Turn off

Yang Yu did not expect that the female teacher was the naked woman in the pool on the mountain yesterday. The village is so small.

"Yang Lin, do you know each other?" Asked the old principal, puzzled.

It turns out that this person is also a teacher of our school. Her name is Yang Lin. as soon as she saw Yang Yu, she immediately remembered that she took a bath yesterday. She was naked by the man in front of her.

How can she say such a thing?

"No, I don't know!" Yang Lin pouts her mouth and doesn't look at Yang Yu any more. Yang Yu's heart is funny. Even your peach petals have been seen by my brother. Why are you shy? But Yang Yu pretends to be a gentleman.

Yang Yu's principle of picking up girls is to be noble and disguise. You can't go up to women like ducks. Only noble image can make the women in this village throw themselves in their arms.

when the time comes, we will set up a team of Hougong 3000.

Now, Yang Yu's first goal is his cousin. He finds that this cousin is the most tasteful, exciting and cool. He wants to sneak into her room tonight to have a big fight.

Yang Yu, of course, is very proud of his students, and even his three daughters.

"Xiaoyu, you are a top student, so the headmaster decided to bring you both mathematics and nature in the third grade of junior high school. Then, the physical education of the whole school is up to you. The third class of junior high school is quite special. We have been ranked the last in the county's senior high school entrance examination for seven years in a row. This time, we really expect you to fight a beautiful turnaround. The county Party committee will come to inspect tomorrow. Our task is arduous. " The headmaster patted Yang Yu on the shoulder as if he had given him a heavy load and all his sustenance.

Then the bell rang for work.

The female teachers in the office go out to class one after another. Yang Yu arranges a cracking desk and sits on the right side of Leng Xiaoxue, the queen of ice and snow. On the opposite side is Li Ruoshui, an old woman. Behind the wall, Yang Yu doesn't know who it is. He is almost surrounded by a group of beautiful teachers.

The headmaster gave him a timetable and went out by himself.

When Yang Yu looked at the timetable, he found that it was very full. Basically, he had two classes together. The next two or three classes were his classes. Many teachers had four classes in a row. In the afternoon, they still had a lot of work, so their work was seriously saturated.

Yang Yu spent some time tidying up the desk, cleaning the office and getting familiar with the campus. A class passed quickly.

During the break, all the students in the school are busy and carefree, playing games together, and soon the bell of the second class rings. Yang Yu breathed, this is the first lesson of his life, always give students a good impression.

As soon as she got out of the door, she turned at the stairway and ran into a girl student head-on. The girl student didn't know Yang Yu

and certainly didn't think she was the teacher here. She scolded: "you don't have eyes when you walk?"

Yang Yu and Zou frowned and saw that the girl was tall, tender and pretty, with a proud look, and was carrying a schoolbag downstairs: "classmate, you can't be truant, can you?"

That female classmate sees a language to be seen through, coldly say: "you calculate old several, want you to manage?"

Do all the girls in the countryside have such personalities? At this time, the principal passed by, saw the scene and said, "Ji Ming, do you want to skip class again? Go back to the classroom. "

That Jiming classmate a see is a headmaster, Leng is cold hum a, mercilessly white Yang Yu one eye, seem to all blame you, harm I didn't escape, then straight back to the classroom.

"This girl is rebellious. You should watch her closely." The headmaster gave orders and went back to the office.

Yang Yu found the third grade class in junior high school, and heard a lot of noise in the corridor, just like the food market, but also girls. Yang Yu kept smiling and wanted to make a good impression on these girls. As soon as he stepped into the classroom, suddenly something flew straight to him.

Bang! Hit on Yang Yu's face, suddenly Yang Yu's face was covered with dust. It turned out to be a blackboard eraser, and it was a blackboard eraser that had just been wiped and was full of dust. When Yang Yu's face was patted, it was like a man applying rouge.

Suddenly, the whole class burst into laughter!

However, they soon couldn't laugh, because it wasn't the bad old principal standing in front of them! It's a super handsome, sunny, healthy and manly guy!

In an instant, the whole class from laughter to silence! It's not because they are afraid that they are quiet, but because the whole

class is attracted by Yang Yu's male charm. The only male teacher in this school is the bad old principal.

The rest are a group of sunken boys sitting in the back, wearing release shoes, fishing for trouser legs, and their shirts are open. They are not as tall as their girls, and they are as dry as those from Kenya. The whole group is a group of African refugees. These boys are not called men at all in the eyes of female students, because they are so ugly.

and Yang Yu in front of the bad old man and the class of woodlouse boys, all of a sudden the gap has been drawn into the sky, Yang Yu's handsome in the original foundation has turned over several times, you can imagine a group of young girls who are just growing up in puberty fantasies, and think of how exciting the little men are to see Yang Yu every day. Yang Yu is just like a prince charming, who suddenly blinds all women.

Yang Yu picked up the blackboard eraser, went to the platform, took out a paper towel and wiped his face. He didn't show any anger. Instead, he gave a smile: "is that how you welcome the new head teacher?"

Yang Yu's smile charmed all the girls, several girls are almost drooling.

"I threw the eraser. If you want to punish me, punish me."

Yang Yu followed his voice and found a girl standing in the back row. Looking at Ji Ming who had just played truant, he said, "good! I'll punish you for eating this apple Said, I do not know where to take out an apple thrown in the past. This apple was thrust to him by Zheng Xinyi.

Yang Yu's "punishment" is beyond everyone's surprise and Ji Ming's expectation. No teacher punishes students like this.

"Wow! How handsome A moment later, there was a lot of discussion.

"Teacher, do you have a girlfriend?" Yang Yu didn't know which student called this sentence, which made the whole class laugh again.

"Not yet, if you want to fall in love," Yang Yu deliberately stopped. But all the female students in the class knew what the teacher was going to say, because the headmaster scolded them every day: don't fall in love, don't look for boys, don't hold hands, don't kiss, a lot of messy things.

Yang Yu smiles again. In fact, Yang Yu still has two dimples when he smiles. It's not obvious, but it's more attractive to women when he smiles. However, Yang Yu says, "you're in a good age to fall in love. How can you fall in love if you don't fall in love now? Teachers welcome you to find boyfriends in your classes, schools and villages, even your schoolmates. "

This remark upset everyone on the spot. Did it come from a teacher? Really? Are we right? Teachers encourage us to fall in love?

"Of course, if there is a girl in the class that the teacher likes, the teacher will definitely chase her!" These words like a bomb, let the whole class of girls are boiling. In fact, Yang Yu is just thinking in another place. He began to think about women when he was in junior high school, but he didn't talk about it. Now he still regrets it. Why can't a youth of different age fall in love? Why can't he?

Why don't teachers let you fall in love in junior high school, high school, even university, but as soon as you graduate from university and just get your diploma, your parents force you to go on a blind date! Why? Why? Why do you have to learn marriage before you even learn love? Yang Yu doesn't know! So he won't restrict his students so much. Love is their right and freedom.

It also includes the love between teachers and students. Yang Yu's concept is very simple. I like you and you like me. I care that you are cousins, teachers and students, and losers. As long as you like each other, it's enough!

"Well, everyone, be quiet. I'd like to introduce myself. My name is Yang Yu. I'm your head teacher. I'll teach you mathematics, and of

course, sports! Hope to cooperate with you happily

So, in the excitement, the students began to introduce themselves. Yang Yu could not remember so many people, but he was still impressed. Besides Ji Ming, a particularly rebellious student, cousin Li Yunxi also happened to be in this class.

"My name is Li Yunxi! I love mountain climbing. When Yunxi introduces herself, Yang Yu looks at her all the time. Yang Yu finds that this younger sister is not so beautiful. She is so beautiful that she is infatuated with it. Li Yunxi's face turns red with shame when she is looked at by her cousin.

"Li Yunxi, why are you so red? Do you like Miss Yang? It made everyone laugh.

In addition to these two people, there is a girl named Zishu. When Zishu gets up, she looks at Yang Yu straightly, and her self introduction is particularly shocking: "my name is Zishu. I like Mr. Yang, can I catch up?"

Yang Yu didn't expect that the girl students of grade three in junior high school were so bold and not afraid of shame, so they could only smile and answer embarrassedly.

There are also several super beauties, Yang Yu is particularly impressed. One is the daughter of the village head, Zhang Meiruo. She is tall and thin, and her figure is comparable to Yang Yu's cousin Yuanxi, but she is not as young as Yuanxi, who is only 16 years old.

One is Han Qingfang, with a super good temperament, 175 high, which is the highest one in all. It's a pity not to be a model. This Zhang Enya is out of a rich family, with extraordinary bearing and nobility! It's just different from other people.

Another is Bai Xue. She is super feminine. She looks like a fox. Her eyes are so big that she can discharge electricity. Yang Yu is almost numb with electricity.

The first class passed in the process of knowing and chatting. In the second class, Yang Yu tried to talk about something, but these female students didn't listen at all, either chatting or teasing Yang Yu.

The class in the afternoon is not so full. Many students have to climb the mountain to go home, so they finish school early. Yang Yu also takes his cousin home.

When I arrived at home, I found that there was no one. My aunt and I should have gone to the mountain. My cousin saw that the dishes were not washed at home. She was very good and prepared to do housework first. Yang Yu was ready to go upstairs first and prepare for class.

But just after going upstairs, when I came to my cousin's door, I suddenly heard some strange sounds coming from the room. Yang Yu quickly raised his ears and heard that it was my cousin's voice. In broad daylight, what does my cousin do at home?
