

She is a ceo Chapter 434

“Even if you like me, don’t be rude. Know it?” Lucia’s eyes were sharp. Her words were concise, and her tone was like scolding an ignorant little brother.

“Understood... I’m sorry.” Monty never imagined that Lucia would use force against him. He was both surprised and felt that she was very special.

“You can talk to Noah about the case. I’ll go first.” Seeing that Monty had already apologized, Lucia stood up and said goodbye.

“Wait,” Monty also stood up and hurriedly kept Lucia, “You just leave like this?”

“You and Noah just talked about almost the whole content. If there is no accident, you can sign the contract tomorrow. There is no need to say anything more now.” Lucia turned her head and said lightly.

“You’re so indifferent,” Monty said as though aggrieved, “You’re going to leave after we negotiate?”

“Or else?” Lucia felt a little unhappy in her heart, but she didn’t really hate Monty, so she was willing to continue talking to him.

Monty raised his hand and glanced at his watch, then said to Lucia, “Although it’s still early, afternoon tea is still available. I wonder if you’re willing to do me a favor.”

Lucia stared at Monty for a while. This young man was really special. If she said he had intentions, then his behavior was not scheming and his eyes were very clean. If she said he had no intentions, then he pestered her. For a while, she didn’t know how to deal with such a person.

“Is it alright?” Monty saw that Lucia seemed to be swayed, so he asked again, but he was soon disappointed.

“No, if we sign a contract tomorrow, the three of us will naturally have dinner together.” Lucia refused.

“But that’s work...” Monty said reluctantly.

“Not in private.” Lucia replied without hesitation, turned around and walked out of the office. Noah and his assistant were a little surprised to see Lucia coming out so soon. Just as he was about to say something, Lucia said they could go back to the company. Noah was more confused. Was this the end of the negotiation?

“Let’s start preparing for the tripartite contract when we go back.” Lucia said and knew the case was kind of successful.

“Okay, okay.” Noah replied in a daze, but didn’t dare to ask any more questions, and left with Lucia and his assistant.

In the office, Monty’s smile disappeared. He looked at the closed door for a while, then turned to the president’s lounge on the left and said,

“You can come out.”

As soon as he spoke, the door of the lounge was pushed open, and the person who came out was Nia’s boyfriend Lennie!

At this time, Lennie was displeased, and as soon as he came out, he said to Monty, “Monty, you’re full of guts?!”

Monty smiled and said nonchalantly, “Just shaking hands. Why are you so jealous?”

“If she really promised to have afternoon tea with you just now, don’t come back after you go out!” Lennie said coldly.

“Stingy!” Monty grimaced at Lennie, slammed himself into the sofa, looked up at the ceiling and said, “But Lucia is such a charming woman... did you hear how she fought me just now? The strength is really strong. It really hurts my hand, and ordinary women don’t have this strength.”

“Monty, if you dare to do something to her, let’s wait until you become a mature man.” Lennie sneered bluntly.

Monty smiled and shook his head again and again, “Even so, I would not dare to snatch her from you. What’s more, there are many people coveting this beauty besides you.”

Lennie scowled a little in an instant. He sat on the sofa without saying a word, and stared at the floor-to-ceiling windows in the distance, as if he was looking at something or a person through the glass.

Monty knew that Lennie was really in a bad mood, so he quickly restrained his cynicism and approached him and said, “Is it really good for us to do this? If it succeeds, the Webbex Group will be hit hard, and Lucia must be under pressure multiply.”

“As long as she’s willing to give up, I’ll do whatever I can to the end.” Lennie turned back. Her eyes filled with something called persistence.

“Hey...” Seeing Lennie being so determined, Monty shook his head and sighed, “If Lucia is placed in ancient times, she would be a disaster...”

Lennie glanced at Monty and then ignored him. Even if Lucia was a bad woman, he would occupy her and never let anyone else covet her!

At night, Lucia didn’t tell Arthur about Monty, but Arthur asked first instead,

“Lucia, I heard you visited a strange character this afternoon?”

Lucia was sipping coffee and stopped. She glanced at Arthur and murmured, “Noah told you?”

“He’s worried about you,” Arthur explained with a smile. He put his hand around Lucia’s shoulder and continued to ask her, “Who is that Monty?”

“The CEO of Luxwell Interment, the junior of MIT.” Lucia answered lightly.

“Luxwell?” Arthur quickly searched for the company’s information in his mind, but found that he didn’t recall much, but its name made him very mindful,

“Why does this company have the word ‘lu’ in its name?”

Lucia laughed immediately. Thinking that Arthur was being too cautious, she said, “It originally means light. It has a good meaning. It’s not strange to use it as a company name.”

“But its CEO is still your junior?” Arthur still thought it was too much of a coincidence.

“Isn’t he also your junior?” Lucia asked amusingly.

Arthur stared at Lucia’s grinning expression for a while, and gave her advice for the first time at work, “Lucia, I think it’s better not to cooperate with this company.”

“Why?” Lucia asked Arthur curiously.

“There is a bad feeling,” said Arthur.

This sentence immediately amused Lucia, and Arthur, who had always lived by reason, even believed in his intuition. She said indifferently,

“You think too much. Besides, the contract has been drawn up now, and it has been negotiated with Luxwell. The contract will be signed tomorrow.”

Arthur took Lucia into his arms and said reluctantly, “Should I praise you for your quick work, or should I blame you for acting too fast?”

Lucia laughed. After a while of teasing, she lay down on his lap, raised her hand to rub his cheek with her thumb, and said with a smile,

“Don’t worry. I don’t think that Monty has any intentions. Just met an alumni.”
