruoshui wants to die, but he is misunderstood as thirsty by the headmaster? I feel that my reputation has been destroyed. I stare at Yang Yu fiercely. It's not good to meet him. The non offer is in Taohuayuan. Now I can't wash it when I jump into the Yellow River.

Yang Yu spread his hands, as if to say that I am also a victim! Li Ruoshui looks at Yang Yu's schadenfreude and pinches her hard. Yang Yu cries with pain.

The bell rang for class.

Yang Yu holds the textbook in his heart and is happy. The peach blossom luck is really unstoppable. Yang Yu thinks about when to make this fake play real. However, it's right to take Li Ruoshui in the future. Even explicit jokes can be made. Who let her be my girlfriend.

The more Yang Yu thought about it, the more proud he was, the more he was.

Unconsciously has entered the classroom, dozens of pairs of eyes looking at Yang Yu.

Mom, do these students know? Do people in the countryside have enough to eat? Gossip spreads faster than microblog!

Yang Yu glances at the whole class and specially looks at Zishu who was just budding the night before. Zishu blushes when she sees teacher Yang. You should know that Zishu can be refreshed the night before. Now Yang Yu is very happy when he thinks of Zishu's immortal expression.

When she fell down, her cousin Yun Xi strained her face. After hearing this rumor, the most unhappy person was her. She didn't know that she was so jealous that she didn't want to listen to the whole class. She almost burst into tears several times in the middle of the class. Yang Yu wanted to explain to her after class. However, only by making her more sad and crying and telling her the truth, can she be happier. It's called playing hard to get, and she often gains a lot.

At noon, the headmaster really took Yang Yu to the back room.

The school is located at the back of the front mountain. There is no family behind the school. The main office of the school is the teaching building, the second floor, followed by an old house. The old house is very small, just a canteen, very shabby.

Around the canteen, and further up the road, is a deserted old house, the old house has no one to live in, empty. The headmaster took Yang Yu through the house, went around the back of the house, and

went in through a small door. There was a ladder inside. They climbed up.

"In the past, there were still some people in the school. Some rooms were arranged in the house for teachers to live in. Later, the number of people in the school became less and less, and the house became empty." The headmaster said while opening the door with a lot of emotion.

When Yang Yu entered the room, he was still surprised. The room was not big, and the layout was quite similar to his attic. He cleaned it clean, with wooden floors, sheets on the bed, desks, lamps on the desks, and a list of books.

The window is facing the front hill and the view is very wide. Yang Yu is very satisfied with the room. It's not only quiet, no one will come through here, but also secret, with his back to the school. There's no need to worry that so many students in the school can see the room.

This is really the best place for cheating. Yang Yu is so excited that he wants to have a try with Zishu, a girl student, after school.

"The principal gave you the key, but this one is the only one. Don't lose it. Besides, you're really good, but Li Ruoshui can't tame anyone." The principal handed the key and gave a thumbs up when he left.

Yang Yu is lying on the bed. Although it is quiet and desolate, it is also an old house. Who knows what the other empty rooms are. There are many old houses in the countryside. Of course, there are more horror stories about these old houses. This reminds Yang Yu of Cai Jun's barren Village apartment, and suddenly a chill strikes.

Dong Dong!

Suddenly, there was a knock at the door! Yang Yu was startled. As soon as the headmaster left, other people didn't know where he was? Who would it be?

"Who?" Yang Yu asked, there was no answer outside!

Yang Yu is really a little scared. He has the courage to open the door!

## Chapter 24

Name : [A Sensualist's Sin](#) Author : [Rosemead](#)

  Turn off

"Zheng Xinyi?" When Yang Yu saw that it was her, he was relieved: "you scared me to death. What's the matter?" Yang Yu looks at Zheng Xinyi pouting her mouth, with a sad face. She knows that it must be for today's sake to find herself and Li Ruoshui.

Zheng Xinyi enters the room and sits on the bed. Yang Yu locks the door!

"Did you really have sex with Miss Li?" Asked Zheng Xinyi.

Yang Yu has been haunted by Zheng Xinyi for some time. He usually pursues him very hard. He brings things, tells jokes and moves. But Yang Yu didn't like her, and he couldn't help it. He couldn't hurt him, so he had to avoid it. He even made it clear to her a few days ago.

Don't like is don't like, Yang Yu doesn't even have her desire, although Zheng Xinyi is still a virgin. So Yang Yu decided to continue the play, just to get rid of her.

"Well!" Yang Yu nodded heavily.

Zheng Xinyi suddenly stands up, and Yang Yu doesn't know what she wants.

"What Miss Li can give you, I can give you too!" With that, Zheng Xinyi went to take off her clothes. Zheng Xinyi was wearing a pink shirt, with a red and black miniskirt, a button to the solution.

Yang Yu was stunned. Do you want to watch or watch? It's hard for

her to see that she's tied up with her hands? At that time, how to soak cousins, how to soak female students?

But it won't die?

"You don't have to be like this, actually..." Yang Yu said half, Zheng Xinyi's two breasts have been exposed.

Zheng Xinyi continued to take off her trousers and was naked in front of Yang Yu.

"You're a good girl. You can't force yourself to be cute!" Yang Yu doesn't like it, just like caier, the village woman who colludes with her, although Zheng Xinyi is more pure than her.

But there are also some people that Yang Yu can't determine. For example, Lin Yina, the bitch next door, if she stood in front of her now, Yang Yu would definitely be on her, because it must have been given for nothing. Although Zheng Xinyi was also given for nothing, who knows what this girl will do.

"I don't mind being a lover, junior." Zheng Xinyi's eyes were ruddy. She grabbed Yang Yu's hands and went to her chest: "my body is yours. You can go to me now. I'll go to you for nothing. Is that all right?"

Yang Yu stood up: "Zheng Xinyi, you look at me, I know you really like me, really good to me, so I can't want your body, I can't hurt people who like me, although I have hurt you!"

This is the truth Yang Yu said, this is the bottom line of Yang Yu's girl, those who really pay like their own people, he can't hurt them!

Zheng Xinyi threw herself into Yang Yu's arms and cried! After crying for a long time, I dried my tears and put on my clothes.

"I won't disturb you any more." Zheng Xinyi left in despair.

Looking at her back, Yang Yu felt that he had done a lot wrong. Zishu is wrong, Xiaomei is also wrong, but knowing it is wrong, he

just does it. People are damn cheap! Yang Yu slapped himself hard.

After school, Yang Yu did not go to Zishu. Because he was stopped by Li Ruoshui.

"I'll make three rules with you!" Li Ruoshui stands in front of Yang Yu, the teacher who has done himself a lot of harm: "in front of others, including my parents, you are my boyfriend, but in private you are not. You can't bully me as a boyfriend and eat my tofu!"

Yang Yu was shocked. Damn, how do you know what I want to do in my heart? Yang Yu can only nod.

At this time, several villagers passed by, looked at them enviously, and discussed: it's a good match. It's as if the whole village has recognized their relationship. Li Ruoshui is helpless, but he can't help it. What he worries about now is not what Yang Yu will do to him, but what his parents will do to Yang Yu.

"Madam, can we go home?" Yang Yu cried with a smile.

"Don't call my wife! Call me Ruoshui With that, he turned and left. Yang Yu sighed, women are really hard to serve! He went home.

At dinner, the family got together. The third cousin looked at the food, but she couldn't eat a bite. The cousin was not happy or lost, but she didn't know much about Yang Yu. Only the second cousin seemed to have nothing and ate the best.

My aunt suddenly put the dish on Yang Yu's bowl with a smile and asked mysteriously:

"I heard that you went to Taohuayuan with Mr. Li Ruoshui last night?"

Hearing this, Yang Yu almost choked on the dish, even his aunt knew? Yang Yu just wanted to open the door to make things clear, three cousins suddenly put down the chopsticks, said not to eat, to do homework, got up and put face straight upstairs.

Make little aunt and cousin are very strange, Yang Yu put the whole thing to make it clear.

"Cousin, you are so romantic!" The second cousin joked. When it was clear, Yang Yu was relieved to find that her cousin's face was much better.

"Well! It's nothing to eat for nothing. If you don't help, you'll know how to pick up girls! " My uncle snorted coldly. After eating Yang yubai for a week, he could not bear it. He was embarrassed to drive him out directly. Every time he ate, he was sarcastic, so Yang Yu didn't come back for lunch. He brought rice, pickled vegetables and salted eggs and steamed them in the canteen with the students. In fact, Yang Yu also knows that it's impossible to eat and drink for nothing. He plans to give half of his teaching salary to his aunt for rent and dinner. But now he hasn't paid his salary. He just graduated and has no savings, and he has no face to ask his parents for it. So he's stuck in the middle, and it's not human.

This month can be said to be the most difficult month in Yang Yu's life!

At eight o'clock, Yang Yu quietly got up, took advantage of his uncle's sleep, burned a bowl of egg noodles, went up to the second floor and knocked on the third cousin's door. Yang Yu yelled for a long time and found various reasons before knocking on the door of his third cousin.

Three cousins which have mood to do homework, the whole person stuffy in the quilt, even the light did not turn on, sobbing!

"This is my cousin's hand-made egg noodles. Why don't you get up and have some?" Yang Yu coaxes his three cousins like a child. They just can't get out of bed.

So, Yang Yu sits in the dark room, facing Yunxi at the head of the bed, and tells the details of last night to himself again. When Yang Yu finishes speaking, the third cousin Yunxi sticks out her head.

"Is that true? Are you and Miss Li just acting Yunxi's voice is still a

little choked. It seems that he really cried a lot.

"Well, my cousin swore to tell the truth. Now, my dear cousin Yunxi can get up and eat the egg noodles made by her cousin, can't she Yang Yu begins to coax three younger sisters and turns on the desk lamp.

Yunxi just got out of the bed and sat at the head of the bed. His eyes were red, but he could see that the whole person was very happy.

Yang Yu took a chopstick of noodles and sent them to Yunxi's mouth. Yunxi opened his mouth obediently, looked at his cousin and ate noodles. In this way, Yang Yu feed, Yunxi eat, two people did not speak, is looking at each other.

Yunxi suddenly felt that he was really happy. He really fell in love with his cousin.

The taste of first love is full of ups and downs!

At the end of the meal, Yang Yu wanted to kiss her three cousins on the forehead, but looking at her beautiful face, which made Yang Yu suffocate, Yang Yu was deeply attracted and could not help kissing her ruddy lips.

Dodged her elder brother Yun's mouth, but don't jump to her cousin's heart.

At this moment, Yunxi was suffocated!

Yang Yu just lightly touched Yunxi's lips and left. He didn't intend to pry her mouth open, because he was satisfied to kiss the sexiest lips in the world.

"Well, the egg noodles are too salty!" After Yang Yu left, he licked his lips on purpose, like the taste of noodles. He frowned and said.

This action provoked Yunxi to laugh. The way Yunxi laughs is incomparable.

## Chapter 25

Name : [A Sensualist's Sin](#) Author : [Rosemead](#)

Turn off

The next day, it was raining. When Yang Yu got up in the morning, his left eye jumped straight. He always felt that something was going to happen.

My uncle is wearing a coir, which is made of loose hair and is similar to a raincoat. You can wear it on your body and wear a firewood knife. Firewood knife is a standard on the mountain. As long as you go up the mountain, you can take it with you first.

My aunt advised my uncle not to go up the mountain when it rained today. The road was slippery and prone to accidents. But my uncle didn't listen, shouting that this year's income depends on the fish field. Last year, I managed to raise a large acre of fish. As a result, in a rainstorm, the field was washed into the river, and the whole village went to catch it. My uncle was in a hurry, so he hit people. Fortunately, the village head reasoned that the villagers returned a few, but they couldn't sell them. This year, my uncle was ready to take a good look at it. As a result, I was stolen several pieces by widow Liu's son Ben Erniu last time. I stamped my uncle's feet angrily and stood there scolding for a whole day.

Today it rained. My uncle was very sensitive. He learned from last year's lesson and had to look at the field to avoid being washed away again. So he went out to the field in the morning.

The only umbrella in the family is for Yang Yu and his cousin to go to school. The umbrella is not big. Yang Yu is afraid that her cousin will be drenched. He puts his hands on her shoulders all the time. Li Yunxi doesn't know how happy he is.

When she got to school, Zheng Xinyi really ignored Yang Yu. Li Ruoshui didn't say a word. In Yang Yu's opinion, although the two were very compatible, it was obvious that teacher Li Ruoshui didn't treat Yang Yu as a boyfriend.

Taking advantage of the first two classes, Yang Yu told the headmaster in detail how he wanted to improve the performance of these junior high school students. Of course, the headmaster supported him. He had been a headmaster for seven years, and every year the senior high school entrance examination was the last in the county. He could not hold his head up in front of the whole village. Next summer, he would retire. This was his last chance, of course, 100% Support Yang Yu's idea, as long as he can improve the students' grades, he will give up.

At noon, Yang Yu and his cousin choose to eat at school. It's not convenient to go back and forth when it rains. The dishes and meals are put directly in the lunch box. The canteen will steam them uniformly. When Yang Yu saw Guo Mei, he took the three younger sisters to sit next to Xiao Mei and ate together.

Xiao Mei was so happy to see Miss Yang that she blushed.

Yang Yu looked at the dishes in Xiaomei's lunch box. He felt sad and took out his own eggs and vegetables. He divided them equally and gave them to Xiaomei and Li Yunxi respectively.

"Both of you are still developing. You need to eat nutritious food so that you can thrive. Mr. Yang has grown up. It's enough to eat pickles!"

"Miss Yang!" Xiaomei's eyes were red, and her tears were almost falling. Yang Yu touched two people's heads and thought it was her own crying. People like Xiaomei, who are eating pickles in their growing period, can't count them in this school.

After lunch, I washed the lunch box and met Zishu at the corner.

"Hello, Miss Yang!" Zishu pursed her mouth and said hello with a red face.

"It doesn't hurt today, does it?" Yang Yu a see is purple Shu, this by oneself just opened bud of female student came to strength. Purple Shu gently eh, head low lower. In the school, or in front of all the

students and teachers, Yang Yu didn't dare to be too close to Zishu. But in the afternoon, the class time was still early. Together with evil thoughts, he took Zishu to the back room.

"Miss Yang, where are we going?" Zishu, who follows Yang Yu, sees that the house is old and desolate. She hasn't been to the back of the school, and she doesn't know what's there.

"Wait, you'll see."

Zishu followed and went around the back of the old house. He felt numb in his heart and didn't know what was going on. After Mr. Yang climbed up the stairs, he found that there was a room here.

"This is Miss Yang's room?" Zishu thinks that this small room is simple and clean, with a bed, a table and a stool, which is her favorite arrangement.

"Well, it's for the teacher's lunch break." Then he lay down and closed the curtain by the way.

Purple Shu also along sat on the bed, is at a loss, Yang Yu pulled her over, purple Shu a slant, directly in the arms of Yang Yu, red face.

Zishu is just pressing on Yang Yu. Yang Yu's hands are touching her buttocks all the time. This posture makes Zishu more embarrassed. Although Yang Yu just opened the bud at the weekend, it still feels strange. Maybe it's because of the special relationship between teachers and students.

"Is the first night comfortable?" Yang Yu asked a sensitive topic. Purple comfortable low head, a little embarrassed, light answer: "very painful!"

"It's like this the first time, not the second time." Yang Yu was afraid that she would not try, so he said.

Zishu gave a sound, took a look at Yang Yu and said, "I told my good friend about what you did to me. She envied me to death."

Yang Yu laughed: "what about you? Do you like being taught by Mr. Yang? "

Zishu listened, pursed his mouth, smiling, thought and embarrassed, answer is, teacher Yang took me here, do you want to go to me again. Just thinking about it, Yang Yu turns over and presses Zishu under him.

"No answer, right? I'll take off your pants Yang Yu pretends to be a villain on purpose.

"Ah? Mr. Yang, I have to go back to do my homework. " Zishu deliberately find an excuse, because personally answer want to really can't say, too shameful."The teacher gives you two choices: one is to work for ten minutes, and the other is to go back to do your homework." Yang Yu is very clear that this girl is pretended, deliberately embarrassed her, he likes to enjoy the process of molestation.

Sure enough, Zishu put his hands around Yang Yu's neck and said in front of Yang Yu's ear, "choose ten minutes."

As soon as Yang Yu heard this, he rudely took off Zishu's pants. After two times, Zishu's lower body was stripped off, and he also took off his pants and immediately pressed them on.

Zishu immediately stepped up her legs, holding Yang Yu with both hands, mouth open, eyes blurred.

Only two minutes later, Zishu yelled, "teacher Yang, enough, Zishu is full, enough, stop, stop!"

It's raining harder outside!

In the afternoon, Zishu looks at Yang Yu with hatred.

Yang Yu's first class was only half finished. Suddenly, a familiar figure appeared at the door. The man was gasping like a drowned chicken in the rain. He looked very nervous. When he looked at it, it turned out to be his cousin Li Yuanxi. Yang Yu stepped out in a

hurry.

"What's the matter, cousin? How did you get in the rain? " Yang Yu quickly took off his coat and put it on his cousin, but she was all wet, and it was useless to cover it.

"Cousin, something's wrong!" My cousin had already had swollen eyes and a look of embarrassment. She sobbed and said, "my father has been arrested by the Public Security Bureau."

Yang Yu was shocked: "don't worry, don't worry, what happened?" Yang Yu took her cousin to the corner to avoid affecting the students.

"Dad went out to see the fish this morning. He happened to meet the stupid Er Niu who was stealing the fish. It was not the first time that stupid Er Niu was stealing the fish. On impulse, Dad took out a firewood knife to catch him. Originally, he just wanted to scare him, but somehow, he cut down stupid Er Niu. Now stupid Er Niu has been transported to the county hospital for rescue, and dad has been taken away by the people of the Public Security Bureau."

Impulse is the devil, Yang Yu is to understand the true meaning of this sentence.

This uncle is usually irritable, plus last year's fish grain no harvest, today three times twice by stupid two cattle steal, resentment has deep uncle not impulsive just strange.

Now even Yang Yu is flustered. If that stupid Er Niu can't be saved, his uncle is guilty of murder, and he has to be sentenced to death.

"What about cousin? You can help your cousin again. Dad can't do anything. You are a top student. You must have a way. My cousin will give you everything this time. " My cousin cried even more.

Yang Yu touched his cousin's tears from the corner of her eyes and said, "if my uncle has an accident, I will definitely help."

## Chapter 26

But there is really no way to do it!

"Don't panic! Let my aunt go to raise money immediately. The medical expenses must be on our head. Now I'm going to lie county hospital. If this person dies, it's over! " Yang Yu first calms her cousin's mood, and she runs back. The third cousin doesn't know about it, and she can't help if she knows.

Yang Yu also ran back to the office, asked the headmaster for leave, and ran directly to the mountain road. When he got up in the morning, his left eyelid jumped straight. As expected, something happened.

It's raining harder and harder, but Yang Yu prays in his heart that stupid Er Niu can't die. I have to climb five mountains to get out of here. If it's cut down seriously and it's so far away from the county hospital, I'll die on the way. It's really bad.

Yang Yu is also anxious, although his uncle has always hated Yang Yu's home, every day cold eyes add up, but after all is a relative, blood is thicker than water! After climbing five mountains in one breath, no matter how strong Yang Yu was, he couldn't breathe any more. He was left to climb and walk, and was drenched in the rain.

After climbing the mountain, I got to the town, but after waiting for a long time, there was no car to go to the county. Yang Yu was in a hurry. A tractor rumbled by, Yang Yu like to seize the straw, the whole person rushed out to stop.

"Brother, where are you going? I have something urgent to go to the county. Can I get a ride? " Yang Yu's face was covered with water, and he was also extremely embarrassed.

The farmer looked at Yang Yu, frowned and said, "go up, go up."

Yang Yu was very happy. In the countryside, even after road repair, there was no car. It was a common thing to take a free ride. If the city changed, who would trust a stranger?

The tractor was full of bricks, so Yang Yu climbed up and sat on the bricks. It was raining. When the tractor started, it was slow and bumpy, and even his lungs were shaking out.

After driving for more than two hours, the tractor stopped.

"Little brother, I can only take you here. Just follow the road."

"Thank you, brother!" Yang Yu bowed to him deeply, and the tractor turned right.

It's almost dusk.

Yang Yu ran along the road. He didn't have enough at noon. He was already hungry. After endless asking for directions, tossing, looking for directions, asking for directions, running and getting wet, I finally arrived at the county hospital in the dark.

"Hello nurse, where is Ben Erniu? It's chopped down. It's delivered in the afternoon. " Yang Yu asked in a hurry.

"Wait, I'll check!" The nurse is a beautiful girl. Yang Yu is not in the mood to pay attention to these things now.

"Mortuary" that nurse a mouth, Yang Yu shout: "what, mortuary?" The whole hall heard the cry and turned to have a look.

"What are you shouting at? I haven't finished yet!" That female nurse white one eye: "not in the mortuary, in the inpatient department, severe area."

Yang Yu's pale face has a little color, ah, do you speak like this?

Yang Yu turns to the intensive care department of the inpatient area, and finally finds the stupid Er Niu. Stupid Er Niu loses too much blood. Although he has passed the dangerous period, he is still in a coma. Fortunately, the Chaidao is only a few millimeters short of the artery, so he can survive until now, otherwise he will die on the road.

Knowing Yang Yu's identity, widow Liu stares at Yang Yu: "don't you just steal some fish? My son's life? "

Yang Yu immediately changed his face. Now he must comfort the family members of the victims. If he can have a private chat, it's the best ending: "aunt, it's all our fault. Stupid Er Niu is lucky in the world. It must be OK."

"Well! If my son has something to do, I'll let that dog day Li Tian be buried with him! " Widow Liu has been looking at her child through the glass. Although this stupid Er Niu is a little silly, it is her only hope in life.

"Aunt Liu, I'll make up for all my uncle's mistakes. You can do me a favor and let him go." Although Yang Yu knows that this is not the time for them to bargain.

"Let him go? Why didn't he let my son go? " Widow Liu burst into tears.

Yang Yu really has nothing to say. His uncle is really wrong this time.

At this time, the doctor came over, handed a list, coldly said: "to pay it, or tomorrow will move out!"

Widow Liu and Yang Yu took a look. They were so scared that they wrote 10000 words on it.

My God, this is bank robbery.

"Doctor, does this include all the expenses behind it?" Yang Yu is not surprised to ask a way.

"You're dreaming. It's for this afternoon!" The doctor said without expression and went straight away.

Yang Yu finally found that he was a lamb, and here is the slaughterhouse!

No matter how stupid Yang Yu is, he knows that no matter how he decides the cost, it will be charged to his uncle. He can't escape. But this is just the beginning. Who knows if stupid Er Niu will wake up tomorrow and how much money will be spent behind stupid Er Niu?

Where does the aunt who has been living in the countryside get the money? It's not that much. Ah! Yang Yu now thinks how important money is. Without money, he can't afford to go to the hospital. Stupid two cows in a coma will be driven out. Xiaomei can only eat pickles. She can only live in her aunt's house. Yunu village doesn't even have a road. Because she has no money, her uncle is so impulsive. Money, in fact, is the real source of all evil!

Yunu village has a unique telephone, which is public in the whole village. When you ask for someone, the line borrowing operator will broadcast it to someone to answer it. Each time you answer it, you have to pay a handling fee of one yuan. Yang Yu has to call her several times before she gets through to her.

My aunt was stunned by the huge medical expenses.

Yang Yu packed a bowl of noodles, went to the hospital and gave it to widow Liu. Widow Liu didn't eat it at first. Yang Yu broke her mouth and almost knelt down to eat a few.

"Auntie Liu, why don't you go and sleep by yourself? I'll be on duty at night. I promise it's OK. You have to take care of it tomorrow. " Yang Yu said sincerely.

Widow Liu looked at Yang Yu. He was soaked through. When she went to the hospital, she went to the doctor for a nurse, borrowed money, packed noodles, and helped to be on duty. Widow Liu saw all these things in her eyes. After all, it was his uncle who hurt her son. She had already lost half of her anger. She answered and found a corner in the hospital where there was no one and fell asleep.

It's nearly early in the morning. Tomorrow morning, Yang Yu will go to the public security bureau to see his uncle lie. Now he just wants the stupid Er Niu to wake up quickly. The nurse on duty is bored and walks around. Passing by Yang Yu, she takes a look at

him and sees that he is a handsome man. She wants to chat him up, but she looks like a farmer. She shakes her head and leaves.

Looking at Yang Yu, he didn't close his eyes all night.

Then early went to the Public Security Bureau, waiting to open the door, uncle has been arrested. When I saw my uncle, he seemed to grow old overnight.

"I'm sorry for you. I'm not a human being. Why did I do it?" After that, my uncle was killed with tears in his face

"As long as stupid two cows wake up, let Aunt Liu say a few good words, it's not so serious. As for the medical expenses, just give it to me."

"You? Where are you going to get money?" My uncle looks puzzled. Now for my uncle, the only thing I worry about is the future of my aunt and three sisters.

"I'll find a way. I won't let my aunts and cousins suffer." Yang Yu seized his uncle's hand. Although Yang Yu said this out of the emotion of stabilizing his uncle, now he can only get through the present difficulties first.

Money? Where are you going? Yang Yu has been thinking about this all the way!

 Turn off 

"What's the matter?" Yang Yu rushed back to the hospital, stupid two was pushed into the emergency room.

"I don't know. Suddenly my condition is unstable." Widow Liu is already in tears. Yang Yu also became nervous all of a sudden, suffering in every way, and could not do anything.

The doctor came out of the emergency room sweating, shaking his head! Yang Yu thought it was over.

"The patient is Rh negative type a blood. We have no stock in our blood bank. We have to go to the city to get it. It's as fast as two hours to go back and forth. I don't think the patient can survive." When the doctor finished, widow Liu was paralyzed.

"I'm Rh negative type a blood, let's give it to me!" Yang Yu didn't know there was such a coincidence in the world. Widow Liu looked at Yang Yu like a benefactor. She was a little regretful and ashamed. She scolded him and beat him last night, but Yang Yu didn't snort. Instead, she went to buy noodles for herself and helped her keep watch. She felt that she had wronged someone.

In Yang Yu's blood transfusion, stupid two cattle's life saved.

Yang Yu has always believed in his code of conduct: to help others is to help himself. Maybe one day, when I have an accident with Yang Yu, stupid Er Niu may be able to save my life in turn.

Not only stupid two cattle's life saved, Liu widow also pleaded in court, said that his son stole the fish first, hope the judge light sentence.

In the end, the case was finally settled. Yang Yu's uncle was sentenced to 15 years for intentional injury, but all the medical expenses were accounted for by his uncle, which cost 30000 yuan. As a result, his aunt's family owed 20000 yuan in huge debts.

Life has changed dramatically.

Yang Yu has been struggling for a whole week, running back and forth in hospitals, public security organs, courts and villages. He has just received blood transfusion, and his whole body has become haggard. But this matter is always gone.

Yang Yu went back to the bathing girl village. Yang Yu didn't bring his uncle back, which made the little aunt's family lost. But for Yang Yu's help, maybe his uncle would have been sentenced more

severely.

Four people sit together to eat, family less uncle scold, also less a man's pillar.

"I'll be the only man in my family, auntie, cousin, and I'll take the responsibility of this family. I've been eating and drinking for free here for so long, and then I'll go up the mountain with you, chop firewood, raise fish, herd cattle, and so on. This is the past. I'll pay the debt, and you don't have to worry." Yang Yu's words are from the bottom of his heart.

"Silly Xiaoyu, it's OK. I can do it." The little aunt forced a smile.

"Yes, and us, the three of us have grown up." My cousin also said happily.

The second cousin suddenly stretched out her hand and yelled, "let's cheer together, pay off the debt, earn a lot of money, and be happy together." Second cousin has never said such inspiring words.

Yang Yu looked at the second cousin, put his hand up, cousin also stretched out, there are three younger sister, aunt, we all hold hands together!

At this time, a man came in, carrying a bucket and holding a rooster in his hand.

At first glance, it turned out to be widow Liu. We don't know whether to welcome or resent this man. If it wasn't for his stupid son stealing fish, my uncle would not have been so impulsive and such a thing would not have happened.

But is widow Liu not a victim?

"Aunt Liu? What can I do for you Aunt did not mean to welcome, Yang Yu a look, this matter has passed, the two families should also make up.

"This bucket is fish. My stupid son stole it from your field." Widow

Liu said softly, these days, her life is more difficult than anyone else.

"We don't need these things. Take them back." The second cousin is the most fierce. If others dare not say it, she will say it.

"I know you don't want it. That year, my husband took his son to the river for electric fish. As a result, "widow Liu has ruddy eyes, and everyone has been listening. A widow with two children must have a very hard life.

Widow Liu settled down her mood and continued: "as a result, the thing leaked electricity, and my husband was electrocuted directly. My son was far away, and he was also electrocuted. When we rescued him, he became a fool. The only thing he remembered was the fish, so every time he saw the fish, he would catch it, saying that it was the fish his father wanted to catch. In fact, my son really didn't want to steal your fish. Fish is the only thing in his head. It's like a moth to a fire. "

Hearing this, everyone understood.

"We didn't eat and keep the fish our son brought. We just wanted to put them back or come and tell you clearly, but this happened." Widow Liu was already in tears, sobbing quietly.

Originally, everyone misunderstood. If my uncle had calmed down a little, such a tragedy would not have happened.

Widow Liu put the water and the rooster left. The rooster was for Yang Yu to mend his body. Only then can we understand that widow Liu is not so vicious as the villagers say. On the contrary, she is just protecting her children.

This meal is more difficult to swallow.

After dinner, Yang Yu came to her cousin's room. We all experienced a lot of pain, we all haggard a lot. Li Yuanxi was very rare. She hugged Yang Yu, leaned on his shoulder and said, "thank you, cousin." Yang Yu touched her cousin's hair and hugged her: "I'm sorry, I didn't bring my uncle back."

Li Yuanxi took a deep breath, wiped the wet red corner of her eyes, and said, "it's OK. My father is too hot tempered. I'll buy him a lesson and let him calm down. Anyway, it's not long and it's very good. But "

of course, Yang Yu knows what her cousin wants to say. Now it's not a big problem for her uncle to shut down. The problem is that she owes 20000 yuan now!

"I'm already planning to make money, but I haven't figured out what to do. At that time, I need everyone's help." After this, Yang Yu deeply realized the importance of money, his little teacher salary can only be used to drink porridge.

In order to make money, we still need to think of some ways. However, this matter should be considered in the long run. It's not urgent. This is Yang Yu's style of doing things. Collect data, analyze data and start with the best.

When Yang Yu left, cousin Yuanxi took the initiative to kiss Yang Yu on the face. Although it was only a very simple kiss, Yang Yu felt that this kiss was much happier than the one that forced her to kiss her and wrapped her tongue. It turned out that the kiss with emotion and heart was the most fortunate one.

This matter, we will slowly forget the past.

Yang Yu's way of being a teacher and earning money to support his family has to go on. The most important thing is that his cousin hasn't got involved yet, but she has already taken the most important step. At least now, her cousin will kiss him. Even if Yang Yu kisses her cousin secretly, they won't be angry at all. Only the second cousin Yang Yu didn't dare to offend her. Last time, he just played a joke with her, Almost disabled.

Yang Yu often laments that living under the same roof, how can there be such a big gap between the two cousins and the three cousins?

## Chapter 28

Name : [A Sensualist's Sin](#) Author : [Rosemead](#)

Turn off

Today is Yang Yu's fourth week in this village!

His uncle's sudden imprisonment is a good thing for Yang Yu, because he finds that the four women in the family have to rely on him, which may not be material, but spiritually, Yang Yu has become everyone's dependence.

Yang Yu thinks that he can now play fair with his cousin and his third cousin.

On the way to school, Yang Yu meets Lin Yina, holding a man. Lin Yina is going to get married in a few days, so this man must be her fiance.

"Sister Yina, my husband will not introduce me when he comes?" Yang Yu met her fiance for the first time. Recently, she was so busy that she didn't have much contact with Lin Yina. Several times, she waited for her to take a bath at the window, but failed. She remembered to pull the curtain. However, Yang Yu couldn't forget the crisp breast.

"What husband, there are still a few days!" Lin Yina joked: "my boyfriend Cui Qiang! He's a top student in our village, Mr. Yang Yuyang. He's our neighbor. "

Yang Yu looks around. He is a strong man, shorter than Yang Yu, but stronger than him. Only such a man can satisfy Lin Yina. Who knows that Yang Yu and Lin Yina are scared as soon as the man opens his mouth:

"I heard that you often peep at my women's baths?"

Yang Yu looks black and looks at Lin Yina secretly. Lin Yina even tells her husband that she's making a fool of herself. Looking at the

man's fierce face, Yang Yu can only smile awkwardly and his legs are soft.

But what's more embarrassing is Lin Yina, because she didn't tell her husband about it at all. She was also afraid. At the beginning, she held up the whole milk to Yang Yu for a long time, but she was told by her boyfriend that she couldn't even take it away, but how could her boyfriend know about it?

"Ha ha, I scared you. I'm kidding you!" That urges strong to laugh, oneself make a joke just, did not expect this talented student to take seriously, amusing: "you this talented student if peeps at others to take a bath, that many shameful matter."

Yang Yu's face was black again, and he was almost trapped. He almost begged for mercy and said: brother, I didn't mean to watch it. Yang Yu mercilessly white eyes, Lin Yina, found that she is also looking over, the face is uglier than himself.

This boy friend is not a fuel-efficient lamp. Although he is short, his chest muscles can shake up. Yang Yu may not be able to withstand that blow, not to mention Lin Yina.

"Gao Caisheng, are you interested in hunting at night?" Cui Qiang is a good hunter. There is nothing here but mountains. Although there are not many precious wild animals, there are quite a lot of wild boars and rabbits.

"It's illegal to hunt, and I don't have a gun!" Yang Yu is not uninterested in hunting. It's dangerous. Maybe he will die. What about the four women in the family?

"It's just a boar. What else can I do to you? Last time I killed a wild boar with my bare hands and sold it for a lot of money in the town. " Cui Qiang is very proud of what he said. Yang Yu thinks that he can't earn a few yuan by fighting wild boars. But now he is short of money. Besides, he hasn't eaten meat for a long time. How about taking a chance?

"Good! What am I afraid of when elder brother Cui is here? " Yang

Yu agreed. Although he grew up in the city, he came to live in the countryside. He was also half a countryman.

"I'll come to you in the evening!" Urge strong excited said, hugged Lin Yina's waist also to go home. Lin Yina also looked back at Yang Yu from time to time. Her eyes were straight, as if it was her who came to look for Yang Yu at night.

Yang Yu also feels strange. He didn't expect to have a good chat with Lin Yina's boyfriend. He looks fierce and doesn't look like a good man.

In the evening, Yang Yu proposes to go hunting with brother Qiang.

"Yang Yu, can you do it? Little white face, don't let the wild boar eat it? " Second cousin never spits out any good teeth, but she is the most optimistic person, and she has always been Yang Yu's name.

"Cousin, why don't you go?" On the contrary, the third cousin is much shy and timid. Of course, this worry is also due to her concern for Yang Yu. She finds that she is more and more concerned about this cousin.

"There's brother Qiang. He's a good hunter! Besides, what else can there be on the mountain besides wild boars? " In fact, Yang Yu has no bottom in his heart. After all, the government has long refused to do this kind of thing. It's just this remote wilderness, and there are some wild boars.

My aunt is not happy: "no, you don't have a gun. I can't let you have an accident any more. If you have something else to do, how can this family live? "

"My cousin will go to the mountain for exercise sooner or later. As long as he doesn't go to the back mountain, I think he can do it!" In fact, my cousin is worried about my cousin, but she has more trust and support.

The little aunt couldn't stop the child. She was as stubborn as her second daughter. She had to let him go.

Yang Yu has prepared a flashlight for storing electricity. There is no grocery store in the countryside at all. All these things are bought in the town. Those who buy batteries will have to replace them in a few days. Therefore, those who directly use the flashlight for storing electricity are relatively sustainable and firm.

I brought a firewood knife. There are many kinds of firewood knives. The simplest is two kinds. One is a completely curved sickle, which is generally used to cut rice, wheat, weeds and small trees. The other is a heavy firewood knife, which is used to cut big trees and other laborious people. Yang Yu brought the latter. At the same time, they are also equipped with relatively strong clothes, full body hugging and passing leather boots. There are many thorns on the mountain, and the road is very poor. These are basic equipment, just like the special forces.

When it was dark, my aunt, cousin, second cousin and third cousin were watching Yang Yu go, especially the third cousin, whose eyes were full of tears, making Yang Yu go to the front line to fight. Seeing this, Yang Yu couldn't wait to wipe the corner of her eyes and kiss her forehead. She was really a painful girl.

Yang Yu wants to kiss all four people, but it's too zombie.

"What's the matter? Don't you just hunt?" Cui Qiang roared and pushed Yang Yu away.

They went up the only mountain road, only halfway up the mountain, they took a small road, which was no longer the road, and the road was toward the northwest, and the back mountain was to the West.

"Brother Qiang, are we going to Houshan?" Yang Yu asked suspiciously, because Hou Shan Yang Yu had heard about it several times in the village. It was like a forbidden area. No one was allowed to go there. Would brother Qiang take himself there?

"Back mountain? Looking for death. Is that where people go? We go inside, on the edge of the back mountain. Generally, no one goes there, and there are more wild boars. Anyway, we don't go into the

back mountain. It's not dangerous. " Brother Qiang leads the way, and Yang Yu follows. The road is muddy, and there are often thorns. Occasionally, the skin is scratched, and it hurts.

"Brother cuiqiang, as you know, I just came to this village. Why can't I go to Houshan?" Yang Yu asked casually. Who knows, brother Qiang suddenly turned around, his face showed a look of terror, there are things that brother Qiang is afraid of in this village?

"Don't you know the three forbidden villages?" Brother Qiang looks serious. Seeing that Yang Yu shakes his head and doesn't know anything about it, he specially finds an open space and sits down to tell Yang Yu about the three terrible legends of the village.

"The first forbidden area is the Yunv reservoir. It is said that there is a hundred year old water ghost living under the deep reservoir." Brother Qiang's face suddenly panicked.

Yang Yu puffed out. There was no ghost in the world. It was either a water plant or a whirlpool under it. When you were swimming, you were caught by it carelessly. It felt like someone was holding your leg under the water. This spread false information and superstition in the countryside. After a few words, you came up with a water ghost. In fact, everyone scared himself. Besides, was there a reservoir 100 years ago?

Of course, Yang Yu won't expose these things face to face. Anyway, he can't tell these people clearly. He can only laugh in his heart.

Brother Qiang continued: "there are at least dozens of drowned villagers in this reservoir. Before, there was a Zhuang Khan who didn't believe in evil. He was a rare diver in this village. He could hold his breath for three minutes. He dived in front of the villagers. Guess what happened in the end?"

Yang Yu also had to cooperate and ask what happened?

"After that diver dived for only one minute, the surface of the water bubbled violently, just like someone struggling under the water, and then he never came out again."

However, Yang Yu still thinks that he must have been entangled by aquatic plants at the bottom of the water.

"Don't believe it, just last year. Did widow Liu know her at the entrance of the hillside village?"

How could Yang Yu, widow Liu, not know her? Stupid Er Niu, his mother, the last time my uncle cut it was her son.

"Her husband brought his son to the reservoir for electric fish. Don't you think it's for death? As a result, he electrocuted himself. Later, the villagers fished him up to have a look. Ah, there are two big fingerprints on his wrists. Where is this electrocution? It was obviously choked to death by the water ghost. Fortunately, his son survived. However, I heard that stupid Er Niu was scared to see something he shouldn't have seen. They all said that his son likes fish. In fact, his son wants to see himself in the water! "

"So mysterious?"

Yang Yu is silly to listen to this passage. Although this passage is different from what widow Liu said, it's too mysterious. Yang Yu is also in a cold sweat. He planned to go fishing in the reservoir. Now where dare he go?

"The second one?" Yang Yu came interested and asked.

## Chapter 29

Name : [A Sensualist's Sin](#) Author : [Rosemead](#)

 Turn off

"The second one is even more terrifying. Before the Anti Japanese War, the Japanese devils had been here, but they were destroyed by our guerrillas, so they threw their bodies in the back mountain and became a mass grave! For decades, five villagers went hunting in Houshan, but they disappeared and didn't come back for weeks. When the villagers' families were in a hurry, the village head organized more than ten people to enter Houshan. Guess what? "

Yang Yu frowned. Among the unsolved mysteries of the world, there are many things about the disappearance of population. The most famous one is the Bermuda Triangle. But isn't the back mountain just a mountain? What else can I do for you? And a batch? Yang Yu guessed that the five people who had been hunting must have been in danger. For example, it's not surprising that they met tigers and bears.

But if there are more than ten people, even if they really encounter something they are afraid of, they should be able to survive, right?

"Midnight that night!" Strong stop stop, open eyes, head appeared countless scenes. Yang Yu was also hanged appetite.

"At 0 o'clock that night, Houshan suddenly thought of a scream, which was extremely terrifying. It was like encountering something extremely terrifying. The scream was heartbroken, heartbroken and heartbroken.

The whole village wakes up and looks at Houshan foolishly, but no one dares to enter. Until the scream goes out, none of the more than ten strong men comes out alive. From then on, Houshan has become a forbidden area. "

So mysterious? Yang Yu also thinks that it is very illogical. If there are wild animals, there will always be traces and shadows, and even go down the mountain to the village. What is hidden in the back mountain?

"Where did you hear that?" Yang Yu asked.

"I heard it from my grandfather, but I also asked many elders in the village. They spoke the same way. I think it's true. They all said that Houshan is the ghost of those Japanese devils. They want to go home. They hate each other and finally become evil spirits."

Yang Yu looked up at the dark back mountain. It was quiet. It looked peaceful on the surface, but he did feel that there was a lot of Yin Qi. What terrible secret was hidden in the back mountain? Yang

Yu listened more and more vigorously, and asked the third one in a hurry.

"The third one is simple. It's the old house with the highest location at the bottom of the back mountain. It's haunted. Don't go there if you have nothing to do." Brother Qiang seems not interested in the third terror forbidden area.

Haunted?

Yang Yu has an impression of this house. The reason is very simple. Through his attic window, he looks to the right side and looks up the back hill. He can see the lonely old house. The reason why he has an impression is that he peeks at the night Lin Yina takes a bath and inadvertently sees a white shadow in the house.

At that time, he didn't pay attention at all. Now when I think about it, Yang Yu has a chill and cool back.

"Let's have dinner, or we'll go on." Cui Qiang stood up again and climbed forward: "there are no legends in any country. No matter whether they are true or false, they don't provoke him. As for the little legends, there are countless. You are a top student. If you explain them, they are really not true?"

"Ha ha, I haven't experienced it, and I haven't seen it in Houshan. How can I know whether it's true or not?" Although Yang Yu doesn't believe in ghosts, he has to admit that science can't explain some things.

For example, the mother-in-law he met that night, Yang Yu knew very well that he was right and didn't see anything wrong. For this reason, Yang Yu specially appealed to some old people around him to see who the mother-in-law was that night, but he didn't find such a living person, which made Yang Yu feel more and more evil, especially the strange mark in his hand, and it hasn't subsided up to now.

"Oh, speaking of this, I really think of something. It's really mysterious!" Brother Qiang just took a few steps and turned around.

"A month ago, Lin Yina's grandmother left." Brother Qiang is tormented, trying to think of those things.

Yang Yu didn't pay attention to it. Anyway, he would listen to the story and pass the time. But who knows that brother Qiang said Lin Yina's just dead grandmother? This, this, this is the old woman Yang Yu met that night?

"And then?" Yang Yu can't wait to know the follow-up.

"During the wake days, Lin Yina always had a dream that her grandmother came back to her and said she was waiting for someone. She told Lin Yina not to put her in the room for fear that the person could not see her. She asked Lin Yina to carry her to the stone slab in the backyard, where the vision was wide."

It's not like telling a story, it's about personal experience.

Yang Yu's face is already pale! There is no blood in the white!

"Younger brother Yang, why are you so stupid?" Seeing that Yang Yu didn't respond, brother Qiang patted him with his hand. Yang Yu reluctantly showed a smile to deal with, in the heart already knew this matter is not good: "then later?"

"Lin Yina didn't take this seriously at all, but after two nights of dreaming, Lin Yina didn't feel right. She told me that she was on the wake that night. At midnight, when everyone was away, I helped her grandmother carry her out, put her on the stone slab, and moved back at dawn. She was directly buried in the earth during the day. It's strange that Lin Yina didn't dream behind."

Yang Yu's face is paler, and his mouth is dry. He always feels that his feet are calm and can't lift his steps.

"I didn't dream after that, but on the seventh night, I dreamed again, but this time her grandmother said she was waiting for the man! Hehe, do you think it's evil? I'd like to know, who is the person whose grandmother is waiting for? Do you think you'll leave him a

treasure All this is exactly the same as what happened to Yang Yu that night! Yang Yu really did not believe it. He had to hold his fist tightly, but he just squeezed out a smile: "ha ha, if there is treasure, it should be left to his granddaughter, right?"

"Younger brother Yang, why do you look so ugly? Not feeling well?"

Yang Yu quickly cope with the next, the two people continue to feel the line to the mountains.

It's been two hours. It's a long way from yunu village. This generation is a place where wild boars often come and go. Now it's a good day in March. Corn has just been planted, and it's still early to ripen. But some mature white sweet potatoes begin to take root. Wild boars like to eat these.

Yang Yu and his wife are very careful. There are many trees and forests here. They may encounter wild boars at any time. It's a big loss to be run away.

Two people strolled for two hours, but they still got nothing. The most important thing for hunting is luck. The mountains are so big that there are few opportunities. This requires sophisticated experience. Unfortunately, brother Qiang lost his sight this time.

After walking for six hours, Yang Yu's feet were worn out and he was exhausted. He took a tour around the neighborhood.

"It seems that we are out of luck tonight!! We have to go back. " Brother Qiang looks depressed. It's rare for him to have someone to accompany him in hunting. He also makes a fool of himself.

Yang Yu also knows the result. The hunting was based on luck. He turned around and stepped on something sticky, but he didn't know what he had stepped on. When the flashlight flashed, a stench came. Yang Yu thought in his heart: is this excrement? Or fresh?

Yang Yu used a flashlight to shine slowly along the direction of feces. It's not so good. It's a great surprise. A huge wild boar is

staring at Yang Yu.

"Brother Qiang, brother Qiang?" Yang Yu suppresses the excitement in his heart. It's the first time he sees a wild boar. The wild boar is about two or three hundred catties in weight. It has brown fur all over. Its nose is much longer than that of a domestic pig. Two big wolf teeth are exposed. If it is hit by these two teeth, it will directly penetrate the body. Let's die here.

Brother Qiang and Yang Yu take out the firewood knife at the same time. Yang Yu really wants to have a gun. With that bang, he can kill it on the spot. Cui Qiang pointed to his hand, which means two-way bag clip. But as soon as he took a step, the boar was so clever that he started to run.

"Chase Brother Qiang shouts!

The wild boar shuashed wildly, and his mouth hummed! But here, there are trees, weeds and thorns everywhere. Where can people run past this beast?

Seeing that the wild boar is about to run away, isn't it due to Kui? Cui Qiang didn't give up. He lifted the firewood knife and threw it. Fortunately, the firewood knife hit the boar's back with a slap. There was a big wound with blood flowing. The boar groaned in pain.

But this blow angered the boar. He didn't run. Anyway, he turned around and rushed like brother Qiang. Yang Yu's physical quality is obviously no better than his brother Qiang who is in the mountains every day. He is still coming. Seeing that the boar is about to run into Cui Qiang, Cui Qiang is unarmed. Now, I'm really afraid. If I'm hit by the boar, I'll die!

At a critical moment!

Yang Yu didn't know where he came out. He raised his firewood knife and cut his head with a bang. The wild boar sobbed and struggled for several times, but he died!

And brother Qiang has been scared to the ground! Almost peed.

Yang Yu is also out of breath. Looking at Cui Qiang on the ground, they both laugh.

Such a big wild boar, two people want to hair ah!

## Chapter 30

Name : [A Sensualist's Sin](#) Author : [Rosemead](#)

Turn off

On Saturday morning, everything revived.

When Yang Yu and Cui Qiang carried the wild boar down the mountain, the villagers clapped their hands when they saw it. The children followed them to see the wild boar. This wild boar Yang Yu and Cui Qiang were killed at the risk of their lives. Cui Qiang vowed to get a firegun. If it wasn't for Yang Yu, he would die this time.

Boar was directly carried to Lin Yina's home. Lin Yina just got up to pee and was still wearing pajamas, which was still sexy. Yang Yu could only sigh that this girl would soon be Cui Qiang's daughter-in-law. That night when she peeped, she should summon up the courage to go. What face would she want?

"Younger brother Yang! As for the wild boar, we'll share equally, but I'm going to set up a banquet tomorrow, and there's just a lack of wine for a pig. Otherwise, I'll give you some money and give you a pig leg, and share it like this? How about it? " Cui Qiang felt that he was reasonable, although he was unreasonable.

Yang Yu thinks that Cui Qiang has a lot of skills and can talk. It seems that this friend has to make friends and doesn't suffer any immediate losses. Besides, people really need the pork and help people get married. It's a matter of virtue. He readily agrees.

Cui Qiang went upstairs and took 250 to Yang Yu. Yang Yu sees, this money is obvious much, just want to put some back.

"Not much. If you feel sorry, you can help tomorrow or the day after tomorrow. I'm really short of people!" Cui Qiang is straightforward.

When Yang Yu heard this, he made up his mind.

In fact, Cui Qiang's family is not here. It's on the other side of the village. It's just that there are several brothers in his family. The house is tense, and several of Lin Yina's sons and daughters are married. Cui Qiang simply pays to build the house in Lin Yina's house. Lin Yina's parents live in the old house above.

You see how happy the couple are!

When Yang Yu got home, only his aunt got out of bed, and the three sisters were still sleeping. Yang Yu took a shower, and her aunt burned the bowl and went back to the attic to sleep.

When Yang Yu woke up, it was already three o'clock in the afternoon, and the next door was already very busy, with many relatives coming. So I wanted to prepare some lessons while it was still dawn. But at this time, Lin Yina pushed the door into the attic, and specially closed the door.

"I didn't expect that your attic still has style." Lin Yina looked around, and deliberately put her head out of the window and looked at her bathroom: "do you often peep at my bath here?"

"Just once! I didn't mean to leave the window open. " Yang Yu sat at the table, writing the contents of the class next week.

"Oh, it's still my fault. You've seen my girl's milk, and you've got to get rid of it." Lin Yina leaned her head back and sat down beside the bed with her chin on the table. She looked at Yang Yu's handsome face with wide eyes.

The more I see it, the more annoyed I feel. I'm going to marry Cui Qiang. But Cui Qiang is strong, but he's short, dark and ugly. Lin Yina is not ugly either. Why does my mother want me to marry him?

It's all my brother-in-law's fault that I can't have children, which makes me have to marry this brother. They all say that Cui Qiang is strong and has children. Lin Yina feels speechless every time she thinks about it. She doesn't hate Cui Qiang, but she doesn't like it. To

put it bluntly, it's just like this. Let's live it.

Every time Lin Yina sees Yang Yu, she feels that heaven is unfair. Why is such a handsome man not my man? Compared with Cui Qiang, Li Yina has a subtle change in her heart. She is not a peaceful woman.

"Tell me something. I have to prepare for my lessons." Yang Yu didn't turn his head to see Lin Yina. It's not that he didn't want to be a woman, but that she is Cui Qiang's boyfriend now, and Cui Qiang is his brother now.

Yang Yu is not the kind of person who says, "the moment I see your girlfriend, I'll make friends with you brother.!"

"It's nothing. I'll carry the pig's hoof over to you. I'll go upstairs to see you if there's no one downstairs. I heard that you saved my man's life. Thank you." Lin Yina said flatly.

But damned Yang Yu is used to teasing his cousin. When he hears the word "thank you", he doesn't know which one of his tendons blows. He instinctively replies, "how can I thank you? Do you agree by example?" When he said this, Yang Yu responded that it was too late.

"Good! I don't mind!" Lin Yina also half jokingly replied.

"Ha ha! Last time you said that I should touch you. Who knows if it's a joke or "Yang Yu thinks it's unintentional? Although this is Cui Qiang's woman, but also tomorrow's wedding night woman, can also not bring such a tease, but in case people Lin Yina is serious?"

As the saying goes, I'm willing to do everything for my friends, and I'm willing to do everything for my women. Isn't it more exciting for women who play with friends? "Last time I asked you to come, you didn't come, did you? And I even showed you the milk. What do you want from me?" Lin Yina felt that she was wronged enough. She even showed you the milk. Do you still blame me? Hum!

Lin Yina put her mouth close to Yang Yu and said softly in her ear,

"if you are a man and have the ability, you can come to me at night, or you won't want to touch me in the future!" Then he turned and left.

Yang Yu Leng is there. It's all about what and logic. Who is it? Who is it? It's me who is it? You threaten me. I don't want to do it. It's like I'm begging you to do it for me? Yang Yu feels dizzy by this logic.

"Wedding night? What did she do for me on the night of her marriage?" Yang Yu took a cold breath. Where can I find such an exciting opportunity? If Cui Qiang knew that I had sex with his wife on the wedding night, would he not cut me off? Isn't that more exciting?

"Lin Yina, you are so cruel!" Yang Yu said to himself, thinking about how he was related to her. She watched me take a bath, and I also watched her take a bath. When we met, we would say hello. We didn't have an appointment. We didn't fall in love at first sight. How could we get involved?

At dinner, everyone was very happy to see Yang Yu's safe return.

"Yes, you've got a boar The second cousin seldom praises her cousin.

"Cousin, no big or small!" The little aunt knocked the second cousin's head, and the second cousin made a face. She didn't treat Yang Yu as her cousin, and she didn't feel much about Yang Yu. This is different from that of cousins.

In fact, the second cousin is not inferior to the third and third cousins. People pay more attention to her character. She is both shrewd and rebellious, so Chang ignores her appearance.

The second cousin is not the mature, noble goddess temperament fan of the cousin, nor shy, sweet and cute like the third cousin, but she is also a clever beauty with her own flavor, just like a rebellious horse.

No three sister's big eyes, sexy lips, no cousin tall and thin and D cup perfect s shape, but her facial features are very beautiful, typical oriental beauty face, looking very comfortable, even a little classical beauty, but not the kind of soul of cousin, nor the kind of appearance

of the third sister, looking at a man would like to pet her, love her, if the second cousin can be gentle, absolutely better than the third sister My cousin is still popular. It's a pity that she is not gentle.

Yang Yu doesn't think much about this second cousin because he finds that he can't make it! It's good not to be killed. Yang Yu even thought that if he wanted to be a second cousin, there was only one way: rape!

"Aunt, this is the money for selling wild boars." Yang Yu handed the two hundred and fifty yuan to my aunt and added a piece of meat to her bowl: "it's hard for my aunt. I'll have to cook it for me in the future. I'll live here in the future."

After hearing this, Si Xiaoyun almost cried. Since she married Li Tian, she peed and pooped every day, and was scolded and nagged by Li Tian every day. Which woman doesn't want to be spoiled and cared?

"You are such a child that your aunts are all happy"

the whole family enjoyed the meal.

As soon as it gets dark, the countryside gets bored. Yang Yu doesn't have the habit of visiting everywhere, but my aunt just let him visit, that is, she returned the bucket left by widow Liu.

The third cousin wanted to stay with her, but she was stopped by her aunt because she had housework to do. So Yang Yu set foot on the road to widow Liu's house.
