

She is a ceo Chapter 91

“Don’t leave if you don’t say it here!” Lucia’s judo practice was not in vain, and it was easy to control Jacob, even if she was wearing a dress with limited mobility.

As a man, he couldn’t get rid of Lucia after several withdrawals. Jacob felt that he had lost his face, and his tone became worse,

“Lucia, don’t go too far. Yes, the last time I asked you out was to make those news, but so what?! Do you still expect me to ask you out for love? Your mother’s relic is in my hand. You can only listen to me if you want to take it back! No matter what my purpose is!”

It turned out that Lucia controlled Jacob because of the seduction of her ex-husband that broke out after she met Jacob more than a month ago. Originally, Lucia didn’t think that Jacob would not harm her when he asked her out, but the last incident indirectly led to Arthur’s car accident. Lucia was mad. Because she didn’t have the opportunity to question Jacob alone, she just followed Jacob after she happened to see Jacob walking into the garden alone.

“When I made this agreement, I also made a contract with you, but Arthur was injured because of it. Jacob, don’t try to get rid of it!” Lucia was angry at Jacob’s shamelessness and snapped,

“So you did it for him...” Jacob looked down, finally knowing why Lucia’s reaction was so intense. He said jealously, “It seems that you have a lot of affection for him.”

“That’s none of your business!” Lucia said coldly.

“It’s none of my business?” Jacob sneered and said, “Lucia, you and I are enemies. You oppose me. Can Arthur stay out of it? As long as he gets involved, it will inevitably be affected one day. This injury is the best proof. Don’t overestimate yourself. What qualifications do you have to order me to be responsible for this? You should be responsible! Lucia!”

“Jacob, it seems that I underestimated your shamelessness before.” Lucia was so angry that she calmed down. She let go of Jacob’s arm, knowing that it would be useless to say more. How can she tell him that he had turned right and wrong?

“Hmm,” Jacob said, shaking his arm free, “Lucia, if you didn’t come back and covet JTP Group, nothing would happen!”

Lucia glared at Jacob. Her pair of bright eyes rolled with anger, and she said coldly, “Jacob, don’t forget that JTP Group was formerly the Webbex Group. The place you occupy every day is my home. How did you get to where you are today? Yes, I know it in my heart! Today I also officially tell you that as long as I, Lucia, are alive for one day, you will not want to rest easy!”

As soon as she said these words, it meant that Lucia officially declared war on Jacob. She had to break the previous passives one by one!

Jacob thought that it was not good. He wanted to intimidate Lucia, but he never thought of angering her, not to mention that he still had feelings for her. Now this situation was not good for him.

Leaving the challenge, Lucia didn’t want to say a word to Jacob. She turned away without any hesitation, but was soon stopped again.

“Lucia, have you ever thought that there is another peaceful solution to this matter?”

The remark made Lucia turn around, and she wanted to hear what Jacob said about the method, although she could almost guess that the method must be sneering.

“Wouldn’t it be nice to come back to me? I could drop Poppy so that Webbex Group would be back in your hands and you could go home too?”

Jacob was eager to ease the conflict just now, saying this without thinking twice at all.

Lucia secretly smiled under the moonlight. There was infinite hatred and anger in this smile. She replied lightly, "Jacob, I think I can pretend I have never heard this."

After speaking, Lucia left.

Looking at Lucia's back, Jacob realized that he had revealed his intentions.

Well, since it can't be resolved, let's wait and see!

Under the moonlight, two hostile people left in opposite directions.

Before entering the banquet hall, Lucia calmed down, and just walked in and met Arthur and Juliana.

"Lucia, it's so cold outside. What are you doing out there?" Arthur greeted Lucia as soon as he saw her, complaining a few words to her.

Just now Juliana came over and told him that she seemed to see Lucia walking into the garden alone, so he hurried over to check the situation.

"It's alright. I just drank some wine and wanted to calm down." Lucia had a smile to reassure Arthur. Her agreement with Jacob couldn't be known by him, so she could only lie and hide it.

Juliana sneered in her heart after hearing this, and asked deliberately, "Are you alone?"

Lucia nodded and agreed, not knowing that Juliana had already equated her with a coquettish bitch in her heart.

“Don’t do this in the future. It’s easy to catch a cold.” Arthur rubbed Lucia’s hand and warned softly.

“Okay, not next time.” Arthur’s words calmed Lucia’s mood completely, and she responded warmly.

Juliana on the side looked at the two, and the light in her eyes became colder and colder.

After that, Juliana stayed in Arthur’s villa. Arthur was busy with business and had very little time to spend with her. Juliana could only ask Kane to accompany her when she was bored.

Three days later, Juliana replied to Poppy that she was willing to help her, but the premise was that she would never do anything that violated the law. Poppy nodded and agreed, thinking about how to use Juliana as a chess piece. Juliana became Poppy’s plant agent next to Lucia, and she would regularly inform Poppy of her whereabouts.

Although Arthur and Lucia were busy, they still made time to spend with Juliana. Gradually, Lucia became sensitively aware that Juliana seemed a little hostile to her.

Whether a person was sincere to her, her eyes cannot lie. Lucia always felt, out of Arthur’s sight, Juliana saw her with indescribable contempt. Lucia was a smart woman, and generous. she had never mentioned this to Arthur just to treat Juliana more sincerely, hoping to get rid of her resentment, but she didn’t expect her actions to be flattering in her eyes.

This afternoon, because Arthur suddenly had to go back to the company to deal with something, originally the three participated in the exhibition of a famous painter, and only Lucia and Juliana were left. Lucia also had a certain understanding of painting, so she enthusiastically discussed with Juliana. One of the paintings, but the next second, she suddenly heard Juliana say,

“Don’t pretend to understand, okay?”
