

She is a ceo Chapter 477

“Don’t ask me why I’m here!” Arthur snapped. “I just want to know why!”

Lucia turned her head to look at Spencer. When they looked at each other, there was intimacy, and Arthur felt himself like an outsider.

He never thought that Lucia would stand on the side of others and confront him...

The sense of inconsistency took his breath away, and if it wasn’t for the insistence on explaining why, Arthur would have turned his head and left.

“Lucia, we’ve been hiding it for too long. He’s found out anyway, so let’s just say it.” Spencer’s voice pierced Arthur’s eardrums like a sharp needle.

Lucia nodded slightly, pulled her collar up, took a slow step forward, facing Arthur. Spencer went around behind her and put his hands on her shoulders, as if giving her encouragement.

“Arthur Davies,” Lucia had already called Arthur’s full name. Her eyes gradually turned cold, and she said word by word,

“As you can see, I’ve been with Spencer for a long time.”

“The one you love is me!” Arthur let out a beast-like low voice unwillingly.

“The person I love has never been you!” As if her emotions were stirred up, Lucia’s voice was raised several times, and she said sharply,

“From the beginning, I’ve never loved you!”

Arthur was stunned by Lucia's words. There was only one sentence in his mind, "how could it be, how could it be..."

Eduard finally came to his senses. He heard Lucia's words too, but it was just as ridiculous in his ears. He saw Arthur was attacked, so mad that he was speechless for a moment, so he stood beside him and said,

"Lucia, are you being blackmailed by Spencer? Why would you say something like that? You can tell any lie, but a three-year-old kid wouldn't believe it if you don't love Arthur!"

Eduard accompanied Lucia through too many ups and downs, and these were almost all trapped for Arthur. She didn't love Arthur? Eduard just thought it was funny!

Lucia's eyes flashed, but it was only for a moment. Before she was noticed, she regained her composure and responded lightly,

"Eduard, I really think of you as a friend. You have helped me a lot, but today I am exposed by you, and I don't want to hide it anymore. It's really tiring to hide my thoughts. In fact, from the beginning, I just revenge Arthur."

"What nonsense are you talking about! What's your revenge on Arthur? Is it because of him and Juliana? But that's a misunderstanding." Eduard asked Lucia angrily.

"You haven't been clear of what I said. I said 'from the beginning'!" Lucia's eyes grew colder.

"Why?" Finally, Arthur said again, but there was no warmth in his voice anymore.

"Why?" Lucia sneered, and her eyes instantly met the coldness in Arthur's eyes. The two looked at each other, but they never saw the slightest warmth. She looked at Arthur and continued,

“Are you embarrassed enough to ask? Six years ago, I was co-set up by Jacob and Poppy and lost everything, but you are also an accomplice! It was true that you entered the room by accident that night, but you left after the event. Arthur! Is this your character?! If you were willing to stay and do me justice and prove that you and I didn’t know each other in the first place, it wouldn’t be what it is now!”

Hearing Lucia’s accusation, Arthur’s heart was filled with sorrow. So, did she still blame him?

Seemingly unhappy, Lucia’s eyes flashed with scorching hatred, and she continued to speak sharply,

“What’s even more ridiculous is that I was pregnant in the end! If I hadn’t been dragged down by the child, I could have gone back to China and reclaimed everything that belonged to me. It’s just that I couldn’t bear to hurt that little life. When I didn’t know your identity before, didn’t you ask me if I hate my child’s biological father? I’ll tell you the truth. I hate him! For five years, I took my child desperately to survive. Where were you at that time?! Have you fulfilled your responsibility as a father for a day? You’ve just experienced a love affair with a woman, and you’ve enjoyed a romantic affair. If other women were in bed that night, you would have enjoyed it as well, not because it was me!”

After expressing the resentment in her heart non-stop, Lucia gasped, and Spencer immediately patted her back gently and said softly,

“Lucia, don’t get excited. You should have told him these things a long time ago.”

Arthur was in the shock of learning the truth, but when he heard Spencer’s voice and saw him hugging Lucia intimately, jealousy instantly replaced the shock and made his senses return. He clenched his fists and asked unwillingly,

“If you always hate me, how can you be with me? You look at me with eyes full of love, and your tenderness to me is definitely not fake. I’m not a fool. I can tell the truth from the fake. Lucia, tell me. Did Spencer blackmail you into saying these things?!”

“That can only blame me for acting too real...” Lucia sneered and said to Arthur disdainfully,

“The moment I knew you are Teddy’s father, my hatred was rooted. But I know your background, you are the third son of Davies family. With the blessing of the entire Davonnis Corp empire behind you, even if I have the ability, I can’t attack you. Just when I was worried what to do, you actually took the initiative to show your love to me, and your mother came to my house to be a nanny, just to help me get close to you. I also noticed at that time to take revenge emotionally. It’s the best solution!”

“I don’t believe it!” Arthur growled.

“Don’t believe it?” Lucia’s raised eyebrows and grin contrasted sharply with Arthur’s fury. She lightly parted her red lips and turned to Eduard.

“Eduard, don’t you know? When I turned to Arthur for help in the CTD case, I knew that Jacob was responsible for it and I was going to have a showdown. I didn’t expect Nia to help me find out that JTP also planned to frame Davonnis Corp. I thought it was just right. This was the best time for me and Arthur to get in touch privately, so I made an appointment with him first, and he gave me clear advice.”

Eduard was speechless.

“Arthur, didn’t you suspect anything at the time?” After speaking to Eduard, Lucia turned her eyes back to Arthur and said,

“I can obviously ask you out in the name of the company to the company, but I chose to meet you privately, just to make you abandon the stereotype of official business and simply leave an impression on me. Step by step, you really love me deeply. If I didn’t meet Spencer later, and fall fell in love with him, you would still be kept in the dark.”
