

She is a ceo Chapter 99

With an arrogant attitude like a queen, Poppy paced step by step to the unconscious Lucia. She looked down at her condescendingly, and sneered,

“Lucia, you really don’t have a long memory. You fell into my hands again!”

Of course, what Poppy gave Lucia couldn’t be just an anesthetic. It was a new type of hallucinogen. Ordinary people just took a sip of it and would have weakness of limbs and lose consciousness. All Poppy had to do was give Lucia more doses. Otherwise how would the show be good that was going to start?

Taking out the hallucinogen from the bag, Poppy grabbed Lucia’s cheeks rudely. She didn’t even need any water, and poured the hallucinogen into her mouth. Lucia, who was in a coma, was forcibly stuffed with the drug into her mouth. Immediately and subconsciously, she started to swallow, and the hallucinogen entered her throat.

“Eat it, eat it, eat it all in,” Poppy stared at Lucia with a sneer, watching Lucia swallow the hallucinogen.

After force-feeding a large dose of hallucinogen, Poppy once again determined that Lucia had been poisoned before turning away coldly, waiting for her own victory.

It was said that to pursue a narrow gain while neglecting a greater danger. Poppy didn’t know that after she left, someone else walked into the room, and also had the door card of this room.

At this time, in the banquet hall, Juliana found Eduard in a panic, and told him that Lucia suddenly felt unwell. And then she helped her check in to rest and needed his help.

Eduard was naturally anxious when he heard the news, and followed Juliana out of the venue without thinking too much. However, when the two arrived at the room and when they opened the door, they saw only an empty room.

“Miss Knight, are you sure this is the room? Where’s Lucia?” Eduard turned to Juliana with a puzzled look.

Juliana was even more puzzled than Eduard. She went to the door to check the room number, and even went to the bed to check the water stains. It was indeed this room, but what about Lucia?!

“Miss Knight, what’s going on?” Eduard asked again anxiously.

“I don’t know either,” Juliana was also at a loss now, “I clearly placed Lucia in this room just now. How come no one is there now?”

After all, Eduard was calmer than Juliana. He took out his mobile phone and hurriedly dialed Lucia’s number, but the response he got was a cold artificial voice, “The user you dialed has been turned off...”

“Lucia’s phone is off...” Eduard hung up the phone, telling Juliana the news worriedly.

By this time, Juliana was dazed.

The two quickly negotiated. Maybe Lucia would go home after her condition improved. Eduard proposed to go to Lucia’s house to make sure about that. However, Juliana had her own secrets, so she made an excuse that she wanted to stay in the banquet hall and look for her. So she let Eduard leave first.

As soon as Eduard left, Juliana immediately found Poppy who was hiding in the hotel.

“Miss Powell, did you take Lucia with you?” Juliana asked Poppy suspiciously.

“How is that possible!” Poppy immediately denied, “I waited on the balcony in the corridor after you left just now. I didn’t get close to Lucia at all, so how could I take her away? Besides, this is completely the opposite as my original intention.”

At this time, Poppy was furious. She endured her temper to please Juliana, and finally made her agree to cooperate with her. Today, she succeeded in fascinating Lucia. The scandal six years ago was about to be repeated. Who was it? Taking Lucia away at such a critical time?!

“Could it be that Arthur came back and took Lucia?!” Poppy asked, feeling puzzled.

“Impossible, Arthur will definitely contact us immediately when he arrives. I just received his message when I went downstairs, and he just got off the plane. I didn’t know about Lucia’s disappearance yet.” Juliana frowned and replied.

“It’s so weird...” Poppy was completely clueless now.

“Forget it, it’s all a set-up anyway. I’ll slowly find evidence to make Arthur sober. This time it’s over.” Juliana was still a little worried about Lucia, who was missing. She wanted Arthur to recognize her, the true face of her, but she didn’t want to let her have an accident.

“How can that be done!” Poppy immediately retorted excitedly when she heard this. Seeing Juliana frowning more and more and staring at her, she noticed the gaffe and hurriedly replied,

“It’s a pity that this matter is over. We have been planning so hard for so long, so let’s ask Kane accompany you to continue looking for Lucia. After finding her, I will talk about it later. She should not be able to go very far alone with her current condition. .”

Hearing that Poppy mentioned Kane, Juliana immediately felt relieved a lot and nodded in agreement, so Poppy immediately contacted Kane and asked him to come over. After the two got together to find Lucia, Poppy had a new plan.

Juliana didn't know what was going on, but she knew it well that it was absolutely impossible for Lucia to leave the room alone after taking so many psychedelic drugs. It can even be said that she can't move at all now. She can only be taken away because she was not in the room. The plan for her to have sex with Eduard was no longer viable.

But how could Poppy be willing to design for so long for nothing, so...she wanted to do something to Juliana.

Didn't Arthur let Lucia take good care of Juliana? If Juliana...

As soon as she had the idea, Poppy dispelled her previous worries and took out her mobile phone to send a message to Kane.

After texting Kane about her new plan, Poppy faced backlash from Kane for the first time.

"Impossible! Poppy, I will never do this for you!" Kane messaged back.

"Kane, don't hold me back in a pinch." Poppy sent the message.

"Am I holding you back?! Poppy, you're going too far this time! Juliana is innocent!" Kane replied the message immediately.

"I'm going too far?! Kane, do you know Lucia has disappeared and was taken away by someone. We don't know if she wakes up and remembers what happened before, then we will all be responsible. Everything I have now will all be disappeared. Kane, are you going to watch me fall into a doom?!" Poppy texted threateningly and pleadingly.

"But Juliana is innocent!" Kane's attitude towards the matter was evident in his text messages.

“Kane, no one is innocent, not from the beginning. You promise to help me this time, the last time, okay?” Poppy had changed her attitude, which was completely pleading.
