

She Shocks The Whole World After Retirement –

Chapter 1111 – 1120

Divine Tiger Mountain Is the Birthplace of Divine Masters!

1111 Divine Tiger Mountain Is the Birthplace of Divine Masters!

Yu Huang and the others couldn't see through their cultivation levels, but Sheng Xiao could.

Sheng Xiao told Yu Huang and the others softly, "Four Grand Masters and one Prime Master." His gaze landed on the woman in the red suit as he said, "That female cultivator is a Prime Master."

Yu Huang looked at the woman and discovered that it was a female cultivator with a head of white hair.

This woman looked mean and difficult to get along with.

As expected, the moment the woman spoke, her tone was filled with mockery and aggressiveness. "Jun Qing, is this the ascendant you tried so hard to rope in?" The woman sneered and said in a derisive tone, "He shattered the Divine Tiger Mountain the moment he arrived. He's indeed quite extraordinary!"

Jun Qing sat on the gravel dejectedly and didn't retort after being mocked by the woman in red.

Yu Huang couldn't help but glare at Sheng Xiao as she scolded him softly, "Why did you cut down this mountain?"

Sheng Xiao blinked. "I was possessed."

As if Yu Huang would believe him.

Yu Huang sighed as she walked in front of the woman in red. Then, she bent down and bowed to her before straightening her back and asking respectfully, "Senior, we've just arrived in the Central Continent and don't know much about the history of the Divine Tiger Mountain. Could it be that this mountain has some special meaning? Did we cause big trouble?"

“Trouble?” The woman in red looked at Yu Huang coldly as she said, “I think you’re a group of scourges!”

Yu Huang remained silent after being insulted by the woman.

However, when Donor saw that this woman had insulted Yu Huang, he was instantly enraged and was about to go forward to protect Yu Huang. At this moment, Yin Rong, Feng Yuncheng, and the others reached out in time to grab Donor. Feng Yuncheng warned Donor in a low voice, “Calm down, don’t act rashly! This is not the Holy Spirit Continent.”

This was the Central Continent of the Cang Lang Continent. Regardless of whether they were a prince or princess or a young master in the Holy Spirit Continent, they had to endure it here.

Donor took a deep breath and held it in.

The woman in red glanced at Donor and the others disdainfully. Seeing that they still knew how to tuck their tails between their legs, she sneered. “Do you guys know who the owner of the crystal mine on Five Lake Street is?”

Yu Huang looked at Jun Qing thoughtfully and replied hesitantly, “Could it be the mayor?”

“Him?” The woman in red’s face was filled with disdain as she mocked, “He doesn’t have that sort of ability.”

“Then…” Yu Huang was about to ask in detail when she heard the woman in red say, “It’s the War God Clan!”

Yu Huang and the others immediately widened their eyes in shock.

War God Clan?

Yu Huang was puzzled. “The War God Clan is thousands of miles away from the Central Continent. How can they be the boss of the crystal mine on Five Lakes Street?”

“As the only ancient clan in the Cang Lang Continent that has existed since ancient times, the War God Clan is very powerful. What’s so strange about the Central Continent having the War God Clan’s businesses?” The woman in red was clearly fascinated with the War God Clan. When she mentioned the War God Clan, her eyes were filled with reverence.

However, Yu Huang couldn’t stand her attitude.

If she was too respectful, she would just be a bootlicker.

The woman in red looked at Yu Huang with disdain, as if she was looking at a country bumpkin. She asked, "Do you know why although the Central Continent Beast Tamers are so weak, the Central Continent has never been invaded or annexed by other continents?"

After thinking for a while, Yu Huang immediately understood and said, "Could it be that she received the protection of the War God Clan?"

"Hmph, you're quite smart." These words were an admission of the War God Clan's relationship with the Central Continent.

"A thousand years ago, the Central Continent was almost invaded by the other seven continents. In the end, it was the War God Clan who successfully resolved that crisis. In order to thank the War God Clan for their help, the Central Continent gave the mining rights of the Five Lakes Street Crystal Mine to the War God Clan forever. With the War God Clan's important industry in the Ice River City, the other continents don't dare to have any designs on the Central Continent."

On the Cang Lang Continent, anyone who was related to the War God Clan, be it people or places, wouldn't be bullied that easily.

This was the status of the War God Clan in the Cang Lang Continent.

It was unshakable and admired.

After hearing so much, Yu Huang still didn't hear the woman in red mention the unique meaning of the Divine Tiger Mountain, so she couldn't help but ask, "But the Divine Tiger Mountain doesn't belong to the crystal mine, so why would the destruction of the Divine Tiger Mountain anger the War God Clan?"

"That's because..." The woman in red was about to elaborate when she finally saw Jun Qing stand up.

Jun Qing said, "You don't know, but what connects the Central Continent and the War God Clan the most is not the crystal mine on Five Lake Street, but... the Divine Tiger Mountain under your feet."

When they heard this, the expressions of Yu Huang and the others instantly became serious.

Sheng Xiao realized the seriousness of the problem and quickly asked, "What is the bond between them?"

Jun Qing looked at the culprit, Sheng Xiao, angrily and when he spoke, even his tone was a little harsh. "What relationship? In ancient times, the ancestor of the War God Clan had a breakthrough in the Divine Tiger Mountain and became a Divine Master!"

“Do you know why this mountain is called the Divine Tiger Mountain?” Jun Qing pointed above his head and gritted his teeth as he said, “That’s because this mountain gave birth to a Divine Tiger Divine Master!”

“Tell me, if you slash the place where the ancestor of the War God Clan became a Divine Master, will the War God Clan let you off? Of all the mountains you can slash, why did you slash the Divine Tiger Mountain? Why didn’t you slash your own head?!” Jun Qing, who had treated Sheng Xiao like a hotshot this morning, turned hostile.

Hearing this, Donor and the others immediately felt their vision go dark and their legs go weak.

“Senior Sheng...” Feng Yuncheng said to Sheng Xiao sympathetically, “Your actions are similar to striking the ancestral grave of the War God Clan.” It’s no wonder that the woman in red was furious. ”

After figuring out how important the Divine Tiger Mountain was, Sheng Xiao knew that he had gotten into big trouble. He didn’t dare to speak anymore.

The more he said, the more trouble he would cause.

“Sigh!” Jun Qing held his forehead with his hand and lamented, “How am I going to explain this to the War God Clan?”

Although the Divine Tiger Mountain had long lost all its spiritual power and had become a barren mountain, it was still the place where the ancestor of the War God Clan had become a Divine Master. To the War God Clan, the Divine Tiger Mountain was their spiritual sustenance.

The Divine Tiger Mountain could be abandoned, but it couldn’t be destroyed.

A thousand years ago, the reason the War God Clan was willing to resolve the crisis of the destruction of the Central Continent was entirely because of the Divine Tiger Mountain. Now that the Divine Tiger Mountain was destroyed, how were they going to explain themselves if the War God Clan pursued the matter?

It was said that the current Patriarch of the War God Clan wasn’t a good-tempered person. If he really wanted to pursue the matter, the entire Central Continent would probably be implicated.

1112 No One Is To Take Sheng Xiao Away!

If the Central Continent's relationship with the War God Clan soured, there was no need for the War God Clan to personally fight. The other continents, which had long coveted the Central Continent, would definitely launch an annexation war against the Central Continent immediately.

At that time, the Central Continent would be at their mercy.

After all, in front of true powerhouses, any technological weapon was useless.

At the thought of this, Jun Qing felt vexed.

He regretted recruiting Sheng Xiao and the others.

She thought that roping in Sheng Xiao and the others would bring hope and change to the Central Continent. He didn't expect them to be seven troublemakers!

On the first day they joined the Central Continent, he caused a huge disaster.

What they brought to the Central Continent wasn't hope, but despair!

Seeing that Jun Qing was fretting because of this, Sheng Xiao, the culprit, wouldn't shirk responsibility.

He wasn't the kind of person who would shirk responsibility.

Sheng Xiao walked to Yu Huang and the others. Then, he cupped his fists and said to Jun Qing, "I'm sorry. This happened because of me, so I will bear the responsibility. I won't let the War God Clan punish the entire Central Continent because of my mistake."

Sheng Xiao had been brought up well. He wouldn't allow himself to be a coward who ran away after making a mistake.

He had destroyed the Divine Tiger Mountain, so he had to pay the price for his crimes. He couldn't implicate the entire Central Continent.

One had to know that there were billions of humans in the Central Continent.

The woman in red seemed to have heard something ridiculous and funny. She started mocking Sheng Xiao mercilessly.

"Take responsibility? Heh! What responsibility can you take? If the War God Clan abandons the Central Continent because of the destruction of the Divine Tiger Mountain, then the Central Continent will become the target of the other continents! If the Central Continent is in danger of destruction, what can you do then? Little bastard, a billion people of the Central Continent will die because of you!"

Sheng Xiao lowered his head even more.

“Unless you can become more powerful than Prime Emperor Jiuxiao and become an existence respected by the entire Cang Lang Continent, you can’t do anything! But…” She looked at Sheng Xiao in disdain and asked him, “Can you?”

Sheng Xiao knew that he was in the wrong, so no matter how angry he was, he could only hold it in.

He couldn’t flare up.

At least, at this moment, he didn’t have the confidence to boast.

Seeing that Sheng Xiao was silent, the woman in red sneered again. Then, she turned around and said to Jun Qing, “Jun Qing, the Divine Tiger Mountain was destroyed by this kid. Don’t dwell on it anymore. Just send this kid to the War God Clan and let Prime Emperor Jiuxiao do whatever he wants!”

“Prime Emperor Jiuxiao has a noble status, so I don’t think he will vent his anger on the Central Continent after understanding the cause and effect of the matter.”

After she finished speaking, the red-robed woman saw that Jun Qing was frowning and didn’t seem to agree with her suggestion. She said in anger, “Jun Qing, what are you hesitating for?!” When the red-robed woman looked at Yu Huang and the others, her eyes were filled with disdain and indifference as she said coldly, “They’re just a group of ascenders from a peripheral world. Even if we kill them all, no one will come to settle scores!”

“To be able to send them here is probably the limit of their small and lousy world.”

In the eyes of the woman in red, Yu Huang and the others, who had no background, were like wild dogs that had grown up in the countryside.

Even if you killed a wild dog, skinned it, and stewed it, no one would pursue the matter.

Hearing the woman in red’s words, Yu Huang was enraged.

At this moment, Yu Huang suddenly recalled the Grand State Master, Dean Di, and the others’ worries back then—

Ascendants without a background had no human rights in the Great World.

Without another word, Yu Huang suddenly pulled out the Aofeng Longbow on her back and stood in front of Sheng Xiao without hesitation.

Yu Huang condensed her spiritual power into a long arrow and aimed it at the woman in red. Then, she roared, "I'll see who dares to take him away!" Yu Huang stood in front of Sheng Xiao protectively despite her petite figure.

As Sheng Xiao looked down at the beautiful figure in front of him, he closed his eyes and called out to Yu Fen, but what he blurted out was—

"Wu Huang."

Wu Huang!

Upon hearing this address, Yu Huang suddenly felt a sharp pain in her head.

In an instant, she seemed to have traveled through time and arrived at a red base. Countless subjects gathered under a fiery red tree. They kowtowed with every step as they shouted, "Wu Huang."

However, before Yu Huang could investigate which era this scene had happened in, she heard the woman in red sneer and say, "You think a mere Supreme Master can stop me?"

Upon hearing this, Donor and the others suddenly ran out from behind Sheng Xiao.

The five of them stood side by side with Yu Huang as they released their beast forms at the same time and summoned their weapons immediately. They stared at the woman in red as they said coldly, "No one is allowed to take Sheng Xiao away! If you want to take him away, you must step over our corpses first!"

They were wild dogs from the countryside.

But they were not a single wild dog, but a group!

"Hahaha!" The woman in red laughed mockingly. Then, she turned around and said to the four Grand Masters standing behind her, "Do you guys see this?! This is what country bumpkins from a peripheral world are like. A group of Beast Tamers with the cultivation of Supreme Masters actually dare to challenge a Prime Master!"

The four Grand Masters behind her laughed.

"Since you guys don't know your place, I'll let you guys pay the price for being ignorant and disobeying the strong!" With that, the woman in red threw her right arm down angrily, and a red capture gun appeared above her head.

She had awakened a pure weapon battle beast form—

Blood Crossbow Gun!

When he saw that the woman in red was about to deal with Yu Huang and the others, Jun Qing's expression suddenly changed. He hurriedly shouted, "Prime Master Jiang Yao, don't be rash!"

Prime Master Jiang Yao heard Jun Qing's words, but she had no intention of stopping. She held the Blood Crossbow Gun above her head with her right hand and pulled the trigger without even using any cultivation technique.

The moment she pulled the trigger, all the spiritual power in Five Lake Street instantly gathered towards her and poured into the Blood Crossbow Gun. The muzzle of the Blood Crossbow Gun opened, and a bullet flew out towards Yu Huang and the others!

The bullet looked to be the size of a fist, but it contained five pounds worth of destructive power.

As a Prime Master, Prime Master Jiang Yao didn't need to use any cultivation techniques. She could easily defeat them with just pure spiritual power attacks.

At the same time, Yu Huang and the others already prepared for battle also unleashed their strongest moves.

Donor and Estelle cut their fingers immediately and summoned angels and demons with their golden bloodlines. Then, the two of them quickly moved their weapons closer. When the Light Sword and the Demon Scythe approached each other, they instantly fused.

"When the gods and demons meet, the world will become one!"

1113 Wild Dogs Dare to Fight a Fierce Tiger

Upon hearing the order, the angels and demons above their heads also turned around. They opened their arms and hugged each other while fusing with each other's bodies. In the end, the two of them actually evolved into a double-faced elf in a black and white robe.

After the demon raised the scythe in his hand, the black fog released by the blade actually formed a black barrier to stop the red bullet. At this moment, the angel pressed his index finger, and a golden beam of light was injected into the black barrier.

Light and darkness quickly intertwined to form an indestructible barrier wall. It actually stopped the bullet and successfully prevented it from continuing to attack.

A look of surprise flashed across Prime Master Jiang Yao's eyes.

These two Supreme Masters actually fused to block her attack?

Were Supreme Masters so powerful nowadays?

At this moment, Beatrice successfully activated the first move of the Divine Pagoda—
Nine-Layered Divine Pagoda!

It was the Nine-Layered Divine Pagoda.

Beatrice threw the Nine-Layered Divine Pagoda at the barrier wall with a fierce expression!

The Nine-Layered Divine Pagoda had a total of nine spiritual energies. When these nine spiritual energies fused into the barrier wall, the barrier wall actually took the initiative to counterattack against Prime Master Jiang Yao's spiritual energy bullet.

At this moment, Yin Rong rode on the three-eyed unicorn and released her spatial condensation power at the bullet. Under her control, the speed at which the bullet released its attack energy slowed down. In the confrontation with Beatrice and the others, the bullet was actually at a disadvantage.

Seeing this, Prime Master Jiang Yao had a bad feeling.

Could these guys really successfully disintegrate her spiritual attack?

This was impossible!

She was a Prime Master!

At this moment, Yu Huang took advantage of the opportunity to carry the longbow on her back and flew up. Her right hand clenched hard in the void, and an illusory hammer weapon appeared in her palm! That weapon seemed to contain endless energy fluctuations.

When she sensed the energy in the hammer, Prime Master Jiang Yao's pupils dilated as she cried out, "This is actually... a cultivation technique true god!"

This little girl was so young, but she actually comprehended a cultivation technique true god!

How... how was this possible?!

As Yu Huang held the illusory hammer with one hand, true phoenix patterns appeared on her right arm. Waves of Purifying Evil Phoenix Flame burned along the patterns and traveled all the way to the hammer.

“Cloud Tearing Hammer!” Yu Huang smashed the hammer down forcefully!

Boom!

Her hammer smashed onto the spiritual energy bullet fiercely and mercilessly. The bullet immediately trembled, and a painful buzzing sounded.

“Prime Master Jiang Yao’s spiritual energy bullet can’t hold on anymore!” Seeing that the energy light on Prime Master Jiang Yao’s spiritual energy bullet had dimmed a lot, the four Grand Master powerhouses standing behind her were shocked.

Bang!

Bang!

In one go, Yu Huang relied on her powerful willpower to swing her hammer at the spiritual energy bullet seven times. At that time, her spiritual energy was almost exhausted, and Yin Rong’s spatial freezing power was also at its limit.

Under their combined attack, Prime Master Jiang Yao’s spiritual power bullet, which was originally the size of a fist, had actually shrunk to the size of a peanut.

Prime Master Jiang Yao’s expression turned ugly.

She had thought that as a Prime Master, she didn’t need to use a cultivation technique to defeat this group of little fellows and that just a spiritual attack was enough.

Unexpectedly, they successfully resolved this wave of attacks.

Fortunately, her spiritual energy bullet was still intact. Its energy was much weaker, but it didn’t disintegrate.

Jiang Yao was about to heave a sigh of relief when she saw the handsome and fair man in Yu Huang’s team suddenly raise the broken fishing net in his hand and jump towards her spiritual energy bullet.

At this moment, Feng Yuncheng was filled with a murderous aura.

He raised the broken fishing net in his hand with an impassive expression and scooped the spiritual energy bullet into the net. Instantly, a powerful killing intent appeared in the fishing net.

Countless invisible killing auras attacked the bullets at the same time. It only took three to four seconds to completely crush the bullet!

Seeing that her spiritual attack had been completely defused by Yu Huang and the others, Prime Master Jiang Yao's eyes widened in disbelief.

"That's impossible!"

Prime Master Jiang Yao couldn't believe it!

They were only six Supreme Masters! How could they defuse the Prime Master's attack?!

How could mere wild dogs be worthy of fighting a ferocious tiger?

Behind Prime Master Jiang Yao, the four Grand Master experts were surprised that Yu Huang and the others had defused Prime Master Jiang Yao's attack. When Jun Qing saw this scene, his eyes lit up.

This group of little fellows was indeed capable!

To be able to resolve the spiritual attack of a Prime Master with the cultivation of a Supreme Master, if this matter were to spread, it would definitely shock everyone.

"Hmph!" Prime Master Jiang Yao felt ashamed.

In order to save face, Jiang Yao decided to use her cultivation technique to kill Yu Huang and the others in one move!

"Little bastards, do you really think that a Prime Master is so easy to defeat?! Since you're all unconvinced, I'll let you guys understand what the power of a Prime Master is!" After saying that, Jiang Yao's mind flashed, and the Blood Crossbow Gun turned into a red battle axe.

Prime Master Jiang Yao held the battle axe in her hand and charged into the sky.

She waved her battle axe, stirring up a strong wind that instantly sent the gravel on the ground flying. The gravel gathered in the air and turned into a thousand-meter-tall stone giant. Prime Master Jiang Yao stood on the stone giant as she rushed towards Yu Huang and the others.

The giant traveled a hundred meters with each step. In the blink of an eye, it arrived in front of Yu Huang and the others.

Prime Master Jiang Yao stared at the little fellows below and roared angrily, "Break the galaxy!" The stone giant raised its right leg to crush Yu Huang and the others.

Yu Huang and the others raised their heads to look at the giant foot that descended from the sky. They felt terrified and subconsciously wanted to resist. However, at this

moment, a powerful Prime Master pressure was released from Jiang Yao's body and completely suppressed Yu Huang and the others.

For a moment, Yu Huang and the others lost their mobility.

They stood on the spot like wooden figures and waited for death.

Was this the true power of a Prime Master?

Noticing that Yu Huang and the others had lost their mobility, Sheng Xiao realized that the seven of them might die at the hands of Prime Master Jiang Yao today.

How could he be willing to accept this?!

Sheng Xiao frowned. Then, his skin suddenly turned red and hot as a black dragon horn emerged from between his eyebrows. At the same time, bloody wounds appeared on his neck while black dragon scales emerged from his mouth. In an instant, Sheng Xiao was covered in dragon scales.

Sheng Xiao was about to merge with his beast form and fight to the death with Prime Master Jiang Yao.

However, at this moment, a change happened—

A breeze with countless pink petals blew over.

The petals stopped above Yu Huang and the others' heads. As they spun and fluttered, they actually released a spiritual pressure that was even stronger than Prime Master Jiang Yao's. Under this energy, the giant's leg slowed down.

The petals quickly gathered and condensed into the figure of a charming woman.

The woman was wearing a pink tube dress. Her wavy hair was coiled behind her head, and there was a gorgeous and graceful pink peony flower on the side of her head.

Upon seeing the woman's appearance, Yu Huang and the others immediately exclaimed, "It's Madam Brulee!"

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

1114 It's None of War God Clan's Business!

Madam Brulee was also a Beast Tamer!

That made sense. Madam Brulee had accompanied Jun Qing for two hundred years, so she probably wasn't an ordinary person. However, the strange thing was that Yu Huang and the others had never sensed any spiritual power fluctuations from Madam Brulee.

Despite Madam Brulee being a Beast Tamer, there were no obvious spiritual energy fluctuations on Madam Brulee's body, so there was only one possibility—

She was a Prime Emperor powerhouse, whose cultivation level was closest to that of a Divine Master!

Jun Qing relaxed when he saw that Madam Brulee had arrived in time. "Madam, the Divine Tiger Mountain has been destroyed, but Sheng Xiao is a citizen of the Central Continent. As the mayor, I will never hand my people over to the War God Clan to deal with. I hope you can understand."

Nodding at Jun Qing, Madam Brulee said, "Of course I understand. Since ancient times, only the defeated will take the initiative to surrender and hand over the hostage. Since Sheng Xiao has entered the Central Continent, he is a citizen of the Central Continent. As the leader of the Central Continent Government, it is your duty and mission to protect your people. I understand."

With that, Madam Brulee raised her slender arms and bent her slender fingers elegantly as she quickly formed a seal with her fingers, and her soft fingers finally froze in the form of a blooming peony flower. Then, an incomparably powerful spiritual power rushed towards the giant's foot through her slender index finger.

The area of the giant's feet was ten square meters wide. How big was Madam Brulee's hand?

Could she really withstand Prime Master Jiang Yao's attack?

However, it was precisely such a pair of slender hands that successfully blocked the giant's huge foot and quickly counterattacked!

Madam Brulee's slender fingers suddenly transformed into ten slender white vines that wrapped around the giant's thighs and entire body. The giant was wrapped like a huge dumpling.

The white vines clung to the giant's body tightly, and pink petals suddenly bloomed on the bare vines. Then, the petals quickly withered and formed black fruits.

Madam Brulee opened her mouth and said coldly—

"Explode!"

The next moment, the thousands of fruits on the vine exploded in unison!

Thud! Thud! Thud!

The deafening explosions came one after another, shaking the entire Ice River City.

The thousand-meter-tall building was blasted into oblivion by Madam Brulee!

Madam Brulee destroyed her stone giant so easily, but she didn't even use her weapon. Prime Master Jiang Yao was shocked by Madam Brulee's strength.

In the next second, Madam Brulee suddenly turned into a pink light and appeared in front of Prime Master Jiang Yao in an instant. Then, she questioned her coldly, "Didn't you hear my husband telling you to stop? Or..." Madam Brulee narrowed her eyes and suddenly extended her right arm. Before everyone could see her actions clearly, in the next second, Prime Master Jiang Yao's right wrist was held tightly in Madam Brulee's palm. "Do you not want your hand anymore?"

Jiang Yao was shocked when she saw Madam Brulee grab her hand so easily.

Staring into Madam Brulee's cold eyes, Jiang Yao knew that Madam Brulee really planned to destroy her hand just to avenge her useless husband. "Dongfang Brulee, I'm a Prime Master! Jun Qing is just a Master. How dare you try to kill me for his sake?! If you mess around like this, the Beast Tamer Alliance will hold you accountable!"

"Hold me accountable?" Madam Brulee covered her mouth and chuckled as she said meaningfully, "Prime Master Jiang Yao, ten years ago, you barged into the Central Continent's territory with injuries all over your body. You took the initiative to join the Central Continent and become a citizen of the Central Continent to obtain the protection of the Central Continent. Do you really think we don't know the real reason why you hid in the Central Continent?"

Prime Master Jiang Yao's expression instantly became nervous, but she tried to calm down as she asked Madam Brulee, "What could I have possibly done? Don't slander me without any evidence!"

"You don't know?" Madam Brulee stared at Prime Master Jiang Yao's hands and thighs with a sneer. "You had an affair with someone else's husband for thirty years. Then, you were discovered by the other party's wife and chased to the point where you had nowhere to escape. That's why you hid in the Central Continent. Do you really not remember such a big scandal?"

When she heard this, Prime Master Jiang Yao's face turned pale.

She didn't expect Madam Brulee to be able to find out about her past from several continents away.

This woman was indeed not to be trifled with.

“If I remember correctly, that woman is the only daughter of the President of the Beast Tamer Alliance. In that case, if I kill you, I’ll be helping the President get revenge. Do you think he’ll hold me accountable, or will he pull out your tendons and skin you?” Madam Brulee added aloofly.

Hearing this, Prime Master Jiang Yao trembled slightly and she felt flustered.

The four Grand Masters who had appeared with Prime Master Jiang Yao earlier couldn’t believe it when they heard Madam Brulee’s words. However, when they saw Prime Master Jiang Yao’s guilty and frightened look, they knew that it was all true.

Yu Huang and the others also looked at Prime Master Jiang Yao in surprise.

In their eyes, Prime Masters were all very powerful experts.

This super big world was indeed impressive. Even Prime Master experts were willing to become shameless mistresses.

“I really didn’t expect someone like Prime Master Jiang Yao to be someone’s mistress for decades. You can’t judge a book by its cover.”

“No wonder Prime Master Jiang Yao was willing to join the Central Continent. She came to the Central Continent to hide from her enemies...”

When Prime Master Jiang Yao heard the discussion of the four Grand Masters and saw that Yu Huang and the others looked at her mockingly, she immediately felt aggrieved and angry. “Dongfang Brulee, don’t go too far!”

In a panic, Prime Master Jiang Yao pointed at Sheng Xiao and scolded with red eyes, “Who am I doing this for?! I’m doing this for the sake of the people of the Central Continent! That kid destroyed the Divine Tiger Mountain! Dongfang Brulee, you know what it means to have the Divine Tiger Mountain destroyed!”

“You clearly know that that kid has committed a heinous crime and will arouse the wrath of the War God Clan, but you and your wife still want to protect them. What are your intentions?!”

“What’s our motive?” Madam Brulee closed her fan and glared at Prime Master Jiang Yao coldly as she said, “Sheng Xiao is now a citizen of the Central Continent. As the leader of the Central Continent’s government, what other motives does my husband need to protect him?”

“When did it become a mistake for a leader to want to protect his people?”

Madam Brulee glanced at Jiang Yao meaningfully and said, “This mountain is just like other people’s husbands. Even if you slept with him for thirty years, he wouldn’t belong

to you. In the end, that man would still be someone else's husband. This Divine Tiger Mountain is still the Divine Tiger Mountain of the Central Continent! One should feel grateful when using other people's things for free!"

"The Divine Tiger Mountain is the territory of the Central Continent. Whether we cut it down, blow it up, push it, or burn it, what does it have to do with the War God Clan?"

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

1115 If Strong Enough, A Wild Dog Can Turn into a Beast

Madam Brulee's words were reasonable and well-founded, rendering Prime Master Jiang Yao speechless.

Prime Master Jiang Yao didn't expect Madam Brulee to be so arrogant. Her words showed that she didn't take the War God Clan seriously at all.

Was she really not afraid that offending the War God Clan would bring calamity to the Central Continent?

The four Grand Master powerhouses standing behind Prime Master Jiang Yao and the hidden powerhouses hiding in the distant forest were enlightened when they heard Madam Brulee's words.

That was because although Madam Brulee's words were arrogant, they made sense. Madam Brulee's comparison of the Divine Tiger Mountain to a married man was crude yet truthful.

The Divine Tiger Mountain was like a married man. Even if Prime Master Jiang Yao slept with him for thirty years, he would still be someone else's legal husband. Similarly, even if the Divine Tiger Mountain was the place where the ancestor of the War God Clan became a Divine Master, the Divine Tiger Mountain would always belong to the Central Continent!

Even if the Divine Tiger Mountain was destroyed, it wasn't the War God Clan's turn to hold them accountable!

At the thought of that, they no longer looked at Sheng Xiao and the others with hostility.

The current Divine Tiger Mountain had long lost its spiritual power and was just a desolate mountain. This little fellow had just arrived and didn't know the truth. So what if he cut it down?

Jun Qing and his wife were clearly planning to defend Sheng Xiao to the end, so there was no need for them to interfere.

Madam Brulee opened her fan again and used it to cover her lips and nose, revealing only a pair of charming eyes. Then, she looked into the distant forest.

As the strongest Beast Tamer in the Central Continent, Madam Brulee could naturally sense the energy hidden in the forest.

Retracting her gaze, Madam Brulee said meaningfully, "Prime Master Jiang Yao, admiring the strong is human nature. You can admire the strong, but you shouldn't be a bootlicker." Madam Brulee's expression suddenly turned cold as she snorted and said, "Only a dog will stick out its tongue to lick its master. Even if you want to be a lap dog of the War God Clan, the billion people of the Central Continent won't be lap dogs!"

Upon hearing this, not only did Prime Master Jiang Yao's heart skip a beat, but even the powerhouses hiding in the forest realized that their attitude towards the Battle God Clan was no longer just admiration. They had already unknowingly become the bootlickers that Madam Brulee spoke of.

After being a bootlicker for so long, they had almost forgotten that they were humans as well.

Jun Qing looked at Madam Brulee with a burning gaze. At this moment, in his eyes, Madam Brulee was emitting a holy light.

Yu Huang and the others also looked at Madam Brulee in surprise and admiration.

They didn't expect Madam Brulee to have the guts to say such words.

To have such a powerful and upright first lady, it wasn't impossible for the Central Continent to rise to glory in the future.

Madam Brulee and Jun Qing's protection of them today also gave Yu Huang and the others a sense of belonging to the Central Continent.

Perhaps joining the Central Continent wasn't as bad as they thought.

.

Dongfang Brulee's eloquence rendered Prime Master Jiang Yao speechless.

After Jiang Yao's darkest secret was exposed by Madam Brulee in public, she was too ashamed to stay any longer.

Glaring at Dongfang Brulee sinisterly, Prime Master Jiang Yao said, "Dongfang Brulee, don't think you can do whatever you want just because you have a high cultivation level. Just because your cultivation level is high doesn't mean that Central Continent will rise

to the top. If Central Continent really faces a calamity one day, I'll see if you can still be as arrogant as you are today!"

With that, Prime Master Jiang Yao teleported and disappeared from Yu Huang and the others' sight.

"Pfft!" Madam Brulee sneered in the direction where Prime Master Jiang Yao had disappeared. Then, she turned around and looked at Yu Huang and the others with a complicated expression.

Seeing Madam Brulee look at him, Sheng Xiao led Yu Huang and the others to thank her for saving them today. "Madam Brulee, thank you for saving us. We will remember your kindness forever!"

Hearing this, Madam Brulee waved the folding fan in her hand and turned it into an exquisite parasol.

She held the umbrella as she walked towards Jun Qing. As she left, she said without turning back, "I don't need you guys to remember my kindness. I just need you guys to become stronger than me. If the Central Continent really encounters a crisis in the future, I hope you guys can be as concerned about the Central Continent as you are about your hometown."

"As citizens of the Central Continent, you guys should fight for the Central Continent."

She only hoped that Sheng Xiao and the others were worth the risk she took for them today.

After dealing with Prime Master Jiang Yao and successfully deterring the experts who were hiding in the dark and wanted to look for trouble with Sheng Xiao, Madam Brulee grabbed Jun Qing's hand and disappeared from the spot.

The guard captain, Qin Pei, was left at the scene. After Qin Pei gave Sheng Xiao and the others a look, he shook his head helplessly and left on the flying motorcycle.

Seeing that the people from the mayor's manor had left, the hidden experts hiding in the forest also dispersed.

Sensing that the fluctuations of the experts hidden in the dark had disappeared, Feng Yuncheng and the others plopped down on the ground without a care for their image.

"Damn, we were almost killed by Prime Master Jiang Yao." Feng Yuncheng wiped the nonexistent sweat off his forehead and lamented, "The experts of this Great World don't take the lives of ascendants like us seriously at all. They can kill us so easily, like wild dogs."

After the crisis was resolved, Feng Yuncheng and the others felt suffocated when they recalled how Jiang Yao looked at them with disdain, as if they were wild dogs.

Donor lifted his dirty coat and wiped his face. Then, he sat on the ground in a disheveled state. He no longer seemed as noble as he usually did.

He said with an impassive expression, "There will be many more incidents like this in the future."

These words sounded like a sort of resignation.

At this moment, Donor looked much calmer than before. He was no longer as aloof and naive as before. Prime Master Jiang Yao's attitude towards killing them made Donor realize very clearly that the prince, princess, and young master of the Sheng family were nothing in the Cang Lang Continent.

They were even lowlier than the wild dogs here.

The wild dogs here were at least local wild dogs from a certain village.

They were even inferior to local wild dogs.

"Why are you all so dejected?" Yu Huang couldn't stand their listless expressions. She said, "No matter where it is, the strong are always respected. No matter how arrogant Prime Emperor Jiang Yao is, doesn't she still have to keep her tail between her legs when facing Madam Brulee? When she heard Madam Brulee say that she wanted to call the President of the Alliance, she became so afraid."

Yu Huang squatted down and picked up the gravel on the ground. Then, she threw it into the distant forest, scaring the birds into flying away. She said, "Although we keep claiming that everyone is equal, there is no such thing as fairness and justice in the world. Whoever is stronger has justice in their hands."

"Everyone, stop complaining and cultivate more instead. If strong enough, wild dogs can also transform into ferocious beasts."

1116 Was This Something They Should Listen To?

Hearing this, everyone looked at Yu Huang silently.

They all felt encouraged by Yu Huang's words.

Yu Huang was a very wondrous person. The more she was at rock bottom, the calmer she became.

“Tsk, as expected of an old woman who has lived for more than two hundred years. You’re so levelheaded,” Feng Yuncheng marveled.

After Yu Huang glanced at him coldly, Feng Yuncheng hurriedly raised his hand to beg for mercy. “You call the shots, okay?!”

“Hmph.”

Yu Huang suddenly punched Sheng Xiao’s shoulder.

Sheng Xiao was squatting beside Yu Huang, so when Yu Huang suddenly punched him hard, he was caught off guard and fell to the ground.

“Are you itching for a beating?!” Yu Huang suddenly got up and sat on Sheng Xiao’s lap. Then, she pressed Sheng Xiao’s belt with her left hand and punched his shoulder mercilessly. Sheng Xiao frowned in pain.

But Sheng Xiao didn’t push Yu Huang away or fight back.

“Sheng Xiao, can you think before you do things?! From the moment we ascended to the Cang Lang Continent together, the seven of us became tied together. You almost got everyone killed today!”

After shouting, Yu Huang punched Sheng Xiao a few more times.

Yu Huang was really punching Sheng Xiao mercilessly. She was using all her strength.

Beatrice and the others could even hear the sound of Sheng Xiao’s shoulder bones breaking.

“Yu Huang!” Beatrice and the others ran over to pull Yu Huang up. Then, the five of them worked together to pull Yu Huang up from Sheng Xiao’s lap. Yu Huang was still angry and she kicked Sheng Xiao’s leg as she scolded, “Have you thought about what would happen to the billions of people waiting for us on the Holy Spirit Continent if we die here today?!”

“Sheng Xiao, you’re so stupid!”

This was the first time Yu Huang had used domestic violence on Sheng Xiao.

The price was that Sheng Xiao’s left shoulder was dislocated.

Beatrice, Yin Rong, and Estelle worked together to press Yu Huang to the ground and prevent her from continuing to beat Sheng Xiao up.

Feng Yuncheng and Donor ran over to ask about Sheng Xiao. "Senior Sheng, how are you?"

Sheng Xiao sat up with their help. Then, he hugged his left arm with his right hand and looked at Yu Huang, who was crying.

Sheng Xiao understood Yu Huang's intentions when he saw her tears.

She had deliberately beaten him up for Donor and the others to see.

Because what he did today almost implicated everyone.

"I'm sorry." Sheng Xiao apologized in a hoarse voice. "I'm sorry, everyone. I implicated you guys today."

Everyone fell silent as they looked at Sheng Xiao.

Yu Huang wiped her tears as she questioned Sheng Xiao aggressively, "Why did you do that?!" Sheng Xiao had always been levelheaded and never showed off, let alone do such a stupid thing.

Sheng Xiao's actions today were very uncharacteristic.

Beatrice and the others also revealed baffled expressions.

After a moment of silence, Sheng Xiao told them about how he looked down at the painting from the sky.

"... I don't know why, but when I saw the scene of the dragon and tiger fighting, hatred overcame me. In the few seconds that I destroyed the Divine Tiger Mountain, my mind went haywire. When I came back to my senses, the Divine Tiger Mountain had already been destroyed by me."

When they heard this, everyone found it unbelievable.

"There's actually such a thing?"

After knowing the truth, Donor said, "Since you didn't mean to show off, we won't blame you for this."

In fact, they also had complaints about Sheng Xiao striking the Divine Tiger Mountain today.

But out of respect and concern for Sheng Xiao, they didn't intend to voice their complaints.

But they also understood that when Yu Huang had pressed Sheng Xiao to the ground and beaten him up in front of them, she was helping them vent their anger so that they wouldn't blame Sheng Xiao anymore.

It had to be said that Yu Huang was really shrewd.

She seemed to be bullying Sheng Xiao, but she was also protecting him.

After all, they were husband and wife. Sheng Xiao wouldn't be angry with Yu Huang. However, if they blamed Sheng Xiao, it would affect their relationship and unity.

Now that they knew that Sheng Xiao didn't do it on purpose, the resentment in their hearts disappeared.

"But..." Beatrice frowned and pointed out to Sheng Xiao in confusion, "Even if the topographic map of Five Lakes Street looks like a battle between dragons and tigers, why did it suddenly arouse hatred in your heart?"

Sheng Xiao shook his head. "I don't know either."

At this moment, Yu Huang suddenly looked at Donor and Feng Yuncheng as she said, "Do the two of you still remember the scenes we saw in the Kunlun Mystic Realm's Reincarnation Mirror in order to find Estelle?" At that time, they had yet to meet Beatrice and Yin Rong, so the two of them didn't know what happened in the Reincarnation Mirror.

Beatrice hurriedly asked Feng Yuncheng, "What did you see?"

After Feng Yuncheng pondered for a while, he looked at Yu Huang and said uncertainly, "You're talking about the two Divine Masters that Senior Kunlun mentioned to Senior Mo Jing in the illusion?"

Upon hearing this, Donor remembered and said, "Are you guys talking about Phoenix Divine Master and Sky Dragon Divine Master?"

In the illusion, Senior Kunlun and Senior Mo Jing had discussed many things that gave them useful information. They revealed that the deaths of the Divine Dragon Master and the Phoenix Divine Master were the main reason why the Kunlun Divine Master made the final decision.

Nodding her head, Yu Huang reached out to touch the land under her feet and made a bold guess. "Perhaps this is the place where a certain Sky Dragon Divine Master died?"

Hearing this, everyone immediately felt that the ground under their feet had become sacred.

Seeing that everyone seemed to believe her guess, Yu Huang hurriedly added, "...Of course, this is only my guess."

Feng Yuncheng shook his head and said, "Ah Huang, you have the Eternal Eye, and most of your intuition is information you subconsciously sense. Perhaps a Divine Master had really died on this land under our feet in the past."

Nodding, Beatrice said, "If Ah Huang's guess is true, then I can understand why Sheng Xiao's reaction is so abnormal."

Donor shrugged and raised his eyebrows at Sheng Xiao. "Does this mean the racial hatred buried in your blood awakened?"

"Who knows?"

Yin Rong suddenly laughed and teased Yu Huang, "Isn't it said that Black Qing Sky Dragon and the Divine Feather Phoenix are arch-enemies? I think Senior Sheng's hatred for the Divine Tiger seems to be even more intense."

Sheng Xiao looked at Yu Huang and touched his aching shoulder as he laughed self-deprecatingly. "She hit me so hard, so it can be seen that we really are enemies."

Yu Huang sneered. "How many enemies bang each other every day?"

Everyone was speechless.

Was this something they should listen to?

1117 Naris, Do You Want to Be a Purifying Spirit Master?

Sheng Xiao didn't expect Yu Huang to suddenly change the topic, so he was stunned and his ears turned red. "You... should be a little more reserved about such things."

Yu Huang said leisurely, "I'm an old woman who's lived for more than two hundred years. How can I be reserved?"

Feng Yuncheng knew that Yu Huang was mocking him, so he hurriedly lowered his head.

Seeing that Feng Yuncheng was snubbed by Yu Huang, Beatrice stood up calmly and looked around. Then, she suddenly said, "Since the Divine Tiger Mountain has been destroyed by Sheng Xiao, let's build the Monster Sect here as you said!"

"That's right!" Estelle nodded heavily and said, "We were bullied by Prime Master Jiang Yao here and almost died here, so we have to be reborn here! We have to build the Monster Sect here to remind us at all times that wild dogs can also transform into ferocious beasts! Monsters can also become legends!"

Donor clapped his hands when he heard Estelle's words. "Well said!"

Just like that, the location of the Monster Sect was confirmed.

* *

The day after tomorrow was the official start of the Central Continent Selection Competition. Yu Huang and the others decided to set off tomorrow night. They would leave Five Lake Street and go to the hotel in the city to meet all the candidates who would participate in the Selection Competition. Then, they would go to the city where the competition was held.

They decided that before they left, they would settle the matter of establishing a sect first before focusing on the screening test.

The next day, at dawn, Sheng Xiao and the others went to the administrative building of Ice River City to ask about the establishment of the sect.

Yu Huang didn't go with them.

She went to Naris' room alone since she had something to tell Naris.

There was a heater in the room, so Naris was wearing relatively thin clothes.

She was wearing a long black negligee. Her black hair draped over her thin back, making her appear petite and fair. She wore a pair of narrow-framed glasses on her palm-sized face. Feng Yuncheng had given them to her.

Feng Yuncheng looked charming with glasses on, but when Naris wore them, she actually looked sickly.

She happened to be holding a blood-red test tube at this moment.

From Yu Huang's point of view, Naris seemed like a sickly psychopath who was doing blood research.

Seeing that Yu Huang had arrived, Naris put down the test tube in her hand, took off her glasses, and turned around to ask Yu Huang, "You guys are leaving today, right?" Tomorrow was the day the screening test began, so it was time for Yu Huang and the others to set off.

On the day of separation, Naris felt reluctant to part with them.

Yu Huang nodded. "Yes, the screening test will begin the day after tomorrow, so we have to set off tonight."

When Naris saw that Yu Huang was looking at her with a hesitant gaze, she told Yu Huang, "Yu Huang, you don't have to be careful with me. If you have anything to say, just say it."

Only when she heard this did Yu Huang realize that she had been too careful with Naris.

Yu Huang no longer hesitated and asked Naris, "Do you want to be a Purifying Spirit Master?"

"Huh?"

Naris was stunned.

Yu Huang repeated her previous words patiently. "Naris, go cultivate the Purifying Spirit Art."

Now, Naris was certain that she hadn't misheard.

Yu Huang was actually encouraging her to become a Purifying Spirit Master.

Naris looked at Yu Huang with a complicated gaze as she asked Yu Huang calmly, "Do I look like someone who can become a Purifying Spirit Master?" Naris had heard that the first batch of Purifying Spirit Master students chosen by Lin Jiansheng came from all over the world. The age difference was huge, and they didn't seem to have anything in common.

But Naris had specifically investigated them and realized that they had two common characteristics—

One was intelligence, and the other was kindness.

Naris didn't possess either one.

If she didn't know Yu Huang's personality, Naris would have suspected that Yu Huang was mocking her.

Hearing Naris's words, Yu Huang was enraged. "Naris, why do you have to belittle yourself? No one knows your true nature better than me. Naris, you've been dragged into the deepest and darkest hell, but you still have a kind heart. You're braver and kinder than any one of them. Why won't you give it a try?"

With that said, Yu Huang held Naris's hands and pinched her palms gently to encourage her. "Go give it a try. It's not illegal. Who knows, you might really pass the test."

After being instigated by Yu Huang, Naris was actually a little tempted. She asked hesitantly, "Then... should I give it a try?"

Seeing that Naris' attitude had softened, Yu Huang hurriedly turned around and opened Naris' wardrobe. Then, she took out a red velvet dress and stuffed it into Naris' arms as she urged, "Hurry up and change into your lucky battle robe. Go give it a try while there's still time."

After Naris changed her clothes, she went to participate in the Purifying Spirit Master assessment.

When he saw Naris get on the motorcycle that was heading to the Purifying Spirit Master assessment venue, a gratified smile appeared on Di Wu's face. Then, he turned around and said to Yu Huang, "Thank you. Your arrival has brought about a drastic change to her. Only this can help Naris live up to her full potential."

Di Wu was sincerely grateful for the changes Yu Huang had brought to Naris.

Yu Huang smiled and said, "What's the use of thanking me verbally? Uncle Di, if you're really grateful to me, you can waive our rent for this month."

Di Wuyong dug his little fingers into his ears and asked her loudly, "The wind is too strong. What did you say? I can't hear you?"

Yu Huang pursed her lips and turned to return to the small courtyard.

After she entered the kitchen, she studied how to bake cake.

After Lin Jiansheng sent He Zhiqiu to the Divine Miracle Continent, he had yet to return. Ah Kong felt uneasy since he couldn't see his father. Today was the weekend, so Ah Kong didn't have to go to school. He knew that Yu Huang and the others were leaving tonight. Seeing that Yu Huang was baking a cake, he stayed by Yu Huang's side and watched her with relish.

Finally, the cake was ready.

Yu Huang inserted candles into the cake. There were a total of four candles and the words “Be Happy Every Day, Kong Qing” were written on them.

Ah Kong asked her, “Yu Huang, why did you put the candle in?”

Cang Lang Continent’s people also ate cake on their birthdays, but they didn’t have the habit of putting in candles.

Yu Huang said, “In my hometown, children put in candles and make wishes on their birthdays. You’re already four years old, so we have to put four candles.” Yu Huang put on Ah Kong’s birthday hat and said, “I heard that you’ve never eaten a birthday cake on your own birthday, so I made one for you today.”

Ah Kong was about to cry.

“... Then can I make a wish too?”

“Of course.”

Ah Kong said innocently, “My first wish is for Daddy to be safe and come back early. My second wish is for Daddy’s school to become prosperous. My third wish is for Purifying Spirit Masters to become stronger. My fourth wish is for you guys to stay healthy!”

He made four wishes, but none of them were about him.

1118 Only Zero and Countless Domestic Violences

Yu Huang was slightly moved when she heard Ah Kong’s wish.

This child was still as kind as ever.

Whether it was Kong Qing in his previous life or Ah Kong after reincarnation, they all had troubled backgrounds, but they all retained a kind heart.

Yu Huang squatted down and looked at Ah Kong at eye level as she asked him, “Don’t you need to make a wish about yourself?”

Ah Kong shook his head vigorously and told Yu Huang with a smile, “My greatest wish has already been fulfilled.”

“Oh really? What is it?”

Ah Kong replied without hesitation, "It's to have a home!" Ah Kong looked up at the crowded courtyard as he said, "Daddy said that we won't buy a house. He will hire someone to build a big house for us on Five Lakes Street. At that time, I will have my own room and study!"

Ah Kong tilted his head and said innocently, "Daddy even said that he will let me choose the furniture I like myself. Yu Huang, in the future, I want to put a slide bed in my room. I want to sleep on the top and play games below!"

Ah Kong's wish was that simple.

Before meeting Lin Jiansheng, this simple wish was Ah Kong's greatest wish.

Staring at the innocent smile on the little fellow's face, Yu Huang raised her hand and patted Ah Kong's head gently as she said, "Yes, in that case, you don't need to make a wish. In the future, I will help you get anything you want. From now on, we will all be your family members!"

"Yes!" As Ah Kong stared at the cake on the table, he was drooling. However, he picked up the box and covered the cake as he said, "We'll eat the cake when Sheng Xiao and the others come back." Good things had to be shared with his family.

"Okay."

Sheng Xiao and the others only returned to the hotel in the evening.

As soon as they entered the courtyard, Sheng Xiao strode to Yu Huang and told her, "The sect registration has been successfully completed."

"That fast?" She thought they would have to go back and forth a few more times to get this done.

Nodding, Sheng Xiao told her, "It's all thanks to Qin Pei, who was with us. Otherwise, things wouldn't have gone so smoothly." Qin Pei was the captain of the guards of the mayor's residence. When the staff saw Qin Pei, they acted as if they had seen the mayor himself.

How could the staff dare to neglect Sheng Xiao and the others?

"No wonder. We owe the mayor a favor. We have to return it in the future."

"Of course."

Feng Yuncheng shook the bag containing the sect documents and said with a smile, "From now on, we're all members of the Monster Sect. We can recruit sect disciples in the future." With that said, Feng Yuncheng noticed that Ah Kong had been looking at

the bag in his hand curiously. Feng Yuncheng pressed his hand on Ah Kong's head and said on his own initiative, "I announce that Kong Qing is the first disciple of the Monster Sect!"

As the reincarnation of the Demon Fetus, Kong Qing was indeed suitable to be a disciple of the Monster Sect.

Ah Kong blinked in understanding, then raised his hand and said, "Then I want to be the Eldest Senior Brother!"

"Alright, you'll be the Eldest Senior Brother."

Seeing this, Yu Huang and the others couldn't help but laugh.

"Whose birthday is it today?" The kitchen door was open, so when Yin Rong noticed an exquisite paper box containing a cake on the small table in the kitchen, she asked Yu Huang, "Is it your birthday today?"

Ah Kong raised his hand proudly and said happily, "Yu Huang made this cake for me!"

"Ah Kong's birthday isn't today," said Beatrice.

Nodding her head, Yu Huang explained, "I don't know when we'll be able to return after we leave. Thinking about how Ah Kong has never celebrated his birthday before, I wanted to bake a cake while everyone was around so that he could experience the atmosphere of a birthday celebration. Since everyone is back, let's eat the cake before we set off."

"Sure."

Yin Rong and the others went into the room to cut the cake.

Sheng Xiao noticed that Naris' door was closed and that she didn't seem to be at home, so he asked Yu Huang, "Where did Naris go?"

Yu Huang said, "I forced her to participate in the Purifying Spirit Master assessment."

Sheng Xiao was stunned, but then he said, "Good job."

Naris had suffered all sorts of grievances during her years as a Beast Tamer. If she could really become a Purifying Spirit Master, it would be considered a form of rebirth.

The six-inch cake was very small. In addition, there were many of them, so everyone only got a small piece. Yu Huang even cut a piece for Mr. Di Wu and asked Sheng Xiao to give it to him.

Sheng Xiao said, "I'll send it over after I'm done." This was Yu Huang's first time making a cake. Sheng Xiao had never tasted it before, so he wouldn't miss it.

Yu Huang's cake wasn't that successful. It wasn't sweet enough, and the taste was even a little salty, but it wasn't unpalatable.

Everyone finished the cake.

It was already dark by the time Sheng Xiao finished the cake.

At this moment, the tavern was about to open for business.

"I'll send a piece of cake to Uncle Di." Sheng Xiao wiped his mouth and quickly carried the cake plate to the tavern in the front yard.

The tavern had just opened for business and no customers had come yet. However, Di Wu was already preparing drinks for the frequent customers. When he saw Sheng Xiao bringing the cake over, Di Wu raised his eyebrows and asked curiously, "Who made it?"

Sheng Xiao placed the cake on the bar counter and said, "My wife made this birthday cake for Ah Kong. Uncle Di, please try it."

"Yu Huang made it?" Di Wu was somewhat surprised.

He wondered how the cake made by Yu Huang would taste.

He had a feeling that Yu Huang's hands were more suitable for beating people up than baking cakes. "Yu Huang knows how to bake cakes? I thought she only knew how to beat people up." When Di Wu thought of how Sheng Xiao was beaten up by Yu Huang yesterday, he couldn't help but laugh at Sheng Xiao. "I heard that your shoulder was dislocated by your wife yesterday, but you guys have already reconciled?"

He saw that Sheng Xiao's hand could hold a plate, so he must have recovered.

Sheng Xiao rubbed his nose awkwardly. He didn't expect Di Wu to hear about the domestic abuse. "I'm fine." After a pause, Sheng Xiao couldn't help but defend Yu Huang. "My wife doesn't hit people often. Yesterday was the first time."

He didn't want others to mistake Yu Huang for being a violent person.

Di Wu felt sad when he heard this. He shook his head and lamented, "There's only either zero or countless domestic abuse cases." Di Wu looked at Sheng Xiao with pity and sympathy, as if he could foresee how Sheng Xiao would be tortured by Yu Huang in the future.

Sheng Xiao quickly changed the topic and pointed at the cake. "Uncle Di, try it."

“Okay, I’ll try it.” Di Wu put down the cocktail mixer in his hand and dug out a piece of cake with his pinkie before putting it into his mouth.

After he slowly savored the cake, his expression gradually became strange.

Then, Di Wu started to complain. “This girl’s cooking skills are not as good as Naris’. The cakes that Naris bake are so soft and delicious. I’ve never eaten such an unpalatable cake before. It’s hard and salty. Even pebbles soaked in a pickle jar won’t taste as bad as this. This cake is even worse than Mr. Liu’s.”

1119 Exposing Di Wu’s identity

As Sheng Xiao listened to Di Wu’s ridicule, he didn’t show any displeasure. It was only when he heard the name “Mr. Liu” from Di Wu that he narrowed his eyes.

Mr. Liu...

Although Di Wu complained about the cake, he still extended his pinkie towards the cake.

He ate the cake as if nothing was wrong. Clearly, he didn’t realize that his words had betrayed him.

Sheng Xiao was tall and had long legs, so he didn’t need to lift his butt when he sat down on the high platform. He placed his right elbow on the bar counter and bent his index and middle fingers to knock on it rhythmically. As he knocked, he said, “Uncle Di, you’re going overboard. Although Ah Huang’s cake is not delicious, it’s not as unpalatable as Mr. Liu’s cake is. Mr. Liu’s cake is famous for being hard. No matter what he makes, it tastes like baguettes. It’s so hard to chew.”

Di Wu, who was eating the cake, didn’t notice anything wrong. Naturally, he didn’t notice that he was falling into Sheng Xiao’s trap.

He echoed Sheng Xiao’s words without looking up. “That’s right. My teeth hurt every time I eat his pastries...” Then, Di Wu realized that Sheng Xiao was looking at him with a scrutinizing and sharp gaze. He immediately realized what he had said.

Di Wu, who had been talking non-stop just now, suddenly fell silent.

He bit his tongue in frustration until the tip of his tongue was about to bleed. Then, he pretended to be calm as he lowered his head and reached out to pick up the wine shaker on the table to continue mixing.

The different wines made a collision sound in the cocktail mixer. Just like Di Wu's heartbeat, it sounded very chaotic.

When he saw Di Wu's shifty look, Sheng Xiao said in a low voice, "Mr. Liu is the oldest pastry chef in the Divine Realm Academy. His representative work, 'Hunger-warding Bread', has the worst evaluation but the highest sales in the canteen. Because the pastries he makes are good at warding off hunger, many new students go to his window to buy bread before they earn points."

Sheng Xiao looked at Di Wu's face inquisitively.

Staring at Di Wu's bearded face, Sheng Xiao said meaningfully, "Every day, the clean pastries and food that can't be sold in the canteen will be sent to the Demonic Beast Forest by the kitchen to feed the demon beasts."

Upon hearing the name 'Demonic Beast Forest', Di Wu blinked a few times.

Sheng Xiao suddenly leaned forward and stared at Di Wu without blinking. He didn't let go of any subtle expression on Di Wu's face as he said, "Uncle Di, it seems that the Mr. Liu you know is the same Mr. Liu I know."

The cocktail shaker in Di Wu's hand instantly fell silent.

He looked at Sheng Xiao with guilt and panic as he said, "...I'm talking about Mr. Liu from the canteen at the end of Five Lake Street."

Seeing that he was still quibbling, Sheng Xiao became saddened.

"Why are you lying?" Sheng Xiao suddenly grabbed Di Wu's hand and lamented, "Although you demon beasts can hide your soul aura, you can't hide the aura of your blood. Naris still has the Heart-Protecting Scale. Do you really want me to tell Naris the truth and let her compare the Heart-Protecting Scales?"

Di Wu's pupils dilated.

He tried to break free from Sheng Xiao's palm, but as an ordinary civilian, he was no match for Sheng Xiao.

Di Wu gave up.

He lowered his head and said in despair and resignation, "Do you know that it only took me five months to change from my youthful appearance to my current appearance?"

Sheng Xiao was stunned.

He stared at Di Wu's bearded face in shock.

Di Wu looked like a commoner in his fifties.

However, Di Wu said, "When I climbed out of the Black Eye with Anna, I still looked like an 18 or 19-year-old youth. However, Anna was seriously injured and remained unconscious for five months before waking up. The day before she woke up, I was already like this."

As Di Wu pointed at his face and the crow's feet near the ends of his eyes, his expression became pained. "I only used five months to go from a teenager to an old man. I age too quickly. My life might end at any time, but she's still in her prime."

Di Wu's eyes were bloodshot and he sat on the bench weakly. From the side, he really looked like an old man. "Do you know what Anna, who had lost all her memories, called me after she woke up?"

Sheng Xiao swallowed hard before asking hoarsely, "What?"

The left corner of Di Wu's lips curled up, as if he was smiling, but the right corner of his lips seemed to be paralyzed and couldn't cooperate with the left corner of his lips. This comical smile exhausted all his strength and love.

"Old man." Di Wu laughed until tears fell. "The girl I love deeply actually called me an old man the first time she saw my human form!"

When he heard Anna blurt out the word 'old man', the hope in Di Wu's eyes was instantly extinguished.

His entire world became extremely gloomy.

Di Wu looked at Sheng Xiao and asked, "If it were you, would you still dare to tell her the truth?"

Sheng Xiao couldn't answer Di Wu's question.

If it was him, would he dare to tell Yu Huang the truth?

He probably wouldn't dare to either.

Sheng Xiao didn't dare to think about how pained and despaired he would feel if he lost his cultivation one day, his legs became crippled, and his appearance became old, while his beloved Yu Huang didn't remember him at all and the first thing she said to him was 'old man'.

"Di Wu..." Sheng Xiao finally understood the origin of Di Wu's name. "There's no past or future and you borrowed the old dean's surname. That's how your name came about."

“That’s right.” Di Wu shook his head and lamented, “I appeared out of thin air, existed for a short period of time, and I disappeared in the blink of an eye. Isn’t that the perfect name for me?”

Sheng Xiao looked at Di Wu sympathetically.

At this moment, he finally felt how much Di Wu loved Anna.

Di Wu’s love for Anna was like a fire in the fireplace. It was silent in the scorching summer and blazing in the cold winter.

“What happened to your legs?” Sheng Xiao frowned and asked, “They fell in the abyss rift?”

“I guess so.” Di Wu patted the metal prosthetic arm under his knee. When he heard the metallic sound of his leg bones, his back bent even more.

At this moment, Di Wu was like an old parasol tree that was about to wither.

“The energy in the space-time rift is far more terrifying than you think.” Recalling the scene at that time, Di Wu trembled as he said hoarsely, “After we fell into the abyss rift, the energy in our bodies was instantly suppressed and we were unable to control it at all. We were like a lonely boat being pushed forward by a mysterious force. After an unknown period of time, we saw a black eye...”

1120 Untitled

“It was floating in the chaotic world. When we approached it, it suddenly opened its eyes and instantly absorbed all the spiritual power in Anna’s body. You have to know that Anna was already a Prime Master at that time, but Anna was unable to fight back against that eye!”

Sheng Xiao immediately thought of the huge eye that Yu Huang had seen coming out of the abyss rift through the Eternal Eye.

It seemed that the eye was hidden in the depths of the abyss rift.

Di Wu continued, “After absorbing the energy in our bodies, that eye actually turned into a huge circular mysterious space. Thousands of dazzling white lights shot out from inside it. I wonder where they were extending to.”

Sheng Xiao couldn’t help but interrupt Di Wu in a low voice, “What do you think the light in the circular space is?”

Di Wu asked Sheng Xiao, "What do you think?"

Sheng Xiao tapped his fingers on the table. "I think they represent the three thousand worlds."

Di Wu's expression changed slightly.

He pursed his lips and stared at Sheng Xiao for a long time. Then, he marveled. "Did you grow up drinking spiritual water?" Sheng Xiao easily thought of the answer of something that he had thought about for years.

How infuriating!

Di Wu asked Sheng Xiao, "Why do you think that?"

Sheng Xiao analyzed, "The Cang Lang Continent has the Black Eye, the Holy Spirit Continent has the abyss rift, and the Divination Continent has the Divine Lock Abyss." After a pause, Sheng Xiao continued, "Perhaps, there is such a mysterious and dangerous place in every world in the three thousand worlds."

Upon hearing this, Di Wu nodded thoughtfully and asked, "Do you think these mysterious places all lead to that circular space?"

"Yes, actually, you and Anna are not the first to climb out of the abyss rift."

"Who else did it?" Di Wu asked in shock.

"Grand State Master."

Di Wu thought about it and said, "That old monster in Jingdu, the Grand State Master?"

"Yes." Sheng Xiao told Di Wu, "Hundreds of years ago, when the Grand State Master went to the Divination Continent to train, he was besieged by the experts of the Divination Continent because of some personal grudges. Amidst his despair, the Grand State Master had no choice but to jump into the most dangerous mysterious area of the Divination Continent, the Divine Lock Abyss."

"At that time, the Grand State Master already had the cultivation level of a Prime Emperor, but even he was ravaged by the energy inside. It's said that he slept in the Divine Lock Abyss for two hundred years. In the end, he relied on his powerful will to condense his soul consciousness again and climbed out of the Divine Lock Abyss."

Sheng Xiao's expression became unfathomable as he said, "The Grand State Master jumped into the Divine Lock Abyss, but the place he climbed out of was the abyss rift."

Hearing this, Di Wu said, "Anna and I jumped into the abyss rift, but the place we climbed out of was the Black Eye.... So, the mysterious areas in all these worlds are indeed interconnected."

"That's right. That's why I think that the dazzling light you saw might be the passageway to the three thousand worlds." Sheng Xiao thought of something else.

"Have you heard of a wormhole before?" Sheng Xiao asked Di Wu.

Di Wu blinked blankly and shook his head. "I don't read much, so I haven't."

When he was a demon beast, he barely recognized any words. How could he understand what a wormhole was? All the information about the Cang Lang Continent was also information he had tried his best to gather after becoming a human.

Sheng Xiao explained, "In short, it's a special passageway that connects different spaces. The circular mysterious space you saw is connected to the three thousand worlds."

Sheng Xiao's expression turned ugly.

If such a narrow passageway was really hidden in the abyss rift, when the owner of the eye became omnipotent, wouldn't he be able to head to any one of the three thousand worlds and destroy any world he wanted?

Sheng Xiao felt a headache coming on.

Sheng Xiao's intuition told him that the Holy Spirit Continent's crisis might happen in another world as well.

After hearing Sheng Xiao's explanation, Di Wu understood. "Sheng Xiao, why do you think there's such a thing hidden in the three thousand worlds? It's so scary." It felt like a bomb had been planted under a neighboring building and could explode at any time. How unsettling.

Sheng Xiao didn't tell Di Wu about the doomsday crisis that Yu Huang had foreseen. He was afraid that Di Wu would be frightened.

Sheng Xiao changed the topic again and asked Di Wu, "What happened after that? You gave your demon beast body to Anna, but why do you still exist?" Logically speaking, the Icy Night T-Rex, which had abandoned its demon body and fused with Anna, should have disappeared from this world.

How did Di Wu survive?

Di Wu sighed and said, "I said that the abyss rift is even more terrifying than you think. When Anna and I approached that circular space, Anna's body actually disappeared bit by bit. In order to save her, I used the Life Severing Divine Technique."

"Life Severing Divine Technique?" Sheng Xiao had read many spell books, but he had never heard of such a spell. "What spell is that?"

"Thousands of years ago, a divine demon ancestor was born in the Icy Night T-Rex Clan. She was an extremely powerful spellcaster. Among the spells she created, there was a forbidden spell that could one's raise cultivation level at the price of one's lifespan and Monster Core. It was precisely this spell that I used to forcefully break through to the cultivation level of a level-ten demon beast."

"I see." Sheng Xiao stared at Di Wu's old face and lamented, "No wonder you aged so quickly."

"That's right. Because I lost almost all of my lifespan." Di Wu laughed self-deprecatingly and continued, "I didn't forcefully break through to the cultivation level of a level-ten demon beast to transform into a human. On the contrary, my original intention was to give up the chance to be human and fuse all my demonic power into Anna's body to help her leave the abyss rift alive. However, I didn't expect that the energy in the mysterious space would be so chaotic, causing an accident during the fusion process. A portion of my demonic power fused with Anna, and the remaining demonic power actually transformed me into human form."

"Actually, the current state of my legs wasn't caused by injuries, but by insufficient demonic power." Because he had sacrificed his Monster Core, Di Wu was unable to awaken his beast form and become a Beast Tamer after becoming a human.

The current him was just a middle-aged person with a deformed body.

Di Wu had already accepted his fate. Therefore, he looked calm when he talked about everything. However, Sheng Xiao could no longer calm down after knowing what happened to Di Wu in the abyss rift.

Sheng Xiao suddenly called out, "T-Rex."

When he heard this, a look of nostalgia flashed across Di Wu's eyes.

How many years had it been since he last heard this name?

In his memory, only Di Ruofeng liked to call him that.
