

Namjoon:

Who could that person be? ^a

Suga:

Is there someone that's near us this days? That can connect to her? ^a

Namjoon:

I..I dont think there is. I dont think I know that somebody.

Namjoon:

The only person that could be connected to her is the 7 of us.

Namjoon:

And now that tae, kookie, and jin hyung is gone, that only goes to the four of us.

Suga:

One of us is her? ^a

Namjoon:

You were out of the country when this all started so you cant be her. Im sure jungkook wouldnt have trusted you on saving us if you were her. ^a

Namjoon:

And I couldnt be her because why would I avenge someone I loathe so much? ^a

Namjoon:

That only leaves us to two.

Suga:

Jhope and Jimin... ^a

Namjoon:

Having them both are reasonable. They both have a reason to avenge her. We could say that both of them could have the same intentions. ^a

Namjoon:

The question is, who has the higher intention to do it? Who is more reasonable? Who is connected with her so deeply that he would want to kill his own brothers? ^a

Suga:

Jimin... ^a

Suga:

He fell inlove with her but he didnt got the chance to express it because she was with jungkook so he just adored her from afar. He was always angry then because jungkook always got everything that he wanted. He was devastated when she died but not for long. ^a

Suga:

That's the only connection that I know with Jimin.

Suga:

As for Jhope. He grew up with her, she was his bestfriend but ended up having a fight with her because she had a relationship with jungkook that ended their friendship.

Suga:

She tried to fix things with him but he would neglect her everytime because of his pride and well, she didnt want to end things that was going on with her and jungkook. ^a

Suga:

Soon a er she died, Jhope almost lost it. He started to blame his self for lacking of being her friend and not able to protect her.

Suga:

He regretted everything he has done and I always remember him saying if only he could turn back time at her wake.

Namjoon:

That night when taehyung was killed he was with jhope and said that jhope was going nuts and losing it again.

Namjoon:

I think we both know the answer to this puzzle, hyung. ^a

Or do they? Do you think those reasons was enough for Jhope to kill taehyung, jungkook and Jin? :) ^a
