

## She is a ceo Chapter 294

“Lucy, I have a request that I would like you to listen to,” Nia took a deep breath and said to Lucia.

“You just say it. As long as I can do, I will do my best,” Lucia said, nodding her head, and not revealing the surprised feeling in her heart.

Nia, was there anything she can do for her?

“Lucy, I’ve been working at Jibillion for four years. I’ve had two direct bosses before, but so far, you make me feel happy at work every day. You make me want to help even if I have to. Only you, and I really like Teddy... So I thought ....”

Nia knew that her request was out of line, so by the end of the conversation, her face had turned red. If it hadn’t been for the alcohol, she would have been even more embarrassed, but Lucia understood what she meant by this.

“Nia, you want to come with me to the WEBBEX Group, don’t you?” Lucia finished for Nia.

Nia felt slightly embarrassed, smiled and slowly nodded her head. Although her movements were slow, there was a gleam of anticipation in her eyes as she waited for Lucia to speak.

“Why not,” Lucia said, smiling.

“Huh?” Lucia’s decisiveness caught Nia off guard.

Nia’s blank expression made Lucia think her very cute. She smiled and said,

“Nia, I’ve seen everything you’ve done for me. The reason I didn’t mention taking you with me before is given my current situation, it might be difficult for me to return to the Webbex Group. And you’d be safer staying at Jibillion. I didn’t expect you to have the same intention.”

“Really?!” Nia said in surprise and her eyes started to light up.

“Of course,” Lucia continued with a smile, “And Teddy would want to stay with you.”

“Lucy!” Nia got a confirmation and grabbed Lucia’s hand in excitement. “Thank you so much!”

Although there were a few things that she wouldn’t want to reveal to Lucia, Nia was very happy to continue working for her.

“I’ll ask Eduard tomorrow. You can come to Webbex Group directly. If you have any thoughts about the position, you can tell me directly,” Lucia said generously. In fact, compared to the position, Nia’s move to the Webbex Group must have been an upgrade.

“No, I want to continue to be your assistant!” Nia knew that there was a limit to how far she could go. She didn’t want to make too many requests from the start. Moreover, Lucia was a reasonable person. As long as she did well, she wouldn’t worry about the opportunity to develop her career.

“Okay, then please continue to help me.” Lucia half-jokingly extended her hand to Nia. Nia was flattered and immediately took a stand.

“I will continue to work hard in the future!”

After receiving the promise of Lucia, Nia became even more excited and happy. Several times, she took the initiative to stir up the atmosphere of the scene, and the farewell party was pushed to its climax again and again. However, the joyful atmosphere would eventually come to an end. After eleven o’clock, everyone began to leave.

Lucia was definitely staying the last person left. Every colleague came to say goodbye to her before they left. The more cheerful ones would tell her how much they would miss her, and the more introverted ones would have the courage to come and say goodbye. With joy and surprise to the beginning of the farewell party, no one can not escape the last sorrow.

Slowly, the place became less and less crowded. Finally, it was quiet. Only Lucia and Nia, who was already drunk, were left.

Seeing that Nia was drunk, Lucia was a little touched. If she hadn't taken the drink for her just now, she would probably be the one slumped on the sofa right now. She didn't mind their identities, but went over there and picked Nia up,

"Nia, we should go back home."

"Go back?" Nia murmured in a daze, "I ask Lennie to pick me up..."

Lennie? When Lucia heard the name, she asked Nia, "Is that your boyfriend?"

"Yeah, I'll call him... right now..." as Nia spoke, she fumbled around beside her. Her bag was right beside her, but she couldn't find it,

"Strange... Where's my bag..."

Lucia didn't find it funny. She reached out to grab Nia's purse. Nia then fumbled for the phone and found it. However, as soon as she unlocked the phone, she couldn't help but feel nauseous and burp. Lucia quickly patted her back. After calming down a little, Nia leaned back on the sofa in agony. Lucia looked at her phone, thought for a moment, and then brought it over.

It looked like Nia can't make any phone calls. She can't keep her boyfriend worried.

Taking Nia's phone, Lucia opened the address book, found the number "Lennie", and dialed it.

After a few rings, the other party picked up the phone, and said in a deep magnetic voice, "Nia, is the farewell party over?"

Although the other side only said a sentence, Lucia had a strange feeling in her heart, because... .. His voice sounded familiar.

"Nia?" Lennie called again when no one answered.

Lucia hid the weirdness in her heart and said, "Hi, I'm Nia's boss, Lucia Webb. Are you her boyfriend, Lennie?"

"Lucia?!" Lennie's voice rose momentarily.

"You know me?" Lucia frowned. Why was Nia's boyfriend calling her by her first name?

After a silence, Lennie responded, but his voice changed, and it was not the same as before. And his tone changed as well. "I'm sorry, I heard Nia mention you before. She said you're a very good boss, but why do you have Nia's phone?"

Hearing a slight change in Lennie's voice, Lucia wondered if she was being too sensitive, then replied, "The farewell party is over, but Nia is a little drunk and is resting on the sofa. Did she say you would pick her up?"

"Is she drunk?" Lennie's tone seemed displeased, and Lucia felt uneasy again.

“Well, can you come and get her now?” Lucia asked.

Lennie hesitated for a moment before refusing. “I’m sorry, but I have something important to take care of right now. If it’s not too much trouble, can you take her home?”

Something important?

Lucia furrowed tightly. It wasn’t that she was in any real trouble, but it was past 11:00 at night. It was clear that Nia would be attending the farewell party but Lennie had something important to do. He didn’t even pick up his girlfriend when she was drunk?

Besides, Nia was already drunk. Who was gonna take care of her?

Lucia didn’t want to be evasive, but it was something Lennie should be doing.
