## **Chapter 15: No Talking**

I hadn't talked at all and I was just now realizing how hard it actually is.  We finally got back from the doctor and Xavier and Zander le to go get me a dry erase board. I hope he gets me a colored marker. I didn't want black. That was too plain. I wanted some fun colors. Oh! Maybe he'll get me purple. Or blue. Or green.  A couple of minutes later, Xavier and Zander walked through the door. I ran up to him and smiled.

turned around and sat at the table getting out the board. I turned around and winked at Xavier. "Wow. Thanks, Sam. I'm really feeling
I smiled and got the marker out and the board. He got me a green marker. Yay!
I wrote on the board for him. You're welcome.  "Ha ha. Aren't you just really funny today," he teased. I flashed him a sweet smile and he sco ed. "Where's my hug and kiss?"
I don't know I wrote.  He growled playfully and ran toward me.
I wasn't paying attention because I was erasing my board when I felt arms go around my waist.
I jumped in surprise and Xavier placed a kiss on my neck. It took everything in my will power to not let out a moan.  "Princess, can I have my hug and kiss?" he asked blowing air on my
neck.  I'm so glad I can't talk; it would have sounded like a mess of words. I nodded and turned around. He placed a so kiss on my lips being careful of my jaw.
"Thanks princess." He got up and walked into the living room.  Well then Xavier.
I felt lonely so I got up and went in there and sat on the couch.  "Hey, Sam. How are you feeling?" Ryan asked me.
Okay I guess J wrote.  He laughed and I gave him a questionable look.  "You have to write everything down." He smirked.
I glared at him and he put his hands up in surrender.  I might be in pain, but I can still punch you, wrote back with my own
He let out a nervous laugh. "You wouldn't hurt me. Right?"
I shrugged and got up to get a movie.  "Oh, she would." I turned around to see Kyrn and Jay walking over to the other couch. "I mean she did punch Trey."
"This is true," he agreed.  "My little princess is a badass," Xavier said with a proud smile.
"Speaking of which, Jay we need to get the girls into training soon." a
"Since you guys are human and aren't as strong as us." He paused and I rolled my eyes. "You guys need to learn how to protect yourselves if any of us can't protect you. You are the Luna and beta female of this pack, so it makes sense," Xavier said, sitting up.
I groaned and Kyrn spoke up. "But. We pretty much did kick Hunter's, Tim's, and Ryan's asses that one day."
"I know but still. I need to have you guys train. And that's final." I glared at him and he smirked at me.  Jerk I wrote on the board.
"Sorry princess. But we have to do it. I can't lose you," Xavier admitted, as he pulled me closer to him.

I have a blanket in front of my face and Xavier keeps on laughing at me. Kyrn is pretty much sitting on Jay, literally. And Chloe, well she is pretty much hiding behind Zander. And Ryan?

Itooked through the pile and saw The Conjuring.  Ismiled and held it up.  "That one?" Chloe asked unsurely.  Inodded and put it in.  "I'm going to die!" Kyrn shouted as she ran over to Jay and snuggled up into his side.  There's an awe moment.  Ismiled and ran to the kitchen to go get some snacks.  "Need some help?" Chloe and Zander asked me.  Inodded gratefully at them and they chuckled.  We grabbed all of the snacks and drinks and headed back into the living room. We got everything settled and we took our seats in the chairs, couches, and Ryan on the floor.  Ryan needs to find a mate.  "Ready?" Xavier asked us. Yeah, well, maybe watching this movie was a bad idea. This movie is creepy as hell!  My side is pressed up against Xavier's chest and his arms are wrapped tightly around me. I have a blanket in front of my face and Xavier keeps on laughing at me. Kyrns pretty much stiting on Jay, literally. And Chloe, well she is pretty much hiding behind Zander. And Ryan? He was hiding his face with a pillow.  "It's just a movie princess," Xavier said in my ear.  "Still," I whispered trying not to move my jaw.  He held me tighter and kissed my temple.  "I'm right here." I nodded and focused on the movie again.  I jumped at the part where the lady was at the stairs or whatever, and the hands came out of the shadows and clapped.  Kyrn screamed, which then, in turn, caused Chloe was just staring at the Tv.  "I think they're scared," Zander joked.  Chloe snapped out of it and chucked a pillow at his head.  "Whoops." She smiled and got up from the couch and walked up to the stairs.  "How you be promoted as he rubbed his head.  "Who yos." She smiled and got up from the couch and walked up to th
